

Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, May 6, 1986.

The Board of Trustees of the University of Kentucky met at 1 p.m. (Eastern Daylight Time) on Tuesday, May 6, 1986 in the Board Room on the 18th floor of the Patterson Office Tower on the Lexington Campus.

A. Meeting Opened and Roll Called

Mr. Robert T. McCowan, Chairman, called the meeting to order at 1 p.m., and the invocation was pronounced by Professor Constance P. Wilson.

Bosomworth, Art Gallaher, and Charles T. Wethington; Dr. Raymond R. Hornback, Vice President for University Relations; Mr. Edward A. Carter, Associate Vice President for Planning and Budget; Mr. John C. Darsie, General Counsel; Mr. Henry Clay Owen, Controller and Treasurer; and Dr. Paul G. Sears, Special Assistant for Academic Affairs.

Members of the various news media were also in attendance. A quorum being present, the Chairman declared the meeting officially open for the conduct of business at 1:05 p.m.

B. Minutes Approved

On motion made by Mr. Jones, seconded by Mr. Farmer and passed, the Minutes of the April 1, 1986 meeting of the Board of Trustees were approved as written.

C. Meeting Dates Established

President Singletary called attention to the schedule of meeting dates for the Board of Trustees as established for fiscal year 1986-87 (see copy at the end of the Minutes) and announced that the June 24, 1986 meeting of the Executive Committee has been changed to a full Board meeting on Wednesday, June 25.

D. President's Report to the Trustees (PR 1)

In reviewing his "Report to the Trustees," copies of which were distributed earlier, President Singletary reported that 1985 was another record-breaking year in private giving for the University. He noted that a number of large gifts were included in the \$23.8 million total and pointed with pride to the fact that over \$126 million has been raised from private sources in the past 16 years.

He also called attention to the recipients of the 1986 University of Kentucky Alumni Association Great Teacher Awards: Professor Curtis E. Harvey, College of Business and Economics; Assistant Professor Doreen E. Hotchkiss, Jefferson Community College-Southwest; Professor Chun W. Ro, Paducah Community College; Professor Eldridge Rogers, Hopkinsville Community College; Assistant Professor Beverly Davenport Sypher, College of Communications; and Associate Professor Jane G. Vance, College of Arts and Sciences.

President Singletary then recommended that the Trustees read the report at their leisure which also included information on (1) the annual Student Awards Night at which outstanding students were honored, (2) the 10 students who were awarded the 1986 Gaines Fellowships, and (3) the Blazer Lecture Series at which Pulitzer Prize-Winner Daniel J. Boorstin, Librarian of the U.S. Congress, presented the 1986 lecture.

President Singletary reminded the Trustees of the dedication of the new College of Pharmacy building at 4 p.m. on May 9 and the Commencement Exercises at 4 p.m. on Saturday, May 10.

Mr. McCowan voiced his enthusiasm about the level of private giving to the University and stated that he could not feel better about the enthusiastic support for the University from all parts of the state. He indicated that these conditions were reflected very clearly at a recent Development Council Executive Committee meeting when support for the University was expressed not only for its programs but also for its leadership.

E. Executive Session Called

The Board members, President Singletary, Vice President King and Mr. Darsie went into Executive Session to discuss a personnel matter and potential legal matters. Following the Executive Session, the members of the Board reconvened at 1:55 p.m.

F. Resolution Regarding President Otis A. Singletary

Mr. Clay recommended and so moved adoption of the following resolution regarding the appointment of Dr. Otis A. Singletary upon his retirement as President of the University of Kentucky:

WHEREAS, Dr. Otis A. Singletary has informed the Board of Trustees that he plans to retire as President of the University of Kentucky on June 30, 1987; and

WHEREAS, Dr. Otis A. Singletary has tenure as a full professor in the Department of History and is thereby eligible to remain in that capacity until mandatory retirement age for faculty; and

WHEREAS, Ashland Oil, Inc. has endowed a chair in the Humanities and expressed the hope that it should first be filled by Dr. Otis A. Singletary upon his retirement as President; now therefore

BE IT RESOLVED, that the Board of Trustees hereby (1) appoints Dr. Otis A. Singletary as President Emeritus and Professor of History upon his retirement as President; (2) appoints Dr. Otis A. Singletary to fill the Chair in the Humanities funded by a gift from Ashland Oil, Inc. and accepted by the Board of Trustees January 21, 1986; and (3) authorizes the Chairman of the Board to negotiate an agreement with Dr. Singletary to be effective upon his retirement as President of the University of Kentucky.

Mr. Clay's motion was seconded by Mr. Hershey and unanimously carried.

G. Resolution Regarding Liability Insurance Crisis

President Singletary explained that a temporary emergency involving liability insurance exists which threatens the normal processes and functions of the University. He informed the Board that the Trustees, Central Administration officers, and academic deans are covered by liability insurance but that faculty and staff members are not. He explained that University officials have tried unsuccessfully to obtain coverage for these individuals. He indicated that the University has hired an insurance broker, with national and international ties, to assist in finding liability insurance coverage, and said that he hopes to have a response from the broker within a month.

President Singletary expressed his understanding of faculty who may be reluctant to serve on committees which have recommending or decision making responsibility. He added that the problems associated with these procedures are not hypothetical. One department chairman in the College of Business and Economics has already resigned and an Appeals Board has refused to make a decision because of the liability issue. He informed the Trustees that with no liability insurance, the vulnerability to law suits is a very real and legitimate concern. He pointed out that the institution has incorporated in its procedures a collegial approach to decisions affecting students and faculty; therefore, when faculty and/or staff members choose not to participate in committee assignments, there is a breakdown in the normal process. The proposed resolution will give temporary relief so that the University is able to carry out its administrative functions.

