Friday 8 a. m.

March 30th

Dearest Betty;

It is almost years since I had a letter from you. I used the booklet of the hospital and it made me wish I were there.

Well my dear how is everything going? Will you come North this summer?

I don't imagine I will be here this summer as we are not hitting it so good and I am awfully tired I might work it is getting my nerve and my disposition is shot to hell.

I have a notion to try Pittsburgh I have a friend there who is kept busy all the time.

Betty, that Bainbow Hospital that you worked in at Cleveland do they employ mostly practical nurses and how much did they pay them do you know?

The reason I ask is I have a friend here who would like to make a change will either go in training some place or take a position as an ungraduated if she can do better than at this hospital.

My sister and I were in Ridgway last Friday got a chance to go over with a man from her. Had a nice

say and was as good to see the home
folks.

What have you been doing in the way
of excitement? It is dead in this
burg. My cousin from Ridgway was
in town six weeks we were not out
a couple wild parties then, might as
well be back in the hills leading a
Hemlock life, for all there is doing in
this dump.

I have been reading the President's
Daughter it is a thriller all about a
love child belonging to President Harding
and is a shame in the memories of
a dead man, but it must be true
or they couldn't publish it.

We have had quite a number of marriages
at this institution three of girls were
married since October and one of the girls
and the stenographer has announced
her engagement.

Wish we could be together some place
I wouldn't care much where just so we
could spend time in awhile.

We have been terribly busy ever since
Christmas so much sickness this
winter, no matter how hard the times are
people will get sick.

I am going to send this to Miami hope
you get it and write soon to
Yours loving friend A. H. Brown

Dear Sister: your letter of the other day received. sorry to hear of your hard luck though I suppose it is not as tough as it may have been had you never lost anything the amounts as you did with your Erie Place. we become quite reconciled to fate and think as things go that is the way it is intended. Lord knows you made enough Penn Investments & will probably make more. I have a piece of ground in Chicago equivalent to 26 City Lots & if I can see my way to sell or dispose of it am going to sink the Works in

something that looks good, though
may prove a bloomer also. I don't
know as yet what I'll do about going
back to Chi May have here within
two weeks and again may not go at
all. If I go I'll just pull strings &
get. I wrote for a job that I feel I'll
get & pays fairly well & would be all right
to get started in the new work I'm going
to take up. Finer are so rotten everywhere
one don't hardly know what to do or
which way to turn. I've been doing a
little work for a New York firm & they
seem to be as slow as any in making
their payments. Want to drop a couple
lines home so will say good bye.

March - 12 - 1928

My dear Betty -

I was so glad to hear from you & many thanks for the booklet. I was just thrilled to death to have it. You know I am so darn lonesome to see and be in the South once again. I am thinking very hard of going back down this fall for the winter months. A friend of mine & her husband are planning on going with fall so I could live with them.

I was up to Marie's home last Thursday and she is feeling fine. Looks good & so happy and contented. I myself have the old roaming fever again, just for like I can hardly stay around this neck of the woods another day. But gosh when a person is poor you have to stay about you.

How are things in St. Landersdale. Are

you doing private duty or are you still at the
Allison Hospital on night duty.

Am sending you a parcel this week and
hope I am sure you will be able to have a good
laugh over it.

Bye bye, until later. Hope to hear from
you very soon and write me back.

Best Love

My dearest Betty,
I know you
think I'm a rotten, dirty
onion, and a honey child,
I can't blame you one
bit, yet please over look
my one weakness, and
forgive my neglect as you
have so many times. It
isn't because I don't love

you, or ever think of you
that I've acted so rotten,
it's just the simple fact
I hate to write letters,
you know me well enough
for that, don't you?

Had my plans worked
out as I ^{had} hoped I'd have
been with you to-night
instead of writing, yet it
was just my luck. Any-
way it won't be long now

until I see you and Oh!
Boy! I'll be one happy
girl. You know how I
love Fla. and to tell
the honest truth ask
Floyd he'll back this
statement up, I haven't
been happy or content
since I left, and now
that he's back and he
says to stay I'll never
leave. I was so miserable
when you wrote me
you were back and
believe me Honey child,
I wanted to go at once.
Had a letter from
Mother Morris and she
says I can room in
my old room & you.
How does that sound
to you? It suits me

fine, cause we didn't
have any fusses, did we?

