Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, December 8, 1998.

The Board of Trustees of the University of Kentucky met at 1:00 p.m. (Lexington time) on Tuesday, December 8, 1998 in the Board Room on the 18th floor of Patterson Office Tower.

A. Meeting Opened

Governor Edward T. Breathitt, Chairperson, called the meeting to order at 1:00 p.m., and the invocation was pronounced by Mr. John "Jack" Guthrie.

B. Roll Call

The following members of the Board of Trustees answered the call of the roll: Mr. Ted Bates, Governor Edward T. Breathitt (Chairperson), Mr. Nathan Brown, Mr. Paul W. Chellgren, Mr. Merwin Grayson, Mr. John "Jack" Guthrie, Professor Loys L. Mather, Dr. Robert P. Meriwether, Mr. Billy Joe Miles, Dr. Elissa Plattner, Mr. Steven S. Reed, Professor Daniel R. Reedy, Mr. C. Frank Shoop, Mrs. Marian Sims, Dr. W. Grady Stumbo, Mr. Martin Welenken, Ms. JoEtta Y. Wickliffe, Mr. Billy B. Wilcoxson, and Mr. Russell Williams. Absent from the meeting was Mr. James F. Hardyman. The University administration was represented by President Charles T. Wethington, Jr.; Chancellor Elisabeth Zinser; Vice Presidents Fitzgerald Bramwell, Joseph T. Burch, Edward A. Carter, and Eugene Williams; Dr. Juanita Fleming, Special Assistant for Academic Affairs; and Mr. Richard E. Plymale, General Counsel.

Members of the various news media were also in attendance. A quorum being present, the Chairperson declared the meeting officially open for the conduct of business at 1:05 p.m.

C. Dr. Stumbo's Comment

Dr. Stumbo asked Governor Breathitt if anyone on the University of Kentucky staff knew that the University of Louisville was planning to make an announcement about a School of Public Health when the Board voted on it at the October meeting.

Governor Breathitt asked President Wethington to address Dr. Stumbo's question.

President Wethington said he could not speak for everyone inside the institution; however, he certainly was not aware that there were any plans by the University of Louisville to make such an announcement. He further explained that an effort is underway involving the Council on Postsecondary Education staff, staff from the University of Kentucky Chandler Medical Center and staff from the University of Louisville looking at ways to coordinate efforts in regard to public health.

D. Approval of Minutes

Governor Breathitt said that the Minutes of the Board meeting on October 20, 1998 had been distributed and asked for any additions or corrections. Mr. Wilcoxson moved that the Minutes be approved as distributed. Mrs. Sims seconded the motion, and it carried.

E. President's Report to the Board of Trustees (PR 1)

President Wethington called attention to the following items in PR 1:

1. The National Science Foundation has selected the University of Kentucky (UK) as one of 12 sites for a research center to study advanced carbon materials. The Materials Research Science and Engineering Center will be funded by NSF and UK at \$8 million over five years and will be located at the Center for Applied Energy Research.
2. The UK Fellows Society recognized 175 new fellows, individuals who have given \$10,000 or more to the University, at its annual black-tie dinner. During the society's 32-year history, 4,575 fellows have donated or pledged more than \$357 million to the University.
3. Retiring Senator Wendell Ford has donated his Senate papers to the University of Kentucky Libraries' Special Collections. The papers include documents and materials from his 24-year Senate career.
4. The College of Allied Health Professions ranked 13th out of more than 100 allied health programs across the United States in receiving National Institutes of Health grants.
5. UK researchers received a \$3.2 million grant from the National Institute on Drug Abuse for a four-year study of the national anti-drug advertising campaign by the Office of National Drug Control Policy.
6. Chandler Medical Center researchers have developed a new way to detect the plaques in blood vessels that are most likely to rupture and cause heart attacks and strokes.
7. The University's publicity of the William T. Young Library opening won the Council for Advancement and Support of Education Kentucky Award of Merit. Publicity for the opening included an eight-page tabloid which ran as an insert in newspapers across the state.

President Wethington asked the members to read the other items in the report at their leisure.

F. Personnel Actions (PR 2)

President Wethington recommended that approval be given to the appointments, actions and/or other staff changes which require Board action; and that the report relative to appointments and/or changes already approved by the administration be accepted. Mr. Chellgren moved approval. The motion, seconded by Mr. Brown, carried. (See PR 2 at the end of the Minutes.)

G. Proposed Amendments to the Governing Regulations (PR 3A)

President Wethington said that PR 3A is an item that outlines proposed amendments to the Governing Regulations. The proposed amendments are received at this time for preliminary consideration. They will be included on the agenda for action at the next regular meeting of the Board.

He reviewed the proposed amendments which change the composition of the University Senate. The membership will be changed from 113 to 114, and the number of students represented on the University Senate will be changed from 18 to 19. This change is to have the President of the Student Government Association be a regular member of the Senate each year and not an ex officio member as that person has been in the past. Also, the Chancellor and Vice Chancellor for Academic Affairs for the Community College System have been omitted from the University Senate. Those individuals will be replaced by the President of Lexington Community College and the Director of the Teaching and Learning Center at the University of Kentucky.

President Wethington noted that the proposed changes are recommended by the University Senate. On motion made by Mr. Brown, seconded by Mr. Williams and carried, PR 3A was approved. (See PR 3A at the end of the Minutes.)

