**JULIAN M. CARROLL**  
Governor of Kentucky

Julian Morton Carroll became Kentucky's 58th governor on Dec. 28, 1974, succeeding Wendell H. Ford, who was elected to the U.S. Senate. Carroll was elected to a full four-year term as governor in November 1975 and was inaugurated in December of that year. Born in McCracken County in 1931, Carroll attended Paducah Junior College after graduating from Heath High School. He was graduated from the University of Kentucky in 1954 and received his law degree from UK in 1956. Before becoming governor, Carroll served three years as lieutenant governor and ten years as a member of the Kentucky House of Representatives, the last four as Speaker of the House. He is an active member of the Optimist Club and a former Jaycee. He attained the highest office in Kentucky for laymen of the Cumberland Presbyterian Church in 1966-67 when he was named moderator of the Kentucky Synod. The Governor and his wife, Charlann, have four children.

# Have dinner at a world-famous restaurant.

Some of the most famous dinner restaurants in the world have a great big set of Golden Arches in front of them.

That's because McDonald's® is the perfect place to come for dinner when you don't want to dress up.

Or when you want to bring a whole lot of children.

Or when you're too tired to cook.

Or when you want to spend a night out without over-spending.

The next time you want a relaxed,

inexpensive dinner, stop at McDonald's.

The world-famous restaurant in your neighborhood.

**DR. OTIS A. SINGLETARY**  
*President, University of Kentucky*

Dr. Otis A. Singletary came to Lexington in 1969 as the eighth president of the University of Kentucky, which was established in 1865 under provisions of the Morrill Act of 1862 as the Agricultural and Mechanical College of Kentucky University. In 1878, the school separated from KU and became an independent institution supported by the State. It has been known as the University of Kentucky since 1916.

Prior to assuming the UK presidency, Dr. Singletary was executive vice chancellor for academic affairs at the University of Texas, Austin. He earlier had been director of the Job Corps program for the Office of Economic Opportunity, and chancellor of the University of North Carolina at Greensboro. His many honors include the UK Alumni Service Award—a recognition rarely bestowed upon a non-alumnus of the University.

**CLIFFORD O. HAGAN**  
*Director of Athletics*

Cliff Hagan returned to his alma mater January 1, 1972, as assistant director of athletics and then was named athletics director July 1, 1975. One of the all-time great basketball players at UK, he played on teams that won 86 of 91 games and an NCAA championship (1951). The 1954 team, undefeated in 25 games, elected not to play in the national tournament. Hagan set a dozen SEC records and an NCAA record of 528 rebounds as a junior. He averaged 29 points a game, led the nation in rebounding, and scored a then-UK record 51 points against Temple in 1954.

He was All-American at UK, All-Pro with the St. Louis Hawks and player-coach of the Dallas Chaparrals. He was named the 1968 Texas "Professional Coach of the Year."

## STADIUM INFORMATION

**FIRST AID**—The University of Kentucky provides, for your convenience and welfare, First Aid Stations on the ground level on both sides of the stadium. On the West side is Room 156, the East side Room 172. An ambulance is available at each corner of the stadium. Twenty doctors on duty are spotted in each section of the stadium and are easily accessible to Boy Scouts and ushers. Two golf cart ambulances are equipped for immediate aid and located on the second level on each side of the stadium. Persons with any type of chronic medical problem are requested to leave their name and seat location with the nurse on duty at either First Aid station. A person in need of assistance with a health emergency should report the situation immediately to the nearest Boy Scout or usher.

**CARDIAC CARE**—In cooperation with the University Medical Service, the University of Kentucky provides a cardiac resuscitation program.

**LOST AND FOUND**—Lost and found articles should be reported or turned in to an usher or a security officer. You may wish to write to the director of public safety (305 Euclid Avenue) and describe lost articles which will be returned if found.

**CROWD NOISE PENALTY**—Uncontrolled crowd noise can result in a five yard penalty against your team. Please observe quarterback and official's signals for quiet.

**NO HORNS**—Horns are not permitted in Commonwealth Stadium and will be picked up at gates. Be considerate and allow your neighbor to enjoy the game. Keep portable radios at a low volume.

**GATE INFORMATION**—All gates are open two hours before game time. Parking lots are open three hours before game time. All stadium exits will be opened after the game. Please do not leave the stadium during the game or at half-time if you plan to re-enter. No "Pass-out" tickets will be issued and you will not be permitted to re-enter.

**FIELD REGULATIONS**—Spectators must keep off the playing field at all times and after the game. Spectators must use the stadium ramps for exits.

**LIQUORS**—Alcoholic beverages are strictly prohibited within the stadium as are all food and drink containers including hard surfaced materials of any type, bottles,

cans, thermos bottles, ice bags, ice chest, and any object related to above. Gate personnel are instructed to enforce this rule in the interest of safety.

**PUBLIC ADDRESS**—Messages for the public address announcer are acceptable only in emergencies and must be approved by the Sports Information Director at the Press Box.

**SIGNS**—Signs and barriers are restricted for Commonwealth Stadium in accordance with University regulations and policies established by the Public Safety Division.

