Minutes of the Meeting of the Board of Trustees of the University of Kentucky, June 4, 1963.

The Board of Trustees of the University of Kentucky met in the President's Office on the campus of the University at 1:30 p.m., Eastern Standard Time, on Tuesday, June 4, 1963, this being the Tuesday preceding the regular annual commencement of the University as provided in KRS 164.170. Present were: Dr. R.W. Bushart, Dr. Harry Denham, Mr. Sam Ezelle, Mr. Robert Hillenmeyer, Dr. H.B. Murray, Mr. Clifford E. Smith, Judge J.A. Sutherland, Mr. Floyd Wright, and Dr. Aubrey Brown and Dr. Lewis Cochran, non-voting faculty members. Absent were: Governor Bert Combs, Dr. Ralph J. Angelucci, Mr. Emerson Beauchamp, Mr. Smith Broadbent, Mr. Wendell P. Butler, Mr. William F. Foster, and Mr. Gilbert Kingsbury. In the absence of the Chairman and the Vice Chairman, Dr. Aubrey Brown was elected acting Chairman and presided. President Frank G. Dickey, Mr. George Kayanaugh, and Mr. Clay Maupin were also present representing the administrative staff of the University.

A. Meeting Opened

It having been determined that a quorum was present for the transaction of business, the Acting Chairman, Dr. Aubrey Brown, called the meeting to order and requested the Reverend Donald Leak to pronounce the invocation.

B. Minutes Approved

It was pointed out that the Minutes for the April 26 meeting as well as the Minutes for the May 31 meeting needed approval; therefore, Mr. Clifford Smith made the following motion: "That the Minutes for the April 26, 1963, meeting be approved as published and, in view of the fact that the last meeting of the Board of Trustees was a called meeting that did not embrace the ten days' notice and in the absence of waivers and in order to eliminate any question about the legality or validity of the action taken at that meeting, I move that all actions taken on May 31, 1963, as recorded in the published Minutes be ratified, confirmed and approved today." The motion was duly seconded and carried.

C. Report of the Finance Committee

Mr. Smith, chairman of the Finance Committee, reported that the Committee had been advised by President Dickey that the University had approximately \$1,000,000 in cash that could be deposited or invested for a period of

approximately six months. Negotiations have resulted in an offer from the Farmers Bank & Capital Trust Company of Frankfort to accept that amount, secured by 110 per cent of Government Bonds or securities, with interest at the rate of $3\frac{1}{2}$ per cent.

The motion by Mr. Smith that the \$1,000,000 in cash be invested with the Farmers Bank & Capital Trust Company of Frankfort at an interest rate of $3\frac{1}{2}\%$ was seconded by Mr. Wright, and passed.

D. Report of the Real Estate Committee

Mr. Robert Hillenmeyer, chairman of the Real Estate Committee, reported that this committee had received a letter from Dr. Stanley Wall, Acting Dean of the College of Agriculture and Home Economics, indicating that the University had an opportunity to purchase 78.5 acres of land adjacent to the West Kentucky Substation at Princeton which is needed for pasture in the beef cattle program. The acreage was checked by Dr. Charles Barnhart, Associate Director for Research, Mr. G. J. Ruschell, Associate Business Manager in Agriculture, and Mr. S. J. Lowry, Superintendent of the West Kentucky Substation, and they reported that in their opinion, based on a comparison of land values in the area, the offer of Mr. Thomas Pruett to sell the 78.5 acres for \$8,500 was a reasonable offer. The committee, in keeping with its policy of obtaining appraisals of property prior to purchase, had requested the firm of Smith & Woodall of Princeton to make an appraisal. This firm indicated that a fair market value of the farm would be approximately \$9,000.

Mr. Hillenmeyer then made a motion that the Board of Trustees authorize Dr. Barnhart and Mr. Ruschell to proceed with negotiations for the purchase of the 78.5 acres of land offered by Mr. Thomas Pruett and to buy this property at a price of \$8,500. His motion was seconded by Mr. Sam Ezelle and passed without dissenting vote.

E. Report of the Faculty Relations Committee

The chairman of the Committee, Mr. Smith Broadbent, was absent from the meeting but Dr. Aubrey Brown, a member of the Committee, indicated that there was no report at this time.

F. Professor Paul Oberst New Non-Voting Faculty Member on Board

Dr. Dickey indicated that the term of Dr. Brown would expire on June 30, 1963. He expressed his appreciation to Dr. Brown for his loyal and faithful service as a non-voting faculty representative on the Board of Trustees, and reported that the Faculty had elected Professor Paul Oberst of the College of Law for a term beginning July 1, 1963 and ending June 30, 1966.

G. Financial Report

Dr. Dickey presented the following financial report covering the ten month period ended April 30, 1963:

Dear Dr. Dickey:

I am submitting herewith the Financial Report of the University of Kentucky for the ten months ended April 30, 1963. This report contains a balance sheet and related financial statements which present a complete financial picture for all funds of the University.

The Current General Fund budgetary operations for the period reflect income realized for educational purposes in the amount of \$26,529,456.14 or 102.5% of the budget estimate of \$25,869,807.62. The expenditures, including encumbrances outstanding amount to \$20,932,977.55. This represents 80.3% of the total Current General Fund Appropriations of \$26,043,998.19.

Respectfully submitted,

(Signed) Clay Maupin
Director of Accounting and Budgetary Control

H. Resolution of the Board of Trustees of the University of Kentucky
Accepting Bid for Purchase of Its \$7, 500, 000 Consolidated Educational Buildings
Revenue Bonds, Series B

President Dickey reminded the Board that at its meeting held on April 26, 1963, the same being convened pursuant to adjournment or recess from the statutory meeting held on April 2, 1963, the Board adopted a Resolution authorizing the issuance of \$7, 500, 000 "Consolidated Educational Buildings Revenue Bonds, Series B," to be dated May 1, 1963, pursuant to the so-called "Basic Resolution" which the Board adopted on September 20, 1960, establishing its "Consolidated Educational Buildings Project" and authorizing the issuance from time to time of the Board's "Consolidated Educational Buildings Revenue Bonds" pursuant to Series Resolutions. President Dickey explained that it had originally been assumed that this meeting would be held at 10:00 A.M., Eastern Standard Time, and that the sale notices had been published in The Courier-Journal, Louisville, Kentucky, and in The Bond Buyer, New York, N.Y., soliciting the submission of purchase bids for said Series B Bonds until 11:00 A.M., EST, on this date, when it was supposed that the Board would be in session. When the hour of the meeting was changed to 2:00 P.M., it was too late to change the Notices, and with the concurrence of the Chairman of the Finance Committee it had been decided that the bids would be received in the President's office until 11:00 A.M., EST, on this date and at that time publicly opened and compared in accordance with the published Notices. He reported that this had been done, that four bids had been received, that with the assistance of the Fiscal Agents the bids had been tabulated, verified and compared, and that there was no dispute among the bidders as to which was the best bid. Meanwhile Bond Counsel had incorporated the terms of the best bid in a proposed resolution which was now available for consideration by the Board.

After discussion, Board Member Clifford Smith introduced, caused to be read in full and moved suspension of all rules and immediate adoption of the proposed resolution, as follows:

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY ACCEPTING THE BEST BID RECEIVED FOR PURCHASING ITS \$7, 500, 000 "CONSOLIDATED EDUCATIONAL BUILDINGS REVENUE BONDS, SERIES B"

WHEREAS, at a meeting held on September 20, 1960, the Board of Trustees of the University of Kentucky adopted a certain Resolution in substance establishing a "Consolidated Educational Buildings Project" of the University of Kentucky and creating and establishing an issue of "Consolidated Educational Buildings Revenue Bonds" of the Board of Trustees of said University; and at a meeting held on April 26, 1963, the Board adopted a "Series B Resolution"

authorizing the issuance and public sale of \$7,500,000 "Consolidated Educational Buildings Revenue Bonds, Series B," to be dated May 1, 1963, and to mature as to principal, serially, in various amounts on May 1 in each of the years 1965 to 1988, inclusive; and

WHEREAS, it was determined that said "Series B" Bonds be advertised for public sale on the basis of sealed competitive bids, the same to be received in the office of the President of the University, Administration Building, University of Kentucky, Lexington, Kentucky, until the hour of 11:00 A.M., Eastern Standard Time, on June 4, 1963, at which time and place the same would be publicly opened, considered and acted upon; and

WHEREAS, the public offering of said "Series B" Bonds was duly advertised by the publication of the approved form of "Notice of Sale of Bonds" on May 21, 1963, in The Courier-Journal, a legal, bona fide newspaper of general circulation throughout Kentucky and in The Bond Buyer, a financial newspaper or journal published in New York, N.Y., and having nation-wide circulation among bond buyers; and the approved and authorized "Official Statement" of the Board of Trustees relating to said Bonds was duly furnished by the President of the University and by the Fiscal Agents to all bidders upon request; and

