FOREWORD

The "Kentucky Educational Directory" is issued annually as a service to Kentucky Educators, the people of the Commonwealth, and others who are interested in the schools of Kentucky.

The 1965-66 publication lists all public and non-public elementary and secondary schools, regardless of the number of teachers in those schools. Also, it offers a district-by-district listing of administrative and supervisory personnel, including chairmen of boards of education. The membership figure is the number of pupils in school at the end of the first month. We hope you find it a valuable source of educational information.

The staff is most appreciative of the fine cooperation of the many school administrators who provided the necessary data for the Directory.
