

Minutes of the Meeting of the Board of Trustees
University of Kentucky
Tuesday, June 10, 2014

The Board of Trustees of the University of Kentucky met on Tuesday, June 10, 2014 in the Board Room on the 18th floor of Patterson Office Tower, Lexington, Kentucky.

A. Meeting Opened

Dr. E. Britt Brockman, chair of the Board of Trustees, called the meeting to order at 1:00 p.m. Chair Brockman asked Trustee Sheila Brothers, secretary of the Board, to call the roll.

B. Roll Call

The following members of the Board of Trustees answered the call of the roll: William C. Britton, E. Britt Brockman, Sheila Brothers, Mark P. Bryant, Jo Hern Curris, Angela L. Edwards, William S. Farish, Jr., Oliver Keith Gannon, Carol Martin (Bill) Gatton, David Hawpe, Kelly Sullivan Holland, Terry Mobley, Roshan Palli, C. Frank Shoop, James W. Stuckert, John Wilson and Barbara Young. James Booth and Irina Voro were not in attendance. Secretary Brothers announced that a quorum was present. C.B. Akins joined the meeting in progress.

The University administration was represented by President Eli Capilouto, Provost Christine Riordan, Executive Vice President for Health Affairs Michael Karpf, Executive Vice President for Finance and Administration Eric Monday and General Counsel William Thro.

The University faculty was represented by the Chair of the University Senate Council Lee Blonder, and the University staff was represented by the Chair of the Staff Senate Jeff Spradling.

Guests, other administrators and members of the news media were also in attendance.

C. Consent Items

Chair Brockman called attention to the three consent items on the agenda. The items were the minutes for the Board of Trustees meeting on May 9, 2014, PR 2, Personnel Actions and FCR 1, The Forcht Group of Kentucky Pledge. Trustee Stuckert moved approval of the consent items and Trustee Mobley seconded the motion. Chair Brockman called for the vote and it passed without dissent. (See consent items listed below on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

Minutes, Board of Trustees Meeting, May 9, 2014
PR 2 Personnel Actions
FCR 1 The Forcht Group of Kentucky Pledge

D. Chairman's Report

Chair Brockman reported that there were no new petitions to appear before the Board of Trustees since the May 9, 2014 meeting. A petition from Dr. Ernie Yanarella, submitted in May 2013, was heard during the Finance Committee meeting.

Chair Brockman recognized University Senate Council chair-elect Dr. Andrew Hippisley, Faculty Trustee-elect Dr. Robert Grossman and Student Government Association President Jake Ingram, Board of Trustees Student Trustee-elect.

Chair Brockman announced the purchase of software that will facilitate the move of Board and its committee meetings to a paperless meeting environment. More information will be forthcoming over the summer.

Chair Brockman reminded the Trustees of the tour of the new residence hall Champions Court II at the conclusion of the meeting.

E. Executive Committee Report

Chair Brockman reported that the President's Evaluation Questionnaire, approved at the May 9, 2014 Board of Trustees meeting, was being distributed to constituency groups. The Executive Committee will meet in late July/early August to review the questionnaire results. The Committee will report the results to the full Board.

F. President's Report

President Capilouto began by thanking the Board of Trustees, faculty, staff and students for 20 months of questions, concerns and participation regarding the discussions of dining services on the University of Kentucky campus. He reiterated that with a new generation/community of students, our UK community must also adapt. Building on the work of the current UK Dining Services and its employees, President Capilouto hoped the Board would endorse the recommendation regarding dining services.

President Capilouto stated that a group of administrators and faculty had been working to build a cluster of excellence in the disciplines of science, technology, engineering and mathematics, commonly referred to as STEM. In February 2014, it was announced that UK was the recipient of a \$350,000 Summer Training in Alcohol Research grant. The award, sponsored by the National Institute of Alcohol Abuse and Alcoholism, will support 10-week, paid, hands-on research internships for undergraduate students. Partners on this project include faculty from the Colleges of Pharmacy, Medicine, and Arts and Sciences.