**PARKING**—More than 5,000 parking spaces are located in four lots around the stadium, along with a bus-camper lot. Some areas are set aside for Blue & White Fund members, handicapped persons, staff and the press. Located nearby on the campus are many free parking spaces in University lots. Shuttle buses carry passengers to and from the campus lots and the stadium.

### GENERAL TICKET POLICY FOR STADIUM

- All persons must have a ticket
- No pass out checks permitted at any gate
- All sales final
- Tickets cannot be refunded or replaced if lost, stolen or destroyed
- The University of Kentucky Athletic Association reserves the right to revoke tickets by refund of purchase price
- Holder of tickets to University of Kentucky athletic events agrees to abide by stadium and University Policies
- Tickets may not be sold on University of Kentucky premises (parking lots, stadium grounds, etc.) except by authorized personnel

## Fran Curci

HEAD FOOTBALL COACH

Fran Curci enters his fourth season as head football coach at the University of Kentucky, where the program still is in a rebuilding stage, as evidenced by the large number of freshmen and sophomores who have earned varsity letters during the past three years.

Curci's best year with the Wildcats was 1974, when he gave UK fans their first winning season (6-5) in nine years. Plagued by injuries, failure to find a suitable replacement for Mike Fanuzzi at quarterback and some unfortunate extemporaneous factors, the Wildcats fell to 2-8-1 last season.

Reputed as one of the nation's finest recruiters, Curci has worked long and hard to attract fine talent to Lexington and his first three Wildcat squads have featured a host of freshmen and sophomores playing prominent roles.

Curci came to the University from the University of Miami, Fla., where he was head coach two years. He started his

career as freshman coach at Miami in 1962 after making All-American there in 1959 and playing as a 5-foot-9, 152 lb. quarterback for the old Dallas Texans of the AFL. In four years his Hurricane frosh teams won 12 and lost two. He later served as varsity offensive assistant at Miami (1966-67) and in both of those years Miami wound up in bowl games.

He was tapped by the University of Tampa in 1968 to see what he could do about a faltering football program; in three campaigns, he wrote one of the most amazing success stories in college football.

In his first year at Tampa, he put together a 7-3 season, which included victories over Mississippi State and Tulane. That earned for him the Florida Sports Writers Association "Coach of the Year" award, a recognition repeated in 1970. Curci's 1969 season was a brilliant 8-2 affair. His 10-1 record in 1970 also included a 31-14 triumph over Miami and brought the Tampans the nation's No. 1 College Division ranking as well as bringing Curci College Division "Coach of the Year" runner-up honors.

He took over as Miami grid boss Dec. 19, 1970, and left the program there in good shape for his successor.

A native of Pittsburgh, Pa., he played his high school ball in Miami, where he lettered three years as a quarterback at Archbishop Curley High and was All-City, All-Conference, Catholic All-State and his team's Most Valuable Player.

At the University of Miami, he was known as the "Mite-y Magician." Playing at 152 pounds, he parlayed intelligence and desire to become All-America as a senior in 1959 after receiving honorable mention All-America and winning acclaim as one of the foremost sophomore football stars in the country in 1957.

His record-shattering feats at Miami included breaking of seasonal and career marks for total offense, most passes thrown, most passes completed and most yards gained on passing. He also was co-holder of the record for most TD passes thrown.

He rolled up 2,767 yards rushing and passing during his varsity career, breaking a total offense record that had stood for more than two decades.

As a senior, he captained Miami and climaxed his career by engineering a stunning upset (18-23) over Michigan State.

After graduation in 1960 with a degree in marketing, he played one year with the Dallas Texans and then served as a lieutenant in the Army, coaching and playing football for the Fort Eustis team, which won the National Service championship in the Missile Bowl.

Curci has been selected five times to coach in all-star games. He assisted Bear Bryant with the South team in Tampa's first annual American Bowl game three years ago, then served as South head coach the next year. He helped Charlie McClendon of LSU and Alex Agase of Northwestern direct the East in the Coaches All-America football game at Lubbock, Texas, two summers ago, was co-South coach with Bill Battle of Tennessee in Miami's Shrine North-South game in 1975 and assisted Lou Holtz with the East squad in the first Japan Bowl held this year in Tokyo.

# UK's Student Leaders...

By JACKIE BONDURANT  
UK Information Services

The 20,500 students on the University of Kentucky campus in Lexington are primarily concerned with obtaining a quality education.

A major part of their education is the development of individual concerns and interests. The student leaders shown here represent the varying attitudes and interests of the University's 1976-77 student body.

Students at UK are optimistic about the future. They foresee a resurgence of pride in their country, a greater respect for individual rights, less emphasis on material gain and more emphasis on human needs.

"Perhaps it is because of the Presidential election, or it might be the Bicentennial celebration, but students are talking and thinking more about the future," one student said.

MIKE McLAUGHLIN, right, is president of Student Government, and HAL HAERING is vice president. McLaughlin, of Russell Springs, and Haering, from Louisville, are both seniors majoring in biology and pre-dentistry. "UK has one of the best colleges of dentistry in the nation," said McLaughlin. "I agree," said Haering, "I also came to UK because of the Honors Program."

