Dr. E. W. Bedinger,

Anchorage Ky,

My Dear Friend:-

Ever since reading your valued article to "To the Presbyterian People of Kentucky;" in "The Observer", of Nov 16th — I have felt inclined to write you about the condition of several of our dear churches. But, upon my return, a few days since, from Mt Sterling, I determined to wait no longer.

The churches referred to are, Mt Sterling, Owingsville, Springfield, Gilead and Moorefield. Not one of these have a pastor, or (that I know) a chance of one.

It seems such a pity that so many churches (within a radius of about 20 miles) should be without preaching so long. And, indeed, it

seems to me a shame for Mt Sterling church to be so long without a pastor.

What these churches need, in my mind, is a stirring up by some good man, to remind them of the work they should do and of their responsibilities.

Your words, "The babes in Christ need the sincere milk of the word, that they may grow thereby. If they are cared for, the fruits of righteousness will abound, but without a minister the sorely tried and tempted will be liable to fall and be overcome — the sick — the afflicted — the dying — left without the support and consolations of the gospel, — the young without instruction, and pastoral care, will be misled and swallowed up in the vortex of worldliness ungodliness and sin" these words impressed me very forcibly when I brought them to bear on

my friends and relatives represented in each of these several churches.

Now, can't something be done by some one to help these churches? Mt Sterling and Springfield should join in a preacher — Owingsville Gilead and Moorefield might support one between them.

Will it do for you to call attention to the Presbyteries and people of those churches through the "Christian Observer?"

If the people had no buildings in which to worship it would be different — but at all the points nice houses of worship are furnished, and there appears to me no reason why they should not have preaching. I attribute it mostly to indifference.

I trust I may not appear over-anxious or pertinent in my presentation of the situation and expressions of desire, for really, I am much concerned about these churches and their people.

Being almost entirely cut off from the dear Southern Churches in my membership here — my heart and sympathy go out to it and I want oh, so much to help it, in some way.

Of course, I can worship in this church, and feel it my duty to help in it, but if I could be in a church of our own persuasion I would. "There is no place like home."

Begging your pardon for the length of this letter, and with best wishes for your work,

I am most sincerely,
Elmer T. Hill.

Dear Sir

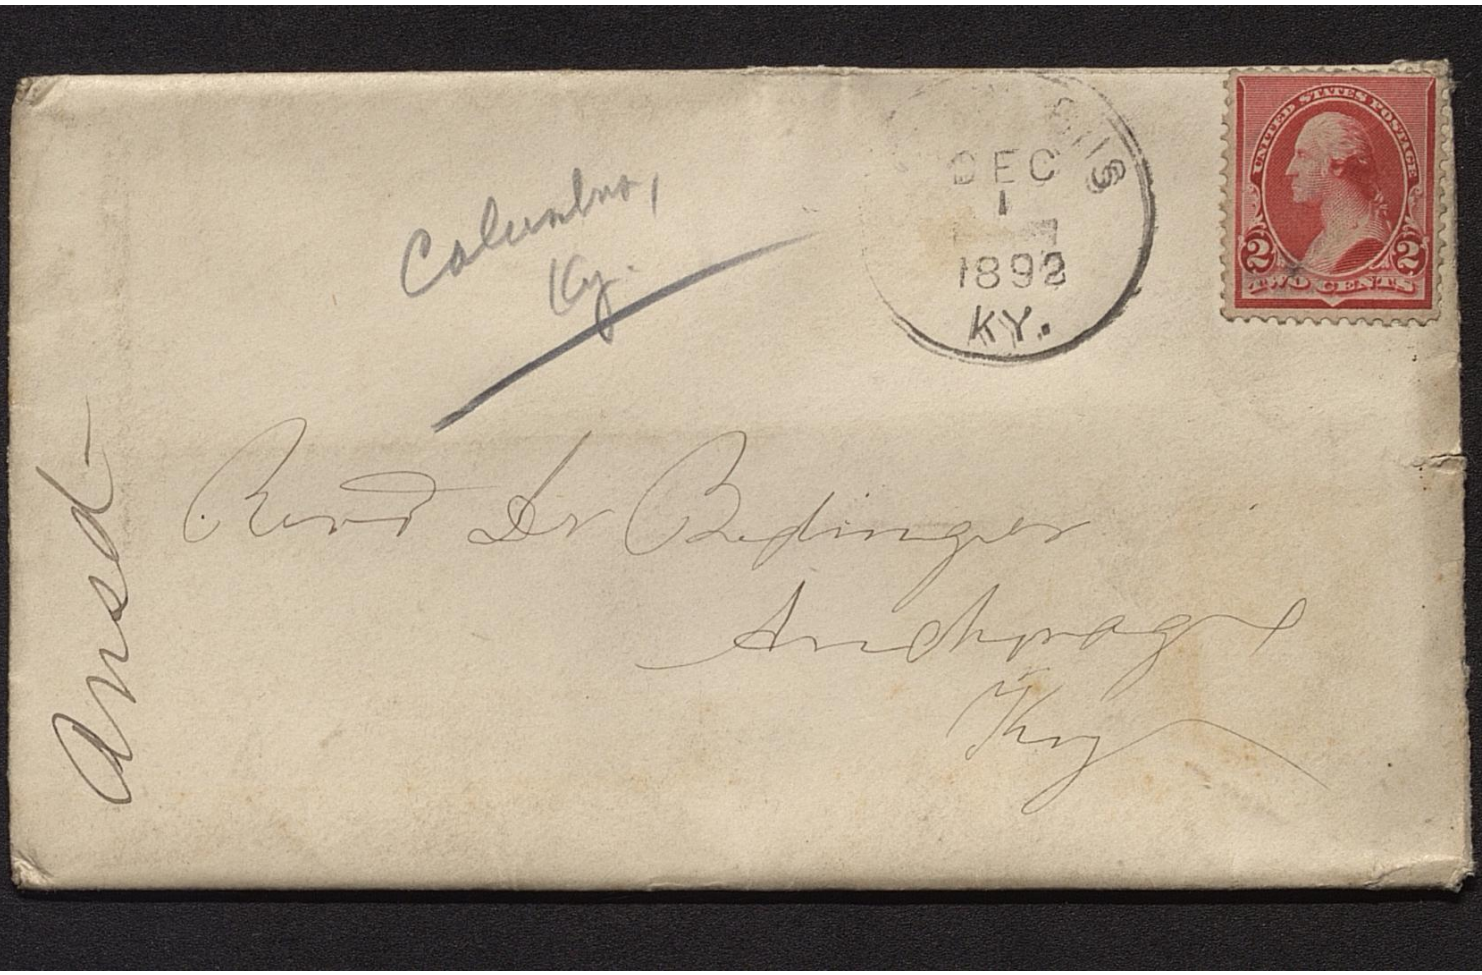

Are again take the liberty of writing you as to the prospects of securing Ministerial help in a series of Religious services about which we have been very anxious to have full power conference which we desire to hold in our town before the rigors of winter come upon us. We have secured a hall which we can make a hand made comfortable (but the hall is only loaned us & may be taken from us when ever there shall be an opportunity of renting it.) Our Evangelist Mr Neil (who preached for us last night, we know has already written you on the subject but has not yet heard from you & now we wait again to know when we may expect the desired help. We are truly in a destitute condition. We have no house to worship in

only as we borrow no money with which to pay our preachers as only four or five members. & yet we cling to our peculiar denominational preferences with as much earnest fervor as though we numbered hundreds. & We know that the battle is not always given to the strong nor the race to the swift" & to you as one of God's appointed agents in the physical arrangements of things we now appeal for help. We have not forgotten your promise to us over a month since to endeavor to help us in December perhaps & we hope that will not materially inconvenience you. & we know that you will take pleasure in responding to this Macedonian cry if circumstances permit. I must say before closing that Mr Hall's sermons according to our Presbyterian way of thinking are incomparably excellent & if we could get the people to come out & hear & think & hear the truth as he proclaims it we can't see why they could fail to be convinced. — We have felt in making this effort that if we fail in this we can scarcely ever gather our selves together sufficiently to make another. & if we feel that for us the night is fast coming & we will stand still & see the Salvation of God" in immediate favor of reply is desired. Craving God's blessings on you & yours We remain

Yours truly & sincerely

made to give it up. The 15 years will soon roll round, when by the laws of Ky. it will be his.

It seems there is an insatiable desire in the minds of some men to encroach on the rights of others. Near two years ago Dr S. D. Scott who had bought the Moravian place ~~wished to add to his holdings.~~ set his covetous eye on a slice of the Presbyterian church ground, & my ground, and before I knew it by clear dint he had two men there, had torn down the back church fence & was commencing on mine - claiming they it was a part of his. I explained to the men & they were committing a criminal offence - warned them not to touch my fence, under pain of both their selves & Dr S. being hauled to the Grand Jury - which happened to be then in session & we stopped it.

But the church fence which would

Rev E. W. Bedinger D.D.

Dear Friend -

I feel constrained as a matter of duty to write what I am going to write.

Since you were here I have conversed with several members of the church and find the sentiment unanimous that Mr J. is not the man for this field of labor. I need not enter into particulars, nor give my own views, but will just say that Mrs Willett, the Missionary was one with whom I talked. She expressed the highest regard for Mr J. but did not speak encouragingly about this coming, especially thought it would be discouraging to him. At some time would do the last the

could if he came. Others had the same opinion with the added objection of personal - not dislike, but indifference. So much for Florence.

Mr Spears was to see us the last time he preached at E. I learned from him that in conversation with some of the leading members at Erlangen among them the Elders. The same opinion was expressed - i.e. I liked him personally, liked his sermons, but the same emptiness was suggested.

Now I trust I have not said too much - and more indicated - for a sense of duty what might be necessary. That you should know Mr D. Thinks that a church building however plain - can cost but a few hundred dollars - & planned in such a way that it could afterwards be divided up for a parsonage is indispensable at Erlangen. As it is all the collections taken here a day - at Presbyterian meetings are handed over to the Mutterchurch - A pretty light rent for their church. He thinks it will never be brought out of its "chaotic state" until this is done - and it will need a man of judgment, experience, of executive ability - and grace to make him popular - and withal a good preacher to get hold of the hearts of the people + to do this work. You will say "Where will we find such a man" and I am sure I cannot find an answer.

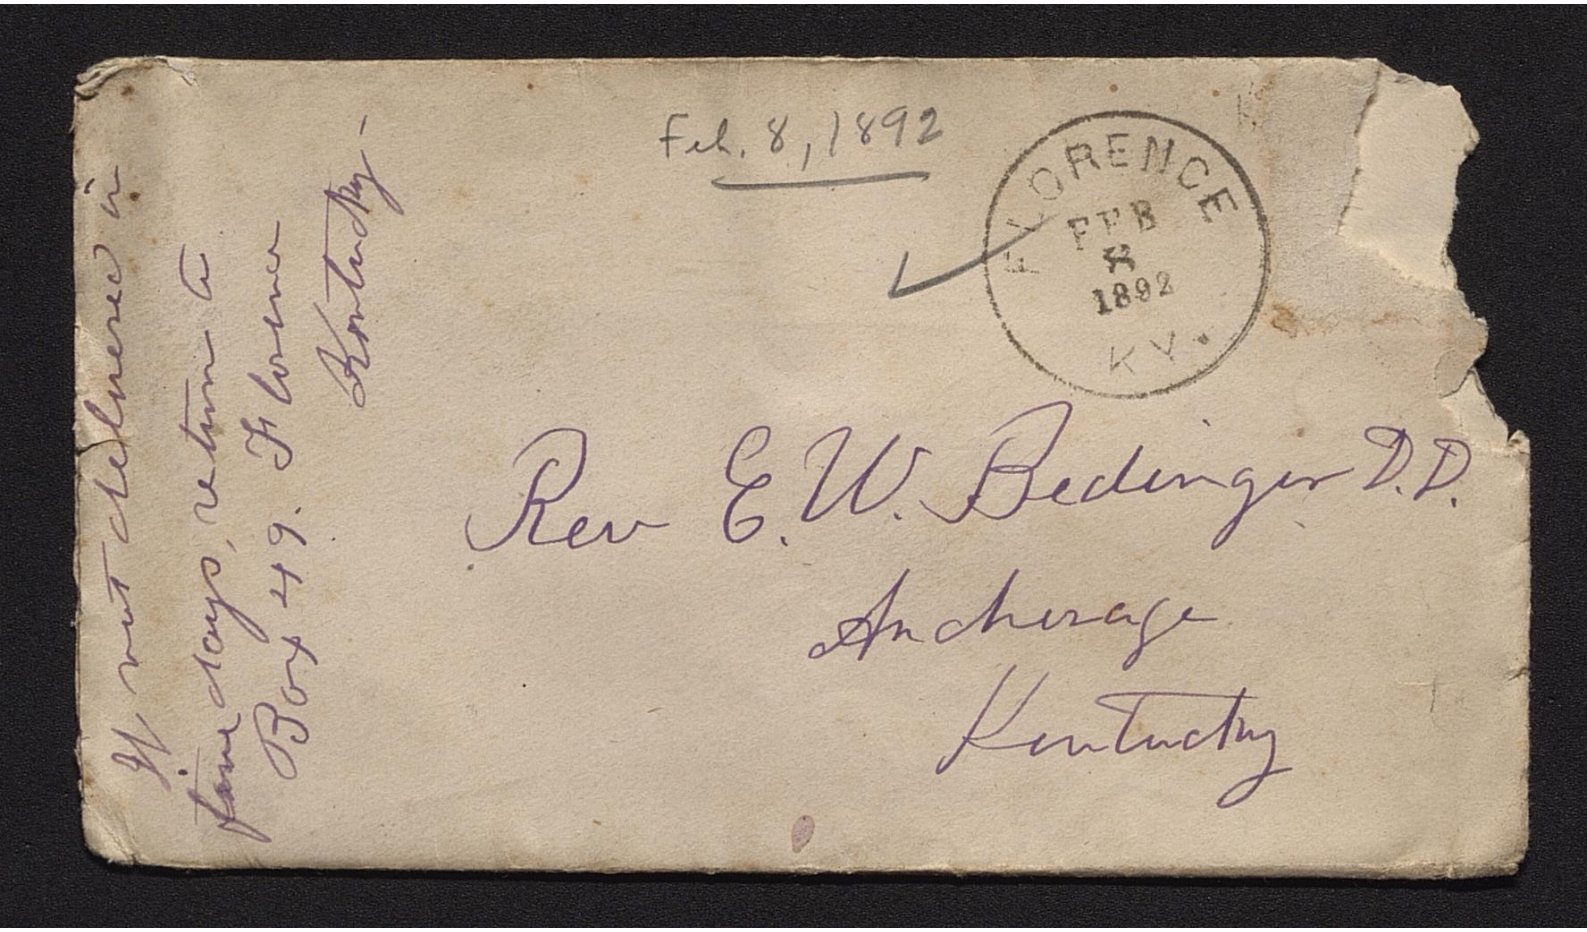

Another thing I wish mention to you - altho' you may be already informed of it.

Mr Leonard - (I believe that is the name) when he built his fine home at Erlangen - deliberately enclosed the lot given by your Mother for a church + it now forms a part of his grounds - It was a daring thing - and perhaps he is

have lasted for many years - he
left us a mark out of gates
which is already falling down
& would if you believed it took
in from 2 inches at the fastening
ends to 3 feet (at my own) at the
short ends -

I appealed to Dennis Rud-
who was a hunter to give him
notice at once to remove his fence
to the old lines the encroachment

I appealed to Dr Dalay who
had given the bit - He replied
"and as it always" more -
Excuse me for writing so lengthily - and with pencil - I find
it makes me quite nervous to write
at all, especially with a pen -
Very truly and affectionately Your friend

Since I last wrote you I have been engaged by Dr. Guerrant to fill his ~~pulpits~~ during his absence in the South.
'Tis quite convenient for me to preach for him, since our fields are so related that I can preach for him and myself on the same Sabbaths.
My time being occupied thus for four Sabbaths, I will not be able to undertake the Erlanger work.
Being then only two Sabbaths, I could not have done that work satisfactorally.
Hope that you can get a man for the place.