President Capilouto continued that in April, joined by representatives from nine colleges and universities in the region, it was announced that UK is the lead institution on a \$2,500,000 National Science Foundation (NSF) grant to establish the Louis Stokes Alliance for Minority Participation (LSAMP) in the STEM disciplines. Included in this multi-institution partnership are faculty and staff from the University of Louisville, West Virginia University, Western

Kentucky University, Centre College, Marshall University, Kentucky State University, West Virginia State University and the Bluegrass Community and Technical College.

Programs will be developed at the member institutions to attract exceptional students to the STEM fields, increase retention and graduate up to 500 students over the next five years. Through this work, the alliance has the potential to significantly impact the lives of high-achieving, underrepresented undergraduate students in the two Appalachian states.

President Capilouto stated that the third grant is a \$1,900,000 award from the Howard Hughes Medical Institute. It, too, is designed to improve retention and success rates of students in STEM. UK competed alongside several leading institutions and was one of 37 to receive this award. Other institutions include Duke, Berkeley, Brown, Michigan and Texas. With this grant, UK will launch a collection of initiatives to be called “STEMCats.” Included in the program’s portfolio are intensive preparatory STEM courses, a new living-learning community, an experiential research core and new introductory, interdisciplinary courses in chemistry and physics. These contact-intensive initiatives are being developed alongside advances in instructional technology such as the Chemistry MOOC developed last year. These programs will be directed by faculty in the College of Arts and Sciences in partnership with faculty at Bluegrass Community and Technical College.

President Capilouto reported that on a national level fewer than half of all students who enter college with the intention of majoring in STEM leave with a STEM degree. He is optimistic these grants will help reverse that trend and provide a framework to support the success of UK students.

President Capilouto was pleased to introduce Vice President for Institutional Diversity, Dr. Judy (JJ) Jackson and her colleague, Dr. Johné Parker, Associate Professor of Mechanical Engineering in the College of Engineering to further detail the scope, scale and potential impact of LSAMP in STEM. Dr. Jackson and Dr. Parker were enthusiastic about the potential to increase participation of underrepresented students in STEM across West Virginia and Kentucky. With the creation of a living learning community, the creation of a culture and the expectation of excellence, the goal of the alliance is to encourage students to pursue disciplines they may otherwise not consider.

President Capilouto introduced Dr. Vincent Cassone, chair of the Biology Department. Dr. Cassone is the Principal Investigator on the Howard Hughes Medical Institute grant to develop STEMCats and will lead the effort in developing the project. He shared with the Trustees that STEMCats will include: the expansion of ‘FastTrack’ courses in Biology, Math, Chemistry and Physics for at-risk students; the development of a living learning community; the development of a research laboratory that will teach the process of research; the development of a freshman STEM research course led by a community of scholars; the development of a seminar course focusing on the multiple career options available in the STEM disciplines; and a continuing assessment of these techniques to adopt best practices.

President Capilouto was pleased to announce, subject to the approval of the Board of Trustees, the appointment of Dr. Janie Heath as the new Dean of the College of Nursing. Dr.

Heath will begin on August 1, 2014 as Dean and will also hold the Warwick Professorship of Nursing. Dr. Heath joins UK as the immediate past Associate Dean of Academic Programs at the University of Virginia's College of Nursing. She has a distinguished scholarly record at Virginia and other notable institutions in Georgia, South Carolina and Washington, D.C. Dr. Heath is a widely recognized national leader in nursing education, tobacco control and health care outreach and is well suited to lead UK's College of Nursing as it continues to address many of Kentucky's most pressing health challenges.

Dr. Heath thanked President Capilouto for the opportunity to address the Board of Trustees. She stated that her 37 year career as an acute and critical care nurse had prepared her for the opportunity at UK. As she considered the next move in her career, she was interested only in an institution that maintained a research-intensive environment, a thriving academic medical center, a stellar flagship school of nursing and a meaningful community connection. UK met those criterion. The state of Kentucky also provides a unique opportunity for her research which targets improving health and wellness through tobacco control. She looked forward to leading transformation in nursing education, fostering healthy learning and working environments, and creating new models of health care delivery with the outstanding faculty, staff, students and community partners of the University of Kentucky enterprise.