Mr. McCowan then read the following resolution:

RESOLVED, that the Board, in recognition of the national crisis with regard to liability insurance, declares that a temporary emergency exists at the University which threatens to prevent the functioning of normal processes within the institution.

FURTHER RESOLVED, that in view of the emergency which exists, and in view of the Board's statutory responsibility to provide for the governance and operation of the University, the Board hereby authorizes the President to provide for appropriate substitute procedures when it is determined that any person, committee, board or other entity within the University is unable or unwilling to function, in either a recommending or decision making role. Prior to the promulgation of any such substitute procedures the President will consult with the University Senate Council or the Community College Council.

FURTHER RESOLVED, that all regulations, delegations and rules of the University, to the extent same are in conflict with this action, are hereby rescinded and superseded for the duration of the emergency and until normal processes can be resumed.

FURTHER RESOLVED, that this action be made effective immediately upon its adoption by the Board and that the Board hereby waives its normal rule requiring changes in the Governing Regulations to lay on the table for thirty (30) days prior to action thereon.

FURTHER RESOLVED, that the Board expresses its intent to rescind this emergency action when it determines that the current crisis is at an end.

Mr. Griffin moved, and Mr. Rose seconded, that the resolution be adopted. Professor Wilson expressed concern with any emergency "war powers" which she felt would create some discomfort among faculty. She urged the President to encourage faculty and staff to secure their own liability insurance. President Singletary responded that the emergency procedures would only be placed in effect when it is determined that any person, committee, board or other entity within the University is unable or unwilling to function in either a recommending or decision making role. Professor Bradley C. Canon, Chairman of the University Senate Council, endorsed the resolution but added that he saw no real alternative.

The question was called. The motion was voted on and unanimously carried.

H. Personnel Actions (PR 2)

In recommending approval of the appointments and staff changes in PR 2, President Singletary called attention to the retirement of Dr. Robert G. Zumwinkle, Vice Chancellor for Student Affairs, and Dr. Herbert N. Drennon, Dean of the College of Communications. He reviewed their professional careers and reflected on their significant contributions to the University of Kentucky. Vice Chancellor Zumwinkle and Dean Drennon were asked to stand and be recognized following which they were given a round of applause.

On motion made by Mr. Clay, seconded by Professor Wilson and carried, the appointments and staff changes recommended in PR 2 were approved. (See PR 2 at the end of the Minutes.)

I. Appointment to Board of Directors of the University of Kentucky Research Foundation (PR 3A)

With President Singletary so recommending, on motion made by Mr. Farmer, seconded by Mr. Black and carried, approval was given to the appointment of Mr. T. A. Lassetter as a Trustee member on the Board of Directors of the University of Kentucky Research Foundation to fill the unexpired term of Mr. Thomas P. Bell ending in 1988. K. Acceptance of Gift from R. J. Reynolds Industries, Incorporated (PR 3C-1)

President Singletary indicated his pleasure in recommending the acceptance of three gifts, the first being a gift of \$212,000 from R. J. Reynolds Industries, Inc. Mr. Griffin so moved. His motion was seconded by Mr. Black and unanimously carried. (See PR 3C-1 at the end of the Minutes.)

O. Medical Center Clinical Title Series (PR 3E) and Proposed Amendments to the Governing Regulations (PR 3F)

President Singletary indicated that PR 3E and PR 3F should be considered together. The first document, he explained, was a unique proposal from the Medical Center which, if approved, would then be implemented in the Governing Regulations of the University under the proposed amendments in PR 3F and also incorporated in the Administrative Regulations as a part of AR II-1.0-1. At the suggestion of President Singletary, Chancellor Bosomworth presented a brief overview of the proposal to establish a non-tenure Medical Center clinical title series for appointments and promotions initially for the Colleges of Medicine and Dentistry. He added that the faculties of the colleges and the appropriate administrators in the Medical Center recommend the adoption of the non-tenure series of academic ranks and titles. Professor Canon, Chairman of the Senate Council, commented favorably on the proposal which he indicated had the approval of the Senate Council.

With President Singletary so recommending, Mr. Black moved (1) that the Board approve the establishment of a Medical Center Clinical Title Series as recommended in PR 3E and (2) that the proposed amendments to the Governing Regulations in PR 3F be received for preliminary consideration and included on the agenda for action at the June meeting. The motion, which was seconded by Mr. Hershey, carried without dissent. (See PR 3E and PR 3F at the end of the Minutes.)

P. Candidates for Degrees--Community College System (PR 4A)

The motion was seconded by Mrs. Hayes and unanimously carried. (See PR 5B at the end of the Minutes.)

T. Patent Assignment (PR 6A)

Mr. Rose moved that the routine patent assignment in PR 6A be approved. His motion, which was seconded by Mr. Jones, was voted on and carried. (See PR 6A at the end of the Minutes.)

U. Proposed Amendment to the Governing Regulations (TR 1)

On motion made by Mr. Cain, seconded by Mr. Hershey and carried, the proposed amendment to the Governing Regulations, which was received by the Board for preliminary consideration at its April meeting, was approved. (See TR 1 at the end of the Minutes.)

X. Interim Financial Reports (FCR 1)

Mr. Clay, Chairman of the Finance Committee, reported that the Committee had met on the morning of May 6 and reviewed the agenda items to be presented for action, the first of which was the interim financial reports. He then moved that the Board accept (1) the University of Kentucky financial report, and (2) the summary report of revenues and expenditures of the University of Kentucky Research Foundation for the nine months ended March 31, 1986. Thereupon, a motion was made by Mr. Clay and seconded by Mr. Griffin that the following Resolution, which was read in summary form to the Board, be passed and adopted; said Resolution was entitled as follows:

Mr. Clay recommended and moved that the report on leases be accepted and made a matter of record. His motion was seconded by Mr. Rose, and it was so ordered. (See FCR 3 at the end of the Minutes.)

