Members, Board of Trustees:

PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendments to the Governing Regulations of the University of Kentucky (April 1, 1986) be received at this time for preliminary consideration and, at the next regular meeting of the Board of Trustees, be included on the agenda for action.

(Note: Proposed additions are underlined; proposed deletions are bracketed.)

Amendment #1 - Change Part IV, fifth paragraph, to read:

The ex officio voting members shall number [12] 13. In academic years beginning with an even number (e.g., 1982-1983, 1984-85), this group shall be composed of the following: Chancellor for the Medical Center, Vice Chancellor for Research and Dean of the Graduate School, Director of Libraries, Vice Chancellor for Academic Affairs for the Lexington Campus, Vice Chancellor for Academic Affairs for the Community College System, and Deans of the Colleges of Allied Health Professions, Architecture, Communications, Dentistry, Education, Engineering, Law, and Social Work. In academic years beginning with an odd number, the ex officio voting members shall be the following: Chancellor for the Lexington Campus, Chancellor for the Community College System, the Vice Chancellor for Academic Affairs for the Medical Center, the President of the Student Government Association, and the Deans of the Colleges of Agriculture, Arts and Sciences, Business and Economics, Fine Arts, Home Economics, Library and Information Science, Medicine, Nursing, and Pharmacy.

Background: Dr. Peter P. Bosomworth, Chancellor for the Medical Center, requested that the University Senate consider adding the Vice Chancellor for Academic Affairs for the Medical Center to the University Senate as an ex officio voting member. Doing this would make membership according to positions consistent between the Medical Center and Lexington Campus sectors, since the Vice Chancellor for Academic Affairs for the Lexington Campus is a voting member of the Senate. In addition to providing consistency, the change would provide a more direct communications link to a person who chairs

an important council of the University Senate, the Academic Council for the Medical Center.

To achieve University-wide consistency in representation from administrative offices, it is necessary also to include the Vice Chancellor for Academic Affairs for the Community College System as an ex officio voting member of the University Senate. At its meeting on March 26, 1987, the University Senate Council voted to recommend that both positions be added to the University Senate, thereby increasing the ex officio voting membership from 12 to 13. At its meeting on April 13, 1987, the University Senate approved the recommendation of the University Senate Council and ordered that this recommended change be forwarded to the President for appropriate action.

Amendment #2 - Change Part X.C.5.b.(1) to read:

(1) Sick Leave for Faculty

Sick leave may be granted to [academic appointees] faculty by the appropriate chancellor. [Group I personnel, as defined in the retirement program,] Eligible faculty who are totally disabled are entitled to six months' sick leave with pay after which the Long Term Disability Plan, for which the University pays the full cost, becomes operative. Sick leave with pay for more than six months requires approval by the Board of Trustees.

Background: All full-time faculty are categorized as Group I personnel, but all Group I personnel are not faculty. Sick leave for Group I non-faculty personnel is covered under University of Kentucky Staff Personnel Policy and Procedure Number 82.0, entitled "Temporary Disability Leave." This change has been recommended to eliminate confusion and misunderstanding about sick leave provisions in Part X.C.5.b.(1) of the Governing Regulations being applicable to Group I non-faculty personnel.

Amendment #3 - Change Part X.C.10 to read:

10. Group Insurance

Regular full-time faculty and staff who are employed by the University [prior to their attaining age 60] are insured under the Basic Life Insurance Program for \$5,000. This insurance may be increased optionally to a total of one, two, or three times the employee's basic annual salary. The premium for the basic insurance is paid by the University, whereas that for the optional increase in insurance is paid by the employee.

[Regular full-time faculty and staff who are employed by the University after they attain age 60 are insured under the Basic Life Insurance Program for \$2,000, with the premium for this basic coverage being paid by the University. No optional increase in this insurance is permitted under the group insurance plan.]

