

Nov. 30, 1898.

The Faculty of the Department of Pedagogy did not hold a meeting as a Faculty of Pedagogy in Nov. The reason was that the Fac. of the Dept. of Ped. is identical in the main with the Faculty of the Scientific Dept., with the exception of the Dean, and on this date the Sci. Fac. was occupied in making up the curriculum of the various Scientific courses. The course in the Dept. of Ped. is based upon the Scientific Course, and therefore no special meeting of the Faculty of Dept. of Ped. was needed.

R. M. Roark, Dean,
and Acting Secy.
