"IT'S IN THE BOOK"

The elder statesman of Kentucky's education, Dr. Herman Lee Donovan, leaves the presidency of the University of Kentucky, September 1, 1956. He served as the chief executive of the school for 15 years, beginning his duties in 1941.

A glance around the campus will tell the story of the physical growth which took place under his guidance. The Coliseum, dedicated to those who died in action during World War II; the Fine Arts Building; The Journalism Building; the Biological Sciences Building; and two new residence halls for men and women—all are examples of expansion during this time.

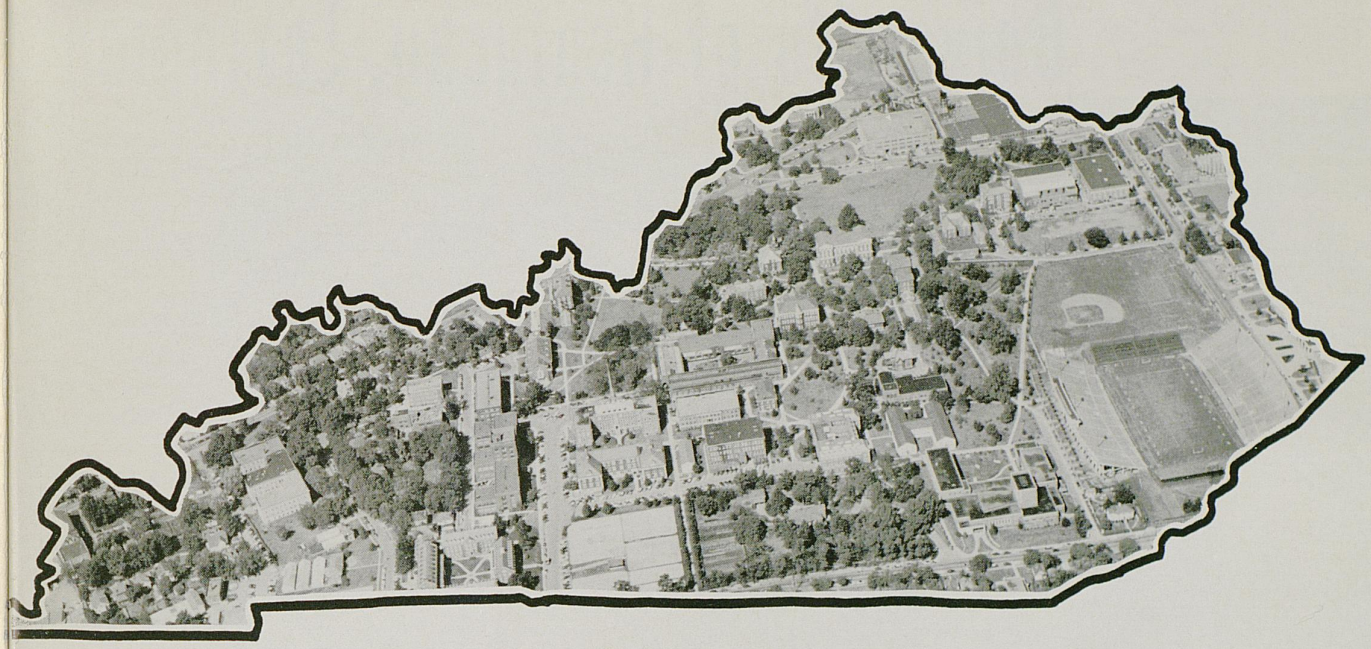

In addition, the enrollment of the University has steadily increased over the years as the school has established itself as one of the leading Universities of the South.

A native Kentuckian, Dr. Donovan has devoted most of his life to education in Kentucky and to the University. For the services given to the citizens of this state, the Kentuckian says Congratulations!

The University and the State

The university and the state of Kentucky have steadily progressed since the founding of the school. Each has aided the other in every way to make this advancement possible. Without wholehearted support from the state the school would not be where it is today. The citizens have contributed from every source to make the university stand out in the nation. It is this loyal support which makes the school an asset to the state.

Kentucky is in return aided by the university. Outstanding achievements and honors of the school have made the state well known. The educational and cultural heritages of the school have helped in placing Kentucky on the map. The students and faculty working closely together have achieved this end. It is their loyalty to school and state that have pushed them to attain high goals. They realize the importance of each.

It is this invaluable bond between the two which causes the citizens to be proud to live in Kentucky—and the students to be proud to attend the university. A loyal state which supports a loyal school is the perfect formula for advancement and progress of both.

The Threshold of Greatness

Because we are so dedicated to the present and to seeing but one thing at a time, because we are so consumed in our own little worlds, so blind at times, because of our very nearness to the lives we are living, we cast dark shadows over the truths it would be to our advantage to see.

Kentucky is on the **Threshold of Greatness** . . . through progress in building, through progress in education, through progress in research.

These are the truths that should be understood, these are the truths to which we are blind, these are the truths which make the university great.

Because each of us has separate and different memories about many of the same things, this book will be a solitude of sorts, an attempted exploration of individual memories.

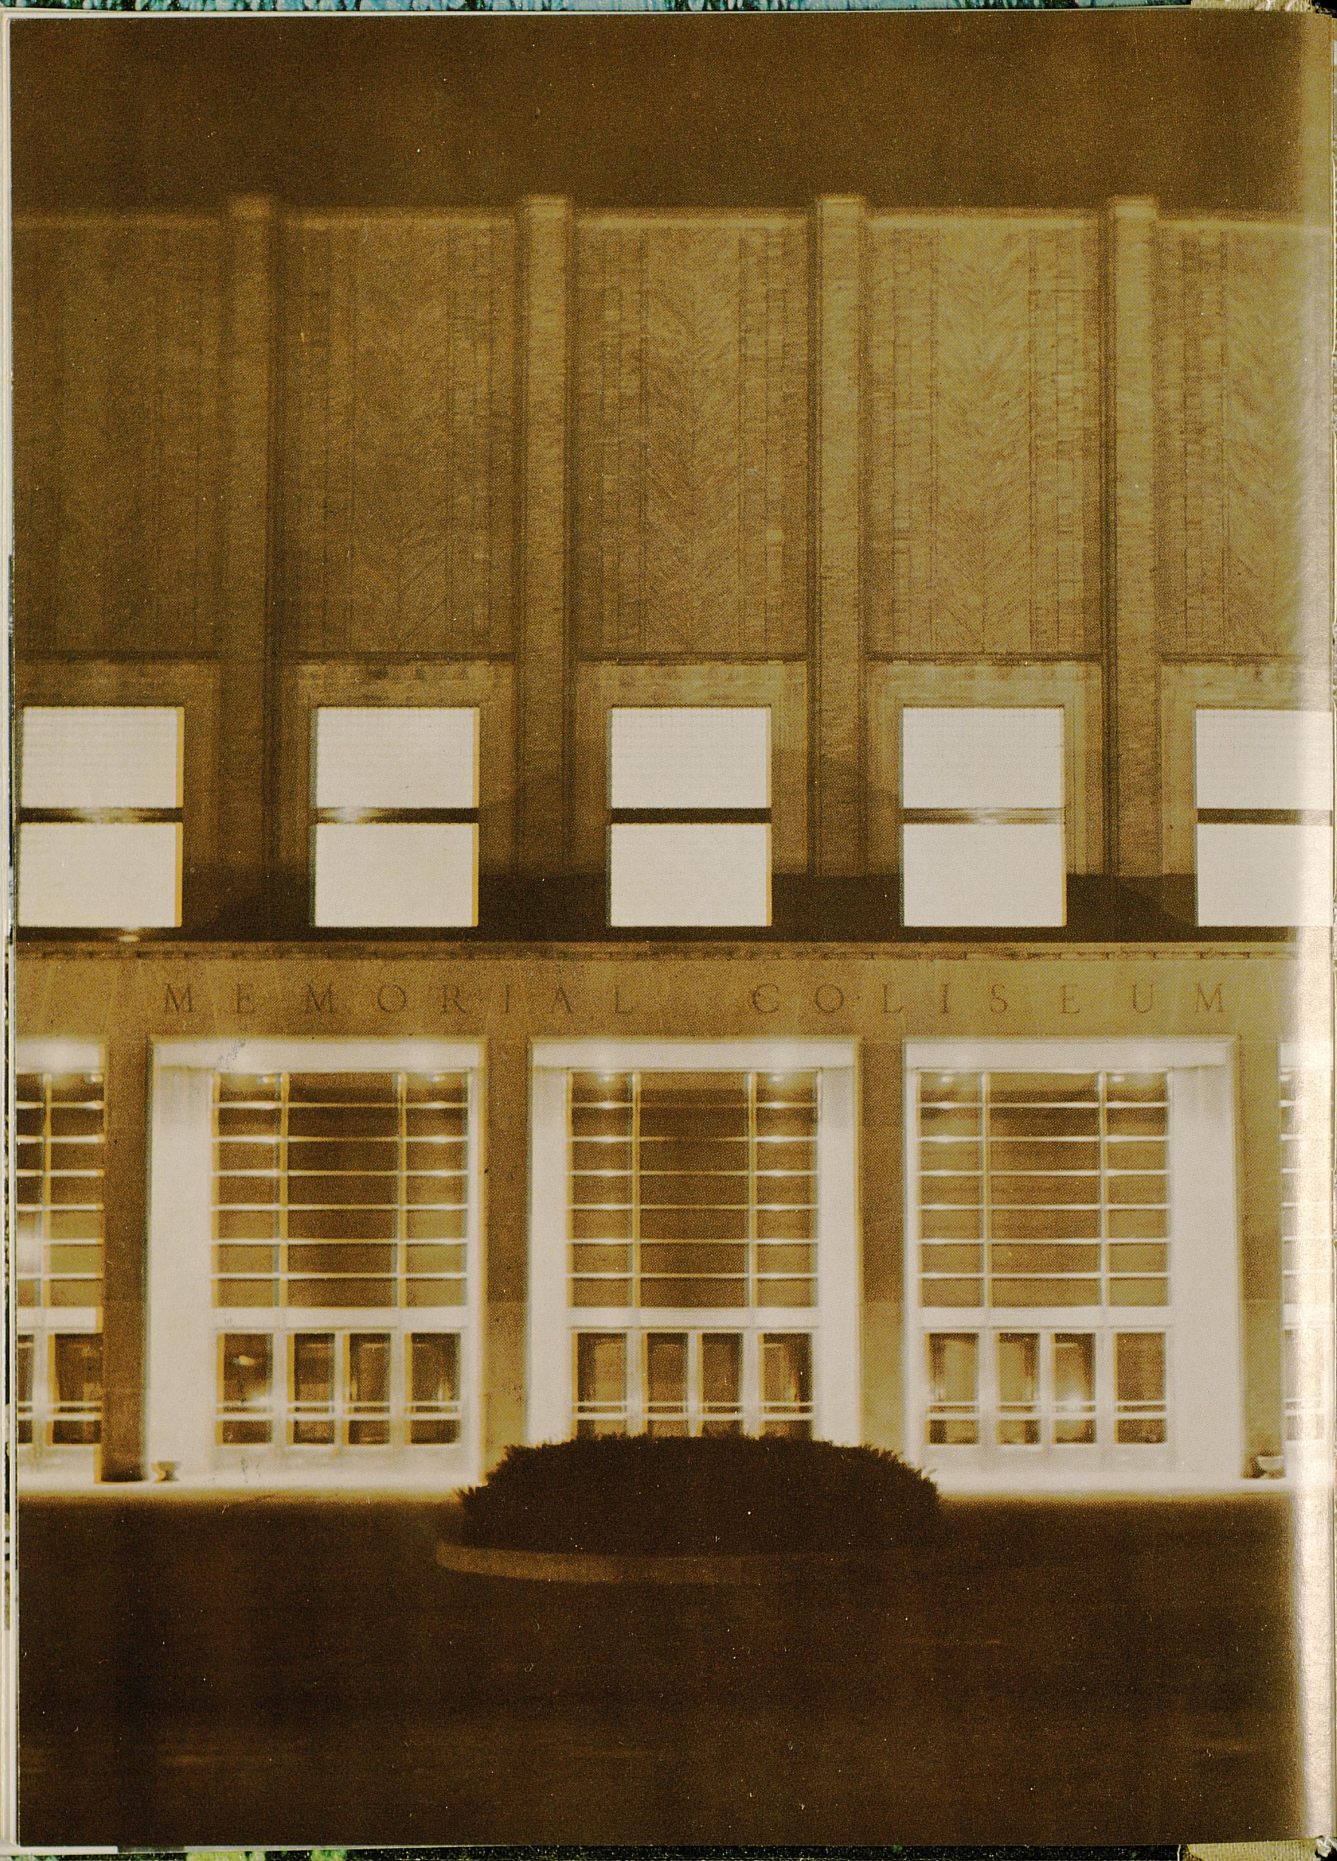

Kentucky—on the **Threshold of Greatness** . . . with credit due her professors, her students, and her citizens.