Background: This amendment will modify the Governing Regulations to conform with University practice implemented after passage of the Age Discrimination in Employment Act Amendments of 1978, which became effective January 1, 1979. The University has been in compliance with these Amendments of 1978 to the full extent required by the federal statutes.

Members, Board of Trustees:

PROPOSED AMENDMENT IN THE UNIVERSITY OF KENTUCKY RETIREMENT PLAN

Recommendation: that the following proposed amendment in the University of Kentucky Retirement Plan (AR II-1.6-1) be approved:

[NOTE: Proposed deletions are bracketed;
proposed additions are underlined.]

Amendment -- that Section II.C of AR II-1.6-1 be changed to read as follows:

II.C. Mandatory Retirement

1. General

[The mandatory retirement date for all employees of the University of Kentucky, with the exception of executives as defined in Section 2 hereof, is hereby established as the end of the University's fiscal year in which the employee attains age 70.]

With the exceptions described in Sections II.C.2, II.C.3, and II.C.4, no mandatory retirement date is applicable to employees of the University of Kentucky.

2. Executives

The mandatory retirement date, as an executive, for all employees of the University of Kentucky employed in bona fide executive or high policy making positions for two or more years prior to the attainment of age 65 and who are entitled to an immediate nonforfeitable annual retirement benefit from the University which equals or exceeds [\$27,000] the amount per year specified by federal statute is hereby established as the end of the University's fiscal year in which the employee attains age 65.

3. Tenured Faculty

The mandatory retirement date for all tenured faculty of the University of Kentucky shall be at the end of the University's fiscal year in which the employee attains age 70.

4. Law Enforcement Officers

The mandatory retirement date for all law enforcement officers of the University of Kentucky shall be at the end of the University's fiscal year in which the employee attains age 70.

Background: This amendment is needed to bring the University of Kentucky Retirement Plan (AR II-1.6-1) into current conformity with the requirements of the Age Discrimination in Employment Act Amendments of 1986 which became effective January 1, 1987.

LEXINGTON CAMPUS AND MEDICAL CENTER

Recommendation: that the President be authorized to confer upon each individual whose name appears on the attached lists the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate.

Background: Since the Commencement exercises are held immediately following completion of examinations, it is not possible for the University Registrar to certify satisfactory completion of requirements prior to Commencement exercises for those candidates who completed their requirements in May. The candidates who completed their requirements in August 1986 and December 1986 were approved by the Board of Trustees at earlier meetings.

Members, Board of Trustees:

NAMING OF UNIVERSITY ROOM

Recommendation: that the Board of Trustees approve the name the BRECKINRIDGE KENTUCKIANA ROOM for Room 216 of the Margaret I. King Library South.

Background: In the future, Room 216 of the Margaret I. King Library South will house portions of the Special Collections Department. Plans for the room call for a designated area to include portraits, photographs, books, and other memorabilia of individual members of the Breckinridge family. The Breckinridge family has historically been one of the state's most prominent families and has actively participated in Kentucky and American society since the Commonwealth's beginning. Such an area would be educational, attractive to school children, college students, and prospective students, and would serve to publicize the University's holdings and scholarly mission.

In addition, the room will house papers of other prominent Kentucky families such as the Clays, the Wickliffe-Prestons, the Peter family, and the Hunt-Morgans; general Kentucky history; and a literary area featuring Kentucky's men and women of letters.

In accordance with University Policy, the Committee for Naming University Buildings has made its recommendation to the Chancellor of the Lexington Campus who recommends to the President and Board of Trustees that Room 216 of the Margaret I. King Library South be named the BRECKINRIDGE KENTUCKIANA ROOM.

Members, Board of Trustees:

BEN F. ROACH CANCER CARE FACILITY

Recommendation: that the Board of Trustees approve the name BEN F. ROACH CANCER CARE FACILITY for the cancer patient care facility at the Lucille Parker Markey Cancer Center.