H. Candidates for Degrees – Community College System (PR 4A)

President Wethington stated that the Board of Trustees still approves candidates for degrees in the Community College System. The recommendation is that the degree specified on the list attached to PR 4A be awarded to the persons named upon certification that the requirements for those degrees have been satisfactorily completed. He said he was pleased to recommend PR 4A. Mrs. Sims moved approval. Her motion, seconded by Mr. Guthrie, passed. (See PR 4A at the end of the Minutes.)

I. Candidates for Degrees – University System (PR 5A)

President Wethington said that PR 5A is a companion document to PR 4A. The recommendation is that the President be authorized to confer on each individual whose names appears on the attached list the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate. He stated that it is important that the Board consider this action at this time since the degrees need to be conferred upon the individuals completing their requirements in December. He said he was pleased to recommend PR 5A. Mr. Miles

moved approval. Mr. Williams seconded the motion, and it carried. (See PR 5A at the end of the Minutes.)

J. Appointment to University Hospital of the Albert B. Chandler Medical Center, Inc. Board of Directors (PR 6A)

President Wethington said PR 6A is an appointment to the University Hospital of the Albert B. Chandler Medical Center Inc. Board of Directors. The recommendation is that Marian Moore Sims be appointed a member of the Board of Directors of the University Hospital of the Albert B. Chandler Medical Center Inc. effective December 8, 1998. The Bylaws require that its Board of Directors consist of five members appointed by the Board of Trustees from among their number. Kay Bell's term on the Board of Directors ended when she was no longer a member of the UK Board of Trustees. After consultation with Dr. Robert Meriwether, chairperson of the Hospital Board, Dr. James Holsinger, Chancellor of the Medical Center, and Frank Butler, Director of the University Hospital, he said he was pleased to recommend to the Board that Marian Moore Sims be appointed to replace Kay Bell. On motion made by Dr. Meriwether, seconded by Mr. Grayson and carried, PR 6A was approved. (See PR 6A at the end of the Minutes.)

K. Y2000 Report

President Wethington reminded the Board that he agreed to bring to the Board a report from the university administration about the university's efforts to deal with the Y2000 problem. He asked Gene Williams to present the Y2000 Report.

Mr. Williams gave a complete update of the strategy for year 2000 compliance along with the status of the implementation of that strategy. A package of material was distributed describing the timelines for testing of the core resources and the supercomputer research systems. He stated that the testing will be completed for these systems in June 1999. Further, during most of 1999, tracing of the supply chain and testing of their input and output will continue. Other project work includes helping departments with their business continuity plans. He noted that the Medical Center healthcare systems are scheduled to complete testing in August 1999. These systems include the patient care, patient management, and patient accounting. Following his presentation, he entertained questions from the Board.

L. Acceptance of Interim Financial Report for the University of Kentucky for the Four Months Ended October 31, 1998 (FCR 1)

In the absence of Mr. Hardymon, Chairperson of the Finance Committee, Mr. Chellgren gave the Finance Committee report. He reported that the Finance Committee met and reviewed four routine items and 17 gifts. He said that the first item was the Acceptance of the Interim Financial Report for the University for the first four months of the year. He reported that the expenditures are 33%, and revenues are 40%. There were no major changes or items to highlight for the Board. He moved adoption of the Interim Financial Report. Mr. Shoop seconded the motion, and it passed. (See FCR 1 at the end of the Minutes.)

M. Report of Leases (FCR 2)

Mr. Chellgren said that FCR 2 is a recurring report on lease agreements in accordance with the Board policy. The leases are less than \$30,000 in value. They do not require Board approval; however, they must be reported to the Board. He moved acceptance of FCR 2. His motion, seconded by Mr. Williams, carried. (See FCR 2 at the end of the Minutes.)

N. Capital Construction Report (FCR 3)

Mr. Chellgren said that FCR 3 is a quarterly Capital Construction Report that is quite extensive. The report details all the major construction activities within the purview of the university. There are a number of major projects underway, including the engineering building, the allied health building, the heart institute building, the football stadium expansion, and various other projects. He stated that the Finance Committee reviewed the report and noted that there are no material cost or schedule problems for any specific projects. He moved the adoption of FCR 3. Mr. Welenken seconded his motion, and it passed. (See FCR 3 at the end of the Minutes.)

O. 1998-99 Budget Revisions (FCR 4)

Mr. Chellgren said FCR 4 is a recurring item to revise the current fiscal year budget as the year advances. The revisions represent changes in both revenues and expenditures. He reported that a number of revenue items changed since the last Board meeting. The enrollment at Lexington Community College was up significantly for the fall semester which increased student fees by approximately \$500,000. Also, there was some additional county appropriation for the agricultural extension services, and the single largest item was almost \$2.2 million additional revenue which is coming from the endowment fund. This item is offset with almost \$2.1 million additional expenditures for the university's Development and Public Relations offices to fund the expansion of fund raising efforts in preparation and as part of the multi-year endowment drive that the university is undertaking. That is the single largest item of change in both revenue and expenditure in the budget. He said that the remainder of the revisions are straightforward with a number of relatively small items. He moved adoption of FCR 4. His motion, seconded by Mr. Guthrie, carried. (See FCR 4 at the end of the Minutes.)