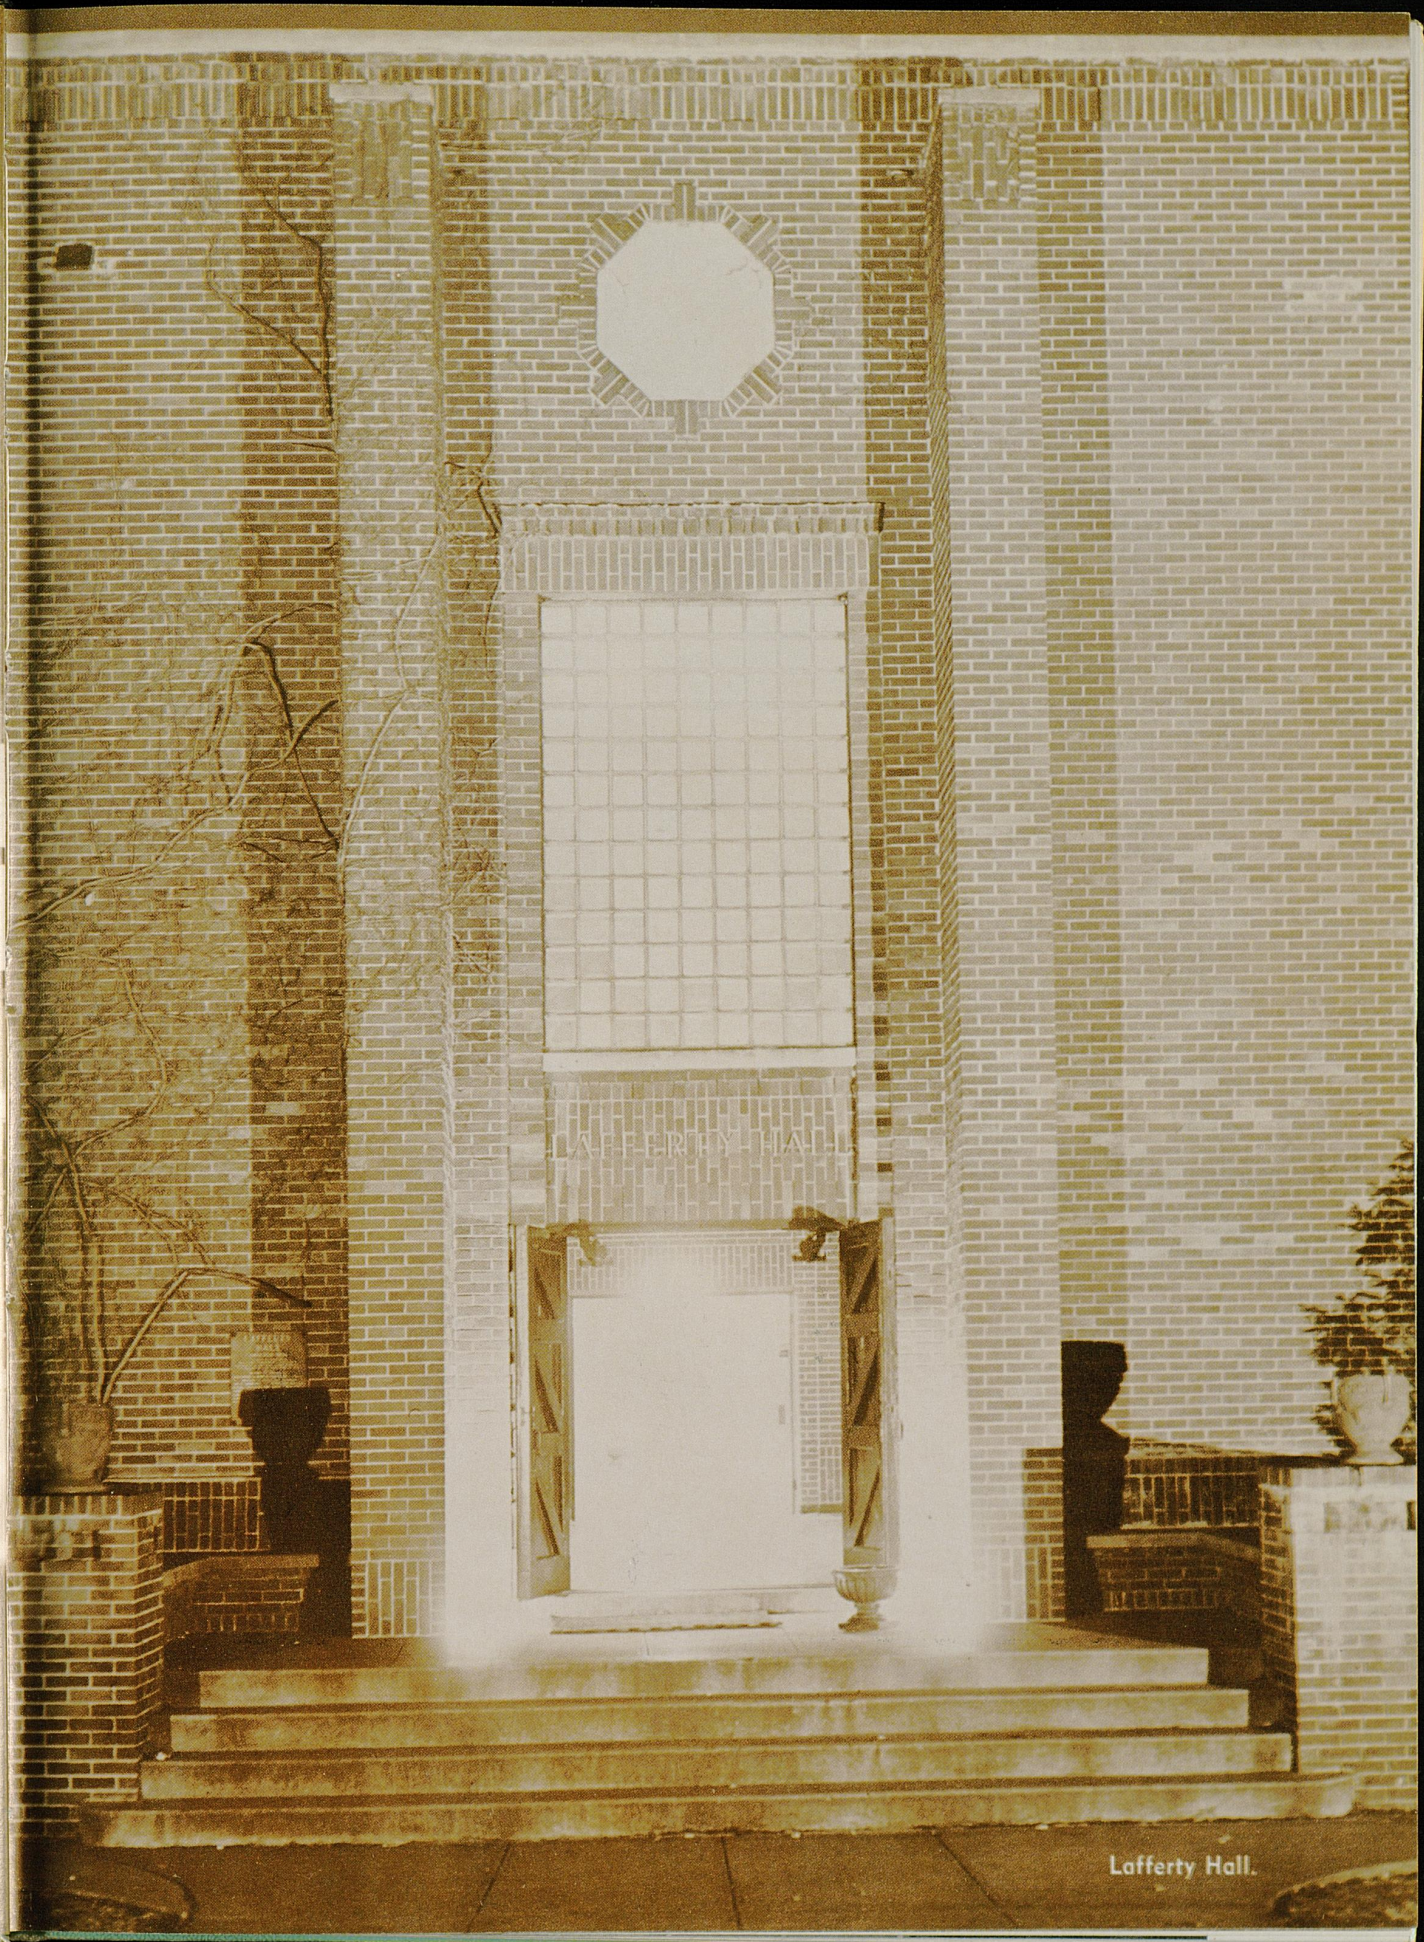

Truly a great state—truly a great university.

Commerce

The aims of the College of Commerce, under the direction of Dean Cecil C. Carpenter, are twofold. In the first place, subjects offered in the field of Economics, together with other offerings in the field of Commerce or Business Administration, provide an understanding of that segment of human behavior which is concerned with securing a living. In the second place, the offerings in the two fields of Economics and Business Administration provide professional and vocational training for a great variety of positions in business and governmental bureaus.

Education

One of the foremost problems in the United States today is the growing crisis in education due to the vast increase in school-age population and the increasing demands on teachers at all levels. In many respects the fountainhead of American democracy is our educational system. The people who educate our leaders of the future must themselves be prepared and must themselves be capable of responsible leadership. The College of Education, under the guidance of Dean Frank G. Dickey, is preparing men and women to assume these positions of leadership.

Graduate School

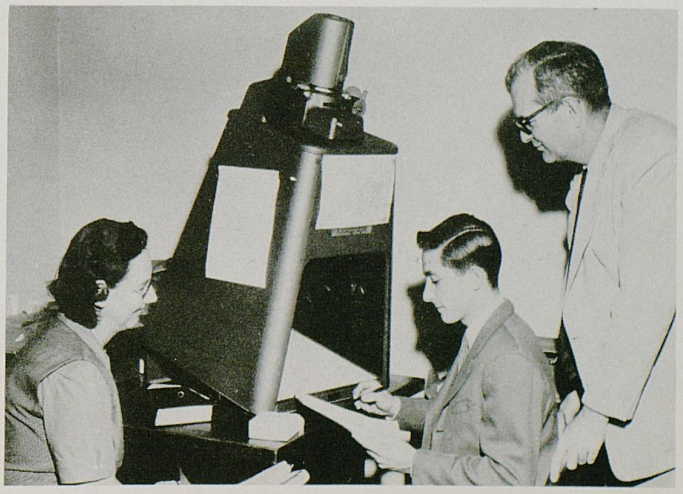

Herman E. Spivey, Dean

Our Grad School, under the direction of Dean Herman E. Spivey, now ranks among the top dozen largest graduate schools in the South and Southwest—in numbers of full-time graduate students enrolled and in numbers of graduate degrees awarded each year. In each of the forty subjects of advanced study a senior staff member with a major interest in graduate work and research has been designated as "Director of Graduate Study." All graduate students keep in frequent contact with their advisors so that improved programs can be developed to fit the background, the needs, and the desires of each student.

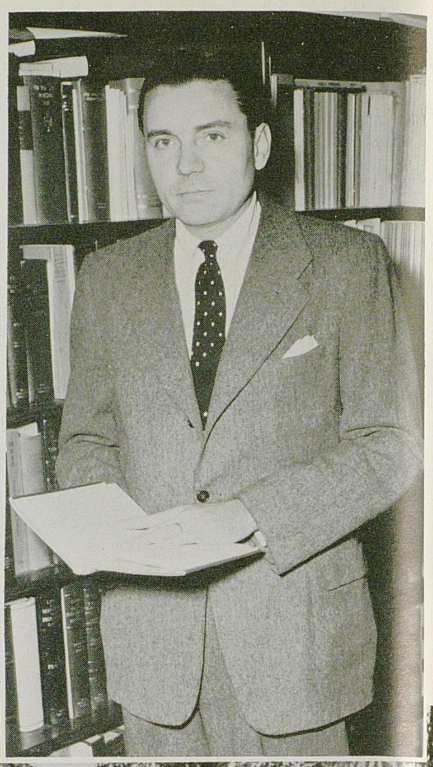

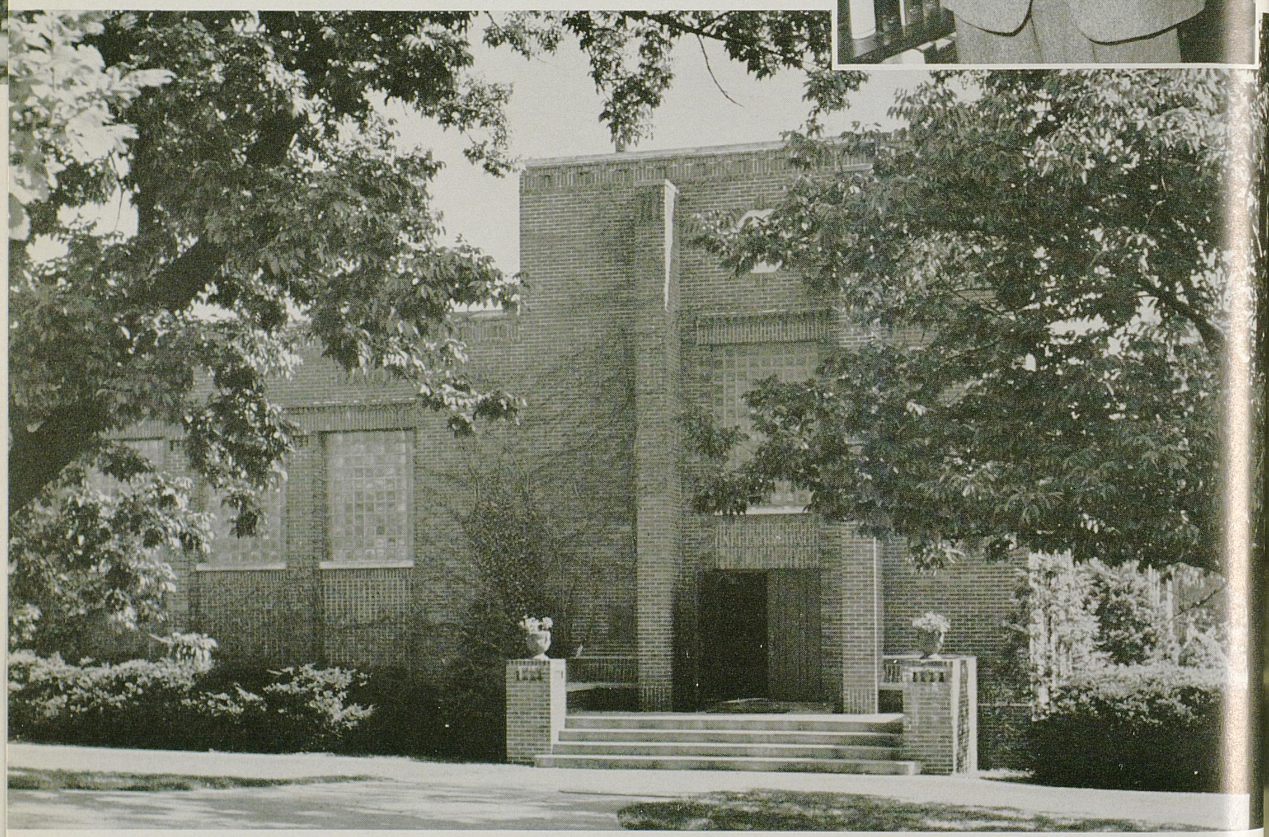

Law

The College of Law is directed by Dean Elvis J. Stahr. The College was organized in 1908 and it was the first law school in the state to become fully accredited. It has long been accredited by all agencies which established standards for law schools, including the Court of Appeals of Kentucky, the Association of American Law Schools, the American Bar Association, the Regents of the University of the State of New York, and the courts and Bar Examiners of all forty-eight states. The Law Library is one of the finest in the south, containing some thirty-seven thousand carefully selected volumes.

Adult and Extension Education

The College of Adult and Extension Education was established in 1954. Through this College the University offers extension classes in many Kentucky communities, conducts an Evening Class program on the campus for adults, operates the Northern Center at Covington, and offers nearly 200 Home Study correspondence courses. The College also conducts many workshops and clinics, and the annual Kentucky high school speech, drama, and music festivals, in which last year alone nearly 6,000 high school students participated. These activities of the College emphasize that "the State of Kentucky is the University's campus."

SNOW QUEEN JOYCE ANN JONES

Northern Extension

Not all the "kings and queens" are in Lexington. The king and queen of hearts selected at the annual Valentine's Dance were Joe Hill and Faye Stokley.

The Northern Kentucky institution is the only off-campus center of the parent university and has an enrollment of more than 850 students. Originally set up on a temporary basis to accommodate returning GI's from World War II, the center has grown to such proportions in recent years that it has become a definite part of the Northern Kentucky community. "It is here to stay" according to President Donovan.

Classes at the center are given at the freshman and sophomore levels and also for graduate study. The work is offered for three general groups: (1) high school graduates who wish to take two years of study before transferring to Lexington; (2) teachers and librarians who are attempting to complete their work toward a degree, and (3) men and women and returning servicemen who wish to take college courses for the purpose of cultural and professional advancement.

Operated by a competent staff of 40 instructors, the center is under the able leadership of Thomas L. Hankins.

The student council at the Northern Center helps govern the student body and also helps arrange many of the social activities. Left to right are Joe Hill, Carol Moellendick, Margie Romanowitz, Eddie Brown, Ted Ayres, and Fred Hockney.

The Kentuckian

This, the 1956 edition of the Kentuckian, represents what we, the staff, consider to be a near portrayal of the University of Kentucky.

In the beginning there were many beautiful ideas about what the book should be and now in the end is a sigh of relief that the job is finally done. We have tried to carry out our ideas in presenting to you what we believe to be a composite of life on this campus. We offer no apologies for our possible errors but rather point with pride to the completion of this, the largest yearbook (and we think, the best) ever put out by the University of Kentucky.

If any praise is to be forthcoming the majority of it should go to Perry Ashley, who, as editor, devoted his time and energy when he should have been studying so that you, the student, could be proud of your yearbook.

Even so, all the praise enjoyed by Perry must be shared by Rosalie Redding, who as associate editor, worked with an unflagging enthusiasm and contributed more than her share of work and time to the project at hand.

Charlie Fuqua, as fraternity editor and Phyllis Rogers, as sorority editor, handled with capable hands the sections and divisions on Greeks.

Marney Beard took on as managing editor, the exasperating job of keeping up with the copy and keeping the typing staffs doing their jobs.

The sports editor, Tommy Preston, worked to give UK its just share of praise and managed in his spare time to keep the Kentuckian office from ever becoming dull.

A vote of thanks goes to Jack Wild and the Public Relations department for their cooperation on the use of pictures.

For you the students, we, the staff express our desire that in this book you will find a memorable account of your 1956 year on the University of Kentucky campus. To all those who have helped us this year, we express our sincere appreciation. Without your help and cooperation, the Kentuckian would never have reached the presses.

Radio Studios

The radio students of U.K. operate WBKY . . . students such as Lind Voth who is shown doing his disk jockey show, "Swing Easy".

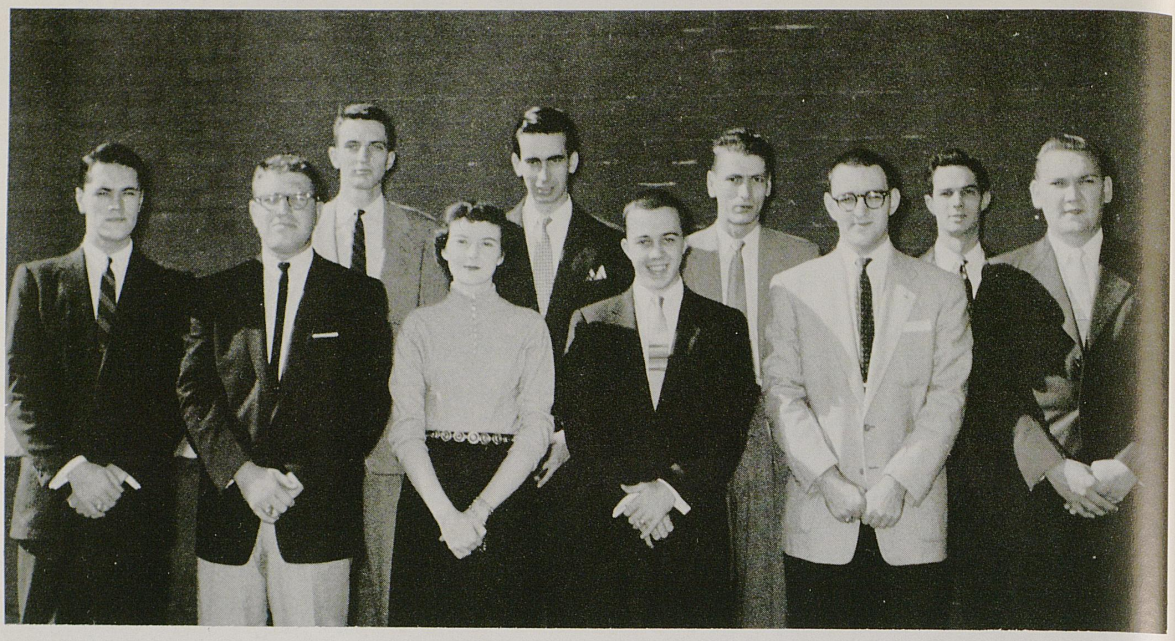

1955-56 was a big year for WBKY, big in many ways. We increased our broadcast schedule, our staff, our facilities and our activities.

We got a radio news wire and bettered our news coverage both nationally and locally; nationally with the news wire and locally by increased on-the-air coverage of local events such as speeches and dances. The station is now on the air five instead of four hours per night and its executive staff now numbers 15, excluding announcers who are included in the above staff meeting picture.

But, WBKY is not the only thing that has grown. The department itself now has 70 radio arts majors. The University of Kentucky Broadcasting Service has grown, producing more programs, films, and material for use by and for the Commonwealth.

Troupers

Whenever Troupers send clowns to the coliseum for half-time entertainment, or perform at bedsides in hospitals throughout Kentucky, or take bus loads of talent to Fort Knox for a show, they're not just singers and dancers and comics—they're ambassadors.

Troupers, established in 1940, seek to further physical education, exhibit student activities fostered by the University, help develop student talent, and stimulate a closer relationship between Kentucky and the University.

Now the ambassadors in grease paint and tights have expanded their show case of talent to include "shows" at Frankfort, Louisville, Kentucky Village, in hospitals, and in high schools all over Kentucky.

