Brother Low
as I don't think of
any thing else to do I
will try & write a few
lines to you.

I am all alone
to day Amanda &
Frankie have gone up
home & Ethel is at
milk Saint Eldredges
She has been there
about two weeks
was at home a few minutes
last night after some clothes

I have got about done
Haying after so long time
I have not been better
than a woodchuck
for two weeks past
but feel more like work
now than I have lately

I heard by the way
the other day that you was
coming to Cedar River
to work down, how is it

old Rockwood told
Frost that after you
got through Haying & Harvest
Josh was offering to
let you come down &
work for him & Lewis
about you let Sam
frye you old Rockwood
has taken the Brierly &
would be excited from mile
Natchez

The East Bank of the
Creek. I he would like to
get you over here to
hold scrapper & should
dirt for \$4.00 per month

I should tell Josh
that if he wanted to
pay me \$9.00 Dollars
when I had worked six
months I would quit
& then if the old Gent
wanted me we could
talk about that afterwards
this is a good deal of hard
work to be done on the
road before it is done
He & I tried to get
the job but he would not
give anything for doing
Kellie is quite lame she
got cut by our son