P. Ephraim McDowell Cancer Research Foundation Endowed Chair Gift (FCR 5)

Mr. Chellgren said that there were 17 gifts to the University which he believes is the most that has ever been presented to the Board at a single meeting since he has been on the Board. This is certainly a tribute to the development efforts as well as a tribute to year-end tax planning in certain instances. The first gift is an acceptance of an additional \$2 million from the Ephraim McDowell Cancer Research Foundation to create two endowed chairs to benefit the Markey Cancer Center. He moved the adoption of FCR 5. Mr. Shoop seconded the motion, and it passed. (See FCR 5 at the end of the Minutes.)

Mr. Chellgren mentioned that FCR 5 and a number of the other gifts, particularly those linked to research, are subject to the Research Challenge Trust Fund which is a one-for-one match from the state. Consequently, this represents a double impact from grants like this which is an exciting prospect.

Q. Ephraim McDowell Cancer Research Foundation Gift of \$288,000 (FCR 6)

Mr. Chellgren stated that FCR 6 recommends that the Board accept a gift of \$288,000 from the Ephraim McDowell Cancer Research Foundation for research initiatives in the Markey Cancer Center. He moved the acceptance of FCR 6. His motion, seconded by Mr. Grayson, carried. (See FCR 6 at the end of the Minutes.)

R. Robert L. Bergen, M.D. Gift (FCR 7)

Mr. Chellgren said that FCR 7 is a gift of \$200,000 to the Chandler Medical Center from Dr. Robert L. Bergen, an ophthalmologist in New Jersey. Dr. Bergen is a 1968 graduate of the UK College of Medicine and wants to endow the Robert L. Bergen Professorship in Ophthalmology. It is anticipated that this gift will also be matched by the state. He moved the adoption of FCR 7. Dr. Meriwether seconded the motion, and it passed. (See FCR 7 at the end of the Minutes.)

S. Owsley Brown Frazier Family Foundation Pledge (FCR 8)

Mr. Chellgren said that FCR 8 is a pledge from one of the most generous and traditional supporters of good works in the State of Kentucky, the Brown family from Louisville. It is a pledge of \$100,000 from the Owsley Brown Frazier Family Foundation to assist in funding a lecture series in the College of Human Environmental Sciences' Department of Interior Design, Merchandising and Textiles. Mr. Chellgren moved the adoption of FCR 8. Mr. Reed seconded the motion, and it carried. (See FCR 8 at the end of the Minutes.)

T. Estate of Helen Frances Farmer (FCR 9)

Mr. Chellgren said that FCR 9 is a partial distribution of \$100,000 from the estate of Helen Frances Farmer to establish and endow the Jimmie E. and Frank L. Farmer Scholarship Fund and the Helen Frances Farmer Scholarship Fund in Music. It is anticipated that the total distribution from this estate will be approximately \$300,000. The Jimmie E. and Frank L. Farmer Scholarship Fund will provide scholarships for students graduating from Kentucky high schools. He moved the adoption of FCR 9. His motion, seconded by Mr. Guthrie, passed. (See FCR 9 at the end of the Minutes.)

U. Endowed Professorship in Real Estate (FCR 10)

Mr. Chellgren said that FCR 10 is a recommendation from the University of Kentucky Business Partnership Foundation to establish and endow an Endowed Professorship in Real Estate in the Carol Martin Gatton College of Business and

Economics. He moved the acceptance of FCR 10. Ms. Wickliffe seconded the motion, and it carried. (See FCR 10 at the end of the Minutes.)

V. Dialysis Clinics, Inc. Pledge of \$500,000 (FCR 11)

Mr. Chellgren said that FCR 11 recommends the acceptance of a pledge of \$500,000 from the Dialysis Clinics, Inc. of Nashville, Tennessee, to establish and endow the Robert G. Luke, M.D. Research Chair in Nephrology in the College of Medicine's Division of Nephrology. He noted that this pledge should also be subject to matching funds from the state's Research Challenge Trust Fund. He moved the adoption of FCR 11. Mr. Wilcoxson seconded the motion, and it passed. (See FCR 11 at the end of the Minutes.)

W. Monroe and Judy Hall Gift of Real Property (FCR 12)

Mr. Chellgren said that FCR 12 is a gift of approximately 105 acres of land in Logan County, Kentucky, valued in excess of \$100,000 from Monroe and Judy Hall of Paris, Illinois. Mr. and Mrs. Hall want to preserve the farm for resource study and wildlife habitat; therefore, the land will be returned to its original grasslands prairie environment. The University has no obligation to maintain this land in perpetuity and does have the right to do other things with it as time evolves. He moved that the Board accept the gift of land. The motion, seconded by Mrs. Plattner, carried. (See FCR 12 at the end of the Minutes.)

X. Lucille Caudill Little Fine Arts Library (FCR 13)

Mr. Chellgren said that FCR 13 recommends that the Board accept a gift of \$1,000,000 million from Lucille Little of Lexington, Kentucky and authorize the establishment of the Lucille Caudill Little Fine Arts Library which is attached to the Margaret I. King Library. Mrs. Little has been a long-time supporter of the arts and is a great benefactor of the University. He moved the acceptance of FCR 14. Mrs. Sims seconded the motion, and it passed. (See FCR 13 at the end of the Minutes.)

