

Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, May 4, 1982.

The University of Kentucky Board of Trustees met in regular statutory session on Tuesday, May 4, 1982 at 2 p.m. (Eastern Daylight Time) in the Board Room on the 18th floor of the Patterson Office Tower on the Lexington campus.

A. Meeting Opened and Roll Called

Mr. William B. Sturgill, Chairman, called the meeting to order at 2:40 p.m. and pronounced the invocation.

The following members of the Board of Trustees answered the call of the roll: Mr. William B. Sturgill, Chairman, Mr. William R. Black, Governor Edward T. Breathitt, Mr. Britt Brockman, Mrs. Betty Pace Clark, Mr. Albert G. Clay, Professor Opal Skaggs Conley, Mr. Tracy Farmer, Mr. Ronald G. Geary, Mrs. Edythe Jones Hayes, Mrs. Sally Hermansdorfer, Mr. Brereton C. Jones, Mr. R. Larry Jones, Mr. Thomas B. Kessinger, Mr. W. Terry McBrayer, Mr. Robert T. McCowan, Mr. A. Stevens Miles, Professor William F. Wagner, and Professor Constance P. Wilson. Absent from the meeting were Governor Albert Benjamin Chandler and Mr. Frank Ramsey. The University administration was represented by President Otis A. Singletary; Vice Presidents Jack C. Blanton, Peter P. Bosomworth, Donald B. Clapp, Art Gallaher, Raymond R. Hornback, John T. Smith, Charles T. Wethington, and Robert G. Zumwinkle; Dr. Wimberly C. Royster, Dean of the Graduate School and Coordinator of Research; and Mr. John C. Darsie, General Counsel. Members of the various news media were in attendance. The Secretary, Mrs. Clark, reported a quorum present and the Chairman declared the meeting officially open for the conduct of business at 2:42 p.m.

B. Minutes Approved

The Minutes of the April 6, 1982 meeting of the Board of Trustees were approved without objection.

C. Appointments to the Trustee Committee for the Future of Robinson Forest

Mr. Sturgill noted there were two vacancies on the Trustee Committee for the Future of Robinson Forest due to Governor Breathitt's resignation from the Committee and the expiration of Mr. Homer Ramsey's term of office as a member of the Board of Trustees. He appointed Mr. Brereton Jones and Mrs. Betty Pace Clark to serve on this Committee along with Mr. Albert G. Clay, Professor Constance P. Wilson and Chairman A. Stevens Miles.

D. Meeting Dates Established

Mr. Sturgill called attention to the schedule of meetings of the Board of Trustees and the Executive Committee as established for fiscal year 1982-83 (see copy at the end of the Minutes) and requested the members to mark their calendars accordingly.

E. President's Report to the Trustees (PR 1)

President Singletary reviewed several items in his monthly report to the Trustees, calling particular attention to the four recipients of the 1982 University of Kentucky Research Foundation Faculty Research Awards. He noted that three of the four professors were present and indicated his pleasure in introducing Professor Lee P. Sigelman, Department of Political Science; Professor Kevin S. Kiernan, Department of English; and Professor Kenneth V. Yeargan, Department of Entomology. The introduction was followed by a round of applause. One of the recipients, Professor Norman L. Taylor, Department of Agronomy, was unable to be present.

F. Recommendations of the President (PR 2)

Although most of the items in PR 2 were routine in nature, President Singletary did call attention to the appointment of Richard C. Domek as Dean of the College of Fine Arts who was present and introduced; the appointment of Joseph W. Leonard as Chairman of the Department of Mining Engineering; and the appointment of William J. Hennessey as Director of the University Art Museum. President Singletary commented on the superb job, by former Director Priscilla Colt, in organizing the Museum and added that the "exhibit of the Armand Hammer Collection is a hard act for anyone to follow."

With President Singletary so recommending, on motion by Mr. McBrayer*, seconded by Professor Conley and passed, PR 2 was approved. (See PR 2 at the end of the Minutes.)

G. Appointment of Academic Ombudsman

President Singletary indicated his pleasure in announcing the appointment of William B. Lacy, Associate Professor in the Department of Sociology, College of Arts and Sciences, as the Academic Ombudsman for 1982-83. Professor Lacy, who was present, was asked to stand and be recognized.

H. Guests Recognized

President Singletary recognized the presence of two former faculty members of the Board of Trustees, Professors Paul Oberst and Paul Sears, and he also introduced Professor James Kemp, Chairman of the University Senate Council.