WHEREAS, at the hour so fixed and publicized for the opening of purchase bids, all purchase bids received at the appointed place prior to 11:00 A.M., Eastern Standard Time, on June 4, 1963, were publicly opened and read and comparison thereof has been duly made;

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY DOES HEREBY RESOLVE, AS FOLLOWS:

Section 1. It is hereby found and declared that the best bid received prior to 11:00 A.M., Eastern Standard Time, on June 4, 1963, for the purchasing of \$7,500,000 "Consolidated Educational Buildings Revenue Bonds, Series B," as authorized by the aforesaid Resolution, and the aforesaid Series B Resolution adopted on April 26, 1963, was and is the bid of Blyth & Co., Inc. and associates (list attached) offering to purchase the entire \$7,500,000 thereof and to pay therefor the sum of Seven Million Five Hundred One Thousand One Hundred Eighty-five and no/100 Dollars (\$7,501,185.00) with accrued interest from May 1, 1963, to delivery, conditioned upon the establishment of the following respective interest coupon rates:

All bonds maturing May 1 in each of the years 1965 to 1971, inclusive	4 %
All bonds maturing May 1 in each of the years 1972 to 1976, inclusive	3-1/4%
All bonds maturing May 1 in each of the years 1977 to 1978, inclusive	3-3/8%

All bonds maturing May 1 in each of the years 1979 to 1982, inclusive	3-1/2%
--	--------

All bonds maturing May 1 in each of the years 1983 to 1988, inclusive	3.60%
--	-------

Section 2. Said bid is found to conform in all respects with the terms and conditions of the sale offering and is found and declared to be advantageous and acceptable as to both price and interest coupon rates. The said bid which is identified with particularity in Section 1 hereof is now accepted by the Board of Trustees of the University of Kentucky, the Chairman and Secretary hereby are authorized to sign the endorsement of acceptance as provided at the end of the "Official Bid Form" upon which said bid is submitted, and the Secretary is authorized to deliver an endorsed copy of the bid to the said purchasers of the Bonds.

Section 3. The said "Consolidated Educational Buildings Revenue Bonds, Series B" shall bear interest at the respective coupon rates which are set forth with particularity in Section 1 hereof and the printer shall be instructed to prepare the Bonds and interest coupons accordingly.

Section 4. The certified or cashier's check of the above-identified purchasers, payable to the order of the Treasurer of the University of Kentucky in the sum of \$150,000 shall be retained uncashed by the Treasurer subject to the conditions set forth in the "Notice of Sale of Bonds." The checks of all other bidders shall immediately be returned to them.

Section 5. The Secretary is ordered to preserve as a part of the official records of the Board of Trustees Affidavits which have been tendered by employees of The Courier-Journal, Louisville, Kentucky, and The Bond Buyer, New York, N. Y., respectively, showing publication of the "Notice of Sale of Bonds" on May 21, 1963, together with a copy of the printed brochure or document designated "Official Statement of The Board of Trustees of the University of Kentucky" relating to said Bonds and the public offering thereof.

Section 6. This Resolution shall be in full force and effect from and after its adoption.

ADOPTED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY at a duly convened meeting held on June 4, 1963, and declared to be in full force and effect.

(End of Resolution)

After further discussion the motion for the adoption of said Resolution was seconded by Board Member Floyd H. Wright, and the Chairman then put the question of the adoption thereof. Upon call of the roll the following voted: Voting "Aye": Dr. R. W. Bushart, Dr. Harry Denham, Mr. Sam Ezelle, Mr. Robert H. Hillenmeyer, Dr. H. B. Murray, Mr. Clifford E. Smith, Judge J. A. Sutherland, Mr. Floyd H. Wright. Voting "Nay": None.

The Chairman then declared that said motion had been carried and that said Resolution had been duly adopted and was in full force and effect.

I. Authorization of Payment to Fiscal Agency Group

President Dickey then reminded the Board that at its meeting of April 26, 1963, it had approved payment to the Fiscal Agency Group of compensation in the sum of \$5,000 if it would guarantee a bid to purchase sufficient Consolidated Educational Buildings Revenue Bonds to provide for the erection and completion of the new Commerce Building, such a guarantee being acceptable to the Commissioner of Finance of the Commonwealth as constituting a "receivable" which would permit the signing of a construction contract and issuance of a Work Order prior to the date upon which the construction bids would cease to be binding upon the bidders. He reported that the Fiscal Agency Group had accepted the proposed terms by a letter addressed jointly to the Commissioner of Finance and the President of the University within the specified time, and that the Board's receipt on this date of one or more legally acceptable bids for the \$7,500,000 "Consolidated Educational Buildings Revenue Bonds, Series B," constituted a fulfillment of the terms and conditions of the agreement relating to the guaranteed bid. He suggested it would be in order for the Board to give formal recognition of this fact in a motion or resolution authorizing the Treasurer of the University to pay the agreed \$5,000 compensation to the Fiscal Agency Group.

After discussion Board Member Clifford Smith moved that the Treasurer of the University be authorized to pay the agreed sum of \$5,000 to the Fiscal Agency Group in the form of a check payable jointly to Blyth & Co., Inc., and Graham-Conway Co., as the Managers of the Fiscal Agency Group, the same to be in recognition of the fulfillment of the terms and conditions of the agreement authorized by the Board at its meeting of April 26, 1963. Said motion was seconded by Board Member Floyd H. Wright and after further discussion the Chairman put the question. Upon call of the roll the following voted:

Voting "Aye": Dr. R. W. Bushart, Dr. Harry Denham, Mr. Sam Ezelle, Mr. Robert H. Hillenmeyer, Dr. H. B. Murray, Mr. Clifford E. Smith, Judge J.A. Sutherland, Mr. Floyd H. Wright. Voting "Nay": None.

The Chairman then declared that said motion had been duly carried and constituted proper authority to the Treasurer of the University to make such payment to the Fiscal Agency Group.

J. Renewal of Flight Training Contracts for Air Force ROTC and Army ROTC Units Authorized

Dr. Dickey indicated that it was time for the annual renewal of the Flight Training Contracts for the Air Force ROTC and Army ROTC Units and requested authorization from the Board for the University to receive competitive bids on the Flight Instruction Program and to enter into contracts with the Government based on the best competitive bids.

On motion duly made, seconded, and carried the University was authorized to receive competitive bids on the Flight Instruction Program and to enter into contracts with the Government based on the best competitive bids for the Flight Instruction Programs of the Air Force and Army ROTC Units.

K. Contract with United States Government (Department of Defense) for Correspondence Courses--United States Armed Forces Institute Approved

A contract between the United States Government (Department of Defense) and the University of Kentucky for the University to provide correspondence courses for the United States Armed Forces Institute for the period from July 1, 1963 to June 30, 1964 was presented. It was pointed out that this was a negotiated contract and was necessary in order that the Government may make payments according to the schedule attached to the contract for enrollment of military personnel for such courses.

On motion by Mr. Hillenmeyer, seconded by Dr. Murray, and carried the University was authorized to enter into the contract with the United States Government for the University to provide certain correspondence courses to the United States Armed Forces Institute.

L. Contract with United States of America (Department of Defense) for Civil Defense Training Approved

President Dickey presented a negotiated contract between the United States of America (Department of Defense) and the Office of Civil Defense for the University to conduct civil defense training and conferences and courses through the Division of Extended Programs. The contract calls for a payment of \$49,660 with the University to be reimbursed at the rate of 30% of the total direct costs reimbursed. The contract covers the period from July 1, 1963 to June 30, 1964.

On motion by Judge Sutherland, seconded by Dr. Murray and carried the University was authorized to enter into the contract with the United States of America (Department of Defense) for the University to conduct civil defense training and conferences and courses through its Division of Extended Programs.

M. Agreement with Kentucky Power Company Approved

President Dickey reminded the members of the Board that present sawmill facilities are to be improved as a part of the Wood Utilization Center and it would be necessary to provide electric power for the sawmill in Robinson Forest. The Kentucky Power Company has indicated that it will cost approximately \$40,000 to provide this electrical service. The University wishes to enter into an agreement with the Kentucky Power Company to provide the necessary electric power for the sawmill in Robinson Forest for a ten year period at a total cost of \$30,000, this sum to include the electricity that would be used at the camp and at the sawmill.

On motion by Mr. Hillenmeyer, seconded by Dr. Murray and carried, with Mr. Smith not voting, the University was authorized to enter into an agreement with the Kentucky Power Company to provide electric power for the sawmill in Robinson Forest for a ten year period, effective May 1, 1963, at a maximum charge of \$30,000 (\$3,000 per annum).

N. Agreement with Commonwealth of Kentucky (Commission on Human Rights) Approved

Approval was asked for an agreement between the Department of Sociology, Social Research Service, and the Commission on Human Rights for the Department of Sociology to assist the Commission in conducting interviews and writing certain reports on desegregation in Kentucky. The Social Research Service is to plan and coordinate studies of indoor movie and hotel-motel desegregation which will later be issued and distributed by the Commission. The University is to receive a total payment of \$400 from the Commission and is to complete the work no later than June 30, 1963.