Y. Children's Miracle Network Pledge (FCR 14)

Mr. Chellgren said that FCR 14 is another research pledge that should be matched by the state's Research Challenge Trust Fund. It recommends that the Board accept the pledge of \$1,000,000 million from the Children's Miracle Network Council to establish and endow two Children's Miracle Network Research Chairs in Pediatrics in the College of Medicine's Department of Pediatrics. The pledge will be paid in five annual installments of \$200,000 beginning in 1999. He moved the acceptance of FCR 14. His motion, seconded by Mr. Brown, carried. (See FCR 14 at the end of the Minutes.)

Z. Nancy Blazer Gift and Pledge (FCR 15)

Mr. Chellgren said that FCR 15 recommends the acceptance of a gift of \$50,230 and a pledge of \$199,770 to establish and endow the Paul G. Blazer, Jr. Professorship in Stroke Research in the Sanders-Brown Center on Aging. This gift and pledge is from

Nancy Blazer, the widow of Paul G. Blazer. Mr. Chellgren said, "In a personal sense, this has a special poignancy. Paul G. Blazer, Jr. was the son of Ashland, Inc. company founder Paul Blazer. He had a serious stroke and ultimately died from complications from the stroke a few years ago. The Blazer Family has been a great benefactor of the University for many years." He moved the acceptance of FCR 15. Mrs. Sims seconded the motion, and it passed. (See FCR 15 at the end of the Minutes.)

Governor Breathitt stated that the first female member of the Board of Trustees at the University of Kentucky was Georgia Blazer, who was the wife of the founder of Ashland, Inc., Paul Blazer. Mrs. Lucille Blazer, wife of Rexford Blazer, also served on the Board. Both were outstanding members of the Board and made a major contribution.

AA. R. C. Durr Foundation Gift and Pledge and Establishment of the R. C. Durr Chair in Alzheimer's Disease Research (FCR 16)

Mr. Chellgren said that FCR 16 recommends the acceptance of a gift of \$250,000 and a pledge of an additional \$250,000 from the R. C. Durr Foundation from Boone County, Kentucky, to the Sanders-Brown Center on Aging to establish the R. C. Durr Chair in Alzheimer's Disease Research. Again, this gift and pledge should qualify for matching funds from the state. He moved the adoption of FCR 16. Mrs. Wickliffe seconded the motion, and it passed. (See FCR 16 at the end of the Minutes.)

BB. Katherine M. Young Arthritis Research Professorship (FCR 17)

Mr. Chellgren said that FCR 17 recommends the establishment of an endowment to be named the Katherine M. Young Arthritis Research Professorship in the College of Medicine's Division of Rheumatology. The current amount in this fund account is \$160,000 and with the anticipated matching dollars should be enough to create a professorship in arthritis research. He moved the adoption of FCR 17. His motion, seconded by Mrs. Wickliffe, carried. (See FCR 17 at the end of the Minutes.)

CC. United States Surgical Corporation Gift and Pledge (FCR 18)

Mr. Chellgren said that FCR 18 recommends the acceptance of a gift of \$140,000 and a pledge of \$2,260,008 from United States Surgical Corporation of Norwalk, Connecticut, to establish a Center of Excellence for Minimally Invasive Surgery in the College of Medicine's Department of Surgery and to establish two professorships in Minimally Invasive Surgery. The United States Surgical Corporation is a major manufacturer of surgical instruments and supplies and is making the gift to enhance research and education in the College of Medicine. He moved the acceptance of FCR 18. Mr. Welenken seconded the motion, and it passed. (See FCR 18 at the end of the Minutes.)

DD. Establishment of the Floyd H. Wright Endowment Fund (FCR 19)

Mr. Chellgren said that FCR 19 recommends that the Board authorize the creation of an endowment. This action will establish an endowment to be funded with \$500,000 of income to be received from earnings from investments from the Dr. Marius E.

Johnston and Margaret Johnston Wright Memorial Trust. Again, it is anticipated that this \$500,000 will be matched with money from the Research Challenge Trust Fund. He moved the adoption of FCR 19. The motion, seconded by Mr. Wilcoxson, carried. (See FCR 19 at the end of the Minutes.)

EE. Estate of William T. Bryan (FCR 20)

Mr. Chellgren stated that FCR 20 is a large and very generous distribution in excess of \$3,000,000 from the estate of William T. Bryan to create and endow chairs/professorships and/or research initiatives to benefit the University of Kentucky. Mr. Bryan was a resident of Sanibel, Florida and a 1936 graduate of the College of Engineering. The total distribution from the estate could be more than \$4,000,000. This is the first distribution and the University has the flexibility to allocate this money. This, too, should be matched by state money. He moved the adoption of FCR 20. Professor Reedy seconded the motion, and it passed. (See FCR 20 at the end of the Minutes.)

FF. Drs. Barbara and James Holsinger Gift and Pledge and Establishment of the Holsinger Professor in Anatomy (FCR 21)

Mr. Chellgren said that FCR 21 is a gift from Drs. Barbara and James Holsinger, Chancellor of the Chandler Medical Center. The recommendation is that the Board accept a gift of \$10,000 and a pledge of another \$40,000 which should be matched by an additional \$50,000 from the Research Challenge Trust Fund to create the \$100,000 necessary to fund a professorship in anatomy at the University of Kentucky Medical Center in the Holsinger name. He noted that Dr. Holsinger was not present at the meeting but expressed appreciation for his generous gift. He moved that the Board accept the gift. Mr. Welenken seconded the motion, and it passed. (See FCR 21 at the end of the Minutes.)