GINNY EDWARDS is editor-in-chief of the Kentucky Kernel, UK's independent student newspaper. "I wanted to come to UK because of its journalism program and because I consider it the best state school," the Louisville senior said.

ROBERT PASS, a Greensboro, N. C., native who now lives in Lexington, is president of the Black Student Union. A senior, Pass says, "We need more people like Martin Luther King—more followers becoming leaders and more leaders becoming better leaders."

PAM PARRISH is editor of The Kentuckian Magazine and is a senior journalism major from Pee-wee Valley. "I knew I wanted to major in journalism and I consider UK's journalism program the best in Kentucky," she said.

## ...Have Designs on the Future

ROBERT GRIFFITH, left, is editor of the Kentucky Law Journal, and BOB JAFFE is president of the UK Student Bar Association. Griffith, of Lexington, chose the UK College of Law because of its quality and because he wants to practice in Kentucky. Jaffe, of Louisville, also plans to practice in Kentucky.

JOAN WEINGARTH, a native of Punta Gorda Isles, Fla., is president of Panhellenic, an organization of 16 social sororities involving 1,150 women. She chose UK "because of the community and beautiful campus."

COLLETTE ABRAMS, of Hodgenville, is president of Delta Sigma Theta sorority. The UK junior, a political science major, chose UK because she liked the idea of going to a big school away from home.

LINDA WARREN, a senior majoring in accounting, and ROBERT STUBER, a junior in secondary education, are presidents of Blanding and Kirwan towers, the two largest residence halls on the Lexington campus. They are from Louisville.

STEVE TAMME, of Danville, is president of the Agriculture Student Council. He became familiar with the UK campus while participating in 4-H and FFA activities. "UK is the best in the state," he said.

ANGELA SCHLAFFER, of Louisville, is president of Mortar Board, senior women's leadership and scholastic honorary. A senior majoring in speech and hearing, she came to UK because "it is a big school."

(continued)

## UK's Student Leaders...

STEVE MILLER, a second-year law student from Owenton, is president of Omicron Delta Kappa, a senior leadership and scholastic honorary. "I decided to transfer to UK where I could do some writing (I worked on the Kernel) and where there would be more diverse lifestyles."

JUDITH DISNEY is president of the UK Health Inter-Professional (HIP) Council, an umbrella organization for some 2,300 health-related majors. She came to Lexington with her daughter in 1971 to work in the UK Albert B. Chandler Medical Center. Now she is a fourth-year dental student.

GIL SKILLMAN is a senior economics major from Parkersburg, W. Va., and serves as chairman of the UK debate team. "People from my high school had come to UK to be on the debate team so I found out about its good reputation." Skillman is one of the best debaters in the nation.

JIM OMATSEYE, a native of Nigeria, is president of the Cosmopolitan Club. He is a second year doctoral student in educational philosophy. He studied in London, England, and came to Kentucky where he earned the bachelor's degree from Kentucky Wesleyan and the master's degree from Western.

## ...Outstanding in their Fields of Interest

ENRIQUE PANTOJA, of Louisville, is president of UK's Interfraternity Council, an umbrella organization for 20 social fraternities. Majoring in architecture and Spanish, he chose to attend UK because of the architecture program and because of the locality.

CINDY LEE, left, of Lebanon and SUSAN CHAMBERLAIN, of Louisville, are co-editors of "The Small Wall," a bi-monthly publication of the UK Honors Program. ROGER GUFFEY, of Monticello, serves on the program's student advisory committee.

TOM GASTON, senior from Lafayette, Ind., is president of the Student Center Board. An anthropology major, Gaston chose UK because he was familiar with Lexington and because his father is a UK grad.

MELVIN BASKIN, a senior from Lynch, is president of Kappa Alpha Psi fraternity. He worked in Chicago for about five years before deciding to enter college. "I chose UK because I wanted to come home to Kentucky."

# The New Chevrolet

The handwriting was on the wall.

It clearly said that the time had come for a new kind of 6-passenger car. One that would use fuel and space more sparingly, yet still provide the kind of room and ride you've found so comfortable and comforting in our popular full-size Chevys of the past.

The car is here.

It's called The New Chevrolet.

## More head room

The New Chevrolet stands a little taller than last year's full-size Chevy, which perhaps explains why it looks so very proud in profile.

Inside, there's a little more clearance for heads and hats and hairdos, both in the back seat and up front.

A new acoustical ceiling helps keep things nice and quiet.

## More leg room

We've increased the rear seat leg room by an inch in The Sedan (below) and by nearly two inches in The Coupe.

It will make a significant difference in riding comfort, especially on trips.

The straight-up styling of the car

makes it easier to climb into and out of.

## More trunk room

The trunk is truly enormous, more than a cubic foot bigger than last year, with a nice flat floor that makes it easy to arrange things.

It's one of many pleasant surprises awaiting you in The New Chevrolet.

