Chandler's Ice Crusher

Wherever used is regarded as a necessity. By a few turns of the handle the ice is reduced to a mass of clean, dry crystals of similar size and shape.

Ice is an antiseptic; it arrests decay and kills the germs of disease; its free use is advised by best physicians; is a prompt and effective remedy in all fevers, throat affections and hemorrhages.

Delicious beverages, ices and creams are prepared; salads, vegetables and relishes are rendered crisp and refreshing by the use of crushed ice.

Price \$3.00 crated for shipment by Express.

75 MAIDEN LANE,

New York, September 1, 1885.

Dear Sir :

For twenty years we have devoted our energies to producing a Gas Machine that might be considered well nigh perfect. The "Springfield" has been long recognized as the standard of excellence.

We now have a new device for making gas of uniform quality, without adjustable burners, and free from smoke. If you would know about it send for description of our Patent Mixing Regulator, which may be attached to any of our machines.

While perfecting our Gas Works, we have also vastly improved our gasolene—"Pure Spirits." None better can be had and it is constantly growing in popularity. Try it.

A house that can furnish such goods and help you mechanically in case of need, is worthy your confidence and patronage.

Our facilities are unsurpassed, our prices as low as any other responsible house in our line, and we think we can offer you greater inducements than any. Consult us frequently and freely about the operation of your machine, and always have a good, steady and abundant light!

September Quotations "PURE SPIRITS" GASOLENE.

86°	14 ¹³	cts. per gallon.	} In 10 bbl. lots one cent per gallon less.
88°	16 ¹⁴	" "

These prices include barrels and delivery at depot in New York. Empty barrels returned to us will be credited at \$1.25 each, thus reducing the above cost 2½ cents per gallon.

Soliciting your orders, we are,

Having recently purchased a new office, which involved us in no small amount of debt, we have to urge payment of what is due us on account in order to keep our heads above the wave. Our accounts are small and numerous thus making it a small matter for the individual debtor to meet, and a "big thing" for us in the aggregate. Come up and pay us and we will forever ascribe to you the praises due the man who is willing to lend a helping hand when his friends need assistance.

Respectfully,

Wherever used is regarded as a necessity. By a few turns of the handle the ice is reduced to a mass of clean, dry crystals of similar size and shape.

Ice is an antiseptic; it arrests decay and kills the germs of disease; its free use is advised by best physicians; is a prompt and effective remedy in all fevers, throat affections and hemorrhages.

Delicious beverages, ices and creams are prepared; salads, vegetables and relishes are rendered crisp and refreshing by the use of crushed ice.

NEW YORK, Nov. 2, 1885.

TO any one requiring a first-class, reliable Gasolene, expressly distilled for use in gas machines, we recommend our "**PURE SPIRITS.**" It has no superior in quality, while the prices are as low as those of any other reputable house. We pay special attention to this branch of our business, and shall do everything in our power to merit a continuance of the patronage so liberally bestowed upon us in the past.

We quote, delivered free on board, New York City :

86°	16 ¹⁴	cents per gallon	} One cent per gallon less in lots of 10 bbls., or larger quantities.
88°	18 ¹⁶	"	
90°	21 ¹⁹	"	

For the library we recommend our "**Library Oil,**" a superior quality, 150° fire test, pure water white. It is put up in barrels, half barrels, and five and ten gallon cans. Try it.

Attention is also called to the **Springfield Mixing Regulator**, which makes a uniform quality gas, *entirely free from smoke*, and dispenses with all adjustable burners. It works to perfection and can be attached to any gas machine.

Manufacturers using gas for heating purposes can reduce their gas bills *at least one half*, by our new apparatus adapted to burning **Fuel Oil**. Send for circular.

A PERFECT LAMP OIL.
✱

Owing to the peculiar light gravity and high fire test obtained by our new process of refining, we are enabled to offer in our well-known Fire Proof Brand, the very highest grade of Burning Oil yet produced from Petroleum.

It is entirely free from every impurity. Fire Proof Oil is absolutely free from Benzine, Paraffine, and all gummy or foreign matter which in other oils so frequently clogs the wick and prevents its giving a clear, bright flame.

In color it is as white and clear as spring water, and gives off no odor in burning.