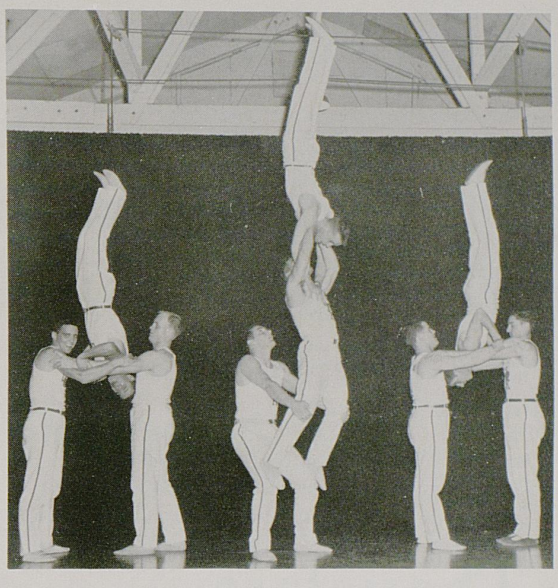

The officers are Dave Ravencraft, president; Doug Grant, vice-president; Marcy Burman, secretary; and Shirley Johnston, treasurer. Scottyle Johnson is corresponding secretary.

The Marching 100

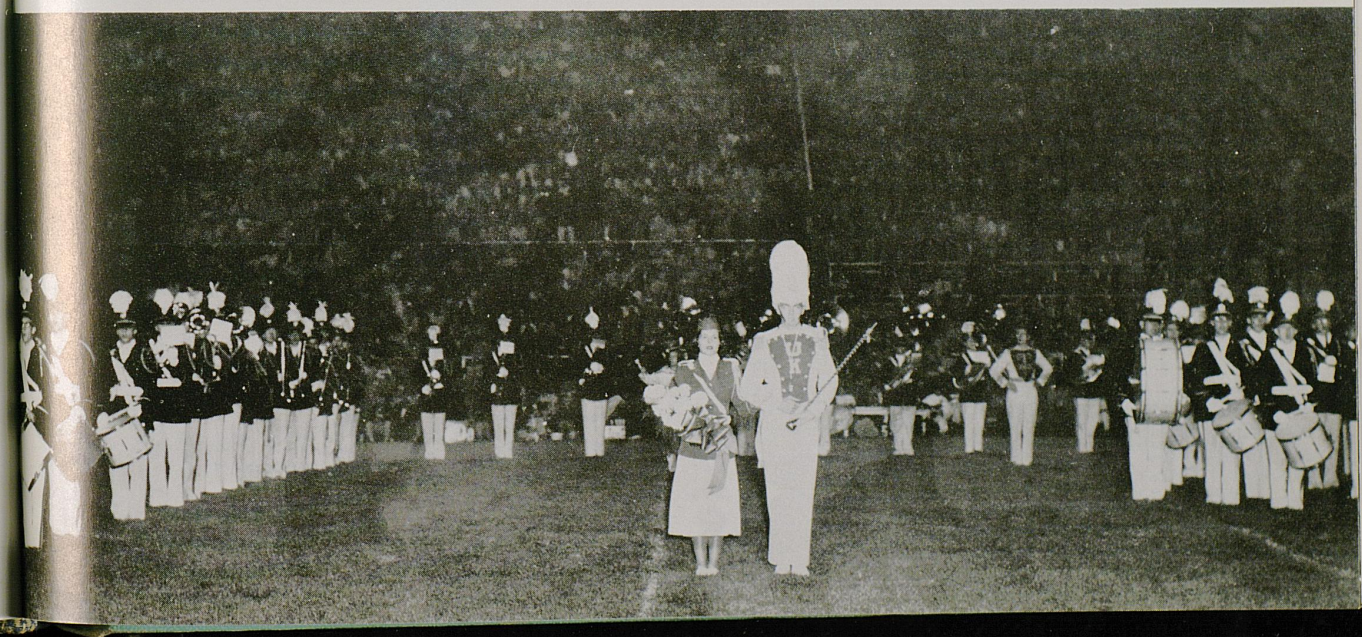

In 1936 the University of Kentucky Marching 100 was tagged the "Best Band in Dixie," by an Atlanta sportswriter. This season's all male organization of the 100 has ably lived up to that traditional title. The band members have taken the title bestowed gratis, and made it into a title de facto. They have clearly demonstrated their right to the superlative with precision marching and intricate formations.

The band appears at all Kentucky home football and basketball games, as well as playing at the Kentucky Derby, commencement, and several important state parades.

Band director and faculty director is Warren Lutz.

Band officers are J. E. Owens, president; Jim York, vice-president; and Ray Rector, treasurer.

This season's sponsor was Coral Evans, with Roy Woodall as drum major. All baton twirling was handled by Don Wilson, Donna Wilson, and Jack Young.

YWCA

The Young Women's Christian Association is an organization of college women seeking understanding of the Christian faith and its implications for them as students and citizens. It works in close relationship with the YMCA. Each week the YWCA has a Tuesday evening program or discussion. Many of its members work in community service. The YWCA seeks understanding of what it means to be a university student, what the Christian faith has to do with social life, marriage, community responsibility, world affairs, and citizenship. It encourages attendance and sends students to various seminars, work projects, and conferences both during the school year and the summer.

The Freshman Y meets as a group on Tuesday evening during the fall semester, and presents a series of programs.

The YWCA also supports the Dutch Lunch Club, a luncheon group for town girls and commuters, and, with the YMCA, sponsors the Cosmopolitan Club which, true to its name, is made up of American students and students from many other countries at UK.

Officers for the year were: Barbara Roberts, president; Pat Gray, vice-president; Julia Holtzclaw, secretary; Lenore Baber, treasurer; Joyce Laase, executive secretary; Lucile Clay, deputy treasurer; Donalene Sapp, finance chairman; Patsy Vry, world affairs chairman; Bette Newton, membership chairman; Marilyn McNulty, race relations chairman; Diana Gray, campus service chairman, Joyce Walters, social chairman; Betty Jo Fritz, worship chairman; Peggy Kelly, community service chairman; Betty Gabehart, Freshman Y adviser; Sue Maggard, foreign student advisor; Joyce Adams, publicity chairman.

Founded at DePauw University on April 17, 1909, it has since grown and expanded to include professional chapters, and is now the national journalism fraternity. The University of Kentucky Undergraduate chapter was installed on January 5, 1956.

Here's a close-up of one of Howie's greatest catches. No wonder he is All-American!

Who tallied that touchdown? Tip: He was UK's 1955 All-American.

Kentucky 7
L. S. U. 19

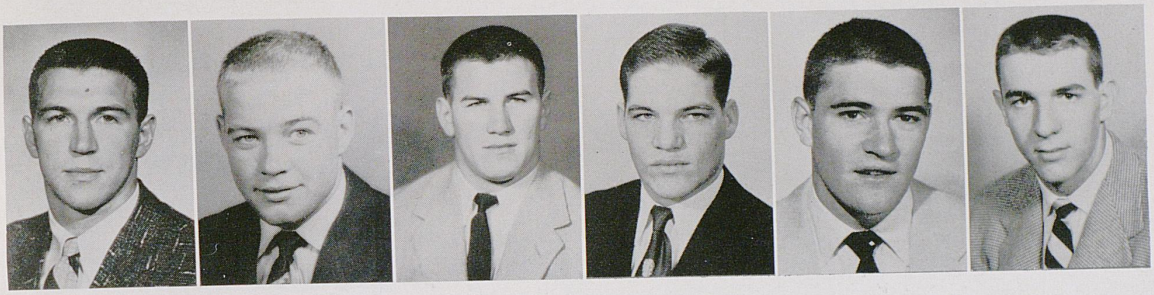

Strange things happened during Kentucky's 1955 football season.

It was an unusual year, one filled with suspense, heartbreaks, laughs, and surprises. And was it a year of excitement? Man it was!

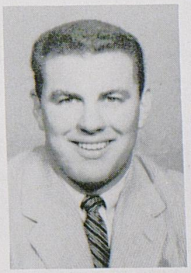

The Cats had too much of one factor as the season began. An overabundance of publicity, too much praise, and the feeling of no-one-can-whip-us seemed to be in the Wildcat camp. Coach Blanton Collier's kids soon realized though that they had a long rough road ahead of them before they could live up to their pre-season notices. LSU did a lot to supply that understanding.

The Tigers met Kentucky in Baton Rouge possessing one idea; to send Kentucky home with lowered heads. They accomplished their mission. UK could never get a firm hold in the southern soil of Louisiana. A pair of six pointers dropped in on Kentucky from the sky and a 95 yard kickoff return plus an extra point did the trick. As one Wildcat guard put it, "they just outplayed us." Yep, that 19-7 score wasn't a fluke. It was LSU's win and Kentucky's defeat.

Kentucky 21
Mississippi 14

Hail the King!

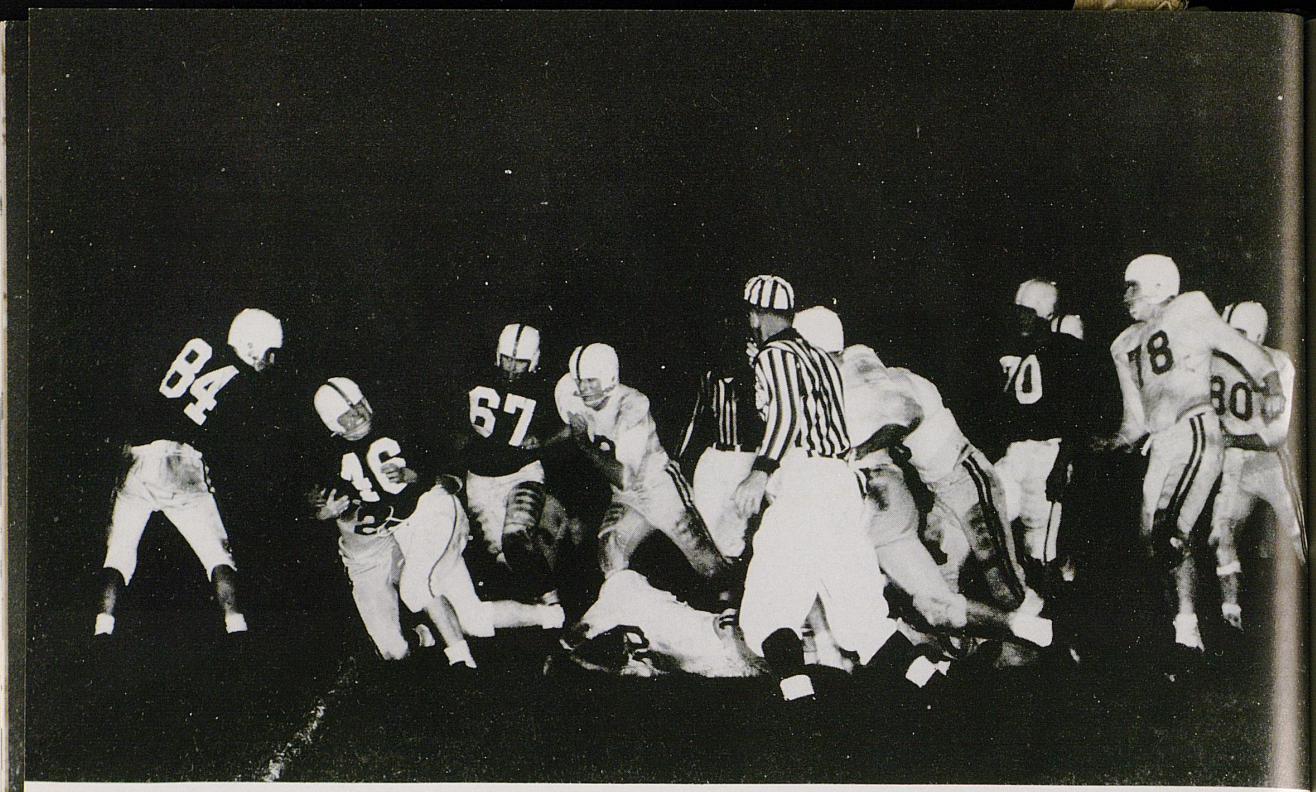

Sir Rebel of Ole Miss was in Lexington. Holder of the 1954 SEC trophy, Mississippi flew into the UK homestead to meet Kentucky in what was expected to be one heck of a fight. It was!

A quarterback duel sent 36,000 spectators in McLean Stadium into an era of fantasy. But a crazy airplane pilot almost sent the crowd into hysterics, as he buzzed the field, once, twice, thrice, and more.

Kentucky was all their press clippings had predicted. Only a week late in getting started, the Cats improved on each play. In the final period UK was a symbol of sports fame to the state and a sound of dread to Mississippi.

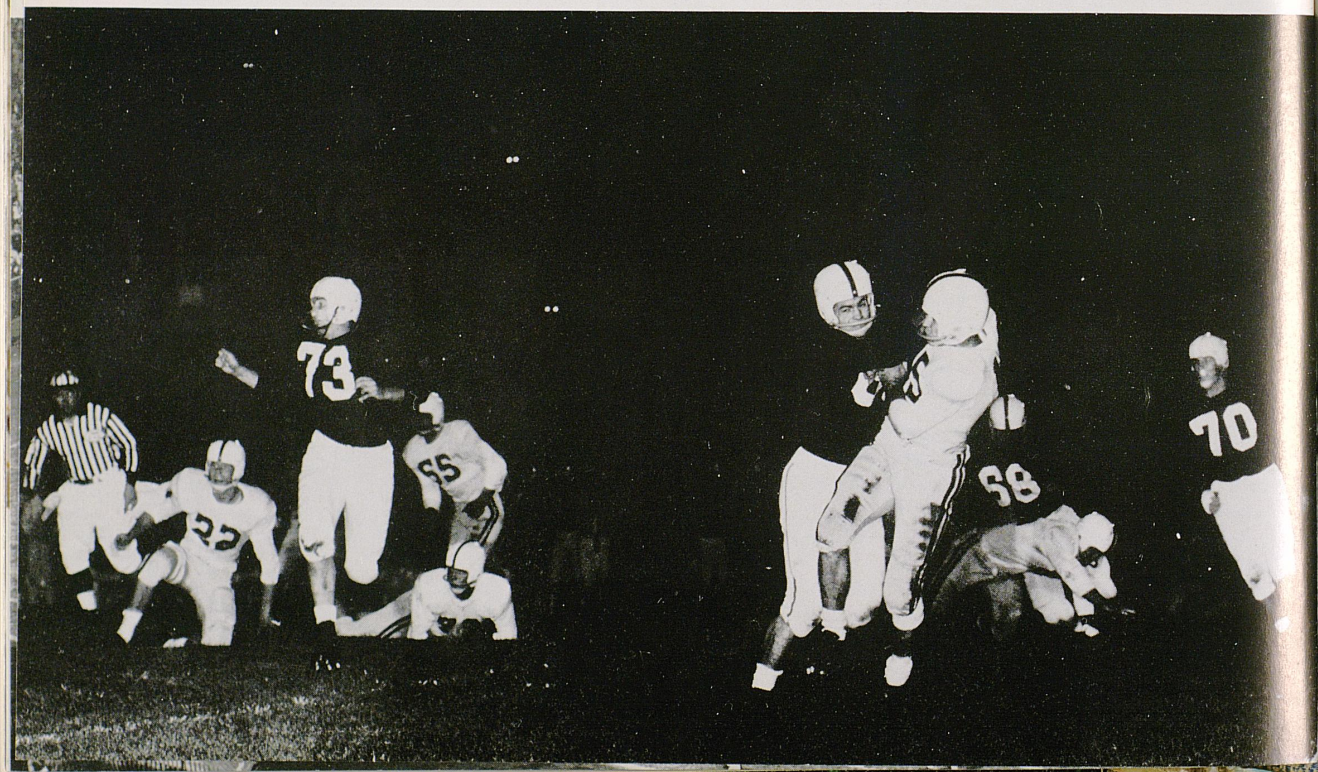

Kentucky scored, Mississippi scored. The half ended. Mississippi scored, Kentucky scored. The third quarter ended. Kentucky scored, Mississippi squirmed, the game ended. So did the Rebels' hopes of an undefeated season.

Yes, sir, Hail the King. King Kentucky for the night. Incidently, this game was the only black spot on Mississippi's record for 1955. Even TCU, Southwest Conference champs, fell before the Rebels in the Cotton Bowl.

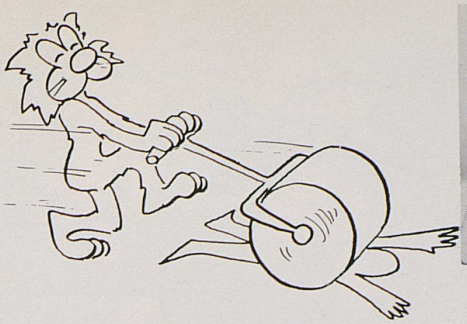

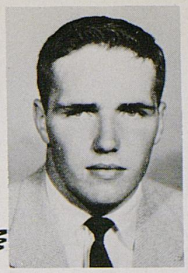

Hardy to Dougherty . . . and look at that pass protection.

Number 69 is Callahan . . . those white-shirts are Kentuckians, think I took the wrong route!

Kentucky 28
Villanova 0

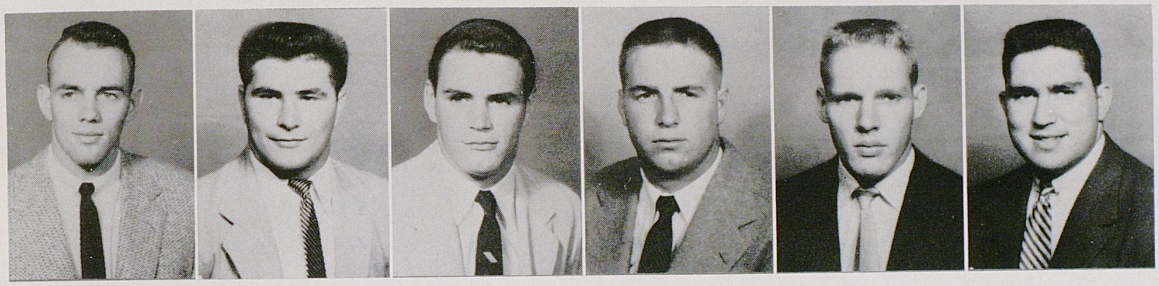

Scheduled as the host team but finally having to play on Wildcat soil, Villanova added more bacon to Kentucky's frying pan.