Background: Dr. Roach graduated with a medical degree from Duke University in 1943. He completed his internship at the University of Chicago Clinics in 1944, and his residency in Internal Medicine at the Henry Ford Hospital in Detroit, Michigan in 1945. Following his service to our country as a member of the Medical Corp of the U. S. Army, he returned to central Kentucky to join the Lexington Clinic as a Fellow in Internal Medicine. He established a private practice in his hometown of Midway in 1949.

Dr. Roach's exemplary service to the Chandler Medical Center at the University of Kentucky is worthy of recognition. Dr. Roach helped establish the University of Kentucky's first Department of Family Practice and served as its first chairman in 1970-71. He is currently a clinical professor in the department and serves as a preceptor for senior medical students, nurse practitioners and psychiatry residents who receive patient care experience at his Midway office. Dr. Roach has been a role model for generations of medical students and physicians.

Dr. Roach was the key figure in the development and incorporation of the McDowell Cancer Network (1975) and the McDowell Cancer Research Foundation (1978) which have brought first-rate information and medical treatment to cancer victims throughout Kentucky as well as to citizens of West Virginia, Ohio and Tennessee. He was instrumental in raising over \$23 million dollars for the Lucille Parker Markey Cancer Center and is currently pursuing the goal of raising the remaining funds needed to complete the last of the three buildings that will comprise the Center.

Dr. Roach is owner of Parrish Hill Farm with close ties to the thoroughbred horse industry and has stimulated major gifts and increased involvement at the University of Kentucky among his fellow horsemen.

Dr. Roach is a member of the University of Kentucky Development Council and is a University of Kentucky Fellow. In addition to his involvement at the University of Kentucky, he served as a member of the Board of Curators of Transylvania University for five years, and has served on the Board of Trustees at Midway College since 1970.

Background: To comply with House Bill 622 enacted by the 1982 General Assembly, the Board of Trustees must designate depository banks serving the University of Kentucky and its affiliated corporations. In compliance with purchasing regulations, competitive bids were requested from banks in the area of the University of Kentucky's community colleges and other out-of-town locations. Contracts for banking services will be awarded to the banks submitting the low bid for each location as listed on Attachment A. The banking contract will begin July 1, 1987, and continue through June 30, 1989.

USE OF FRATERNITY RESERVE

Recommendation: that the Vice Chancellor for Administration be authorized and directed by the Board of Trustees to request the Trustee of University of Kentucky Student Housing Bonds of 1964 to make available the sum of \$15,367.00 for the purpose of major improvements to meet the fire code as directed by the University's Fire Safety Officer for the Phi Kappa Tau Fraternity House located at 687 Woodland Avenue. RESOLUTION TO PREPAY HOUSING BONDS OF
1960 AND HOUSING BONDS OF 1964

Recommendation: that the Board of Trustees authorize prepayment of the outstanding principal of the Housing Bonds of 1960 and the Housing Bonds of 1964 currently held by the United States Department of Education.

Background: The United States Department of Education (DOE) currently holds outstanding University of Kentucky Housing Bonds of 1960 and Housing Bonds of 1964 totaling \$526,000. DOE has offered an opportunity for the University of Kentucky to prepay the bonds at a discounted amount of approximately \$365,000, for a net present value savings of approximately \$34,000. There are sufficient balances in the sinking funds, held by Farmers Bank & Capital Trust Company as bond trustee, to prepay the outstanding bonds and eliminate future debt service on these two issues.

RESOLUTION TO PREPAY COLLEGE HOUSING
AND ACADEMIC FACILITIES LOANS

Recommendation: that the Board of Trustees approve a Resolution authorizing the State Property and Buildings Commission to act on behalf of the University of Kentucky to refinance bonds currently held by the United States Department of Education.