Dear Sir

I write to know if there is any prospect of our having a minister sent to these destitute churches, as there has been an appointment made by Mr Curtis for either the 1st or 3rd Sabbaths, and as one has come yet, we feel like we would be so glad to have one if we could get one, Then too we have heard there had been a lot bought &c, and still we can hear nothing definite, and as our Elders is now in the case, I write to you to know what the real abilities are in the case, Uncle Joe wrote my daughter we would have a preacher after Synod, I hope you will pardon my freedom in asking these questions, it is the interest I feel in the matter prompts them and I think if we ever expect to do anything here now is the time to act, hoping soon to see you or hear from you,

Dear Dr. Reckinger

About the twelfth of July I saw Dr. Blanton & Dr. Meek at the Lexington Chautauqua grounds and acting on their advice I went to fill Dr. Shoemakers place until he could take charge of his work. My brother George came home very much improved the night before I saw these gentlemen and in that way I was allowed to go. I am sure that I have been benefitted by my work there and that I was allowed to accomplish something for the Master. I felt as I never did before the need of workers

in our own state. I did not take a horse as I had thought of doing at first but walked all of the time and enjoyed every moment of the time. I got the fundamental heat I had I think pretty good attendance at the churches I was very much pleased with the out look. Mr Thornacker came on Friday and we held services at the Lower Twin on Sunday. He has a broad field of work and I am sure he will do much good. There seems to be some doubt among those who are interested about whether or not you will send Mr Ruyteloff back to those churches or not. I hear that he would stay at Flagl Green. If this be true, I feel that as I have been pretty thoroughly

over the ground during the last
month I can say that some one
is needed to look after the sunday schools
at the Upper Town Churches after
Mr Hallins time is out. He has
been very busy & think a very
good works and is anxious if suitable
arrangements can be made, to continue
his work this winter in connexion
with his school work. Of course this
would allow him only to see
the schools on Sunday. He thinks
he needs the money & is willing to
accept the position for a small sum.
The greatest difficulty would be his getting
to the country without travelling
on Sundays. I only make this as

a suggestion lastly at his request and hint you will not think it presumptuous on my part. I will go in Sept. providence permitting to Glam. Sidney. and hint I may have a profitable year. Any expence of coming will fall on this Mission and nothing and if you think best I will be glad to have what ever you think my services worth. I am this fortnight conducting services once in Jackson twice each at the other churches. In addition to this I hold services at School houses and in private houses whenever I had an opportunity I am glad to have given this much time to the work and am sorry that I could not have given earlier in the season With kindest regards to yourself

I am yours very respectfully.

My Dear Sir:—

I regret very much that I missed you by a misunderstanding when in Paducah.

Last Sunday I preached in Benton to a small congregation; this week I have been visiting the towns along the P. D. & T. R. R.

Benton is a county seat of some 600 people having two church buildings with three church organizations, they having a membership of over 300. there are 16 Methodists, there you see we have a very small and at the same time very poor in all every sense of the word: number to work upon. After talking

to the people. I can't see any future for that place, even the optimist looks for not more than 1500 or 1800 people within the next five years, and those will come from the surrounding country. I will have to conflict with some one of the denominations to preach there, and I have those Indians to commune with, so this (B) place I can see nothing even in the remote future for our Church.

Hardin & Lynn, two new stations of 100 each and within one mile of each other may give some results in the years to come, but hardly under years, as Bro Harris Johnson of

from to county on the only ones who are given to that sort of thing population, to them I give the 3rd Question. That I am no Prophet

Murray another Co seat and the town in which I have decided to locate has about 1000 people a much more refined and intelligent character than either of the other places spoken of. Here I find two Presbyterian and some good Cumberlands. My two being an elderly lady who can't worship with no any often, and a young lady from the north in the millinery business. I feel that we can do something here but it is to be a long hard pull. as these people know nothing of the Presbyterian.

all told they have never had more than three Baptisms if so many preached in this Co. I give to Murray the 1st Sunday and will conflict with no other denomination.

I have on hand two Sundays and one hopeful place in which to put them. The preaching which I can do out in the Co. on these two Sundays can be done in the week upon moon light night with equal success.

If I was at liberty to make a suggestion I should say put in one of these vacant Sundays at Mayfield, the Co. seat of Graves, which has some good people and work it

up, so that when a 3rd Ch. is organized in Paducah a couple of Murray, Mayfield & the 3rd Ch. can be formed and support a minister as it is now. the people along the R.T. & R.R. will not support a Preacher within the next twenty years. These people know nothing about giving; in this place the Campbellites have a church membership of more than 300. y N they have not maintained preacher, neither a regular pastor. and so it is with all the other churches; this section has a cheap religion, and needs education upon that point. My forth Sunday I think from

what-d I hear can be used in McCracken about six or seven miles out from Paducah or perhaps on the river.

This is a short sketch of my field. I only wish that I could have a visit from you & a week within the next ten days.

Does the young Cumberland Presbyterians, upon what the "Presby. Ch. Is"? and what "it believes"? & I am in Brotherhood or for as Presbyterianism is concerned, and shall want some hundred such tracts of booklets for free distribution.

My dear sir bro.

Your letter of the 18th inst. just to hand, and I shall endeavor to carry out its instruction to the letter. I have already started the visiting, preaching & prayer meeting. I have an appointment to organize a S.S. at one of my places of preaching.

I am sorry you inferred from my letter that I have but little hope for our church in this section, far from it. I think that we will be able to organize a church in this place before the fall comes on, and I have great hopes that another point will give us encouragement.

My work at this place has taken a very unexpected phase. The Baptist

people refuse to allow me the use of their church, so a number I have the sympathy of all the people in town and fully half of the Baptist. I am anxious to hold a meeting setting forth the doctrine of our church. which the most which are Baptist. Brethren has stated, is best. Who is a good man for this work? one who will set forth our position without wounding the feelings of any one.

Not receiving your letter earlier I have filled up my Sundays in until the 2nd of June. so will wait before visiting Mayfield. Cant bring in session I have this week been able to gather a great deal of information in regard to the condition of the country religiously.

The trouble about the prayer meetings, I said is not, that I can have no assistance, but it is to get it. The assistance which is tendered me any man and a large number of women want to take up prayer. and they do it by the hour. Thus keeping the very class I am anxious to reach, away; however I think that I shall be able to have the people in hand any how.

I send an account of my travelling expenses. You promised to "pay my travelling expenses from Princeton to the field."

Please send me Mrs Sawyer's address.

P.S. Please send a set of Covers setting forth the tenets of our Church, the Publishing House has sent me a few; very few.

Dear Sir

In reply to your letter of last Saturday. I will say that Mr Luther came home from presbytry in April 1891 and collected 4.00 off of our Church and tried to collect 7.00 off of Lebanon, but both Churches received a letter from you later stating that both Churches were behind on Evangelistic fund, 5.00 Mr Sam Hogan told me that they did not pay Mr Luther the 7.00 back that Mr John Kennedy sent you 5.00 I Charged Mr Luther

with the 6cts on his salary.
I sent him a check for 7cts
after he had started to pres
bytry. I know that the Collection
Assessment use to be 16cts but
when Rev Everett Redinger Jr preached
here, he told me that he had it
put down to 10cts that 16cts was
more than the Church was
able to pay. — —
If Mr Luther paid the Assess
ment in full in the Spring
of 1891. the Church owes Mr Luther
6cts but if he did not he collec
ted 6cts for a debt that he did
not pay.

Dear Bro:-

Am just home from Ford. Mrs. Gregory and myself have driven near 40 mi- today, so am pretty tired to-night- On my arrival, I rec'd your letter and check- Glad to get it, for was in need. The amt. I was expecting for the past year- was $12 00/100 for april and $30 00/100 per mo. for May & June. was that not our contract? Hope we can arrange all satisfactory.

We closed our protracted meeting at Ford, last night- as Mr. C- will give an official acct- of our meeting, it will be

useless for me to do the same.
We have a pretty good ch. I think now. May God continue his blessing. I will go there again next week.

If you think any more due according to contract, I shall gladly receive it. I don't want to demand too much for my work, but my understanding was that, I was to have the same for the work at Ford as at Erlangen, how you sent me three.

Hope all can be arranged satisfactorally.

Enclosed find check for $6 3/10 Balance from Ford, of the ten dollars apportioned. Hope to send some from other churches when I can raise it.

Let us hear from you soon.

Yours very truly - A. P. Gregory.

Troy, Ky.
July 18-92.

Dr. E. W. Bedsinger.

Dear Bro:-

Your letter of July 14-to hand in due time. It is my privilege to answer today and in same to enclose you check for $14 20/100 amt. raised yesterday at "Rose Supper" for Evangelistic Fund. Tried to raise fifteen dollars, but could not. As to our settlement for the quarter ending June 30th, I am sorry we can't agree-I had no understanding with the committee only with yourself the representation

It seems that we misunderstood each other. I agreed to take the work at Erlanger for so much, but if I was sent by Com- to Ford, was to get the same. was not sent to Erlanger but to Ford. I went to Ford. I did faithful service, and now the result-
Another thing the Com- might remember: Ford is not an admirable place to labor. I have stood its hardships, which your evangelist Mr. Caldwell could scarcely endure for a meeting. I don't want to praise myself, but I have gone through with things at Ford, that but few others would have endured. I am glad for my experience there, for it will do me good in after days-

But it seems Dr. Bedinger, that my services are regarded as of no more value than the services of a man of no experience. You offer me one $3-0\frac{05}{100}$ and now after I have tried to serve the Com- for two years faithfully, I am and to recieve only half of $3-0\frac{05}{100}$ for more than half of my time. I have done more work at Ford this summer than in this field.
I know I am but a weak vessel and not worth much. I don't mean to beg the Com- to give me more than promised- If my demands are not according to contract and are unjust in the opinion of the Com-

or yourself, then I am ready to submit the matter, to give into the hands of the Lord.
The original contract was for less money than my churches here promise for half my time.
You ask for a report since April 1st. Well I have visited Ford- two Sundays per month during that time, preaching and laboring in S.S. and pastoral work. Recently spent more than two weeks there with Mr. Caldwell in a protracted meeting at which we had 17 additions. During the Month of May I also did some extra work there. If the Com. has a man to place at Ford now in my place, I am ready to resign. It should not be left vacant now as we have just had a good meeting.

I will continue the work until
fall ~~until~~ Unless there is some-
one you desire to put in my
place. If my continued labor
there is of value to the
com- and they feel justified
in rewarding me for the same,
I shall gladly receive it, if
not I will do it gratis and
look to the Lord for compensation.
I trust Dr. that this letter
will be sufficient - I now
leave with you and the Lord. May
the Lord bring all right and bless
the glorious work in which
we are engaged.

Yours very respt

Andrew R Gregory.

Russellville, Ky. Aug 27th '92

Rev. Dr. Bedinger,

My Dear Bro:- I repeat what I said in my recent card that I exceeding regret that I did not get your first circular. It is the only letter of yours that I have failed get, and we may count ourselves fortunate, for there is great complaint of this office. If I had gotten that letter at the proper time, or even if I had not been out of town when your last letter came, this matter would have been attended to long ago.

I now enclose you the amounts apportioned to Russellville & Old Salem. Do not think that I intend to collect just the amounts apportioned by Lyod & then quit, I will do my very best to collect as much as possible of the guaranteed salary.

At the same time, I beg you to consider the dificultie of this sort of work in a field of the character of this. I cannot walk up into my pulpit on Sabbath morning and announce to my congregation (as I have no Presbyterian congregation) that "the collection for the Evangelistic work will now be taken up," but the work here assumes the form of "begging" from individuals. Some men by some means or other succeed in avoiding this kind of work, but it has so happened that in my short experience, I have had to do it constantly. Two Summers in Hancock Co. there was a church debt to work on, this Summer I have been working to buy an Organ for the church here, and now I have the collection for the Committee to raise in the same manner.

My dear brother and father, do not understand me to be

complaining. Far from that.
I recognize it as the Master
work and try to take it up with
energy and a willing heart,
and do what I may, I am al-
ways conscious of being an unworthy
and faithless servant.

Again I apologize for my delay,
but would call your attention to
the fact that in a field of
this kind a great deal of time
is required in collecting money:-
The people are all poor, they
are all more or less indifferent
to the work, it has to be done by
individual solicitation & sometimes
the same persons has to be inter-
viewed two or three time, & again
I throw my coat across my arm
& walk three or four miles
into the country & back to see
a man only to find that he is
not at home. And thus it goes.
I told you about Old Salem
in a former letter. I have re-
ceived nothing from there since

last April (except a dollar handed me last week by a member while at his home). it was the third Sabbath in May, while I was yet in school, that they first failed to make a contribution, & I had the expense of that trip, $2.60, to pay myself. Of course I afterward received the $5.00 from you. But that did not better the matter as far as the Church is concerned, for they knew nothing of that. Bro. A. M. Sawyer, a deacon, has said from month to month that something would be paid, but it is still neglected for some cause. Something, however, will be done, I think, next month.

The brother of the Northern Synod that preached at "Caney Fork," Buttler Co. this Summer, said that he would preach at Old Salem, if they wished, "for much, little, or nothing;" and I have wondered, if this has had any thing to do with their action.

Old Salem is fast becoming depopulated. One family left this week,

and another goes next week.

Bro. D. D. ~~Cho~~ Cochran, an elder, with his large family will leave in December & Bro. A. M. Sawyers, the deacon leave about the same time. Then there will be only about 6 old people left, only one of which is a contributor.

I told you about Adairville, — a town of 6 or 7 hundred people, four churches, about 2/3 of people members, only four of our people there, Mr. & Mrs. J. H. Brinsdine & Mr. & Mrs W. A. Dix, the two former are not expecting to stay there long.

You see what a long letter I have written you. I know that you have a great many letters to write, but cant you drop a few crumbs more to a poor fellow, than a short business letter.

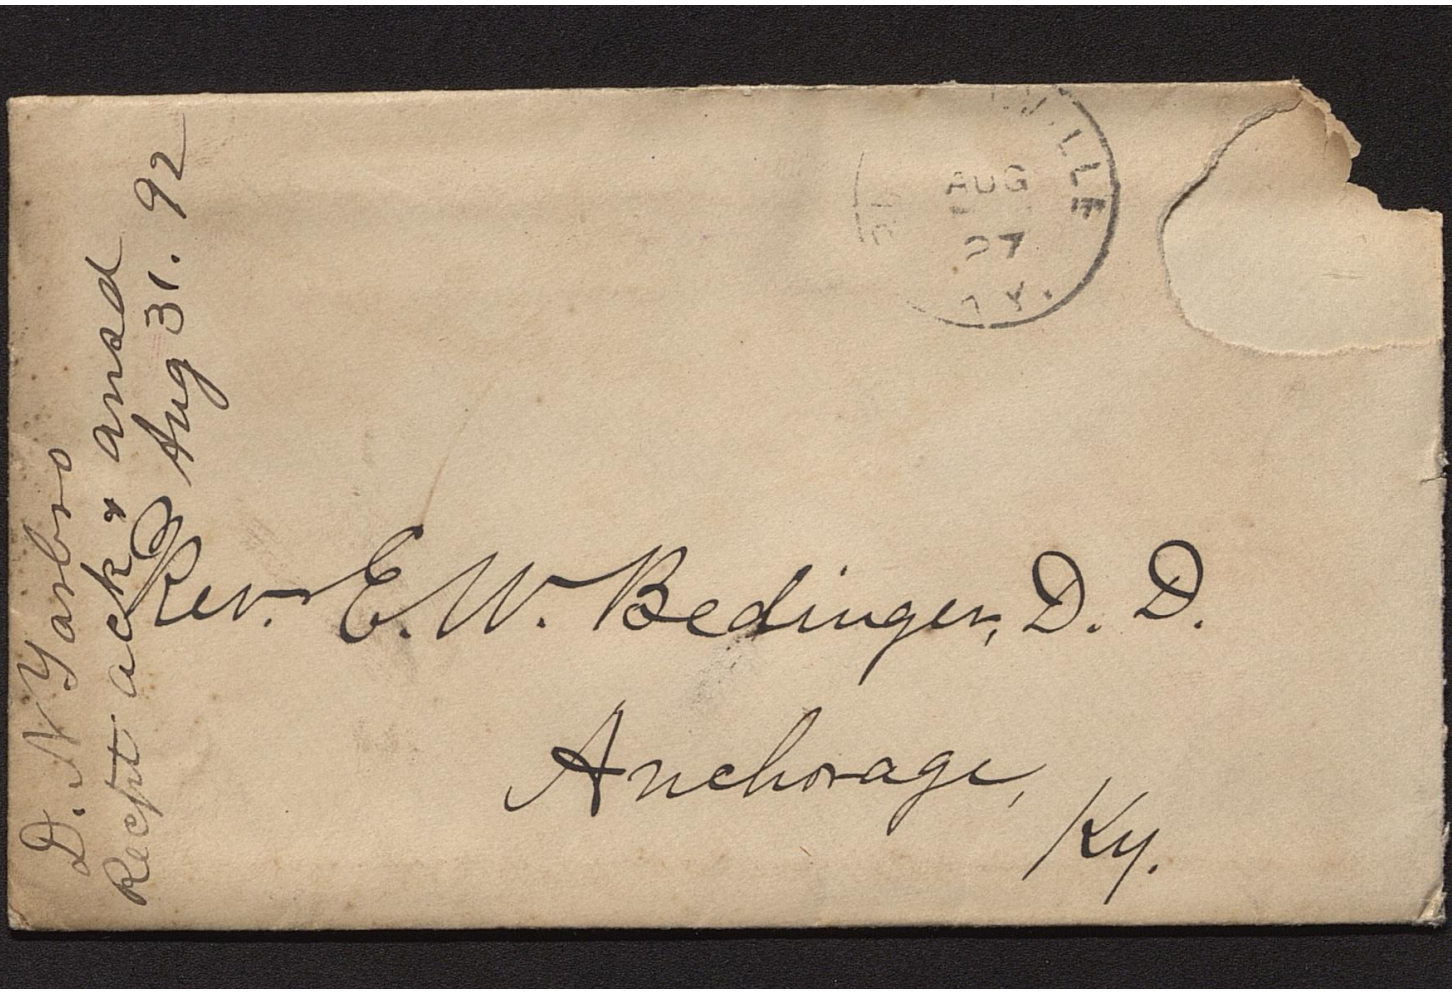

It does not appear that the Master is blessing me much. No souls have been converted, and I do not see any encouraging prospect for the reestablishment of the churches in the county.