I. Supplemental Recommendations of the President (PR 3A)

President Singletary said he was pleased to recommend the following administrative appointments as listed in PR 3A: James Wells, Chairman of the Department of Computer Science; Robert G. Lawson as Dean of the College of Law; and Edgar Sagan as Acting Dean of the College of Education. Professors Lawson and Sagan were present and introduced. On motion by Governor Breathitt, seconded by Mr. Miles and passed unanimously, the supplemental recommendations in PR 3A were approved. (See PR 3A at the end of the Minutes.)

J. Proposed Amendments to the Governing Regulations (PR 3B)

With President Singletary so recommending, Mr. Brockman moved that the proposed amendment to the Governing Regulations which would change the name of the Student Association to Student Government Association be received for consideration and placed on the agenda for action at the next full meeting of the Board of Trustees. His motion was seconded by Mrs. Hermansdorfer and passed without dissent. (See PR 3B at the end of the Minutes.)

K. 1981-82 Budget Revisions (PR 4)

The proposed changes in the 1981-82 budget being of a routine nature, President Singletary recommended approval. On motion by Mr. Black, seconded by Mr. Farmer and passed, the budget revisions in PR 4 were approved. (See PR 4 at the end of the Minutes.)

L. Candidates for Degrees--University System (PR 5) and Candidates for Degrees--Community College System (PR 6)

President Singletary recommended that PR's 5 and 6, regarding candidates for degrees, be considered together. On motion by Mr. Brockman, seconded by Mr. Larry Jones and passed, the recommendations for degree candidates in the University System and the Community College System as presented in PR 5 and PR 6 were approved unanimously. (See PR's 5 and 6 at the end of the Minutes.)

M. Proposed Amendments to the Governing Regulations (PR 7)

President Singletary recommended that the proposed amendments to the Governing Regulations which were received and tabled at the April 6, 1982 meeting of the Board of Trustees be removed from the table and approved. He added that the Governing Regulations of the University of Kentucky currently authorize academic assignments on academic year (nine-month), ten-month, and twelve-month bases. An additional option of academic assignments on an eleven-month basis is needed urgently in at least one college to accommodate academic programs more effectively and to provide a means to deal with critical fiscal problems.

Professor Wagner moved, and Professor Wilson seconded, that PR 7 be tabled for consideration at some future meeting of the Board of Trustees. Professor Wagner, speaking on behalf of Professor Wilson, stated their disagreement with the rationale presented and urged postponement of any action approving the proposed amendments to the Governing Regulations. A vote was called for. Professors Wagner and Wilson voted that PR 7 not be removed from the table; Professor Wagner's motion did not carry.

In recommending approval of the proposed amendments to the Governing Regulations, President Singletary stressed that the eleven-month basis would be voluntary for faculty on current appointment and added that a statement by these faculty members that they choose not to participate would be sufficient. On motion by Mrs. Clark, seconded by Mr. Kessinger and passed, with two dissenting votes being cast by Professor Wagner and Professor Wilson, PR 7 was approved. (See PR 7 at the end of the Minutes.)

N. Report on Gifts and/or Grants (PR 8)

President Singletary reported that gifts and grants for the first quarter of 1982 totalled \$2,560,792.07, a significant increase over the \$919,516.69 received for the same period the previous year. He then recommended that the report on gifts and/or grants covering the period from January 1, 1982 to March 31, 1982 be accepted and made a matter of record. Without objection, it was so ordered (See PR 8 at the end of the Minutes.)

O. Student Services Program (PR 9)

At President Singletary's suggestion, Vice President Clapp commented briefly on the establishment and purpose, administration, and criteria for qualifying entity in connection with the establishment of a "Student Services Program." Mr. Brockman voiced his strong endorsement of the program and added that while it would provide jobs it would at the same time serve as a practical business education for students. Mr. McCowan commended Mr. Brockman and the other participating students for their efforts in initiating a "Student Services Program."

On motion by Mr. Brockman, seconded by Mr. McCowan and passed without dissent, the Board approved the policy statement establishing a "Student Services Program." (See PR 9 at the end of the Minutes.)

P. Reorganization of the Departments in the College of Business and Economics from Three to Five (PR 10)

President Singletary recommended that the departments in the College of Business and Economics be reorganized from three (Accounting, Economics, and Business Administration) to five (Accounting, Economics, Marketing, Finance, and Management). He explained that the reorganization will conform more with organizational structures in major Colleges of Business and Economics. He added that this change has been recommended by the accreditation team from the American Assembly of Collegiate Schools of Business and the University Senate Council.