I can hardly wait
to get back, and Beth,
it will take me a week
to tell you everything
I want to tell you. So
many things has happened
since last I saw you,
and I want to ask you
lots of questions. I'm
some-~~times~~ anxious to

see you.

Floyd wrote me
he had seen you, and
that you still had
that pint of whiskey,
keep it old dear, and
we'll have a "high Ball"
when I get there.

Honey I'm planned,
or in other words if nothing
happens I'm leaving here
Sat. night, and will reach

Lawderdale Sun. Night. Now
you keep that Sweetie
of mine straight until
I get there.

I've lots of extra
work to do so must
say "good night"

happened to you I thought you had some-

I was down and took care of Mrs. Snyder and kids, she was in bed with a cold, and when I came home I sure had sore feet. and when I read your letter telling about your feet I knew how you felt. and last week I was sick all over with the cold I was out for the 1st time to day I miss going to church last Wed. we have Father Mooney speaking at Cathedral Wed. nights.

Edith has four children sick with the chicken pox and it sure keeps her busy. first one started two or three weeks ago.

Andrew J. Bogart

(Contributed)

Andrew J. Bogart was born at Platea, Pa., September 20, 1865, and passed away January 11, 1928, at Erie, Pa. He was the son of William and Sara Bogart, and was the last of four boys to answer the final summons.

The deceased was married to Miss Florence Jewell, March 29, 1902, and to this union was born one daughter, Margaret Jane. He leaves to mourn his death besides his wife and daughter, four sisters, Mrs. Harvey Joles, North Girard; Mrs. Walter Allen, Harborscreek; Mrs. Josephine Martin, Platea; Mrs. Hattie Twitchell, Platea; and a host of friends.

The early years of the deceased were spent in urban simplicity in and about the small town of Platea. His first business venture was launched at Girard, Pa., where he became one of the sales staff in George Kibler's department store. Here his ever present good nature and genial ways made for him a large circle of friends. Later on he became affiliated with the Erie Burial Case company, in the capacity of salesman, serving them faithfully for 15 years. During this

time he made of each of his customers a steadfast friend.

In 1917 Mr. Bogart brought to realization a long cherished dream, when he founded the Erie Casket company. As secretary and treasurer of this successful concern, he held a third interest. As the business flourished he continued to cater in person to the needs of a select clientele over quite an extensive territory, until four years ago when he was compelled to abandon all business activities, because of organic heart trouble. Some time ago a fellow salesman said of him: "Andy's cheerful disposition together with his intense desire to play the game square, has always been the keynote of his success as a salesman."

Andrew J. Bogart had belonged to the local U. C. T., 216, for nearly 20 years. He was a member of the Masonic Blue Lodge at Girard, Pa., the Erie Chapter, Mt. Olivet commandery of Knights Templars, Zem Zem Shrine, and he was also a members of the Odd Fellows lodge at Platea.

Mr. Bogart resided at 343 West Twentieth street, but spent the summer months in his former home at Platea amid the old scenes, and there among the friends of long years' standing, is the grief especially poignant.

Funeral services were held Sunday afternoon, January 15, consisting of a short prayer service at his late home in Erie, and full services held at 2:30 at the home in Platea, with the Rev. Bensinger, of Cranesville, officiating. The services at the grave were in charge of the Masonic Blue Lodge of Girard. The interment took place in the family burial lot at Platea.

Dearest Betty,

Your letter read and
am glad you are comfortably
settled in the "Duney South"
and I certainly would be with
you if circumstances were
different.

Two nurses
from here went to Florida
shortly after Christmas I don't
know just where, but they
say they were acquainted
with a doctor who was going
to keep them busy.

This is a terrible rainy night
am glad I don't have to go out.

I am going to "Rose-Main"
this afternoon with you and
her to go along.

I had a wonderful time
at a "500" party Friday night
a couple of girls had it for me
The nurse who is going to
Washington, D. C. to work had
three tables all nurses and
talk about drinks they served

plenty of high balls wine and
beer. some of them got quite happy
before the party broke up, one
girl fell in the bath tub and
cracked a rib.

I am learning more about
bridge think it is very fascinating.
New Year Day I was at Griffiths
you remember the girl and her
mother whom you met when
you were here. had two wonder-
ful meals and played
bridge all after-noon.