I would like to hear from you soon. Write the first of the week, if possible. Address your next to Auburn.

Very truly Yours for Jesus.

Dear Bro:

The outlook for our Church is splendid. The people see that we mean business are giving us their moral support. We have not done much toward the building yet partly on account of the rd and partly because Judge Combs and Jerry McIntosh have been absent attending the convention at London since my return.

There has been some difficulty in getting lands as most of our

subscribers are busy at Thurgoddus
However we have a good force
promised for next week.
We have sent for a good stone
mason and are expecting him
every day to begin work on the
foundation.
I have received a letter from home
stating that they need me there
and I will leave here early
next week.
No mail has come to you here up
to date.

Yours Fraternally

Dear Bro:

Your letter of June 25th is to hand. I fear I could not support my family on the salary you mention as perhaps the best that could be done. I am employed at least till Sept. 1st by my preaching as an evangelist. I should be glad to find some work where I could be with my family more. In this general work I am away from home

a great deal. I do not know just what to say. I understand there are good schools at Glasgow, for this reason that place might suit me best. But I fear there is not much chance for outcome there as this field paid $1000 a few years past. I am compelled to pay attention to Salary I have a large family and know no income. The Erlanger field it seems is most promising for the future. If I could get a living there

at Present.

I should like to ~~comis~~ have my name before the Glasgow church

My Dear Bro:

I have learned from Rev. A.S. Caldwell and others that there are two fields in southern Ky. which you as Sec. desired to have filled. I should like to learn more of these. The ones mentioned are the Glasgow field and the Russellville field. Bro. Raidy told me he was no longer in the way at Glasgow - I should like, if the way opened to go to the Ky. work - & refer you to Revs A.S. Caldwell and B.F. Bedinger, and Rev. Thos. D. Please let me hear from you as early as convenient.

Dear Doctor:

I know that you will be surprised to learn that I have moved from McHenry to this city. After taking a careful consideration of all things, I thought that it would be to my interest in a great many ways to move here. We are loving at 1413 Garvin Place and when you are in the city we hope that you will make yourself as much at home with us as you did at any time when we were down in McHenry. We would be glad to see you at any time in the day or night. Of course we are hoping to increase our regularbusiness as much as possible. Any thing that you can do for us in the way of giving us recomendations would be very much appreciated. As you h have been using our coal for the last few years if you can speak a word in our favor it would be a great favor to us.. I am almost a stranger in the city outside of the business houses on Main Street

E. W. B.

I desire to get as much of our coal into the best families in the city as I can, and I think that if you can consistantly give us a good word it would be a considerable benefit to us.. I am attending the First church on 4th Street. I had expected to go th the Stewart Roberson Memorial Church, but when I went out there last Sunday with my children to Sunday School it was locked and barred and no one around, so I went, to the first Church, as it is about the same distance from our house as Stewart Roberson Memorial Church.. I was very much pleased with the pastor, Mr. Lyons, and I have promised to attend that church and Sabath School, but I do not propose to remove my membership from the McHenry church. I think it would not be advisable for me to do that as it would cripple the church financially, and while I can not be there in peson, yet what financial assistance I can give to the church will be mostly given to the church at McHenry. Should you stop off at McHenry at any time I hope that you will take the libety of either going to my ~~house~~ Mothers or my mother in law who is occupying my house. Eitherof them would be very glad to entertain you, and I assure you that you will be well taken care of.

Hoping to meet you in the city soon, I am,

Yours truly,

Madisonville, Ky., May 16th 1892

Rev C W Bedinger

Dear Bro

Yours of the 13th inst came duly to hand and in reply I will say that our little band of worshippers has become very much discouraged. We organized with about twenty seven members and have built a neat comfortable house - and it is paid for. We can only count eleven members at this time that attend services and contribute to the support of the church. Some have moved away, some have died and others never attend. Bro Spencer preached for us for some time in the evening during the fourth, once a month, afterwards he gave us one Sabbath a month, but the rail road connections between him and Princeton was so bad that he failed to meet his

Madisonville, Ky., ... 189.....

appointments and the people became discouraged and went to other churches.

Bro Spencer is a great favorite with us and the people generally but the disappointments was a great drawback. The people did not know when to expect preaching at our church as they had been disappointed so often. I think we paid Bro Spencer from $35 to $90 for year.

Bro Porter, of Greenville Ky, preached some time, but we have not had preaching since last Dec. The same trouble had connections between this place and Greenville.

I think 50 to 60 dollars will be as much as we could raise for a preacher. There are four other churches in this place, that have talented men to preach for them and they can draw a congregation. We have a population over 2600 and we should have a flourishing Disciple church, but a great many people will not take upon themselves the burdens of a weak church, hence

W. S. ROSS, M. D.

Madisonville, Ky., ... 189.....

they join us thus that we stay.

We are of the opinion that if we could have a talented man to preach for us one evening in the week, say once a month, and one that could draw a congregation it would be much better and have a tendency to build up the church. Bro Howe of Hopkinsville by would be very acceptable if he would consent to preach once a month some evening during the week. Bro Spencer would be equally as acceptable, but the railroad connections are not so good. The railroad connections are much better from Henderson than any other point.

We have no objections to Bro Adams but we think we should have a man that can draw a congregation and build up the church. You see the disadvantages that we have been laboring under.

Yours very truly

Dear Sir & Brother:

Dr Blanton and I had a conversation this afternoon in regard to me entering the evangelistic work in our Church under auspices of the Synod.

He wrote me several weeks ago that he would bring the matter up before Committee and they would write me further in the matter of detail.

It seems that I was expected to write again, addressing you.

I am sorry about the misunderstand and hasten to

and communication.
Pardon the necessary length of this letter to state the facts.
When I began preaching independently in 1881 I was a deacon in Lancaster Bes. Church. (Assembly)
My family of six children has grown now to age demanding more expense than I have been enabled to provide satisfactorily for desiring this work
This is one reason, and the other is a belief that work under espionage of some Church is productive of better results.
I would prefer taking up the work after the manner

of Bro. Hopper. That is I can't spend any time studying for "Orders" while the Children are needing bread.
Understand I make no objection on any other ground.
My request is then in the form of a proposition to your Committee to give my entire time to their work provided such compensation will be given as will justify it I have a wife and six Children one of whom is provided for this year and another for half the year.
I would expect to work the entire year, taking wife &

two small Children (12 yrs and 1½ yrs.) with me.
I have worked with Bros. Boggs and Cochrane and refer you to them for opinion as to fitness for the Evangelistic field.
My address for the present is Independence Ky. and I shall be pleased to hear from you in regard to what is set forth above.
Yours fraternally

Dear Bro.

I reached home about ten oclock Saturday night. After I saw you, I went as directed to Hazle Green got there Saturday evening - found bro. Lytle not there - and no meeting appointed. So I did not preach Saturday night, but immediately gave out notice that I would preach Sunday at 11 Oc. I addressed the Sab. School at 10. & had a very small audience at 11, & a good audience Sunday night. & it continued good, (with the exception of one night it was raining) & but few came;

Bro. Lytle did not get there til Monday, & did not get your letter

'til nearly noon Monday. He seemed hopeless from the begining. Said it was a busy time, & nearly all the community Campbellites; but we did what we could through the week, visiting in the day, & preaching every night, and had a fair congregation, & good attention, but no conversions. Last saturday and sab. (yesterday) was the Campbelite day, & bro little thought it would not do to run longer than Friday night. Said he would have taken me to one of his other congregations but the Methodists had announced a meeting to begin there about this time, so I had nothing to do but come home.

I thought of stopping at Mt Sterling & spending sab. but learned that the Campbellite church was occupying our house for a short time, their's having been damaged by fire recently.

I suppose you have heard from bro. Lytle, ever this, as he told me he was going to write to you.

Should you be in the city soon, would be glad to see you

Yours respectfully

Dear Bro.

As you requested I herewith send you an accurate statement of my labors as evangelist

Time employed at Scotsville 11 days

" " " Hazle-Green 9 "

Total 20 "

This does not include any of the time spent in going to Nashville or other places or the time spent at home between these meetings.

In Scotsville I preached 20 sermons

" Hazle-Green " 8 "

Total sermons. 28 "

At 100 dollars per month 20 days would be $66,66 2/3 cts, I received at Scotsville $5,00 which would leave due me $61,66 2/3 Cts

