PREFACE.

In presenting the citizens of Lexington with the first volume of "William's Lexington Directory, City Guide and Business Mirror," the compiler would express his thanks for the liberal manner in which they have sustained the undertaking.

Those unacquainted with Directory publishing, have but a faint idea of the difficulties and obstacles to be encountered in obtaining and properly arranging the necessary information; we, from a long experience, are perfectly familiar with them in detail, and, while asking indulgence for a few errors which must necessarily have crept into the work, we claim that no city of like size in the United States has a better Directory than Lexington.

Our intention is to continue the publication of the Lexington Directory—for the present biennially. The improvements in each issue shall keep pace with the subscription list.

WM. H. LEWIS,

DEALER IN

LOVELER'S Self Generating GAS BURNER,

FOR MANUFACTURING GAS FROM

COMMON BURNING FLUID,

Lamp Depot, south side Short, b. B'dway & Mill, Lexington, Ky.

This improvement consists in the Burner being so constructed, that each person, so disposed however remote from large Gas Works, may enjoy the luxury of a brilliant Gas Light of their own make, equal in its volume of light to Coal or Rosin Gas, at less than one half the cost. All the ornamental designs of Brackets, Pendants, Chandeliers, &c., that are in use for Coal Gas may be, and are used in this. There are no pipes to be buried under ground, consequently no freezing of pipes or meters in winter. Each burner is a Gas Works in miniature, each one when lighted making its own Gas just as fast as consumed.
