

April 4, 1900.

The faculty met in Prof. White's room. Professors Kaste, Miller, McKenzie, Pence, Wernicke, Pryor and White being present.

Matters of interest to scientific students were discussed especially some plans for bringing to the attention of students the advantages offered by the scientific courses in this institution.

The fact that many of the students in this college are very deficient in their English was mentioned, and plans for overcoming this state of affairs were discussed. After an hour's discussion the faculty adjourned.

(The minutes for this meeting were recorded by Prof. Jas. G. White in the absence of the Secretary.)

C. W. Mathews.