On motion by Mr. Geary, seconded by Mr. Miles and passed unanimously, the Board approved the reorganization of the departments in the College of Business and Economics from three to five. (See PR 10 at the end of the Minutes.)

Q. Interim Financial Report (FCR 1)

Mr. Clay, Chairman of the Finance Committee, reported that the Committee had met on the morning of May 4 and considered five items to be presented for action, the first of which was the Interim Financial Report for the period ending March 31, 1982. The Committee found the University to be "on target" and Mr. Clay moved acceptance of the report. His motion, seconded by Mr. Black, passed and the report was accepted. (See FCR 1 at the end of the Minutes.)

R. Room and Board Rates 1982-83 School Year (FCR 2)

Mr. Clay called on Vice President Blanton who explained through a series of charts the current and proposed room and board rates and the amount of increase for each plan. He told the Trustees that the present rates are not sufficient to meet the higher operating costs and financial demands of the Housing and Dining System, and added that the proposed adjustments result primarily from increased labor, food and utility costs. These rates cover debt service, all operating costs and funds for replacement of furniture and equipment. Vice President Blanton expressed regret of the necessity to present a recommendation to increase the room and board rates; however, he pointed out that the Housing and Dining System receives no state funds and that it is entirely self-supporting.

Mr. Brockman, speaking on behalf of the Student Association, said he concurs with the proposed adjustment in room and board rates which he feels is a fair and equitable proposal.

Mr. Clay said the Finance Committee, along with the Board of Trustees, wished to compliment Vice President Blanton and his staff for the efficient manner in which they operate the Housing and Dining System at the University of Kentucky. He then moved that the adjusted room and board rates as recommended in FCR 2 be approved. Mr. Clay's motion was seconded by Mr. Brockman and passed without dissent. (See FCR 2 at the end of the Minutes.)

S. Grant of Sewer Easement to Lexington-Fayette County Government (FCR 3)

On motion by Mr. Clay, seconded by Mr. Kessinger and carried, the Vice President for Business Affairs and Treasurer was authorized and directed to execute and deliver, on behalf of the Board, a sanitary sewer easement to the Lexington-Fayette Urban County Government across property of the University of Kentucky situated east of Nicholasville Road to service the site of the Lexington Senior Citizens Center on Nicholasville Road. (See FCR 3 at the end of the Minutes.)

T. Resolution Approving the Report of the Director, Auxiliary Services, University of Kentucky, Relating to the Physical Inspection of the Housing and Dining Buildings and Appurtenant Facilities of the University's Housing and Dining System (FCR 4)

The members of the Board were reminded that on April 6, 1982, the Board of Trustees authorized the issuance of \$4,200,000 University of Kentucky Housing and Dining System Revenue Bond Anticipation Notes, Series L, dated June 1, 1982 for the purpose of repayment of the principal in the amount of \$4,200,000 of similar notes issued under date of March 10, 1981 and becoming due on June 1, 1982. The Series L 1981 notes were issued for the purpose of paying the cost of an addition to the University's Student Center.

The Board will in this meeting award the Series L 1982 notes to the bidder submitting the bid with the lowest interest cost.

One of the conditions set forth in the Board's June 1, 1965 Trust Indenture with Farmers Bank and Capital Trust Company, Frankfort, Kentucky as trustee creating and establishing the issue of "Housing and Dining System Revenue Bonds" is that each Series of bonds may rank on a basis of parity as to security and source of payment with all previously issued bonds only if there is a written report made by a proper member of the University's staff approved by the President and submitted to and approved by the Board showing that there has been a physical inspection of all of the facilities of the system and that they are found to be in a good and tenatable state of repair, ordinary wear and tear excepted. Such a certificate was made and approved by the Board prior to each of the previous bond and note issues and it is now appropriate and necessary that the same step be updated for the Series L 1982 notes.

Mr. Albert Clay tendered to the Board such a certificate made under date of May 4, 1982, signed by the Director, Auxiliary Services, and bearing the written endorsement of approval of the President. He requested that the same be approved by the Board.

Mr. Clay moved that the tendered certificate of the Director, Auxiliary Services, be approved and his motion was seconded by Professor Opal Conley. After discussion, the Chairman put the question and upon call of the roll, the motion was approved by unanimous vote of all members present. (See FCR 4 at the end of the Minutes.)