My dear do you think you
come north in the summer?
Work is picking up now we
have almost a full house but
most of them are wordyts.

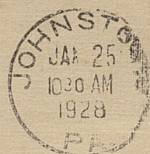

I had a letter from Corbin
she is a much married woman.

I hear they are building a
wonderful "home" at Duck Mills.

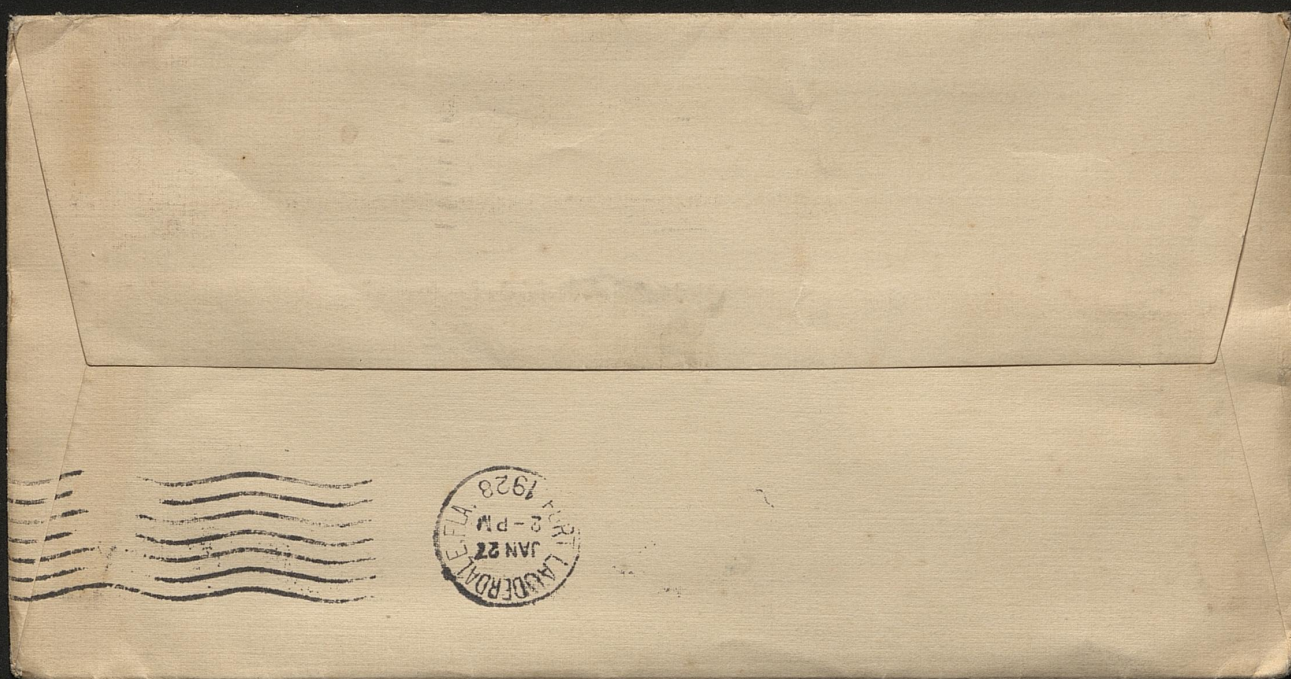

We had to live in the Pioneer
shack and blaze the trail and
ours who are there now can
enjoy the luxuries.

Must leave you and write
some more letters. Please write
soon I enjoy your letters so much.
Much love. Ethel

My dear Betty:

Your letter at last. First time I have heard from you in over three months. Was wondering just where you were and what you were doing.

We were in Miami in October but things were so dull there Mr. Kemp didn't find anything to do so we came back to Los Angeles and stayed about 2 months. She came up here the 14th of Dec. I have had 25 days' work so far so you see I was lucky.

Mr. Kemp is at present with Mr. Kennedy in the store. Don't know if we will remain here the rest of the winter or not. It has been awfully cold but we have very nice apartment and got along just fine.

(over)

we only live about six blocks
from the Kennedy's and we
see them real often in fact
most every day - we go up or
they are down here.

I have been feeling fine since
we came up although I lost
about seven pounds on last case
but still weigh 117 so that is
pretty good for me.

Have you been having a good
time since your return? Hope so.
Sorry we could not remain
there for the winter but after
all just as well that we didn't
we came up thru country from
Missouri to Newnan. Had lovely
trip.