## More efficient

The New Chevrolet is, by design, a very lean but very strong automobile, with not a trace of flab anywhere on its beautiful body, chassis or frame.

And it pays off at the gas pump.

In EPA tests, The New Chevrolet is rated at 22 mpg highway, 17 mpg city with the new standard Six, auto. trans. and 2.73 axle. Remember, EPA figures are estimates. The actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition and available equipment. (In California, EPA mileage figures are lower.)

The New Chevrolet.

We made it right for the times without making it wrong for the people.

You're going to love it.

## Now that's more like it.

The 1977 Caprice Classic Sedan.

**HALFTIME .....**

Once every few years the UK Band finds that special formula for a halftime show which has extraordinary impact on the fans in Commonwealth Stadium. The "Dixieland" show a few years ago was one of those, a show which was repeated at home and to the accolades of the fans in several other stadiums in the conference. The show presented a few weeks ago representing jazz music of different eras was, from the reaction of the fans and from the comments later received, another one of those shows which not only bears repeating, but demands at least one more performance. Again then, by "popular demand", the "Wildcat" Band presents for this halftime the "JAZZ" show, featuring Woody Herman's "Sing, Sing, Sing"; the modern jazz of Chuck Mangione's "Legend of the One Eyed Sailor"; "One O'Clock Jump", and "Alexander's Ragtime Band". A special finale, different, but familiar, will please the fans. For all those Kentuckians who are Tennessee bound, look for this show next week at Knoxville turns blue.

**DRUM MAJOR JIMMIE YEISER**  
**"A FINAL PERFORMANCE"**

Drum Major Jimmie Yeiser is performing with the UK Band for his last time in Commonwealth Stadium. A member of the band since 1970, Jimmie has been Drum Major since 1971, his sophomore year.

Jimmie has earned not only the Bachelor's degree at UK, but will be awarded the master's Degree in Forestry in December. He is presently a Graduate Assistant in that field. Next semester, he will be working on his doctorate in Forestry Genetics at Texas A&M where he has also been awarded a Graduate Assistantship. The members and staff of the UK Band organization would like to take this opportunity to thank him for his years of leadership and dedication to the "Wildcat" Band and to wish him great success in his chosen career.

Wildcat coaching assistants posing with Fran Curci (kneeling) are, left to right, Dan Coughlin, David Wells, John Cooper, Billy Mitchell, Jon Mirilovich, Charlie Bailey, Perry Moss and chief recruiter Dan Leal.

## **PERRY MOSS, OFFENSIVE COORDINATOR**

The newest member of Coach Curci's staff is Perry Moss, offensive coordinator who came to UK from San Antonio, where he guided the Wings to a 7-3 record and a World Football League division championship last year.

A native of Oklahoma, he earned football, baseball and basketball letters at Tulsa Central HS and was quarterback of the Tulsa team that defeated Georgia Tech in the 1945 Orange Bowl.

After service in the Army Air Corps in WWII, he quarterbacked Illinois to the 1946 Big Ten championship and the 1947 Rose Bowl championship. He was an A-A honorable mention in 1944-46-47 and recipient of the Boston Gridiron Club's National Award for Sportsmanship (1947). He played in the Chicago Trib's all-star games in 1945-48 and the 1945 Blue-Gray Classic and played professionally with Green Bay as QB in 1948.

Moss has served as an assistant coach at Illinois, Washington, LSU, Miami (Fla.) and Wisconsin. He was head football coach and AD at Florida State University in 1959, and head coach and GM of Montreal (1960-62) in the Canadian League, improving the last-place Alouettes to a play-off team.

He worked for Vince Lombardi as special assignment scout for the Packers in 1963 and then produced four championship teams in the Continental League at Charleston and Orlando (1964-67), earning league Coach of the Year honors in 1965-66-67.

Moss was head coach at Marshall University in 1968-69. He succeeded Sid Luckman as quarterback and backfield coach of the Chicago Bears (1970-73), leaving there in 1974 to succeed Bart Starr as QB coach for the Packers under Dan Devine.

## **BILLY MITCHELL, DEFENSIVE ENDS**

Billy returned to his alma mater in 1974 from Wake Forest, where he was a member of K-Letterman Tommy Harper's staff. A native of Georgetown, he earned four letters as quarterback at Garth High, plus three letters each in basketball, track, and tennis. He was All-State two years in basketball and regional high jump and tennis champion. As a U.K. halfback, he earned three letters and also lettered as a high jumper for the Wildcat cinder squad. He was head coach at Manual High in Louisville in 1965 and then served as an assistant at Murray State, Virginia Tech and Wake Forest.

