LEXINGTON LODGE NO. 1, F & A M
144 N. Broadway
Lexington, KY 40507

Dear Worshipful Master:

The following is the initial report from the 200th Anniversary Committee.

It is suggested by the committee that the theme for the year 1988 should not only be the 200th Anniversary of Lexington Lodge No. 1, F & A M, but should include the 200th anniversary of Masonry in Kentucky. In doing so it is suggested that the committee for the year 1988 should consist of a prominent member of all local Masonic Bodies such as: the other Blue Lodges, York Rite Bodies, Scottish Rite Body, Oleika Temple, Eastern Star Chapters, Rainbow Girls and Demolay.

It is further suggested in celebrating the year 1988 that the following events take place:

1. Public installation of Officers to be held on November 17, 1987 with the Grand Master & Deputy Grand Master of the Grand Lodge of Virginia in attendance.

2. Lexington Lodge No. 1 Officers should attend the Grand Lodge of Virginia to be held during the month of February 1988 to give a 200 year progress report.

3. A summer fish fry should be held in July 1988 with all local Masonic Bodies invited.

4. The year long celebration should culminate with a 500 person anniversary dinner to be held on October 21, 1988 with the Grand Lodge Officers from the State of Kentucky and Virginia along with other notables in attendance.

The following committee's have been deemed necessary in order for the above to be successful.

PUBLIC INSTALLATION COMMITTEE - Lodge Officers

SUMMER FISH FRY - Senior Warden 1988, Lodge Officers

200th ANNIVERSARY DINNER - James H. Baxter, PM

HISTORICAL RESEARCH COMMITTEE - A. B. Langford, PM, Maynard McClain, PM, Robert A. Powell

Mr. Robert E. Cleary, Master

Dear Worshipful Master Bob:

Mere words are inadequate to express the appreciation I have to you and Lexington Lodge No. 1 for the "ROAST" on Friday the 13th. The unique way in which you planned and developed the event was indeed something to behold.

The wisdom you used in inviting the "Roasters" indicated that you did your homework. Each of them has been very special to me through many years.

When you told me the Lodge was planning this "Roast", I imagined 25 or 30 would show but when that many people made reservations and came, it touched me deeply.

Since time began, breaking bread together has been an established custom of expressing friendship and brotherly love. All those wonderful people paying their hard earned money to do so was an event I shall long remember.

At the York Rite Meetings in Louisville there was much favorable comment about the Roast, many saying it was the best Hotel Dinner they ever attended.

Please extend my personal thanks to all your Committee people who had a part in making the evening such a success and a special thanks to Brother Jim Baxter, Secretary, for the tremendous performance he did in guiding the occasion to such a fine climax. I know how much extra work he did and I am grateful.

I wish to congratulate you and the officers of Lexington Lodge No. 1 for the fine spirit that is emanating from your leadership. I see a lot of light at "The end of the tunnel".

Mayme joins me in wishing the best to you and yours.

With kindest personal regards, I am,

Fraternally Thine,

Master

11/4/85

Master, Wardens, Fellow Officers and brothers of Lexington #1 F&AM,

I, Wayne Williams, tender my resignation from the office of Sr. Deacon. However, I am not leaving this position of my own desire, but only at the discretion of the Master of the Lodge. The Master readily admitted this decision was his own choice, made without consulting the past masters I have served or the other officers with whom I would have been working. It is a sad state of affairs when one man can use the power of his office to wipe out nearly three years of service to the Lodge.

The Master left me no alternative but that of resigning by stripping me of my position as lecturer and saying that I would no longer be permitted to participate in the work of the Lodge. I am sure I can find more important ways to spend my time other than submitting to this quiet but deliberate humiliation.

Fraternally

Acceptance Speech
by
C. Thomas Hardigree
December 27, 1985

Well, December 27, 1985, our election night, obviously has arrived. The most gratifying part about it is that as I look out over the craft, I see nothing but friends. Friends who are part of the brotherhood of masonry.

There are a number of persons whom I would like to thank. First, to my family; thanks for being so understanding through the past six years. To Jim Baxter for signing my petition and being there when needed to lend support. I should also thank Jim's wife, Barbara, who, through the years has influenced me greatly. Thank you both. To Richard Russell, Past Master, you've been a true friend. As master, Richard appointed both Bob Cleary and myself in line. I don't believe he's had much rest since then. Thanks Richard for the appointment and for watching out for me all along the way. Keep it up, there's one year left. To all of the masters whom I have served; thank you, I have been favorable influenced by each of you and the memories of those years will not dim. Among the group is a special friend, outgoing master, Bob Cleary. It seems that I always followed Bob. We went through the three degrees together, were in the degree team together, and right into line. Throughout these past years, it's been like crossing a creek on stepping stones, the support and encouragement was there when needed. Thanks, Bob, it's been fun!

I am most indebted to the craft for your confidence and trust. There is no greater honor in masonry than to serve as master of one's home Lodge and if I could have one wish come true, right now, it would be my wish that many of you present tonight might one day preside as Master of Lexington Lodge #1. It is truly an honor, thank you.

It seems that each new master picks a theme for his upcoming year. Well, there is no more appropriate theme than the three tenets of Masonry; friendship, morality and brotherly love. We shall strive to improve our lodges' adherence to these masonic principles during the years ahead.

Throughout this coming year, we will have a number of guest speakers and events, leading up to and culminating with a 198th anniversary "party" which just so happens, falls on a regularly scheduled meeting night. We will also be continuing the work toward the 200th anniversary of Lexington Lodge "1 and to refine our efforts towards a well planned, smooth flowing year of celebration. This committee, by the way, will remain intact from the previous year, with the only changes being additional appointments to the committee.

Let's digress a moment and go back a few years. When I joined this lodge of Free Masonry, it was something special. A place where men could come together and be equal, with no need to brag of deeds done or personel status. A person could feel a part of the brotherhood. Some events occurred, perpetrated by a few, which frankly, took the edge off of masonry for myself and many others. The effects of this lasted many years despite the excellent work done by the officers. About this time, Masonry in general started to decline in membership and Lexington Lodge #1 was no exception.

This leads us to the beginning of the year 1985. A year which saw renewed interest for Lodge #1 due to moving from the downtown location to our fine grounds here. This combined with the leadership thus far provided, has gotten us off to a fine start in rejuvenating our lodge.

But it's only a beginning. The following will be a year of forward movement and renewed life for Lexington Lodge #1. There is no other possible direction to pursue but forward and upward. To settle for anything less is

counterproductive.

These objectives will only be achieved through the initiative of you, the craft. To all brothers among us, I charge you to become involved, become an active part of this lodge. There is a position available which only you can fill so don't sit on the sidelines, do something, become involved. Lexington Lodge #1 needs an active brotherhood.

For all Past Masters of Lex. Lodge #1; you are not forgotten, so don't forget us. In this life the only persons qualified to give advice are those who have been there, those who have experienced the joys and setbacks of having trod the path. Lodge #1 needs your help, your experience and your advice in the years ahead.

To my line officers- you are charged with performing your designeated duties at the highest possible level and with overseeing the welfare of our members. And we, officers, commitees and craftsmen, we are all charged with living by our masonic obligations and acting for the betterment of the brotherhood of Free Masonry.

My obligation to Lexington Lodge #1 is to discharge the duties of Master, not only to the best of my abilities, but above my ability. This I pledge to do. Of these duties, the one which I most look forward to is seeing to the welfare of our brothers and their families. How humble this must be, and I welcome it.

In closing, let's ask ourselves some simple questions. What is masonry? Is it a religion? I think not. My brothers, do not attempt to allow masonry and lodge attendance to take place of regular worship in your church. It cannot and should not be used as such. Is masonry a social club? To some, it probably is and not just to the uninitiated. How unfortunate because masonry has so much to offer. Is Masonry a way of life? Yes! A true mason is known by what's in his heart. He lives the principles of masonry. Thus he

models his life by the divine guidelines given to us by the Creator, the almightly God whom we as Masons revere and serve. No less is acceptable of a man, be he a mason or not. And so, let us realize that what we have is unique. Let's work together to perserve it.

Thank you, my brothers, for your trust and confidence.

Why was a 12% laon on the Harrodsburg Property good last year but bad now? Why has there been no Master Plan to develope the property? Why has Richmond Road Property not been rezoned? Re: Fred P. Moberly Estate

Dear Mark:

This is to confirm that Lexington Lodge No. 1, F & AM, at its meeting on Monday, April 21, 1986, considered and voted on the proposal made by your firm in reference to the above-captioned estate. Specifically, your firm proposed that Lexington Lodge No. 1 consent to the reformation of certain provisions of the Will of Dr. Moberly in order that the remainder trust under such Will might qualify for the federal estate tax charitable deduction allowed pursuant to Code Section 2055. The effect of the proposal to Lexington Lodge No. 1 would be to place restrictions requiring that the remainder interest be used "exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals." The Will, as probated, places no such restrictions on the remainder bequest to Lexington Lodge No. 1.

By a vote of 15-6, Lexington Lodge No. 1 voted not to consent to any reformation of Dr. Moberly's Will placing the aforementioned restrictions on the bequest to Lexington Lodge No. 1. However, by unanimous vote, Lexington Lodge No. 1 did agree to assist you in any other manner which may help the estate qualify for an increased charitable deduction.

Thank you for your assistance in this matter, and for taking the time to speak to the Lodge earlier this month. Please contact me if you have any questions.

