ALL SCHOOLS, BY LOCAL PUBLIC SCHOOL DISTRICT

The following is a list of all elementary and secondary schools in Kentucky.

Each independent district is listed under the county district in which it is located. Each public and non-public school is listed under the public school district in which it is located.

After the name of each school is the list of grades, number of teachers, enrollment, name of principal or head teacher, mailing address, and zip code. The person listed under "principal or head teacher" is the one to whom school mail should be sent. The address is the school mailing address. The "number of teachers" is the full-time and part-time teachers in each school. Full-time principals and assistant principals are not included. The number of teachers in each school and the number of pupils enrolled is based on the end of year estimates (1972-73).