U. Adoption of Resolution Approving the Sale and Issuance of Series L Housing and Dining System Revenue Bond Anticipation Notes (FCR 5)

Thereupon a motion was made by Mr. Clay and seconded by Professor Conley that the following Resolution, which was read in full to the Board of Trustees be passed and adopted; said Resolution was entitled as follows:

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY ACCEPTING THE SUCCESSFUL BID FOR THE PURCHASE OF \$4,200,000 OF UNIVERSITY OF KENTUCKY HOUSING AND DINING SYSTEM REVENUE BOND ANTICIPATION NOTES, SERIES L.

Upon a vote being taken on the motion, the result was as follows:

Thereupon the Chairman declared that the motion had carried and that the Resolution had been passed and adopted and directed that the same be recorded in the Minutes of the Board. (See FCR 5 at the end of the Minutes.)

V. Admissions Policy Update

President Singletary indicated that at the next meeting of the Board he expects to present an admissions policy statement for adoption and submission to the Council on Higher Education. At the same time, the policy statement will be referred to the appropriate internal constituencies of the University for action on specific admissions criteria.

At the request of President Singletary, Art Gallaher, Vice President for Academic Affairs, briefed the Trustees on the status of the admissions policy statement. He reviewed background information including the request by the Council that the University prepare a policy, the charge by the Board of Trustees to prepare such a plan, and the appointment of a committee by President Singletary to prepare a policy statement for submission to the Board. Dr. Gallaher pointed out that the committee has been examining the major issues involved in shifting the main campus enrollment away from what has been traditionally an open admissions policy while at the same time preserving the University's statewide mission as the principal institution for comprehensive research and service programs. He stated that one premise which has governed these discussions has been that the colleges in the Community College System would continue as open admissions institutions. Dr. Gallaher also stated some of the concerns of the committee and added that the committee would make recommendations to President Singletary on each of these. In addition, the committee will also recommend on matters such as timing for implementation and on development of an information program to accompany any new policy. Dr. Gallaher emphasized that modifications in the current admissions policy will require Board approval prior to submission to the Council on Higher Education, and he also indicated that the matter of specific admissions criteria and their weighting will require action by the University Senate.

The Chairman thanked Vice President Gallaher for his report.

W. Status Report on Medical Practice Plan

President Singletary explained that the present medical practice plan (Geographic Full-Time Medical Service Plan) which the Board of Trustees approved at its meeting in June, 1978 is being challenged. He said that the legal validity of the plan is being questioned and added that there is a request for an opinion before the Attorney General as to whether or not Kentucky Medical Services Foundation, Inc. is a public corporation or is a

creation of the University of Kentucky. He stressed the importance of the Trustees' understanding of the plan now in operation and pointed out that they need to know its strengths and weaknesses. He indicated they may wish to alter the plan, but emphasized that they must realize the consequences should they decide to do so.

President Singletary then introduced Mr. John Kasonic who was present to explain the plan. Mr. Kasonic's firm, Executive Consulting Group, Inc. of Bellevue, Washington, was employed in a consulting capacity during the plan's development. Mr. Kasonic explained the meaning of "Geographic Full-Time Medical Service Plan" and the need for such a plan. He pointed to the growth of medical education as the most significant factor influencing the emergence of the medical service plan. In 1965, there were 87 medical schools; in 1981, 126. Enrollments nearly doubled during that period, and full-time clinical faculty increased from 11,000 to 37,000. In 1965, 20 percent of the medical schools had some type of medical practice plan; in 1981, 90 percent.

Mr. Kasonic pointed out another important factor supporting a medical practice plan: the shifting of the financial burden in university medical centers. He explained that because of the loss of federal capitation, the dollar reduction in grants and contracts, and the decrease in fellowships and training grants for graduate-level trainees, an attempt has been made to shift costs financed by these revenues to other sources, specifically to tuition and professional fees in medical schools. However, he pointed out that tuition rates in public universities have not increased at the rate that costs have been shifted so the professional fees have ended up carrying the burden. Mr. Kasonic then noted the desire to balance teaching, research, and patient service, a mechanism to manage the time of the clinicians who are involved in these three activities simultaneously, as the third important need for a practice plan. President Singletary interrupted Mr. Kasonic at this point to emphasize the importance of the institution's ability to exercise some control over the various activities of the clinical faculty.

In his report, Mr. Kasonic noted some of the difficulties affecting the medical service plan. He explained three basic medical service plan options and compared the advantages and disadvantages of each. He presented some facts obtained through a recent study by the Association of American Medical Colleges which indicate that in 1969 medical service plans made up \$90 million, or about 6 percent, of all medical school budgets in the United States and in 1980 that amount had increased to \$880 million, about 15 percent of the operating budgets. In 1980, \$10.7 million (24 percent) of the budget for the University of Kentucky Medical School came from professional fees, and in 1981, \$14.5 million. He reviewed the modest state support for the University of Kentucky Medical School and stressed the school's strong dependence on professional fees.