Read What the Inspectors Say OF FIRE PROOF OIL

OFFICE OF T. J. HOPKINS,
COAL OIL INSPECTOR FOR DAVIDSON CO.
NASHVILLE, TENN., DEC. 31, 1888.

This is to certify that after carefully inspecting Chess-Carley Company's FIRE PROOF OIL received in several different shipments, I have always found this Oil to stand a higher flash test than the law requires.

I have also given this Oil a practical test by burning the same in a lamp for a period of twelve consecutive hours with a full, large flame, consuming the entire quantity of oil, without smoke or charring the wick.

T. J. HOPKINS, Inspector.

OFFICE OF DR. JAMES S. LAWTON,
INSPECTOR OF OILS FOR ATLANTA DISTRICT.
ATLANTA, GA., DEC. 1, 1888.

I have carefully weighed, inspected and tested the FIRE PROOF OIL, and find it to be fully 49 degrees—specific gravity—Baume's scale, while its fire test is 150 degrees, Fahrenheit.

It is the lightest oil I ever tested to be so high in fire test, and consequently will give a brilliant and beautiful light, while at the same time it is a Safe Oil.

JAMES S. LAWTON, Inspector.

OFFICE OF E. N. WARFIELD,
INSPECTOR OF OILS FOR JEFFERSON CO.
LOUISVILLE, KY., FEB. 1, 1889.

I have tested a great many barrels of your Oil branded FIRE PROOF OIL, and have always found it to be one of the best and purest of Refined Oils. It stands at a high fire test, and is a safety oil, which will give entire satisfaction.

E. N. WARFIELD, Inspector.

OFFICE OF COAL OIL INSPECTOR,
NEW ORLEANS, LA., SEPT. 12, 1888.

I unhesitatingly recommend Chess-Carley Company's FIRE PROOF OIL, as indorsed by the Board of Fire Underwriters, as a perfectly safe and reliable illuminating Oil for family use.

EUROPEAN NEWSPAPERS AND
MAGAZINES WITH PRICES OF
PUBLICATION AND POSTAGE
PAYABLE BY BANKERS DRAFTS
AMERICAN OR BRITISH POSTAL
ORDERS OR CURRENCY

1885

ENGLISH BOOKS AT ENGLISH PRICES AT
TWENTY-FIVE CENTS TO THE SHILLING.
EVERY READER HIS OWN IMPORTER.

PRINTED AT THE CHISWICK PRESS FOR
B. F. STEVENS AMERICAN
LIBRARY AND LITERARY AGENT
4 TRAFALGAR SQUARE CHARING
CROSS LONDON ENGLAND

ENGLISH BOOKS AT ENGLISH PRICES AT
TWENTY-FIVE CENTS TO THE SHILLING.
EVERY READER HIS OWN IMPORTER.

THE facilities and economies offered by this agency to book buyers in America include:—

Prompt execution of orders. All books are despatched by early mail or steamer.

New Books are charged at trade prices, which are usually twenty-five per cent off the price of publication. Second-hand books are charged at lowest nett prices.

Commission ten per cent on trade and nett prices.

Book postage to America is only one halfpenny for every two ounces up to four pounds weight.

Small parcels of books may be consigned to agents in New York, Boston, or Philadelphia, who will charge the proportion of freight and expenses on each package, thus effecting a considerable saving. Larger shipments are consigned as the buyer instructs.

The discount off publication price is about equivalent to the cost of freight or postage and commission; hence in making purchases of new books it is safe to estimate that the books would be received at a cost of 25 cents to the shilling (publication price) exclusive of duty, if any.

Priced lists of current publications, with publishers' announcements and literary notices, are printed in the *Publishers' Circular*, issued fortnightly, and in the *Bookseller*, monthly. Special attention is paid to forwarding catalogues of publishers and booksellers, English and Continental.

Superior Library Binding can be done in half levant morocco in a few days, and costs about fifty per cent less than in the United States.

The United States duty of twenty-five per cent is taxed on the nett prices of books printed within twenty years. All older books are duty free.

Public Libraries, Colleges, Academies, and other incorporated institutions are entitled to make all their importations free of duty.

Engravings, Drawings and Paintings, Philosophical Apparatus and Scientific Instruments, and all other wants of libraries receive due attention.