Sincerely,

Charles E. Christian

Words of Reflection
December 27, 1986
C. Thomas Hardigree Master, 1986

Let us end this masonic year of 1986 by lifting up our praises to God, the creator, the Almighty Architect of the universe. We have received many blessings this year along with a few setbacks. Such is the nature of men. But we should always be mindful of the Light that was given to help us guide our lives and conduct.

My brothers, allow me to thank you, the craft, for the opportunity to represent Lexington Lodge #1 as its master for 1986. There are no words to express my graditude, so I will just say thank you and it has been my honor and privilege.

I have no regrets whatsoever about this past year. It has been very enjoyable and I would do it all over again if possible. In fact there have been times when I wish that the masters term was for two years instead of one. But, it is poor judgement for a master to serve more than once unless there is no other alternative. We have to go back to the year 1886, that's 100 years, to find where a Master has served longer than one year. This fact speaks well of our lodge and is indicative of an active, vital lodge of Master Mason's. We should be proud of our heritage.

Allow me to quote from the Kentucky Monitor, "The master is eligible for re-election indefinitely, but for a Master to serve for many years is a reflection on the lodge and upon the lodge itself." Personally, I consider it pompus and self-serving for anyone to serve as Master more than once, especially in a lodge the size of ours. Let us recall what this white leathern apron stands for and remember that it is not to be worn for self agrandisement nor for the furtherance of ones ulterior motives!

To continue our quote , "If he is capable he will so instruct his Wardens and members that there will be

more than one who is "worthy and well-qualified" to take his place." Such a worth and well qualified brother is among us. He has served this lodge well; totally fulfilling the duties of his office and has done his degree work competently and to the honor of this lodge. I find him totally capable to be Master of Lexington Lodge #1. Brother Steve, its been my pleasure. I am proud to have had you serve as my Senior Warden.

At this time some thanks are in order. I have been blessed this year with officers and committemen who performed their duties to a high degree of excellence. In our society time is a precious commodity. It takes a high level of dedication to be a line officer in a masonic lodge. Regular attendance is mandatory and acceptable degree work is a must. Each officer has specific duties and responsibilities for degree work. Degree work looks so easy and casual to the observer on the sidelines. But many hours of study and practice are involved if the work is to be performed properly. We should strive for perfection and excellence even though they are hard to obtain. The best things in life are earned and there is a price to pay, usually hardwork and dedication.

Sometimes the demands of the office are such that a brother resigns or elects to drop out as an officer. This, of course, leaves the lodge short handed. The dropout rate in the lower offices is about 50% and directly reflects the demands of the office. The officers of any lodge have a duty to see that properly performed degree work is presented for the benefit of the lodge and its candidates. This past year we have had our share of empty chairs but this did not present a problem. Our officers simply doubled up on their work. Our Senior Warden, brother Steve Westmeyer presented the first section of the Master Mason's degree very competently and was in charge of all the degree work practice's. Brother Junior Warden, Chuck Christian, was acting Master for the Fellow Craft degree and also presented the EA charge. Our acting Senior Deacon exceeded everyones expectations this

year, especially mine. Brother Mark Shupe was appointed in line one year ago as Junior Deacon. Probably the most difficult degree work is the stair case lecture and Mark presented it exceedingly well. When a vacancy developed Mark volunteered to also be the acting master of the E.A. degree and he did an excellent job. My brothers the work performed by these three officers has been above and beyond their regular responsibilities and they deserve our graditude.

Brother Jim Baxter has again proven himself to be a most efficient secretary for our Lodge. Thank you, Jim, I sure have appreciated your help and assistance this year. Past Master Joe Holleran has served as our Chaplain. Thank you, Joe. It has been a pleasure to see your smiling face at each meeting. Whitfield Tandy has been Treasurer and George Gill has served as our Tyler. Thank you officers, for your work this year and I also extend thanks to all of the brothers on our various committees. Your contributions helped provide us with a very successful year.

I also take the time to thank my wife and family. They enjoyed this year almost as much as I did. Six years ago tonight, Richard Russell appointed me in line. I thank you Richard for your show of confidence and for your help this year.

Lexington Lodge #1 has been busy through 1986 highlighted by; the joint Master Masons degree with the three other masonic lodges in town, our annual family picnic-fish fry, our participation in the ceremony honoring Richard Clough Anderson, our first master. This by the way was very timely due to our upcoming 200th anniversary. Our lodge birthday party- spaghetti dinner- was a big success as was the Past Masters dinner and more recently our large master masons class with the excellent degree work.

Our attendance at regular meetings is up and has been steadily increasing for the past several years. We must be doing something right. I attribute a part of the increased

interest to the programs and guest speakers which we were privileged to have with us and also to the friendship and true brotherly love extended to all brothers who walked through our doors. In all things considered, I am most proud to say that we have a friendly, welcoming lodge, one which knows how to greet fellow brothers and truly make them feel welcome. We must continue to stir the interest and desire of the craft in order to remain a vital force in Masonry.

Well, they are at it again!! My brothers, I refer to the little voices that spread rumors and discontent among the craft. We face this every so often and that is most unfortunate.

My brothers, we should all try to be positive in our thinking and actions and to be a constructive influence on others. It is sad that in life there are those who can only find fault and see things in a negative light. It's sad to say, but we have a few of these individuals among us and this has been my only disappointment. Lately, as election time approached, the rumblings and rumors that came to my attention have increased and yet no one has brought these before the master so that we can solve these little problems and restore peace, harmony, and unity to our lodge. My father gave me some sound advice while I was growing up. He called these the 3 C's: Do not criticize, condemn or complain and I pass these on to you. If a person can only find fault or be negative, then my advice to him on the 1st and 3rd Mondays would be to stay home, take your shoes off, prop your feet up and flip on the old T.V.. We don't need troublemakers, but we do need problem solvers. Let us keep Masonry clean and pure.

Some of these rumors have been concerned with carrying tales about another brother to harm his reputation and to deceitfully mar his character. I am outraged at the thought of such conduct. If I had proof of such slander then as Master

of this lodge I would persue it with all of my power and energies. This is shameful. My brothers such conduct is not Masonic. Above all else a Mason should be truthful and honoragle. Vengeance and deceit have no place in a lodge of Master Masons.

As I stated earlier, I have grown tremendously during this past year. The Master is not a dictator but a guide. A lodge will just about run itself, but it needs the guidance from the Master to keep moving in an orderly and productive path. While sitting in the master's chair, a person matures about 10 years worth. You view circumstances from a different perspective. You get to see peace, harmony, joy, unity and also disharmony, anguish, and sorrow. But the pleasant experiences far outweigh the unpleasant. It was an honor to represent our lodge at Grand Lodge communication in October, at the various Masonic functions, the Eastern Star meeting on Master Mason's night, the SAR ceremony in Louisville, the visits to our sister lodges, but most of all to represent our lodge at the funeral of our departed brothers to let that widow and family know that we remember; we remember their loved one, we feel their loss and we are there to help, aid, and assist in any way possible. This is true brotherly love. Our funeral committee is untiring and exemplary. They represent us honorably and I thank each of them.

I began this year with our chaplain presenting the 23rd Psalm, I would like to close my year in the like fashion.

Most worshipful Grand Master, Grand Lodge Officers, Past Masters, Wardens, distinguished guests, my brothers.

I sincerely thank you for your support in my election this evening as the Master of our 199th year of Masonry.

I feel very privileged to have been chosen to lead our lodge in the upcoming year. We stand upon the threshold of our Bicentenial Celebration and many plans are yet to be made. I can promise you a full and eventful year as we prepare for our celebration.

I am somewhat saddened because of the actions of a few in their attempts to sway the craft. I liken it to a sore or a cancer but choose to not pick at it in hopes that it will get better if we do not dwell upon it. I strongly believe in the Democratic systems and for having more than one candidate when it serves the best interest of the lodge. In this instance it has not.

My brothers, I wish to thank the Grand Master and his Warden/Marshall for joining us this evening and for performing our installation ceremonies.

Next, I would like to ask my father, Brother Jesse H. Westmeyer, Sr. P.M., Versailles Lodge #7, Versailles, Indiana to stand. Dad - it feels strange to call you my brother, but in this lodge of Masons, you are. I thank you for being the man you've been in my eyes and for what you've taught me as a man and as a Mason. You have raised me literally and figuratively and for this, I thank you.

Lexington Lodge No. 1, F. & A. M.
P. O. Box 8096
Lexington, Kentucky 40533

My brothers, I did not enter the line to one day say I am or was the Master of Lexington Lodge #1. I entered the line so that one day I could sit here in repayment of a debt to my father, for I did this for him in payment of what he has taught me as a man and a Mason.

My brothers, this next year is going to be very busy in our preparation for our 200th Anniversary. I plan to have a few other functions aside from our usual gatherings. My officers and I are here for the benefit of the lodge; we are here to serve you. Any suggestions will be greatly appreciated. We hope to bring you the most informative meetings possible, the best degree work we can and as many informative lectures as possible.

My brothers, I have great doubts about the way we will proceed, only due to my nervousness and anxiety in accepting such an important position. I can promise you that we will proceed in a positive manner and direction. We will "take the bull by the horns," so to speak and proceed in a manner that is in the best interest of this lodge specifically, and for Masonry in general.

I again thank you from the bottom of my heart. You have made me a very happy man this evening.