## **JOHN COOPER, DEFENSIVE SECONDARY**

John came to UK in 1973 from the University of Kansas, where he was defensive coordinator, defensive secondary coach and recruiting coordinator. A standout safety as a college player, he was a member of Iowa State's famed "Dirty Thirty" Club of 1959 and captained the Cyclones in 1961. He remained at Ames a year as a member of Clay Stapleton's staff, then joined Tommy Prothro at Oregon State for the 1963-64 seasons. He went with Prothro to UCLA to coach the defensive backs. He left UCLA with Pepper Rodgers when the latter was hired for the KU head job following the 1966 season. A native of Clinton, Tenn., he was a quarterback and safety on the undefeated Powell High School team of 1952 and the 1953 team (7-3) and was named outstanding player in the Tennessee All-Star game. He also earned three letters each in basketball and baseball. At Iowa State, he was most valuable player in 1961. He was on the coaching staff of three bowl teams: Oregon State vs. Michigan in 1965, UCLA vs. Michigan State in 1966, and Kansas vs. Oregon State in 1963.

## **DAN COUGHLIN, DEFENSIVE LINE**

A teammate of Fran Curci and a two-year starter as offensive guard and linebacker at the University of Miami, Dan cut his coaching teeth at Coral Gables High School, where he spent nine years with the perennially powerful teams there. During his tenure, the Cavaliers won 102 games, lost nine and tied one, registering nine shutouts in 13 games in 1967 and winning two national championships. A native of Cleveland, he played his prep football at Benedictine High. After graduating from Miami, he coached one year at LaSalle High there.

## **CHARLIE BAILEY, DEFENSIVE COORDINATOR**

Charlie came to UK this year from Rice University, where he served three years as defensive coordinator and was assistant head coach. A native of Poca, W. Va., he was a high school quarterback there, earning three letters each in football, baseball and basketball. As an end on both offense and defense, he lettered four years at the University of Tampa, being named outstanding lineman and team captain, among other honors. After graduating from Tampa, he coached one year each at Poca High and Brandon, Fla., High before serving as an assistant at Tampa from 1964-70. He was defensive coach for Curci one year at Miami before moving to Rice.

## **JON MIRILOVICH, OFFENSIVE LINE**

A former star end at the University of Miami, Jon was a teammate of Fran Curci at Miami's Archbishop Curley High, earning All-City and All-American honors. Playing as two-way end at U. M., he lettered three years and was accorded honorable mention All-American, teaming again with Curci. He played with the Dallas Texans before a leg injury cut short his career. He served successfully as assistant coach at Columbus High (1961-62) and Southwest High (1962-63), head coach at Columbus (1965-66) and as assistant coach at Coral Gables High (1968-69) before joining Curci at Tampa in 1970. The Spartans swept to a 10-1 record that year and rolled up an astounding 342 points, including 31 against U. M. and 48 against Florida A&M. Jon went to Miami with Curci in 1971 and came to U.K. with him in 1973.

## **DAVID WELLS, RECEIVERS**

A native of Madisonville, Ky., Dave came to the University four years ago as a graduate assistant after serving an internship as an assistant at his high school alma mater. He earned three football letters and was an All-State running back at Madisonville, setting a school record for the most points in a season. He also earned three basketball and four track letters, participating in the state track meet two years. An Academic All-SEC and honorable mention Academic All-American, he lettered three years as a wingback at Ole Miss, playing on one SEC championship team and participating in the Sugar, Bluebonnet and Liberty bowls. He was with the Washington Redskins during the 1966 exhibition season and was a graduate assistant that fall and the following season at Ole Miss. He spent two years with the Army in Germany before returning to Madisonville.

## **DAN LEAL, CHIEF RECRUITER**

A native of Oakmont, Pa., as is Fran Curci, Dan played linebacker and halfback in high school there, and graduated from Gannon College in Erie, Pa. He spent eight years with Spang & Co. in Butler, Pa., before coming to U. K. as Curci's chief recruiter. He had served as unofficial recruiter for Curci in the Pittsburgh area since Curci started coaching and recruiting in the college ranks. He is also UK's golf coach.

# THE 2-VOLUME WEBSTER'S 9-POUND, 1,380 PAGE, 158,000-DEFINITION \$39.95 DICTIONARY NOW ONLY \$19.95!

Can you imagine The New Webster International Dictionary of the English Language as a victim of recession? It is true! And just as the automakers offered rebates to drastically improve sales, so does Webster announce an incredible half-price slash of the publishers list price of \$39.95 to an unbelievable \$19.95 on the 1,380-page, nine-pound, 158,000-definition, 196-page supplemented, 2-volume, 1976 edition of **The New Webster International Dictionary of the English Language**. Now Only \$19.95.

Think of it! This 2-volume reference work for home, school or office library has never before been offered at such an extraordinarily low price. The many years of exhaustive research are clearly reflected in this supreme lexicographic effort. From this research and from suggestions, contributions and critical review by such notables and men of letters as Charles C. Collingwood, Chief Foreign Correspondent, CBS; Radio and Television Commentator and Mark Van Doren, PhD.; Author; Poet; Professor Emeritus of English, Columbia University, a most respected and distinguished permanent editorial staff labored unstintingly for additional arduous years to give you what has culminated in this priceless, non-pareil etymological endeavor. Everyday, literally hundreds of thousands of people refer to **The New Webster International Dictionary of the English Language**.