On motion by Mr. Ezelle, seconded and carried authorization was given for the University to enter into a contract with the Commonwealth of Kentucky to provide professional services to the Commission on Human Rights as outlined above.

O. Contract with United States of America (Department of Health, Education and Welfare) for a Language Institute Approved

President Dickey presented a contract between the University and the Department of Health, Education and Welfare which provides for a summer institute for training forty-eight secondary school teachers of French. The institute is to be held at the University from June 17, 1963 to August 9, 1963, and the University will be reimbursed by the Federal Government under Public Law 85-864 a sum not to exceed \$76,459.

On motion by Dr. Murray, seconded by Dr. Bushart, and carried the University was authorized to execute the contract with the United States

of America for the conduct of a Language Institute in the summer of 1963.

P. John R. Gillespie Appointed to Represent University of Kentucky in Settlement of Edward Ellershaw Estate.

At the March 15, 1963 meeting of the Executive Committee of the Board of Trustees attention was called to the fact that the University of Kentucky had been named one of the beneficiaries under the will of the late Edward Ellershaw. At this time it was pointed out that it might be necessary for the University to retain legal counsel to represent its interests. It is now deemed desirable to employ counsel and the Board's approval of an agreement with Mr. John R. Gillespie of Fort Lauderdale, Florida, was requested. The University's interest in the estate amounts to approximately \$35,000 or \$40,000. Under the terms of the agreement with Mr. Gillespie he would represent the University and receive compensation for his services on a per hour basis with the maximum expenditure not to exceed \$2,000.

Mr. Smith made the motion that the University enter into the agreement with Mr. Gillespie for services in connection with the settlement of the Edward Ellershaw Estate, payment for such services not to exceed \$2,000. Mr. Wright seconded the motion and it carried unanimously.

Q. Coal Testing Contract Renewal Approved

Each year the State Division of Purchases contracts for the analytical services of the Department of Mining and Metallurgical Engineering for routine testing of coal. The University receives \$4,000 for this service. Approval to renew this contract was recommended by President Dickey and on motion by Dr. Bushart, seconded by Mr. Wright the University was authorized to execute the contract with the Commonwealth of Kentucky to provide coal testing services for the period from July 1, 1963 through June 30, 1964.

R. Settlement of Bessie Horine Estate Accepted

President Dickey read the following letter from Mr. Frank D. Peterson, Executor of the Estate of Bessie Horine:

University of Kentucky
Lexington, Kentucky

April 23, 1963

RE: Estate of Bessie Horine, deceased

Gentlemen:

As you are aware, the University of Kentucky is the sole beneficiary of the estate of Bessie Horine and as the Executor of her estate I hereby convey to the University all of the net proceeds of the estate (which have not heretofore been delivered to you) by enclosing herewith the following:

- (1) My check as Executor made payable to the University of Kentucky in the amount of \$2,689.78.
- (2) Twenty-three stock and bond certificates having a total value as of August 14, 1962 (the date of the death of Miss Horine) of \$17,763.28. These stocks and bonds have all been transferred by the issuing companies to the University.

*A detailed list of these stocks and bonds is attached hereto, which list gives the certificate numbers, the name of the issuing company, the kind, the date of issue, the par value and the market value.

The furniture and books belonging to the estate, none of which were sold in the settlement of the estate were delivered to you in October 1962, at which time the University of Kentucky took over the possession of the residence of Miss Horine. The furniture and books were valued at \$395.00 and \$35.00, respectively, in the appraisal made of the estate on November 27, 1962. A copy of this appraisal, which contains a detailed list of the items is attached hereto.

Very truly yours,

(Signed)

Frank D. Peterson, Executor
Estate of Bessie Horine

*(Note: The specific inventory of the estate is a part of the permanent files of the meeting.)

Mr. Wright moved the acceptance of the check in the amount of \$2,689.78 and the final settlement of the estate of Miss Bessie Horine. His motion was seconded by Dr. Bushart and carried.

S. Authorization Given to Clip Coupons

Since Mr. Peters on is the individual authorized to clip coupons on certain securities held in the name of the University which are due on June 15, 1963, President Dickey recommended that Mr. Maupin and one other member of the University administrative staff be authorized to accompany Mr. Peterson to the bank on June 15, or as soon thereafter as possible and in the presence of an officer of the bank to clip the coupons due on that date. It was further recommended that Mr. Maupin file a report with the Board showing the numbers of the coupons clipped, the amount, and disposition of the proceeds.

On motion by Mr. Smith, seconded by Dr. Denham, and carried, the above recommendations were approved.

T. Payment to Leggett & Irvan Authorized

In April, 1961, James L. Leggett, Jr., of Leggett & Irvan, was authorized to move ahead with the planning of the tennis court area to replace the tennis court area taken over for the Chemistry-Physics Building. His work was completed some time ago but payment was not authorized until it could be determined whether or not construction would be started which would necessitate the addition of an added amount for supervisory services. The completion of the project is now dependent upon the study being made by the Campus Planners and rather than hold this matter any longer, President Dickey recommended that the amount of \$771 be paid to Leggett & Irvan from the Group Investments Account with the understanding that this payment will be credited to the planning service.

On motion by Mr. Smith, seconded by Mr. Hillenmeyer and carried authorization was given to pay Leggett & Irvan \$771 from the Group Investments Account.

U. Approval of Band Scholarships

President Dickey stated that as a result of the abolition of mandatory ROTC training, it would be necessary for funds to be provided for the purpose of fielding a marching band. In the past it has been possible for students to substitute band work for ROTC. Under the new system it will be impossible to have a band unless scholarships are provided. The Athletics Association has appropriated \$10,000 for such scholarships but an additional \$11,000 will be needed. President Dickey recommended that approval be given to the appropriation of \$11,000 from unappropriated funds for the coming fiscal year for grants-in-aid and/or scholarships for the band to be under the jurisdiction and direction of the Department of Music of the College of Arts and Sciences. The scholarships will amount to \$220 per student per academic year.

On motion by Dr. Denham, seconded by Dr. Murray, and carried, approval was given to the appropriation of \$11,000 from unappropriated funds of the University for scholarships and/or grants-in-aid for the purpose of fielding a marching band during the academic year 1963-64.

V. Additional Budgets Approved

President Dickey presented budgets for Auxiliary Campus Policemen in the amount of \$19,919, which does not vary more than about \$600 from the 1962-63 budget, and for the Division of Printing in the amount of \$297,000, which is largely from "in-and-out" accounts and the revenues are sufficient to keep this a balanced account. He indicated that it had not been possible to prepare these two budgets earlier but requested that approval be given at this time.

On motion by Mr. Smith, seconded by Mr. Wright, and carried, the budgets for Auxiliary Campus Policemen and the Division of Printing for 1963-64 were approved as presented.

W. Funds Approved for Parking Area

In the process of constructing and anticipating the opening of the new portion of the Student Union Building, it has become quite evident that additional parking area must be provided. A thorough study of the situation has been made and the decision reached to construct a parking area on the west end of Stoll Field on the site of the old baseball diamond. President Dickey recommended that \$20,000 from the money which was allocated by the State on a per student basis approximately six months ago be used for this purpose. He stated that this use is in keeping with the ideas of the State at the time the money was given. In answer to a question by Mr. Smith, it was indicated that this parking area would be free except during athletic events.

On motion by Dr. Bushart, seconded by Judge Sutherland, and carried, approval was given to the use of \$20,000 from the funds allocated by the State on a per student basis to provide a parking area on the west end of Stoll Field.

X. Funds Transferred to Announcements, Catalogs, and Printing Budget

Because of unusual demands which have been made on the printing budget during the current year, the budget has been exhausted. President Dickey recommended that \$10,000 be transferred from unappropriated funds to this account to cover expenditures for the remainder of the year.

On motion by Mr. Ezelle, seconded by Mr. Wright, and carried, \$10,000 was authorized transferred from unappropriated funds to Account 220, Announcements, Catalogs, and Printing, for the 1962-63 fiscal year.

Y. Policy Relative to Refund of Fees Adopted

President Dickey read the following letter from Dr. Charles F. Elton, Dean of Admissions and Registrar, which had the approval of Dr. A.D. Albright, Executive Vice President:

March 29, 1963

Doctor A.D. Albright
Executive Vice President

Dear Doctor Albright:

In a recent review of our refund policies we discovered we do not have Board of Trustees approval for our refund practices. A partial historical reconstruction of these practices indicates that the following occurred.

The 1935-36 University Bulletin stated this refund practice:

"The registration fee is not refunded and no other fees are refunded after the ninth week of the semester. Students leaving during the first nine weeks of the semester will receive a refund, the amount of which will depend upon the date of withdrawal."