Background: The United States Department of Education (DOE) holds outstanding University of Kentucky Housing and Dining System Revenue Bonds and Consolidated Educational Buildings Revenue Bonds totaling \$21,125,000 after payments of maturities on May 1, 1987. DOE has offered an opportunity for institutions to prepay the bonds at a discounted amount. The prepayment amount for the University of Kentucky based on March discount rates is approximately \$13,003,900. Savings, if any, will accrue to the University of Kentucky for the Housing and Dining System Revenue Bonds and to the Commonwealth of Kentucky for the Consolidated Educational Buildings Revenue Bonds.

The Office for Investment and Debt Management, through the State Property and Buildings Commission, proposes to issue taxable bonds in aggregate for the eight public universities in Kentucky to finance the prepayment. Due to economies of scale for costs of issuance, such as legal and financial advisory fees, credit enhancement, etc., the aggregate issue is the most efficient manner of financing rather than through smaller individual issues of bonds by each university. Upon approval from the universities and if sufficient savings can be realized, the Office for Investment and Debt Management will proceed to finance prepayment of the outstanding bonds through a private placement or a public offering of taxable bonds.

RESOLUTION REQUESTING THE STATE PROPERTY AND BUILDINGS COMMISSION OF THE COMMONWEALTH OF KENTUCKY TO AUTHORIZE THE SOLICITATION OF BIDS AND THE USE OF A PRELIMINARY OFFICIAL STATEMENT, BID FORM, OFFICIAL NOTICE OF SALE, AND OTHER ACTIONS, INCLUDING ACTIONS AS TO CONTRACTING WITH THE UNITED STATES DEPARTMENT OF EDUCATION, CREDIT ENHANCEMENT (INCLUDING BOND INSURANCE), INTERIM FINANCING AND ISSUANCE EXPENSES, WITH RESPECT TO THE OFFERING FOR SALE OF NOT TO EXCEED \$50,000,000 AGGREGATE PRINCIPAL AMOUNT OF REVENUE BONDS TO FINANCE THE PURCHASE OF PREVIOUSLY ISSUED AND OUTSTANDING HOUSING AND DINING SYSTEM REVENUE BONDS AND CONSOLIDATED EDUCATIONAL BUILDINGS REVENUE BONDS OF THE UNIVERSITIES OF THE COMMONWEALTH; AND REQUESTING THE STATE PROPERTY AND BUILDINGS COMMISSION TO ISSUE AND SELL SUCH BONDS.

* * * * *

WHEREAS, the Universities of the Commonwealth including Eastern Kentucky University, Kentucky State University, Morehead State University, Murray State University, Northern Kentucky University, the University of Kentucky, the University of Louisville and Western Kentucky University (collectively, the "Universities") have issued their Housing and Dining System Revenue Bonds and/or Consolidated Educational Buildings Revenue Bonds, in one or more series and from time to time, respectively (collectively, the "Prior Bonds"), as more particularly described and in the summary of benefits dated as of March 31, 1987 prepared by PaineWebber Incorporated, New York, New York (the "Summary"); and

WHEREAS, the United States Department of Education ("DOE") has informed the State Property and Buildings Commission (the "Commission") that DOE is currently the holder of the Prior Bonds, which were acquired by DOE through the College Housing and Academic Facilities Loan Program and/or similar programs; and

WHEREAS, DOE has proposed to sell the Prior Bonds to the Commonwealth of Kentucky (the "Commonwealth") at the respective discounted purchase prices more particularly described on Exhibit A hereto; and

WHEREAS, DOE has stated that the purchase price of the Prior Bonds may not be financed with the proceeds of obligations the interest on which is excludable from gross income under the Internal Revenue Code of 1986; and

WHEREAS, PaineWebber Incorporated has prepared financial analyses which appear to demonstrate that the

purchase price of the Prior Bonds may be financed with obligations of the Commission the interest on which is treated as subject to federal income tax taxation, with resulting net present value debt service savings to the Commonwealth, including the Universities; and