The work itself is a joy to peruse and is printed in large, easy-to-read type. It begins with A Historical Sketch of the English Language by Mario Pei, Professor Emeritus at Columbia University. The vocabulary, A-Z, is included in 1,185 pages, with even the most modern of colloquialisms well defined. This section is prefaced with A Guide to the Use of The Dictionary and tables for the pronunciation symbols and abbreviations used therein. Also included is a dictionary of Prefixes and Suffixes with etymologies and meanings.

#### Other supplements include:

- A phenomenal 51,000-word thesaurus of Synonyms and Antonyms with 4,000 precise cross references—an invaluable adjunct that no dictionary can be without.
- Idiomatic Foreign Words and Phrases—French, Latin, Greek, Spanish, Italian, etc., pronounced and translated into English—a must with our present day emphasis on multilingualism.
- Over 2,500 abbreviations set forth and defined—an acronymic treasure house.
- Musical signs, symbols and abbreviations set forth and explained for even the novice.

Noah Webster (1758-1843). Father of lexicography and inspiration for founding of our company.

• Your knowledge of popular and famous quotations lends credence to your literary background. Hundreds of these priceless comments on a myriad of people, places and things makes this section, in many ways, the crown jewel of supplements. "The wisdom of the wise, and the experience of the ages, may be preserved by quotations."—Disraeli.

• Seven sections comprise the Students' and Writers' Guide; truly a complete reference in itself for high school, college, home and office. The pen is still mightier than the sword!

• Do you want an exact date between 1901 and 2100 AD? This precise, simple, perpetual calendar will keep you ahead of the times, up to date or behind the times. You'll always have the right date.

• Metric or United States (Imperial)—we're here to convert you—and make it quick and easy—in our world of number systems such conversion tables are a necessity.

• Our Occupational Guide lists dozens of jobs and professions with appropriate explanations of necessary training, salary ranges and job availabilities, etc. PLUS an extensive listing of National organizations and addresses that can lead you to the job of your choice.

• The awe-inspiring adventures of both Greek and Roman mythology are detailed in abridged form with appropriate cross references. Constant literary reference to these immortal people and stories makes this section a storehouse of interpretive information.

• The Secretaries' Guide and Manual of Information is a commercial course in itself. It holds the key to being a successful secretary giving detailed and explicit information on the position, office routine, letter writing and filing with complete, accurate and up to date subdivisions for each.

# New House, Growth For K-men

By Pam Hamilton

The K-men's Association is made up of alumni varsity lettermen from any and all intercollegiate sports played at the University. Together, the young, the old, the football player, the tennis player, the swimmer, the famous, the infamous, and the almost-famous—they make up the K-men's Association. The active membership is numbering around 450, with an age range of 22 to 92. (Mr. D. D. Slade, being the oldest member, lettered in football in 1897.) Claude Hammond (of Louisville) is the current acting president of the club.

The K-men sponsor many social and fund-raising functions annually. They hold a summer golf tournament-outing each June in Paintsville, Ky. at the Paintsville Country Club, owned by Dr. Paul Hall—a K-man. The K-men also hold annual spring and fall outings at Churchill Downs. Their "Day at the Races" proves profitable (\$?) in one way or another. Also, another fun-function is the K-men's annual dinner-dance. This year's event was held Friday night as a celebration for the ground-breaking of the K-men's new homesite.

K-men president Claude Hammond, Governor Julian Carroll, and K-man Bill Spivey enjoy the K-men's Day at the Races at Churchill Downs.

The K-men's new Home-to-be.

The major fund-raising program the association sponsors is the "Dollars for Scholars" Blue/White Football game. This is one game that UK can count on winning! The K-men are also sponsoring a UK vs. Argentina basketball game scheduled for Monday, Nov. 22 in Memorial Coliseum, with profits going to a scholarship fund. In the past, the K-men have presented scholarships to deserving students and have also helped various athletic programs at UK, along with financial support of K-men in need.

The house for which the K-men broke ground will be their permanent home, their club house, approximately 5,000 square feet that they can truly call their own. Plans for this house began in 1973. "President Otis Singletary personally selected a building site near Commonwealth Stadium," Hammond said. "It will be located at the east end of the stadium and will be used for meetings, banquets, and hospitality for friends and prospective visiting athletes."

"It will be the focal point for all K-men activities," Hammond added. "It is my understanding that there are only six universities in the United States that have a similar facility on campus." (Quite a "plus" for the Kentucky club.)

Membership to the K-men's Association is open to all varsity lettermen at the University after graduation. The first year membership is free. With such all-encompassing membership prospects, many eligible lettermen are lost. The K-men is a social as well as a service organization; if you are a University of Kentucky letterman, and are interested in the K-men's Association write to: K-men Association, P.O. Box 7255, Lexington, Kentucky 40502.

# Kentucky Basketball Outlook for 1976-77

The Kentucky Wildcats are looking forward to the 1977 season with an eagerness matched only by the confidence they gained from a super finish last year which saw them run off 10 consecutive wins and capture the NIT championship.

From that grand finish has spawned a dual goal—to recapture the Southeastern Conference crown and shoot for post season honors.