The 1941 Board of Trustees minutes noted the University Senate refund policy as stated in the 1935-36 Bulletin and amended that statement as follows:

"Refunds are made in full when registration and classification are not completed. The registration fee (\$5.00 for full-time and \$4.00 for part-time students) is not refunded to any student who actually completes his registration and classification. Late registration fee and deferred payment fee are not refunded.

Students who withdraw from the University during the first nine weeks of the semester receive refunds in accordance with the following regulations:

Residents of Kentucky

An amount of \$5.00 per week is retained for each week that a full-time student remains in school during the nine-weeks period.

For a student not carrying a full schedule, the registration fee of \$4.00 is retained for the first week, and one-eighth of the remaining amount (to the nearest dollar) for each week thereafter during the nine-weeks' period.

For a student not withdrawing from school but dropping only a part of his work, the refund made is the proportional amount for that part of the program dropped, less \$1.00 for each week that the original program was carried.

Non-Residents

An amount of \$9.00 per week is retained for each week that a full-time student remains in school during the nine-weeks period.

For a student not carrying a full schedule, the registration fee of \$4.00 is retained for the first week and one-eighth of the remaining amount (to the nearest dollar) for each week thereafter during the nine-weeks' period.

For a part-time student, not withdrawing from school but dropping only a part of his work, the refund made is the proportional amount for that part of the program dropped less \$1.00 for each week that the original program was carried."

The next year the Board approved the following refund policy for students withdrawing because of military obligations. This policy was described in a letter to Dr. Donovan from Mr. Peterson.

..."I have conferred with Dr. Leo Chamberlain, Registrar, relative to students enrolling and later being drafted into the Army, called as a Reserve Officer, or as a member of the National Guard.

We recommend that, for residents of Kentucky who are drafted or called as Reserve Officers, or as members of the National Guard, an amount of \$3.00 per week be retained, and an amount of \$5.00 per week for non-residents be retained for each week the student remains in school during the semester...."

Subsequently, and without Board approval, the Registrar's Office modified all of the refund policies described above. For example, one change was made during the period 1942 to 1948 when the University changed from a semester calendar to a quarter calendar. That is, the quarter consisted of ten weeks and the refund period was changed from nine weeks (half of a semester) to five weeks (half of a quarter). Another change was made, regarding students withdrawing for military obligations. For example, in 1961 when the 100th Division and accompanying units were activated, no distinction was made for the few students who were called to active duty as compared to other students

withdrawing for non-military reasons. This was done because of another change that had taken place in the last twenty years, i.e., fees had been increased several times.

To summarize, since early in the 1950's the Registrar's Office has adopted the practice of deducting the five dollar registration fee and ten per cent of the remaining fee per week for nine weeks. This practice, in effect, followed the spirit, although not the actual amount, of the 1941 Board policy. Furthermore, during this period of time, the special refund policy for military withdrawals was completely disregarded.

Subject to your approval and that of President Dickey, I would like to request retroactive Board of Trustees approval for the refund practices followed by the Registrar's Office since the time we departed from the 1941 Board of Trustees statement.

Also subject to your approval and that of President Dickey, I would like to recommend the following refund policy to the Board of Trustees. This policy should become effective on September 3rd, 1963, if approved.

A student who officially withdraws from the University after registration but before the middle of the term, may upon presentation to the Registrar's Office of official withdrawal evidence, student records, and identification card, be refunded one-half of the fees paid for the term. If the withdrawal occurs after the middle of the term, no refund will be given.

Sincerely yours,

(Signed)

Charles F. Elton
Dean of Admissions
and Registrar

On motion of Judge Sutherland, seconded by Dr. Murray, retroactive approval was given for the refund practices followed by the Registrar's Office since the time the Registrar's Office departed from the 1941 Board of Trustees statement and to the approval of the following policy, effective September 3, 1963: "A student who officially withdraws from the University after registration but before the middle of the term, may, upon presentation to the Registrar's Office of official withdrawal evidence, student records, and identification card, be refunded one-half of the fees paid for the term. If the withdrawal occurs after the middle of the term, no refund will be given."

Z. Increase in Fees for Home Study Instructors Approved

At the present time, Home Study instructors are paid at the rate of \$.75 per lesson for both college and high school courses. The total compensation at the present for a 3-hour college course is \$22.50 and for 1/2 unit high school course the total compensation is \$13.50. Dr. Denver Sloan, Director of Home Study, has requested that Home Study instructors be paid \$2.50 for the grading of final examination manuscripts. This increase can be realized without any increase in the tuition fee and is in keeping with policies of most NUEA institutions that sponsor correspondence study programs.

On recommendation by President Dickey, Mr. Hillenmeyer moved that the fee for the grading of final examination manuscripts by Home Study instructors be increased to \$2.50. His motion was seconded by Dr. Murray, and carried.

A-1. Transfer of Telescope to Eastern Kentucky State College Authorized

The extension of Woodland Avenue has necessitated the removal of the observatory. When the new observatory is completed the University will need a more modern telescope. Since there is no market for a used telescope, President Dickey recommended that the present telescope be declared surplus to the University's needs and transferred to Eastern Kentucky State College, which has indicated that the telescope could be used in beginning courses at that institution.

On motion by Mr. Ezelle, seconded by Dr. Murray, and carried, the telescope located at present in the observatory was declared surplus to the needs of the University and transfer of the telescope was authorized to Eastern Kentucky State College with that institution being responsible for its removal and moving it to Richmond.

B-1. Approval of Candidates for Degrees.

COLLEGE OF NURSING

Candidates for the Degree of Bachelor of Science in Nursing

Faye Teresa Hagan

Doris J. O'Connor

On motion by Mr. Smith, seconded by Mr. Ezelle, and carried, approval was given to the list of candidates for degrees and the President of the University was authorized and directed to confer upon each the degree to which he or she is entitled at the commencement exercises on June 5, 1963.

C-1. Graduate Faculty Appointments Approved

Upon the advice of the Graduate Council, the following nominations for membership in the Graduate Faculty were presented:

Thomas Calhoun Barr, Jr., Assistant Professor of Zoology
 Norman C. Small, Jr., Professor and Head, Department of
 Engineering Mechanics

On motion duly made, seconded, and carried Professor Barr and Professor Small were approved for membership in the Graduate Faculty.

D-1. Report on Consultative Services Presented

The following persons have requested permission to perform outside consultative services as indicated:

Professor W. W. Haynes - to perform some outside consulting services for Mr. Walter King, manager of the Curlee Clothing Company, Winchester, Kentucky. The work will be done in the period between June 1 and June 17, 1963 and will not interfere with Professor Haynes' regular duties at the University. The compensation will not exceed \$800.

Dr. Raymond C. Bard - to serve as a consultant to the United States Army Chemical Corps Biological Laboratories at Fort Detrick, Maryland. This would require about two visits per year of two days each and would carry with it remuneration for expenses plus a stipend of \$50 per day. This consultant-ship would not interfere with Dr. Bard's regular duties.

Dr. Mary Jane Showers - to serve as a member of the Nursing Research Study Section, Division of Research Grants, United States Public Health Service, for the period July 1, 1963 through June 30, 1967. Only a few days a year are required and she will receive expenses plus, perhaps, a small honorarium.

On motion made by Dr. Bushart, seconded by Mr. Hillenmeyer and carried, the report of the President on the consultative services approved for Professor Haynes, Dr. Bard, and Dr. Showers was accepted and ordered made a part of the Minutes of the Board of Trustees.

E-1. Free Fee Scholarships and Grants-in-Aid Approved

President Dickey recommended approval of free fee scholarships for the following two foreign students:

Mr. Y. Shigihara (Japan) - Summer Session 1963 and First Semester 1963-64

Miss Surishtha Gill (India) - First Semester 1963-64

He also presented the request of Dean M. M. White for the following grants-in-aid for the 1963-64 academic year:

4 per semester for Debate (Department of English, Speech and Dramatic Arts)

16 per semester for WBKY (Department of Radio, Television, and Films)

60 per semester for Music (Department of Music)

He indicated that the grants-in-aid for Music were in addition to the grants-in-aid for the Band approved earlier in the meeting.

On motion by Mr. Ezelle, seconded by Judge Sutherland, and carried free fee scholarships and grants-in-aid as recommended by President Dickey were approved.

F-1. Change-of-Work Status Approved

President Dickey presented requests for change-of-work assignments for the following persons:

Dr. Sallie E. Pence, Professor of Mathematics, College of Arts and Sciences, effective July 1, 1963, after 34 years of service at a salary of \$4,158.

Miss Edith Potts, Executive Housekeeper, Women's Residence Halls, effective January 1, 1964, after 20 years of service at a salary of \$1,824.

Miss Emma Grace Merrell, Senior Account Clerk, Division of Accounting and Budgetary Control, effective August 1, 1963 after almost 33 years of service at a salary of \$1,727.