WHEREAS, economies of scale, particularly in the context of taxable bond issues, including costs of issuance such as legal and financial advisory fees, credit enhancement and the like, demonstrate that the most efficient manner of financing the purchase of the Prior Bonds is through the issuance of one, large aggregate principal amount of bonds (in one or more series) by the Commission, rather than through smaller individual issues of bonds by each University; and

WHEREAS, pursuant to KRS 56.450 and KRS 58.010 et seq., the Commission therefore proposes to offer for sale not to exceed \$50,000,000 aggregate principal amount of taxable revenue bonds (the "Bonds") of the Commission for the purpose of paying the costs of the purchase of the Prior Bonds and related costs of issuance of the Bonds; and

WHEREAS, the Bonds herein authorized to be issued will be refunding bonds (issued to refund the Prior Bonds), with resulting net debt service savings to the Commonwealth, including the Universities, and such taxable revenue bonds will not constitute an indebtedness of the Commonwealth or the Universities nor shall the payment of such Bonds require any appropriation from the general fund or otherwise, but such Bonds shall be payable from and secured by the debt service payments under the Prior Bonds and from the proceeds of the Prior Bonds (which Prior Bonds are expected to be placed in escrow as security for the Bonds); and

WHEREAS, upon the award of the Commission's bonds to the successful bidder, the Commission intends to authorize the issuance of the bonds pursuant to a resolution, establishing the final principal amount, maturities and rates of interest on the bonds and other terms and conditions of the issuance of the bonds; and

WHEREAS, this Board desires to recommend to the Commission that the proposed issuance bonds (as herein described and preliminarily approved) by the Commission to purchase the Prior Bonds on behalf of the Commonwealth is necessary and desirable;

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF THE UNIVERSITY OF KENTUCKY AS FOLLOWS.

Section 1. Authorization to Offer Bonds for Sale. To the extent the Commission finds it to be in the best interest of the this University, the Commission is hereby requested to borrow, on behalf of the Universities, the aggregate sum of not more than Fifty Million Dollars (\$50,000,000) and to offer its Bonds therefor in accordance with the provisions of Section 56.450 and Section

58.010 et seq. of the Kentucky Revised Statutes. Such amount of Bonds shall provide for the financing of the purchase of the Prior Bonds as described in the recitals hereto, and may be issued in one or more series of varying principal amounts (not exceeding \$50,000,000 in the aggregate), at various times, as funds are needed for financing of the purchase of the Prior Bonds. The final principal amount, interest rate and maturity of any series of Bonds shall be established upon adoption of the authorizing resolution or resolutions of the Commission.

Section 2. Authorization of Solicitation of Bids and Sale Documents. The solicitation of bids for the purchase of the Bonds, as provided by Section 56.450 and 58.010 et seq. of the Kentucky Revised Statutes is hereby authorized, and the use of an official notice of sale, official bid form and the preliminary official statement, is hereby approved, the content and form of which shall be similar to those used for other recent sales of bonds by the Commission and which shall be used to represent the official conditions of the Commission to offer to sell the Bonds. The execution of such official notice of sale, official bid form and preliminary official statement by an authorized officer of the Commission shall evidence the approval thereof by the Commission.

Section 3. Sale of Bonds. The Bonds shall be offered for sale through the solicitation of sealed bids, as determined by the Commission staff to be in the best interests of the Commission, acting on behalf of the Universities, based on current market conditions, which bids shall be opened and considered by the Commission. The right to reject any or all bids shall be expressly reserved. If an acceptable bid is received, the Commission may award the Bonds in the manner and for the purposes herein provided, establish the final principal amount for such series, establish the maturity date or dates of the respective Bonds and the interest rate or rates which such series of Bonds shall bear, and take all other necessary and proper steps in the issuance of the Bonds, including adoption of an approving resolution.

Section 4. Security. The Bonds herein authorized to be offered for sale are refunding bonds and shall be secured as provided in the recitals to this resolution, and shall not constitute an indebtedness of the Commonwealth or the Universities nor shall the payment of such bonds require any appropriation from the general fund or otherwise.

