Dear Sir

Enclosed

find tax receipt for 1886.

The land could be made to bring you in about \$8. per year by having it fenced.

The fence would cost about \$250. and would add much more than that to the value of the land.

Many of the non resident land owners had their land fenced last year and the results have proved satisfactory.

Should you desire to make such improvement let us know and we will give you further particulars & attend to it for you
Very Truly Yours

❖ Williams' Ink Saucer and Stand ❖

INVENTED BY HENRY S. WILLIAMS, OF

WILLIAMS & BROWN,

DEALERS IN

DRAUGHTING SUPPLIES OF EVERY DESCRIPTION,

PHILADELPHIA.

We desire to call your special attention to this Ink Saucer with Stand, believing that it will meet the wants of many draughtsmen. This Saucer is manufactured under the supervision of the inventor in new and improved moulds, from specially prepared porcelain ware: has the grinding surface roughened, causing it to be particularly adapted for grinding India ink smoothly and rapidly. The cover and lip of saucer being ground, all evaporation is prevented. The grinding surface is sunk low enough to prevent the ink from splashing on the outside whilst being mixed. In the centre is a well for holding the ground ink.

In order to distinguish this Saucer from inferior imitations in the market we have added a Water Glass with wood cover and fitted both into a neat wooden stand having divisions for holding brushes and tacks, and no Saucer is genuine unless it bears the name of our firm—WILLIAMS & BROWN—on the porcelain cover.

In order that these stands shall meet with large sale we have placed them at an extremely low price and believe they will meet with general favor:

PHOTOGRAPH ALBUMS

FOR

COLLEGE CLASSES.

TO THE SECRETARY OF CLASS OF '86—

DEAR SIR: We desire to call your attention to the subject of **CLASS ALBUMS.**

Many graduates desire Albums made specially to contain the portraits of the members of their class of the Faculty, views of College Buildings, Campus, etc. In later years these become invaluable as souvenirs of college days.

During the past twenty-five years we have made such Albums for many Classes, and have always given entire satisfaction to our patrons; and, should your Class or any of its members desire anything of this kind, we shall be pleased to furnish estimates therefor.

Our Albums are finely and strongly bound. All have soft padded sides and rounded corners. They are gilded with the finest gold-leaf, and are fitted with extending clasps, either nickel or gilt, as desired.

Prices are moderate and depend upon the size and style of Albums wanted, and upon the material with which they are bound. When a number of Albums are ordered, the price is considerably reduced in consequence.

Either genuine or imitation of sealskin or of Turkey morocco, calfskin, Russia leather and fine silk plush may be used for binding.

Class Albums are usually made with an inscription on the side, somewhat as follows:

University of Pennsylvania.

CLASS OF '86.

JOHN SMITH.

For patterns of styles of binding, see enclosed sheet. Albums may be either entirely plain or embossed or with fanciful patterns embossed in gold upon the sides. The entirely plain sides, relieved only by inscription, are most generally desired.

Albums made to order require about three weeks' time in the making; therefore, if any are wanted, it is advisable to give the matter early attention.

May we ask that these circulars be posted where they can be seen by those interested in this subject?

Respectfully yours,

A. J. HOLMAN & CO.,

Dealer in all Kinds of Coal.

Telephone No. 117.

Lexington, Ky. Jan 11th 1887

Pres. J. K. Patterson.

Dear Sir: Yours of 10th inst.
asking price of Benson Fork Coal in
car loaded lots is before me.

I can furnish you from Benson
Fork lump by the car load at twelve
cents per bushel.

On account of the bridge giving away over the
Cumberland river we have not been able to
get any coal south of that river for about ten
days, but I understand trains began running
again on last Sunday, and we may now ex-
pect our usual supply of coal from the
Southern mines. Hoping to receive an order
from you, I am

Yours Truly

A. Y. Smith.