Dr. Dickey stated that each of these individuals had given dedicated and loyal service to the University and recommended approval of change-of-work status for each.

On motion by Dr. Bushart, seconded by Mr. Hillenmeyer, and carried, change-of-work assignments were approved for Dr. Sallie E. Pence, Miss Edith Potts, and Miss Emma Grace Merrell to be effective on the dates recommended for each.

G-1. Sallie E. Pence Award Established

Dr. Dickey read the following letter from Dr. J. C. Eaves, Head of the Department of Mathematics and Astronomy:

June 3, 1963

Dr. Frank G. Dickey, President
The University of Kentucky
Lexington, Kentucky

Dear Dr. Dickey:

As you know, Dr. Sallie E. Pence has served this University for a period of thirty-four years and this year brings to a close the long and productive career of one of our most faithful and devoted teachers. Dr. Pence and her father served the University continuously for a period of eighty-five years and together they served our Kentucky schools exactly one hundred years, a service record which I believe has probably never been equaled.

I have spent a great deal of time determining an appropriate honor for this teacher who is so genuinely concerned about the learning progress of her students. In this connection she again proves her devotion and concern for Kentucky youth, and in particular, for the teaching profession. It is through the sale of

materials produced by her own labors, co-authored with Dr. J. C. Eaves, that award funds have been raised and these are to be committed to the University.

I ask that you ask the Board of Trustees to approve the establishment of The Sallie E. Pence Award in Recognition of Scholarly Achievement in Mathematics Leading to the Teaching Profession.

Very sincerely yours,

(Signed) J. C. Eaves, Head
Department of Mathematics
and Astronomy

Dr. Dickey recommended that the Board take proper cognizance of this award and extend thanks to Dr. Eaves for his desire to establish such an award. On motion by Mr. Hillenmeyer, seconded by Judge Sutherland, and carried the Board recognized with due appreciation to Dr. Eaves the establishment of The Sallie E. Pence Award in Recognition of Scholarly Achievement in Mathematics Leading to the Teaching Profession.

H-1. University to Be One of Sponsoring Institutions for Conference on Cold War Education

The five governor Committee on Cold War Education of the National Governors' Conference is developing a cold war educational program for all states. A 1963 Conference on Cold War Education will be held in Tampa, Florida, June 12-15, 1963. The prime purpose of this Conference is to develop ideas and materials for the consideration of the National Governors' Conference Committee. Numerous universities throughout the country have been invited to serve as a "cooperating agency" for the 1963 Conference, which amounts to an endorsement of the objectives of the Conference and does not involve any financial obligation. The University of Kentucky is one of the institutions which have been invited to serve as a cooperating agency.

President Dickey recommended that the University accept the invitation to serve as a cooperating agency for the 1963 Conference on Cold War Education, if it were not too late, and also suggested that the Board give its approval to the University's acceptance of future invitations so long as no financial obligation is involved.

On motion by Mr. Smith, seconded by Mr. Wright, and carried approval was given to the University's acceptance of the invitation to serve as a cooperating agency for the 1963 Conference on Cold War Education and future conferences with the understanding that no financial obligation would be involved.

I-1. Contract with Kob Ryen Reconfirmed

President Dickey reminded the Board that a contract with the Kob Ryen Riding Academy to provide horses required for class purposes in the courses in Light Horse Husbandry and Light Horse Production at the rate of \$10 per horse per week for a 15½ week period had been approved at the meeting of the Board of Trustees on April 26, 1963. He stated that since this approval had been given it had been brought to his attention that Mr. Ryen holds a part-time appointment as an Assistant Professor of Animal Science; therefore, it is improper to enter into a contract unless it is indicated that it is a special situation. The need for such a contract arises out of the fact that the University has no facilities for horses on the campus and the Kob Ryen Riding Academy is the only public stable in this area which could supply the horses needed for the two courses. At this time it is rather difficult to combine the contracts for the horses and for Mr. Ryen's instructional services.

Mr. Smith expressed the feeling that with the full disclosure of the situation to the Board and in view of the difficulty of combining the contracts at this time the Board was justified in reconfirming the contract with the Kob Ryen Riding Academy. On motion by Mr. Smith, duly seconded, and carried, the contract with the Kob Ryen Riding Academy in the amount of \$2,015 approved at the April 26, 1963, meeting of the Board of Trustees was reconfirmed for the limited period of the contract.

J-1. Associate Degree Program in Nursing Approved

At the request of Dr. Willard, the Board of Trustees was asked to give consideration to the approval of an Associate Degree Program in Nursing within the community college system and to authorize the granting of an Associate Degree as the credential for satisfactory completion of the Program. The need for such a program is emphasized by the urgent need for nurses and the two-year Program based in community colleges would provide one of the more rapid and less expensive ways of training students to qualify for the R.N. If approved, the program would be supervised by the College of Nursing and a member of the faculty would direct such a program.

Mr. Smith raised an objection to the approval of the Associate Degree Program and the Associate Degree at this time and suggested that action be deferred until some expression of opinion could be obtained from the Kentucky State Association of Registered Nurses. Dr. Willard indicated that he could produce written endorsements of the program from both the Kentucky State Association of Registered Nurses and from the Kentucky State Board of Nursing Education and Nurse Registration. Action was temporarily deferred in order to give Dean Dake time to come to the meeting and to provide the Board of Trustees with the endorsements from these two groups.

The Board being satisfied that the establishment of the Associate Degree Program and the authorization of an Associate Degree had the approval of the

Kentucky State Association of Registered Nurses and the Kentucky State Board of Nursing Education and Nurse Registration, on motion by Mr. Hillenmeyer, seconded by Dr. Murray, and carried, gave approval to the Associate Degree Program and the Associate Degree in Nursing.

K-1. Change in Regulations Governing Use of Memorial Coliseum Approved

On March 11, 1957 the Board of Trustees approved a set of regulations governing the use of Memorial Coliseum which have been in effect since that date. Section 3 of these regulations reads:

University departments and agencies, including approved student groups, may use the Coliseum provided their needs cannot be cared for adequately in a smaller building. However, each event must be significantly related to the purposes and curricula of the University and, if a student affair, have the approval of the faculty sponsor and the Dean of Men or Dean of Women. For non-admission events there will be no charge to such groups other than the actual cost of setting up special facilities. If admission is charged, the sponsoring group shall pay actual costs or ten per cent (10%) of the gross receipts, whichever is the greater amount.

President Dickey indicated that there is a certain type of student sponsored program which, though admission is charged, should receive the same consideration as programs which do not charge admission and recommended that the last sentence of Section 3, Revised Regulations Governing the Use of Memorial Coliseum, March 1957, be amended to read as follows:

" . . . If admission is charged, the sponsoring group shall pay actual costs or ten per cent (10%) of the gross receipts, whichever is the greater amount, unless the net proceeds from the event are to be used for scholarships or student loan purposes only. Under such circumstances the actual cost of setting up the facilities will be charged."

On motion by Mr. Smith, duly seconded, and carried, Section 3, Revised Regulations Governing the Use of Memorial Coliseum, was amended as stated above.

L-1. Staff (Non-Academic) Position Evaluation Study for Service, Maintenance, and Non-Technical Positions Approved

Copies of the Staff Position Evaluation Study for Service, Maintenance, and Non-Technical Positions having already been made available to the Board of Trustees, President Dickey recommended the acceptance of the study and the approval of the Salary Grade Assignments contained therein. Mr. Smith expressed

the opinion that it would be advisable, in view of the studies which have been made on the adoption of a modern retirement program, to delete all that part of Paragraph 3, Page 5, following "effective as of July 1, 1963."

There being no further discussion, on motion by Mr. Smith, seconded by Judge Sutherland, and carried the Staff Position Evaluation Study for Service, Maintenance, and Non-Technical Positions was approved as presented with the deletion noted on Page 5, Paragraph 3, this paragraph now to read as follows: "That the recommended Classification and Salary Plan be effective as of July 1, 1963."

M-1. Progress Report on Small Dormitory Project

President Dickey read the following letter from Mr. Kavanaugh relative to the progress being made on the construction of the four small dormitories for fraternities.

June 3, 1963

President Frank G. Dickey
University of Kentucky
Dear President Dickey:

This is a current report on our HHFA Project No. CH-Ky-70(D), which relates to the construction of four small dormitories for fraternities.

The Delta Gamma Sorority House construction contract has been negotiated with the low bidder, Lansdale & Ritchey Construction Company, and the contractor has begun work.

The Department of Finance has scheduled bids to be received on the Sigma Nu and Sigma Alpha Epsilon Houses on July 9.

The Zeta Beta Tau Fraternity has withdrawn from the project. We are proceeding to negotiate a settlement with the Alpha Iota Corporation, Zeta Beta Tau.