Governor Breathitt thanked Mr. Chellgren for the excellent report. He then called on Mr. Wilcoxson, Chairperson of the Investment Committee, for a report from the Investment Committee.

GG. Investment Committee Report

Mr. Wilcoxson reported that the quarter ending September 30, 1998 was not a very good quarter with the endowment market value decreasing approximately \$15 million. However, in the two months following, the endowment gained approximately \$17.5 million, and as of November 30, 1998 had a total market value of approximately \$245 million, which represents an all time high.

He reminded the Board that changes were made in the investment policies in July 1992. Some of the Board members have asked what effect these changes have had on the endowment market value. He said he was pleased to say the endowment value had increased by \$62,192,000 due to those changes. On behalf of the Investment Committee, he thanked Mr. Henry Clay Owen and his staff for their good work. The Committee has the utmost respect for Mr. Owen, not only for his knowledge and his expertise but for his dedication to his position and for providing the committee with the information and input that is needed to make decisions.

HH. Governor Breathitt's Comments

Governor Breathitt expressed appreciation to Athletic Director C. M. Newton for his fine leadership. He said that Mr. Newton came to the University at a time when the University needed a person of his integrity. The university's outstanding record in its basketball program and in the football program the last two years is evidence that a program can be run in full compliance with NCAA rules. He praised Mr. Newton and his staff for their leadership and stated that this outstanding program could not have been accomplished without the total support of the President of the University and the Athletic Board.

II. Resolution in Memoriam

Mr. Reed presented the following resolution in memoriam drafted by Dr. Plattner and himself pertaining to Dr. Roy Peterson:

WHEREAS, Dr. Roy Peterson's life exemplified courage and fortitude in his tireless efforts to enhance learning through higher education;

WHEREAS, Dr. Peterson's service toward those efforts were the hallmark of his profession, his life, and his very being, both at the Council on Higher Education and as Secretary of Education, Arts and Humanities, Commonwealth of Kentucky; and

WHEREAS, Dr. Roy Peterson's commitment to his family, community, and the Commonwealth have left an imposing legacy that will enrich the call for excellence in higher education that we all hold so dear.

He moved that the resolution be considered by the Board. Dr. Plattner seconded the motion, and it passed. Governor Breathitt said the friends and family of Dr. Roy Peterson would be deeply appreciative of this tribute.

Mr. Reed added that Dr. Peterson was a wonderful person and his family are wonderful people. He will be missed.

JJ. Meeting Adjourned

There being no further business to come before the Board, the Chairperson adjourned the meeting at 2:10 p.m.

Respectfully submitted,

Merwin Grayson, Jr.
Secretary
Board of Trustees

(PR 2, 3A, 4A, 5A, and 6A; FCR 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, and 21 which follow are official parts of the Minutes of the meeting.)

Office of the President
December 8, 1998

1. Advanced Carbon Materials Center Established

The National Science Foundation has selected UK as one of 12 sites for a research center to study advanced carbon materials. The Materials Research Science and Engineering Center will be funded by NSF and UK at \$8 million over five years and will be located at the Center for Applied Energy Research. The center will foster research in four areas: carbon fullerenes and nanotubes, polymer and pitch composites, electronic devices, and activated carbons.

2. UK Fellows Society Honors Top Donors

The UK Fellows Society recognized 175 new fellows, individuals who have given \$10,000 or more to the University, at its annual black-tie dinner at Rupp Arena. The dinner capped a full day for UK fund-raising volunteers, who also participated in the Development Council meeting. During the society's 32-year history, 4,575 fellows have donated or pledged more than \$357 million to the University.

3. Senator Ford Donates Papers to University

Retiring Senator Wendell Ford has donated his Senate papers to the University of Kentucky Libraries' Special Collections. The papers include 1,500 cubic feet of documents and materials from his 24-year Senate career. The collection will take several years to organize and catalog.

4. Allied Health Ranks on NIH Top Funding List

The College of Allied Health Professions ranked 13th out of more than 100 allied health programs across the United States in receiving National Institutes of Health grants. The college received a total of \$172,082 last year from the NIH.

5. Researchers Receive Grant to Study National Drug Campaign

UK researchers received a \$3.2-million grant from the National Institute on Drug Abuse for a four-year study of the national anti-drug advertising campaign by the Office of National Drug Control Policy. The study will compare the responses of adolescents to different ads shown in Lexington and Knoxville, Tennessee. Two of the researchers -- communication professors Philip Palmgreen and Lewis Donohew -- have received more than \$10 million for research in this area since 1985. The other researchers are Susan Morgan, communication; Elizabeth Lorch and Rick Hoyle, psychology; and Mukhtar Ali, economics.

6. Brain Treatment Research Published in JAMA

Chandler Medical Center researchers have shown that surgical treatment combined with radiation therapy is superior to surgery alone for the most common type of brain tumors. The results of their random trial were published in the *Journal of the American Medical Association*. Researchers collaborating on the project were Roy Patchell, neurooncology; Byron Young, neurosurgery; Kenneth Foon, hematology/oncology; Phillip Tibbs, surgery; William Regine, radiation medicine; Mohammed Mohiuddin, radiation medicine; Richard Kryscio, statistics; and William Markesbery, Sanders-Brown Center on Aging.