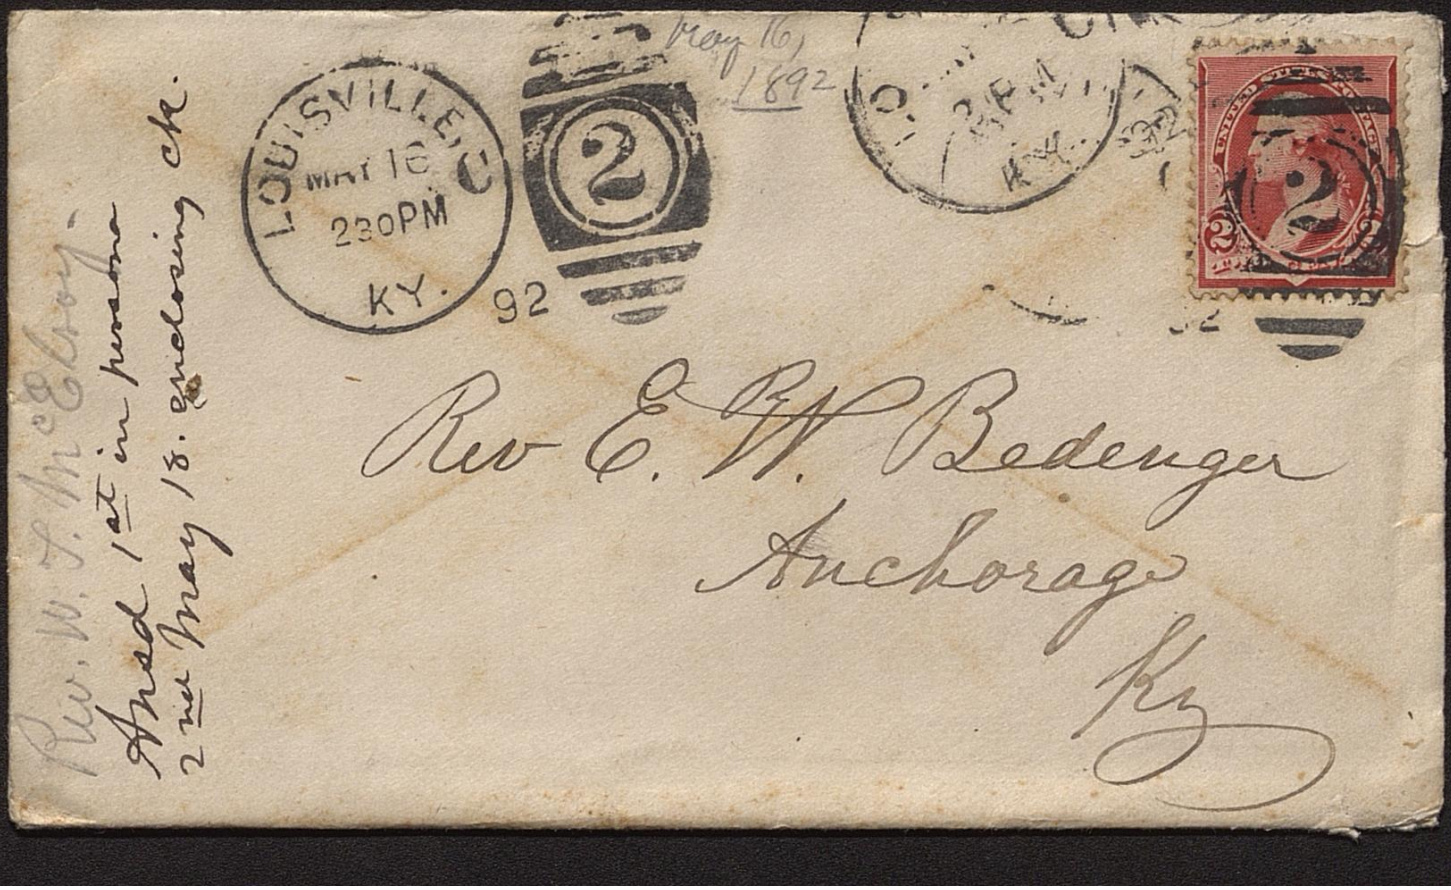

Bro. Little was averse to asking a

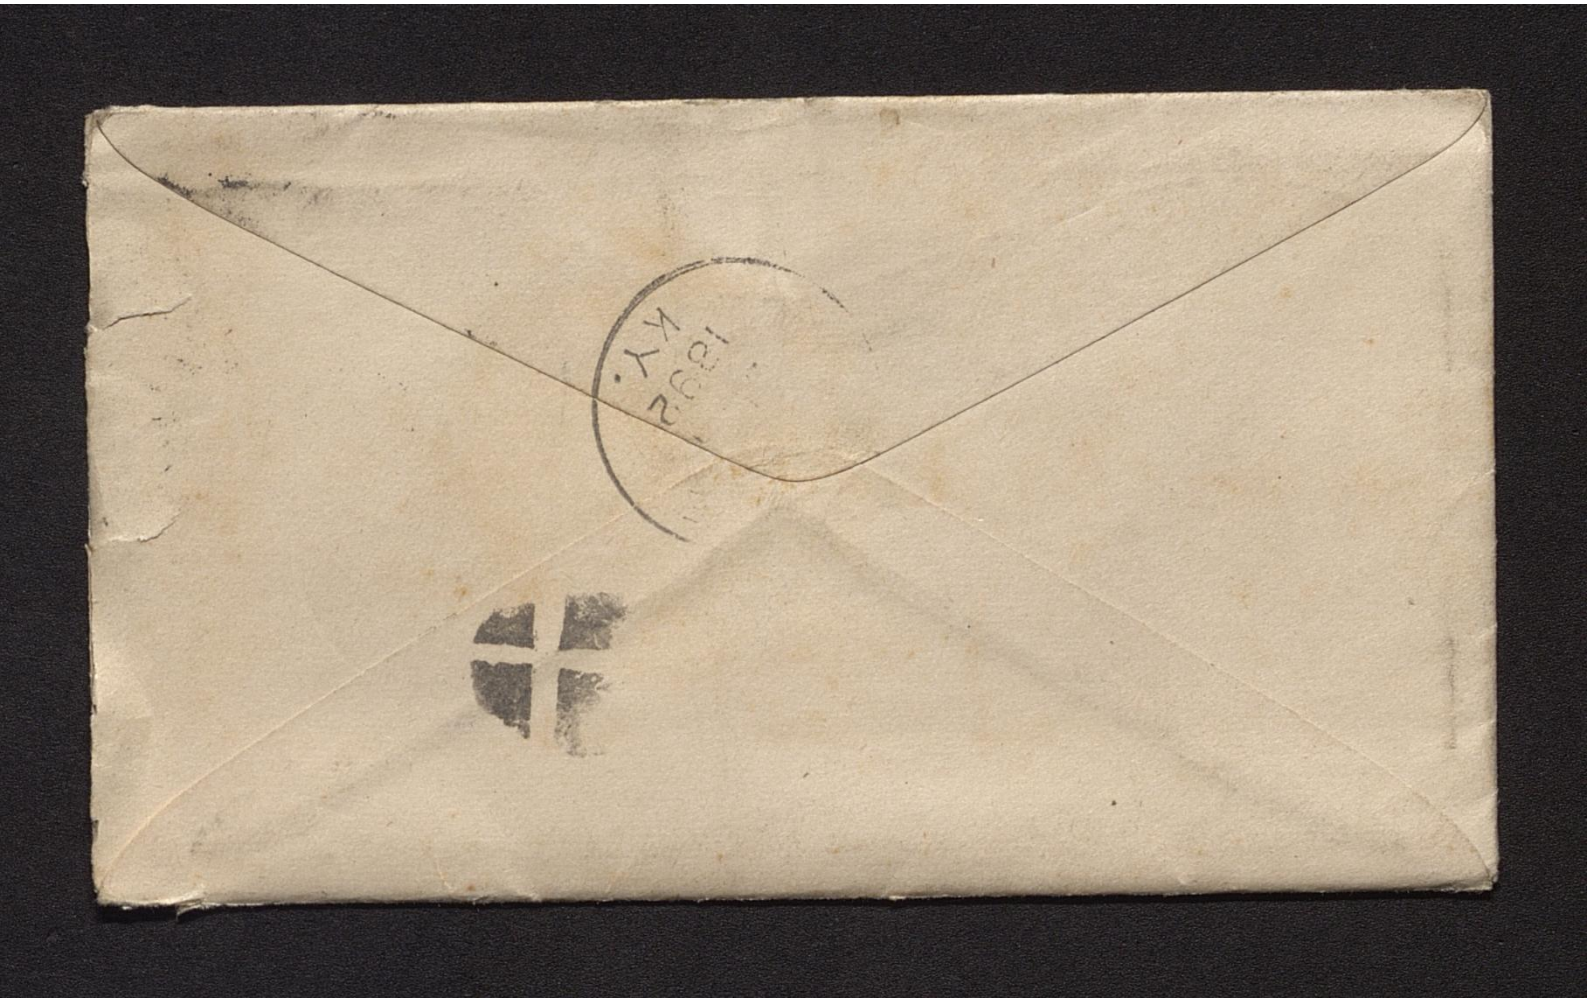

collection at Hazle-Green as our membership was so small, & poor, & he thought that the outsiders would give nothing, being mostly campbellites. We had two additions to our church at Scottsville; none at Hazle-Green. But I believe a good impression was left for our church at both places.

If you do not need me longer, all right; You can send check for the $61.66⅔ as soon as convenient.

But since writing to you they are all at war with themselves over a school and the teacher. I cannot do any thing with them will not come to church or S. School. and I see no hope for the future. Would like to hear from you on the subject. Bro at Paint Lick last Apr. promised me salary at $50. per month. but did not say when I was to expect it. Dear Brother

I am now at Hawesville as you see and beginning my work at our churches at W. Monaon & Lewisport. I find the work will be very difficult and may not be able to do much with it. Quit you send your Evangelist Mr Caldwell to us and assist me to give the work a send off? I find also that my call has not been made as stated. but is irregular. No congregational meeting ever having been called. What shall we do about that. To be regular the meeting must be called and a new call made this will necessitate another action on the part of your Presbytery. Please let me hear from you on the subject. The congregational meeting was called at Hawesville only. The Elders took the work

into this own hands and made the call from Monson Pinisport.) Hoping you will give me an early reply and some encouragement in this work I am yours. Respt fly

Dear Dr. Bedinger:

I have received a unanimous call to the Churches at Eminence and Pleasureville, Ky. and have signified to them my willingness to accept the call. Of course my going there will depend upon the action of Presbytery in the matter.

I would not think of making a change or leaving the work here were it not for the financial embarassment in which this call finds me and from which I can get no relief if I continue here. Can you put a suitable man in this field

the vacancy can be filled at once. Bro. H. joining me will write you a satisfactory man

here and have renewed their note for the third time, and as they, either or both of them are unable to pay the debt, I applied through Presbytery to the Board at Atlanta, Ga. But I did not think at the time of the debt at Winchester or I should have applied for $130.

The R.R. is here and the big hotel now our church has opened. The proprietor, a Louisville man, and his wife have their letters with them and will put their membership with us. If a good man were put in this filed now, I belive rapid progress could be made within the next year. I earnestly hope and pray that

at once? Just at this time it would be a severe blow to the work for the field to be vacant any length of time. And I sincerely hope that a way can be found.

I will try to send you soon or have the treasurer of our church send you our contribution to the Evangelistic work. Wish you could come and see us at an early day, and should like to have you come before I leave.

At the fall meeting of our Presbytery I made application for $50 to pay the debt off the St. Helens Church, but we cannot get the amount applied for or any part of it, if there are any outstanding debts against the church. Unless the $80 debt we owed for Lumber to Winchester has been liquidated, I suppose that will be counted against us, or will Synod's committee assume that debt?

I should like to hear from you at once on this point, as I shall have to write to Mr. McElroy in regard to the $80 debt, and assure him that it is not against the St. Helens Church before he can pay us the $50 for which I applied. This $50 is what we expected to collect on subscriptions and we owed it to the workmen. Some of the subscribers left the country without paying and others from some cause have failed to pay; so I suggested to the elders that they borrow the money and pay off the workmen. They borrowed the money at the bank

Dear Brother.

Perhaps you will think I bother you a great deal about our little church. But I cannot think of the idea of our church being abandoned yet awhile. You know no flock can flourish, and get along without a Shepherd. Our little flock seem to be drifting away, and looking around for greener pastures. We have not had a prayer meeting since Eugene left. we have lighted up the church and rang the bell, only to go

their and come away with sad hearts, no one come to lead, in fact no members outside of our own family. The Baptist are building a church here and have it nearly enclosed. They preached at our church Sunday and announced that they would have a revival as soon as their church was finished. Now I have a suggestion to make and think it a good one, perhaps you may think different and that is; you send us an Evangelist and let us have a meeting before they do, as they will undoubtingly get some that we might get. The trouble with us, our membership is not large enough to support a minister. If you could do

this, and in mean time hunt us a pastor to work and be with us. I think we could after one more year be able to support our own minister. If this cannot be done I do not see any hope for us, and some have already remarked, that if we did not get a minister soon they would join the Baptist church. Every member, with the exception of a very few, seem willing to pay as much as their scanty means will allow, for the support of a minister. I hope you will answer this, and if there is any hope for us, you will let us know soon, and brighten our despondent hearts.

Rev. E. W. Bedinger: -

My dear Brother: -

Enclosed is receipt and signed by me for months of March. There is still $6.00 due me for that month. I made a trip to Trenton on the 4th Sabbath, this however can be made out to the April account which will amount to $15.00, 3rd Sabbath at Old Salem, 4th at Trenton, and 4th at Trenton in March.

Notwithstanding unfavorable weather the meeting at Trenton was very encouraging. I think that all of our male adherants were at the meeting and a number of Cumberland brethren promised support. I left an appointment for the 4th Sab. of this month as stated above.

I have just returned from the meeting of Paducah Presy at which meeting I was duly licenced.

The Presby. made no special claim on my time for summer work, so I am at liberty to make an engagement with you. I would like to ask if $60. or four months is the total amount which I am to receive from all sources — church contributions and committee appropriations — and out of this I am to pay expenses of living and travelling. I will have to travel continually.

Mr. Wolf, the young man I spoke to you of with reference to the Hancock Co. field has received the call from the three churches in due form with an acceptable division of time. He is favorable to the field. But he is disappointed in the amount offered — $75. and is hesitating whether to put the call before his Presby. He relied on your promise to make the amt. $800. and has refused a call to Nashville

offering $900. The $700. will necessarily have to be discounted some because you well understand that disorganized country churches are always behind. Morrison church is now owing one $1/4. on for last summers work.

In addition to this Bro. Woll will have to spend $150. or 200 of his first years salary for a horse and cart, as the work of that field will compell him to have them.

I think it be very injudicious to let this opportunity of securing such a man to the Kentucky work pass for the sake of $50. per year less than $5. per month. Mr. J. J. Woll will leave tomorrow for the meeting of Nashville Presby. at Tullahoma.

Dear Sir & Brother,—

Your name was given me by, Rev. J. M. Craig D.D. as chairman of Home Missions in your Presbytery. I write to know if you have any work that you could give me this Summer, during vacation. I am a member of the Junior Theological class in the South Western Presbyterian University at Clarksville, Tenn, under the care of Nashville Presbytery. I have had some experience in preaching etc. If you have a field that would like to have a young man to serve them during the Summer, if the proper arrangements can be made, I will be glad to serve them. If you have no work under the care of the committee, and should know of some vacant church that would like to have a young man during vacation, will you please send me the address of the proper party in order that I may correspond with them in regard to the work

I stated, above, that I was under the care of Nashville Presbytery; you may wonder that I do not get work from that Presbytery. I have letter before me from that committee, stating that all their vacant fields are filled or will be filled during vacation.

I can refer you to the Rev. J. H. Lupton D.D. or to Rev. Jos R. Wilson D.D. Prof. of Theology in this University; for any thing that you may wish to know concerning myself.

Hoping, to hear from you at your earliest convenience, I remain, Yours for the Master's Service

Since I have returned home it has occured to me that I may have left you under a wrong impression. I did not mean to say that there was yet any thing certain about the change I spoke of; but only that I was in such a position in regard to it that at present I could not consider any thing else. My feeling about all these things is simply that each one should be settled upon its own merits and the leadings of Divine Providence

There are some other matters about which I would like to talk with you. Our time was so limited when we were together that I could not do so.

Dear Bro:

Doubtless you have seen the notice of our Meeting in the Christian Observer, & have rejoiced with us on account of the blessing which our Church has received. While the additions to our communion add very little financial strength they will make us valuable members.

I send you enclosed Check for $40.00. We hoped to make it $50.00, but some who promised have not paid, & a part of the amount contributed went toward paying incidental expenses.

Bro. Carr & his people were quite hearty in their co-operation, & I hope the two congregations will hereafter work to each others interest.

I enclose letter from McK. & Co. Our Elders & Deacons are under the impression that the anti Church was provided for. Bro. S. stated publicly that all outstanding debts had been paid before he left ex-

cept the debt upon which interest is to be paid.
Do you know whether the account has been paid?
We expect to change the Sabbath School back

changes in the management of the same.

My dear Bro:- I received yours at Auburn some days ago. I was glad to hear that you received the contributions in good order. My appointment for next Sabbath is at old Salem, and I expect a good contribution at that time, for they have not paid anything, as I told you, since April.
I shall turn this collection in or give the committee credit for it upon my salary, just as you advise.
I take this occasion to notify the committee, thro' you, that my engagements with that body will have to close on the 1st of Oct. I will at that time have to return permanently to my school duties. As to renewing engagements with the Com. in the relation existing between us last

Dr. E. W. Bedinger,

My dear brother: You think that I have been unusually negligent in communicating with you. I received both your letter, but it was upon my return to Russellville after more than a week's absence, & at the time of the receiving I was burdened with a great task. It was to get an organ for our church at R. I have succeeded to this extent: We have the organ in the church and used it with marked success at our last service & have it paid for all but a small bal. of $10.00. On last Second Sabbath at night we had the house filled with people every seat was taken & some were in the gallery. All the churches in R. during the summer unite their congregation on Sabbath night & of course we had to fall in with the

with the movement. And I think its is to our advantage. The meeting fell at our church on this night. Hence our large congregation. It has this effect. it proves that people do not stay away from our church on account of its location.

I am in Clarksville for two days looking after some private work of my own among the negroes which I had in hand during the past school session, but will return to R. in the morning (Wednesday).

I have not been home to see my Mother this vacation & will not get to see her before the Christmas holiday unless I embrace the the approaching opportunity. There are five Sabbaths in this month and as I have no regular appointment for that day, I have been hoping to make a visit home. Please write me this week to Russellville and tell me if this will meet your approval & whether it will

be consistant with my engagements with the committee.

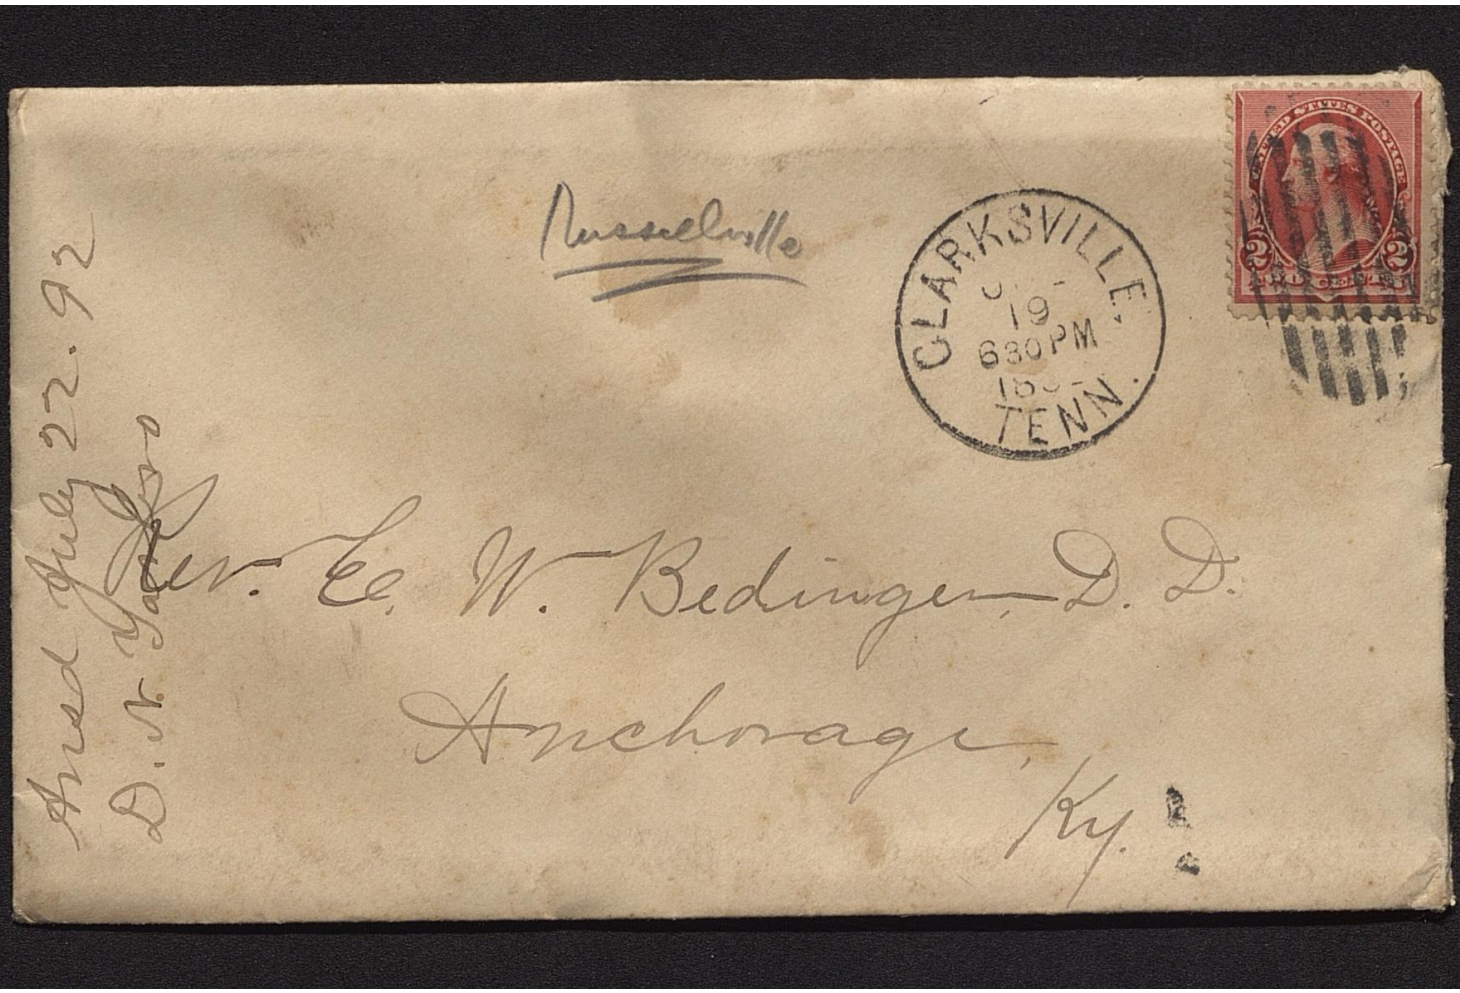

Bro. Porter has a young man from our Seminary with him & they are working Mud River & other points very successfully.

