Postsmouth Sept 4/64

Dear Wife

I write to let
you know that our quota is
filled for this call so that you
need not worry until further
notice another which I suppose
will be pretty soon. My health remains
good. The copperheads are going
to raise a large hickory pole in front
of Edwin's store with a Mc. Clellan
flag at the mast head. We are all
pleased with the nomination &
hope to win a victory.

If not good by to civil liberty
to peace prosperity & all hopes of
an restored and united nation

In your last letter you said that
now was the time to settle down for
life. But ^{that} thing is impossible under
the present state of the country as
we know not at what hour I
at what ~~hour~~ I may be called to
throw myself before the car of
the Abolition Jugonant and
be crushed as an offering to
their empty charity. But let
us hope for better times that we
may be able to fill our most

national council with statesmen
& not with fanatics & fools

I suppose by this time you are smart
enough to turn a hand spring
or I know a summerault

Wonder what you are doing to day
I suppose you are going to church

I am going to clean out our well
the water is nearly all out What
shall we do for potatoes We
shall not raise any more any thing

I hope this may find you enjoying
yourself generally My love to
you & to all

H. H. Munroe