AA. Room and Board Rates 1986-87 School Year (FCR 4)

Mr. Clay recognized Mr. Robert W. Blakeman, Director of Auxiliary Services and Acting Director of Housing, and Mr. Allen R. Rieman, Director of Food Services, and then called on Vice Chancellor Jack C. Blanton to review the recommendation in FCR 4. Through a series of charts, Dr. Blanton explained the current and proposed room and board rates and the amount of increase for each plan. He reported that, at the request of students, a DinerCard would be introduced in the meal plan for Fall Semester 1986. He indicated the plan had been researched and

explained the mechanics of the DinerCard. He reminded the Trustees that the Housing and Dining System receives no state funds and is entirely self-supporting, and that the proposed increase of approximately 4 percent is needed in order to meet the higher operating costs and financial demands of the Housing and Dining System.

Mr. Clay expressed thanks and appreciation to Vice Chancellor Blanton and his staff for an outstanding job in preparing the detailed proposal of the Housing and Dining System. He then moved that the room and board rates be adjusted as recommended in FCR 4. Mr. Clay's motion was seconded by Mr. Rose and passed without dissent. (See FCR 4 at the end of the Minutes.)

MEDICAL CENTER CLINICAL TITLE SERIES

Recommendation: that the following statement concerning the Medical Center clinical title series, a new non-tenure series of academic ranks and titles, be approved.

Appointment and Promotion in the Medical Center Clinical Title Series

A. Introduction

The University has a role and mission which involves three functions: education, service, and research. In the Medical Center sector, these three areas are interrelated to a great extent. The educational program is enhanced by having clinically competent faculty who provide care to clients in locations where students have clinical experiences. Further, the Medical Center sector has a continued need to expand its clinical offerings to meet the educational requirements necessary to prepare students in various health professions so that they can meet the needs of citizens in the Commonwealth of Kentucky.

Clinically competent professionals who are highly qualified to meet responsibilities in providing care to clients are essential if the education and research programs of the Medical Center are to remain adequate and competitive. To fulfill the need indicated above more effectively and to attract and retain professional personnel, a Medical Center clinical title series for appointments and promotions without tenure is established for the Colleges of Medicine and Dentistry.

B. Definition

The Medical Center clinical title series is a series of academic ranks and titles for appointment and promotion of appropriately qualified individuals, who participate in the University's academic program, but who have duties and responsibilities which essentially relate to clinical practice and service to clients/patients. They are individuals who have elected to practice within a setting that specifically contributes to the academic program of the University, particularly in the clinical area. The faculty member appointed in this series shall not have primary responsibility for educational courses or programs, but would serve as a clinical supervisor for select students assigned by the faculty member(s) responsible for the courses or programs

The primary responsibilities of the non-tenure faculty member appointed in this series are to provide patient care services, to expose students to their professional expertise, and to direct their educational experience in the clinical settings where the faculty member practices.

C. Establishment of a Position

To establish a position in the Medical Center clinical title series, the chairman of the initiating educational unit shall: (1) after consultation with the faculty, prepare a statement demonstrating the need for such a position and indicate the source, amount, and term of funding for the position, and (2) obtain approvals of the statement by the dean of the college and the Chancellor for the Medical Center.

D. Areas of Activity

Four areas of activity are important in the evaluation of individuals for appointment, performance review, and promotion in the Medical Center clinical title series: (1) practice or practice-relevant activities; (2) effective clinical teaching; (3) professional status and activity; and (4) ability to generate practice funds. Guidelines for the third area are described under the regular title series (Section V.A.3 of this Administrative Regulation). Guidelines for the fourth area of activity are well-established in that the source of funds generated should cover salaries and costs of benefits for the faculty members who are appointed in this role.

E. Academic Ranks, Titles, and Criteria

The academic ranks and related titles in the Medical Center clinical title series shall be: (1) clinical instructor; (2) assistant clinical professor; (3) associate clinical professor; and (4) clinical professor. This series is established for the purpose of being able to recruit and retain fully-affiliated and full-salaried faculty in the clinical disciplines. It is intended to accommodate those faculty who wish to practice in an academic setting. Appointees in the Medical Center clinical title series shall be subject to annual performance review as is customary for other faculty.

All appointments will recognize the individual's potential to attain or generate practice funds, or who will be associated with a unit able to provide funds for practice.

All promotions shall be based upon professional qualifications and academic service to the University. Professional qualifications consist of education, experience, practice, and clinical recognition. Academic service consists primarily of effective clinical teaching. Although it is not feasible to specify exact criteria for evaluating the credentials of an individual for appointment or promotion to any one particular rank in the Medical Center clinical title series, the following criteria provide guidelines for appointment and promotion:

1. Clinical Instructor

Appointment to the rank of clinical instructor is extended to an individual (a) who has completed the final earned degree or other professional

certification relevant to the clinical area, (b) who has demonstrated clinical competence and has a license to practice in the discipline, and (c) who has potential for significant professional growth in the clinical area and contribution in the area of clinical practice and academic service.

2. Clinical Assistant Professor

Appointment or promotion to the rank of clinical assistant professor is extended to an individual who meets the qualifications of clinical instructor. The individual also should have evidence of professional recognition at the local level as a clinician.

