Dear friends at-home

We intend to load
our sheep for home today. Amis
hopes to be at home by the middle
of next week. I wish it was so
I could take the flyer for Berne
but will have to put up with it I
suppose. I want to get out of this
country for I have not hear for from
a cold since I struck Chicago
we looked the Fishery building
over yesterday and the Electric
building. To much of it for
the common run of men. I am
not competent to take it all in
to much work about it for me
If Geo goes up with the little mortgage
he may drive Binamon up against his
shaved

At Sam Badmies this morning
you can go out to Middelburg
after me if you can find out
when I go - then tell Charles to keep
Coul. Ed. I will go - then just as quick
as possible - and let the old man
take it easy, for I guess the boys
have got along first rate. I will
soon go to have a little corn for
our to feed this winter, Let will go
out to the store this week and Frank &
think of making trip to Kansas City.
I saw Julius Post yesterday morning
and Mr. Conn, Elmer Tuleen and
many others. I can talk much
faster than I can write. I will
do the talking when I go - now, well and
jokelets on way home

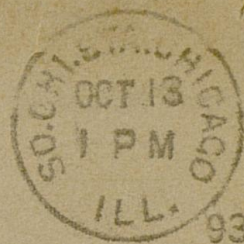

Love to all E. J. Brown
