

March 2nd 1903.

The Scientific Faculty met in the Botanical Lecture room with the following present. Profs. White, Mathews, Pence, Miller, Prank and Poyon.

Prof. Prank brought up the question of fees in the Summer School.

Prof. Mathews moved that a uniform system of fees be adopted. This was seconded by Prof. Prank. After considerable discussion the motion was withdrawn. No other action was taken on the subject.

Prof. Mathews presented the name of Mr. Brown and ~~reported~~ requested that he be considered a candidate for graduation in the Agriculture course.

After the usual canvass and discussion regarding all pupils matriculated in the Scientific courses the faculty adjourned.

approved Oct. 2nd 1903
