Harriette, Harold, —

This picture was taken five years ago. Much deterioration since then.

Hope the novel is coming along in sprightly fashion. I do nothing. Too much gadding about. Was down at U.K. for two weeks recently — two week of talking, seminars, readings. It was too much for the 72 years of me.

over

Look forward to turning into an
Indian again in Belize & Honduras.
Regret you couldn't come along. By now
I'm a guide with seven years experience.

Hope you see the forthcoming (February)
Appalachian Journal. I spoke therein
a few words in your direction.

Best wishes for the almost-upon-us
year of 1979.

Jim