INSTALLATION REMARKS OF CHARLES E. CHRISTIAN,

NOVEMBER 17, 1987

MOST WORSHIPFUL GRAND MASTERS, RIGHT WORSHIPFUL GRAND LODGE OFFICERS, DISTINGUISHED GUESTS AND BRETHREN.

As the newly installed Master of Lexington Lodge No. 1, I thank the brethren of the Lodge for allowing me the honor of serving you during our 200th Anniversary Year. I accept the duties of this office with humility and a deep respect for the accomplishments of the men who have served masonry in Kentucky for the past 199 years. During the coming year, I ask you for your prayers, support and assistance. I pledge that I will do my best to fulfill my responsibilities to you and to the Lodge.

The upcoming year holds many opportunities for Lexington Lodge No. 1 and for Kentucky Masons to impart to our brothers, and to non-Masons, what masonry is. By living our lives according to our masonic education, we may show the world at large the love we hold for our brothers, our families, our neighbors, our country and God. Further, we must always be ever mindful of the service we owe to others, more especially to the weak, the ill, the widows and the orphans. To this end, I ask each of you to become the builder of masonry we are charged to become upon joining this fraternity. Only through our continuing efforts of building will masonry shine its light upon the world. Let us all begin the celebration of this new year of masonry in Kentucky; the celebration of the present, because of the association that exists among us; a celebration of the past, because of the great Masons that have preceded us; and finally, a celebration of the future, for masonry belongs to the ages.

Before concluding, there are many people I would like to thank at this time.

First, thanks to my wife, Tina, for her patience, love and understanding.

To my mother and father, Bill and Mary, for their love and guidance.

To my grandmother, Vernona Carneal, and the memory of my late grandmother and grandfathers; especially my grandfather Carneal, a Mason by heart as well as name. To him, I dedicate this year as Master.

To my uncle, Carlton Carneal, for his love and counsel.

To brother Jim Potter for giving me my start in masonry.

To brother Bob Cleary, for his confidence in appointing me to office, and for his help and advice.

To brother Ray O'Neal for his support.

To Junior Past Master Steve Westmeyer for having the opportunity to assist him.

To James H. Baxter for the time and effort he devotes for the benefit of the Lodge and its members.

To the past Masters of this Lodge - their support and effort allow us to continue.

To my officers for accepting the task of the forthcoming year.

To the brethren of Lexington Lodge No. 1 for their trust in electing me to this honor.

To the installing officers for taking the time to celebrate with us.

To the potentate for the use of the mosque.

To the ladies who prepared the food for the reception and the ladies who kept the registry this evening.

Finally, to our many visiting masonic brothers and guests with us this evening.

Once again, I would like to thank you all.

Mr. Charles E. Christian, Master
Lexington Lodge No. 1, F. & A. M.
855 Jaris Drive
Lexington, Kentucky 40503

Dear Worshipful Sir:

First, my sincere congratulations on your elevation to the office of Master of our beloved Lodge, a position once filled by such a distinguished Mason as brother Henry Clay.

I was never more proud of "my" Lodge than on Tuesday November 17th. on the occasion of the open Installation of officers. Many of my good Masonic Brothers of long standing were present and were highly complimentary of the event. We are all impressed with the "youth" of the officers that have been elected and appointed to guide the affairs of the Lodge. Please encourage them to continue their Masonic interest and advance to the honored Sation you now occupy.

I was exceedingly proud of Brother Westmeyer on the way he appeared before Grand Lodge and presented the request for the Change of dates for our Election and Installation of officers.The vote for the request was unanimous in favor. I suppose those who opposed the plan before did not have the nerve to object in Grand Lodge.

It was nice to meet your parents, brother and grandmother. (She is a real doll).

My thanks to Brother Baxter and you for inviting me to meet with the Hearld-Leader reporter. When we gave him the truth about our Fraternity, I think it "Shot down" his idea of what he thought he was learning from his research at the Library. You really put the "Icing on the cake" with your remarks on different Faith's and the Tolerance that Masonry teaches.

Please extend extra thanks to Secretary Baxter for the tremendous effort he put forth, over and above the normal duties of the office for the smooth progress with which this Historic Event developed.. I know there were many other Brothers who worked tirelessly with a Masonic labor of love to see that all went well.

Finally, the Dining Room. The Mosque was erected in 1960.and that room has never looked more beautiful, both with decorations and refreshments. An elegant ending for memoraable convocation.

With kindest personal regards and ever good wish for an outstanding administration, I am,

Sincerely and Fraternally,

Marvin

I have framed the certificate and have it hung in my computer room, where I spend most of my time while home lately. It will always remind me of the wonderful time we had while we were with you in Kentucky.

I saw the 11:00 News on Channel 18 when we got back to the Hotel. It was good to see something good about Freemasonry on television for a change. I would like to have a copy of the article on Video-tape if anyone taped it. If any articles appear in any of the local papers about the Installation, I would like a copy for our records also.

Please keep me advised of what the Lodge will be doing when they come to Richmond in February, what they will be attending and etc.

With kindest regards, I am

Sincerely and fraternally

Donald M. Robey

LEXINGTON LODGE NO. 1, F.& A.M.
REMARKS OF CHARLES E. CHRISTIAN, GRAND LODGE OF VIRGINIA
FEBRUARY 9, 1988

Most Worshipful Grand Master Robey, visiting dignitaries from other Grand Lodges, Grand Lodge Officers of Virginia, Representatives of the Grand Lodge of Virginia, Brothers, and visitors:

I first want to thank the representatives of the Grand Lodge of Virginia for allowing Lexington Lodge No. 1 to be a part of your program today, and also for the wisdom of choice of Grand Lodge Officers. We were very fortunate to have Grand Master Robey and Grand Marshall Charles Rowell and their wives attend our installation of 200 Anniversary Officers in November of last year. Their presence and participation was one of the highlights of our evening. We thank Brother Robey and Brother Rowell and all of you for the interest you have shown in Kentucky masonry.

Indeed, it is only natural for you to have an interest in our history, for it is your history as well. It was the Grand Lodge of Virginia that laid the foundation for the growth of Freemasonry in the Mississippi Valley.

A petition was received by the Grand Lodge of Virginia on November 17, 1788, to charter a lodge of freemasons at the town of Lexington by the name, title and designation of Lexington Lodge No. 25. Grand Master Alex Montgomery granted the charter. The petition was presented by three named and other unknown men. The three were:

1. Richard Clough Anderson, the first Master of Lexington Lodge No. 25 and a native of Hanover County, Virginia.

2. Green Clay, who was born in Powhatan County, Virginia.

3. John Fowler, who was born in Chesterfield County, Virginia.

Other lodges were chartered in neighboring towns by the Grand Lodge of Virginia prior to the turn of the century. They are:

1. Paris No. 35, chartered October 28, 1791.

2. Georgetown No. 46, chartered November 29, 1796.

3. Frankfort Hiram No. 57, chartered May 22, 1797.

4. Abraham, under dispensation granted December 17, 1798.

Due to distance and dangers as well as primitive methods of communication, it was deemed desirable to seek permission from

Virginia to establish a Grand Lodge of Kentucky, and this was accomplished on October 16, 1800, by the five aforenamed lodges.

From the Grand Lodge of Kentucky first lodges were established in what eventually became four states, namely Mississippi, Indiana, Alabama and Arkansas. Further, Kentucky chartered lodges in five other states which had no Grand Lodge, namely Ohio, Missouri, Illinois, Louisiana and Tennessee. In total, Kentucky established 18 lodges in these nine states.

From these humble beginnings, Masonry in Kentucky as grown to 458 lodges with a total membership of 85,567 as of June 30, 1987. During this, our 200 anniversary year, I am proud to be a part of Lexington Lodge No. 1, just as your are proud to be a member of the Grand Lodge of Virginia, both of which have been instrumental in carrying the banner of freemasonry in this country.

Today we are able to take masonry for granted. I am uncertain whether that is good or bad. Today an officer need not greatly worry if he is unavoidably prevented from being present to perform his duties. I am uncertain whether that is good or bad. Today we have no worry as to who will take this part or that part of the ritual, for there are many qualified to take any part. I am certain that is good. Today we do not worry when it is not convenient for us to call on a sick Brother or to attend a Brother's funeral. I am certain that is bad. Today we do not worry when we forget a meeting, for we feel there will be so many there that we will not be missed. I am certain that is not good.

There was a day, in the early history of our fraternity, when members could not shirk their masonry. There was a day in early history of our fraternity when Brethern walked or rode horseback for miles to attend monthly meetings. They didn't

climb into cars and get there in a few minutes. There was a time when meetings were held according to the full moon, so that Brethern might be aided in getting to and from the meetings.

Back in those days it is easy to believe a Brother's masonry was a large part of his life. The monthly stated meeting was a real communion of kindred spirits. Being few in numbers, each Brother had a part of the load to carry. Friendships were developed that we may not know in the busy world of today. Each Brother was present at ever communication except in case of real emergency. Each felt it his duty to visit a sick Brother, per chance to sit up with him or perform some task for the family. No Brother ever missed another's funeral. Ancient Brethern were happy in doing those things. They were happy in building our fraternity for the members of today, and for generations yet unborn.

During this celebration of 200 years of masonry in Kentucky, it seems proper that we dedicate ourselves to carrying forth the work of our heritage so nobly began. Let us resolve to be worthy of this heritage they have established for us.