If we have a meeting at R. it ought to begin the 14th Sabbath in August - 28th, or by no means later than the 2nd Sabbath of Sep.

I expect to continue, with your approval, my labors in the field until the 1st Sab. of Oct. making out the four months.

Of course I expect you to use your own judgment about who you send to hold a meeting, but my opinion is that we ought to put the very best talent in such a place as R. It may be only an impression with me, but my impression is that Rev. W. T. McElroy is not the man to adapt himself to the peculiar needs of this field. Please let me hear from you as soon as Saturday.

Your kind letter was just what I needed in presbytery, & I can assure you I appreciated it very much. My presbytery received me as an Extraordinary & I am only to stay two winters at the Seminary: What would you advise me to do next Summer? would there be any chance for me to get any thing to do in Ky. that would pay my expenses out & back, I want to do some thing in the Summer to make what I have keep us next winter: There is a man here that I think would do good work in Ky he took two courses & then preached two years & has =

his name is Rev David P. Rodgers.
This man has been working for

them I think they would go to

Rev. W. H. Bedinger,

I enclose draft for contributed by my church to the Evangelistic Fund — I think Doctor our apportionment is a little excessive — Just at present I am paying bank interest on borrowed money because my church is in my debt, and our lecture room is in a most wretched state for want of repairs — We are losing ground every day for the want of these & at last have got to work trying to get the

house so that people will come back to it — And some of our people who should ever with financial reverses are actually staying away from Church because "Mr Molloy has come outside Church to ask money for so often" — Give us a breathing-spell and by God's blessing these things will all be made right. But I can only say I believe I will have something more for your cause in time — when I shall promptly send it — but I can not promise the full $189

I went to Whitney Thursday and preached there that night, and Friday afternoon and night — A heavy sleety rain set in Friday and crippled my congregations — and what with wind and darkness & the mud, it was a somewhat trying trip — and nearly as expensive to me as a trip to Louisville would be (of course those churches rarely pay our expenses or never expect it) — But it was a most delightful visit to me — I told my people Yesterday of what has been accomplished there by our Synodical work — It is really wonderful and I thank God for it — Mrs. Abbott's youngest son wants to be taken under care of Presbytery in the Spring as a Candidate, and I think him a most promising

Several weeks ago I sent you the sum of $13 (thirteen dollars, it being a little over half of the amount for which our little Uniontown church is assessed for the State Evangelistic work. I now enclose $18 (eighteen dollars) more. Will you please let me know if it reaches you. I would also request that you send me a receipt for the whole amount $31.

You will see we have sent $6 more than we were required to, it gives us much pleasure to do so, and hope it, tho a small mite, may help some in the grand work of evangelizing the State; and in

carrying the "glad tidings" to "regions beyond. Please do not fail to send receipt. With best wishes and prayers for success in the work- and the Master's blessing over every effort made.

Dear Cousin Everette.

I have a man here who requested me to write to you and ascertain if you wish to sell that piece of timber land and also your terms of sale, cost &c.

I think he wishes to purchase himself. I do not know his circumstances; whether he is able to pay cash or not. You, doubtless know all about Mr. Washingtons death. We are living here in the same house. Vernon, is the only child I have. He is now in his sixteenth year. You remember Mary, the child to whom

you administered baptism at the time of your first visit to Missouri. She died when in her ninth year.

Vernon is one of the best boys in the world. He has supported us since his papa died. Hope you and your family are well.

Very Truly

My dear Sir & Brother,

I shall leave Nashville Thursday for Paducah - and will there look over the prospective field with some of the brethern of that place and shall be governed to a great extent by their suggestions.

Mr N. S. Sawyers will report to you at Anchorage some time during the earlier part of this week.

You will not be very favorably impressed with him at first - neither was I. but his good Lord common sense and his

ability as a preacher together with his exceptionally bright mind won not only my esteem but that of every other member of our class, beyond Mr. S. as one of the finest three men of my class which numbers seventy.

I am in hopes we can visit Mr. S. so as to have him with our Assembly when he is through the Seminary.

I shall write you from Paducah.

I am in hope, that you can't will see fit to send me a check at Paducah as I am only a Theol. Student who has had unusually heavy expenses during the past year and am now forced to borrow money to work my field.

Believe me to be,

Dear Bro.

I see a Report of your Evangelistic Campaign in Christian Obs. of 16th Nov. Calling for means & for Ministerial Aid. And especially in Perry Co. Of which you publish a most astounding fact. A Co. without a Church Organization, &c. &c. Is the need in said Co. a fact still. If so, what is required labor? What its possibilities? How many Churches in it? Where the Church? How many? Where is the Co.? What the face of the Country? What its crops?

Is a grazing region?
What the Soil & Timber?
What its improvements?
Has the Co any Minerals?
What its Streams?
How far from R. R.
What kind of roads?
What the Character of the
people generally?
How can the places best
reached by pony or a
buggy? Is it sparcely settled?
Have they Co Town?
If so, Where, & What its
name?
How about Mail facilities? What the Salary?
It is purely Evangelistic work.
Half My labors

Dear Brother—

I have been asked to commend to you Mr. W. G. Lechest now of Wakefield, Sussex Co. Va. as a suitable person to accompany the Rev. Mr. Caldwell in Evangelistic work—

As an Evangelist of the Synod of Virginia I have to commend him. You know this young man—

He has taken the course in Union Theol. Seminary—and was commended highly by Professors of the Seminary—

Confidentially I may tell you

he failed to pass examination by Chesapeake Presbytery and was not licensed. Failing to appear at this Spring's meeting he was dropped from the roll of Candidates.

He has good qualities as a Musician. Plays an organ and sings well. Leading a congregation. And is familiar with the Music of the Gospel Hymns and to that extent Church Music.

He is strong and active. Capable of endurance in Missionary work. And has manners that make him acceptable to plainer classes of people.

I know of nothing to prevent my saying that I think he would be very useful as the Assistant to Rev. Caldwell in Missionary work as a Layman.

He has spent a good part of his life among plain people in mountain sections of North Carolina. And is very acceptable to such people.

I hear he wishes to go to such work.

I am much disposed to think he would be found very valuable in this position if selected.

Very Sincerely
James P. Smith

Dear Sir. I have not heard from you or from Chrisney folks either since I seen you at Chrisney. Neither have I had time to go around to see the Brethren about raising Subscription for preaching. I told you I feared we could not raise more than $150. But I will try for $200. I think if I could have a letter from you saying that there was a prospect of geting a man by raising enough of money it might help my success

Pleas write to me and let me know what is the prospect. What amount the Chrisney folks can be relied on to pay. And what did you learn about that man from Miss I think it was that you told us about. What is his name &c &c. I will have to go around and see every one as I know all would not turn out to a meeting if I called one. We will need every ones help. If a man would come and preach a time or two it might be helpful in raising the amount necessary.

Dear Sir

I am afraid I will worry you writing so often, but My heart is in the work, and I cant help it, I think we had better change our appointment with the 3rd Sunday in every month, for this reason, Bro Bell the Methodist minister preaches the 1st & 4th of every month Bro Cattleberg the 2nd of every month the 3rd there is no preaching at all, and that day we can get the Methodist church, I have secured that, so if you think that would be best, write to Mr Hughey and let him have it published in next weeks paper I think he will be married before that time, but I suppose he would have time to attend to that, Dr Ditzler has been preaching here to crowded houses for a week, I have only heard him three times, it has been so cold, I heard Dr Guerrant in Paducah also Dr Love & Quigley, Dr Love promised to come out last week, but had a sick child he wrote, I hope you will be able to come to see us soon again, we wont let you preach in that old miserable courthouse, Wishing you a happy New Year yr friend E M Nold

Dear Sir & Bro.

The following is my report for the quarter ending Oct the first 1892.

We have had twelve services during the quarter.

On preaching days we have large congregations.

We have rec.d three members into the church during the quarter.

Our Sabbath school is largely attended by the members of the church & also others. We also have a good Bible society; both Baptist & Methodist take part in it.

Every thing seems to be in a prosperous condition. On the meantime I want

to say that I haint rec'd but twenty dollars & forty five cents since the last of may from W. & A. L. Phillips I have a large family consisting of six & we have neither bread nor meat we are in a suffering condition. We are in debt & we cant get anything more until we settle up. If I cant get help from some source I will have to take up the plow & the hough or some other trade [with the ministry] in connection The Church has about paid us in full. Do all you can for me to oblige

Yours for the upbuilding of Christ Kingdom

Dear Bro.: Can you tell me when I can expect a check from you for the balance of amt due on last quarter? I am very much in need of money, and must have at least $100.00 by the 1st. I have a note in Bank for $50.00 which falls due on that day & it must be paid. I will owe on the 1st $50.00 for rent. Other creditors want their money & I fear my not being able to pay them will cripple my influence for good.

I hoped to have an opportunity while at Synod of talking with you relative to this field, but was called to the bedside of my sister at Lebanon on Friday morning. So far I have failed to arouse any enthusiasm among the members of the 2nd Church. I do not think I ever saw such indifference in my life as has been man-

instead over seven I came. I will try to get our Evangelist here very soon. It may be he will be able to stir them up. During my absence my family has been at Union City. I am looking for them this after-noon,

My Dear Bro:- Yours of Sept. 24th just received. We are making an effort to raise the $25.00 asked of the Second Presbyterian Church of this city, & suppose it will be raised without doubt within the next few days. It is a shame that it was not attended to before this. I have mentioned it to my Session and also to our Deacons at least a half dozen times, but could get them to do nothing toward raising the amount.

We are moving along amid encouragements and discouragements. I do hope that the Lord will prosper the work. I am trying to leave no stone unturned. If only we can get the members of the Church

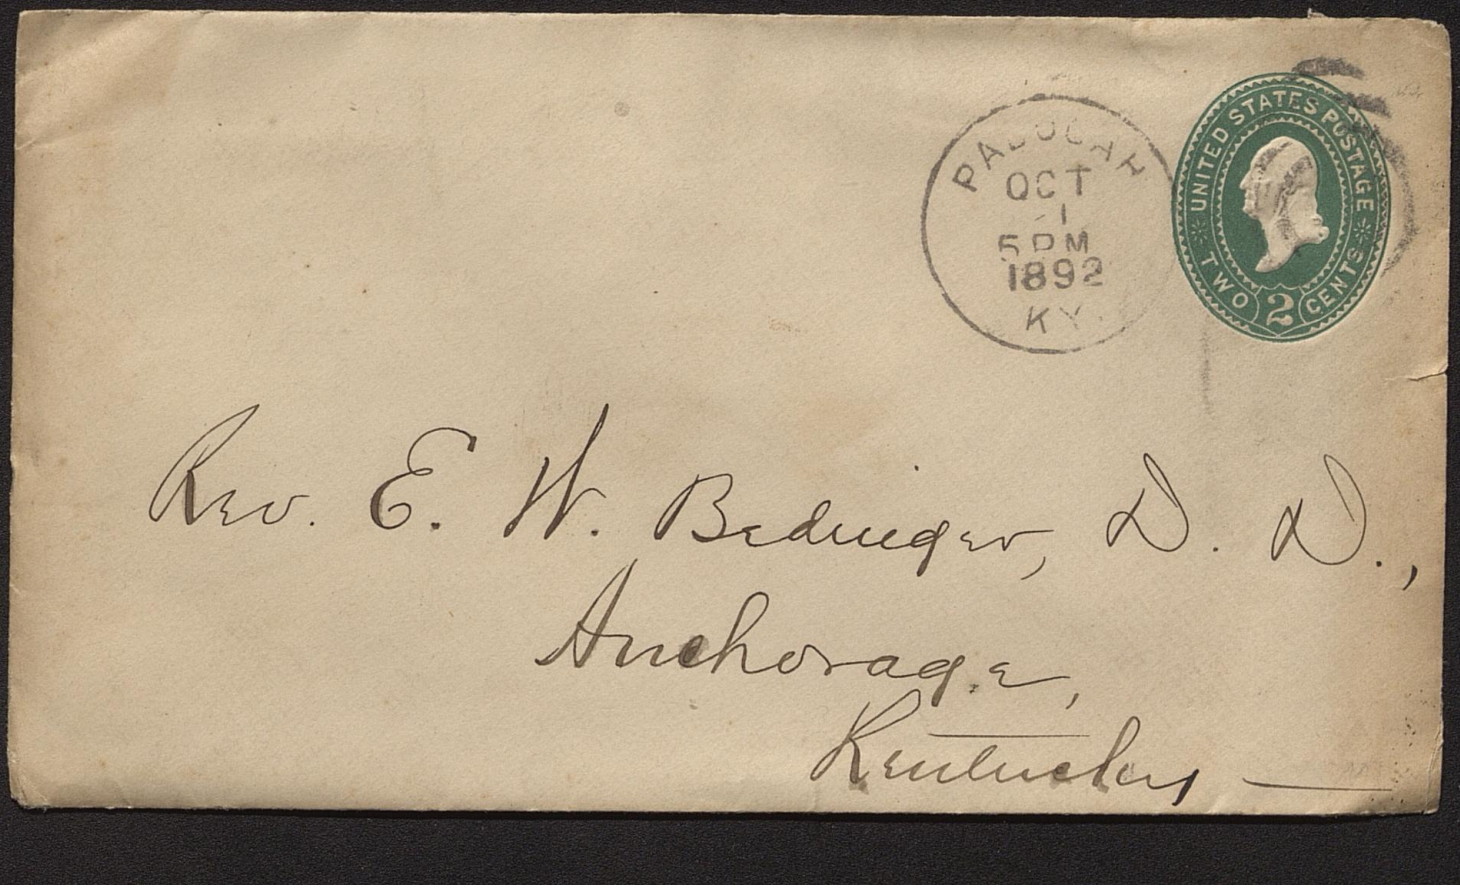

interested I feel that success is assured. Others will come to us when they see that we are in earnest re. ourselves.

Dear Dr. Pedington:

I have a postal card from Mr. D.N. Yarbro at Clarksville, Tenn. saying that it is very important that the Hancock Co. field give a call to Mr. Noel before the meeting of our Presbytery in order that it may be before the Nashville Bdy at its meeting on the 12th of April. He says that you told him you or I would go down & preside at the congregational meeting for the purpose. It will be impossible for me to go. My communion is on Sunday. Can you go? If you could preach for them Sunday & call the congregational meetings for Monday night the calls could

come up in regular form to Pby.
I have written Molloy to look

of course he cannot be there

Dear Sir: Our colored brother,
Rev. S. J. Green, of Burdick, Ky.,
made application through me for
aid. You will perhaps remember
it. Dr. Green, of Danville, as a
member of Synod's Committee wrote
me that it was your opinion that
the Com. of Colored Evangelization
ought to attend to the matter; but
that if that committee failed to give
aid, the Synod's committee would
carry on the work at Craigg church
till the Assembly's committee could
take it up. I made application
to the Assembly's Com. and was told
by Mr. Phillips that there was no
money in their treasury, but Green's

application would be filed and aid would be given when there was money for it—but it was intimated that it might be months before that time came. I then asked Dr. Green to lay the matter again before your committee & wrote also to yourself. I have received several letters recently from brother S. J. Green, who is in great straits financially and so, I write to you urging that he be helped at once if it is possible. Praigg is our only colored church in the Synod. It has good prospects to become in a short time self supporting. It has a nucleus of most excellent & substantial people. I have personally investigated its condition—having recently visited the field. Green is a good man, commands the respect of all and he is doing a good work. But the truth is he will be forced to leave in a few weeks unless help comes from some source very soon. His church pays him from $150 to $200 a year. With his family, he needs $400 a year. Can you not aid at the rate of $250 a year until the Assembly's Com. can take charge of that field?