Don't know if we will have to
come down for trial or not in
March haven't heard yet. Have
you heard any thing about it.
if so please let me know -
not surprised to hear about Min

had heard something about it before.

Does Dr. Edwards still operate she Allison or who does?

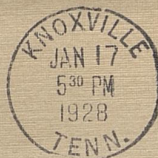

Haven't heard from Harry since I went to Miami, made the trip from Atlanta down with him. Guess he is still at Homestead.

Mark is still at Gate, Isa. Clay is in Columbus!

How are the Morris's? Please give them my kindest regards when you go up to Lauderdale. Now don't wait so long to write me again. Tell me all the news and let me know where you are and when we come down will try see you. Hope you get plenty of work so be good and have a good time and write soon.

Best Love
yours Peg.

Dear Betty:

Received your Christmas card O.K. in spite of the fact that it was never acknowledged. Had a card all ready to go to you but the address and I always forgot to get this from Aunt Jen.

Well, are you going in bathing every day? You missed some great weather here at Christmas and New Year's time. It snowed for so long you could hardly get through. On New Year's day everyone was about 'snowed in', we just about made it to Mass, the snow was so deep in some places we had to go up on peoples' front steps to get around, and we were glad enough to stay in doors the rest of the day. The street cars were tied up for three days, had to walk to and from work for a couple of days. Now you wouldn't know we ever had any snow, it isn't even very cold the last couple of days; was raining a little yesterday afternoon and this morning.

There was quite a little excitement over on 20th Street the other night. Mr. Bogart had attended a banquet of some kind and on his way home fell dead in the street car. They were quite worried about the effect it might have on Mrs. Bogart; Aunt Jen was called over and she said it was quite a shock to her at the time but she seems to be bearing up better than they expected. Margaret had been home for the holidays and had just about gotten back to school, she is due home today. Suppose you heard about the little girl, Aileen Shaner, next door to Aunt Jen's. Anyway, if you didn't, she died last Sunday from some kind of heart trouble. (The above is my bright news paragraph).

Are you still thinking about coming back north this Spring? If you are I have not forgotten about coming down, am trying to save my pennies.

Just a few lines to let
you know we received your
box in X.O. condition and we all
shove did appreciate it. You
remember Arlene Chaner don't you
that little girl used to play
with. Well about about a ago
she contacted. Scarlet Dyer took
her to the Lakeview Hospital, then
broke her home ^{after Christmas} awful weak
nervous. Dr. Indus Dance took
her to the Hospital Tuesday seriously
ill. She has gotten inflammation
of the valves of the heart, no one
could see her last night seriously
ill, no one could see her. She
died 5 o'clock Sunday morning

See it sure has taken pep from me. Mother is blue too.

Jan. 1928 P.M.

Mr. Burke has lost his job tough luck. No had it yet as they are hunting for a married man, one whom can assume some responsibility.

Weather gorgeous just like summer for a while, then it snows. Rained yesterday little colder today. New Year ^{the} no snow till about ten o'clock then adds a bit. For three days like spring isn't terrible today.

They are going to bury Father Wednesday at 2.30. Another girl and I took up money for flowers we nearly lacked some cents of having nine. Mother ordered a basket of pink and white flowers.

Suppose you had your daily dip as usual.

See you're lucky the only time I get a chance to swim is in the tub on week days.

How is your bus still running as good as ever.

It is heart-tire live or look every one involved but me, I just got done doing some home work a little bit. Guess you will close probably Mother will write a few lines.

My Dearest Betty

Your dear letter some time ago sure glad to hear from you as your letters are all so cheerful and I sure need that badly. How are you and what are you doing these hot days? So warm here I nearly melt I have been right sick since wrote you last just the same old trouble and I am afraid I can't stand it very much longer am taking intravenous injections every other day don't seem to help much -

Trying to work a few days 12 hr duty a lovely patient who is very wealthy and to be married soon, hoping to stay on for a week any way - as I haven't worked any for so long -

Undecided what I will do yet, it seems that I have so little to live for now and life isn't worth while, know you think I am crazy but dear when you give your life and soul to a man and think he is the one man you could trust, then so there what I have it is enough to drive anyone insane - If you could see some wires unsigned - fictitious names on some letters signed & unsigned - specials and general - mysterious telephone calls and all such that the nearly lost my mind

I had to employ detective \$25 per day and still it didn't stop and then I had to try to work.

