

Dea Brother

May 6 1860

As I am going to town to
morrow and thinking you would
be glad to hear how we are getting on
with the busins. I thought I would
drop you a few lines concerning it—
well we have nearly brought every thing
to a close and I think if nothing happens
more than I am aware of your money all
of it will be ready by the first of May
As to the perishable estate that cant be
settled untill the first of June there will
be some little of that coming to you—
I intend to see righted in every thing and
the money shall be ready at your call after
May court— and the most of it now if you
should want it if you should want any before
that time just write me word and I will
send it any way you say But I hope you
will come after it as you spoke of in one
of your letters to me, it would be great satisfac-
tion to me if you were to come to see me
excuse my short letter and I will promise
to do better the next time My love to
all

Yours B

Robt. G. Hammack

P.S. let me hear from you soon