Mr. Kasonic commented briefly on the 1976 Physicians' Services Plan and pointed out some of the problems: faculty discontent, unfilled vacancies, faculty retention difficulties, and tenure liability. He explained the approach to the revision of the Physicians' Services Plan which resulted in the Geographic Full-Time Medical Service Plan which ultimately was approved by the Board of Trustees.

Mr. Kasonic explained that the Kentucky Medical Services Foundation, Inc., is a private, tax exempt entity formed by physicians in order to bill and collect professional fees. He said they operate under an excellent agreement with the University, and added that similar agreements are used by nearly half of the public medical schools in the country.

Mr. Kasonic concluded his remarks by stating that a preliminary evaluation of the Geographic Full-Time Medical Service Plan reflects its competitive nature and that the initial objectives have been accomplished.

President Singletary asked if there were any questions. He repeated that the background information has been provided in order to help prepare the Trustees for any future consideration of the plan. He added that Mr. Kasonic has been very helpful and will remain available as a consultant.

The Chairman thanked Mr. Kasonic for his presentation.

X. Report on Tobacco and Health Research Institute

President Singletary reviewed briefly the basic posture taken by the University administration last fall concerning the Tobacco and Health Research Institute, and emphasized the decision to continue rather than abandon and to restructure rather than abolish the Institute. Now that the Legislative session has ended and the immediate future of the Institute is known, he said the University is prepared to implement certain portions of that plan.

President Singletary told the Board that he has approved a series of recommendations by Dr. Wimberly Royster, the administrator who is responsible for overseeing the Institute's work. Dr. Royster's recommendations include the appointment of a Scientific Advisory Committee whose responsibilities will be to provide an on-going review of the Tobacco and Health program; the appointment of a search committee for the Director of the Institute and the recruitment through University channels for the Associate Director for Administration; and the appointment of an outside research management group to review the Institute's organization and structure.

In addition, President Singletary announced that he plans to appoint within the next academic year a citizens' committee to review activities at the Institute. The committee shall have "no

vested direct interest" in the Institute and will include some members of the Legislature, distinguished citizens, a member of the Board of Trustees, and possibly a member of the Tobacco Board. He said he would ask the committee to look carefully at what the University is proposing to do to guarantee credibility of the program; to acquaint themselves with the internal administration of the Institute; and to take a look at the legal implications, a dual structure set up by law. He added that he would hope the committee will make its recommendations prior to the next meeting of the Legislature.

President Singletary told the Trustees that it is possible the citizens' committee could make any one of a number of recommendations, including the abolition of the Institute. He said the University does not wish, nor does not propose, to continue the Institute unless the Institute's credibility can be established and he stressed that the University will make every effort to see that credibility of the Institute is achieved.

President Singletary expressed his belief that with the steps being taken the Tobacco and Health Research Institute will become a center of excellence.

Y. Appointment of Board Committee

President Singletary told the Trustees that for the past several years he has felt the need to suggest a basic change in the central administration of the University of Kentucky. This matter has been discussed with his administrative staff and there is general agreement that the institution has outgrown its historic organization. With the growth in size and complexity of the University, he feels it is becoming less and less possible for one person to preside over all the colleges on the main campus, the Medical Center, and the Community College System.

Also, President Singletary noted that the Southern Association Self-Study Visitation Committee suggested "...that the governing board and the administration review the administrative structure of the University of Kentucky, particularly with reference to the duties and responsibilities of the Chief Executive Officer (President). The growth of the University and the increasing complexities of the administrative process brought on by both external and internal forces point to a need for modification of the existing structure. Special attention should be given to the delegation of authority to the three major operating divisions of the University of Kentucky." This is one of approximately 90 suggestions made by the Visiting Committee whereas there were approximately nine recommendations. The suggestions do not require action; however, the recommendations must be addressed.

President Singletary then requested that the Chairman appoint a subcommittee of the Board to explore with him the possible reorganization of the central administrative structure of the

University and to report back to the Board its recommendations at an appropriate time. The basic principles which should be considered would include a decentralization of control to the three academic areas; a "division of labor" which would remove the President from the day-to-day operation of the University and allow more time for statewide work that desperately needs to be done; and the shifting of pressures downward within the administration to the three academic sectors.