Before concluding, I would be remiss for not thanking a few of our members. First, I thank Brother Ray O'Neal, who for several years has headed the committee for our 200 anniversary celebration. Next I thank Brother Bob Cleary, Brother John D. Jacobs and Brother Stephen Westmeyer for their efforts in organizing our trip to your meeting. Finally, I would like to thank you, the representatives of the Grand Lodge of Virginia, the Grand Lodge Officers of Virginia and Grand Master Donald Robey for their hospitality during our visit.

Martin, Kentucky, February 29, 1988

To the Officers and Brethren of the Most Worshipful Grand Lodge of Kentucky, Free and Accepted Masons and its constituent lodges, and to all Masons to whom these presents may come, this sorrowful greeting:

My Dear Brethren:

It is with profound sorrow that I officially announce to you the passing of our beloved Past Grand Master

Charles S. Johnson

who entered upon eternal rest, Thursday, December 10, 1987 at Elmhurst, Illinois.

A memorial service was held on Monday, January 25, at 7:30 P.M. at the Regular Stated Meeting of Louisville Lodge 400 at the Scottish Rite Temple, Brook and Gray Streets, Louisville, Kentucky.

Brother Johnson was born in Ohio County, Kentucky, on April 23, 1910. He was the son of Bro. James Edgar and Sophia Mae Johnson. His father died when Charlie was five years old.

Brother Johnson entered the Masonic Widows & Orphans' Home with his two sisters and a brother on October 18, 1920. He left the Home June 1, 1926. While at the Home he learned the printing trade and for several years after he left the Home, he was employed there as a printer and instructor to other boys in the Home. He advanced in his work and was General Manager when he left employment at the Home and moved to Elmhurst, Illinois. He then became a successful representative of Jones-Dabney Paint Company until his retirement.

MASONIC RECORD: Entered Apprentice, June 18, 1931; Fellow Craft, September 3, 1931; Master Mason, October 15, 1931. Master 1938-1939. Life member of Louisville Lodge No. 400 and Masonic Home Lodge No. 940.

He was the Senior Past Grand Master, Senior Past President of the High Twelve Clubs, International and a member of the Downtown High Twelve of Louisville and the Elmhurst High Twelve Club.

EASTERN STAR: Patron of Middletown Chapter No. 319, O.E.S., 1941-42.

CONSISTORY—Louisville, 1935: He was a 32°, KCCH member of the Louisville Scottish Rite Bodies.

Brother Johnson is survived by his widow, Violetta Johnson; daughters Patricia Ackerman, Gayle Koehler and Pamela Johnson; two brothers, Elbert Johnson and Edgar Johnson.

"May I, when given to dust, be laid
In the o'erarching oak trees' shade!
Not midst the crowded ranks of those
In life commingled, friends or foes;
Not 'neath the dust of trampling feet;
Not where the mourners frequent meet;
But far from life's poor turmoil laid
In the o'erarching oak trees' shade."

'Tis done; this sweet, retired scene
Is nature's own delightful green;
No voice but the lamenting dove
That sighs and murmurs of her love;
No footsteps but the tender tread
Of those who loved, who love the dead;
No passion but the sigh subdued,
Breathed for the friend who's gone to God.

As a tribute of love and respect for the memory of our departed brother, it is ordered that this memorial be read in each lodge of this Grand Jurisdiction at the next stated communication after its receipt and that it be made a part of the records of the lodge.

Given under my hand and seal of the Grand Lodge this day and year first above written.

Brief History of Harmony Lodge "OLE " 149

Harmony Lodge came into existence on February 2, 1856 when John S. Caldwell, Grand Master of Masons in Virginia at that time, granted a dispensation for a lodge to meet at Yeates lower free Schoolhouse in the County of Nansemond, with John T. Kilby as Master, John W. Ames, Senior Warden; William J. Lawrence, Junior Warden. The application was signed also by L. H. Klingman, Joel M. Tartt, Eli Johnson and Charles Capps. Chuckatuck Lodge No. 77 having approved of the location of a lodge at Yeates Schoolhouse in a certificate signed by John M. Cowling, secretary.

The location of the lodge was designated in reports variously as Yeates, Bellville Academy and Lower Schoolhouse. In 1874 Harmony Lodge was meeting at "Yeates Lower Academy" and in 1875 the designation reads "Meets in its hall at Bellville."

With the coming of the railroads, E. J. Driver, who had served as Master of Harmony Lodge, founded the town of Driver, some seven miles east of Belville and the growing of produce on a large scale saw families impoverished by the Civil War, regaining a financial stake and creating large estates with attractive homes. As the new town developed, Harmony Lodge moved its location to Driver and met there regularly after early in 1891.

The Masonic Temple at Driver filled the need for a community center in the 1890's and the first decade of the twentieth century. Gay parties, elaborate plays, lectures and addresses by distinguished men were held within its walls. One of the most distinguished citizens speaking at Harmony Lodge was the late William Jennings Bryan, who in 1913 shortly after his appointment as Secretary of State in President Woodrow Wilson's Cabinet, spoke at a great mass meeting held at the Nansemond town.

The original officers of Harmony Lodge were John T. Kilby, Master; John W. Ames, Senior Warden; Joseph W. Mansfield, Junior Warden; William J. Arthur, secretary; William W. Wright, treasurer; Isham L. Jordan, Senior Deacon; Joel M. Tartt, Junior Deacon; and McKenny Lewis, tiler. Other charter members were Lysander H. Klingman, Charles Capps, James A. Raby, Jeremiah Jones, John W. Ward and George W. Barnes.

John W. Ames seems to have been one of the most active members being listed several times as Worshipful Master.

The lodge has been active since its founding with the exception of the war period between the states, when it was captured territory. During this period of occupation a Union Officer took the original Charter, Minute Book, Bible and Sabre and carried them North, where they were placed in a Connecticut Lodge for safe-keeping to prevent their falling into the hands of non-masons.

In April 1937, the old Masonic temple burned, destroying all lodge records and most of the furnishings. The records were complete from the founding of Harmony Lodge at Bellville in 1856 to 1937. This building had served for many years as a community center and was one of the landmarks of Nansemond County.

A new temple was erected on a new site in Driver and was completed and dedicated on May 4, 1938, at which time the original charter, minute book, Bible and Sabre were presented, they having been kept in a vault of a Portsmouth bank since their return from Connecticut.

The lodge enjoys quite a bit of history in one of its deceased Past Masters, Brother John Joseph Shelly Branch, better known as "Hurricane" Branch.

Past Master Branch petitioned masonry the day following his twenty-first birthday and was initiated, passed and raised to the sublime degree of Master Mason. He was the oldest member and Past Master of Harmony Lodge at the time of his death. He wore a fifty year masonic membership emblem which was presented to him at the 1940 session of the Grand Lodge of Virginia. He attended 67 sessions of the Grand Lodge of which the first 63 were consecutive. This record will probably never be equaled. He was Chaplain of "Ole 149" and quite active to the end, when the Supreme Architect of the Universe called him to his home above on April 5, 1949 in his 93rd year of age.

Rambo Letter

Written and presented in open lodge assembly (Devotion Lodge #160, F&AM) by Doyle G. Rambo, P.M.. April 25, 1988.

Worshipful Master and brethern. For the record that there shall be no mistake in what I have to say, I will read the following: I speak with several hats on this evening. First on behalf of Washington Council #1, R&SM, as presiding officer of that York Rite Body, as a Past Master of Devotion Lodge #160 and as an honorary member of Lexington Lodge #1 - an honor I cherish beyond measure. I also speak for the person occupying this frail body.

God has blessed us all with these magnificent retreat facilities here at 4085 Harrodsburg Road. Fewer in our time have been blessed any richer or more abundantly.

The allegiance to which I refer continues to be with Lexington Lodge #1 to the fullest extent. My allegiance however, is not with a negative faction within that body that appears to have set a long and short term goal of destroying that, which its large faithful membership has struggled for the past 200 years, to build, protect, preserve and perpetuate.

Masonry was constructed and built by others upon the foundation set forth in the three principal tennants of our craft - brotherly love, releif and truth. Masonry and these lodges - #1, #160, etc, have set theselves up as a haven for fellowship, for the ingathering of brothers with a common bond, and for the renewal of fraternal relationships with our new and older brothers.

Perhaps the ideas and philosophies of this negative faction to which I refer, has very positive ideas - ideas that will work, and ideas that will build a large membership and set big records. May I remind those who seek other approaches - that one does not build by tearing down. If this negative faction is so blessed with money, talent, ideas and has all the right positive answers, I propose that they launch out and light their own candle that all may see and admire their good and great works. Let the 1980's and the 1990's blume and flourish with their redience. I do however, respectfully propose, that if you do select this route, that you maintain pure and unsullied the stones laid here at Lexington Lodge #1 by those who have gone on before us - perhaps by many who were far wiser than we and far greater than we. Leave this serene temple and these hallowed grounds to perpetuate itself, and it will. We will bid you fairwell and good luck and extend Gods blessings upon your efforts. "Go for the gusto" as the commercial admonishes - but not at the expense of yesterday.

Before we get all enveloped, my brothers, in all of our finery, wealth and self estem lets not forget that we're all reaping from a vinyard we did not plant and we're all drinking from a sistern we did not build.

We are on solid ground and we must hold that ground. We have been tried and we are willing to be tried again. There is a sign over a door entrance to one of the mess halls at the Marine Corps Recruit Depot at Paris Island, S. C., that reads,

"Through these portals pass the best damn fighting men on the face of the earth".

For 213 years this band of warriors have weathered the storms of battle and remain victorious to this day. The square and compass has been an indelible symbol for 200 years of masonry withing our perimeter. Like the Marines we to have weathered many a storm and our colors still fly to this day.