3. Clinical Associate Professor

Appointment or promotion to the rank of clinical associate professor is extended to an individual who has substantial clinical and academic service commitments. The individual appointed or promoted to this rank shall have demonstrated creative contributions to the academic and clinical service programs of the University. The individual also shall have earned regional recognition as a clinician.

4. Clinical Professor

Appointment or promotion to the rank of clinical professor is an indication that, in the opinion of colleagues and administrators, the individual is an outstanding clinician. National and, perhaps, international recognition has been accorded the individual .

F. Procedures for Appointment and Promotion

Procedures for appointment and promotion to academic ranks related to approved positions in the Medical Center clinical title series are the same as those for the regular and special title series (refer to Sections II, III, IV, XIII, and XIV, except that faculty members of the Medical Center clinical title series shall be consulted on a departmental or divisional basis as appropriate about appointment and promotion to academic ranks equal to or below their own.

The procedure by which an appointee in the Medical Center clinical title series may be proposed, recommended, and approved for associate membership in the Graduate Faculty is the same as that for an appointee of the regular title series. Medical Center clinical title series members shall not direct graduate theses and dissertations, but they may serve on thesis and dissertation committees and such other committees as are appointed by the Vice Chancellor for Research and Dean of the Graduate School.

If the appointment of a faculty member is changed from the Medical Center clinical title series to the regular or special title series through proper administrative channels, years of service while on appointment in the Medical Center clinical title series shall be eliminated from consideration in the determination of the probationary period related to the appointment of the faculty member in the regular or special title series.

G. Terms of Appointment

A clinical instructor shall be appointed for a specific term, not to exceed three years or, if for a lesser period of time, the period of funding from clinical practice, contracts, grants, or other sources. A clinical assistant professor, a clinical associate professor, or clinical professor shall be appointed for a term not to exceed five years or, if for a lesser period of time, the period of funding from clinical practice, contracts, grants, or other sources. A faculty member may be reappointed in the Medical Center clinical title series for one or more additional terms, contingent upon continuity of funding and the individual's accomplishments.

H. Conditions of Employment

A faculty member on appointment in the Medical Center clinical title series is eligible for all benefits of the regular title series, except tenure and sabbatical leave. University contributions toward retirement, social security, and insurance benefits for the faculty member shall be covered through clinical practice, contracts, grants, or other sources which provide support for the individual's position.

Faculty membership, with or without voting privileges, may be extended to an appointee in this series by the educational unit to which the individual is assigned. However, a faculty member on appointment in the clinical title series shall not be eligible to vote on matters relating to regular or special title series faculty appointment, retention, promotion, or tenure, or to be elected to the University Senate.

Background: "Academic Medical Centers are walking a tightrope between their teaching, research and patient care missions and the harsh realities of the health care field."¹. "The American system of medical care is undergoing revolutionary changes. Its funding and organization are being drastically altered. The sweep of these changes threatens the crucial triad of functions which the Nation's health centers provide - medical education, research, and patient care."². The prospective payment system, along with competition from alternative health delivery options, has forced Medical Centers to seek innovative ways to compete in the system to maintain revenue that supports its mission. The traditional fee for service arrangement between patient and physician and involvement of third party insurers are changing. New systems are emerging such as HMOs, PPOs, and IPAs. Liability claims in our society almost seem out of control. Malpractice insurance for physicians, as well as other health professionals, is becoming so expensive that many will not be able to afford it.

It is predicted that by 1995 for-profit and not-for-profit chains will increase 60%, with the result that many hospitals will be owned, leased, or

controlled by multihospital systems. Presently, more than 300 HMOs are providing care to 16 million people. They are expected to grow in size and become fewer in number. By 1993 it is expected that 50 to 70 million individuals could be enrolled in HMOs. Lexington has four HMOs and a fifth is being developed. Other plans available to individuals are Individual Practice Associations (IPAs), Employee Assistant Plans (EAPs), and Preferred Provider Organizations (PPOs).

Funding Academic Health Center programs from the traditional areas of corporate endowment, borrowing and fund-raising is becoming increasingly difficult. Academic Health Centers are vulnerable to the current economic and structural upheaval because of the interdependence of its three principal functions - education, research, and patient care. To keep them viable for educational and research programs, and to maintain access to patients, necessitate change.

Academic Health Centers are a vital resource for society. They offer state-of-the-art treatment, as well as education for the future generation of health professionals. Tertiary care, as well as necessary primary and secondary care for individuals of all ages and situations, is available in major medical centers. They offer services that the community hospital cannot. These are largely highly specialized care settings. Outpatient urgent treatment centers, ambulatory care centers, and home health agencies are other alternatives emerging to help alleviate the cost of hospital care. These settings are essential, too, for student experiences to assure that students are exposed to patients with a variety of problems; opportunities for learning in multiple care settings are essential.

To assure that opportunities for students' learning are in keeping with contemporary health care delivery, that research and treatment programs continue at a high level, and that University faculty have opportunities to be involved in the alternate and emerging health care delivery models, the University will need to establish various types of new relationships and organizational entities. Teaching hospitals make a unique contribution to society. They will remain on the cutting edge of health science's battle against intractable illness. They are prestigious in a society where fewer and fewer institutions continue to assume responsibility for the training of virtually all of the nation's physicians and many of the other members of the health care team. Competitive forces and economic pressures demand new ways of carrying out teaching, research, and patient care in Academic Health Science Centers.

The model of a non-tenure series being proposed is not new for Academic Health Science Centers, which have long used a research title series. The differences in the the rate of use of non-tenure series positions by institutions might relate in part to the larger scale and complexity of research-related activities carried out by research universities.³ The use of non-tenure series appointments allows the research-oriented institution to attract and hire full-time research/scholars, while avoiding the commitment of

institutional resources to tenured positions and avoiding the problems of "marginal improvement" associated with part-time and voluntary faculty. Like research, clinical instruction is highly labor-intensive.