"Our future has to be bright," said Coach Joe B. Hall. "We start the season with a 10-game win streak and the NIT crown and we return almost intact from last year. The experience gained by an extremely young team (youngest in modern UK history), along with our recruits, will go a long way in solving some problem areas we had last year. And a healthy (Rick) Robey could make us a contender for just about anything."

Analyze the experience—the most intensifying pressure found in amateur basketball—and you find Kentucky is unique to any other team in the nation.

In the past two years, the Wildcats have played in the NCAA finals and won the NIT, the country's oldest basketball tournament. What better experience could be found for a team whose nucleus is four juniors?

Hall will greet eight lettermen (four starters), while losing only three.

Heading the list is All-American and All-SEC forward Jack Givens, a silky smooth 6-foot-4 junior southpaw who led the Cats with a 20.1 ppg average while grabbing 7.2 rebounds. Givens scored in the 30's three times and was out of double figures only three times. He became UK's second leading sophomore scorer (602), and was named to the All-NIT team.

Holding down the center slot is mammoth 6-10 Mike Phillips, whose overall play showed vast improvement while scoring 15.6 ppg and leading the team in rebounding with 9.8. Phillips' single game highs were 35 points and 28 rebounds. He was selected to the All-NIT team, MVP in the Kentucky Invitational, and second team All-SEC.

Back for his final year is 6-3 guard Larry Johnson, whose dazzling speed and ball handling made the press very ineffective against the Cats. The willowy but strong Johnson was at his best under extreme pressure and won three games with final second heroics, including a last second shot to down Providence in the NIT semi-finals. Johnson averaged 11.2 ppg and led the team with 98 assists. He was named to the All-NIT second team.

The big question mark Hall alluded to—a healthy Robey—is the 6-10 fiery junior competitor who averaged 15.6 ppg and 7.5 rebounds at forward before missing the last half of the season with a knee injury. However, the knee has fully mended without surgery and Robey has been declared 100 per cent recovered.

Filling in for Robey last year was James Lee, a junior-to-be whose speed and quickness belies his solid 6-5, 230 lb. frame. Lee started 20 games and after a slow transition, blossomed into the powerful, explosive type player which was predicted of him from prep days. His best performance came when he scored 21 points and grabbed 11 rebounds as the Wildcats upset sixth-ranked Alabama 90-85 on national television. He finished with a 9.3 ppg and 7.3 rebounding mean, and was named to the All-NIT second team.

Merion Haskins, a 6-4 senior forward who saw considerable playing time, including two starts, is a solid fundamentalist and proven defensive player. Despite scoring only 2.3 ppg in 29 games, Haskins' leadership will play an important role in the success story of the '77 Cats.

Rounding out the lettermen are two sophomore guards—6-1 Truman Claytor, 6.0 ppg, and 6-2 Dwane Casey, 1.3 ppg.

Claytor capped a fine early season performance by winning Co-MVP game honors with Adrian Dantley in the annual Notre Dame shootout in Louisville. After starting eight games, he fell prey to a series of nagging injuries which seriously reduced his effectiveness. However, he returned to form and

had a good NIT. His future was clouded again with the injury bug, suffering twice from broken bones in his right hand during summer playground activity. However, "T. C." seems to have recovered and has been impressive during pre-season practice.

Casey saw action in 20 games and showed steady improvement throughout the year. He played a vital role in the NIT when he hit three quick baskets in the championship game against UNCC.

The Wildcats' three losses are senior guard Reggie Warford, who started the final 20 games, averaging 6.5 ppg, freshman 6-4 forward Bob Fowler, who transferred to Iowa State, and 6-1 Joey Holland, who passed up his final year of eligibility.

The newcomers to Wildcat camp are 6-3 forward-guard Tim Stephens of Stearns, Ky., the state's leading scorer at 35.6 ppg and 18 rebounds, 6-1 guard Jay Shidler of Lawrenceville, Ill., the state's top scorer at 32.7 and nine rebounds, and 6-6 forward-center LaVon Williams of Denver, Colo., the state's top player who averaged 19.1 ppg and 19 rebounds.

"Shidler is a true guard—an exciting player who will need little seasoning," said Hall. "He plays the type defense effective in college basketball, is physically mature and has the skills to render an early contribution to our team."

"Stephens is a potential guard—and one who can play the big guard. He is a proven quick forward and will have the opportunity to swing both positions next year."

"These two players will give us the outside shooting potential we lacked last year. They should reopen our inside game by taking the pressure off our big men."

"Williams is a player who thrives on competitive situations. He enjoys making solid team contributions through his defensive and rebounding ability. He is a capable scorer, but contributions through other phases of his game seem more important to him."

With the emergence of Lee, the return of Robey and the addition of Williams, Hall will have a much more versatile front line than last year, when he was pressed at times to use a unit which measured no taller than 6-4 (Haskins, Givens and Fowler).

"There will be times we will utilize both big men (Phillips and Robey) together, but we still can maintain quickness and flexibility with the experience of Lee and Givens and the competitiveness of Williams," said Hall.