Very truly,

W. D. Weddleston

Chairman Presbytn's committee Colored work

Maud, Ky.
April 29, 1892.

Rev. E. W. Bedinger, D.D.

Dear Sir: The committee of Colored Evangelization give to Praigg Church in support of their pastor, S. P. Green, ten dollars per month. The church, if I remember correctly, raise for him about $150 a year. His salary ought to be $400. I have renewed the application (which Presbytery recommended) for $250, but Mr. Phillips does not yet give any encouragement that his Com. will be able to furnish that amount. I ask that your committee will consider the importance of the work at Praigg and do what you can towards supplementing the aid of from the Birmingham Com. till it can take entire care of the work. I assure you that I will make strong personal effort to get the Praigg church to undertake the entire support of its pastor at the earliest

possible moment. I am trying to establish at Campbellsville (under the direction of Presbytery) a parochial school (colored) that will not only be self sustaining, but will pay enough to relieve that field of all need of outside assistance.

You can depend upon the usual amount, at least, from my church for your work. Our collection will be taken in Sept. & forwarded immediately. I am sorry we cannot arrange to take the collection at the time Synod appoints, but to do so would be, for various local reasons, inconvenient to us &, what is more important, much less in amount than the Session is willing to send to you.

Very Truly,

W. D. Hedleston

Manse, Ky.,
July 4, 1892.

Rev. E. W. Bedinger, D.D.

Dear Sir: I laid your recent letter before the session of this church and we decided that it was best to take the collection for your work as usual in Sept. But that you might know what to depend on with certainty from us, we decided to promise you at least $60.00, the amount heretofore apportioned to us. We propose to raise the $75.00 you ask this year, if we can, and we all think we can; but to be safe, we promise the former amount. Our church has lost since last year two Elders who were among our liberal givers and is less able otherwise to give. We think it right to do our share of the

work [illegible] lisation and we do not want it's [illegible] ever to fall below it as a Tournament, therefore we ask that next year our part be $60.00 and continue at that amount until we can throw in the contribution to give to the other causes of the church proportionately. Seventy-five dollars is out of all proportion to what we are doing for other departments of the work.

We would be glad to have you come and personally present the cause to our people at any time (Sunday) that is most convenient to you, but we would prefer for you to come on the first or second Sabbath of September.

Very truly,

W. D. Headleston.

You said nothing about the time when you would like to visit me.

As it is drawing rapidly to the close of my second months work I would like to hear from the trees of the court as our finances are at that point where I will soon find my self compelled to stay in town as I will not be able to buy a R.R. ticket, and you know they are business people and run upon the cash principle.

I leave for Hazlet tomorrow and shall return Monday.

Please answer all questions in this letter and let me hear from you next week for I must command during up our meeting, if we expect to map any route.

My Dear Sir.

Your postal letter rec'd. I regret that I cannot meet you to-day as I hoped to do when yours was rec'd. but there is a funeral of an old friend and client of mine at 6 o'clock this evening which I feel that I ought to attend. At the meeting when we were appointed on the board, there was an informal consideration of the matter in hand & the feeling then seemed to be that the location of a school at Pinnacles was not practicable for two reasons. 1st The Northern Branch has a school there, the place is not large enough for two. It was thought that an attempt upon our part to establish one there would result in the failure of one or the other, and would an-

Impressions not desirable, Since the plan is so remote that we felt a school then would not be much of a feeder to Central University - Out of respect to the urgent appeal that was made the Comt. was appointed, with a kind of understanding, that you might call them some time in the prosecution of your main work - & report such facts as you thought of interest, that it would hardly be necessary for other members of the committee to go then, at this time, at least - It was further considered that it was too late to do anything toward establishing a school this year. The utmost now to be done would be to foster the interest for the present

My Dear Sir,
Your letter of the
26th Ult. I found awaiting me upon return
last evening;
I am in hopes Mr

by as Mr Waddell has
received a call from
Bay City Mich, and
is thinking of going
out there however
if Mr S. invites him
I think he will go
to Ky. with Mr Calhoun

of people
The hardships if
there be any I can
nothing about, I want
to do some thing
for the Master, and
my beloved Church.
I can secure under
the auspices of the
Northern Church, word
which will pay me
some thing like $350 a
for my labors until
Sept 1st, but I hope
to work for less within
the bounds of my own
Church. the above position
has been offered me.
In case you have
any other musician

The work of which you speak in the two unoccupied Cos is just what I would like, as it is of very much the same character as that in which I have been engaged in for the past three years viz. the S. S. mission work in Miss. and State S.S. Society. My experience in that business, tells me that in case I have to do much travelling, the salary promised will not be sufficient to enable me to lay aside any thing, with which I can go through the winter, without calling upon the Cent Comit for aid this latter I do not intend to do.

What will my expenses upon the field be? and will the Evg. Comit defray those expenses or am I expected to pay them out of my salary?

Please let me hear from you in full as to the place, the nature of the place, the expenses and upon any other point which you think would interest me.

What amount of preaching would you expect, and to what kind

friends please mention
them to me as I
have several young
men here who are
anxious to labor in
the South and some
of them will suit
just such work
as you have mentioned
in your letter.

There are several Freshmen in my class who are willing to take work in the South for the summer, and as they do not expect to return to their homes I thought that if we could give them work in the South we would more than likely capture them where they locate permanently.

Please let me hear from you soon.

My Dear Sir:

Your letter of the 30th ult., to hand a few moments ago.

Messrs. Calhoun & Waddell are honor men of the class of '86 of Princeton College and as I said to Dr. Ely are among the very best teachers of their class.

Mr. H. I understand has declined a call to a newly organized Church

in the fashionable
part of Pittsburg Pa.
he desiring to be
near his friend Mr
C. in the South,
they having been
room mates since
entering College.

Mr T is from Mass.
and stands well
in his class both
as a student and
preacher.

They have been
waiting to hear from
Ky & Tenn, and as yet
have nothing in
view; however as
one of them promised
to me the other day,
they would like to
hear of something
which might be consid-
ered desirable.

There is one other
Mr C. H. Ethridge '77 B.H.
who has a call to
a church in Pa
which pays $900 or so and
only requires one
sermon a Sunday
at my earnest request
he has promised not
to accept it until I
could hear from Ky
(which is yourself) about
work there.

I am a licentiate
of Chickasaw Presby. and
am in the Junior
class.

I dont wish
a charge that will
require more than
four sermons a month.

Will you please put Mr Jno. M. Waddell 31st Old Sem in correspondence with the two churches which pay

$1500- per year as a colony
Mr Jno Calhoun, 31st O. S. with
the 3 chs whose colony
is $600- p. year

There are two
more brethren who
would like to locate

are persons abov. besides
those there are several
in the lower class

Can you give me any information in regard to Capt. M. F. Johnson, who last year was acting as our colporteur.

I do not now remember when our last report from him was received, but it is more than six months. I have written to him at his home, Fern Creek, Ky., but have received no response, and I have no information whether he has performed any work as colporteur during a period of at least seven months, and perhaps more. If he has abandoned the work, we ought to have some settlement with him, as he has a stock of books of very considerable amount. I shall be glad to hear from you in regard to the matter.

My dear Bro:— Yours came this morning, & I hereby enclose receipt card.

You have, however, made an oversight in my account to which I wish to call your attention. I hope you have placed my letter on file & can refer to it again.

You stated in your letter for 4.92 that the check, which you sent, and the my contribution of $10.08, taken from the $65.00 me would leave a ballance of $60.00 still due me from Synod.

The mistake is this: the $10.08 had already been deducted from the amount due me, when the $65.00 was reached. A careful perusal of the itemized account as given in my letter will make this clear. It is merely an oversight. Please let me know, if my correction is valid.

Dear Sir & Bro.

Your favor of the 4th came duly to hand & I am amazed at the O.O Management of your city. I knew there was something the matter though I could hardly guess what. I am sorry that you did not answer the queries as to work for I did not continue here. The Presby agreed to merge its work into that of the Synod. As this discontinued the particular work I was in, & gave me an opportunity to make a change I did not go on under the new committee. I see in the papers from time to time that you have important fields needing men &c & I would be glad to take charge of some of them. I have been in the ministry for a number of years. I am now in my prime & feel

that I am not only competent, but am able physically & mentally willing to do that quality & quantity of work which usually commands & assures an ample compensation. I am offered work just now in North Miss. But hesitate a little on the ground of health, as a transfer from this climate & section to one like that just at this season is hardly desirable. Would prefer going North, rather than Southwest. So that if you have any chs open just now which really want some body to work for them, I shall be glad to have you advise me of their location states &c. Dr. Bedinger,

Dear Sir:-

I am a student of McCormick Seminary, just finishing the Junior year, and am looking for work for the summer.

Mr. Boone of the Senior class told me that there were fields in Kentucky to be occupied, and that you were the one to whom I should write. I have never preached, and have not done very much Christian work of any kind, but I am sure that in a humble country community where the gospel is not often heard, my services would be appreciated, and, with the Lord's help, much good would be done.

I prefer this kind of a field, because the greater part of my life has been spent in the country, and

I believe I would be more useful there. I would also like a field where there is a good opening for Sabbath School work. I am under the Care of the Cherokee presbytery, Georgia, and my home is at Calhoun, Ga., but I do not wish to go home this summer, not until Fall, anyway.

Seminary closes on the 7th of April, and I can be ready to begin work by the 20th.

Please write me soon.

Dear Dr Bedinger -

I hope you will pardon me for this seeming impertinence but, Father is not at home & I have to go to Nevada, Mo. but have not the means sufficient for the trip - He said that he hoped by the time I had to go that the committee would send me the balance due me for the last quarter. Now, if it will not be asking too much and put you to too much inconvenience could you help us out so that I can take my anticipated trip?

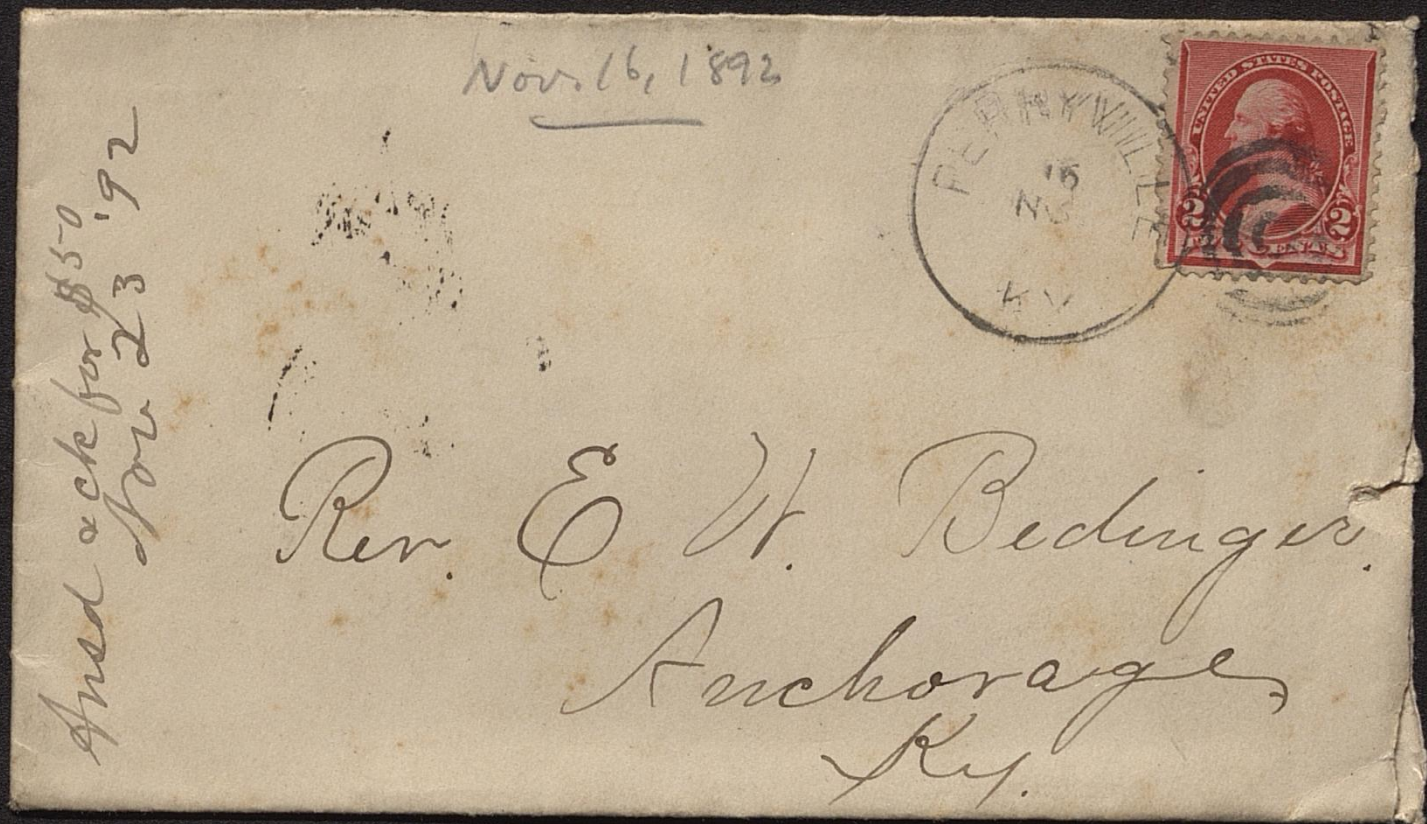

When he was at home I heard him say that the committee had agreed to pay his R. Road fare from McHenry to Hardin and back & to McHenry. in addition to his regular salary. Don't know whether he reported what it was to you or not. but I judge he must have done so.

I await your reply.

Of the asst paid last year. I gave $10.00
and my wife gave $2.00 Of the amount
this year we gave $10.00. Or One fourth &
our share of all the offerings of our Church
is in about the same proportion. There
is a faction in this Church that will
give but little & some nothing to the
Evening Station fund, and in fact to any
thing else. And they are of the same
party that set upon me & other officers
of the Church at such a rate, a short
time back. Some of them can not plead
inability for they are in good circumstances
& few here have to bear the burdens that
are borne We are willing to bear our
own share, and even more but are not
willing to take the burdens of others who
are just as able as we are. When the
injury inflicted upon this Church will
be healed I am not able to say. I hope
that things are assuming a better shape
The officers are all quiet and prudent
& are trying to do what they can for the

best interests of the congregation. I do not know how it will terminate. about geting a preacher. It seems from your statement that Evangelists are more plentiful than Pastors. My Dear Dr Bidinger.

I went to see Mr Head today, and secured a three weeks option on the lot adjoining Mrs Boggs. His price is $550.00.

I have heard nothing from Mr Holt, but have learned that it will cost $125.00 to have the lot properly graded. And to grade Mr Scotts lot will cost $50.00

Mr Heads lot is 82 x 350. Ft.

Lumber will cost as follows. Oak $1.25 Gum $1.00. Poplar Flooring $2.00. Poplar Siding $1.25. Poplar Ceiling $1.50. Tin roofing $5.75 per square. Labor from $2.00 to $2.50 per day.

I discovered this A.M. that as soon as it was suspicioned that we were thinking of the Head that several parties immediately set about to cut me out if possible, upon this discovery I immediately set off to Paris, and the above is the result of my visit

I enclose to you request-
ed an account of the
Committees standing
with me.

I go to Hardin tomor-
row and shall commence
by myself if necessary, the
meeting on Thursday
night, and hold every night
meeting until Sunday.
Ladies I must be
here Saturday night
and Sunday. so it will be
absolutely necessary for
me to have some one
with me by Friday night.

I shall be in Louisville
on the 13th inst. and hope

I shall find you then also. As I would at that time like very much to talk over this field with you.

I saw Mr Roulette and today talked over the prospects of our having a meeting at New London, he gave very little encouragement: but referred me to Dr Wilson as a better informed person upon the subject. I also hear encouraging reports from Providence + think perhaps it would not-

be amiss to investigate and perhaps Spring Gun could would be worth our time to enquire into.

It is useless for me to say that I am greatly disappointed, in, that you could not be here this week,

Since writing to you last my work in the Murray field has taken an unexpected turn and I greatly fill the need. I am older and more influential person upon the grounds

Last Sunday just as I was entering the Ch. one of the Ch officers called me aside and informed me that I could not preach in that pulpit at any time save the 1st & 2d Sunday morning each month, giving as his reason that they and the Baptist had promised not to have their Ch open the same day, this leaves or rather places me just where I was before for that I can preach but once a month in Murray, this comes just as I have succeeded in building up the largest congregation of any one who preaches in this place and drawing those out to hear me who seldom or never visit a Ch, visit as often as I may, I would like a Pagan if I choose you & I know that a congregation can never be held & a church built up on one sermon a month.