President Capilouto thanked Dr. Patricia Howard for her dedicated and stellar service as Interim Dean of the College of Nursing since 2012.

President Capilouto introduced Dr. Jay Ambati, Vice Chair of Ophthalmology and Visual Sciences, a Professor of those disciplines and of Physiology, and the Dr. E. Vernon & Eloise C. Smith Endowed Chair in Macular Degeneration in the University of Kentucky College of Medicine. Dr. Ambati is an Electrical Engineering graduate from Johns Hopkins University, received his MD from the State University of New York Health Science Center in Brooklyn, and completed his clinical and research retina fellowships at Harvard Medical School. His laboratory has published several research papers in ocular vascular biology in the top academic and medical journals, and he pioneered new age-related macular degeneration diagnosis and treatment strategies that have affected tens of millions worldwide.

President Capilouto continued that in the words of one of his colleagues, Dr. Ambati "is clearly a uniquely gifted academician. Not only does he harbor a vast body of fundamental interdisciplinary knowledge, he also has an unparalleled keen insight with his method of inquiry that he applies to all of his endeavors whether in the classroom, clinic, or laboratory." His colleagues also say he is a "genuinely good and honest man who speaks from his heart with a transparent and truthful mind."

President Capilouto remarked Dr. Ambati is one of UK's exceptional faculty researchers, a celebrated scientist, surgeon and faculty member. His extraordinary success has garnered him several awards. Most recently, he was the University of Kentucky's nominee for the 2014 Southeastern Conference Faculty Achievement Award.

Dr. Ambati took the podium and expressed his gratitude toward President Capilouto and Provost Riordan, their predecessors, Dr. Michael Karpf and most importantly, his families, both

personal and professional. He shared some of his research on macular degeneration and how in the last few years his group has made some foundational discoveries in the dry form of macular degeneration. He was pleased to announce that by the fourth quarter of this year, a clinical trial for a new medication will begin. His team believes this medication can actually forestall the progression of the dry form of macular degeneration and hopefully will offer something of a transformative therapeutic option for people with this condition.

President Capilouto recognized and congratulated Athletics Director Mitch Barnhart, UK Athletics head coaches and their staff and UK's student-athletes for posting a record 3.218 GPA for 2014 Spring Semester. Eighteen of 20 teams earned above a 3.0 GPA and 13 teams attained a 3.0 while also competing in the championship portions of their schedule. In total, 325 students, both scholarship and non-scholarship, earned GPAs of 3.0 or better, accounting for more than 60 percent of UK's student-athlete population of 508. Seventy-one of those student-athletes had perfect 4.0 GPAs in the spring semester. UK Athletics has now posted GPAs of at least 3.0 in the last four consecutive semesters.

G. Appointment of Dean of the College of Nursing (PR 3)

President Capilouto stated that PR 3 was the recommendation that Dr. Janie Heath be appointed Dean of the College of Nursing, effective August 1, 2014.

Trustee Mobley moved approval of PR 3. Trustee Britton seconded the motion and it passed without dissent. (See PR 3 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

H. Appointment of the Executive Director of the University of Kentucky Research Foundation (PR 4)

President Capilouto stated that PR 4 was the recommendation that approval be given to the appointment of Dr. Lisa Cassis, Interim Vice President for Research, as the Executive Director of the University of Kentucky Research Foundation (UKRF), effective June 2, 2014.

Trustee Stuckert moved approval of PR 4. Trustee Hawpe seconded the motion and it passed without dissent. (See PR 4 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

I. Appointment to Board of Directors University of Kentucky Gluck Equine Research Foundation, Inc. (PR 5)

President Capilouto stated that PR 5 was the recommendation that the Board of Trustees approve the appointment of Bennie Bell Williams and Michael Banahan and the reappointment of Case Clay and Lisa Lourie to the Board of Directors of the University of Kentucky Gluck Equine Research Foundation for a four-year term ending June 30, 2018.

Trustee Curris moved approval of PR 5. Trustee Young seconded the motion and it passed without dissent. (See PR 5 on the Board of Trustees website, www.uky.edu/Trustees,

under agenda.)