Mr. Sturgill said he views this as one of the most important recommendations, if not the most important, that President Singletary has brought to the attention of the Board during his tenure. It is fortunate, he added, that President Singletary, who has broad knowledge and great expertise in the affairs of higher education, is available to direct the administrative restructuring of the University.

Mr. Sturgill then appointed the following Trustees to serve on a subcommittee to explore with President Singletary a reorganization in the University of Kentucky's central administration: Mr. Albert Clay (Chairman), Professor Opal Conley, Mr. Tracy Farmer, Mr. Brereton Jones, and Mr. Robert McCowan. Mr. Sturgill will serve as an ex officio member of the subcommittee.

Z. Mr. Jim Dinkle Recognized

President Singletary introduced visitor Jim Dinkle, the newly elected President of Student Association. By mutual agreement, President Singletary said Mr. Brockman will continue on the Board through June 30, 1982 and Mr. Dinkle's term will begin after July 1 and end June 30, 1983.

PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: It is recommended that the following proposed amendments to the Governing Regulations of the University of Kentucky (June 1980) be received for preliminary consideration and, at the next regular or special meeting of the Board of Trustees provided at least one month has elapsed, be included on the agenda for action.

(Note: Proposed additions are underlined.)

First Amendment -- Change the title and first four paragraphs of Part XI.A (Page 59) to read:

A. University of Kentucky Student Government Association

The University of Kentucky Student Government Association is recognized by the Board of Trustees, administration, and the University Senate as the official student body authority in University matters to insure a maximum of self-governance and to create mutual respect and liaison between students and the faculty and administration. It shall provide services to the students, faculty, and administration of the University and represent student opinion to the faculty, administration, and the Board of Trustees. It may have responsibilities delegated to it by the President, the Office of the Vice President for Student Affairs, and/or the University Senate.

The President of the University of Kentucky Student Government Association shall be considered to be the president of the student body of the University specified in KRS 164.130.

The University of Kentucky Student Government Association shall be representative of the student body of the University System of the University of Kentucky. It is authorized to develop rules for its composition and procedures which are consistent with rules and regulations of the University. Copies of these rules shall be supplied to all members of the student body of the University System, the Secretary of the University Senate, the Vice President for Student Affairs, the President of the University, and the Secretary of the Board of Trustees.

For purposes of budget and other matters relating to finance, the University of Kentucky Student Government Association is responsible to an administrative officer designated by the President.

Background: This change has been recommended by the University of Kentucky Student Association. The rationale for this change in name from University of Kentucky Student Association to University of Kentucky Student Government Association is that it would give the students a clearer idea of the purpose of this body.

Second Amendment -- Change the first paragraph of Part XIV (page 65) to read:

These Governing Regulations may be amended at any regular or special meeting of the Board of Trustees provided at least one month has elapsed between proposal of the amendment(s) and final passage. The President, or the University Senate or the Senate of the Community College System, or the Student Government Association or the Inter-Community College Student Council, through the President, may recommend amendments of the Governing Regulations to the Board. The President, the University Senate and/or the Senate of the Community College System, and the Student Government Association and/or the Inter-Community College Student Council, as appropriate, shall have an opportunity to recommend on all amendments before final action by the Board.

Background: Same as for the first amendment.

Members, Board of Trustees:

PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendments to the Governing Regulations of the University of Kentucky which were received for preliminary consideration at the April 6, 1982 meeting of the Board of Trustees be approved:

(Note: Proposed additions are underlined; proposed deletions are bracketed.)

First Amendment -- Change Part X.C.1 to read:

Academic assignments are made on academic year, ten-month, eleven-month, and twelve-month bases.

Second Amendment -- Change the first sentence of the first paragraph in Part X.C.2 to read:

All full-time faculty members on a ten-month, eleven-month, or twelve-month assignment basis shall be entitled to one month of vacation leave with pay during an assignment period.

Third Amendment -- Change the first sentence of the first paragraph of Part X.C.3.a to read:

During their annual assignment period (whether academic year, ten months, eleven months, or twelve months), faculty and research staff members are expected to serve the University.

Fourth Amendment -- Change the first two sentences in the third paragraph of Part X.C.5.a to read:

After six years of continuous eligible service, an individual may apply for one year's leave (academic year for appointees on academic year, [or] ten month, or eleven-month assignments) at one-half salary or six months' leave (academic semester for appointees on academic year, [or] ten-month, or eleven-month assignments) at full salary. After three years of continuous eligible service, an appointee may apply for six months' leave (academic semester for appointees on academic year [or], ten-month, or eleven-month assignments) at one-half salary.