In order to meet the goals of a comprehensive university, like the University of Kentucky, such a non-tenure series is needed in the Medical Center to:

1. Assure that clinical learning experiences in various settings are available for students;
2. Provide expertise of clinically competent individuals who can serve in a faculty role in the expanding health care system as students need to be a part of the changing health care system;
3. Increase the opportunity for regular title faculty to carry out roles in research; and
4. Allow for an economic expansion of faculty in terms of time and effort.

It is anticipated that such a series will help enhance the opportunities for student learning by increasing clinical experiences for students as a result of an increased number of patients in varied settings.

The adoption of this non-tenure series of academic ranks and titles has been recommended by the faculties of the colleges in the Medical Center, the Medical Center administrators, and the University Senate Council.

If approved by the Board of Trustees, this material on the appointment and promotion of faculty in the Medical Center clinical title series will be incorporated as a section in the Administrative Regulation, AR II-1.0-1, entitled "Policies and Procedures on Appointment, Promotion, Granting of Tenure, and Termination of Appointment Applicable to Faculty in the University System."

Positions in this series will be limited to no more than 25% of the number of positions in the regular and special title series in the College of Medicine (excluding the basic science departments) and the College of Dentistry. If at a future time conditions make it desirable or necessary to raise the 25% cap, such a request can be considered.

If in the future it appears desirable or necessary to expand the Medical Center clinical title series to any or all of the other colleges in the Medical Center, the Chancellor for the Medical Center can recommend to the President an expansion of the application of this series.

Members, Board of Trustees:

PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following amendments to the Governing Regulations of the University of Kentucky be received at this time for preliminary consideration and, at the next regular meeting of the Board of Trustees, be included on the agenda for action:

(Note: Proposed additions of new wording are underlined.)

Amendment #1 - Change Part IV, third paragraph, first sentence, to read:

The 85 elected faculty members shall be apportioned each spring among the colleges and the University Libraries according to the following two equally weighted factors based on data for the preceding fall semester: (1) the number of full-time faculty, except those appointed in the extension series (although they are eligible for election to membership), research title series, Medical Center clinical title series, and visiting series, with the rank of assistant professor or higher in the college or the University Libraries; and (2) the number of full-time students enrolled in the college, computed so that students enrolled in the Graduate School shall be assigned to the college in which they are pursuing their studies.

Background: This change will be needed for the adoption and implementation of the new Medical Center clinical title series which has been recommended by the faculties of the colleges in the Medical Center, the Medical Center administrators, and the University Senate Council.

Amendment #2 - Change Part VII.B.5, second paragraph, to read:

The department chairman is responsible for recommendations on the appointment of new members of the department, promotions, reappointments, terminal reappointments, decisions not to reappoint, post-retirement appointments, and the granting of tenure. Procedures and criteria used in preparing recommendations shall be those established by the University, the college, and the departmental faculty. As a minimum, the procedures must include consultation with all tenured members of the department, with the directors of any multidisciplinary research centers

or institutes with which the affected individuals are or will be associated, and with all full-time non-tenured faculty members (except those appointed in the research title series, Medical Center clinical title series, or visiting series) with the actual or equivalent rank of assistant professor or higher who have been members of the department for two years, except as noted below. Faculty members with appointments in the Medical Center clinical title series, however, shall be consulted on a departmental or divisional basis as appropriate about appointment or promotion of individuals to academic ranks equal to or below their own in the Medical Center clinical title series, but not be consulted on matters relating to appointment, retention, promotion, or tenure of faculty in the regular or special title series. All recommendations on matters listed above, excluding reappointments and post-retirement appointments, shall include the written judgment of each consulted member of the department and of each director of pertinent multidisciplinary research centers and institutes, along with the recommendation of the chairman. ... (no further change in this paragraph)

Background: Same as for Amendment #1.

Amendment #3 - Change Part X.B.1, second paragraph, to read:

There are two types of non-tenured appointments. One type of non-tenured appointment is that in which a faculty member is ineligible for tenure as a consequence of have been appointed: (1) in the research, Medical Center clinical, adjunct, visiting, or voluntary series of academic ranks and titles; or (2) on a part-time or temporary basis. An appointment on a temporary basis involves an individual who has assigned duties and responsibilities which should be completed within one year or less.

Background: Same as for Amendment #1.

Amendment #4 - Change Part X.B.2, first paragraph, to read:

Probationary periods (or maximum non-tenure periods) are not applicable in cases where faculty members are appointed (1) in the research, Medical Center clinical, adjunct, visiting, or voluntary series of academic ranks and titles, or (2) on a part-time or temporary basis. In all such appointments, faculty members are ineligible for tenure.

Background: Same as for Amendment #1.

Amendment #5 - Add a new Part X.C.5.d to read as follows:

d. Educational Leave

To pursue an advanced degree at the University of Kentucky in accordance with Part X.C.6 of these Governing Regulations, faculty members may request half-time or more leave, with proportional reduction in salary.

Amendment #5 - (continued)

If such educational leave for faculty development is recommended by the dean of the college and approved by the appropriate chancellor, the faculty members shall be entitled to normal faculty benefits and privileges during the period of temporary change in status. Although a period of educational leave shall not be credited toward eligibility for sabbatical leave, it shall not be considered as an interruption of continuous service. Also, for non-tenured faculty members, such a period of educational leave shall not be counted as probationary period service.