J. Naming of University Facility: Soccer Complex (PR 6)

President Capilouto stated that PR 6, which was also reviewed and recommended by the University Athletics Committee, was the recommendation that the Board of Trustees approve the official naming of the new soccer complex at the University of Kentucky located on Alumni Drive as the Wendell and Vickie Bell Soccer Complex.

Trustee Gannon moved approval of PR 6. Trustee Bryant seconded the motion and it passed without dissent. (See PR 6 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

K. Candidates for Degrees: May 2014 (ASACR 1)

Trustee Gannon, chair of the Academic and Student Affairs Committee, stated that ASACR 1 was the recommendation that the President be authorized to confer upon each individual whose name appears on the attached list the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the elected faculty of the University Senate and the Academic and Student Affairs Committee of the Board of Trustees. Due to administrative error, the names were not previously submitted.

On behalf of the Academic and Student Affairs Committee, Trustee Gannon asked for approval of ASACR 1 and it passed without dissent. (See ASACR 1 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

L. Candidates for Degrees: August 2014 (ASACR 2)

Trustee Gannon stated that ASACR 2 was the recommendation that the President be authorized to confer upon the individual whose name appears on the attached list the degree to which she is entitled upon certification by the University Registrar that she has satisfactorily completed all requirements for the degree for which application has been made and as approved by the elected faculty of the University Senate and the Academic and Student Affairs Committee of the Board of Trustees.

On behalf of the Academic and Student Affairs Committee, Trustee Gannon moved approval of ASACR 2 and it passed without dissent. (See ASACR 2 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

M. Academic Degree Recommendation: College of Arts and Sciences (ASACR 3)

Trustee Gannon stated that ASACR 3 was the recommendation that the Board of Trustees approve the establishment of a Bachelor of Arts with a major in Health, Society and Population degree within the College of Arts and Sciences effective in the Fall 2014 Semester.

The proposed degree will draw on the expertise of numerous faculty members, complement current programs and foster collaboration through shared course work with other disciplines. This program has the approval of the appropriate councils, the University Senate and has completed the 45-day review process of the Council on Postsecondary Education. The Provost supports this recommendation.

On behalf of the Academic and Student Affairs Committee, Trustee Gannon moved approval of ASACR 3 and it passed without dissent. (See ASACR 3 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

N. Academic Degree Recommendation: College of Communication and Information (ASACR 4)

Trustee Gannon stated that ASACR 4 was the recommendation that the Board of Trustees approve the establishment of a Master of Science with a major in Information Communication Technology degree in the School of Library and Information Sciences, within the College of Communication and Information, effective in the Fall 2014 Semester.

The program will build on the skills and content covered in the undergraduate program and will prepare students for a successful career in the global economy. This program has the approval of the appropriate councils, the University Senate and has completed the 45-day review process of the Council on Postsecondary Education. The Provost supports this recommendation.

On behalf of the Academic and Student Affairs Committee, Trustee Gannon moved approval of ASACR 4 and it passed without dissent. (See ASACR 4 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

O. Academic Degree Recommendation: College of Public Health (ASACR 5)

Trustee Gannon stated that ASACR 5 was the recommendation that the Board of Trustees approve the establishment of a Bachelor of Public Health degree within the College of Public Health, effective in the Fall 2014 Semester.

The need for this program is a high priority both nationally and in Kentucky. This program has the approval of the appropriate councils, the University Senate and has completed the 45-day review process of the Council on Postsecondary Education. The Provost supports this recommendation.

On behalf of the Academic and Student Affairs Committee, Trustee Gannon moved approval of ASACR 5 and it passed without dissent. (See ASACR 5 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

P. Academic Degree Transfer Recommendation: College of Engineering (ASACR 6)

Trustee Gannon stated that ASACR 6 was the recommendation that the Board of Trustees approve the transfer of the Master of Science in Manufacturing Systems Engineering from the

College of Engineering to the Department of Mechanical Engineering, within the College of Engineering, effective in the Fall 2014 Semester.

The University of Kentucky has been a leading university in manufacturing for more than 25 years. The growth and development of this program, through moving to the Department of Mechanical Engineering, will help maintain that reputation, especially in the areas of advanced manufacturing including lean manufacturing and sustainable manufacturing.