Section 5. Provisions Relating to Prior Bonds. In order to enhance the marketability of the Bonds there is hereby authorized to be negotiated and approved by the committee of this Board hereinafter identified an agreement (the "Agreement") under which the Universities make certain covenants and waive certain rights with respect to the Prior Bonds, including specifically rights as to the optional redemption of the Prior Bonds.

Section 6. Purchase of Prior Bonds; Interim Financing; Credit Enhancement; and Issuance Expenses. To effectuate the foregoing purposes, and subject to final approval of the Commission upon adoption of the final approving Resolution, the Commission is hereby authorized to [i] negotiate with DOE as to the contractual terms and conditions upon which the Commission will purchase the Prior Bonds and/or to provide for the private placement with others of the contract with DOE as to the foregoing; [ii] secure interim financing pursuant to law (which may be by the solicitation of proposals therefor as provided in KRS 56.513) to the extent necessary to accomplish the purposes of this Resolution; [iii] negotiate with and enter into a commitment for credit management (which may be through private bond issuance) of the Bonds so as to lower the debt service costs of the financing; and [iv] hire financial advisor(s) and bond counsel as provided by law in connection with the issuance of the Bonds, and to deal with one or more rating agencies to secure a favorable rating of the Bonds.

Section 7. Further Acts and Deeds. Appropriate officers and employees of the Commission are hereby authorized and directed to execute, acknowledge and deliver any and all papers, instruments, certificates, affidavits and other documents, and to do and cause to be done any and all acts and things necessary or desirable to effect the transactions authorized above. The Chairman, Vice Chairman, Secretary and Treasury of this Board and any other appropriate officers and employees of this Board and this University are hereby authorized and directed to execute, acknowledge and deliver any and all papers, instruments, certificates, affidavits and other documents, and to do and cause to be done any and all acts and things necessary or desirable to effect the transactions authorized above.

Section 8. Committee. A committee of this Board, as described on Exhibit B attached to this Resolution and incorporated by reference herein, is hereby authorized to approve and authorize the execution of any and all papers, instruments, certificates, affidavits and other documents (including the Agreement), and any and all acts and things necessary or desirable to effect the transactions authorized above, to the extent that the further approval of this Board may be required for the foregoing purposes and to the extent permitted by law.

Section 9. Recitals Incorporated Herein. The recitals to this Resolution are hereby approved and are incorporated by reference in their entirety.

RESOLUTION AUTHORIZING THE TREASURER TO HAVE THE
PORTIONS OF THE UNIVERSITY OF KENTUCKY CONSOLIDATED
EDUCATIONAL BUILDINGS REVENUE BONDS, SERIES G, H, AND I,
WHICH HAVE BEEN REFUNDED, RATED Aaa BY MOODY'S

Recommendation: that the Board of Trustees authorize the Treasurer, in cooperation with the Office for Investment and Debt Management and the Financial Advisor, to arrange for the necessary documentation required to secure an "Aaa" Moody's rating for the callable bonds of the University of Kentucky Consolidated Educational Buildings Revenue Bonds, Series G, H, and I, which have been refunded.

Background: All of the University of Kentucky Consolidated Educational Buildings Revenue Bonds are rated "A" by Moody's Investors Service. However, unless the portions of the Series G, H, and I bonds which have been refunded are re-rated "Aaa", their rating of "A" will be dropped, and they will become non-rated bonds. To re-rate the bonds, Moody's requires certain documentation, including a CPA's verification that the Series G, H and I Escrow Fund is adequate to pay debt service on the refunded bonds. The cost of re-rating will be approximately \$7,000, to be paid from bond proceeds. The alternative is to have a substantial amount of University of Kentucky bonds become non-rated, which may be detrimental to future sales of bonds.