Background: At its meeting in September, 1985, the Board of Trustees approved an amendment to the Governing Regulations which permits faculty members in the Lexington Campus and Medical Center sectors to pursue degrees above the master's degree at the University of Kentucky in disciplines other than those in which they are employed and hold academic rank. Faculty members pursuing degrees above the master's degree at the University of Kentucky may not hold more than a half-time assignment either during the two full-time, consecutive resident semesters preceding the qualifying examination or during the two semesters of full-time dissertation study immediately following the qualifying examination. The proposed amendment is intended to clarify the conditions under which faculty members can pursue such advanced degrees in accordance with Part X.C.6.

CHANGE IN DIVISION STRUCTURE
SOUTHEAST COMMUNITY COLLEGE

Recommendation: that Southeast Community College be reorganized to reflect the creation of a fourth academic division: Communications, Humanities, and Fine Arts.

Background: Southeast Community College is currently organized and operates as three divisions. The size of the faculty and number of programs at Southeast Community College justify the creation of a fourth division. This proposed change in division structure, recommended by the Director of Southeast Community College and the Chancellor for the Community College System, has been reviewed and recommended for approval by the faculty of Southeast Community College.

PATENT ASSIGNMENT

Recommendation: that authorization be given to the proper officials of the University of Kentucky Board of Trustees to execute an assignment on behalf of the Board of Trustees to the University of Kentucky Research Foundation of the following application for Letters Patent of the United States and the invention represented thereby: Douglas L. Dahlman, Malcolm R. Siegel, and Lowell P. Bush, Serial No. (to be assigned), filed (to be filed).

Background: Douglas L. Dahlman, Malcolm R. Siegel, and Lowell P. Bush have invented PESTICIDAL PYRROLIZIDINE ALKALOIDS. They have assigned their rights to the invention to the University of Kentucky. In accord with usual practice, it is recommended that the University assign the patent to the University of Kentucky Research Foundation.

ESTABLISHMENT OF FEE FOR CORRESPONDENCE COURSE EXTENSION

Recommendation: that the Board of Trustees approve the establishment of a \$25.00 fee to be charged for a four-month extension of completion of correspondence courses.

Background: Students enroll in correspondence courses for a period of 12 months. Some students are unable to complete their courses within this time period because of personal or work related problems. On March 11, 1986 the Senate Council approved a four-month extension of the time required for completion of correspondence courses. The \$25.00 fee will defray the cost of processing extensions and providing services to students. The additional fee is similar to that charged by other major universities.

Members, Board of Trustees:

PROPOSED AMENDMENT TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendment to the Governing Regulations of the University of Kentucky, which was accepted for preliminary consideration by the Board of Trustees at its April 1986 meeting, be approved:

(Note: Proposed additions are underlined; proposed deletions are bracketed.)

Amendment: Change Part VIII.A.1, first paragraph, to read:

The President of the University is appointed by the Board of Trustees with the advice of a joint committee of the Board, [and] faculty, and student body. The committee shall consist of [four] five members of the Board appointed by its chairman; three members of the full-time teaching and/or research faculty of the University System, selected by a procedure determined by the University Senate; [and] one member of the full-time teaching faculty of the Community College System, selected by a procedure determined by the Community College Council; and one full-time student appointed by the chairman of the Board. The committee shall provide opportunity for discussion between representative administrative, faculty, and student groups and prospective presidential candidates.

Background: This amendment to the Governing Regulations was proposed at the April 1986 meeting of the Board of Trustees by student trustee John Cain and was accepted by the Board for consideration at its next regular meeting. The concerned section of the Governing Regulations has not been amended since May 1970 when there was very little opportunity for student participation in University affairs. Since 1970, student participation in the University Senate and also student membership on most administrative advisory committees have become well established at the University of Kentucky. It appears both desirable and important to have student representation on the advisory committee on the selection of the President. The increase from four to five in the number of Board members appointed by the chairman of the Board will make the number of Board members equal the total number of faculty and student members on the advisory committee.

INTERIM FINANCIAL REPORTS

Recommendation: that the Board of Trustees accept the University of Kentucky financial report for the nine months ended March 31, 1986, and the summary report of revenues and expenditures of the University of Kentucky Research Foundation for the nine months ended March 31, 1986.

Background: As of March 31, 1986, the University had realized income of \$349,070,423, representing 78% of the 1985-86 estimate of \$445,602,785. Expenditures and commitments total \$294,965,383 or 66% of the approved budget of \$445,602,785.

The University of Kentucky Research Foundation summary report reflects income from grants and contracts of \$22,664,849, direct costs of \$19,288,153, and indirect cost recovery of \$3,376,696. A new section of KRS Chapter 164A, enacted under House Bill 622, requires periodic reporting of grants and contracts activities to the Board of Trustees.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY RATIFYING THE EXECUTION OF THE FOURTH SUPPLEMENTAL TRUST INDENTURE UNDER WHICH THE \$3,790,000 OF UNIVERSITY OF KENTUCKY HOUSING AND DINING SYSTEM REVENUE BONDS, SERIES L, ARE AUTHORIZED AND ISSUED; RATIFYING THE ADVERTISEMENT OF SAID BONDS FOR PUBLIC SALE ON AN AMENDED BASIS; AND ACCEPTING THE SUCCESSFUL BID FOR THE PURCHASE OF SAID BONDS UPON RECOMMENDATION OF THE FINANCE COMMITTEE OF THE BOARD

Recommendation: That the Board of Trustees accept the bid of J.J.B. Hilliard, W. L. Lyons, Inc. offering to purchase the Bonds at a net interest cost of 6.8920061 % and that the coupon rates as shown on the attached copy of the successful bid be approved and adopted.