1976-77 WILDCATS—Front Row, Left to Right: Head Coach Joe B. Hall, Dwane Casey, Jay Shidler, Larry Johnson, Kyle Macy, Tim Stephens, Truman Claytor, Asst. Coach Dick Parsons. Back Row: Tripp Ramsey, Mgr., Jack Givens, LaVon Williams, Mike Phillips, Rick Robey, James Lee, Merion Haskins, Asst. Coach Leonard Hamilton and Asst. Trainer Walt McCombs.

When Pete graduates and goes to work, he's going to need more than determination and ability. Good jobs depend on even more basic things, one of which is a reliable source of **electricity**.

Electricity is essential to power the motors that drive the industries that employ the people who make the parts that go into the things we all buy.

When the industries we serve run on electricity, we can't afford to run short of it, for Pete's sake.

# Alumni Activity

---

## *An essential role of service*

The University of Kentucky Alumni Association continues to play an essential role in the full development of the University—a role which does not diminish and one which requires the fullest support of all of the alumni.

The purposes of the Association are clearly stated in its constitution, but may simply be stated as one of service—service to alma mater by her alumni and service returned to the membership by the University through this Association. While the Association's objectives have not changed, new and useful programs have been implemented to meet the needs of both the alumni and the University.

In the past year there has been an emphasis on improving University-community relations throughout the state through local alumni clubs. Many clubs have been formed and others strengthened or rejuvenated to assume the task of interpreting the University, its work and services to the community. While it is the primary objective of alumni clubs to promote, through an organized effort, the best interests and prestige of the University of Kentucky, there is much fun and fellowship in associating with many persons drawn together by common educational background in UK.

In service to the University, many alumni are volunteering their time to participate in career advising programs set up by the College of Arts and Sciences and the Office of Admissions and Registrar. Other alumni choose to boost the prestige of the University by soliciting for and contributing to the annual giving fund-raising program conducted by the Office of Development. The UK Annual-Giving program received national honors in July for sustained performance. Alumni, at the close of this calendar campaign, are once again donating funds which the University can use to measurably improve its academic, faculty and research position. State appropriation and tuition revenues do not allow for much more than the maintenance of the status quo.

Additional programs of service to the University include sponsorship of the alumni professorships which recognize outstanding faculty members on campus with an annual monetary award (currently there are four receiving this coveted honor); the alumni service awards which recognize up to four persons annually for dedicated and outstanding service to the Association and to the University; and a variety of scholarships. The Association sponsors scholarships at each of the community colleges, six marching band scholarships, four undergraduate scholarships and several special scholarships which have been endowed by alumni bequests.

Just as communication is a key word in society today and one of its greatest concerns, communications is also one of the challenging responsibilities of the Alumni Association.

"The Kentucky Alumnus," the only magazine of the Association, is sent to the home of dues-paying alumni four times a year. It contains features about the University, Association programs, news capsules about classmates, action on the campus and sports features. "the Open Door", the alumni newspaper, is also published and mailed four times a year, but to all alumni. It contains timely University news and current information on Association programs.

Although the University and the number of alumni have grown tremendously since 1889, the Alumni Association endeavors to retain a warm, personal relationship with each alumnus through personal correspondence, direct mail, club meetings and special alumni functions.

The Alumni Association, as the official traditions-keeper of the University, has for many years sponsored homecoming and reunion activities. Special homecoming activities last week-end included a Friday night dance at the King Alumni House and a pre-game brunch at the Alumni House and post game open house at the Campbell House Saturday. Reunions are held each spring and fall providing a unique opportunity for alumni to renew acquaintances throughout the years following graduation.

Other programs which benefit dues-paying members of the Alumni Association include a limited number of tickets to football and basketball games. Unlike many schools that never fill their athletic facilities, demands for tickets at UK far exceed availability. The Association, therefore, capitalizes on every opportunity to secure tickets for its dues-paying members and to distribute these limited numbers as fairly as possible to as many alumni as possible.

Dues-paying members also receive information on available alumni tours, 30 per cent discount on books from the University Press of Kentucky, use of main campus and community college libraries, eligibility for membership in Spindletop Hall, the alumni-faculty-staff club and pre-game meals during the football season. The Hall of Distinguished Alumni which recognizes alumni who are especially outstanding in their chosen fields. Dr. William Lipscomb Jr. '41 who won this year's coveted Nobel prize in chemistry, was recognized by this Alumni Association in 1965 and the University granted him an honorary doctorate in 1963.

The real benefit of membership in the UK Alumni Association, however, should not be measured in discounts and priorities, but rather in the knowledge that you are a personal part of the larger University community which we proudly serve. The continuity of demonstrated alumni support from generation to generation has made the University of Kentucky the one, great state University.

# Once again, TV service technicians give these opinions about Zenith:

We're proud of our record of building dependable quality products. But if it should ever happen that a Zenith product doesn't live up to your expectations—or if you want details of the service technicians' survey—write to the Vice President, Consumer Affairs, Zenith Radio Corporation, 1900 N. Austin Avenue, Chicago, Illinois 60639.