PROFESSOR WILLBURT D. HAM ENDOWMENT FUNDS

Recommendation: that the Board of Trustees establish in the College of Law the Professor Willburt D. Ham Endowment Fund at a sum of no less than \$100,000 which shall be funded from multiple gifts to the College specifically for this endowment, or from gifts designated for general use by the College which this resolution authorizes the Dean to quasi-endow as funds are received.

Background: Professor Emeritus Willburt D. Ham has been a member of the faculty of the University of Kentucky College of Law for almost forty years. During this time, he has rendered distinguished service to the University, has demonstrated total commitment to the College of Law, and has shown a dedication to the teaching of students unmatched in the history of the College. He has distinguished himself as a scholar in the fields of corporate and contracts law and is regarded as a truly gifted teacher by the more than 3,000 alumni of the College who had the pleasure to study under him.

The Board of Directors of the Law Alumni Association, the College Administration, and many alumni of the College desire to do something special in honor of the great contributions made by Professor Ham to the College and its students. The creation of this Endowment Fund is recommended for this purpose. The Law Alumni Association and the College intend to solicit gifts specifically for the funding of this Endowment. And, inasmuch as the Dean receives numerous private gifts for the College each year which are designated for general use, he is asking that he be permitted to direct, at his discretion, certain of these gifts into a quasi-endowment for this purpose.

The goal of the College is to have the Professor Willburt D. Ham Endowment fully funded at a minimum of \$200,000. When fully funded, a minimum of \$100,000 in principal will be earmarked for the funding of a professorship carrying Professor Ham's name and the balance of the Endowment will be used to award tuition scholarships to students in the College of Law on the basis of academic merit. Until such time as the Endowment reaches the minimum level of \$200,000, the Dean may use the annual income from the Endowment for either of the purposes identified in this paragraph, at his discretion.

The creation of this Endowment and the level of funding for the professorship described above has been approved by the President as required by the Governing Regulations of the University of Kentucky.

Members, Board of Trustees:

SALE OF THE SOUTH FARM

Recommendation: that the South Farm comprised of approximately 192 acres on Nicnolasville Road is determined to be no longer suited for the teaching, research or service needs of the University, and is declared surplus; that the Vice Chancellor for Administration of the Lexington Campus is authorized to seek two separate appraisals of this real property, and then to offer it for sale, in whole or in part, by sealed bids or at public auction, reserving the right to reject all bids; that all terms and conditions of the sale be returned to the Board for final approval; and that proceeds from the sale be reserved for capital projects in the College of Agriculture.

Background: The Board of Trustees adopted in September 1985 guidelines for the disposition of real property held by the University. These guidelines authorize the Board to dispose of lands that are no longer suited to serve the mission of the University. The construction of Man-O-War Boulevard across the South Farm and the urbanization of the surrounding area have made this property largely unsuitable for the horticulture research that was conducted there. All of the horticulture research projects except for those to be completed by the end of this coming summer have been relocated to Maine Chance Farm.

The guidelines further require that proceeds from the sale of real property represent a net gain to the institution. Representatives of the Board and the Administration have met with the Secretary of Finance to discuss the use of the proceeds from this sale by the University. As to the future use of the property, the University employed the firm of Scruggs and Hammond to devise a land-use plan which has been accepted by University administrators and is currently pending before the Urban County Government.

The South Farm was bought in 1956 out of private gift monies to the College of Agriculture and restricted trust and agency funds of the College for a sum of \$270,000. No state tax dollars were used for this acquisition. The use of the proceeds for a

basic plant science research facility is in accord with the long-range capital plan for the College of Agriculture which has designated such a facility as its number one priority. This priority along with the other capital projects identified above are contained in the "Twenty-First Century Plan" for the College of Agriculture which has been circulated to Board members. This proposed use of the proceeds from the sale of the farm assures that College of Agriculture funds which were used to purchase the South Farm and advance research will continue to be used for agriculture research. Substantial continuing interest in the South Farm by prospective buyers is cause for this action at this time.