We are not building when we don't attend lodge, when we demit to other lodges, as some are advocating, when we close doors of communications, when we subdue and covet control. We do not build when we substitute corn, wine and oil for broth, water and vinegar.

As the leader of Washington Council #1, I have a moral, ethical and business obligation, as presiding officer over this fraternal body, to remain neutral, to mediate and to see that the laws, by-laws, edicts, rules, regulations, both written and unwritten are carried out to the letter. I have obligated myself to act in the best interest of the cradft which I represent. To despense light, knowledge and instructions to all under my direction, to quail disturbances, uprisings and grumbling among the craft is among my duties. If I do not perform those duties, to the best of my ability, I not only fail myself and the craft, but I will be held accountable for my actions as a leader, blessed by God - having pledged to Him my undying support, there at that altar, as his earthly representative at this place for a time.

At a regular meeting of number one the other night a member of this negative faction, Brother O'Neal, expounded on the coorporation "he" was receiving from local and other lodges with reference to their 200th birthday celebration. And further, he was proposing that we make this a statewide masonic function. Brother O'Neal again speaks with a forked tougue. I suggest that if this faction really wants to make masonry grow here and in this state, that they pay their back dues and get current with their member association, that they re-examine the three tennants of our ancient and honorable fraternity and then climb aboard "Masonry 1988" and we'll all celebrate "our" 200th birthday.

Worshipful Sir, Brother Christian, you are a young man, not only in years, but very, very young in masonry and how it works. You are an intelligent person, that cannot be denied. You must open your eyes and you must cause the eyes of those you have been elected to lead, to open. This brother speaks of cooperation and business do-goodery out of one side of his mouth, while out of the other side of his mouth he breaths the fire of hatred and near violance and yet practices none of the tennants of the fraternity to which a card in his pocket proclaims him as a paid up member.

Your designated staff has offiere or is rumored to offer, a price to this body in the form of a buy-out. Would you sir, in retrospect, take that same dollar share for your interests in this association? We might be interested in talking. The shoe could very easily be on the other foot. Masonry is founded somewhere between the three great lights and the heart, and not behind the dollar sign.

SPEAKING as master of Washington Council #1, we categorically reject your negative, anti-masonic tactics, that set forth to usurp power over people and bodies to declair yourself and those of you faction, as indespensable entity. YOu need York Rite Masonry and York Rite Masonry needs you - we must be a working team.

SPEAKING as a past master of 160. We are truly blessed with wonderful fellowship here within our number. We are basically all of one accord. We do not want negative elements with negative ideas in our lodge. We love Lexington Lodge #1 and our York Rite Bodies. We want to continue on this positive path and see no reason to change our chorus, now or in the immediate or far future.

SPEAKING from a personal standpoint - I want no quarrel with you Worshipful Sir or my borthers all. We all need eachother. We are all Gods children. I have much respect for you as Master of your lodge. I greatly and sincerely appreciate the courtesies you have extended to me. I am humbled by having been dubed an honorary member of your lodge.

King Solomon admonished his sons to seek wise council. Jesus Christ preached "seek ye first the kingdom of God...". I propose that wise council has not been sought, or if sought, it has not been heeded. I suggest that this negative faction subdue their passions of self aggrandizement, personal gain and their struggle for dominance, pick up their working tools that will square their actions, circumscribe their desires and rebalance the scale of justice.

God sent his son Jesus to this world to redeem the lost. God saw that it was good, and then, he closed the BOOK. His final plan was complete. There are no other plans.

Masonry, though man made, has proven to itself that it is blessed and sanctioned by God. Its plan has and is working. We are that plan. If we drop the ball here -- THE TRESSLEBOARD shows no other plan.

If I were to yeild advice to you Worshipful Sir and my beloved brothers, I would simply say - put it in Gods hands and listed for HIS reply.

End

NOTE: The above was unaminously voted by members present to become a part of the minutes. Brother Christian was not present. Bro. Walter Johnston, speaking for Lexington Chapter #1, and Bro. Bob Davenport, speaking for Webb Commandry #1 (Commander) by voice comment endorced the above.

June '88
O'Neal Letter Read

The following statement is in answer to Brother Doyle Rambo's statement of April 25, 1988, before the craft of Devotion Lodge 160, and is not meant to be derogatory in any manner to the York Rite Bodies, Devotion Lodge 160, nor to the Masonic Temple Association, hereinafter referred to as the MTA.

I would like to thank this brother for publicly taking a position of opposing this so called negative faction within Lexington Lodge no. 1. To my knowledge, he is the first to state his case in writing or in public.

Let me begin by publicly stating my admiration for Brother Rambo. For the 15 years I have been a Master Mason, I have been witness to his faithful and untiring efforts to further Blue Lodge Masonry. He is to Devotion Lodge 160 what Marvin Whitton is to Lexington Lodge No. 1.

Brother Rambo, you state "Speaking as Master of Washington Council No. 1, we categorically reject your negative, anti Masonic tactics, etc". You further state, "as the leader of Washington Council No. 1, I have a moral, ethical, and business obligation, as presiding officer over this fraternal body, to remain neutral, to mediate, and to see that the laws, by-laws, edicts, rules, regulations, both written and unwritten are carried out to the letter".

I can only assume that it is within your duties to conduct business but it is anti-Masonic should this so called negative faction of Lexington Lodge No. 1 attempt to conduct business. That, my brother, is what is commonly referred to as possessing a double standard. I would also like to comment on the over all content of your letter. It hardly falls within the definition of, and I quote you, "to remain neutral". Unquote.

Speaking of laws, by-laws, edicts, rules and regulations, both written and unwritten, being carried out to the letter, I heartily agree. This is the purpose for which I stand before you and the craft.

My brother, permit me to remind you that the MTA is not a Masonic body, it is not a Masonic body, it is not a Masonic body, as you imply in your statements. It is simply a Corporation licensed under the corporate laws of the State of Kentucky. You, my brother, confuse Masonry and business. When Lexington Lodge No. 1 deals with the MTA, it is and should be done on a stockholder-corporate level. When this is done by Lexington Lodge No. 1, you and other members of your bodies scream Masonry.

You state that the negative faction of Lexington Lodge No. 1 should pay their past dues to the member association to which they belong. My brother, this is no business of yours. Your honorary membership in this Lodge does not entitle you to question a decision made by the members of this Lodge by a majority vote. Incidentally, this decision was made during a period of time I was unable to attend Lodge meetings. I had nothing to do with this action of the Lodge. Even though I would like to take credit for this stand taken by the Lodge, I can not. You should direct your comments to Past Masters Cleary, Hardigree, and Westmeyer regarding this matter and give credit where credit is due.

You state that perhaps Lexington Lodge No. 1 might be interested in a buyout from the group you proclaim to represent. Put the shoe on the other foot, as you state. I would proceed with caution before offering this craft $720,000 or 48% of $1,500,000.

You criticize this so called negative faction for attempting to gain control of the MTA, yet you fail to mention that the Bodies of which you are a member, do in fact control the MTA. For example, recently I proposed, as a board member of the MTA, that proceeds from the sale of easements to the State Highway Department, be used to build a pavillion or shelter house on our grounds. This Lodge voted to table the motion until the MTA could furnish it with plans and cost figures. My brothers, with this motion still tabled on the floor of this Lodge, I attended a meeting May 11, 1988 where Brother Bob Davenport said that Lodge 160 had said okay, the Council and Chapter had not met but he felt they would be no problem. My brothers, I am here to tell you that the construction of the pavillion is underway while you have the motion tabled on the floor. Now, who has control of the MTA?

Brother Rambo, perhaps you should concern yourself with the following rules and regulations that you have charged yourself to carry out to the letter: Are you aware that the current MTA Board of Directions has 4 members who, because of actions taken by them and the Board, may have placed themselves in a situation where conflict of interest exists or may be questioned. These individuals loaned the Webb Commandery sums of money from $1,000 to $10,000 each to pay off a note to the Shriner's Hospital on this property. The Webb Commandery has assigned these loans to the individuals directly and they are now listed as individual lienholders on this property. Can we be certain that they will hold themselves impartial in their Board decisions? Corporate law says we should not have to be concerned as stockholders. Such practices are not permitted. Can you, Brother Rambo, as the contractor who remodeled this Lodge building for the MTA, be impartial and free of any conflict of interest regarding the MTA?

You state that Lexington Lodge No. 1 needs York Rite Masonry and York Rite Masonry needs Lexington Lodge No. 1. I will agree to one-half of that statement. I do not have to remind you that one must first be a Master Mason before he becomes a member of the York Rite Bodies. Let me further state that, in my opinion, Lexington Lodge No. 1 has changed in the past 10 years. It is in the hands of Blue Lodge Masons, none of which are actively involved in other Bodies. They are only interested in the conferring and teaching of the 3 degrees of Masonry and conducting the business of the Lodge.

You, Brother Rambo, stated in your letter, that I recently stood before the Craft of this Lodge and expounded on the cooperation "he", meaning me, was receiving from local and other Lodges with reference to their 200th birthday and that I had suggested a Statewide Masonic function. My brother, since I don't recall you in attendance at that meeting, I would suggest you get your facts straight. If you disagree with the idea of a Statewide celebration, I would suggest you contact Worshipful Master William S. Smith, of Bardstown No. 6, who made the motion, plus the Masters of #4, #954, #956 And yes, #160 of which you are a member. They, along with the committee, voted that the Master of #1 should correspond with the Grand Lodge regarding a possible Statewide celebration. They, not I, agreed that 200 years of Masonry in the Bluegrass celebration was in order.