Background: On April 1, 1986, the Board of Trustees approved a Resolution authorizing the issuance of \$3,790,000 University of Kentucky Housing and Dining System Revenue Bonds, Series L. Said Resolution also authorized the public advertising for sealed, competitive bids to be received on May 6, 1986. Bids were received by the Finance Committee and the recommended bid is the lowest net interest cost to the University.

This Resolution also amends the maturity schedule presented in the April 1, 1986, Resolution. The revised maturity schedule reduces the Series L interest cost an estimated \$500,000 during the twenty year period.

Four bids were received and tabulated as follows:

BOARD OF TRUSTEES RESOLUTION
EXHIBIT B

Farmers Bank & Capital Trust Company, Frankfort, Kentucky, the Trustee under the Trust Indenture under which the Bonds are issued, has been designated as Bond Registrar and Paying Agent and shall remit interest on each semi-annual due date to each Registered Owner of record as of the 15th day of the month preceding the due date by regular United States Mail postmarked as of the interest due date. Principal shall be paid upon the submission of matured (or called) bond certificates to the Paying Agent. Subsequent to the initial delivery of the Bonds, upon the submission of proper authentication, the Bond Registrar shall transfer ownership of Bonds within three (3) business days of receipt without expense to the Registered Owner.

The Bonds will be issued pursuant to the terms of the Trust Indenture, dated June 1, 1965, as subsequently amended, naming Farmers Bank & Capital Trust Company, Frankfort, Kentucky as Trustee and will rank on the basis of parity and equality as to security and source of payment with Housing and Dining System Revenue Bonds, Series A through Series K, inclusive, previously issued and now outstanding.

The Bonds are issued for the purpose of retiring \$4,200,000 of the Board's Housing and Dining System Revenue Bond Anticipation Notes, Series L, dated June 1, 1982, issued for the purpose of retiring the Board's Housing and Dining System Revenue Bonds Anticipation Notes, Series L, dated March 17, 1981, originally issued for the purpose of financing the cost, not otherwise provided, of constructing an addition to the existing Student Center Building (the "Project"). The Project constitutes a part of the University's Housing and Dining System, comprising all of the student housing, dining and student center facilities (except fraternity and sorority houses) at the Main Campus of the University at Lexington, Kentucky (the "System"). The Bonds are not general obligations of the Board, the University, or the Commonwealth of Kentucky, but are special obligations secured by and payable solely from a first lien and charge upon the defined Revenues of the System.

Details regarding the Bonds, the Official Bid Form and financial and other pertinent information concerning the University and the University's Housing and Dining System are contained in the "Official Statement" which may be obtained by addressing Mr. Henry Clay Owen, Controller and Treasurer of the Board, Peterson Service Building, University of Kentucky Campus, Lexington, Kentucky 40506 or the Financial Adviser, First Kentucky Securities Corporation, State National Bank Building, P. O. Box 554, Frankfort, Kentucky 40602.

LEGAL OPINION

The purchaser of the Bonds will be furnished at delivery, which delivery must be on June 2, 1986, at the cost of the Board, the approving legal opinion of Henry M. Reed III, Bond Counsel, Louisville, Kentucky. Bond Counsel is of the opinion that those provisions of the "Tax Reform Act of 1985" enacted by the United States House of Representatives on December 17, 1985 ("H.R. 3838"), relating to "arbitrage" restrictions are not applicable to these Bonds; however, because certain provisions of H.R. 3838 affect selected recipients of interest on the Bonds, Bond Counsel's opinion relating to the exemption from Federal (and State) income taxes on the interest on these Bonds will read, in part, substantially as follows:

"Based upon existing statutes, regulations and official rulings as construed and applied as of the date the Bonds herein referred to are delivered, it is my further opinion that the receipt of interest on said Bonds is at present excludable from the gross income of the recipients thereof for present Commonwealth of Kentucky and Federal income tax purposes, and that said Bonds are exempt from present ad valorem taxation by the Commonwealth of Kentucky and all of its political subdivisions; provided, however, that if H.R. 3838 (the "Tax Reform Act of 1985") or similar legislation is ultimately enacted with a January 1, 1986 effective date for provisions relating to tax-exempt bonds, the interest on said Bonds may be directly or indirectly subject to Federal income tax consequences if the recipient is a financial institution or property and casualty insurance company."

Bond Counsel respectfully requests that the corporate entities identified above review the provisions of H.R. 3838 in order to determine the tax consequences unique to those entities.

The Board expressly reserves the right to reject all bids and to waive any informality or irregularity which in the judgment of the Board does not impair the integrity of the bidding process.

BIDDING CONDITIONS AND RESTRICTIONS

Bids must be made on the Official Bid Form, contained in Information for Bidders available from the undersigned or First Kentucky Securities Corporation, State National Bank Building, P. O. Box 554, Frankfort, Kentucky 40206, enclosed in sealed envelopes marked "Bid for Housing and Dining System Revenue Bonds, Series L".

The minimum bid shall be not less than \$3,714,200 (98% of par) plus accrued interest to June 2, 1986. Interest rates shall be in multiples of 1/8 or 1/20 of 1%. Only one interest rate shall be permitted for each principal maturity and all Bonds of the same maturity shall bear the same rate. Interest rates must be on an ascending scale in that the interest rate for Bonds of any maturity must not be less than the interest rate stipulated for any preceding maturity. There is no limit on the number of different interest rates.

CUSIP identification numbers will be printed on the Bonds at the expense of the Board. The purchaser shall pay the CUSIP Service Bureau charge. Improper imprintation or the failure to imprint CUSIP numbers shall not constitute a cause for failure or refusal by the purchaser to accept delivery of and pay for said Bonds on June 2, 1986 in accordance with the terms of any accepted proposal for said purchase.