There is a possibility that the Kappa Chapter of Phi Kappa Tau House Association might soon enter into an agreement with the University for the construction of a new fraternity house. If this should materialize soon, we may doubtless be able to work out with the HHFA a substitution of the Phi Kappa Tau for the Zeta Beta Tau Fraternity, provided that a \$10,000 increase can be effected in our Loan Agreement without difficulty. Should our negotiations with the Phi Kappa Tau proceed favorably, a proposed agreement between the University of Kentucky and their House

Association, based on the same terms as with the other fraternities, will be later submitted to you for consideration by the Board of Trustees.

Sincerely yours,

(Signed) George R. Kavanaugh

He indicated that this report was for information purposes only and that no action by the Board was required at this time.

N-1. Report from Crane and Gorwic

The General Development Plan for the Lexington campus of the University of Kentucky prepared by Crane & Gorwic, Planning & Design Consultants of Detroit, Michigan, in collaboration with Lawrence Coleman, Campus Planner, University of Kentucky was the next item on the agenda. Mr. Smith suggested deferring consideration of this report until after the completion of the rest of the business of the day. He stated that he felt no action should be taken relative to the development plan until the new president, Dr. John Oswald, had had an opportunity to review it and study it. Dr. Brown asked if he had any objection to an informal presentation following the conclusion of the meeting and he stated that he felt it would be extremely desirable to have such a presentation but that by deferring it to the close of the meeting, those who needed to leave could do so. It was, therefore, decided to defer this presentation until after the day's business had been concluded.

O-1. Report on Progress of Dormitory Complex

President Dickey stated that the dormitory complex for housing and food service for more than 2,500 students has reached a planning stage where a brief report can be made and additional authorization recommended.

On June 4, 1962, it will be recalled, initial approval for development of the project was given by the Board of Trustees, and the filing of a \$10,000,000 loan application with HHFA was authorized (based on first estimates of construction cost). A loan application and supplementary request to reserve \$4,000,000 of HHFA funds for fiscal 1962-63 has been made, to cover the first phase of the project and, hopefully, to preserve an interest rate of $3\frac{1}{2}\%$.

As now outlined by the architect, Edward D. Stone, the Complex will provide housing, central dining, and recreational facilities for about 2,700 students at a project cost of approximately \$14,000,000; including architectural fees and capitalized interest during construction, but excluding the cost of bringing

utilities to the site and the cost of movable equipment (since HHFA regulations do not permit inclusion of this item). The excluded items are estimated to cost \$500,000 each and the Department of Finance has given assurance that these funds will be provided by the State. As now estimated, operation and maintenance costs of the Complex following construction cannot be amortized within the bond issue and will depend in substantial part on General Current Fund appropriations to the University by the State.

Since the enlarged scope of this project has been based on careful and thorough programming and will meet a pressing need for proper and necessary student housing, it is recommended that additional approval and authorization be given now for development of fund plans and for financing the project as portrayed here. Particularly, Board action is requested to authorize HHFA loan applications for \$14,500,000, to approve the items of cost excluded from the bonded project and to approve for this project the financing of operation and maintenance costs as needed from General Current Fund appropriations to the University by the State.

On motion by Judge Sutherland, seconded by Dr. Bushart, and carried, authorization was given for the University to ask for a loan of \$14,500,000 from the Housing and Home Finance Agency, probably divided over a three or four year period; to exclude from the bonded project certain items of cost, such as utilities and movable furnishings; and to finance the operation and maintenance costs, when the project is completed, from state appropriated funds.

REAPPOINTMENTS - 1963-64

May 17, 1963

President Frank G. Dickey
University of Kentucky

Dear President Dickey:

I wish to recommend that all staff members in the College of Agriculture and Home Economics, Agricultural Experiment Station, and Agricultural Extension Service, of whatever position as listed on the June 30, 1963 payroll, except those whose resignations become effective on or before that date, be continued in service, subject to proper performance of duties, availability of funds and approval of the budget by the Board of Trustees.

I also wish to recommend that all members of the secretarial and clerical staffs of the College of Agriculture and Home Economics, Agricultural Experiment Station, and Agricultural Extension Service, as listed on the June 30, 1963 payroll, except those whose resignations become effective on or before that date, be continued in service, subject to proper performance of duties, availability of funds and approval of the budget by the Board of Trustees.

Sincerely yours,

signed Stanley Wall
Acting Dean and Director

Mr. Smith moved that the lists, with the deletions recommended by President Dickey, be approved and made a part of the minutes of the meeting. His motion was seconded by Mr. Wright, and carried.

R-1. Change in Position for Dr. Abby Marlatt

President Dickey said that there was another change which had not been included in the regular staff changes presented earlier. He read the following correspondence with Dr. Marlatt:

May 30, 1963

Dr. Abby Marlatt
School of Home Economics

Dear Dr. Marlatt:

I am writing this letter in order that it may become a matter of record and so that there will not be any opportunity for misinterpretations which might be placed upon this matter.

As I have said on several occasions in the past, the University of Kentucky has not been satisfied that the needs of the institution or of the Commonwealth are being met in a completely effective way through the program and administration of the School of Home Economics. We realize that there are many factors involved in providing a successful program and we recognize that certainly the fault could not rest with any one individual alone. It has been our feeling, however, that a somewhat different type of administrative leadership would more likely produce the type program which seems to be needed.

Under these circumstances, it seems proper to inform you that effective September 1, 1963, your assignment for the University of Kentucky will no longer include the administrative responsibility for the School of Home Economics. I appreciate the efforts which you have expended in the operation of the School and wish to express my appreciation for the work which you have accomplished.

In conclusion, may I emphasize a fundamental point that has been brought out in several of our previous conversations, namely, that this action is based solely upon a careful assessment of needs, program and administration and bears absolutely no relationship to any personal activities which received attention in the press during the past year.

Very sincerely yours,
(Signed) Frank G. Dickey
President

June 4, 1963

Dr. Frank G. Dickey, President
University of Kentucky

Dear Dr. Dickey:

I acknowledge receipt today of your letter dated May 30, informing me that my assignment as Director of the School of Home Economics at the University will terminate on August 31, 1963.

May I assure you and Dr. Albright that I will cooperate in any way I can in making the transition as smooth as possible. I have enjoyed my associations with you at the University of Kentucky and appreciate your sense of fair play and objectivity in viewing my personal difficulties, as well as the administrative problems related to the School of Home Economics.

I regret that I have not been able to administer the School in the vigorous program we all want for it. I hope a fine administrator, who will inspire the faculty and students in Home Economics with enthusiasm, will soon be found.

Sincerely yours,

(Signed) Abby L. Marlatt
Director

On motion by Mr. Smith, seconded by Judge Sutherland, and carried, the recommendation that, effective September 1, 1963, Dr. Abby Marlatt's assignment at the University no longer include administrative responsibility for the School of Home Economics, was approved.

S-1. Report from Committee Appointed to Hear Charges Against Mr. Peterson

"Mr. Chairman, the Special Committee which was appointed to consider the charges against Frank D. Peterson has a report to make. Under the order of suspension, that was limited to the period of time that the firm of Peat, Marwick, and Mitchell make their final report. I am advised that the final report may be forthcoming at some time when maybe the Board is not in session. This would create confusion and a chaotic condition.

"As Mr. Peterson and his counsel were advised at the time of the appointment of the committee, he will be given an opportunity

to fully present his side of the case before the committee if he so desires and he will be given an opportunity to present any witnesses on his behalf and a complete stenographic transcript will be taken of all steps and proceedings before the committee and then copies of those proceedings will be furnished to each member of the Board and, of course, at the conclusion of any hearings the committee will formulate a report and make its recommendations and that report and the committee's recommendations will also be furnished to each member of the Board and to Mr. Peterson and to his counsel and then, before the Board should take any final action, Mr. Peterson and his counsel will be given the opportunity to appear before the full Board and present any arguments which they desire.

"I think I can say on behalf of each member of the committee that there is no member of the committee who desires any vindictive or any punitive action whatsoever. We have a difficult situation to deal with and we hope that at the conclusion it will be recognized that we have considered it solely on the merits and on the law; but, to clarify the situation, until there is a final determination of it, the committee unanimously recommends that order be entered today, that Dr. Denham will offer, extending the suspension without pay or compensation until the matter is finally determined. Thus far Mr. Peterson has drawn his full compensation. We thought that was justified in view of the fact that he had accumulated sick leave that would justify us.

"In addition to the motion, we notice through the press this morning that the Commonwealth's Attorney has indicated that he will present the matter to the Fayette County Grand Jury if witnesses are presented and the Attorney General is quoted as saying that witnesses and proof will be available. I have undertaken to make myself clear in the arguments from the start that action embraced in charges with respect to the vending machine operations were a violation of civil laws, a violation of the common law--common law from the early days of the English common law. I have not expressed any view that there is a criminal liability that would result in conviction.