Brother Rambo, am I to be criticized for becoming concerned when Past Masters of this Lodge show up on St. John's Day and nominate one another for Master and Officers of this Lodge, thus attempting to destroy the 200 year tradition of this Lodge and its custom regarding it's Line Officers and their journey to the East? My Brother, this only occurs during the years when the craft of this Lodge have voted against the MTA regarding finances. The only reason it regards finances, is that we can not be forced to withdraw funds from our treasury without Lodge approval. Approval of this Lodge is not needed on other matters regarding the MTA as I have earlier indicated. If I am to be criticized for this, so be it.

You state that "this brother speaks of cooperation and business do-goodery out of one side of his mouth, while out of the other side of his mouth he breathes the fire of hatred and near violence and yet practices none of the tennants of the fraternity to which a card in his pocket proclaims him as a paid up member".

The near violence you refer to, and I will quote you through WM Charles Christian, to whom you explained this incident, occurred between Past Master James Anderson of #160, now deceased, and myself at a MTA meeting in 1981, when Brother Anderson referred to me as "one of them". I immediately questioned Brother Anderson what "one of them" meant.

He gave no reply, neither did I. The matter was closed. This was the 1st and last time I had ever conversed with Brother Anderson. I do not recall you, brother Rambo, as being in attendance.

Regarding your statement that I do not practice the 3 tennants of Masonry, brotherly love, relief, and truth. Brother Rambo, I do love you along with all my brothers, regardless of their feelings toward me. I think a good example of my love towards this Lodge and its craft could best be exemplified through my 15 year service to Blue Lodge Masonry in this Lodge. During this 15 year period, I have lectured the EA Degree 4 years, bringing dozens of candidates before the Lodge to give their proficiency in the manner in which this Lodge expects, gone through the chairs as a line officer, served this Lodge as Master, served the Grand Lodge as Chairman of the By-laws Committee, served on the MTA Board of Directors, the Finance Committee, and for the past 3½ years, Chairman of the 200th Anniversary Committee. I have never once returned a petition to the Secretary, advising him I did not have the time to investigate the petitioner. As to relief, would serving on 8 committees, even out of State, to investigate poor, worthy, distressed brother Master Masons, and their widows for admittance to the Masonic Homes, meet your definition of relief? Would numerous trips to the Homes to check on our members and widows fall within the definition? Finally as to truth, only God can judge me on that.

My brother, let me give you an example of speaking with a forked tongue. You advocate peace and harmony among the 5 bodies of the MTA as long as your member bodies have control, but, should I speak of the Blue Lodges getting control, I am guilty of breathing the fire of hatred and near violence.

You suggest that this negative faction subdue their passions of self aggrandizement, yet you refer to yourself as a leader. You mention personal gain in the same sentence. My brother, did you not reap a personal gain when you remodeled this very Lodge building in which we stand. Would you agree to remain neutral and not submit a construction bid should the MTA build a new Temple?

Would you, my brother, explain to the craft of #1, how 48% of the MTA representation on the Board of Directors for Webb Commandery equals 8 representatives, yet the same 48% for #1 is 7 representatives.

Brother Rambo, I do not have to answer to you or anyone within your member bodies.

I answer only to God, my family, my Lodge, it's Master, and myself. You refer to the card in my pocket which proclaims me as a paid up member. While I do carry a card, I prefer to think I have paid my dues as a Master Mason in other ways, and if God is willing, I shall continue to do so. If you believe otherwise, so be it!

Dear Worshipful Master:

The following is the final report from the 200th Anniversary Committee. For the period 11/17/87 to 11/17/88, the following events took place:

On 11/17/87, a public installation of officers of Lexington Lodge No. 1 took place at the Oleika Temple with the Grand Masters of Virginia and Kentucky as installation officers.

On 12/5/87, the Lodge participated in the annual Christmas parade with a Masonic oriented float.

On 2/7/88, a contingent of Lodge members and several wives, left Lexington to begin a three day pilgrimage to the George Washington Masonic Memorial at Alexandria, Virginia. They then toured Washington and finalized the trip by traveling to Richmond, Virginia to give a 200 year progress report to the Grand Lodge of Virginia.

On 7/9/88, a summer picnic with over 400 in attendance, was held at Shillito Park with Lexington Lodge No. 1, Devotion Lodge No. 160, Robert Sirkle Lodge No. 954 & Bluegrass Lodge No. 956 participating.

On 11/17/88, over 440 members and guests celebrated the 200th year of the granting of our Charter with a banquet held at the Marriott Hotel. The Grand Master of Virginia and Kentucky were present along with other Masonic dignataries.

Within the next thirty days, a monument will be placed at the gravesite of Richard C. Anderson, commemorating him as the first Master of Lexington Lodge No. 1.

In addition to the above, the committee published a 200th Anniversary Lodge history and minted a bronze coin that will be given to each member of the Lodge. A silver coin will be available for a fee of $12.50. Each couple attending the Banquet was provided a silver engraved Julep cup as a momento of the Lodge's 200 years of existence. A supply of these cups are available at a cost of $15 each.

As Chairman of the 200th Anniversary Committee, I would like to extend my thanks to the many Brothers who served on this committee, without whom, none of the above would have occurred. I would also like to thank the Lodge for giving me the opportunity to serve it as Committee Chairman for the past 4 years.

Fraternally Yours,

Raymond L. O'Neal

Select Committes:
Treasurer Steve Westmeyer, P.M. reported he would have something about paying off the loan to the MTA at our mext meeting.
Steve also said since the loan to the MTA is almost fifteen (15) years old on the Richmond Rd. property some action needs to be taken to keep the loan open.

John D. Jacobs, Senior Warded answered his summons by making his report on the 200th Anniversary coins: all coins were accounted for. Report attached.

Unfinished Business:

Mark T. Shupe, Worshipful Master announced one of his ojectives was to uphold Peace and Harmony in the lodge. Another very important duty was to protect the integrity of the lodge. Worshipful Master, Mark T. Shupe, stated that on Jan. 2,1989 the list of items read involving our Senior Warden, John Darwin Jacobs, were of such a serious nature that investigation for the purpose of perferring Masonic charges is warranted. The Worshipful Master, Mark T. Shupe, covered some more items that needed to be addressed and said the first step he was going to take was to remove John from any position of responsibility to which he had been appointed until he could prove to the satisfaction of this Lodge that his actions in the future will reflect the best interest of Lexington Lodge No. 1 and not for the purpose of self aggrandizement.

Brother Junior Warden, W. Danial Yates, then made his report on the nine (9) Charges and Specifications to be preferred by Lexington Lodge No. 1. Copy attached to these minutes. Junior Warden, then made a motion that the charges were in proper order. Motion carried.

GOOD OF THE ORDER:

Steve Olshewsky, said he had been teaching a class in Georgetown and was not able to attend Lodge very much but, hoped peace and harmony would be maintained.

Ray O'Neal, PM, reported the marker was ready to be pick up and taken to Louisville to be put on the grave of the frist Master of Lexington Lodge No. 1, Richard C. Anderson.

Worshipful Master, Mark T. Shupe reported the District Deputy David Latham, would make his official vist at our next meeting and the E.A. degree would be conferred.
Other announcements the Worshipful Master made were:
March 17,1989, District meeting, Jessamine county.
March 20,1989 would be the date for our annual Rabbit fry.

Worshipful Master,

Pursuant to your request I have obtained the neccessary information regarding the pay-off of our loan for the property located at 4085 Harrodsburg Rd.

The loan was originated on July 24, 1985. The terms of the note were or required pay-off in five years. The pay-off amount as of January 24, 1989 is $77,040.00. It is not likely nor is it feasibly possible to meet this deadline. I therefore propose that we vote on the matter after proposing this to the craft assembled on February 6,1989. The pay-off as of February 24,1989 will be $77,760.00.

I believe the $60,000.00 Certificate of Deposit will be due or we may need to postpone this matter until the necessary funds can be allocated.

I will leave this matter up to you and also for further discussion.

Respectfully submitted,

Dear Billy:

The Chairman of the Finance Committee for Lexington Lodge #1, Steve Westmeyer, provided me with a copy of a letter dated February 8, 1989 stating that it was the decision of the Finance Committee that the note dated April 9, 1974 needed to be called if it were not renegotiated by April 9, 1989. Our primary goal is not to force payment of this note but to clear up, in writing, the matter of the disposition of the funds upon the sale of the Richmond Road property.

It is my opinion that the MTA should negotiate a quick and equitable sale of the property. If that means hiring a real estate consultant or commercial real estate specialist to represent the MTA in negotiating the sale, then we should not hesitate. It would be in the best interests of all bodies involved in the MTA to expedite sale of the property.

It would also be in the best interests of all bodies involved in the MTA to distribute the proceeds immediately upon the sale of the property. The afformentioned notes should be paid first, and the balance distributed to each member body in proportion to the amount that they originally advanced to the MTA for the purpose of acquiring this property. Anything else would not be in the spirit of what was intended and represented to the various bodies when these loans were originally made to the MTA.

The distribution of said proceeds should be part of the closing transaction, in other words, checks should change hands at the closing. These are the only terms that I would find acceptable in lieu of calling in the note payable to Lexington Lodge #1. I would be happy to arrange the drafting of the legal documents necessary to execute this transaction and hope that it can be handled at the next meeting of the board of directors of the Masonic Temple Association which is March 8, 1989.