This being a strictly ready-money commission business, it is necessary that orders should be accompanied by funds, and that current accounts should be kept well covered.

Remittances to B. F. Stevens, 4, Trafalgar Square, Charing Cross, London, England, may be made in sterling by Bankers' drafts, or Post Office orders on London; or in American currency at five dollars gold to the pound sterling, being 25 cents to the shilling. For odd amounts send postage stamps.

NEWSPAPERS AND MAGAZINES
AT ENGLISH PRICES.

NEWSPAPERS and Periodicals at the price of publication and postage are mailed to subscribers in the United States on the days of issue, and so reach subscribers at the earliest possible day and at economical rates.

Subscriptions, payable in advance, may usually commence at any time and be taken for any period. Sample copies will be supplied upon application with remittance.

Illustrated periodicals may be sent by mail, rolled, in cardboard tubes, at the additional cost of the tubes and extra postage.

The postage from London to any part of the United States on newspapers, magazines, and books is one halfpenny (one cent) for every two ounces up to four pounds weight.

Season of '85.

WE hand you herewith a price list of ENVELOPES and FINE RULED GOODS, quoting prices per THOUSAND and REAM, *not printed*. The cost of printing depends on amount of matter required, and the way same is worked. Special prices will be quoted on large orders. The line of goods named, embraces almost every kind and grade of ENVELOPES known to the trade, and as *price* is the criterion in selecting, we feel sure our customers will have no trouble in choosing intelligently without samples. You now have in your possession, our samples of CATALOGUE MATERIALS, DIPLOMA MATERIALS, RULED GOODS, (Letter, Packet Note and Note Heads) and quotations on RULED GOODS, ENVELOPES, DIPLOMAS, etc., etc. If these have been preserved, our patrons—old and new—will have no difficulty in understanding special quotations from this office; if not, the entire series will be sent promptly on request by postal. On account of special efforts, calling attention to our facilities for printing DIPLOMAS, CERTIFICATES, TESTIMONIALS and other blank forms used by schools and colleges, the number printed this season *to date*, is more than five times the *entire* number, furnished last year. Those desiring such goods, will do well to order early, as we anticipate a decided rush, in May and June. Special rates on large orders. On catalogues and other pamphlet work of like nature, we are prepared to quote as low prices as are consistent with your selection of the size of type, the grade and weight of paper (for body and cover), and manner of working same. Remember we do *all* grades in this line from the commonest to the finest, not meaning of course that we engage to equal the country printer, whose type being limited, old, worn and “off its feet,” does his presswork with “shoe blacking”; for we use *new* type, *good* ink, fine presses and have every mechanical device known to the trade, for drying and properly binding our work, in this department. In INVITATIONS, PROGRAMMES and other Commencement Printing, we have samples on Fine Paper, Card Board, and on Lithographed and Steel Engraved Cards and Folders, which we can send subject to inspection and return. If customers will kindly name (about) the amount they desire to spend for a given number and kind, it will, in many cases, save us the trouble and expense of mailing costly specimens. We are prepared to engrave BUILDINGS, SCENERY, PLANS and other property of schools, in first-class style, at moderate cost. Electrotype plates of anything in our line, at foundry rates (from smallest card to largest book). We buy and print for customers, postal cards or stamped envelopes and wrappers. No trouble to send samples of anything we print, no hardship to quote prices on any proposed work (when proper details are finished), no difficulty in sending proof or goods to any State in the Union. We pack or box and deliver to freight or express *here*, free (F. O. B. C.), any work intrusted to us, and can for old customers, (or when money is furnished for the purpose, by those unknown to us,) *prepay* freight or express charges to any part of the country. Send for estimates on anything you propose to print during the season. Trusting we may have a share in your patronage, we remain,

Very respectfully,

SONG OF THE TYPES.

Sages! who bend 'neath a burden ripe,
Youth! where the sunbeams still linger,
Come list to the song of the printing type
As it falls from the printer's fingers.

In a dismal garret and dingy town,
Where the Rhine's blue waves are flowing,
Old Gutenberg captured my spirit down,
And set my footsteps going.

But I burst on the world like the morning's sun,
And lighted its midnight hoar,
And though my long journey has just begun,
I have flooded the globe with glory.