Mr. Kemp is in Rapid City S.D. wants to come back to me. I wrote him a long letter where he had been gone about a month told him what I knew and just how I felt and what my plans were, wrote him that he didn't pay you after me sending money down for that purpose said he was sick & did not get up to see you and that he was going to pay you.

I am not making any plans for the future for should I line with him again I would never believe in him trust him or be true to him. It may sound awfully funny to you for me to say that but if you had been as good to any one as I have tried to be to him you would know how I feel. You are the only person except him that I have said any thing to not even the Kennedy's know anything or ever dream of my plans. and Mr. Kennedy has sure been a wonderful friend to me.

Are you planning on going back to Fla or not? what are nurses getting per day now noticed where they had had another bad storm down there and South Isa.

How did your father get? do hope he
is well by now.
work has sure been dull here I have only
worked 17 days since June 1. so you see
I have had very little change. But
thanks to the Kij's I've had food and
shelter.

Betty dear please excuse this. I am
sorry but I just can't get a grip on
myself and my only consolation is
that I can soon get out of it all -
please write me long letters soon and
tell me all about your self. Hope
you are well and Happy and having

My dear Niece:-

I just received your letter of Monday last, and I suppose you have heard from home by this time. so you will know that your Father is improving every day. He sat up for the first, on Tuesday, by that, I mean he was out of bed in a wheel chair. He is getting along fine now so there will be no need of your coming at all, in fact

I kept asking the nurse all along, if I should send for you, and she said no. Bob nurses were discharged on Saturday, and he has continued to improve steadily. I think all danger of pneumonia is past, all thro his very sick spell. His lungs were fine, which disproves the opinion of the neighbors that he had tuberculosis. I think he will be able to be taken home early in the week. But I am going to insist that he be kept long enough to insure safety. I have been terribly tired the last week, just sort of all done out. I think there is nothing worse on a person than the anxiety of an uncertainty during sickness. We have much to be thankful for though. Well, I must go

breeding going on. Should just love
to peep in for a while

Give my best to any one I might know
from there and write me soon again

Lots of love

My dear Betty:

I was so glad to hear from
you once again, & so pleased to have
the snap of you. Certainly looks like
your own sweet self. We too at
the present time are enjoying beautiful
weather. Every kind of a flower
blooming, and our place here
especially is beautiful. Doubtless
I could be down in Miami for
the convention. Last year the
Southern Elks had their convention

in Dayton, & took over the town. My vacation is in August and no definite plans. Marie insists I spend it with her & husband & take a short trip with them. Then the girls I spent went to Dayton with want me to go with them up into Canada & drive up - there would be about six of us - 3 in each car. I really don't know where my friends & I intend going. We might end up in Pa. some place.

We are having graduation on Friday Evening. I do so hope it will be pretty. Dave going to Dayton in the a.m. to see Marie.

Well Billy hope you are still having the good times, going to lots of dances and bridge parties. As you tell me that Powell was back in Land. What in the world are the people doing down there now. Any

I can't see that there will be

there is some thing I want

so they put Chas. in the

reservations, he made them

My dear Niece:-

Seems that when
we think of some one a
great deal, we either hear from
them, or they drop in. so
you wrote, I have been going
to write you for some time
but you know I was not
writing for quite a spell,
but thank God I am as
good as ever now. My arm
is fine it was broken in
two places. I mean both

bones were broken, so for six weeks
I just sat here and gave orders.
Well Elizabeth I was down at your
house this afternoon, Grandma,
Annie and I, and we saw your
Mother and Father, the boys were
out at their work. They had had a
letter from you, and now that
you know, I will write you the
details, I didn't want to tell
you first. I took Chas to see
Dr. Waterworth in Clearfield he said
he has a very poisonous goitre, has
very bad tonsils and a slight
growth in the nose. He had him
stay at the Hospital all night,
then I went over for him. so he
has set the date of his return
for the 29th of this month that is
a week from today exactly. I don't
believe we need have any fear,
Dr said his chances were 97-to-3

much as is permissible.
Let me know if I will telegraph
you at this address. for I will
telegraph immediately after
the operation. Ruth, Cyril,
& Riddies have been home for
a couple months. The kids
are just getting over the mea-
sles. Ruth did not like Jackson
ville. doesn't think she would
like to live there.