I am sure we can work out these questions in a manner that would be in the best interests of all involved and without any contention among us. I would like to see them resolved as soon as possible so that we might get on with the business that we are here to do.

Fraternally yours,

Mark T. Shupe, Master

Dear Steve:

I am in receipt of your letter dated the 8th day of February, 1989 concerning the loan which the Masonic Temple Association, Inc. obtained from Lexington Lodge No. 1 in 1974 to purchase the property on Richmond Road.

I have presented your letter to the Board and the members have requested that I write to you and assure you, and Lexington Lodge No. 1, that it is the intention of the Board to repay the loan just as soon as the property has been sold or as soon as the money becomes available. This has always been the intention of the Board and this corporation. You may or may not recall that when the Kentucky Utility easement went through the property on Richmond Road a few years ago, we promptly paid Lexington Lodge No. 1 their prorated share of the money received from that transaction.

We hope the Lodge will bear with us until the property can be sold. I believe we are doing everything humanly possible to sell the property at a price that is beneficial to all the shareholders.

If there are additional questions which need to be answered, please do not hesitate to call me.

W. M. your committee was set to work for the purpose of reviewing the audit for 1988, which had been rejected by vote of the Lodge. The specific task, as we understand our duty, was to search out explanations concerning the inventory item of coins and cups in hopes that the rejected audit could be reconsidered and accepted. Your committee served for no other purpose.

The amount listed in the audit was $4578.42. That amount is broken down into three categories:

248 Cups @ $8.50 ea	2108.00
167 Coins @ 9.26 ea	1546.42
1100 Antique Coins @ 84¢ ea	924.00
	4578.42

Your committee reviewed the cost of these items as follows:

Antique coins: The full cost $924. of these coins are in the inventory. We find that mailing of these coins did not occur until after the 1st of the year therefore this was a proper manner to handle this item. Keep in mind that possession of these coins was not in possession of the secretary for 1988 and the only record he had was the amount which had been paid.

Cups: The total cost of the cups were $4,250. for 500 cups. The new secretary received 248 cups leaving 252 cups which had been sold or distributed at the anniversary dinner. From all estimates this figure appears correct. There also

appears to be no conflict between any parties that this is a correct accounting. The #2,108. carried in inventory is mathematically correct.

Silver Coins. The total cost of the silver coins was #2,314.85 for 250 coins @ 9.26 ea. The amount of coins in inventory are 167 representing #1546.42. This is arrived at by the total cost of #2,314.85 less the cost of 83 coins or #768.58. The 83 coins were used because of a deposit made on December 30, 1988 showing #1037.50 which divided by 12.50 ea indicates 83 coins.

At this point your committee realizes that an area of controversy has been reached BUT, we remind the craft our purpose was to evaluate the audit amount of inventory. The craft should be aware of these facts: The audit was concerned with the records of the secretary in 1988. The audit did not involve any facts not in the records of that secretary. Remaining coins were delivered to the new secretary on January 2, 1989. For all practical purposes the secretary in 1988 had nothing to do with the coins except prepare the check for their purchase and record any monies received pertaining to the coins. Since the only funds received represented 83 coins, the action of the audit was reasonable in accounting for the transactions in this area.

W. M. your committee has other comments

pertaining to the coins but we feel we have answered the questions insofar as the audit is concerned.

We find the amount reflected in the audit as inventory to be correct and following proper accounting procedure to arrive at that amount. We therefore move that the question be reconsidered and recommend the Lodge adopt it as accepted. Let me hasten to add that we are happy to try and answer any questions pertaining to the audit but request any other questions be held until our primary purpose is settled.

As mentioned in the first part of this report the caps appear to be out of the controversy and we are considering the matter closed.

The antique coins have been mailed. Of the 1100 to begin with 58 were turned over to our current secretary on January 2, 1989. Later on this year 5 additional coins were turned over. A 1037 were turned over for mailing. The committee considers this part of the matter closed.

The silver coins still remains in some question. Of the 250 coins, two were distributed to dignitaries leaving 248. Of these 248 then 139 were turned over to the current secretary leaving 109. According to Bro Jacobs, he sold 89 and handed over 20 to the WM last year. Since then Past Master Christian in open lodge admitted to receiving the 20 coins. For the time being I want to defer the 20 coins and discuss the 89.

In the report that Bro Jacobs gave in open Lodge the 89 was represented by checks totaling $462.50 and $650. in cash for a total of $1,112.50. The deposit slip prepared by WM Shupe was for 1037.50 which is $75 less, and would account for only 83 coins, which is a difference of 6 coins.

Through interviewing different members we find that at the Officers meeting where the money was turned over to WM Shupe there was a an apprehensive attitude on both Brothers. Bro Jacobs had refused to turn over the coins previously and the Lodge Officers had attempted

to have him removed as an officer. In the meeting money in some sort of envelope was turned over to the W.M. There were words between the two and Bro Jacobs left. The other officers then left. Bro Junior Deacon went to W M Shupe's home and there the money was counted. We are not reporting this to open old wounds nor are we suggesting one was right and the other wrong. We are suggesting that a situation was allowed to occur and all parties bear a portion of the blame. First and second the primary characters were at odds and when tempers get involved all are subject to error, but third the most damaging aspect of this ordeal was that not one single officer present came to the defense of Bro Jacobs or Brother Shupe. Bro Jacobs deserved to have the money counted in his presents and Bro Shupe deserved to know he was getting a correct amount. But no other Brother spoke up and said let us reason together; lets count the money and be done with it. In not counting the money together openly the accurate evidence was forever lost and we have two Brothers, each with a different claim; either one may be in error and this Lodge may never know the truth and each of those other officers bears a part of the blame for not letting the counsel of the wise prevail, when it had its chance.

Now pertaining to the 20 coins. Bro Joe Hardman called Bro Christian to find out the details of his possession and when he settled up with Bro Baxter. Bro Hardman reported that 8 had been sold and 12 returned. Bro Hardman

did not have a date on the settlement. Bro Hardman was asked to recall Bro Christian and get an approximate date. Bro Hardman relayed that Bro Christian was unsure of the date. Bro Hardman then call Bro Baxter and Bro Baxter stated he knew nothing about it and had no contact with Bro Christian concerning any coins.

At this point Bro Holleran and myself personally visited Bro Christian and related to him that there had to be an error somewhere and could he, and would he, help us get to the answer. His comment was that he had items stored in a box and he could see if going thru them he might find some clue. During the interview he did state that the return was prior to Bro Baxter leaving office.

Bro Holleran and I went to visit Bro Baxter and he repeated that he did not, and would not have anything to do with the management of the coins. He stated that perhaps Bro Christian confused the coins with anniversary tickets, but the return of those tickets were settled. We then asked Bro Baxter if he would contact Bro Christian and between themselves come to an answer to the 20 coins.

After a due time I called Bro Baxter and he confirmed that he had talked with Bro Christian. I then called Bro Christian and confirmed that he had received a call from Bro Baxter. When he had I asked him if he had made search to determine any news on

the 20 coins. He stated he had not looked yet. I then asked him if he thought he could by Friday since I called him on Monday, and he said yes. On Friday when I called he stated he had found nothing to help us out.

During our labors it came to our attention that three coins which Bro Jacobs had sold, had not been delivered. Bro Burton has made delivery. Each Brother involved was interviewed and confirmed the delay in delivery. One was by check which was deposited by Bro Shupe and the other two were by cash but each witnessed the other when payment to Bro Jacobs was made. This does not indicate nor do we even suggest wrongdoing. It does suggest a possible lack of strick control exersized over the coins but nothing more. In any event, Bro Jacobs found three additional coins in a coat that had been overlooked when he turned over the 139 coins to Bro Burton. These coins equal the three undelivered.

In reviewing Bro Baxters records we found where one coin purchase had been received by him and recorded. Bro Jacobs never knew about that one. It too has been delivered, and has no bearing on other areas.

W M your committee has done all it can do. Looking back on last year as our 200th anniversary we see how money flowed like there was not to be a tommorrow. Errors were made and not by just one but several. There seems like more than one Brother

has shown a touch of incompentence. We may certainly rejoice that our shortage was a few hundred because it could easily have been more. All Brothers involved will have to live with their own thoughts and their own deeds but as one in Lodge looking forward to the 300th year I recommend we go forward. The Lodge can bear this cost. It can not bear much more ill will. When the books are closed Dec 31, 1989 all these petty items can be absorbed in an understanding of brotherhood and a vow to act more responsible in the future.

TO THE MASTER, WARDENS, AND BRETHREN OF LEXINGTON LODGE #1 F&AM

DEAR BROTHERS,

AS CHAIRMAN OF THE COMMITTEE APOINTED TO REVIEW THE PROPOSED BY-LAWS CHANGE AND ANY OTHER NECESSARY CHANGES IN OUR BY-LAWS, I WOULD FIRST LIKE TO ADDRESS THAT WE FIND NO CHANGES IN THE BY-LAWS AS BEING NECESSARY AT THIS TIME OTHER THAN THE PROPOSED CHANGE AS SUBMITTED BY BRO. RALPH CARTER.