Late developments caused the UK-Mainliner tilt to be played on Stoll Field and Cat fans witnessed a sweet 28-0 Blue victory.

Coach Collier cleared the Wildcat bench after Bob Hardy and Howie Schnellenberger had led their teammates to a quick two touchdown first half domination. All-American Schnellenberger proved his worth that night by snagging seven of Hardy's tosses for 110 yards.

The game was filled with individual standouts. Dave Kuhn intercepted a Mainliner pass saving a possible Villanova TD. Don Netoski averaged over nine yards a carry, Bob Phillips ripped off a 15-yard touchdown run, Delmar Hughes' sure foot was perfect on extra point boots, and UK reserves had a field night with their outstanding fourth quarter defense that smothered the helpless Mainliners.

Kentucky 14
Auburn 14

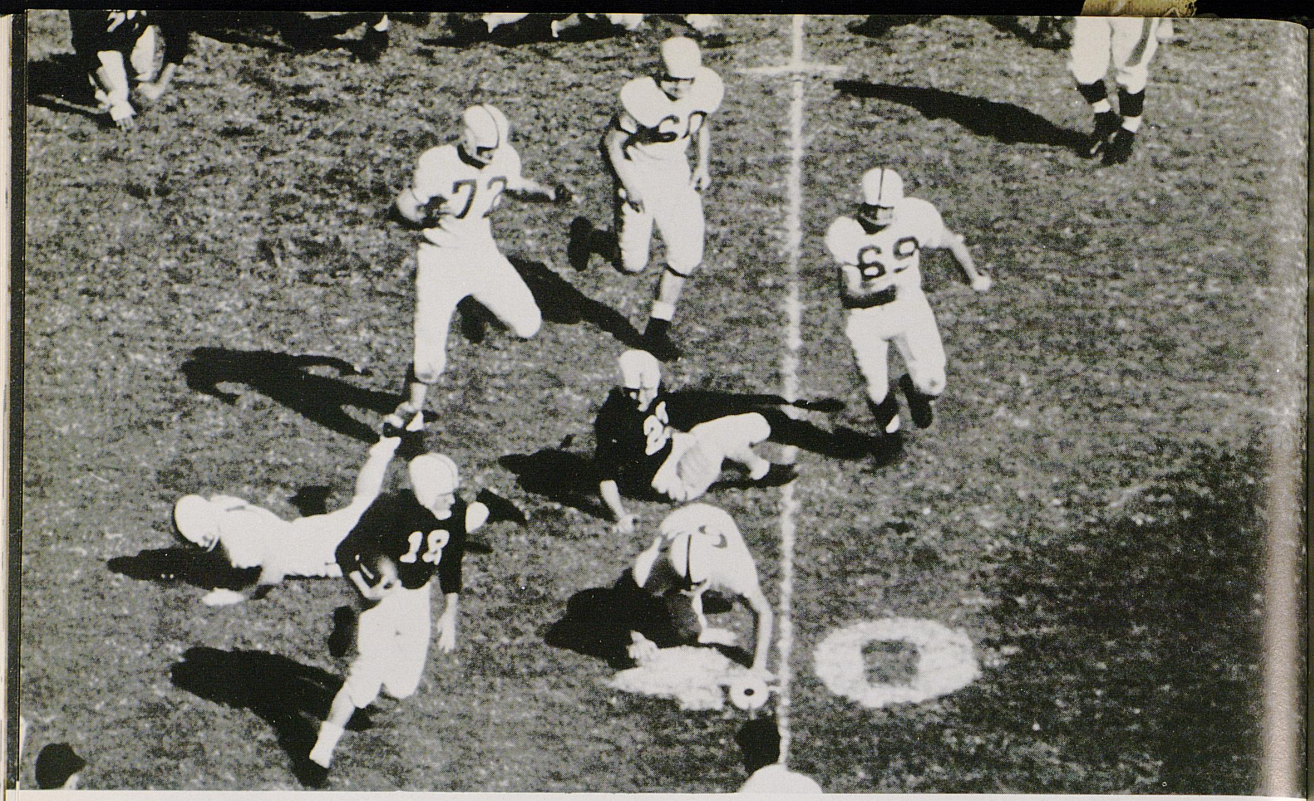

War Eagle!

That's all you could hear in Birmingham. War Eagle was the Auburn cry and even hotel bell-hops were uttering this direful chant.

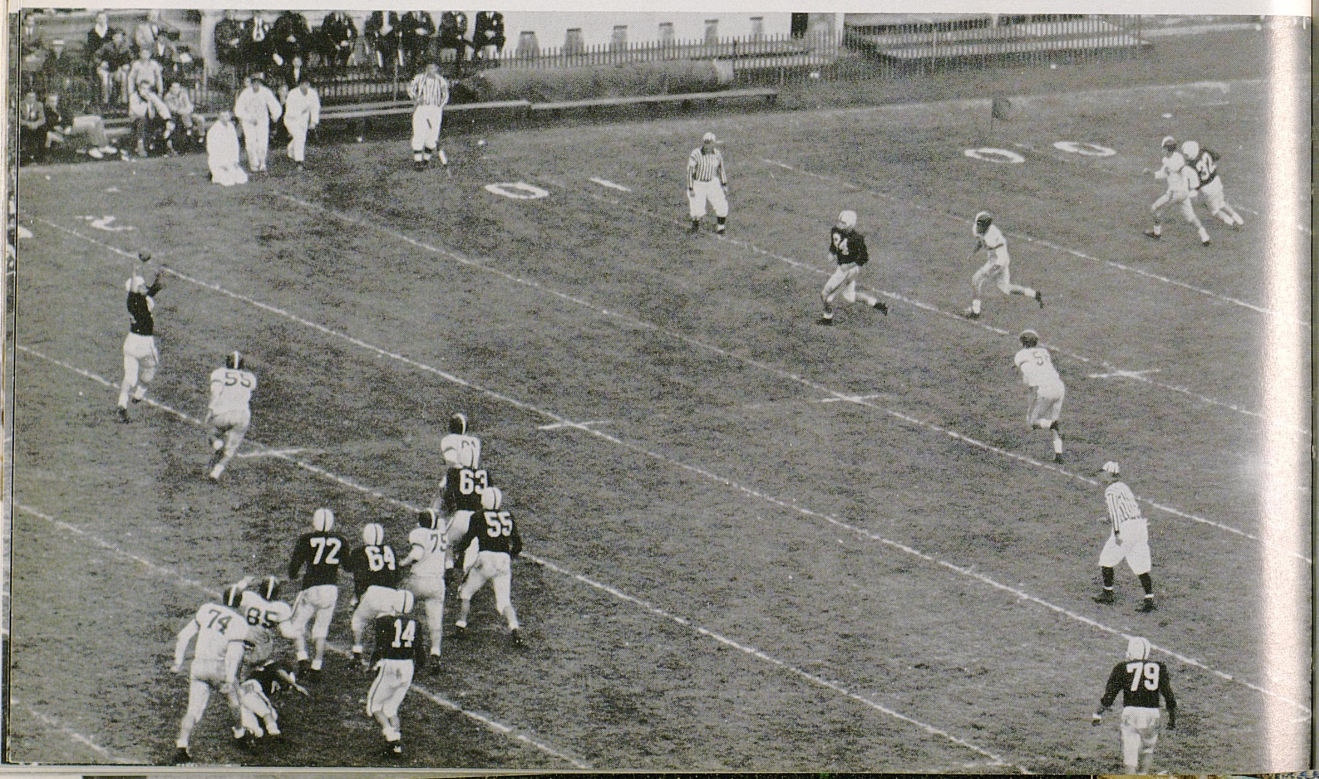

The Plainsmen were favored to whip Kentucky. Collier's band had everything against them but took all odds in stride.

First, there was the hot weather. Kentucky wasn t as used to it as was Auburn. Secondly, the Alabama spirit was to such a high pitch that the Plainsmen team couldn't help but be exceedingly keyed up. Factor number three was the trio of field goals that could have wrapped up the contest for Auburn. The fourth obstacle was that Kentucky had to come from behind to tie their opponents. And finally, fans may note that Auburn's extra-powerful land machine penetrated within Kentucky's 20 yard line twice during the last quarter only to be turned back. The game was a tie, yes. But all considerations point to more than a moral victory for UK.

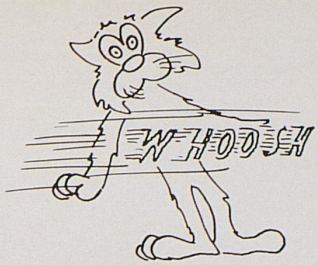

A little more blocking the next time, huh fellows!

And when you go down, stay there

Kentucky 14
Miss. State 20

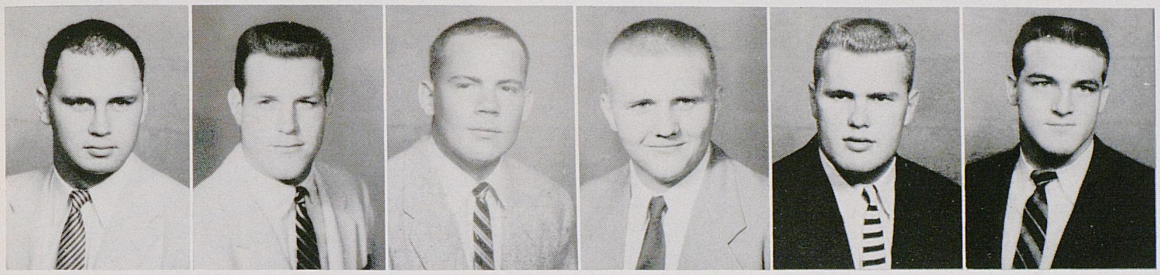

My, my, my, what a turn of the tables!

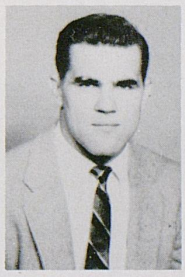

Mississippi State taught Kentucky a lesson that won't be forgotten for a long time. They sent the Cats off Stoll Field licking a disgusting 20-14 wound. UK had the game in the bag, so they believed, until a State pass good for 83 yards and a TD proved otherwise.

The Wildcats were leading State 14-13 after a hectic three and one half periods of bruising football when a Mississippi quarterback fired a pass upfield from his own 17 to halfback Bill Morgan. The Maroon speedster gathered in the ball on UK's 47 and jog-trotted the remaining yards into the end zone. Morgan added more fuel to the fire by booting the extra point and Kentucky found themselves hanging from a ledge overlooking a pit of defeat.

Kentucky 10
Florida 7

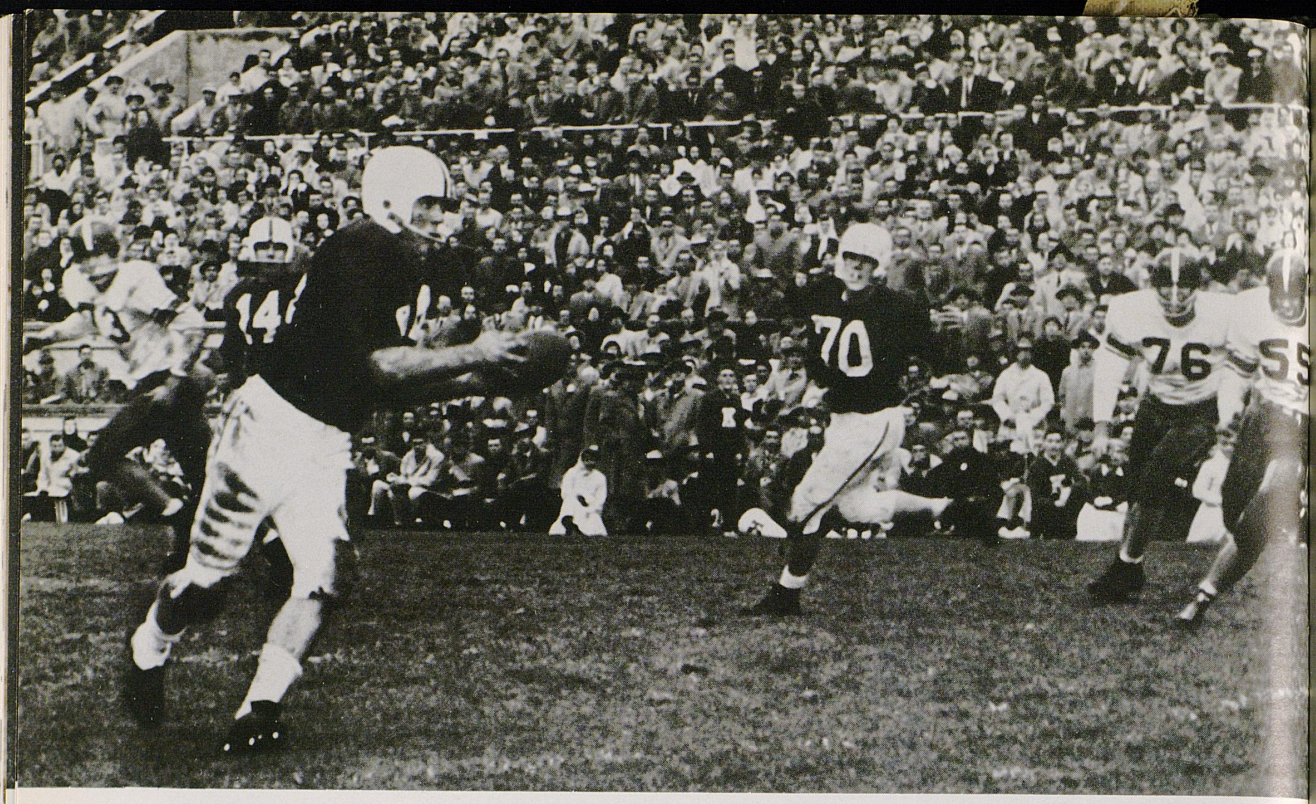

It took a near blind man to win this game but he was blind in the eyes, not the toes.

Junior quarterback Delmar Hughes, suffering from facial injuries received earlier in the game, booted a 28-yard field goal in the final 38 seconds to give Kentucky a three point win over the Gators of Florida.

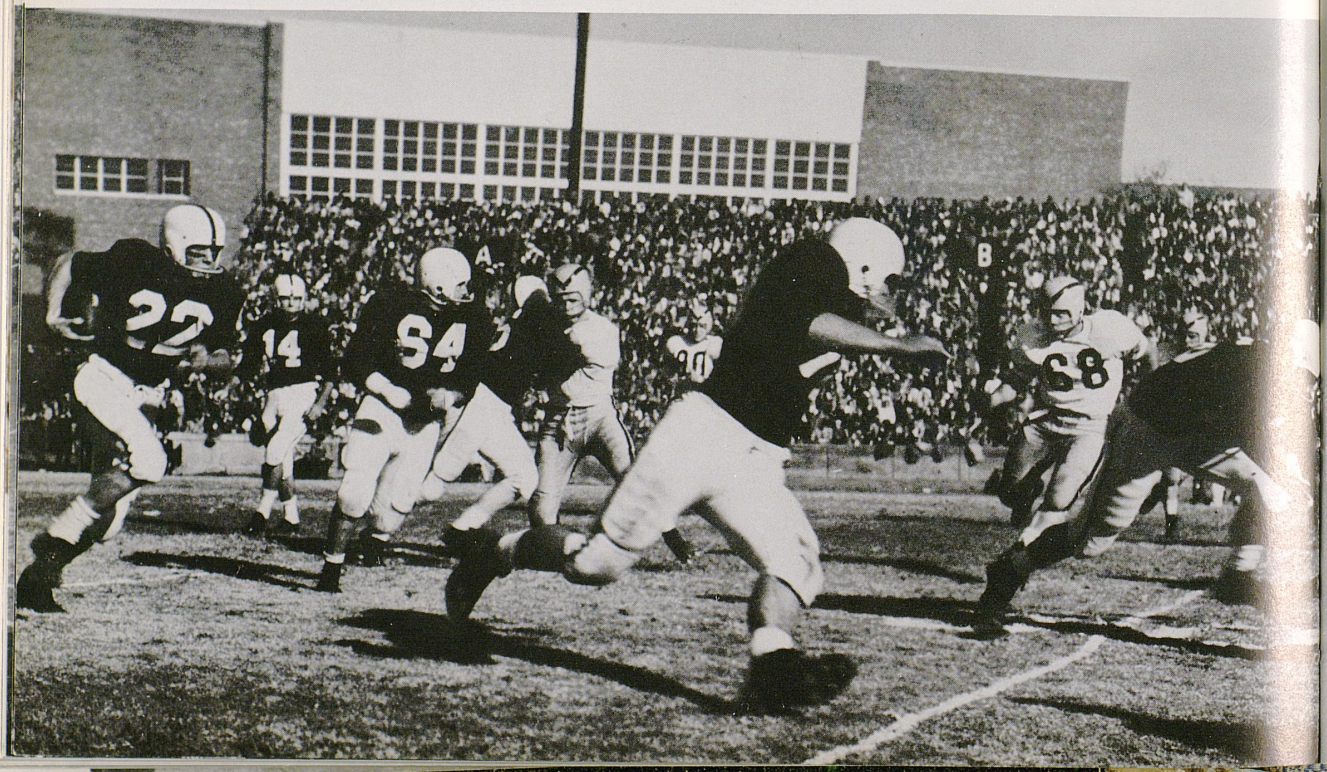

Kentucky held a seven point margin against Florida all during the first half. Early in the third period, Florida capitalized on a UK fumble but threw away a chance to score as Dave Kuhn intercepted a pass. Again Kentucky fumbled and again Florida couldn't make a strike. UK bobbled the ball for the third time and this time the Gators slid into the end zone.

Another tie game was in the picture. Neither team could do much but slug, kick, fight, or gain penalties. Then the final minute began to tick away. Kentucky came close to the Gator goal post as ten seeing eye dogs guided and protected Hughes while he attempted his field goal. He couldn't see much of the post as he planted his foot into the football but experience had taught him that guts often mean more than ability when the chips are down. That kick was good. And thank goodness Delmar will be with us next season.