Now Elizabeth don't
worry. but answer my
questions as soon as you
can. for you know Foreward
is fore-armed. With lots of
love to you, I am as ever,

around him. Is that the
proper thing to do? Then do
you think he should have a
private nurse for a few days
any way? Some people say
it is only added expense
others say yes by all means
have one. I want you to tell
me what you think I think
I would be guided by
what the Dr. says. ^{but I want} I am
going to take him over. I
will drive down & get him
Tues. right after dinner

and take him over. Then if it is possible I will talk it all out with the Dr. and do just as he says. We have no idea, as to when the operation will take place. but ~~if~~ I told Lizzie that I would take her over, and she said she would go if she is able, if not, some one else will go. They will decide among themselves as to whom it shall be. I wish you could be like Elizabeth but I know what it means to lose every thing. it takes some little time to get back on your feet. That is how you learn the value of the dollar, is when you lose it in a fire. Your Father & Mother don't expect you to come, it is so far but you can depend on me to do my bit to a finish, I will let you know at once, just how things go. and will keep you posted. I will stay with him as

Well what the matter, sick!
tired! or what! Have been waiting
for a letter from you, but have been
waiting in vain. I know this week
you are probably busy - on account of
the convention in Miami I suppose
Miami is wild. & new, & beyond all.

Well what do you know, I know
that we are having gorgeous weather
82 & 85 degrees - so you see it's plenty
hot here, just pumped up like that

have been so busy here & last night was
the 1st quiet night I had for 6 weeks, nothing in
sighting. We are getting ready for graduation
June 1st. so you see all together my mind has
been in a whirl. It surely is beautified up here,
the birds all birds sing themselves to death from
3 a.m. on & everything is green & lilacs & lilacs of the
valley in full bloom.

Home's things going in Ft Lauderdale. I
guess a good many people have left & gone back to
cooler places. Do you intend to stay there all
summer -

Let me hear from you soon. bought a

My Dearest Betty:-

Your letter came few days ago and I was so glad to hear from you. Never received a letter from you while at Newnan and had wondered why I never heard from you.

How are you and what you doing these cold days. Heard you are had had a cold snap too? Sure has been cold here, but think Mr. Kemp and I both have stood it fine.

I am not out very much except too and from work and Mr. Kemp takes me both ways in car. we use the Kennedy's Willys-Knight Sedan and it is nice - so we can go lots now. The Kennedy's are all well and I see them or talk to them every day. Mr. Kemp is still in the stone. I have been busy every since we came up. Can't have time to go on the register until they call me - am on 12 hr duty (night) with a very sick man. Gastric-ulcer and was operated on week ago - we give saline intravenously + lavages every 8 to 10 hrs

so you see how busy we are. But
its for my old standby Dr. Hodge and
he is a peach to nurse for (as well as
good looking) ha!

we get \$6 now for 12 hr duty so I just
as soon do that can be home half of
the time.

Sure surprised to hear of Dr. Edwards and
Mr. Allison's split. I heard that Edwards
got into some trouble last fall
and it was pretty serious, we don't
know yet if we will get the suit
in March court, haven't heard from
Roch yet.

If you hear any thing please let us
know.

Sure like to come down for a while
but costs so much and we are trying
to get our debts paid up. so we can
feel free to go and do as we please
How are the Morris's? please remember
us to them when you go up.

I had a letter from a friend of mine
in Miami yesterday. she said every
thing was so dull there and that
the people were all going to Nassau
and Cuba. Sure would like to go
to Cuba for a while - Hope to spend

most of next ^{= 3 =} winter somewhere in
Florida. I think I would like to go
to St Petersburg, they say it is so
nice there.

Betty have you ever seen or heard
any thing from Savage. She boy
who stayed with us last winter?
If you ever do let me know he
still owes me \$90 and I sure need
it.

We had a few hurriedly written lines
from Harry few days ago. He is still
at Hamstead. Haven't heard from
Mark lately.

Do you ever see any of the bunch
from the Victoria? Is I need in
Miami? Heard she went to Chicago
we may go to Chicago or Kansas City
no later in the spring.

If you go north by way of this burg
be sure to let me know. Want you
to stop over see us.