7. Kentucky Small Business Center's Impact Studied

Research by a University of Calgary professor shows that the Kentucky Small Business Development Centers raise more than \$3 in tax revenue for every \$1 they spend. In 1996, SBDC clients paid \$7.3 million in taxes, created 1,633 new jobs and increased sales by more than the average Kentucky business.

8. Journalism Students Win National and Regional Awards

Students in advertising, journalism and broadcasting garnered national and regional awards. The *Kentucky Kernel* was named one of five national finalists for the Pacemaker Award, sponsored by the Associated Collegiate Press and College Media Advisers. The student newspaper also won seven first-place awards and the General Excellence award for associate newspapers in the Kentucky Press Association's Better Newspaper Contest. JAT News, produced by broadcast journalism students and broadcast via cable to 60,000 Lexington homes, won first place for TV newscast in the Society of Professional Journalists Mark of Excellence Contest, which included entries from Kentucky, Indiana and Illinois. A 19-student advertising class won the American Advertising Federation regional competition and placed in the top 10 nationally by creating an ad campaign for the Hallmark Company.

9. HIV/AIDS Program for Eastern Kentucky to Be Used in South Africa

UK researchers who developed a program to prevent HIV/AIDS in Prestonsburg are now adapting the program for use in South Africa. The UK program was chosen because South Africa, like Eastern Kentucky, faces a lack of resources to combat the disease. However, South Africa faces a far worse epidemic, with the incidence of HIV/AIDS approaching 25 percent of its population. Holly Riffe, social work, and Vincent Gallicchio, allied health professions, are working with a professor from South Africa's University of the North on this project.

10. New Means for Assessing Blood Vessel Plaques Developed

Chandler Medical Center researchers have developed a new way to detect the plaques in blood vessels that are most likely to rupture and cause heart attacks and strokes. Using technology called near-infrared spectroscopy, the team of UK researchers has identified the plaques -- composed of cholesterol and other fatty substances -- in samples of human aortic tissue. The plaques contribute to the blocking of blood vessels. The findings were published in *Circulation*, the journal of the American Heart Association. Pedro Moreno and James Muller, cardiology; Robert Lodder, pharmacy; and William O'Conner, pathology, conducted the research.

11. Paducah Community College Holds Minority Leadership Conference

Some 200 students from three states and 12 Kentucky counties participated in Paducah Community College's sixth annual Minority Leadership Conference. The college's Black Affairs Council sponsored the event. The theme of the conference was "Empowering a New Generation of Leaders Through Education, Economics, Confidence and Culture."

12. Study to Examine Kentucky's Graduated Driver Licensing Program

The Kentucky Injury Prevention and Research Center and the Kentucky Transportation Center received a \$250,000 National Highway Traffic Safety Administration grant to study the effectiveness of the state's graduated driver licensing program. The study will compare the frequency of teen motor vehicle wrecks before and after the program was established.

13. Buildings Dedicated at Community Colleges

The Regional Technology Center at Hopkinsville Community College and the Loman C. Trover Library at Madisonville Community College recently were dedicated. The technology center -- an \$11.4-million, 68,000-square-foot building with classrooms and laboratories -- was dedicated on November 19. The Trover Library -- named for a founder of the community college who also is a UK fellow and recipient of an honorary doctor of science degree from UK -- was dedicated on November 11.

14. Library Publicity Receives Award

The University's publicity of the William T. Young Library opening has won the Council for Advancement and Support of Education Kentucky Award of Merit. Publicity for the opening included an eight-page tabloid which ran as an insert in newspapers across the state. UK Public Relations will receive the award Thursday, December 10, at the CASE Kentucky conference in Louisville. CASE is an association of higher education alumni, development and public relations officials.

15. Student Awards and Honors

Office of the President
December 8, 1998

Members, Board of Trustees:

PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendments to the Governing Regulations of the University of Kentucky be received at this time for preliminary consideration and at the next regular meeting of the Board of Trustees be included on the agenda for action.

(NOTE: Proposed additions are underlined; proposed deletions have a line through the text.)

Amendment – Change Part IV to read

The elected membership shall number ~~113~~114, of which 94 members shall represent the faculty, one member shall represent the emeriti faculty, and ~~18~~19 members shall represent the student body.

The ~~18~~19 elected student membership shall consist of the President of the Student Government Association and represent the members~~representatives~~ of the full-time student body in the various colleges and the Graduate School of the University System. The colleges and the Graduate School each shall have one student representative. Students with no declared major shall be represented through the College of Arts and Sciences. Each elected ~~student member~~college representative shall be a junior, senior, or graduate or professional student, or in the case of the Lexington Community College a sophomore student, shall not be on either academic or disciplinary probation, shall serve for a term of one year, and shall be eligible for re-election as often as the individual remains a full-time undergraduate, graduate, or professional student in the University System. If a student should at any time become ineligible to serve (e.g., by relinquishing status as a full-time student, being placed on academic probation, or violating the Senate attendance regulations), the administrative head of the group represented shall declare a vacancy and designate that member from the eligible student body who at the last election received the next highest vote to serve for the duration of the elected student member's ineligibility.