The transfer has been reviewed and recommended by the Senate Committee on Academic Organization and Structure and the Senate Council; and endorsed by the University Senate. The Provost supports this recommendation.

On behalf of the Academic and Student Affairs Committee, Trustee Gannon moved approval of ASACR 6 and it passed without dissent. (See ASACR 6 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

Q. Change in Name of an Educational Unit: College of Fine Arts (ASACR 7)

Trustee Gannon stated that ASACR 7 was the recommendation that the Board of Trustees approve the change in the name of the Department of Theatre to the Department of Theatre and Dance, in the College of Fine Arts, effective July 1, 2014.

In November 2009 the Department of Kinesiology and Health Promotion in the College of Education voted to suspend its Dance minor. At that time, the Department of Theatre began the process to introduce Dance into its curriculum. The Dance minor, which was approved by the University Senate in November 2011, has become tremendously popular with UK students, representing majors from eight colleges across campus. The Dance program has quickly become a high point for recruitment, research/performance, outreach and pedagogy in the unit. Changing the name of the unit to the Department of Theatre and Dance will better communicate the scope of the program, and benefit the recruitment efforts both on and off campus.

The proposed change has been approved by the faculty of the Department of Theatre; reviewed and recommended by the Senate Academic Organization and Structure Committee and the Senate Council; and endorsed by the University Senate. The Provost supports this recommendation.

On behalf of the Academic and Student Affairs Committee, Trustee Gannon moved approval of ASACR 7 and it passed without dissent. (See ASACR 7 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

R. University Athletics Committee

Trustee C.B. Akins, Sr., chair of the University Athletics Committee, reported that the committee had met that morning.

Athletics Director Mitch Barnhart gave a Department of Intercollegiate Athletics report.

Highlights in sports since April 1, 2014 include that UK Athletics is in the final week of one of the best overall seasons in department history. UK is No. 16 in the latest official Directors' Cup standings and soon to move up due to strong performances by spring sports teams. With 18 of 22 sports contributing to the tally, UK Athletics is poised to break the record set with last year's No. 25 finish.

In winter sports, men's basketball ended its NCAA Tournament run in the national championship game, falling to the University of Connecticut 60-54. The team was welcomed home by thousands of well-wishers. Within weeks of the end of the season, six players elected to bypass the NBA Draft and return for next season. Finally, Coach Calipari has signed a new contract that will keep him at Kentucky through the 2020-21 season.

In spring sports, softball completed the best season in school history, advancing to the Women's College World Series for the first time. Sophomore pitcher Kelsey Nunley threw every pitch in the NCAA Tournament for UK, receiving WCWS All-Tournament Team honors. Baseball returned to the NCAA Tournament and ended the season with a 37-25 record. Senior A.J. Reed, already named national player of the year by Collegiate Baseball, led the way. UK's outdoor track and field teams will compete at NCAA Championships in Eugene, Oregon. UK will be represented by 15 athletes, 11 women and four men. Men's tennis advanced to the Sweet 16 for the fifth straight season. Women's tennis made its first NCAA Tournament appearance since 2009 and advanced to the second round before falling at No. 3 Virginia. Men's golf returned to the NCAA Championship finishing in a tie for No. 18. Women's golf reached an NCAA Regional for the fourth straight season.

Trustee Akins stated that as President Capilouto shared with the Board earlier, UK's scholarship student-athletes combined for a cumulative GPA of 3.218. This marks four straight semesters in which UK has posted a department-wide GPA of 3.0 or better. All UK teams received passing marks in the NCAA's Academic Progress Rate (APR), with a school-record three teams (women's cross country, men's golf and men's tennis) earning national awards.

Star women's soccer senior Arin Gilliland will receive the prestigious 2014 Honda Inspiration Award from the Collegiate Women Sports Awards in Los Angeles later this month. She is being honored for overcoming reconstructive knee surgery and the passing of her mother to become one of the best players in the country.

UK's volleyball team recently returned from a two-week cultural exchange trip in China. The Wildcats played seven matches against elite teams, visited numerous historical sites and landmarks and took a class that began a week before their departure and continued while in China. Art History professor Andrew Maske traveled with the team.