Well am so sleepy can't hardly see
don't sleep very much and my heart still
gives me fits at times and I get "cussed"
by my doc for working so I get it -
all way around. Please write me
long letter soon. Hubby said to give
you his best and he was going to give
you beating up first time he saw you.
Loveingly yours. Peg.

Dear Burgoyne,

Taking my time in answering your letter. I did not receive it till I was back in Fla. Otherwise, I would have looked you up. Mrs. Morris called me to-day and told me you were planning on coming to Fla. the first week in January. I do not know what you can work out in Miami Beach, but Mr. Lasry said that the Sisters will still be there till March or April 1st, I forget which. Then the hospital will be closed. As for work here, I doubt if you can expect anything. Dr. Robinson has done practically none this winter, and besides he is opening an office in Miami along with his office here. That bit of news is not for publication here in Ft. Lauderdale, so don't mention it if you write. Mrs. Brush has closed the registry at the hospital and has her sister and a girl friend from New York. Those two are put on any case that needs a special. Miss Owen left the hospital the first of Oct. with the promise that Dr. Rob. would give her all the cases he has and she has never received a case from him yet. Neither has she had a case. I do not want to discourage you, but you can not expect work out of this place. You might get it in Miami. I sure would love to see you here, but I can see not future here at all.

Business has been rotten and collections worse. But we are managing to eat and that is about all. I have a girl with me this winter who is an orphan and 15 years old. She is a pretty good kid and she has her faults too. Anne Lou would not come back. Anne Louise is quite well, still eats all the time and only weighs 90 lbs. She is taking dancing now and she just loves it.

Elliott is feeling prett good, but could feel lots better.
He is pretty well discouraged, yet feels that Fla. is still good and has
visions of another good business period like the boom. They have started to
drill for oil and he ~~kn~~ews they will strike it. I have my doubts.

Well, Burgoyne, would like to hear from you. Do write and tell
me what you have been doing etc.

Regards from all of us.

Dill

P.S. Forgot to tell you Charlotte Arpin was married the other week to Dr.
Probsts son. (Dr. Probst is the T. B. Specialist at Col. Ohio) They are
living in Milwaukee and the Husband works on the Sentinal. Charlotte was not
married here but in Milwaukee.

yesterday I helped Mrs. Lley with a
chicken supper and when I got
home I look at the paper before
going to bed and I saw about the

My dear Niece:-

Thank you for the check.
This money seems to be the
most acceptable thing always.
seems there is always a
place for it. I have that of you
so much since the storms
in Florida, and we are all
sincerely glad that you are
up North with us. and I
hope you will go down there
again. Your Father was

was on at Clearfield last Tuesday,
and the Dr. is real pleased with
him. He is getting along fine, of
course its hard for him not
to work, but that will come
after while. He surely does get
the jidgets over it though. We
had the nicest vacation. I took
Loretto & your Father to Farrell
and they guarded the family
while Em. & I went to Syracuse.
We first went to Sacandaga to
the Shrine, then to Watkins Glen,
which is really beautiful, then
to Syracuse. The Rileys are most
interesting people, and we en-
joyed our visit with them very
much. We drove 1300 miles. I
am hoping to be able to go to
Washington this Fall yet, but I
have very poor help, so don't know
if I can make it or not. Ruth
has gone to Chicago, and likes it
a lot. We are looking for word

Monday.

Dearest Betty:-

Haven't heard from you for some time just wondering where you are and what you are doing? what have you decided to do this winter, are you returning to Florida or not?

I have just gotten off 16 day 20 hr duty case sure am tired the farmhands are all in Cincy. and I'm all alone, except the neighbors are home, sure wish you were here. we would have some fun.

Don't know what I am going to do yet have applications in with several steamship Co's for positions on one of their cruises and if I can get one hope to take trip around

she would, I think that would
be fun as well as interesting
and a wonderful opportunity to
see she would and a great chance
for a change as well to get away
from the old life and then
it is an education to visit
different nations, I am very
much excited over the idea.
Work seems much better here
now that it has been.

Did you notice about the
storms in Florida if they
call for relief I am going
down.

I have one friend going to
Miami to work at Victoria
that has changed hands again
also one of my friends has
gone to Clearwater to accept
position there \$110 and expenses
sure wish could see you

Could talk for hours and
then not say all I'd like to
Please write me when you have
time and tell me all about
what you're doing and your
plans for the winter

Heaps of love + Best
Wishes
always

Peggy