The ex officio voting members shall number 13 or 14. In academic years beginning with an even number (e.g., 1984-1985, 1986-1987), this group shall be composed of the following: Chancellor for the Medical Center, Vice President for Research and Graduate Studies, Director

The ex officio voting members shall number 13 or 14. In academic years beginning with an even number (e.g., 1984-1985, 1986-1987), this group shall be composed of the following: Chancellor for the Medical Center, Vice President for Research and Graduate Studies, Director of Libraries, ~~Vice Chancellor for Academic Affairs for the Community College System~~, Director of Teaching Learning Center and Deans of the Colleges of Allied Health Professions, Architecture, Communications and Information Studies, Dentistry, Education, Engineering, Law, and Social Work. In academic years beginning with an odd number, the ex officio voting members shall be the following: Chancellor for the Lexington Campus, ~~Chancellor for the Community College System~~, President of the Lexington Community College, Vice Chancellor for Academic Affairs for the Medical Center, Dean of the Graduate School, Dean of Undergraduate Studies, ~~President of the Student Government Association~~, and Deans of the Colleges of Agriculture, Arts and Sciences, Business and Economics, Fine Arts, Human Environmental Sciences, Medicine, Nursing, and Pharmacy.

Background: Currently, the Student Government Association (SGA) President serves as an ex-officio member of both the Senate and the Senate Council. In the Senate, he/she is grouped with several administrators whose voting rights alternate each year, voting only in academic years which begin with an odd number. While this arrangement makes sense in the case of administrators who typically serve in their respective capacities for a number of years, it makes little sense in the case of the SGA President who is elected for a one-year term.

Voting privilege should be extended to the SGA President in the Senate and on the Senate Council. The SGA President is the only member in the Senate and the Senate Council that is elected by and represents all students. Unlike the other student representatives who have a responsibility to their particular colleges, the SGA President must speak on behalf of all 30,000 students. The responsibilities of the SGA President, the limited term of the office, and the value of student input into university decisions merits a change in policy.

The proposal to add the Director of the Teaching and Learning Center was suggested because this is an administrative position comparable to the Director of Libraries, who serves ex officio. The other changes in the ex officio membership are editorial.

Office of the President
December 8, 1998

Members, Board of Trustees:

CANDIDATES FOR DEGREES UNIVERSITY SYSTEM

Recommendation: that the President be authorized to confer upon each individual whose name appears on the attached list the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate.

Background: In order that the degrees may be conferred upon the individuals completing requirements in December as soon after the close of the semester as possible, it is recommended that the Board of Trustees give its approval contingent upon certification by the Registrar and the University Senate that all requirements have been satisfactorily completed.

	Consultant Contract Amount:	\$525,000
	Total Amendments: (4) Consultant Cumulative Amendment Amount:	\$42,120
	Revised Consultant Contract Amount:	\$567,120

Project Description:

Adds laboratory space to the Sanders-Brown Center on Aging Building. The present Sanders-Brown Building houses research laboratories dedicated to aging research and also contains support spaces such as animal housing, equipment, and offices. This addition connects directly through the existing building's main corridor and lab module.

Notes: Amendment #1, an increase of \$15,000, was approved to provide wind tunnel tests for fume hood exhaust generated by the proposed addition. The testing is to determine occupational and odor thresholds for the addition and surrounding buildings so that the lowest safe stacks can be constructed. Amendment #2, an increase of \$12,150, was approved to provide for additional design and construction fees necessary to minimize conflicting underground utilities. Amendment #3, an increase of \$11,720, was approved to provide for one additional month of construction administration services and for the design of two landscape retaining walls. Amendment #4, an increase of \$3,250, was approved to provide consultant services for additional emergency power outlets to the new labs.

	Consultant Contract Amount:	\$301,000
	Total Amendments: (5) Consultant Cumulative Amendment Amount:	\$990,878
	Revised Consultant Contract Amount:	\$1,291,878

Project Description:

Construct a new facility comprised of a Student Center, to include Counseling Center, Student Activities Center, Classroom/Office area, and Auxiliary Services areas; BITAC, the Business and Industry Technical Assistance Center/Continuing Education/Community Service Center which will include conference/exhibit halls with flexibility for use in regional and economic development programs, a video center and training rooms; and a Black Box Theater instructional area.

- **Notes:** Due to full funding not being available, the project was redefined resulting in amendments to contract.

Amendment #1, an increase of \$60,400, was approved to provide consultant services for design development for the second phase of the Student, Performing Arts and Regional Conference Center, which contains the Business and Industry Technical Assistance Center (BITAC) and the Regional Conference Center. Amendment #2, an increase of \$820,650, was approved to provide consultant services for construction documents, bidding, and construction administration for the second phase (BITAC) for the Student, Performing Arts and Regional Conference Center project. Amendment #3, an increase of \$83,023.50, was approved to provide for revised Phase 2 consultant services based upon the revised scope of the BITAC and Student, Performing Arts and Regional Conference Center project. The revised scope required additional Phase 2 design services and a complete reworking of the Phase 3 documents. Amendment #4, an increase of \$11,914, was approved to provide for additional consultant services required to rebid the project. Amendment #5, an increase of \$14,890, was approved to provide for two additional months of construction administration services due to extending the construction time two months.

Collignon & Nunley Architects Owensboro Contract# A94116	Hopkinsville Community College Regional Technical Training Center Project Number: 1461.0	\$11,695,000
	Consultant Contract Amount:	\$465,000
	Total Amendments: (4) Consultant Cumulative Amendment Amount:	\$258,315
	Revised Consultant Contract Amount:	\$723,315

Project Description:

40,000+ square foot technical training facility to include: laboratories, conference rooms, classrooms, training and demonstration areas, and administrative office areas to serve the needs of students and prospective employees of businesses in the Hopkinsville area.