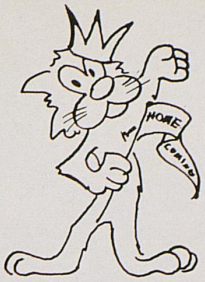

A pitch-out to Dougherty and he's off to the races.

Moloney had blocking on this run. But it was one of few that Vandy let him have.

Kentucky 20
Rice 16

Last week a field goal decided the game and this week a field goal almost ruined Kentucky's homecoming. As had been the story all season, UK made the final seconds the wildest.

Only three minutes plus remained in the final quarter when Bob Hardy sprinted 12 yards to score and pull Kentucky from behind a 16-13 deficit.

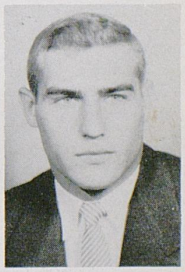

Opening the game with a touchdown as soon as they got their hands on the ball the Cats held the lead only for seconds. Rice, on the ensuing kickoff began a march which ended in Kentucky soil. Early in the third quarter Rice pulled ahead on a field goal but Dick Moloney reversed the markings with aa 43 yard TD jaunt.

Just after the final frame began Rice tallied another seven points. Then Mr. Hardy, behind some fine blocking, headed to the left toward the goal line, picked up two tacklers, and plowed home to hand Kentucky its fourth win of the season.

Kentucky 0
Vanderbilt 34

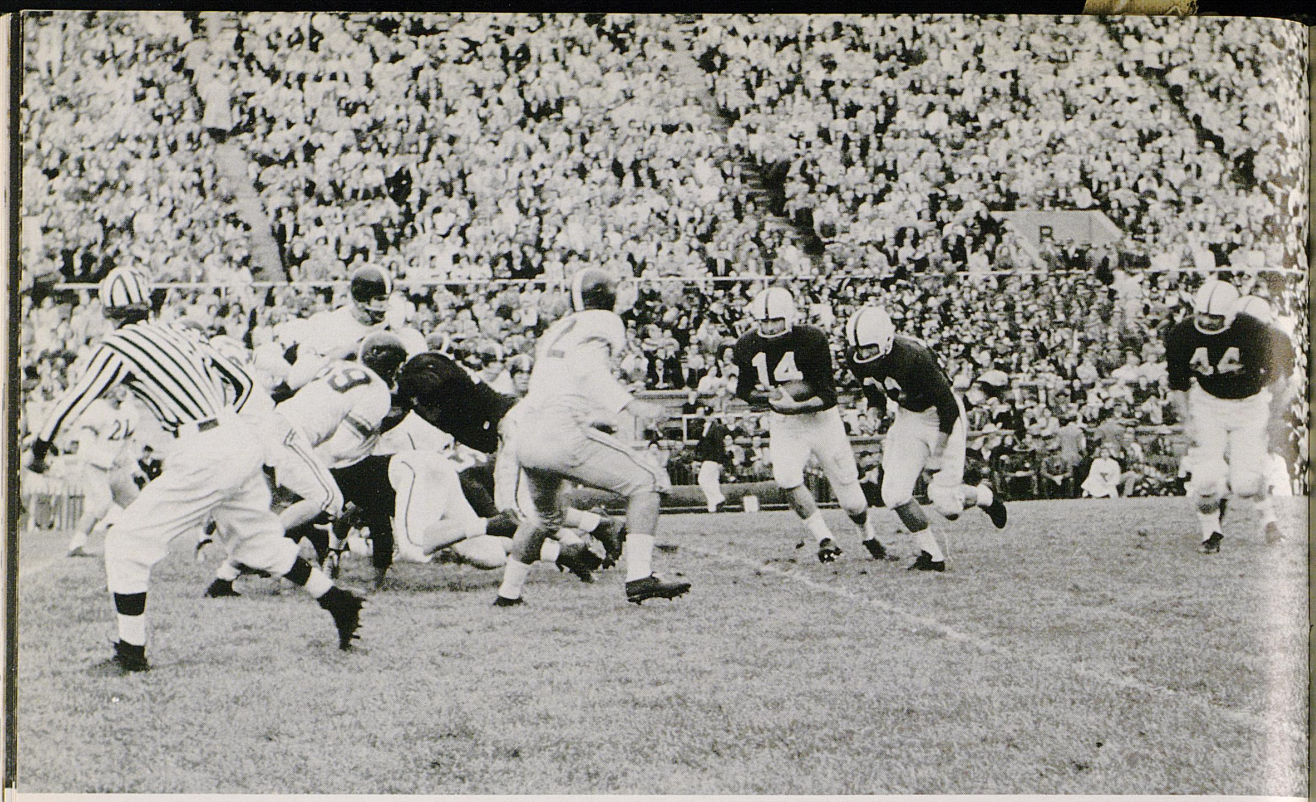

This space should be left blank.

Three touchdowns by Vandy's Charlie Horton murdered UK. Kentucky went to Nashville with a team full of injuries but that didn't cause the November massacre. Vanderbilt was primed to kill Kentucky. Not since 1945 had a Wildcat team suffered such a defeat.

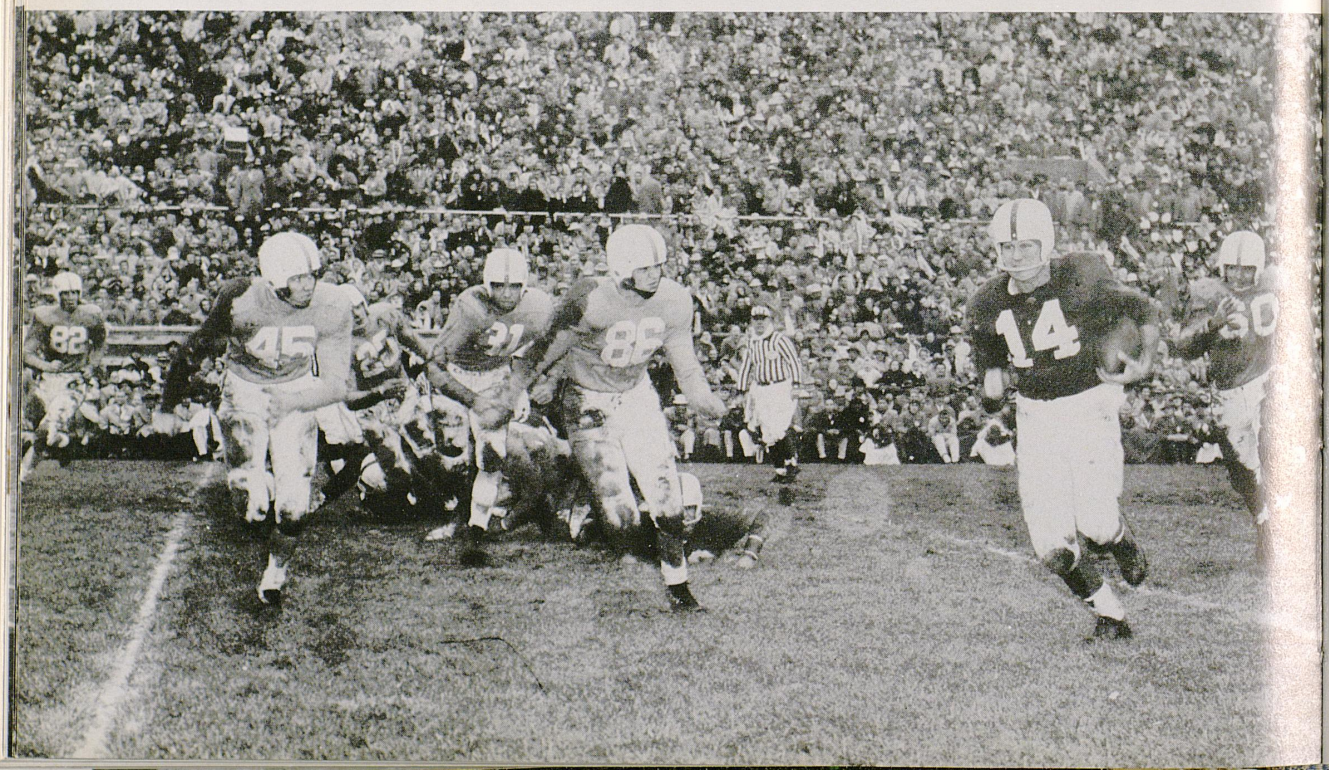

Fullback Bobby Walker was lost for the rest of the season. Bob Hardy suffered a head injury. Delmar Hughes and J. T. Frankenberger were already out of the lineup.

Two penetrations by Kentucky, one to the Vandy 24 and the other to the 21 were the lone bright spots from this angle. The hosts dominated play in every situation. They ran a total of 56 plays from scrimmage as compared to 35 for UK. They gained 250 yards on the ground. Kentucky managed to squeeze in 72. Oh, what a headache Wildcat fans had that Saturday afternoon, and that night.

He may keep and he may pitch out . . . better hit him though and just hope!

Bob had a field day against these lads. And that's Michaels (79) looking for another victim.

Kentucky 41
Memphis St. 7

After watching the first half performance of this contest Kentucky fans began looking around for buyers of their Tennessee game tickets. Cat backers didn't think they could stand next week's UK licking.

But a ball game is made up of two halves, not one. At intermission, UK went into the dressing room with a seven point lead. An hour later the same braves went back into the dressing room with a 34 point margin. Those fans who had sold their Vol tickets at halftime spent the remaining part of the afternoon trying to buy them back.

In the final quarter Memphis State was torn to pieces. Kentucky was ahead 21-7 when Dick Moloney scored on the first play of the fourth period. Minutes later Billy Mitchell set up and scored another TD. Another six points and Kentucky packaged State. From there on, all eyes squinted toward Tennessee. In the meantime more than eyes were looking toward the Vol state. The next day a pair of Blue Tick Hound eyes were squinting under the Kentucky sun. Oh, what a week!

Kentucky 23
Tennessee 0

From the pages of rivalry between Kentucky and Tennessee, the year 1955 is a book in itself.

It all started with a hound dog and ended with a dog tired band of Vols who had been hounded to death by a Wildcat.

Chapter one tells how Tennessee was getting tougher, tougher, tougher, and tougher, and then tougher some more. In fact they were supposed to be tough.

Chapter two deals with that old hound again, plus a certain shelta-like fraternity which we won't mention.

Chapter three. . . . "Initialed haircuts, interstate travels, and paintbrushes; not to mention a free issue of Kernels on the UT campus, police escorts, a worn out Dean of Men and other sidelights."

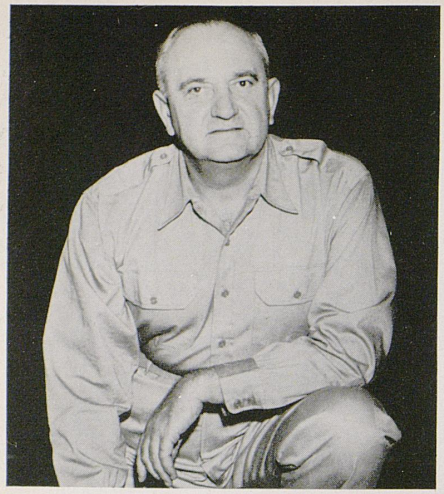

Chapter four. . . . "Kentucky's gigantic, spectacular, superduper, immense, stupendous, and magnificent production, The Pep Rally."

Chapter five. . . . "UK 23—Tennessee, er, uh, ah, oh, well by golly they were here a little while ago."

Chapter six. . . . "And the Cats will do it again,

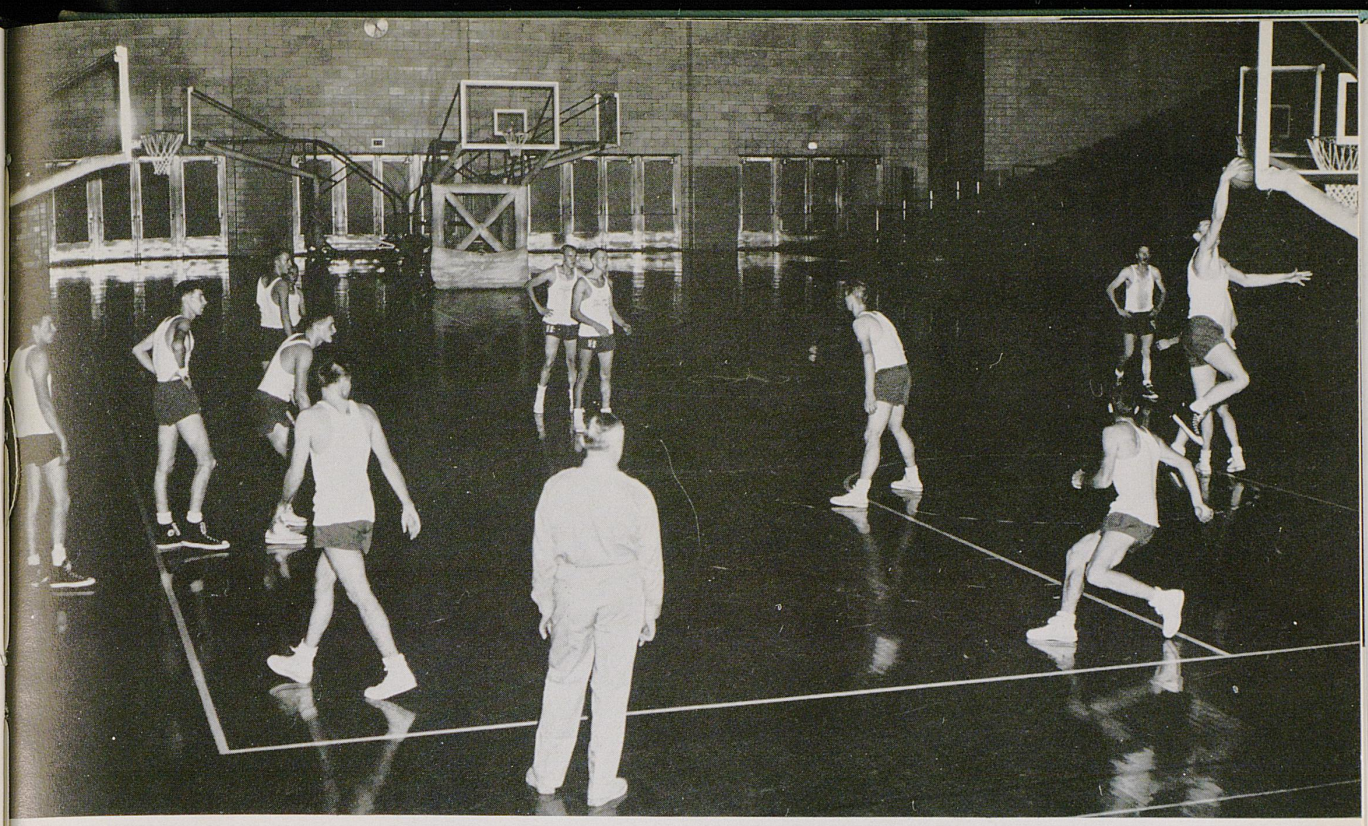

They'll clip the Vols right on the chin,
Not to mention the nose and chest,
But let's wait 'till next year to see the rest."

WE HOPE!

K

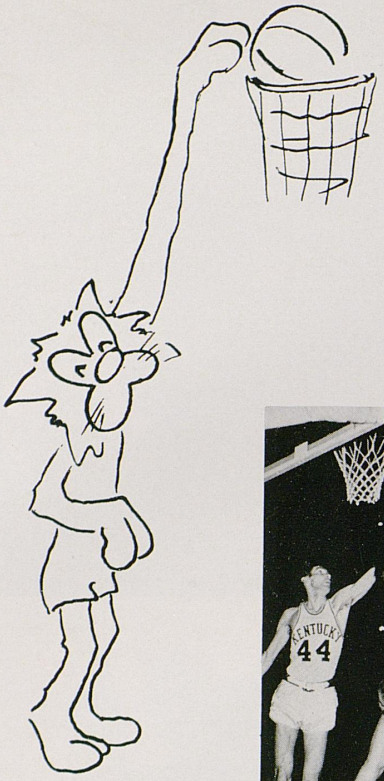

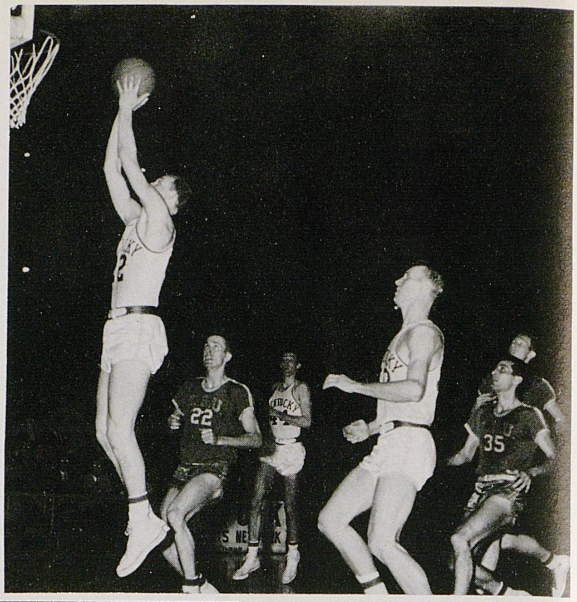

Basketball

It's mighty unusual for Kentucky not to cop a host of first place medals during any of its basketball seasons, but for 1955-56, that just wasn't the story.