Women's basketball head coach Matthew Mitchell will donate \$1,000,000 to the Department of Intercollegiate Athletics over the next 10 years. It is the largest gift to the department ever by an employee and will help fund continued capital growth.

In business items, Trustee Akins reported that the Committee was pleased to review and to recommend for the Board's approval, PR 6, the naming of the Soccer Complex as the Wendell and Vickie Bell Soccer Complex.

The Committee considered the financial statements of the Department of Intercollegiate Athletics. Melissa Gleason, Senior Associate Athletics Director - Finance, reviewed the interim financial statements of the department for the nine months ended March 31, 2014. The information included the statement of net position, the statement on revenue and expenses, and the change in net position. The Committee accepted the quarterly financial statements as presented.

Ms. Gleason also presented a detailed Fiscal Year 2014-15 Operating Budget for the Department of Intercollegiate Athletics. This budget is included in the University wide budget presented in FCR 4. The Committee accepted the FY 14-15 Operating Budget for Intercollegiate Athletics as presented.

Dall Clark, Capital Project Management, reviewed FCR 9 regarding the request for an exemption for LEED Silver Level Certification for the Commonwealth Stadium capital project. The Committee recommended approval to the Finance Committee.

In conclusion, Trustee Akins reported that Director Barnhart updated the Committee on FCR 10, the Renovate Old Softball/Soccer Locker Room Capital Project. The project will renovate the existing soccer/softball locker and shower space in the old soccer/softball building to create new office and administrative space for the coaches and coaching staff of the men's and women's soccer and women's softball teams. This project will be funded with private funds. The Committee recommended approval to the Finance Committee.

S. Finance Committee Report

Trustee James Stuckert, chair of the Finance Committee, reviewed the one consent item FCR 1, the Forcht Group of Kentucky Pledge. (See FCR 1 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

T. Acceptance of Interim Financial Report for the Nine Months Ended March 31, 2014 (FCR 2)

Trustee Stuckert stated that FCR 2 was the recommendation that the Board of Trustees accept the University of Kentucky consolidated financial report for the nine months ended March 31, 2014.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 2 and it passed without dissent. (See FCR 2 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

U. A Resolution Providing for the Authorization, Issuance and Sale of General Receipts Refunding Bonds of the University of Kentucky, Pursuant to the Trust Agreement Dated as of November 1, 2005. (FCR 3)

Trustee Stuckert stated that FCR 3 was the recommendation that the Board of Trustees

approve a Resolution authorizing the issuance of University of Kentucky General Receipts Obligations, to be designated University of Kentucky General Receipts Refunding Bonds (the "Refunding Obligations".)

Trustee Stuckert explained that by refunding \$95,000,000 of bonds that were issued approximately ten years ago, the University of Kentucky is estimated to save about \$1,700,000 of debt service in Fiscal Year 2014-15 and more than \$15,000,000 through Fiscal Year 2025-26.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 3 and it passed without dissent. (See FCR 3 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

V. Fiscal Year 2014-15 Operating and Capital Budget (FCR 4)

Trustee Stuckert stated that FCR 4 involved recommendations that the Board of Trustees:

1. Approve the Fiscal Year 2014-15 Operating and Capital Budget.
2. Approve the appropriation and allocation of all fund balances for future operations, to include amounts necessary to cover accounts receivable and inventories that will represent assets on the audited balance sheet of the University of Kentucky as of June 30, 2014. These audited balances may be different than the estimates incorporated in the proposed budget. Since the books of account for the University of Kentucky are maintained on a full accrual basis, this action will provide the authorization to expend accumulated fund balances as necessary to maintain a sound financial position during Fiscal Year 2014-15.
3. Order that the Operating and Capital Budget be recorded as an integral part of the University's financial system with the necessary fiscal control being exercised for the collection and appropriation of income and for the expenditure of departmental appropriations in accordance with authorized fiscal policies and procedures.
4. Accept the Operating and Capital Budget as the basis of maximum expenditure for Fiscal Year 2014-15, subject to item number two above and other Board approved revisions.