HIS PROPOSED CHANGE WOULD BASICALLY NULLIFY THE JUNIOR PAST MASTER AS AN AUTOMATIC MEMBER OF THE MASONIC TEMPLE ASSOCIATION AND WHILE WE DO AGREE THE JUNIOR PAST MASTER DOES NOT OR AT LEAST IN THE LAST FEW YEARS HAS NOT SERVED IN THE BEST INTEREST OF THE LODGE, IT IS OUR BELIEF THAT THE MASTER OF THE LODGE SHOULD BE INVOLVED. IT IS THEREFORE OUR RECOMMENDATION BY MAJORITY VOTE OF THE COMMITTEE TO SUBMIT THE FOLLOWING:

ARTICLE II, PAGE, V, SECTION I OF THE BYLAWS OF LEXINGTON LODGE #1, F&AM:

SECTION 1. THE OFFICERS SHALL CONSIST OF THE MASTER, SENIOR WARDEN, JUNIOR WARDEN, TREASURER, SECRETARY, TILER, SEVEN REPRESENTATIVES TO THE MASONIC TEMPLE ASSOCIATION, SENIOR DEACON, JUNIOR DEACON, CHAPLAIN LECTURERS, TWO TRUSTEES, AND TWO STEWARDS.

THE ELECTED OFFICERS SHALL CONSIST OF THE MASTER, SENIOR WARDEN, JUNIOR WARDEN, TREASURER, SECRETARY, TILER AND SIX REPRESENTATIVES TO THE MASONIC TEMPLE ASSOCIATION. THREE SHALL BE ELECTED FOR A PERIOD OF TWO YEARS AND THE FOLLOWING YEAR THREE REPRESENTATIVES SHALL BE ELECTED FOR A TWO YEAR TERM. THE PRESENT MASTER WILL AUTOMATICALLY BE ELECTED BY VIRTUE OF HIS OFFICE.

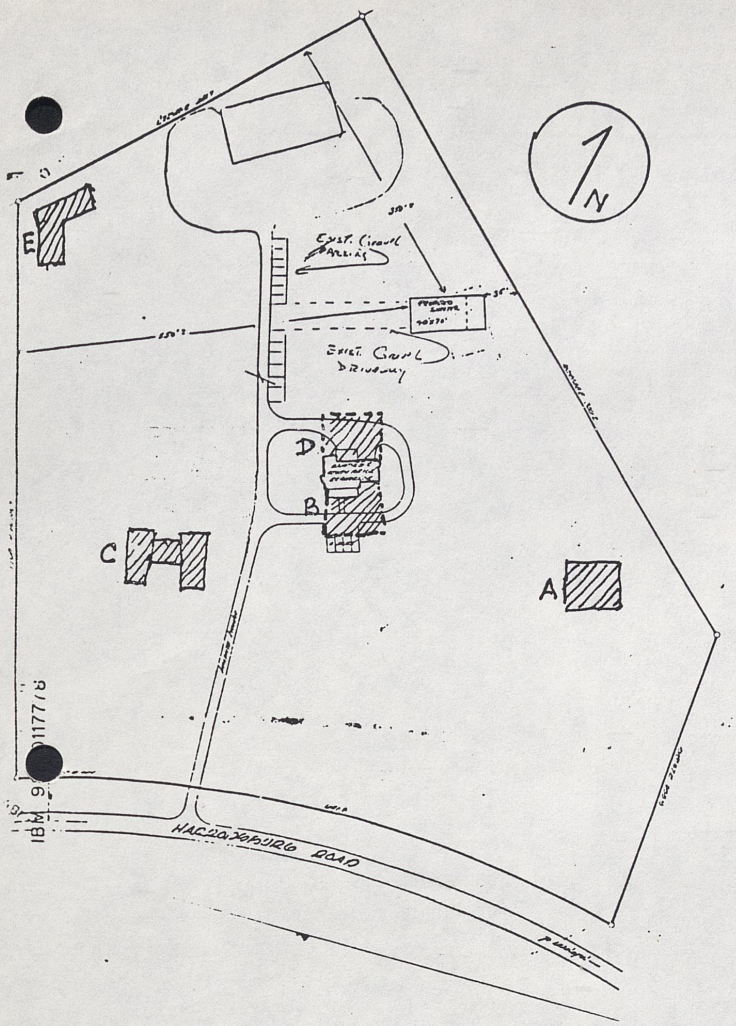

WE BELIEVE THE CURRENT MASTER HAS THE MOST INTEREST AND WILL TAKE THE MOST TIME TO SEE THAT THE DICTATES AND BUSINESS OF THE LODGE ARE BEST REPRESENTED IF THIS BY-LAW CHANGE IS ADOPTED AS PROPOSED.

SUBMITTED FOR YOUR APPROVAL AND ACCEPTANCE THIS DATE.

Brothers,
The Long Range Planning Committee, a committee of the Masonic Temple Association, is actively seeking input from the Craft to help us in formulating recommendations for a new Temple. Any ideas that you might have would be very beneficial to us in this endeavor. At our meeting 10/05/89 we discussed the following:

1) Five possible TEMPLE location sites were identified and the merits / limitations discussed.
   a. Field front-north as highest point on property
   b. Directly in front, attached to, present office building
   c. Field front-south for proximity to parking lot, pavilion
   d. Directly in back, attached to, present office building
   e. Field back-south corner to conform to land contours

2) Some possible designs were considered.
   a/b. Church type building, without steeple, 1 or 2 story with a basement, brick veneer - attached or free standing
   c. Central facility pod arrangement to have moveable dividers, glass wall design - free standing
   d. A 3 story, brick veneer - attached
   e. A 1 story with basement, brick veneer - free standing

Please help us by your suggestions as to a possible site, style, and size. Feel free to draw and write on this paper and put it in the box provided. All input will be compiled and discussed before a recommendation is made. We would appreciate this information by Dec. 1.

Thank You,
Gary D Sparks

Subject: Lexington Lodge #1 , F. & A. M.
Special Investigation Committee

Dear Brother Bertram ,

In compliance with your order to this committee to investigate and report the events regarding the ongoing controversy existing in the subject lodge , we offer the following comments and recommendations.

Inasmuch as the dispute has degenerated to such a personal nature , it is our feeling - after interviews with several officers , past and present , and other members - that it would be impractical , if not impossible , to deal with each individual involved in a satisfactory and judical manner. Since there appears - at least to this committee - to be more than enough blame to pass around to all involved , it seems that this matter must be dealt with at the lodge level.

Therefore , it is our recommendation that you and the Grand Line Officers meet with the officers and members of Lexington Lodge #1 , either at a regularly scheduled or called communication , and admonish them to apply our Masonic teachings to the issues at hand and restore peace and harmony to this historical lodge. We further recommend that Lexington Lodge #1 be placed on probation until the Grand Lodge Communication in October 1989 - with a recommendation from you at that communication that the probation period be extended until the Grand Lodge Communication in 1990 - with the clear understanding that , unless steps are taken immediately to correct the existing problems , that the Charter of Lexington Lodge #1 would be forthwith arrested.

Also , should the situation require , that you will summarily relieve any officer of his office should his actions or conduct contribute further to the disturbance presently existing in the lodge , or they fail to take clear action to restore peace , harmony , and Masonic decorum to their proceedings. Thus , restoring Masonic dignity and character - for which it has long been noted - to Kentucky's oldest , respected , and historical lodge.

Perhaps this difficulty can be made to serve a useful purpose in strengthening the ties of the members of Lexington Lodge #1 by encouraging them to work together to solve a serious problem that could well threaten their health and welfare for years to come.

August 27 , 1989

We hope that our efforts regarding this matter will be of some assistance to you and your officers in making your decision concerning this diffucult situation. This committee continues to stand by to assist you in any way possible should you so require.

Worshipful Master, Officers and Brethern:

I was very happy to become an officer in Lexington Lodge #1 and even more happier to be elected to the office of Junior Warden. While there were great areas of Masonry I did not fully understand, I was encouraged in the knowledge that in following instructions and complying with certain rules it would be acceptable to proceed to the East.

During my year as Junior Warden I realized that instructions and rules for my use were slanted to the advantage of some members and to the disadvantage of others. Also some of my benefactors whom I had placed my trust and my dedication did not behave in the most creditable manner I felt a Mason should behave.

At that point I acted on my own and did what I thought was right, but in doing that I agitated a few officers. At that point I was asked to resign. I refused to resign. I was then told to resign. Because I did not want to step down or step out of line I took on more abuse than is reasonable. I was struggling for my Masonic life with no one to turn to and hardly enough Masonic knowledge to know how to protect myself.

I was elected Senior Warden by the brethern and shortly thereafter the brethern allowed me to avoid a Masonic trial. Occassionally I was out of line but it was due to misinterpretation of what I thought was right and what I viewed as harrassment rather than disrespect to the Lodge or the East. I accepted it as a personal attack on me.

In relating my ordeal to a Past Grand Master, he suggested I formulate my problems as charges in writing to the Grand Master, which I did. I hoped that justice would be served and the situation settled. Last Tuesday evening the Grand Master stated his position and decided the Master and I had choice to follow. We both pledged to work for peace and harmony and have submitted our intent to him to that effect in writing.

I take this opportunity in writing to apologize to the Lodge and the Master for errors and I will make good my pledge to work for harmony in the Lodge.

Within the past months there have been false rumors which have circulated back to me. In closing I want to tell the craft I have no knowledge of the ballots on candidates and the result of those ballots have been distressful to me as to the Lodge. I also want to tell the craft that all letters sent by me have gone out over my own signature. I also want to state I know nothing about caps which have been circulated to some of the craft.

Fraternally Thine,

John D. Jacobs