Monday in talking with the pastor of the Methodist Ch he told me that the P.E. expected soon to fill every hour, when that is done I will be unable to

$60.00 per month and my expenses from Princeton to the field. I have only received $50.00 for my expenses when they were $43.04 as an account rendered.

On what day may I look for you and how long can you remain. I will try and arrange so you can preach every night that you are here.

Wednesday P. M. I preach & give Bible Talks for the Children in Murray.

Saturday night before 2nd Sunday A.M. at Hardin. 2nd Sunday night Dexter.

Saturday Night before 4th

and continue until the 4th Sunday, when I shall expect the Evang'l to open the services at Murray and continue until the 1st Sunday in Sept or longer if the way be clear. or he might commence a week earlier and give me one week at Dexter when I have the promise of one gentleman and a family of four who expect to joine our church if we organize either in Hardin, or Murray

Sunday A M & night at Hazel.

Tuesday night & next week prayer meeting at Hardin.

Will you be surprised when I tell you that I used a boatsmith shop to preach in Hardin yesterday. I now have a church or rather a store house which I shall use for the rest of the summer.

When I promised to come to this field it was because you told me I should have one of the best Synodical Evangelist in Ky. to hold my meetings for me. I shall certainly expect this part of the contract to be carried out to the letter or else should the saloon get fat.

I have promised the people at each of my appts except Dexter that I would give them a protracted meeting and I want to commence at Hazel on the 5th Sunday in July and hold until the 2nd Sunday & Aug then commence at Hardin

I try to do once a month.

Please send me Mr Sawyers address ??

When shall I expect you to visit me?

Please without failure let me receive a reply to this letter, this week.

L. W. C.

I now think we will be able to arrange a church service this week, to come 15 or 20 minutes in August, if you send me a good one now as you can & have your sermon ready, & I do this because I shall expect his work in the other places; which are but a few miles distant; to have a good influence and draw quite a crowd from the

surrounding country

Do Dr Guerard- in the employment at any time? If you can? If so, I would rather have him for my meetings than any one you can send me

You may think that- I want my meetings to be concentrated to bring at- one place, but such is not the case, as I want the first four or five days devoted to the setting forth of our doctrine and preaching especially to the Xtians for they sadly need it.

I find that- this is a barrier & prejudice against our Church growing up That- unless it is torn down this summer, it will take years, if we can ever overcome it.

My work at all points is of the most discouraging character; though I find it quite busy. having to travel 10 or 12 miles each week & conduct from 8 to 14 prayer meeting services, and visit about 300 or more family, this latter duty

children, they having this as a substitute for their "Children's Day Exercises".

Can I visit any degree of certainty promise the people of Murray that you will send me a minister to preach a series of sermons upon the doctrines of our church?

I find that some of the Campbellite ministers are telling it around that we are the same in belief as the Free Will Baptist; thus they are creating a strong prejudice against our church among certain elements. In August I shall expect one of the Superior Evangelist to conduct a series

On my way back I stopped at Hardin and visited among the people, on the 3rd Sunday I shall organize a S. This coming Sunday I preach in this place, and at the request of quite a number, I preach to the

Does the Court (Synodical) Evangelist furnish me with tracts setting forth our doctrine, if so please send me about one hundred and fifty copies, for when I go to tell the people what we believe they want to argue the point and I find that if the Christ-ian man has any thing, it is the "gift of gab".

Dear Dr. Bedinger.

Many times since I have been here. I have wanted to write you. I have been from home two months, and as I have just received a letter from home in regard to our church trouble. I feel that I must give vent to my feelings. The news from home makes my heart sink within me. Oh. Dr. why. Oh. why has this trouble come to our poor struggling little church.

Oh. I have prayed that God would brake down the barrier that has been raised. but it seemes to get worse and worse. Why. Oh. why. did our pastor have to suffer as he did. (thank God no human can reach him now) will we as a church have to suffer for what a few has done. Yes! It is true. suffer. that word don't express it. The little Church is crushed and bleading at every pore. Our pastor died of a broke heart. Oh. pray that the Lord will take this bitter feeling out of my heart. Yes he has suffered. For Christ Sake. Yes he will be crowned. Of which will be said. Thos Come through many tribulation. Oh Dear Lord rise and help us. pray for the little church I love as

I do my own sifting. Do many of our members want to go to Church at all. Can't you come to Glasgow. And visit our members and try with God's help to bring about a reconciliation. Do it for Jesus. Sake He can do much for His Sake. It seems to me some times that my heart will break over this Church trouble. I do hope you can go to Glasgow. Our pastor's death has made the trouble worse than ever. Every thing works together for good to them that love the Lord. How hard to say it in this case.

Let me thank you for your kindness by doing all you could for Effie. God will bless you for it. But I was never so disappointed.

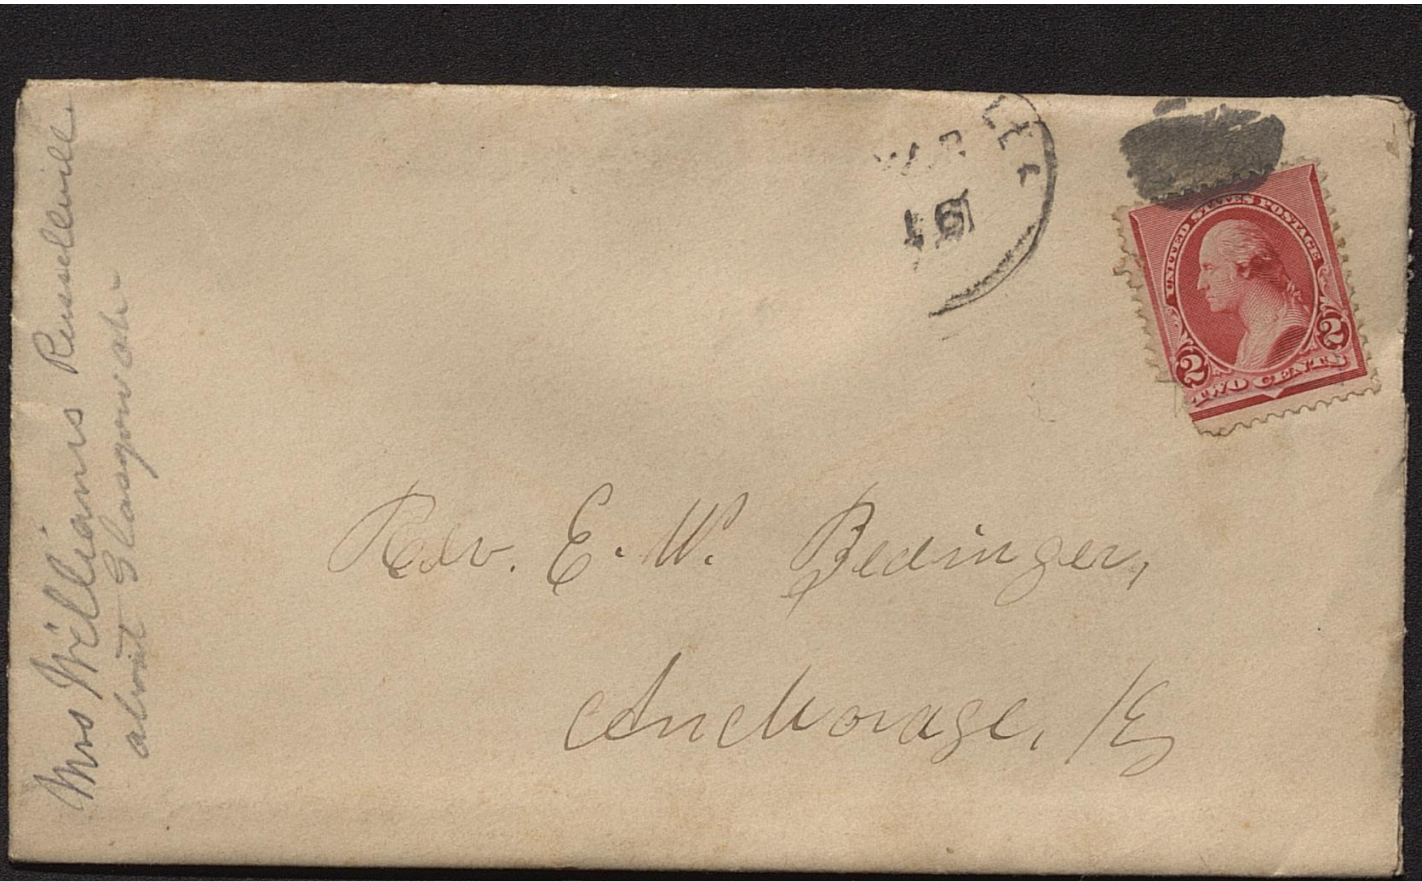

Ada is now in Texas. I did hate to give her up. But such

is life. God will care for her.

Again I ask you to pray as you have never prayed. Oh you can never know what a sorrow this is. God bless.

Rev. E. W. Redinger,

My dear Brother:-
I have been upon the ground two days now. Thursday was Commencement day & I could not do much. I made a few calls. I find our affairs in a deplorable condition. In this meeting, I have found but three women who are Presbyterians & only one of them was a member of this church, Mrs. McCurdy, who they say, has not been out of her house for five years. She told me she could not attend the services. The other two are new comers - rail road people, & one of them frankly confessed to be only a nominal member. A number of our best people have gone into the other churches.

I met with no encouragement. I am told that Paddock failed, that Newton & Hopper failed in a meeting - could not get a congregation, but, my brother, you have given me my marching orders & by the help of God I intend to obey them. We have been crippled since ~~my~~ last visit here in Jan. by the loss of Mr. & Mrs. Brigndine who kept the leading hotel. They have gone to Hairville. I have not made a thorough canvass yet, I hear of two or three others who are said to be members of our church. I think that six persons will be the sum total of our numbers here, with not a man among them. You must write to J. W. Stagg Bowling Green, or Evangelist Caldwell & make arrangements for one of them to come & hold a meeting. I see no other chance. If either of them will come & will give me a

date, I will begin the meeting a week before. But I would not attempt this without the assurance of help to take up the meeting. This ought to be done at once, so as to give my Summer's work a start.

Now I don't see how I can do any thing here by coming over for a month. As my work for the fourth Sabbath has not been determined, will you not let me put in all my time here that I am not occupied at Auburn & old Salem. Please write in regards to this at once so that I can announce it at my Monday night meeting which I have appointed in addition to the Services on Sabbath.

I was occupied all day yesterday working on the church building. The house had to be cleaned, the steps repaired, bell repaired, the town nailed up to keep out the pigeons, the weeds

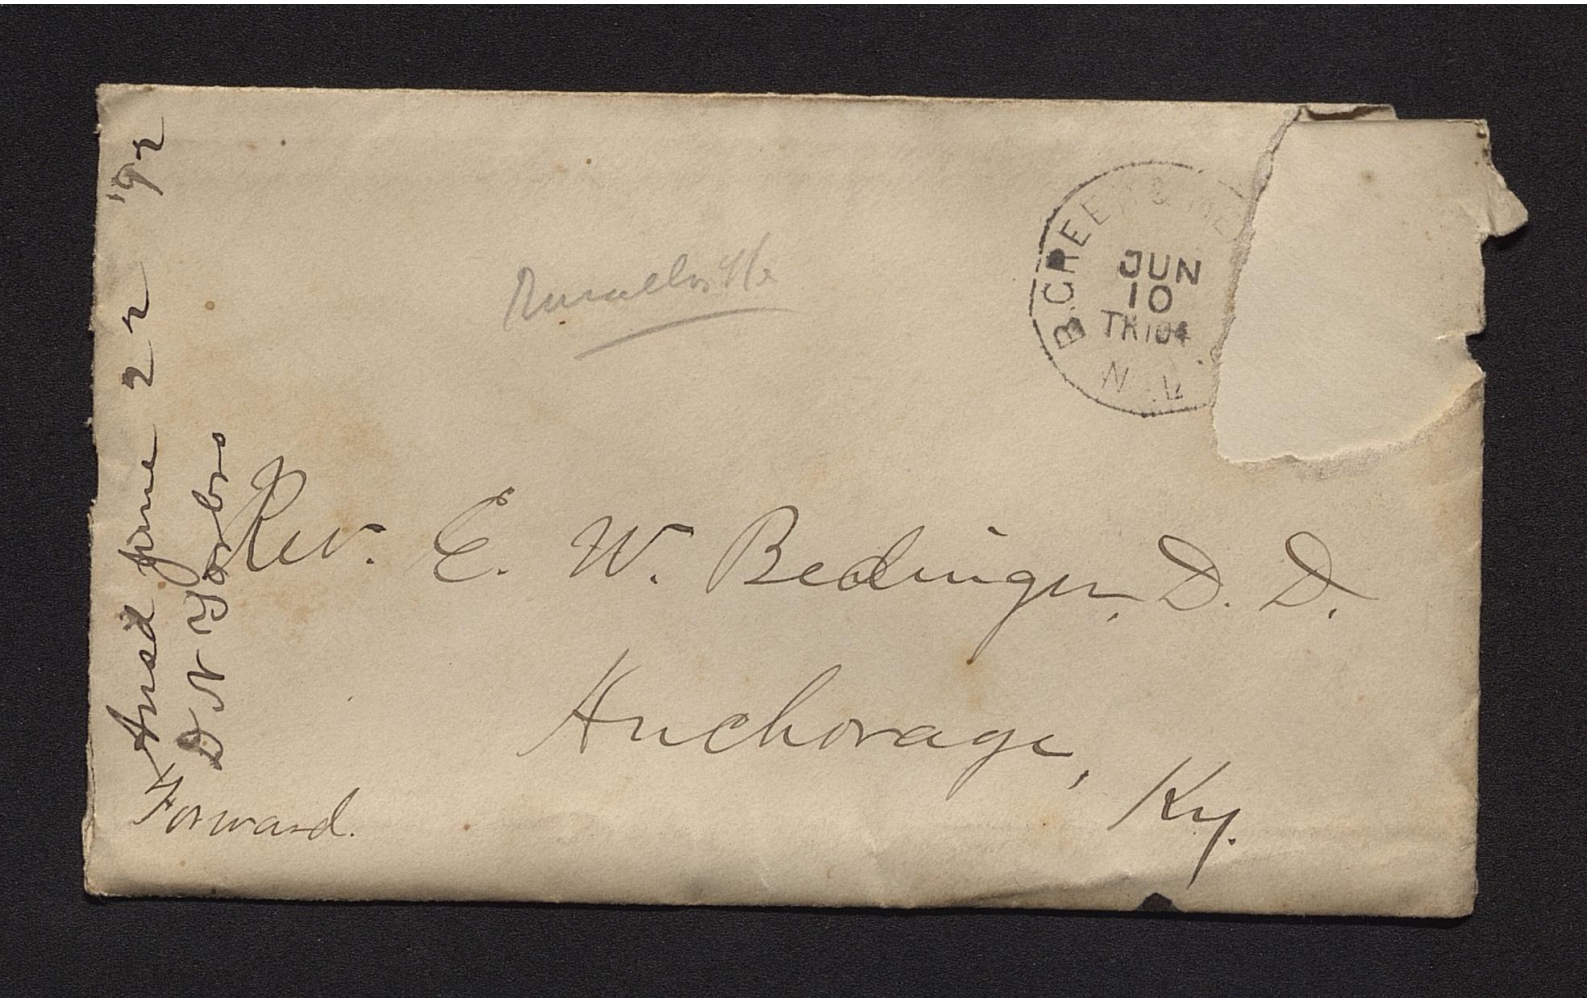

cut out of the front yard, all this your servant ~~is~~ rejoiced to do for the Master, so there will be no expense for labor, but then are a few items of expense for supplies as follows:

Nails - - -	.05
Tacks - - -	.05
Lamp chimney - - - -	.05
Iron lever for bell - -	1.00
Lumber - - - -	.50
Oil can & oil	.50
Total.	$2.15

These things were absolutely necessary & I went ~~ahead~~ ahead & got them, thinking that of course it would meet with your approval, & it may be necessary for you to remit this by return mail for I don't think my purse be sufficient to meet it, after I pay 6 days board at the hotel. I have not had time to arrange for a permanent ~~boarding~~ stand.