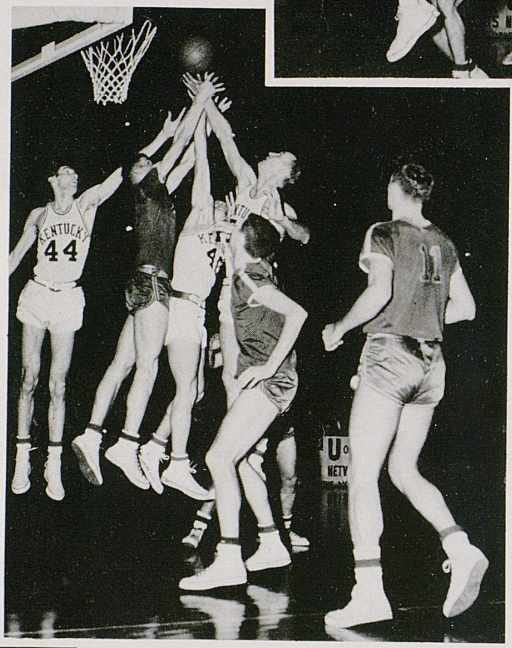

The Wildcats had to be contented with four, second-place records. They placed second in the UKIT as Dayton toppled them 89-74. That night, Bob Burrow was merely a spectator. He suffered with a bum ankle and foot. Kentucky came in second in the SEC, something very strange. Again they hit the number two post by being runner-up to Iowa in the NCAA Midwest Regionals. And finally, UK scored 143 points against Georgia, the second highest major college point total for one game in the history of basketball.

But why cry about a second place? Despite various opinions, UK had a successful net season. A 20-6 record is good. The four places in which the Cats came in second should be something to boast of, not condenm. And look at the individuals: Bob Burrow, All-SEC, All-American, and a candidate for the U.S. Olympic Basketball Team. Jerry Bird, All-SEC plus a member of the College All-Stars who played an 18 game schedule against the Harlem Globetrotters. And Vernon Hatton, SEC Sophomore of the Year. Nope, not so bad after all!

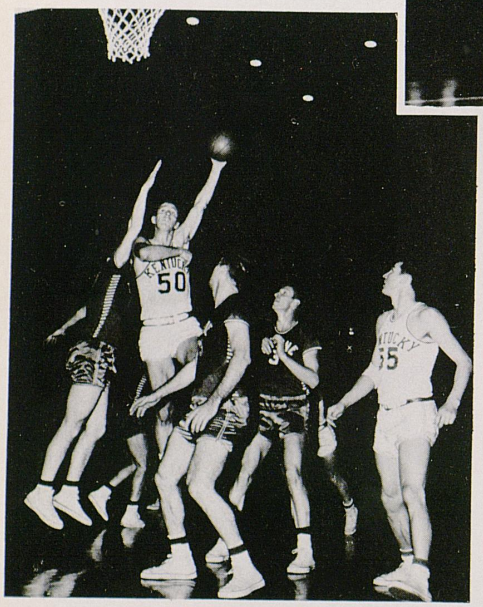

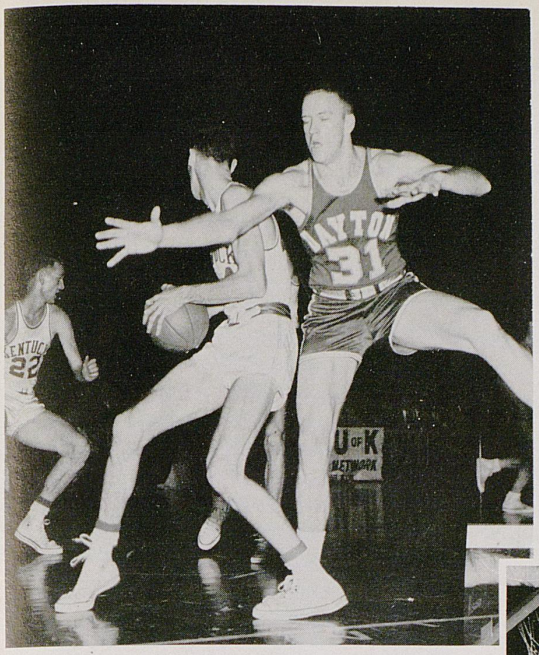

This time it's Jerry Bird's turn to score

Hatton, Burrow and Grawemeyer are in the air.

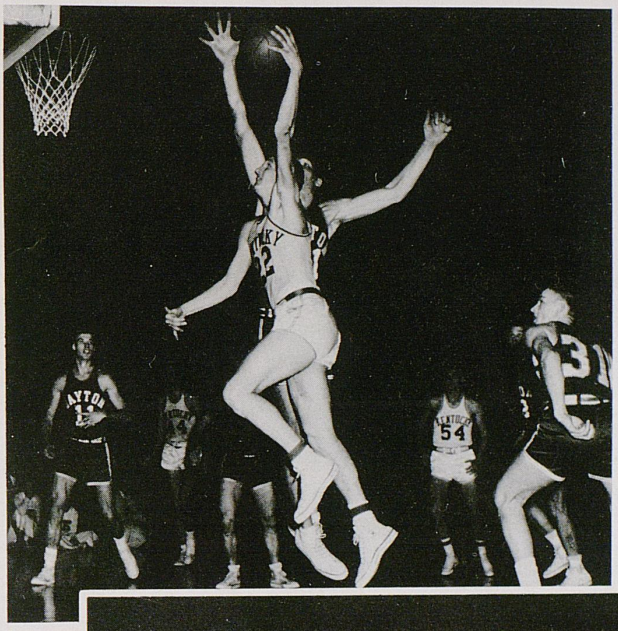

Bob Burrow's famed hook shot.

Cookie has the ball.

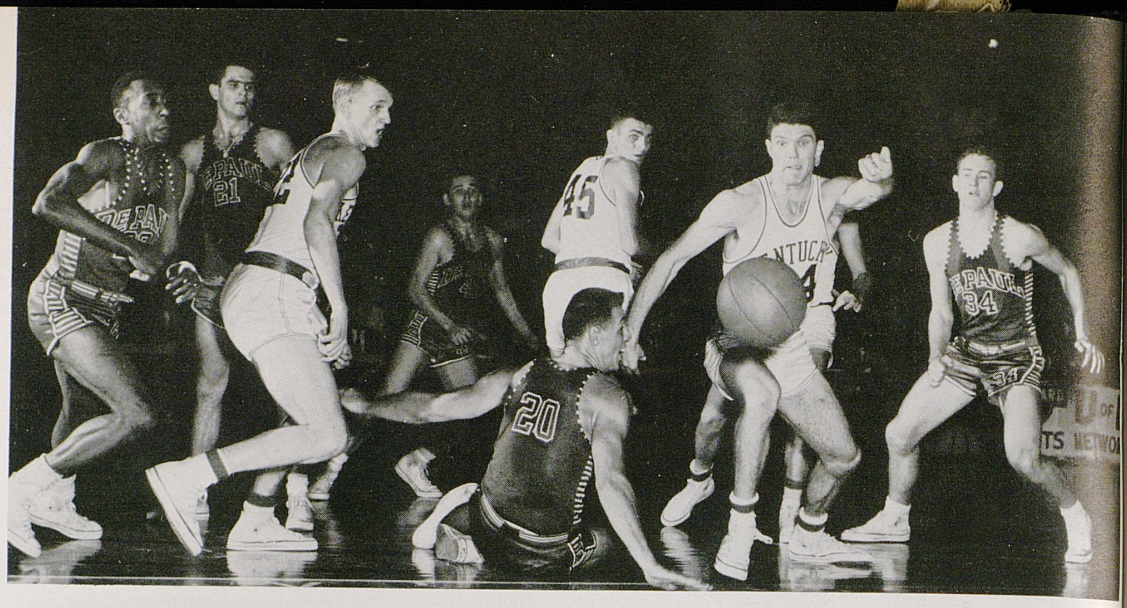

He really filled Burrow's shoes in scoring 34 points against Dayton.

Well, here's another rebound Ray Mills stole from Dayton.

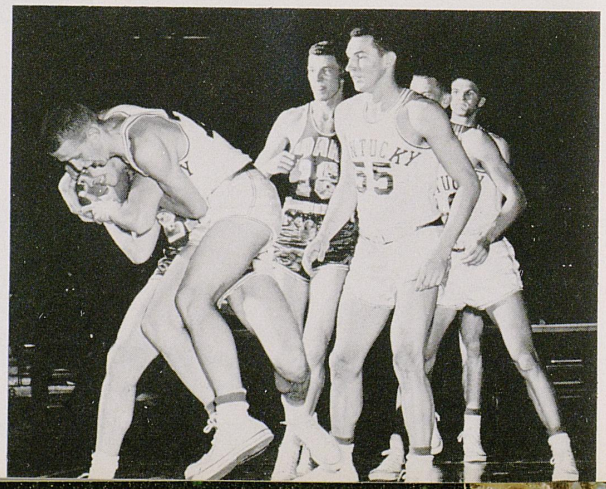

Hypnotized? Nope, just stunned. Beck will snap out of it to grab the loose ball from a tumbled DePaul man.

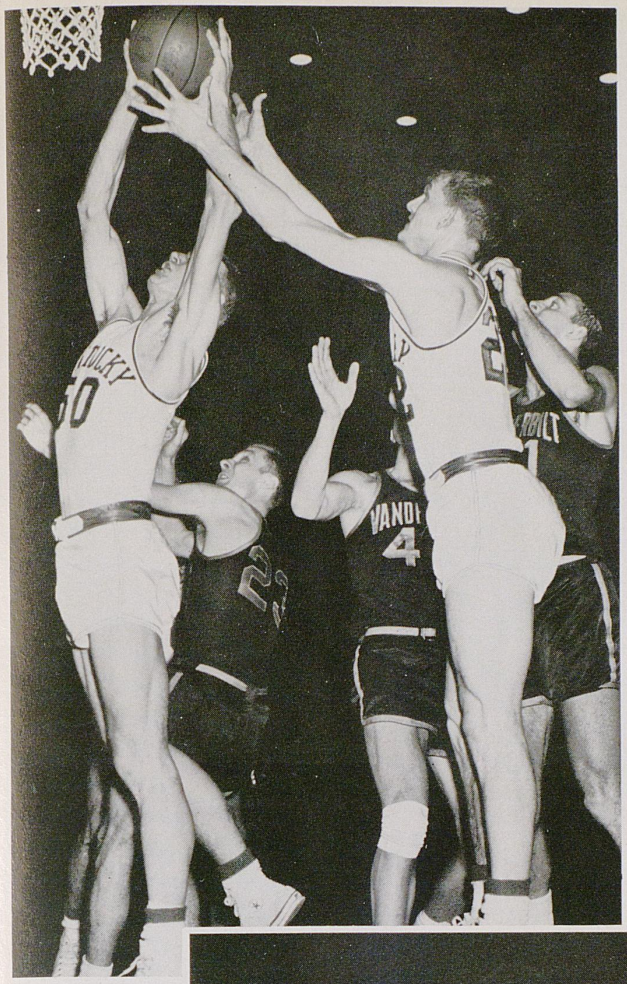

He may be short but he can sure drive.

And in this corner, weighing 178 . . . John Brewer!

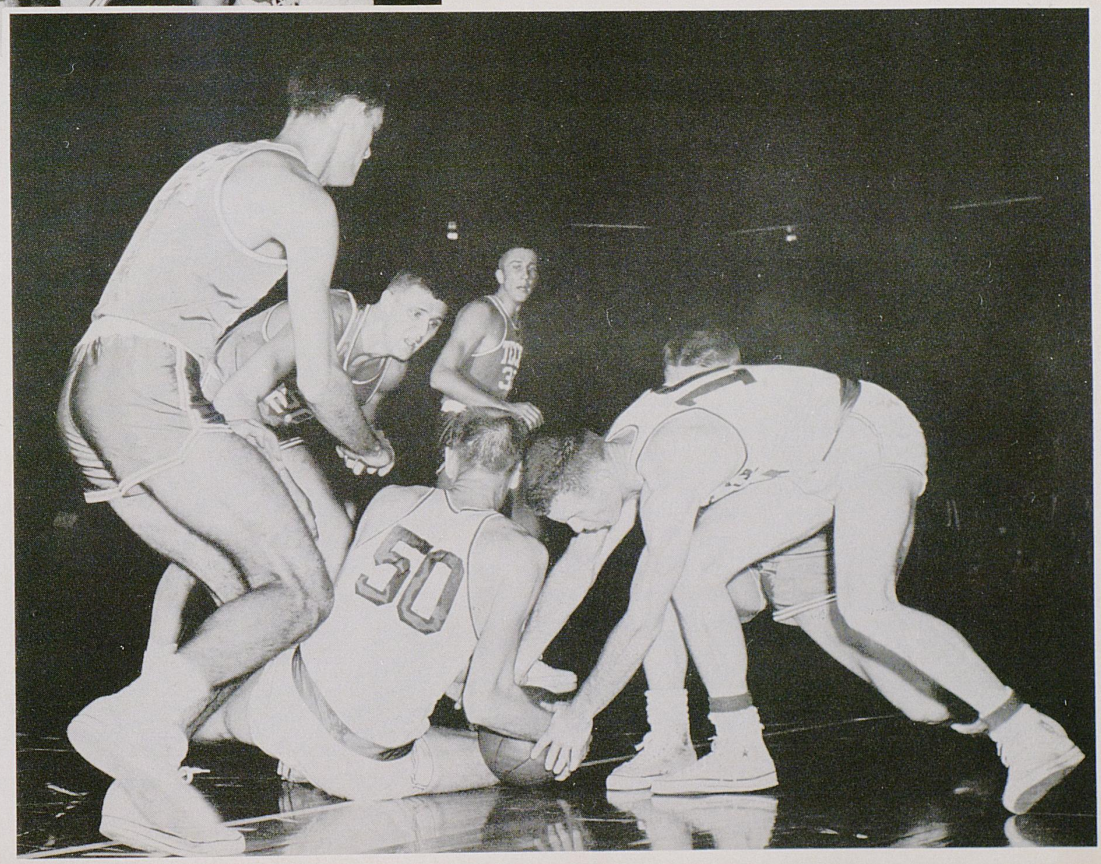

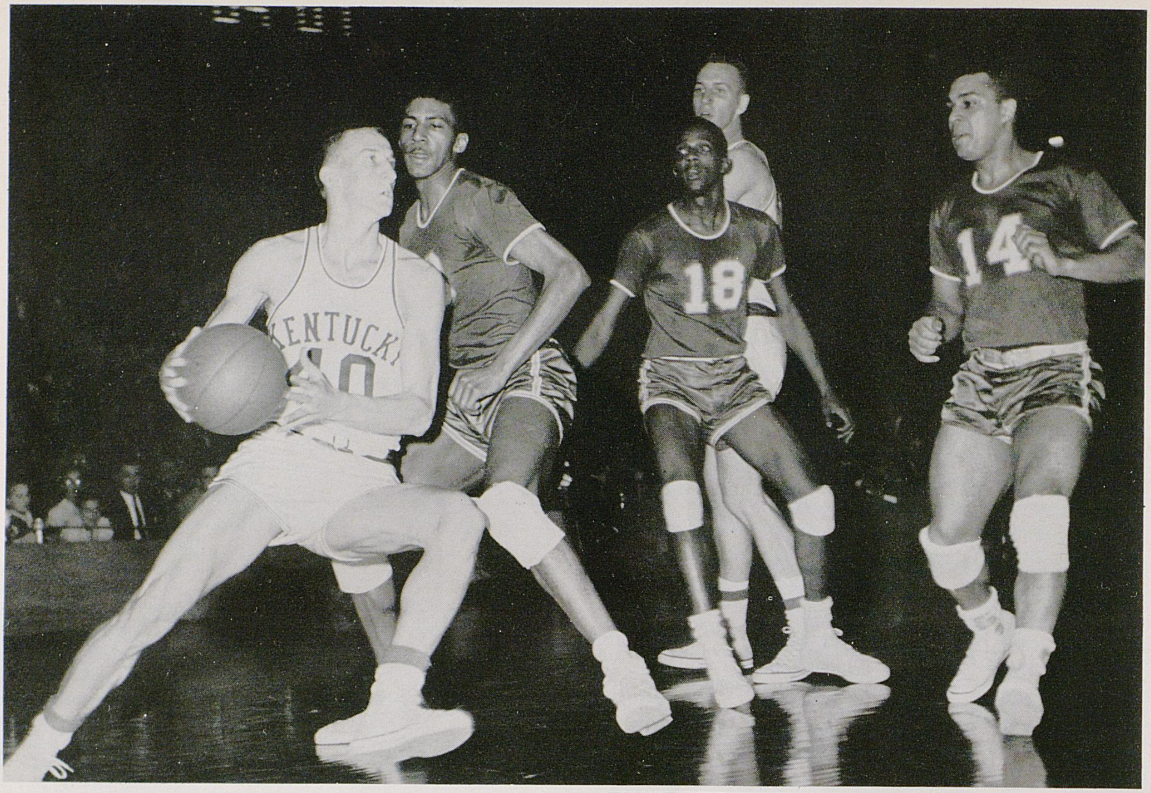

The outmanned Cats sweep the boards against Vandy.

Mighty popular basketball in the Georgia Tech-UK fracas.

SEC Sophomore Of The Year, Vernon Hatton

At an obvious disadvantage, Kentucky attempted to carry the SEC's banner to the NCAA tournament. Alabama couldn't go although they won the conference championship. Number two Kentucky was selected. In the Midwest Regional Tournament UK downed its first opponent, Wayne University, but met death the following night. They were defeated by Iowa who later went on to be runner-up in the NCAA finals. But the loss to the Big 10 champ was felt as a low blow in some circles. Iowa was playing on its home court. And that's just not the right way to handle a national tournament!