"The committee feels, as I do, that for the possibility of a man to be indicted for a felony, even though subsequently it was determined that he was not liable for a felony, carries a blight whether convicted or not that could be very detrimental. I would hope that the Attorney General and the Commonwealth's Attorney would defer any action of that kind until Peat, Marwick & Mitchell have completed their final report so that those officials who have very definite and fixed responsibilities could look at the whole picture as disclosed by the final report of Peat, Marwick, and Mitchell. In that way I think they could be guided in what they think their respective duties are and I think the Board could be better guided in that which will be for the best interests of the University.

"No member of the Board and no public citizen who is primarily interested in the welfare of the University of Kentucky would desire to prolong a controversy that could be detrimental to the University. It is my hope from some preliminary discussions that maybe a sound, justifiable ground can be found to avoid the prolongation of the controversy or prolonged litigation.

"So without in any way undertaking to assume or impose upon the judgment or the prerogative of the Attorney General's office or the Commonwealth's Attorney, when Dr. Denham's motion and order is approved, if it is approved by the Board, the committee would like to add to that, since this motion is written out, the following: 'that the Attorney General and the Commonwealth's Attorney of Fayette County be requested to withhold any official action with respect to the charges against Mr. Peterson until Peat, Marwick, and Mitchell file their final report and that they give full consideration to such final report and to the developments up to that time in determining what they feel that their official responsibility then may be with respect to the matter.' So, when Dr. Denham presents his motion and resolution, what I have just said will be added."

Following Mr. Smith's statement, Dr. Brown called for the formal motion with the understanding that the addendum made by Mr. Smith would become a part of the motion. Dr. Denham then made this motion: "that Dr. Frank D. Peterson be hereby suspended without pay or compensation from date hereof until final action is taken by the Board of Trustees on the charges now pending, and until further orders of the Board of Trustees." The motion was seconded and carried without dissenting vote. The final motion as approved reads as follows:

That Dr. Frank D. Peterson be hereby suspended without pay or compensation from date hereof until final action is taken by the Board of Trustees on the charges now pending, and until further orders of the Board of Trustees; and that the Attorney General and the Commonwealth's Attorney of Fayette County be requested to withhold any official action with respect to the charges against Mr. Peterson until Peat, Marwick, and Mitchell file their final report and that they give full consideration to such final report and to the developments up to that time in determining what they feel their official responsibility then may be with respect to the matter.

T-1. Mr. Gilbert Kingsbury Appointed to Council on Public Higher Education

Mr. Smith indicated that he wished to submit his resignation as a member of the Council on Public Higher Education and recommended that Mr. Gilbert Kingsbury be appointed as the representative of the Board of Trustees of the University of Kentucky on the Council on Public Higher Education.

On motion duly made, seconded and carried Mr. Gilbert Kingsbury was named as the representative of the Board of Trustees to the Council on Public Higher Education.

U-1. Report of Special Committee on Actions of the Council on Public Higher Education

Dr. Cochran read the following report prepared by the special committee appointed by the Board of Trustees to study action taken by the Council on Public Higher Education at its meeting on April 20, 1963.

Report of Special Committee on Actions of the Council on
Public Higher Education at its Meeting on April 20, 1963

The Council on Public Higher Education, at its meeting on April 20, 1963, adopted a set of standards for graduate study for public higher education institutions in Kentucky. A copy of these standards is attached. This action was reported in the Murray State College Newspaper on May 15, 1963. A copy of this story is attached.

The pertinent items contained in this action of the council include:

- 1) The four State colleges, Eastern Kentucky State College, Western Kentucky State College, Morehead State College and Murray State College are authorized to offer graduate work in the arts and sciences at the Master's level. They had previously been authorized to offer graduate work in education only.
- 2) Permissive minimum standards for graduate work in public higher education institutions in Kentucky were established by the Council.

In connection with this action the following points should be noted:

- 1) This item of business was included on the agenda of the Council as "Suggestion that colleges accept the amended 'standards' of Southern Association as minimum standards". The Southern Association "standards" do not include any reference to graduate work in arts and sciences at colleges in Kentucky.
- 2) This matter was not considered by the Advisory Committee to the Council. It would be expected that such matters would be studied by the Advisory Committee and the Council would act on recommendations by the Committee.
- 3) The minutes of the Council show that this action was approved unanimously.
- 4) The Council appears to have statutory authority to take such action.

This action is a matter of grave concern to the University of Kentucky and to the cause of public higher education in the Commonwealth.

The adoption of the permissive minimum standards of the Southern Association is probably a reasonable action since it is expected that any institution might set higher standards. However, in the opinion of this Committee, the Southern Association standards fall short of those of a quality graduate program in the following respects:

- 1) A person may be admitted to graduate study in the State colleges if he is a graduate of a four-year standard college. The University of Kentucky requires a 2.5 standing on undergraduate work.
- 2) No foreign language proficiency is specified for the MA and MS degrees.

- 3) In the non-thesis plan, a total of 12 hours of extension and transfer credit may be counted toward the degree. The University of Kentucky permits only 6 hours of such credit to be counted.
- 4) Nine hours of residence may be transferred from another institution. The University of Kentucky does not permit the transfer of residence.

The initiation in the State colleges of graduate work in the arts and sciences is a more serious matter. While we are now approaching adequacy of facilities for graduate work in many areas at the University of Kentucky, much remains to be done in the development of a comprehensive program of quality graduate work. It does not appear that the Commonwealth of Kentucky is now in any position to finance, staff, and equip four additional graduate study centers. Nor does it appear to be the wise use of resources to consider such expenditure for the need does not presently exist. There is not a single department at the University which does not have space for more graduate students of ability. Opportunity for graduate study is now available at the University for every Kentucky college graduate who is able to and who desires to pursue graduate work in the arts and sciences. In fact, many departments actively recruit students from the graduates of the colleges in the state.

It is noted that under KRS 164.020, "The Council on Public Higher Education in Kentucky shall:

- 1) Coordinate the work and determine the curricular offerings of the state institutions of higher learning in Kentucky, on the basis of efficiency and economy."

This recent action by the Council does not represent coordination nor is it in the interest of efficiency and economy.

In view of these actions of the Council and of the Report of the Findings and Recommendations of the Governor's Commission on the Study of Public Higher Education, the Committee makes the following recommendations to the Board of Trustees of the University of Kentucky:

- 1) That the Board request the Council on Public Higher Education to rescind its action on April 20, 1963 as contained in Appendix C of the minutes of meeting of the Council, and to refer the questions of graduate work in arts and sciences and the minimum standards for graduate study to its Advisory Committee for study and recommendation.
- 2) That the Board by Committee and/or consultant, and working in cooperation with other appropriate offices and organizations, (a) study the statutory basis and the operations of the Council with respect to authority, duties, responsibilities and membership as these pertain to the University of Kentucky; (b) study and formulate a specific statement of the unique position of the University of Kentucky in the system of public higher education with respect to professional and graduate education, research,

and public service; (c) that the results of this study constitute recommendations for the next appropriate regular or special session of the Legislature for such changes in the statutes as will insure a total program of public higher education, adequate to the needs of the people of Kentucky, lacking in unnecessary duplication, providing for efficiency and economy in the use of resources, and insuring the highest quality consistent with the needs and abilities of the people and the State.

FROM THE MURRAY STATE COLLEGE NEWSPAPER, THE COLLEGE NEWS, Page 1, Wednesday, May 15, 1963

"MURRAY STATE, OTHER STATE COLLEGES TO EXPAND GRADUATE-STUDY PROGRAM"

Murray State, along with Kentucky's other state colleges--Eastern, Morehead, and Western, will be able to offer graduate degrees in the arts and sciences as well as in education, effective July 1.

The proposal for the change was approved by the Council on Public Higher Education at a meeting last month.

The proposal, designed to strengthen the curricular offerings of the state colleges, will go into effect July 1.

In endorsing the change, President Ralph H. Woods said: "I think that it will give us a chance for a bit more diversity in our graduate program. We will be able to meet the needs of more students."

Not all departments will offer the MA or MS degrees, Dr. Woods said.

Certain departments will be asked to prepare suggested programs which can in turn be submitted for the approval of the Board of Regents and the Council on Public Higher Education.

Dr. Robert R. Martin, president of Eastern, said, "We have to take into consideration those departments with well trained faculties and we must also consider the number of students who show an interest in these departments."

Dr. Clyde L. Orr, dean of graduate studies at Eastern, commented that before any areas would offer such degrees, all facilities, staff, and library holdings would be able to meet the students' needs.

"We don't want to jump into anything", Dr. Orr said, "without considering every facet of it. By proceeding carefully we can assure Eastern and her students of the best possible opportunities in graduate study."

