As to rates to Southern Battlefields, a meeting will be held in Cincinnati on the 28th inst. which, I presume, will decide this question.

General Secretary,

My Dear Sir

Absence from the city debarr'd me from receiving and answering your inquiries under date of the 18th inst. I am pleased, however, to be able to serve you.

As general Secretary my compensation was first fixed at \$100⁰⁰ per and at the close of our work was voted an additional amount of \$300⁰⁰.

The Badge Committee was graced a lump sum of \$150⁰⁰ to pay the Secretary for his services in attending to the details bearing upon the manufacturing and distribution of all the badges, and I can truly say the gentleman performing that duty doubly earned the amount.

The Secretary of the Press Committee received \$500⁰⁰ for his services, which included the labor of preparing a report of the movement weekly and forwarding a printed copy of the same to about 800 newspapers within a radius of 200 miles of the city. This Secretary was

V

the official reporter of the Executive Council and required to attend every meeting thereof, prepare a report for publication and furnish a copy of the same to each of the daily papers. No other reporter was admitted to the meetings of the Council.

The item of \$500 in the report for the Committee on Decorations was for special services rendered one day. The Secretary of the Committee volunteered his services free. All other expenses for services was borne by the contractors in charge of Arches, fire works and illuminations.

The Secretary of the Committee on Accommodations, received \$7500 per month for about six months, the preliminary work of that committee having been in charge of myself in counsel with the Chairman of the Committee. During the last two weeks previous to the meeting of the Encampment several assistants were assigned to the Secretary of the committee.

The salaries for services as given in the report are actually correct and were not prorated among the committees, but in each case certain explanations are necessary, as I clearly understand, before

being understood by those not identified with our movement

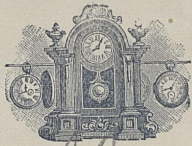

In this connection it may be well to add, that we were greatly assisted and saved considerable clerical expense, because of such assistance being volunteered by Grand Army men who were enthusiastic in having the movement a success.

So far as I am concerned myself I would not again undertake the same labor and responsibility for double the salary granted me. I went into the work because my heart was in the desire to have our people render to my comrades just such a grand reception as was accorded them, and the consolation coming out of the fact that there were no great mistakes made in our preparations made up in a large measure for the inadequate salary.

I have been sick, am at present very weak and scarcely able to write legibly, but sincerely hope I have made the matter clear, if not let me know and shall take pleasure in trying to serve you

Sincerely &c

In reply to yours of the 24th I will say that I heartily agree with you in regard to the suggestion. The matter will be taken up by the Press Committee as soon as its organization has been perfected, this having been delayed by the inability of, President Sherley to consider a proposition submitted to him some time ago.

Dear Sir:-

Will you please take up with the proper persons, the subject of having our medals and souvenirs brought from Pittsburg to this city free of cost? Either the Adams or the United States is the proper one to do this. I have had it intimated to me that the United States will be glad to do this for us if we request them. You will recollect the Adams brought the cannon here, and the American took them away; the United States feels slighted that they have not had a chance at these things. I have watched with much interest the progress made by yourself and the gentlemen associated with you in the arrangements for the entertainment of the Grand Army Encampment. I only regret that my time has been so taken with duties that could not be transferred to another that I have been unable to even tender any assistance to at least one of the many committees working under your direction.

If not asking too largely of you, I should be glad to receive samples of the printing used by you and your committees in your work. In connection with our Association it is necessary to issue a great deal of printed matter and we can oft times gather very helpful suggestions from printing issued by others. This, I believe would be especially true of the printing now being issued under your direction. If there is any expense attached to the furnishing of the samples requested, I will very cheerfully remit whatever you may mention as the price.

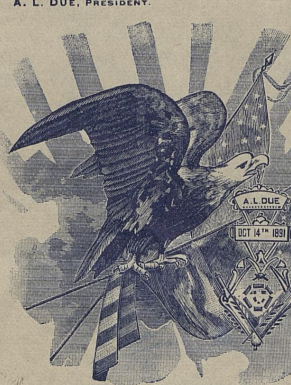

Again assuring you of my interest in the work you have in hand, I beg to remain,

Dr. Geo. W. Griffiths, Vice-President,

Dear Sir:--

Attached please find letter from M. M. Hurley, Chairman of the "New Albany G. A. R. Committee."

A personal conversation with this gentleman on yesterday reveals the fact, that the citizens of New Albany are inclined to turn over what money they may raise for the entertainment of visitors to that city--to the Committee on the attached letter.

Conversation with Mr. Isaac. J. Whitesides, Mayor of Jeffersonville is to the effect that more money can be raised in Jeffersonville when it is understood that the money is to be expended in that city, than if it is to be raised for the purpose of being expended in this city.

This is a matter which I think should go before the Executive Council, and I have refrained from taking any notice of the attached letter, or giving instructions as to our course and recommendation of this independent movement, until you have taken action.

Awaiting your instructions in the matter, I have the pleasure to remain

Very Truly Yours,

Dear Sir:-

In order to systematize and direct the work of preparing for, and entertaining, the Soldiers and others who will attend the National G. A. R. Encampment, New Albany has selected a Committee of One Hundred of its representative citizens, from which an Executive Committee has been chosen. The organization of the Executive Committee is shown above.

It is the desire of the Committee to assist your Committee in making the Encampment a grand success, and to secure that end we pledge you our hearty co-operation, and invite your suggestions.

Address communications to Mr. W. H. McKay - Vice Chairman, to which prompt attention will be given.

Dear Sir and Comrade:

In reply to your favor of the 14th inst: I beg leave to state that that I have only been in office a month and never received the request for rosters of Posts in our Department, referred to in your last. The roster of our Posts is only published once a year in connection with the proceedings of our Department Encampment. The publication is now in print,; when ready, copies will be sent you, but I doubt whether it will be worth your while to write to our Department Officers, Past Department Commanders, Aide de Camps and others, as the attendance from this Department at the National Encampment will be exceedingly small, owing to the prohibitory rate demanded by the Santa Fe Railroad system and connecting lines. That system demands \$101 and some odd cents for the round trip from here, and an additional sum from comrades residing in the southern part of the Territory. This with Sleeping car rates, amounting to about twenty dollars for the round trip, meals en route (75 cents each) and other necessary expenses at Louisville, will bring the outlay in order to enjoy the reunion at your place to at least two hundred dollars per member, a sum which even the more wealthy ones of us feel unable to spend. It is even doubtful if the Department Commander will go., unless a lower railroad rate is secured. Your committee on transportation has been appealed to in the matter, and I hope will secure a material reduction. The

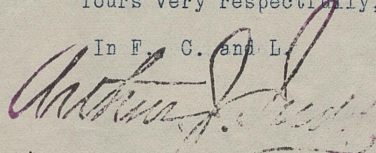

rate for the attendance at the Conclave of the Knights Templar at Boston is \$79.59, and Louisville being but 2200 miles from here, , a rate of 65 dollars at the highest should be ample.

I write thus fully, so that everybody might understand the drawbacks under which we suffer, and in order that the different Committees might unite in securing better rates for us, before it is too late.

I enclose copy of General Orders No. 1, giving the names of the present Department Officers.

Yours very respectfully,