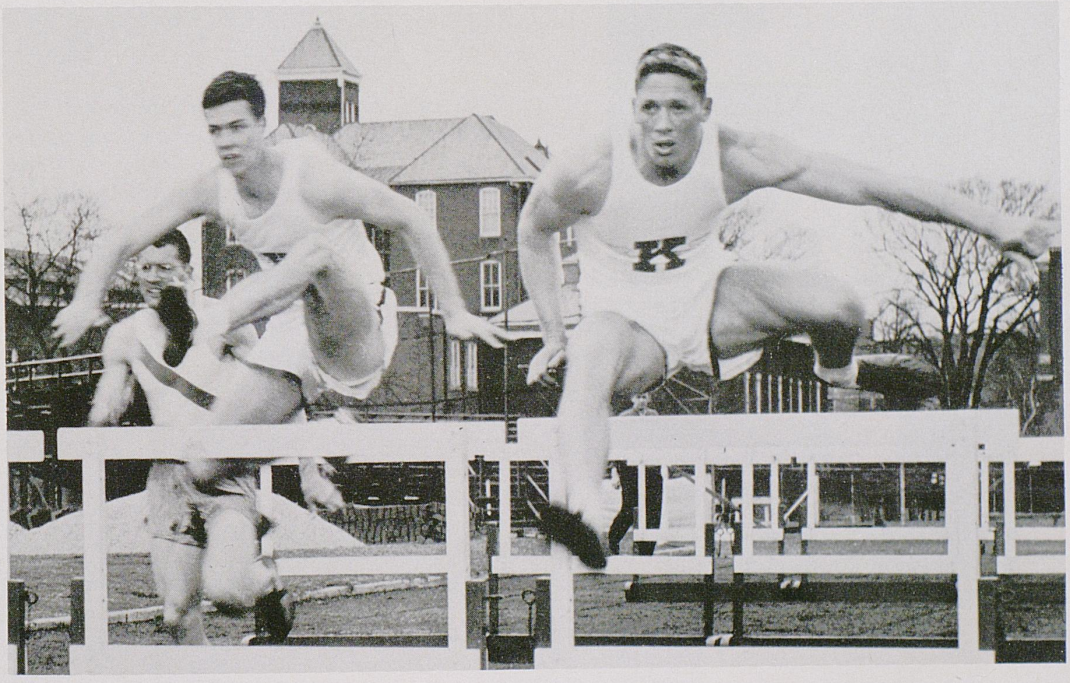

Sometimes though, it's better to stay on the ground.

Track

The return of seven lettermen made track coach Don Cash Seaton "cautiously optomistic" about his spring cinder schedule. Planning to better last year's mark of one victory against three losses in dual-triangular competition, the UK thinlies faced seven engagements plus the Southeastern Conference Track Meet in Birmingham, Ala. An early indication of Seaton's cautious delight was produced from three hurdlers, Dave Cousins, Ray Blesingame and Jim Inghram. Sprinters Jack Brown and Bob Phillips plus Don Bowman added to his glee. And to top off the gayful period there was a reminder that next year Kentucky would have one of the top pole vaulters in this area. Dave Franta, a freshman and the school's first recipient of a track scholarship has already broken University records in his first few months at UK.

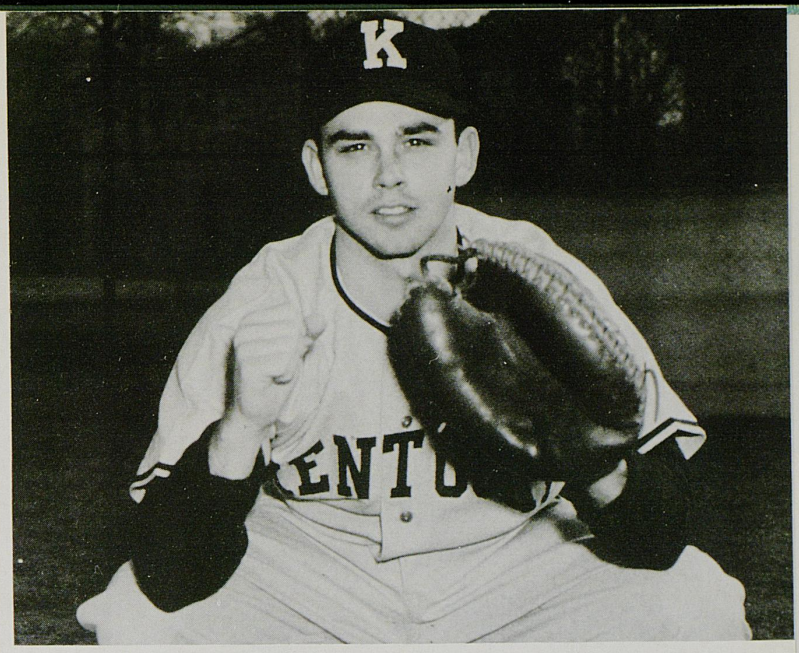

Baseball

In 1955 UK had a baseball record of two wins and 13 losses. However, Coach Harry Lancaster didn't want to live with a mark like that again, so a few changes were made.

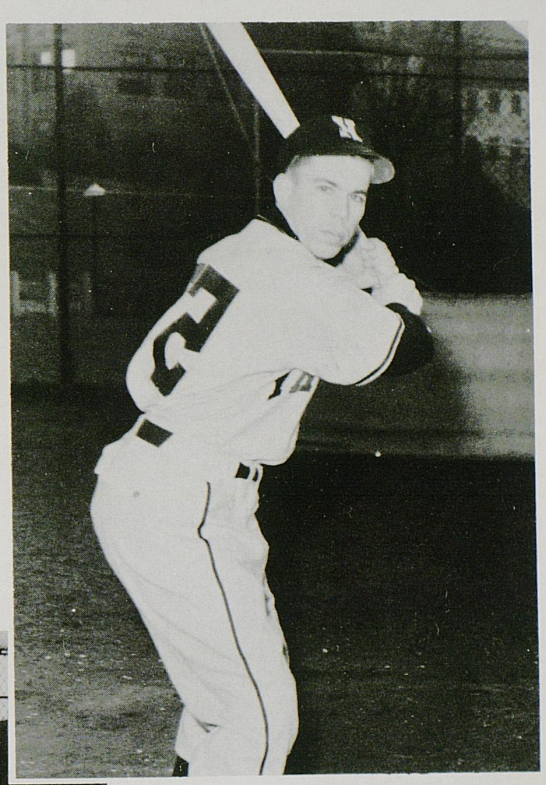

First, the diamond team picked up an assistant, Abe Shannon. Next, they began practice while the frost was still on the pumpkin. Third, a 25 game schedule was arranged for them including a rugged two week Florida-Georgia trip. Ten lettermen were on hand to add muscle to the weak body. For the first time, baseball scholarships were awarded. Freshmen Joe Dawson and James Host, a pair of highly touted pitchers, were the fortunate recipients. So spring of '56 was to find an entirely different picture in UK's baseball album. With much more in their favor than in past seasons there just had to be improvement . . . and plenty of it!

Rifle

Kentucky's rifle team, in their second year of competition in the Ohio-Kentucky Intercollegiate Rifle League, finished fourth in the eight-team conference in 1956.

The riflemen, coached by Col. H. H. Rogers, also finished eighth in a field of 17 in the National Rifle Association regional meet and defeated the University of Louisville in their lone non-conference match.

Members of the team who earned varsity letters were Captain Charles A. Wilson, Manager Wesley N. Simms, Marvin C. Goff, and William J. Lockwood. Donald L. Harmon was the only freshman to be awarded a freshman numeral.

Fencing

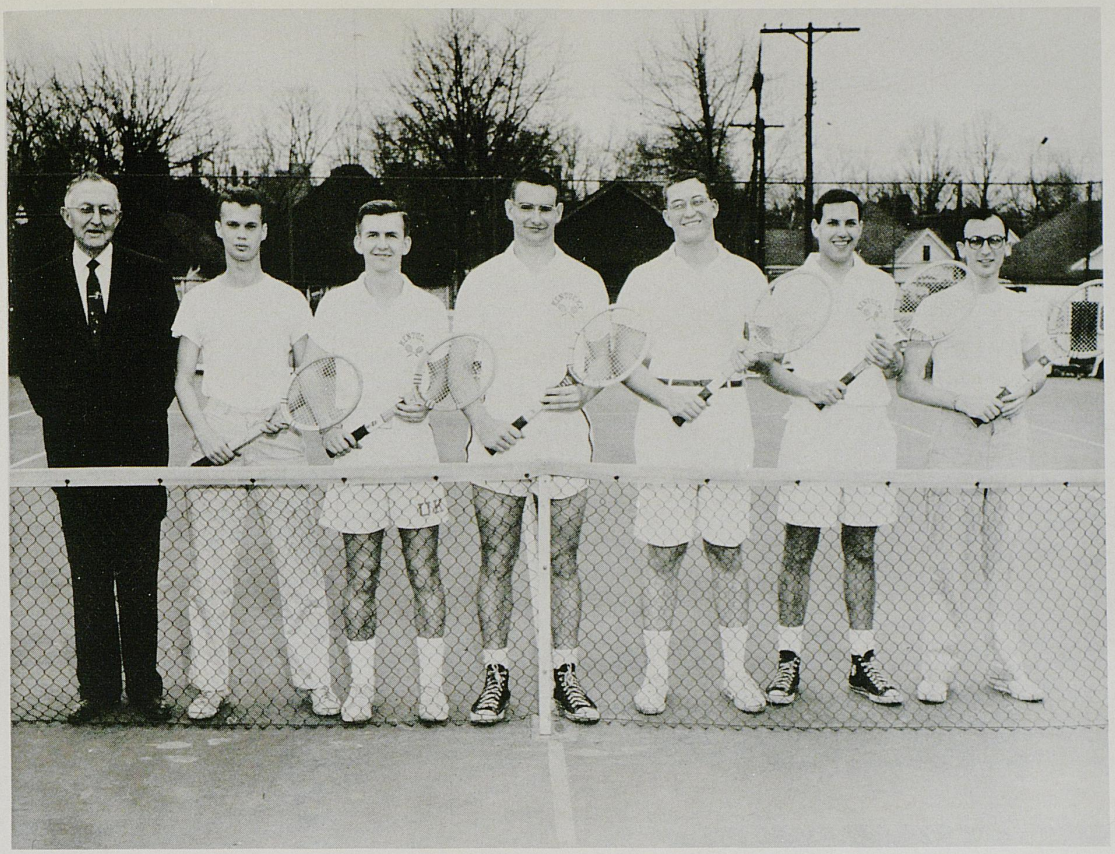

Despite the lack of enough men to constitute a full team, Kentucky's fencers finished in the middle third of the colleges participating in the 1956 NCAA Fencing Tournament.

In the tournament, Captain Charles N. Vittitoe won 14 matches in the epee, Allen Butler won 11 in the saber, and George Park eight in the foil.

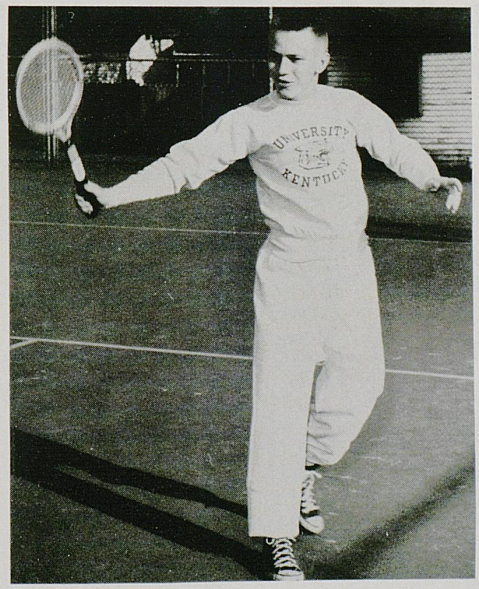

The team, coached by Col. H. H. Rogers, competed in only two matches besides the NCAA—a home and home series with Vanderbilt, which they divided, each team winning at home.

Members of the team awarded varsity letters were Vittitoe, Butler, and Park. Walter G. Hougland and Claude C. Hazlett earned freshman numerals.

Tennis

In the minor sports department, tennis was to take a beating. Dr. H. H. Downing just couldn't foresee much sunshine in the future for his racketmen as the meager roster indicated there would be few faces on the courts. Breaking even on a 12 match program last year Dr. Downing knew he would have to rebuild. Yes, there were some frosh hopefuls but it would take time. So Kentucky just had to face the plight of a not-so-hot-year in varsity tennis. Of course, surprises often occur and the good doctor had arms open for one of any size.

Golf

Kentucky's golfers, under the tutelage of Coach Johnny Owens, were forced to begin the 1956 season with a practically new team, having lost all the 1955 lettermen, with the possible exception of John Y. Brown, the No. 1 man on that team, who is now in law school and who was undecided whether or not to try out for the team.

The 1955 aggregation, which finished with a record of six wins and seven losses, was composed of Brown, Acting Captain Bob Logan, Bob Boone, Bill Buckner, Mike Prunty, Dan Wester, and Joe Johnson.

The 1956 squad, however, was expected to be bolstered by the addition of three new members: John Foster, a service returnee; Gene Spragens, a member of the 1954 team who was out last year, and Hayden Spalding, a transfer student from the University of Cincinnati.

Coach Owens, in preparing for this season's 14-game schedule, begins his sixth year as mentor. His record thus far as coach stands at 38 wins, 31 losses, and three ties.

Kappa Alpha

In 1955-56 the KA's participated in a well-rounded program of social events, scholastic achievement and intramural and varsity athletics.

The KA social calendar presented a wide variety of interesting events. The highlight of the social activities was the ever unique Old South Ball, which was preceded by a parade with the KA's in Confederate uniforms and the secession from the city of Lexington. The Shipwreck Party, Firemans Party, Homecoming festivities, Christmas party for orphans and numerous beach parties made the social calendar complete. The KA's were host for a tea in honor of our new housemother, Mrs. Mary Mitchell and also participated in a reception for Governor and Mrs. A. B. (Happy) Chandler.

We were second place in the intramural standings, having been runner-up in basketball, winner of basketball free-throw shooting and making a good showing in all other sports.

In varsity athletics, prominent men include: Phil Johnson, varsity basketball; Skip Adams, freshman team; Mike Prunty, golf; George Carey, Dan Chandler, Bill Gess, tennis; and Sonny Corum, baseball.

Within the realm of campus achievement and recognition we has a justifiable claim to distinction this year. Among the outstanding men on campus were: Jack Clore, a member of Keys, vice-president of Lances, Lamp and Cross, and rush chairman of IFC; Jim Dundon, a member of the University debate team, Lances, and SGA, president of the Patterson Literary Society, and Tau Kappa Alpha; John Davis, secretary of Keys, Lances, Phalanx, Patterson Literary Society, and YMCA; George Carey, a member of Keys, Tau Beta Pi and the American Society of Civil Engineers; John Whitlow, a member of Keys and Lances; John Chenault, captain, Richard Fenley, second lieutenant, George Adams, first sergeant, Al Peavy, Monroe Hall and Jim Etherton are all members of Scabbard and Blade.

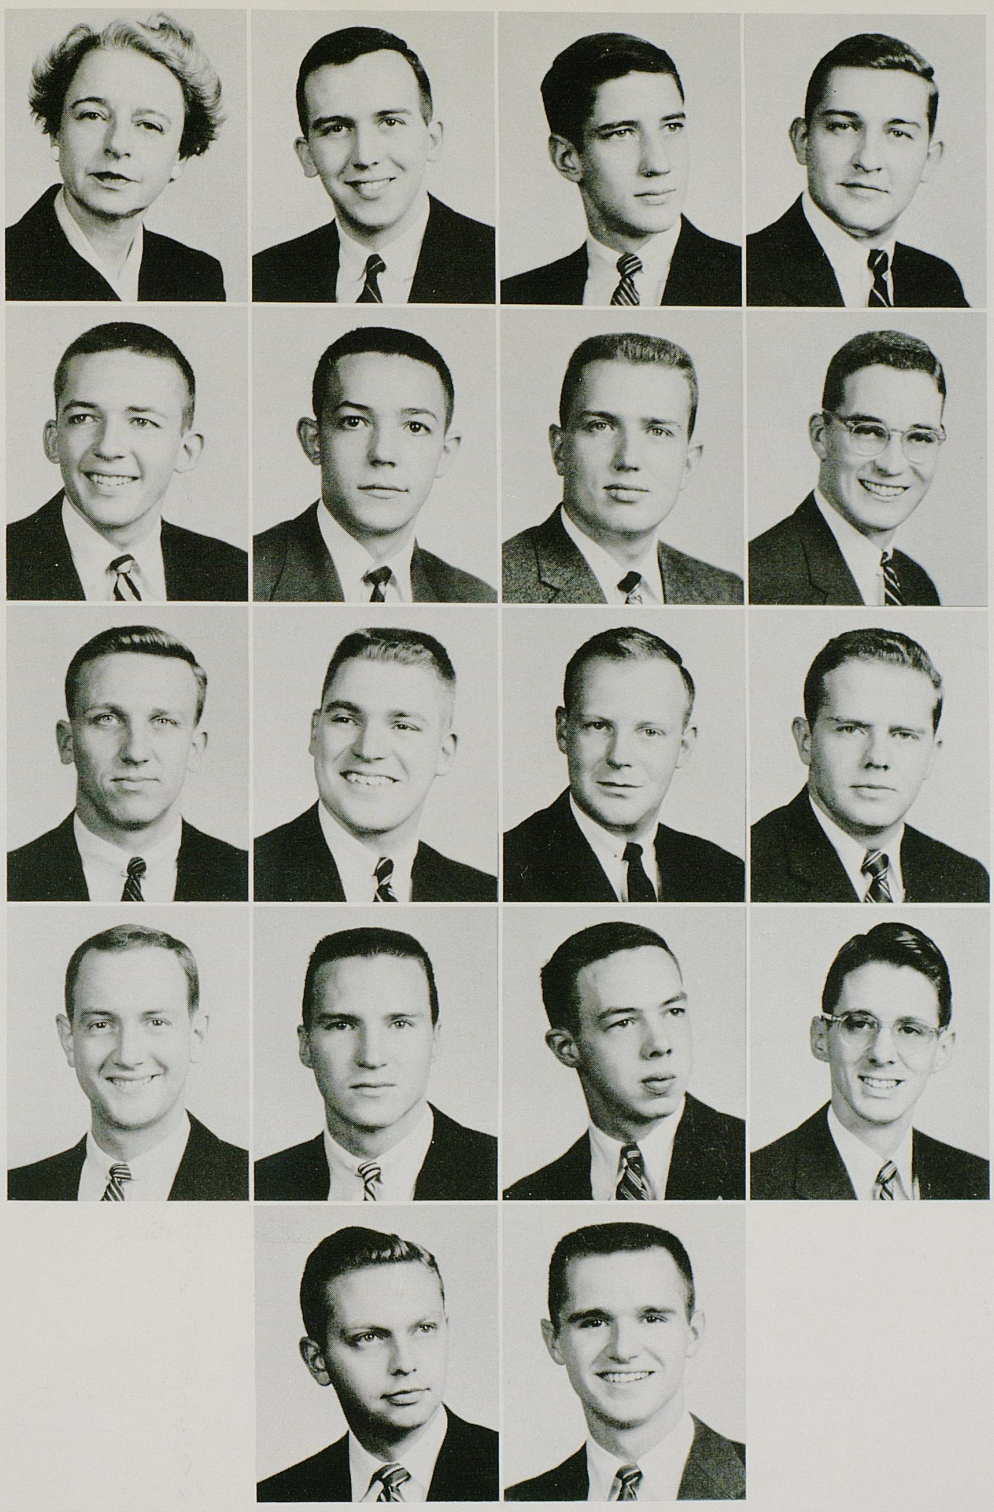

Kappa Alpha was founded December 21, 1865 at Washington and Lee University. Theta Chapter was installed on this campus February 21, 1893 and is the oldest active fraternity at UK. The fraternity colors are crimson and old gold; the flowers are the red rose and magnolia blossom.