I have torn down the castles of crime and sin,
I have opened the dungeons of sorrow,
I have let the glad radiance of freedom in,
And scattered the legions of horror.

I have broken the fetters that shackled the mind,
I have restored its strength and beauty;
And taught the proud princes that rule mankind
The lesson that power is duty.

I have rescued from prison the human soul,
And opened its inner portal,
Till it spurns indignant all human control
And scars in its flight immortal.

In the realm of science I scatter light,
To the poor bear hope in his hour;
For never again shall the world in night
Of darkness and slavery grovel.

Let no scholar despair, no warrior quail;
Obhion's scythe is rotten;
For no more shall the words of wisdom fail,
Nor the hero's deeds be forgotten.

The minstrel's strings shall not break again,
And love shall be ever vernal,
For the maiden's vow and the poet's strain
Shall sound through the aisles eternal.

The old world shakes 'neath my giant tread,
And in vain tries to fetter my pinions;
For my voice speaks down and my arm bears tread
To crumbing thrones and dominions.

Four hundred years their wails I've heard,
And the cause of their dire alarm is,
That the pen is mightier than the sword,
And the types than a thousand armies.

Thrice welcome to me is the land of the West,
Where Franklin's simple story
Proclaims in type how a king's behest
Was eclipsed by a printer's glory.

BEAUTIFUL LIBRARY, SCHOOL-ROOM, OR OFFICE ORNAMENTS.

THE ATLANTIC PORTRAITS.

Hawthorne, Emerson, Holmes, Lowell, Whittier, Bryant, Longfellow.

NATHANIEL HAWTHORNE.

It is a success which gives me a surprise and pleasure such as would naturally come to a daughter who seems to behold her father's countenance again after many years. Mr. Baker has with remarkable power divined, from the excellent English photograph, the inspiration of my father's early demeanor, as testified by those who constantly saw him; and it is this aspect which, when it recurred later in life always seemed to me to be his most individual expression. — ROSE HAWTHORNE LATHROP.

RALPH WALDO EMERSON.

It is hard to convey the subtle charm of Mr. Emerson's expression, but whoever shall see this picture will see the fine, lofty, clear-cut intellectual purity of aspect and bearing which is most characteristic. — GEORGE WILLIAM CURTIS.

OLIVER WENDELL HOLMES.

I welcome to my study the fine portrait of our well-beloved and honored friend, Dr. Holmes. It seems to me a very successful representation of the Autocrat of the Breakfast Table. — JOHN G. WHITTIER.

It has caught the expression of that perennial youth which is as characteristic of his face as of his spirit. — C. E. NORTON.

JAMES RUSSELL LOWELL.

This excellent portrait of Lowell will be a faithful remembrancer now and hereafter of his noontime person, and a treasure to his friends and countrymen. — R. W. EMERSON.

The portrait of Lowell is very much the best that I have seen. Those who have hitherto known the poetry and not the poet will like the poetry all the more now that they have seen the poet in so true a likeness. — GEORGE WILLIAM CURTIS.

JOHN GREENLEAF WHITTIER.

It is enough to say of this fine presentment of a noble face that it is a worthy companion of those two admirable pictures which bring before us with life-like reality the features of Longfellow and Bryant. — DR. OLIVER WENDELL HOLMES.

It is very fine; it is the ideal Whittier. — J. T. TROWBRIDGE.

WILLIAM CULLEN BRYANT.

Mr. Baker was singularly fortunate in his subject; he has produced a marvelous likeness of Bryant, and a very noble work of art. — T. B. ALDRICH.

I think the picture admirable in its rare and commanding lines, and shall gladly give it the best place I can find in my limited collection. — RALPH WALDO EMERSON.

HENRY WADSWORTH LONGFELLOW.

The author of the "Psalm of Life" and of "Resignation" could hardly be more perfectly idealized than as he is here presented to us. — DR. OLIVER WENDELL HOLMES.

It is one of the most admirable likenesses I have ever seen, and I can scarcely imagine a better representation of the poet and the man. — BAYARD TAYLOR.

These portraits are life-size, and each picture is 24 × 30. They are sent by mail, carefully rolled, so as to prevent all danger of injury, and will be forwarded to any address on receipt of \$1.00 each.
