

SEP. -- 1900

The Faculty of the Dept. of Pedagogy
of the Ky. State College met in
Prof. J.S. White's room at 4 p.m.

Business was made by the Dean re-
lative to the work being done by va-
rious students; but, as this was
the first meeting of the School year
and the students were just fairly be-
ginning to get settled to work, no very
full report could be made.

There was a discussion of the
question of substituting work in
German for work in Latin, in the
Pedagogy course. The discussion
was informal and no definite
conclusion was reached; so the
matter was referred to the Dean of
the Dept. and the Dean of the Classical
Dept., in connection with the Head
of the Course in German.

Faculty adjourned,

R.H. Roach, Dean