Kappa Alpha Theta

The purpose of Kappa Alpha Theta is the development of social, intellectual and moral growth. The Thetas set a new campus record this fall when they pledged forty-one outstanding girls. This was the largest pledge class in University history.

On the other side of the picture, "all work and no play" can never be said of the Thetas. Included on the fall social calendar were a party for pledges and their dates, the Theta dance, which was held the week before Thanksgiving, State Day, a Christmas party for house girls and their dates, a Christmas party at the Old Ladies Home, and of course, a big round of desserts.

Of course Lambda Chi closed out the year's social season with their annual Crescent Formal. This past year the formal was held at Boiling Springs Country Club. Phi Delta Theta

Phi Delta Theta was founded at Miami University, Oxford, Ohio, on December 26, 1848, by Robert Morrison and John Wilson. From this early start the fraternity has grown to some 121 chapters, boasting a membership of over 80,000.

Kentucky Epsilon received its charter in April of 1901 and has enjoyed an active role in fraternity life down to the present time. At present the Phi's have a membership of 62. Since our beginning some 600 Phi's have passed through our doors to add both character and person to our house and have passed to us the tradition we carry today.

Phi Delta Theta's new fraternity house, a sketch of which is shown above, will be strategically located on Clifton, near the proposed "Sorority Row." The modern stone building will be completed by the fall of 1956, which will relieve the worry that one of the parties in the basement of 200 East Maxwell will bring the "splinter palace" down around the not-so-level heads of the Phi Delts.

Capping last year's round of parties was the annual Derby Eve Formal at the Boiling Springs Country Club. A cocktail party was held at Charlie Jett's before the dance. Leslie Morris, chosen Outstanding Phi of 1954-55, was presented an award at the dance. The social season of the fall semester was adequately launched by a hayride to High Bridge, a French Maid Party, and several old-fashioned blasts at the house. The annual Christmas party sent everyone home for the holiday in jovial spirits.

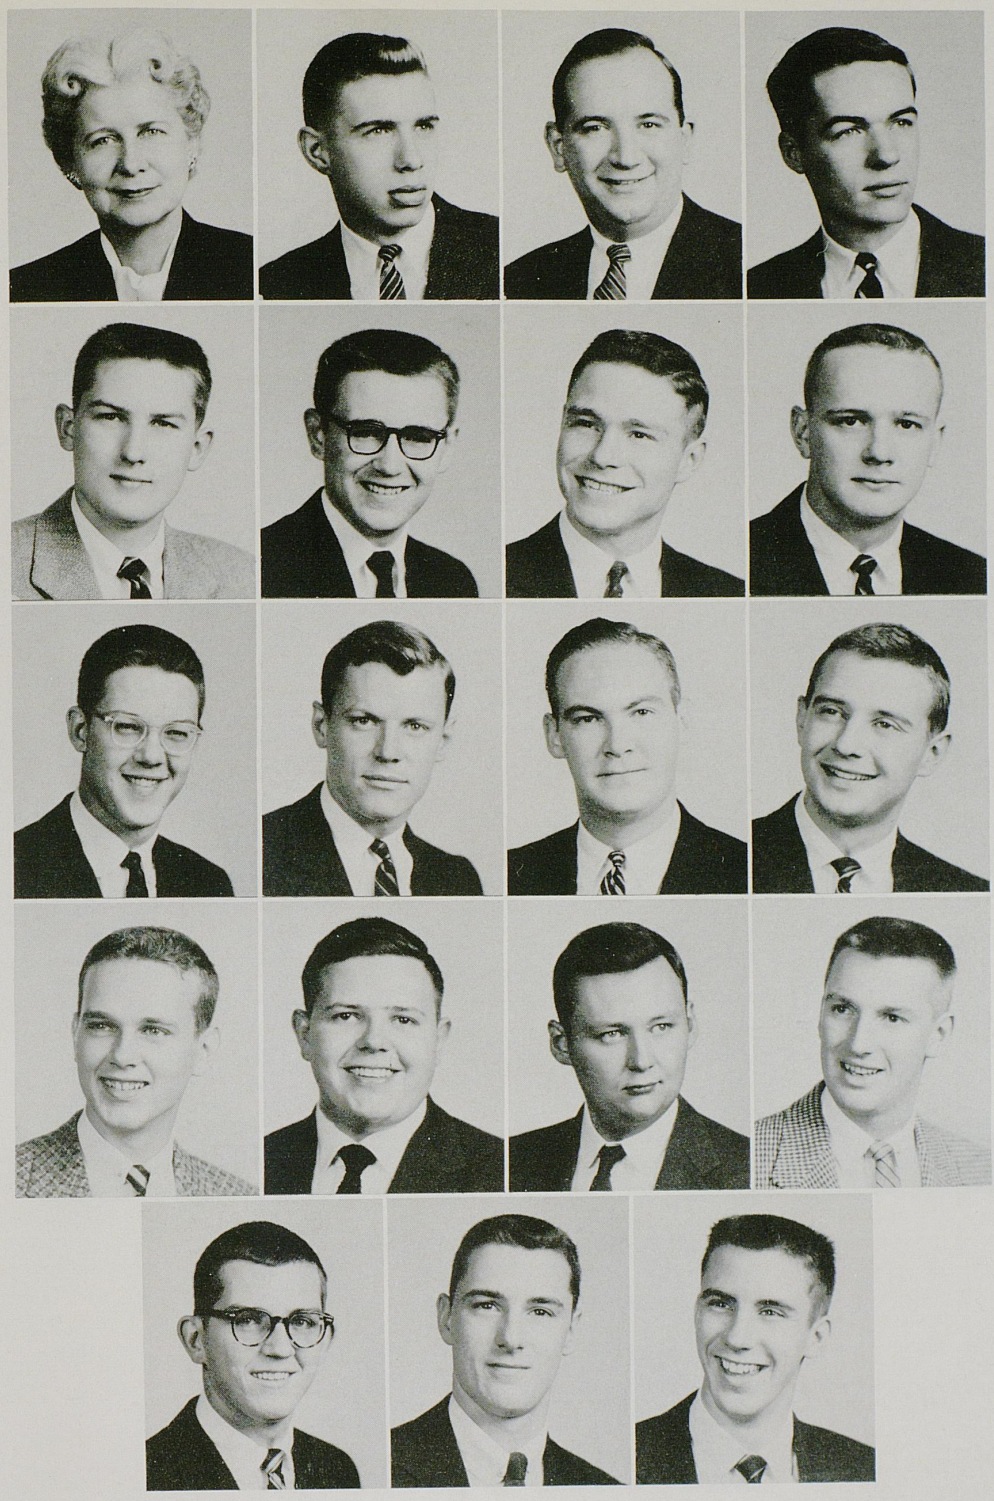

Phi Delta Theta, always well represented in intramurals, pulled down second place in track and the bicycle race last spring. This fall's program was well begun with an un-football team in regular season play. The Phi's placed seven men on the University's varsity team: Maloney and Mitchell in football; Atkins and Teague in tennis; Brown, golf; Rigby and Marston, baseball. Jack Marston won intramural handball this year.

Politically and in campus activities, the Phi Delts are active, having four men in the student government; "Chip" Rice, vice-president; Bill Billiter, Arts and Science Upperclassmen Representative; Walt Currie, Engineering Upperclassmen Representative; and Stan Chauvin, Arts and Science Lowerclassmen Representative. Bill Billiter, present president of the fraternity, was elected to Lamp and Cross, senior honorary, and ODK, national senior men's honorary, as was Henry Bennett. Chip Rice, vice-president of SGA, was tapped for Lances, junior men's honorary, as was Howard Dohrman and Mike Hunt. Bob Lee was chosen for Scabbard and Blade, ROTC honorary. "Deac" Schirmer and Sam McCandless were initiated into Phi Eta Sigma, scholastic honorary for freshmen and Keys, sophomore men's honorary. At last term's graduation exercises Leslie Morris, as Outstanding UK man, received the Sullivan Award.

Phi Kappa Tau

The school year of 1955-56 was a great one for the Kappa Chapter of Phi Kappa Tau. The year produced many leaders on the campus from Kappa chapter. Bill Bubenzer was elected president of Keys while other high scholastic men such as Frank Hamilton, Jim Collins and Bill Young joined the honored group. Tom Brown was initiated into Sigma Gamma Delta, geology honorary, and J. B. Johnson, Bill Young, and Tom Roberts became members of Alma Magna Mater. Tom Preston, sports editor of the Kernel, Ray Hornback, managing editor and Marney Beard, were initiated into Sigma Delta Chi, honorary journalism fraternity. Tom was elected secretary of the newly formed group. Doug Grant was chosen for the spot of vice-president of Troupers. H. T. Jaggers is also a member of Eta Sigma Nu. Jack Young took his place in front of the "Marching 100" as baton twirler. Bill Bubenzer and William Nelson were members of the band too.

Besides producing leaders Phi Tau made its name known in intramurals as it did the previous year when the Phi Tau's captured the second place trophy in all-around participation in intramurals, capturing fourteen trophies. For the third year in a row the Phi Tau's won the basketball championship. In the past three years we have only lost four games. Joe Bondurant was nominated for the all-star fraternity team and led the attack when the fraternity all-stars downed the Independent all-stars. Ray Hornback captured the singles in horseshoes while Gene Neff took second place in the mixed golf doubles. Volleyball and wrestling were other sports where the name Phi Tau stood out. At the beginning of spring the Phi Tau's were in second place in the all-around participation race.

We had our share of social events during 1955-56 as we led off with many "victory" parties. Early in December we held our annual Christmas party at the house with our own Joe Bondurant and his band providing the music. This year we started something new with a Parents' Banquet which proved to be a big success. On March 24 we played host to the other Phi Tau chapters in Kentucky to celebrate the 50th anniversary of the founding of Phi Kappa Tau. On May 12 we boarded buses for Cincinnati for our Dream Girl formal on an excursion boat which carried us down the Ohio.

In January we were sorry to see graduating seniors, Dorsey King and Wes Johnson leave. Also leaving was Gene Neff who departed for spring training with the Detroit Tigers.

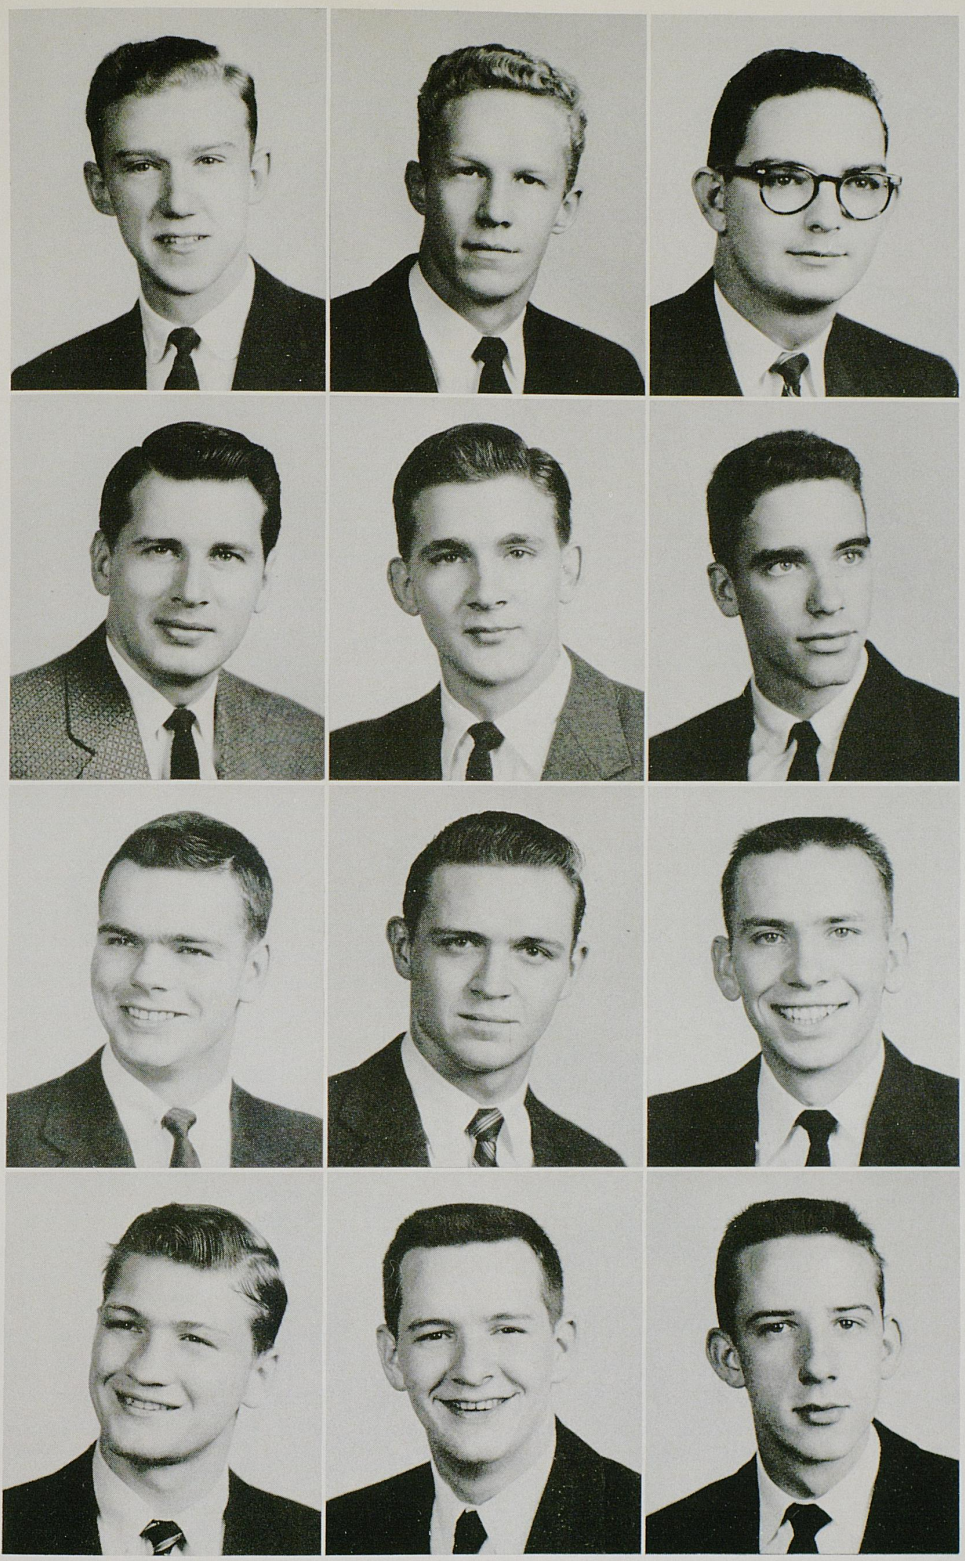

Phi Kappa Tau was founded March 17, 1906, at Miami University, Oxford, Ohio. Kappa Chapter was installed on campus November 6, 1920. The fraternity colors are Harvard red and old gold; the flower is the red carnation. Its purpose is to promote fellowship, scholarship, and Christian ideals.

Pi Kappa Alpha

The campus of the University of Virginia, in the year 1868, was the site of the founding of Pi Kappa Alpha. From that beginning, PiKA expanded, and in 1901 the Omega Chapter at the University of Kentucky was installed. The purpose of this fraternal organization is to promote friendship on a more lasting basis through the association with men who share the same high ideals and purposeful goals.

The 1955 fall semester at PiKA found us welcoming 15 good men into our ranks as pledges. We had a very gratifying Homecoming when we welcomed some 150 Alumni back to their Alma Mater. Our theme for Lances Carnival, "The House of Blue Lights," was one which everyone enjoyed. We had a Christmas party, with the help of the Alpha Gams, for underprivileged children. The spring term started with a bang with a successful Pi Week, topped off by an all campus dance featuring Pat Boone, with Sally Ely as Freshman Queen. Other activities included, the All Campus Sing, our fine spring formal, the Dream Girl Dance, and several desserts. Barbara Tatum, Alpha Gamma Delta, was Dream Girl. We are all indebted to the good work of actives and pledges which made such a good year possible.

Students participate in the administration of the dormitories through their democratically elected representatives to the Men's Residence Halls Governing Council, which makes and carries out plans and programs in the following areas: interdormitory and intramural athletics; recreation and social life; scholarship; publicity; and disciplinary.

The organization, established at UK the fall semester 1955, states its purpose in its preamble to the constitution: "We, the men of the Residence Halls of the University of Kentucky, in order to form a more united understanding among the students in residence and the Administration, and to better govern and self-discipline ourselves, do ordain and establish the Constitution for the Men's Residence Halls Governing Council."

Faculty advisors are Howard D. Lusk, director of Donovan Hall, and Howard D. Stephenson, director of the Men's Residence Quadrangle.