Please let me hear by return mail. Yours for the Master

rec'd your postal this morning. We sent a telegram to Bro Mitchell ~~yesterday~~ Monday, but have not heard from him yet. In the mean time we are going on with a meeting at Jeffton + there has been 3 accessions + prospect for more, and I am anxious to go on here until we are called to Hebron or until we hear from them. If they do not want us there at this time, I want to keep Bro. Hop here another week, as I believe much good can be done. We had 5 additions at Hopewell

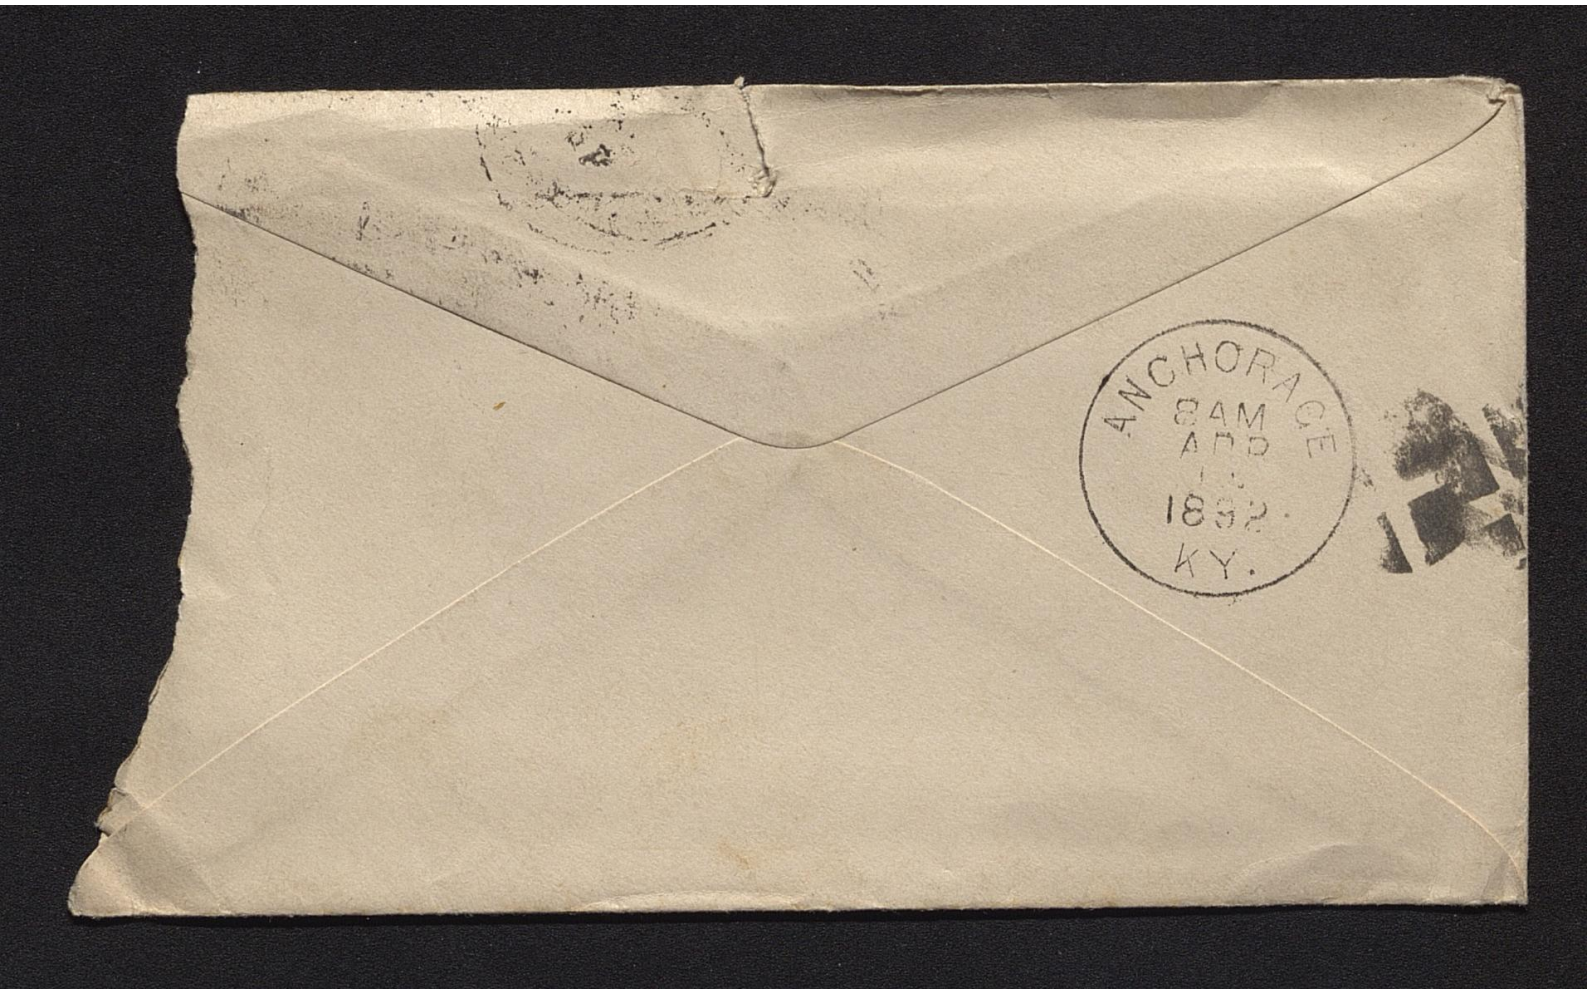

and 3 additions in town Monday night. While it is a busy time, yet there is an interest manifested that I am anxious to follow up. Now while he is here, if they do not want us now at Heb, I enter an earnest plea that you let him remain with me here & at Bend until time for him to go to ~~Grass~~ Dallas or until we have a few days at Bend. There is some prospect at Bend I believe, if we can have him then a week or two. I would be exceeding glad if you can let him stay here & work among this & Bend people if they do not want us at Heb. It is not likely that we will ever have him here in this part of the field

again, and I feel that it would be a great mistake to close the meeting here now. I feel that the Lord is blessing us & saying to us that now an opportunity is given us.

You know I have had a hard time getting him here & now that he is here, as long as there is token of God's blessing accompanying his efforts I think he ought to stay, if a previous engagement does not come in the way.

I hope therefore that he be allowed to remain with me if not called to Heb.

My dear brother:-

I desire to thank you most sincerely for your kind advancement which I have just received by last mail.

I also return receipt for same by the mail which takes this.

I beg pardon for neglecting to mention Bro. Wolls action regarding the Hancock Co. Work. I wrote regarding it once before I think, but at that time he was still undecided. He has now decided to take the work & has written to the churches to the effect that he will be on the ground for work on the Second Sabbath.

I believe I would prefere

that you drop the matter of Morrison Church's indebtedness to me. Upon a recent visit of Bro. Woll to that church one of the Elders gave him $5.00 to hand to me on that account, and as they claim a misunderstanding in the account it is my pleasure that the matter be pressed no further.

I shall write to Bro. Porter immediately, & if my services are not needed in that direction & will then call on you for further orders.

Would be pleased to see you at our Commencement which begins next Sabbath.

Dear Brother Bedinger.—

I am authorized by our pastor Bro Tate, to write to any one I should think best, about a meeting at this place in May.
I want you to send us Brother Hopper and any one else whom you might select. We must have a meeting. This is an important field, as you have doubtless heard.
New people are coming among us. We are the terminus of the L. & N. R.R. and the new road C. V. will be completed by June

and we are going to have a town. We must not lose opportunities for the upbuilding of the cause here. And church which started with almost no encouragement, has a prosperous outlook now. Prejudice against us, as a denomination is fast dying. We have an interesting Sunday School, with an average attendance of thirty four.

We have not had protracted services since last December a year ago, and we are at anxious for a meeting in May.

For several reasons, we cannot defer it longer.

If you can send us Uncle Jo. probably we can get Bro Spencer.

Brother Rourke wrote me some weeks since, that he was going to write to you, about our field, and use his influence to get the Evangelistic committee to send us some one to hold a meeting.
The other churches around us are holding meetings and we must keep abreast with them.
Our influence as a church is already telling in this community, and we have great reasons for rejoicing and expect great things. The promise is to the faithful, and why should we not claim

that promise?
I do not think that any
one can do the work like
that our dear consecrated
Bro Hopper can.
Yet, we will leave the
matter in your hands,
as to who you send,
asking God's blessing on
the labors of whoever you
send. Yours Truly,

Dear Dr Bedinger

As you requested I write you touching Evangelistic work in this Presbytery - I have only three points to which to call your attention. The first is of importance -
1st Please do not enter into negotiations with any person to work within our bounds without recommendation from our Presbyterial Committee of Home Missions -
2d We would be glad

Our Committee are making effort to secure Rev W T Overstreet for Bath Co field and hope you will not claim him for any other place - Hands off "

Sincerely S M

if you would furnish this Committee a list of your appropriations to Salaries of workers in our Presbytery.

3rd We hope you will confer with our Committee before making any change in the fields of work of workers engaged in our Presbytery.

These are the only matters I think it worth while to write you. The first is important for reasons I need not give. You have never had any conflict with our Committee & you need not anticipate any. We have always & will continue to give you our hearty support & Sympathy. May the Lord bless you in your great work giving you the grace & wisdom & strength you need. "Faithful is he who hath promised who also will do it." "According to thy faith be it unto thee". "Be of good courage" "When for cried thou unto me: Speak to the children of Israel that they go forward".

These are good texts & I suggest that you preach on them.

With much love

Yrs Sincerely

Rev. E. W. Bedinger, D.D.

My dear brother:- I had hoped that I could avoid troubling you with this matter, but I know of no other to whom to write.

I was employed last Summer by the churches in Hancock Co. to which Bro. Woll has been called. They agreed to pay me $150.00 for my work. There was no definite apportionment between the churches, but the general understanding was that Hawesville was to pay $20.00 per month, Lewisport $12.50, and Morrison $17.50. This division agrees almost exactly with the amounts named in the calls to Mr. Woll. Now the amount all told which I have received from the churches is $137.14, Hawesville & Lewisport have paid

their part according to the above division, the deficiency comes from the Morrison field.

I waited several months thinking that they would send it to me, but they did not, so I sent them an account of all I had received & the days upon which it was paid me, so there could be no mistake, and the balance due me, requesting a settlement. But the matter was not only neglected, but I have heard from others that no effort would be made to meet the obligation. So I write to you. Must I lose this hard earned due. I worked & did for that field what no man they will ever get will do. I preached in each of the churches every Sabbath, and one every Friday night at a fourth point (New Chapel), & frequently held prayer meeting Wednesday at Hawesville.

Now as Mr. Yeaman's salary was supplimented by the committee, and as the offer of the churches to Mr. Woll has been supplimented by the committee, I thought that I might in all reasonableness ask the committee to make up this deficiency for me. I have been counting this in as a part of my resources for getting thro' school this year, and if I fail to get it I will be seriously embarrassed, especially as there is now some doubt whether the Educational committee will be able to meet their obligations.

Now a word about the work this Summer. You said in your last letter that I would be expected to collect all I could for the Evangelistic fund. I want to make a statement so that you may not be disappointed in this respect. I have never told

Feb 4, 1892

you how much I have received from those to whom I preach. You are, I suppose, under the impression that they pay me $5.00 per trip. This is not the case. During the four visits to Old Salem (Jan. Feb. Mar. Apr.) I have received in all $12.00. Auburn has paid nothing, Dr. Finley of Auburn, now in the Comberland Church, gave me $2.00 on one visit which is included in the above, this was more of a present than a contribution as he is now a member of another church.

Will you please let me hear from you very soon in regard to this matter of Morrison Church.

Faithfully yours in Jesus,

Dear Dr Bridenger

I reached home on Saturday & found my brother Geo very sick with bi— pneumatic rheumatism and find that he will have to take a trip to Hot Springs Ark. This renders it necessary for me to stay at home and assume management of the farm as there is no one else to do it. He will be gone until some time in July I think. I have written to Dr Blanton & now to you in order that you may at once procure some one to take my place at Jackson I am sorry to give it up but after he comes back if he is cured as soon as I hope he will I shall have made up my mind to do some work and if nothing better presents itself I will go with Dr Bigstaff, with whom I was going to be this week, and work with him. Please let me hear from you.

Yours very truly
R. E. Douglas.

Dear Dr:

Your urgent letter to Bro. Harrison, duly received. Enclosed please find check for $20.00 the amount of the apportionment of the Pineville Presbyterian Church.

I regret very much to report that the church is doing no good. The members, with a very few exceptions seem to be wholly indifferent as to whether the church exists or not. There are causes leading to this state of case, but I can not go into them by letter.

Mr Harrison leaves in a very short time and unless some one can be placed here, and that too, very shortly, I fear that the good work of Mr Claymaker will be lost, so far as the life of the church is concerned.

Very Earnestly,
Frank Marimon

My Dear Friend

Your letter was forwarded me from Lebanon. I arrived here Thursday evening. Held two services on Sunday, besides S.S. The morning service was very well attended but the evening service was not. Mr. Slay-maker did a very fine work here but the people are in great need of training. I believe a good pastor could double the membership. I am going to lay in this evening a systematic canvass

of the town.
I spent Tuesday with Mr.
Miller at Middlesborough.
I never spent a day better in
my life.
Mr Mc Calloughof New Haven
is expected here next Sunday
I will be at Corbin.
Mr. Miller is very anxious
that Mr Mc shall become
pastor of Pineville and Corbin
for several reasons.
Mr Mc Calloughneeds such
a field. The people need such
a pastor. He wants me to
help him in doing pioneer
work in the county.
I am in hearty sympathy
with the movement.

Mr. Miller says it is useless to try to get a man to come to the mountains in the fall. If we do not secure a man soon we will have to wait through another winter. Have not been well since I came but am improving and hope to be all right in a few days.

Yours in the bond of Christian fellowship.

W. Butler Harrison.

Dear sir:

I suppose you
recind my reciept for your check for $50.00/100
This will be sufficient till I reach Lebanon.
I have one more day here and one the last at
Corbin. Will spend about ten days at Lebanon.
I will wait a remittance from you there.
You can tell much better when you come out
to these points how successful I have been
than I can tell. I have not done what I
had hoped in arousing the people to greater
zeal and activity. There is a good deal of
dead wood in this church, but there are some
very exemplary christians. The church is
woefully in need of a pastor. Some of the mem-
bers feel that considering the sharp con-
test with the Northern Church for this field,

our church has paid very little attention to the field. I frequently mention the heavy demands upon our church for both money and men. Much can be done here but it will take good constant work. I know that there are not enough ministers in our church to supply all the churches but think it nothing more than right that some that have been supplied for a long time should be without regular preaching for a time in order to supply those who have not been so fortunate. However, these people do not as a whole do as much for themselves as they ought to.

Our standing at Corbin is on sandy soil. The Congregationalists are jealous, claiming we have some of their members yet. The Methodist are trying to form an organization and ~~more than half~~ several of our members are at heart of that denomination. The Baptist are thinking of coming in. Beside this the population is most transient.

We can not afford to abandon the place for it is growing and will continue to be a point of considerable importance. It will probably have another railroad from N. E. Ky. to save the L & N. R.R. from having to send their freight via Lebanon Junction I do not know how long the Apex Patchelot will be good. The subscriptions too will naturally be void after long standing. Many of them would however be renewed.

The Congregationalist have a man for most all his time. The Campbellites have a resident pastor. If we are going to do anything we must act promply. The people are poor but will do what they can. They are anxious for regular preaching. It is a wicked place. I use the church-school-house of the Campbellites to preach in. This gives you some idea of our need of a house of our own. Hope you can arrange your business so as to

Pineville

visit it anysoon.

Yours in Christ

A. Butler Harrison

P.S. Have made one or two attempts to get a deed for our lot promised at Corbin but have been unsuccessful ~~...~~ Am making another attempt now. Will let you know what I do.

Dear Sir,

Enclosed please find check to your order for $42.70 being for amount of collection in the First Presbyterian Church of this place for State Evangelistic fund. I have delayed sending the money hoping to be able to collect all of the subscriptions but finding it impossible to do so I send you the whole amount & will endeavor to collect the balance hereafter. The financial stress here has been, & still is, so great that even the small amount of these subscriptions some people are unable to pay.

I trust the rest of the State responds better to your needs, which I know are great.

Very truly yours