Appendix C

GRADUATE STUDY

In order to adjust the standards for graduate study to the permissive regulations of the Southern Association of Colleges and Schools and to enable the State colleges to strengthen their curricular offerings, the following is herewith adopted. These regulations shall be applicable to students now enrolled, as well as new enrollees, in the respective institutions if the student so elects:

1. The four State colleges, namely, Eastern Kentucky State College, Western Kentucky State College, Morehead State College, and Murray State College, may offer graduate degrees known as Master of Arts, Master of Science, and Master of Arts in Education.
2. Curricula leading to the Master of Arts degree and/or Master of Science degree shall be approved by the Board of Regents and the Council on Public Higher Education.
3. A person may be admitted to graduate study in any of the four institutions named above if he is a graduate of a four-year standard college. A person may receive a Master's degree in Education when he has completed other requirements set out in these regulations and in addition thereto has completed a four-year curriculum for the education of elementary or secondary teachers as prescribed by the Council on Public Higher Education or holds a certificate based upon four years of standard college and valid for teaching in the state in which it was issued.
4. The student shall have an average standing of "B" and no credit shall be granted for a grade below "C".
5. Graduate students may take upper division courses but at least 50 percent of all course work must be in courses open to graduate students only.
6. Requirements for the Master's degree may be satisfied by one of the following plans:

Plan I - With a thesis

Six semester hours may be completed at another institution or by extension upon approval of the institution granting the degree. The minimum course credit shall be 24 semester hours.

Plan II - Without a thesis

The minimum credit shall be 30 semester hours, 18 of which must be earned in residence. Not more than a total of 12 semester hours of extension and transferred graduate credit may be accepted towards the Master's degree. Six semester hours of residence credit may be accepted from another college or university but, in all cases, 18 hours must be completed in residence at the degree-granting institution.

7. Every candidate for a Master's degree in education shall present a minimum of 9 semester hours of graduate credit in professional education and must have had a minimum of 26 semester hours at the undergraduate level and/or graduate level. A student who does not have 12 semester hours of professional education upon being admitted to graduate study shall make up the hours of deficiency before being awarded the degree.
8. The remainder of the course work shall be determined by the institution in terms of the student's need, provided that it shall be upper division and/or graduate courses.
9. The student shall pass a comprehensive examination on all fields presented toward fulfillment of requirements for the degree of Master of Arts in Education.
10. Except as provided in Item 6, transferred credit shall not be used to reduce the hours earned in residence.
11. Teachers holding what would ordinarily be considered a full-time position shall not be permitted to receive graduate credit for more than 4 semester hours during any semester.
12. One-half of the course requirements shall be done as a full-time graduate student.
13. The University of Kentucky is authorized to grant the Master of Arts degree in Education on the same basis as is being granted by the four State colleges. The adjustments shall in no way affect other graduate degree programs which have previously been approved by the Council.

14. A person may be admitted to graduate study in any of the four institutions (Eastern, Western, Murray, Morehead) and in the University of Kentucky provided that a student who lacks no more than 6 semester hours for completing requirements for a degree at the undergraduate level be permitted to enroll and remove his undergraduate deficiency during the first term or semester of registration as a graduate student; provided further, that this regulation shall apply only to undergraduate students who are doing graduate work in the institution granting the graduate degree.

On motion duly made, seconded, and carried the report of the committee was accepted.

W-1. Reception Planned for Dr. and Mrs. Oswald

President Dickey indicated that President and Mrs. Oswald had accepted the invitation of the Board of Trustees for a reception to be held at Spindletop Hall on Sunday afternoon, June 9, from 3:00 to 5:00 o'clock. The reception in their honor will be open to the entire University faculty and staff, as well as the general public.

X-1. Appreciation Expressed to President Dickey

Dr. Brown on behalf of the Board of Trustees expressed appreciation to Dr. Dickey for all he has done for the University and wished him the best of success and good luck in his new work. Members of the Board were asked to remain for a few minutes following adjournment for a matter of personal business which concerned only members of the Board of Trustees.

Y-1. Adjournment

Mr. Smith stated that the meeting should not adjourn if any action was to be taken on the Master Plan to be presented by representatives of Crane and Gorwic. Dr. Brown replied that it was his understanding that there was to be no action, that it was merely to be an informal presentation. Mr. Wright then suggested that they complete this portion of the meeting so that those who needed to leave might do so. He then made the motion for adjournment at 3:45 p.m.

Mr. Larry Coleman and representatives of the firm of Crane and Gorwic explained in some detail the General Development Plan which is envisaged for the University, the details of which were included in a brochure distributed to members of the Board. Mr. Coleman also presented the following proposal for an Urban Renewal Project for the University of Kentucky:

"As the University of Kentucky continues its current program of expansion, it faces an increasingly critical shortage of land upon which to place its new facilities. Even though it is possible to acquire property in the areas immediately adjacent to its present campus, it is extremely difficult, time consuming and expensive to assemble parcels of land of sufficient size to support the type of development required by a university of the magnitude and stature of Kentucky.

"The University will be able to accommodate many of its new academic facilities by carefully redeveloping portions of its existing campus. It must rely entirely, however, on new acquisition to provide space for the residential and related facilities it will need in the near future. If some means of acquiring sufficient land for these purposes, in a reasonable amount of time, is not soon found, the University's ability to provide adequate space for its rapidly increasing student body will be seriously impaired.

"In recognition of the fact that many universities are in a similar predicament, the Federal Government has considerably broadened the scope of its urban renewal program in an effort to assist institutions of higher learning in meeting this problem. Section 112, designed for this purpose, relaxes the eligibility requirements for projects involving university redevelopment, and allows the city to include expenditures by the university for acquisition, rehabilitation and demolition of buildings or land in the project area as part of the local 1/3 share of the total project cost, while the Federal Government still contributes its full 2/3 share. These expenditures must have occurred within 5 years prior to the date of submission of the Survey and Planning Application.

"Since the University of Kentucky is in dire need of additional land, and has already expended considerable sums on the acquisition and improvement of property in the areas bordering its campus, a study was undertaken to determine the feasibility of developing some of this area for university use through urban renewal. The results of this study indicate that a considerable area to the west and north of the campus could qualify for urban renewal. As illustrated by the development plan, this area is immediately adjacent to the academic core and is extremely critical to the University's future growth, if we are to correct its recent lineal development and consolidate the campus into a functionally efficient whole.

"While it is impossible at this time to more than generally outline the size and scope of such a project, we believe that an area of approximately 74 acres could be cleared under urban renewal, of which 66.4 could be purchased by the University. A more detailed description of the project area and its costs is shown on the attached sheet.

Since the University would be the main beneficiary of such a project, we believe it is reasonable for the University to assume full financial responsibility for its execution. According to present estimates, the University could acquire the 66.4 acres at an average price of about \$44,000.00 per acre, or less than half of their present market value, were we able to acquire them at this time. This cost includes both project costs and purchase of the land after clearance.

If the University is willing to undertake a project in this area with the City, their first step is to submit to the Federal Government a Survey and Planning Application and request for a planning advance. Once approval of the application is obtained, it will take approximately 15-18 months to complete the Survey and Planning and an additional 3-6 months to receive final approval of the project. A total of 2 years, therefore, will be required from the date of submission of the Survey and Planning Application before execution of the project can begin. It is safe to assume that execution will require from 3 to 5 years. The local 1/3 share of the project cost is usually required in yearly installments during the first 3 years of project execution.

In summary, this means that the local cash requirement will not be required until the 3rd, 4th and 5th years after the submission of the Survey and Planning Application; land will not be available to the University until 5-7 years after the date of submission; and funds for the purchase of the cleared land by the University will not be needed until that time.

Therefore, in view of the University's critical need for additional land and the possibility of alleviating this shortage under extremely favorable circumstances, we recommend that the Board of Trustees of the University of Kentucky authorize the University to enter into, with the City of Lexington, the submission of a Survey and Planning Application and request for a planning advance to the Federal Government. It is also recommended that the University express now its intention and willingness to accept responsibility for providing the local cash requirement for the project, if it proves possible to develop a project that is satisfactory to the City of Lexington, the Federal Government and the University (currently estimated to be \$1,116,667.00 and required in 1966, 1967 and 1968.

Total Area of Project	157.3 acres
Total Area to be Cleared	73.9 acres

Local 1/3 Share	2,316,667.00
Non-cash Grant-in-aid	<u>1,200,000.00</u>
 LOCAL CASH REQUIREMENT	 \$1,116,667.00
 COST TO THE UNIVERSITY	
Local cash requirement	\$1,116,667.00
Purchase of cleared land	<u>1,800,000.00</u>
TOTAL	\$2,916,667.00

Cost per acre: $\frac{\$2,916,667.00}{66.4} = \$43,925.75$

The members of the Board complimented Mr. Gorwic and Mr. Crane upon their excellent presentation of the proposed campus plan. Upon motion by Mr. Smith, seconded by Dr. Denham, it was moved that the administrative officers of the University take appropriate and immediate action in consultation with officials of the City of Lexington and the Federal Government in initiating the urban renewal phase of the plan. The motion passed.

Motion was made by Mr. Smith and seconded by Dr. Murray that the meeting be recessed until such time as to be reconvened by the call of the Chairman. The motion carried.

Respectfully submitted