Fifth Amendment -- Change the second sentence of the fourth paragraph of Part X.C.5.a to read:

A recipient may not accept gainful employment during a sabbatical leave (for an individual on an academic year assignment basis, this does not include the period of May 16 through August 15; for an individual on a ten-month or eleven-month assignment basis, this does not include the period of vacation and the one or two months outside the assignment period each fiscal year; for an individual on a twelve-month assignment basis, this does not include the one-month vacation period) except as follows:

Background: The Governing Regulations of the University of Kentucky currently authorize academic assignments on academic year (nine-month), ten-month, and twelve-month bases. An additional option of academic assignments on an eleven-month basis is needed urgently in at least one college to accommodate academic programs more effectively and to provide a means to deal with critical fiscal problems.

STUDENT SERVICES PROGRAM

Recommendation: that the Board approve the attached policy statement establishing a "Student Services Program."

Background: The policy statement on the "Student Services Program" expresses the intent of the Board of Trustees to establish a program which will provide practical job experience and income for students at the University. This program is especially important with the planned reductions in Federal financial assistance. The means for achieving the objectives of this program would be a contract with an external entity which would operate and administer the program in accord with requirements of the policy statement. The President will be charged with negotiating a contract with a qualifying entity, and the contract will then be presented to the Board for approval.

STUDENT SERVICES PROGRAM

Establishment and Purpose

The Board of Trustees has noted the sharp reductions in funds available from governmental sources for financial aid to students. Alternative sources of financial support must be made available by every reasonable means if deserving students are not to be denied the benefits of higher education by virtue of a lack of resources. Thus, the Board desires to foster the establishment of a student services program which will provide both practical job experience and much needed income for students at the University of Kentucky.

Administration Through Contractual Arrangement

In furtherance of the purposes stated above, the President is authorized to negotiate and execute a contract, subject to approval of the Board of Trustees, with an organizational entity qualified to carry out a program consonant with the Board's objectives. The contract is to be on an annual basis for the period July 1 through June 30 and the first contract should begin on July 1, 1982. The contract may be renewed on an annual basis upon the mutual agreement of the parties.

Criteria for Qualifying Entity

Criteria to be considered in determining that an organization is appropriately qualified to assume and fulfill the role of carrying out this program shall include: (1) the purposes of the organization as stated in its charter, by-laws, or other governing instruments, (2) the extent to which the organization is representative of the desires of a broad spectrum of students seeking practical experience and supplemental income, (3) the character of the organization, (4) the structure of the organization, including the mechanisms for its governance, insofar as the structure bears upon the likelihood that the organization will appropriately represent and respond to the needs of University students and the Student Services Program, (5) the capacity of the organization to carry out the responsibilities to be assumed.

Essential Provisions of the Contract

The qualifying entity must agree to the following contract provisions:

1. Officers of the entity must be students at the University of Kentucky.
2. With the exception of one person who may be employed as a permanent coordinator, the entity must agree to employ only University students.
3. Income must be utilized to provide maximum student employment.

4. All services to be provided on the University campus must be approved by the Dean of Students.
5. Fund raising efforts of the entity, or for its benefit, must be coordinated through the Vice President for University Relations.
6. Wages paid to students must equal or exceed Kentucky's minimum wage.
7. The entity must qualify and maintain the status of a non-profit corporation organized pursuant to Chapter 273 of the Kentucky Revised Statutes.
8. The entity must agree that it will not discriminate against any student, or against anyone with whom it does business, on the basis of race, color, religion, sex, national origin, age or handicap.
9. Upon dissolution, or in the event the contract is not renewed, all assets of the entity after payment of its bona-fide liabilities will be paid to the University for the purpose of providing financial aid to students.
10. All books, records and accounts of the entity must be open at all reasonable times to inspection and audit by appropriately designated University representatives.
11. An annual audit of the books and accounts of the entity must be conducted by a firm of Certified Public Accountants agreeable to the University and an audit report and compliance letters must be submitted to the University.

REORGANIZATION OF THE DEPARTMENTS IN THE COLLEGE
OF BUSINESS AND ECONOMICS FROM THREE TO FIVE

Recommendation: that the departments in the College of Business and Economics be reorganized from three (Accounting, Economics, and Business Administration) to five (Accounting, Economics, Marketing, Finance, and Management).

Background: The reorganization from three to five departments will conform more with organizational structures in major Colleges of Business and Economics. This change was also recommended by the accreditation team from the American Assembly of Collegiate Schools of Business. The training of graduates in the expanded departments will more closely follow course descriptions. The reorganization has the recommendation of the University Senate Council.