Notes: \$11,695,000 reflects the total project scope of Projects 1461.0 and 1461.1. Amendment #1, an increase of \$170,000, was approved to increase architectural/engineering professional services due to an increase in the total scope of the project. This fee amendment increase was determined by using the same percentages for the building design, furnishings, equipment design and specification, that had been determined in the original contract negotiation. Amendment #2, an increase of \$54,600, was approved to provide for a Resident Inspector. Amendment #3, an increase of \$20,065, was approved to provide additional consultant services for Phase 5 (construction administration). Amendment #4, an increase of \$13,650, was approved to provide reimbursable services for additional Resident Inspector services through August, 1998.

Project Description: The National Institute of Health grant program entitled "Developing and Improving Institutional Animal Resources" is aimed at upgrading animal care facilities in institutions that use laboratory animals in research projects supported by the Public Health Service. A major goal of this program is to help institutions improve their research infrastructure and bring their animal facilities into compliance with the USDA Animal Welfare Act and DHHS policies on the care and use of research animals. Phases 1 & 2 goals are to prepare a grant application, and then, if funded, prepare the Phase 3 construction documents.		
Notes: The original contract provided for grant application information and preliminary design. The amendment expanded the scope of services to provide for construction documents and contract administration.		
Amendment #1, an increase of \$34,000, was approved to provide for consultant services for Phase 3 (construction documents), Phase 4 (bidding), and Phase 5 (construction administration) for the second phase of the project.

3. Comments - The increase in regular fees is due to enrollment growth in the summer and fall semesters and will support the additional cost of instruction in the Lexington Community College. The noncredit fees will support the College of Medicine's Anatomy and Neurobiology symposium and the Neonatology education workshop. The mandatory registration fees will support the computer technology program in the Lexington Community College.

The county appropriations increase will support the field programs in the Agricultural Cooperative Extension Service. The gifts and grants increase from the Fund for Advancement of Education and Research in the Medical Center will support educational consulting activities in the College of Pharmacy, and the Federal-Agriculture gifts and grants will provide support for projects in the Agricultural Cooperative Extension Service. The increase in other gifts and grants will support activities in the University Police and the Medical Center Risk Management departments; and, in addition, investment income from the annual growth in the University's endowment will provide support for the five-year capital and university relations campaign.

Programs to be supported by increased departmental sales and services include consulting services in Environmental Health and Safety; wellness activities in Human Resources; services provided by the Center for Applied Energy Research; and programs in the Center for the Arts and in the Colleges of Medicine and Pharmacy.

Recommendation: that the Board of Trustees accept a gift of \$140,000 and pledge of \$2,260,008 from United States Surgical Corporation of Norwalk, Connecticut, to establish a Center of Excellence for Minimally Invasive Surgery in the College of Medicine's Department of Surgery and to establish professorships in Minimally Invasive Surgery.

Background: United States Surgical Corporation, a manufacturer of surgical instruments and supplies, is making the gift to enhance research and education in minimally invasive surgical techniques. The Center for Minimally Invasive Surgery will provide opportunities for University of Kentucky surgeons to develop, through research, new minimally invasive surgical techniques and offer training in new methodologies for minimally invasive surgical procedures for residents and visiting surgeons. The pledge will be paid in 18 quarterly payments of \$125,556 beginning in January 1999. Two professorships in Minimally Invasive Surgery will be endowed with \$100,000 of the gift when matched with money from the Research Challenge Trust Fund.

ESTABLISHMENT OF THE FLOYD H. WRIGHT ENDOWMENT FUND

Recommendation: that the Board of Trustees authorize the creation of an endowment to be entitled the Floyd H. Wright Research Endowment Fund.

Background: This action will establish an endowment to be funded with \$500,000 of income received from earnings from investments from the Dr. Marius E. Johnston and Margaret Johnston Wright Memorial Trust as stipulated in the Last Will and Testament of Floyd H. Wright. Income in the amount of \$200,000 received during fiscal years 1997-98 and 1998-99 by the University of Kentucky Chandler Medical Center will be combined with income to be received during 1999-00, 2000-01, and 2001-02 for a combined total of \$500,000. This amount of \$500,000 will constitute the University funds to be matched with a like amount from the Research Endowment Trust Fund.

Interest earnings from this \$1,000,000 endowment will be used to fund the Commonwealth Chair in Health Sciences in the University of Kentucky Chandler Medical Center.

Members, Board of Trustees:

ESTATE OF WILLIAM T. BRYAN

Recommendation: that the Board of Trustees accept a distribution in excess of \$3,000,000 from the estate of William T. Bryan to create and endow chairs/professorships and/or research initiatives to benefit the University of Kentucky.

Background: Mr. William T. Bryan was a resident of Sanibel, Florida and a 1936 graduate of the College of Engineering. He was a long-time supporter of the University prior to his death in November, 1997, and out of gratitude for the education he received at the University of Kentucky he left his estate to the University. The University has been informed that \$3,000,000 of the estate, estimated to total more than \$4,000,000, will be distributed to the University before the end of 1998. The remainder of the estate is anticipated to be distributed in 1999.
