Jan. 24th 1906

The Scientific Faculty met in Prof. Miller's room with the following present: Prof. Miller, Norwick, Pence, Miller, Malins, Palmer & Pryor. Prof. Palmer presented the case of Mr. Hedges a Senior who had been offered a position and asked the advice of the faculty as to the advisability of accepting the same, and as to the granting him a diploma and his degree. On motion the petition was granted provided his examinations were satisfactory to Prof. Palmer with whom he was taking his Major Study.

Prof. Norwick presented a new arrangement of the Scientific Courses. This was carried at a series of meetings of the Scientific Faculty and finally adopted and recommended to the general faculty.