Each bid must be accompanied by a certified or bank cashier's good-faith check in the amount of \$75,800; said amount shall be forfeited as liquidated damages in the event of a failure of the successful bidder to take delivery of said Bonds on June 2, 1986.

Delivery will be made on JUNE 2, 1986 in Louisville or Lexington, Kentucky or Nashville or Memphis, Tennessee or Cincinnati, Ohio at no expense to the purchaser or at any other place in the Continental United States desired by the purchaser at its expense; provided, however, the Purchaser shall bear any bank service charge for processing the delivery of the Bonds and closing the transaction if delivery is made at a location other than the principal office of the Bond Registrar. Payment shall be made in FEDERAL FUNDS.

Delivery may be effected through the use of a fully registered manuscript (typed) Master Bond in the name of the manager of the purchasing syndicate in the full amount of the Issue. Each member of the purchasing syndicate shall be required to supply the Bond Registrar with the name, address, taxpayer identification number and principal amount and principal maturities for each party in whose name Bonds are to be registered upon the initial delivery.

The Board will furnish the Purchaser with the final approving legal opinion of Henry M. Reed III, Bond Counsel, subject to whose legal opinion the Bonds are sold and will furnish printed bond certificates and the usual closing proofs, including the customary no-litigation and non-arbitrage certificates.

Office of the President

SCCR 1

Members, Board of Trustees:

AMENDMENT OF CODE OF STUDENT CONDUCT

Recommendation: that the Board of Trustees approve the attached proposed amendments to Article II (University Rights of Students) and Article IV (The University as a Supervisor of Residence Halls) in the Code of Student Conduct, effective August 16, 1986.

Background: Under Article VII (Amendment), only the Board of Trustees may amend the Code of Student Conduct. Responsibility for proposing revisions to the Code of Student Conduct is delegated to a committee consisting of students, faculty, and administrators. The committee accepts and reviews recommendations from students, faculty, and administrators regarding revisions and forwards them to the President for presentation to the Board of Trustees for its consideration. The Article also provides that the President may propose changes without reference to the committee.

As in past years, the committee solicited proposals for Code revision from members of the University community via The Kernel. Two proposals were received, studied carefully, given preliminary approval, published verbatim in the Kernel accompanied by a request for written comment, and subsequently given final approval. In the case of Proposal #1 (pertaining to the right of student access to meetings of registered student organizations), in addition to the aforementioned publication in the Kernel, the proposal was circulated to the three chancellors, all vice chancellors and college deans, the Director of the Lexington Community College, and all registered student organizations, together with a request for written comment. At its last meeting the Committee acted formally to endorse the attached two proposals and to forward them to the President for submission to the Board of Trustees.

The proposed revisions were approved by the President and forwarded to the Board of Trustees Student Code Committee. The Committee met on April 1 and voted to recommend adoption of the amendments.

Proposal #1: Add a new section to Article II (University Rights of Students) as follows:

Section 2.6 Right of Student Access to Meetings of
Registered Student Organizations

The University affirms the right of all students, including members of the student press, to attend meetings of registered student organizations that receive the majority of their regular operating budgets from allocations of student fees money and/or University allocations.

Exceptions to the foregoing right include:

- deliberations of election boards and selection committees.
- contract negotiations of student organizations and private contractors.
- discussions or hearings which might lead to the appointment, discipline or dismissal of an individual employee, member or student without restricting that employee's, member's or student's right to a public hearing if requested, provided that this exception is not designed to protect the reputation of individual persons and shall not be interpreted to permit discussion of general personnel matters in secret.

"Meeting" means any gathering of a quorum of the members, regardless of where the meeting is held, whether a regular or special meeting, including any informational or casual gathering held in anticipation of or in conjunction with a regular or special meeting.

Background: This proposal was submitted by the UK Chapter of the Society of Professional Journalists/Sigma Delta Chi. It appears that the student organizations that will be principally affected by this amendment are the Student Government Association and the Student Activities Board, although other groups could be affected as well, such as the various residence hall councils. The Committee solicited reactions from all registered student organizations, including those named above, none of whom have expressed opposition to the proposal. In fact, both SGA and SAB have assured the Committee that their current policies and practices already provide for student access to meetings in accordance with the proposed amendment. In addition, following our solicitation of reactions from the chancellors, vice chancellors, and college deans, no negative comments regarding the proposal were received.

In effect, the Student Code Revision Committee is endorsing the principle of student access to meetings of those student organizations that receive a majority of their regular operating budgets from University funds.

Proposal #2: Delete the last sentence from Section 4.21 in Article IV (The University as a Supervisor of Residence Halls). Currently Section 4.21 reads as follows:

Violations of the rules promulgated by the Dean of Students in accordance with the rental agreement will be investigated by the Hall Director of the residence hall in which the violation is alleged to have occurred. Disposition of such cases shall be made in accordance with established and published procedures which have been approved by the Dean of Students. Such disposition may not include dismissal from the housing unit.

It is proposed that the last sentence ("Such disposition may not include dismissal from the housing unit.") be deleted.

Background: The intention of the sentence in question was to prevent a hall director from unilaterally dismissing a student from the hall without approval of the Dean of Students, but the sentence may be subject to the interpretation that no one can take such action. Elsewhere, in the Rental Agreement signed by the student and the UK Housing Officer (and by the parent or legal guardian if the student is under age 18), the University's authority to revoke the agreement and remove a student from the residence halls, in the event of violation of the agreement, is made clear. Because the last sentence in the Code's Section 4.21 is both unnecessary and confusing, the Dean of Students recommended its deletion.
