Dear Sirs

Yours of the 4th received with bill charging the Committee with One hundred and Ninety three mattresses short on the delivery and also with three hundred and seventy nine mattresses so badly damaged as to be worthless
We placed a very competent accurate and experienced clerk in charge of the delivery of these mattresses, he claims and his books show a full and complete delivery of the eleven thousand mattresses due by you under the contract
We must ask that you give us a statement showing the number of mattresses on each load received by you,
As to the damaged mattresses for

which you allow us nothing and
claim a credit on 379 mattresses
of $3.37½. this item we must also
ask you to reconsider. We delivered
you a fair run of a lot of mattresses
only used a few nights and not a
lot of utterly worthless bedding
We want to be fair and only ask
what is justly our due and therefore
ask that you make another count
and make new your claim

Mr. Chas J. Jaubert,

Lexington, Ky.

Dear Sir:-

Your letter Oct. 7th '95 directed to Mr. T. H. Sherley has been handed to me with instructions to answer. You inclose an attorney's bill for $50.00 for answering cases in which you were sued by hands employed in assisting you at the barbecue. The bill of $50.00 we hardly think should be brought to us, and to ask that this Committee pay it in view of the fact that we have complied with our contract with you and paid you in full is asking rather much of this Committee. You letter explains the situation, that your hands, or the hands employed by you, were fully aware of what they were to be paid and received their compensation in full as agreed upon by this Committee; therefore, without going further into the matter, we do not see any reason why we should be called upon to pay this bill of $50.00. Of course, we regret if you have been put to any expense beyond what you contemplated, but we certainly ought not to be charged with any further expense.

Dear Shirley

I am afraid you have forgotten all or even a part of what I told you about this house which we still occupy through your kindness or else you are like the owner of the house in Arkansas who said he could not repair his roof when it was raining and what the devil was the use of repairing it in dry weather Seriously your roof in at least two places is leaking badly and I have placed a bucket ten pans and spittoons to catch the water that is leaking through the roof Dont think for a moment that I am officious for I write this as your friend

It was understood that the Secretary of the accommodation Committee had written upon Mrs Beachs behalf and that no answer had been made to his letter, hence the matter was asked to write for the answer

Mrs Beach is an estimable Lady and I am informed has had some of our best citizens to board with her and all satisfied She says that the loss in money

is a serious one to her and some mortification as to criticism that she could not afford to make arrangements to accomodate so many for only one night and as we understand that it was agreed that the term should be not less than 3 days o-

Dear Sir

On the 19th day of December 1894 you visited Louisville to look over the ground and consult with this Committee about the coming 29th Nat'l Encampment.
On the 19th day of December 1895 we contemplate or rather intend to hold the closing ceremonies and mid winter affairs of the 29th National Encampment of the G A R. This letter is written not so much as
an invitation (that will come will
later) but to know that day and
date will suit your convenience

us your answer promptly, and that we

Miss Kate B Sainton

34 Kenyon Building

My dear Miss Sainton

Your letter of the 26th to
President Shirley has been referred
to me to answer. The appropriation
for dividends to the subscribers and
final payments generally have been
made and it would be impossible to
go back now and make any change
in the allowance for salary.
Mr Shirley asked me if there was any
agreement to pay you an additional
sum. I have answered that I did not
know of any agreement We desire to be
just and liberal but in view of the
above facts there is no chance for any
increase of salary.

Yours very truly