Background: The present rates are not sufficient to meet the higher operating costs and financial demands of the Housing and Dining System. The proposed adjustments result primarily from increased labor, food and utility costs. These rates cover debt service, all operating costs and funds for replacement of furniture and equipment. RESOLUTION APPROVING THE REPORT OF THE DIRECTOR,
AUXILIARY SERVICES, UNIVERSITY OF KENTUCKY, RELATING
TO THE PHYSICAL INSPECTION OF THE HOUSING AND DINING
BUILDINGS AND APPURTENANT FACILITIES OF THE
UNIVERSITY'S HOUSING AND DINING SYSTEM.

Recommendation: that the Board of Trustees approve the report of the Director, Auxiliary Services, dated May 4, 1982 reciting inspection of the Housing and Dining buildings and appurtenant facilities of the University's Housing and Dining System, said report stating that such inspection shows that the Housing and Dining System is in good and current state of tenantability and repair.

Background: On April 6, 1982, the Board of Trustees authorized the issuance of \$4,200,000 University of Kentucky Housing and Dining System Revenue Bond Anticipation Notes, Series L, dated June 1, 1982 for the purpose of repayment of the principal in the amount of \$4,200,000 of similar notes issued under date of March 10, 1981 and becoming due on June 1, 1982. The Series L 1981 notes were issued for the purpose of paying the cost of an addition to the University's Student Center.

- * The Board has in this meeting awarded the Series L 1982 notes to the bidder submitting the bid with the lowest interest cost.

One of the conditions set forth in the Board's June 1, 1965 Trust Indenture with Farmers Bank and Capital Trust Company, Frankfort, Kentucky as trustee creating and establishing the issue of "Housing and Dining System Revenue Bonds" is that each Series of bonds may rank on a basis of parity as to security and source of payment with all previously issued bonds only if there is a written report made by a proper member of the University's staff approved by the President and submitted to and approved by the Board showing that there has been a physical inspection of all of the facilities of the system and that they are found to be in a good and tenantable state of repair, ordinary wear and tear excepted. Such a certificate was made and approved by the Board prior to each of the previous bond and note issues and it is now appropriate and necessary that the same step be updated for the Series L 1982 notes.

- * Amended prior to approval to read (additions are underlined; deletions bracketed):

The Board [has] will in this meeting [awarded] award the Series L 1982 notes to the bidder submitting the bid with the lowest interest cost.

FROM: Robert W. Blakeman
Director, Auxiliary Services

SUBJECT: Report of Physical Inspection of the Housing and
Dining Buildings and Appurtenant Facilities of the
University's Housing and Dining System

It has been brought to my attention in connection with the Housing and Dining System Revenue Bond Anticipation Notes, Series L, "that Section 1101 (c)" of the Trust Indenture of June 1, 1965, requires as a condition precedent that there be filed with the Trustee a certificate signed by an officer, agent or employee of the Board principally charged with responsibility for the maintenance and repair of the buildings and facilities comprising the Housing and Dining System, approved by the President of the University and by Resolution of the Board, showing that a physical inspection of such buildings and facilities has been made and that they are found to be in a good and current state of tenantability and repair, subject only to exceptions for matters scheduled to be corrected and for which budgeted money is available.

As Director of Auxiliary Services, I am the officer charged with such responsibility, and this report is submitted responsive to the requirements of the Trust Indenture.

The Maintenance Staff of the University is adequate and is so equipped and stocked that it is able to keep abreast of observed and reported structural and mechanical defects and failures on a prompt and regular basis. Inspections of roofs, tuck pointing, floors, stairways, elevators, heating and air-conditioning systems and the like are on a scheduled basis according to their useful life anticipation, and budgeted funds are such that renewals and replacements are a part of an active, continuing program. Movable furnishings and fixtures are repaired and replaced on a regular basis.

Dr. Otis A. Singletary
Page Two

My most recent periodic review of the records of my office together with routine and scheduled inspections of buildings and facilities show that the Housing and Dining System is in a good and current state of tenantability and repair. I have no exceptions to report other than those routine and ordinary matters which are constantly receiving attention from day to day and for which budget provisions have adequately been made.

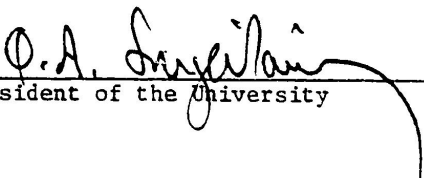

Respectfully submitted,

Robert W. Blakeman