Trustee Brothers thanked the hundreds of staff across a number of departments on campus for their efforts in the preparation of the budget. On behalf of the staff, she also thanked President Capilouto for the second consecutive year of salary increases and its priority in the Fiscal Year 2014-15 budget.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 4 and it passed without dissent. (See FCR 4 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

W. Disposal of Personal Property (FCR 5)

Trustee Stuckert stated that FCR 5 was the recommendation that the Board approve a plan for the disposal of personal property and the methods of disposal. This annual approval includes the disposition of equipment and machinery, vehicles, library books and materials, livestock, and recyclable materials having a value of less than \$25,000.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 5 and it passed without dissent. (See FCR 5 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

X. Resolution for the Designation of an Agent for the Application of Federal Emergency Management Assistance (FCR 6)

Trustee Stuckert stated that FCR 6 was the recommendation that the Board of Trustees approve a Resolution designating the Executive Vice President for Finance and Administration to be authorized Applicant Agent Representative of the University in all public assistance and hazard mitigation matters for the purpose of obtaining federal financial assistance from the Federal Emergency Management Agency (FEMA) and FEMA programs under the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 6 and it passed without dissent. (See FCR 6 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

Y. Repair/Upgrade/Improve Building Mechanical Systems Capital Project (William R. Willard Medical Education Building Air Handling Units) (FCR 7)

Trustee Stuckert stated that FCR 7 was the recommendation that the Board of Trustees approve the initiation of the Repair/Upgrade/Improve Building Mechanical Systems Capital Project (William R. Willard Medical Education Building Air Handling Units.) The project will replace the air-handling unit which is in poor mechanical condition. Replacement of the unit is needed to meet regulatory requirements and ensure air quality and maintenance of a constant temperature for research purposes.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 7 and it passed without dissent. (See FCR 7 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

Z. Center for Applied Energy Research Slipstream Capital Project (FCR 8)

Trustee Stuckert stated that FCR 8 was the recommendation that the Board of Trustees approve the initiation of the Center for Applied Energy Research Slipstream Capital Project.

The University's Center for Applied Energy Research (CAER) is the recipient of a grant award from the United States Department of Energy National Energy Technology Laboratory (USDOE NETL). CAER has partnered with Louisville Gas & Electric and Kentucky Utilities (LG&E/KU) to test a carbon dioxide (CO₂) capture system. CAER has developed a novel heat integration scheme for the system that is expected to meet the Department of Energy performance and cost targets of 90% CO₂ capture, 95% CO₂ purity, with an increase in the cost of electricity of less than 35%. The CAER CO₂ capture process has been designed and will be erected and operated at LG&E/KU's E.W. Brown Generating Station in Harrodsburg, Kentucky.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 8 and it passed without dissent. (See FCR 8 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

AA. Expand and Renovate Commonwealth Stadium Capital Project (Commonwealth of Kentucky High Performance Building Standards Exemption) (FCR 9)

Trustee Stuckert stated that FCR 9 was the recommendation that the Board of Trustees grant an exemption from the Commonwealth of Kentucky's High Performance Building Standards for Leadership in Energy & Environmental Design (LEED) Silver Level Certification pursuant to 200 Kentucky Administrative Regulation (KAR) 6:0070 Section 3(c) for the Expand and Renovate Commonwealth Stadium Capital Project.

The renovation of the stadium has been designed to maximize sustainability wherever feasible and to meet basic LEED certification requirements. However, an exemption from the Commonwealth's High Performance Building Standards (200 KAR 6:070 Section 3(c)) is necessary as the improvements required to attain the requisite LEED Silver Level certification would add substantial work to existing non-renovated spaces. The additional work would be in areas used only during home football games thus providing a negligible return on the investment. While an exemption to attain LEED Silver Level Certification is requested, the project will meet the necessary requirements for basic LEED certification.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 9 and it passed without dissent. (See FCR 9 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

BB. Renovate Old Softball/Soccer Locker Room Capital Project (FCR 10)

Trustee Stuckert stated FCR 10 was the recommendation that the Board of Trustees approve the initiation of the Renovate Old Softball/Soccer Locker Room Capital Project.

This project will renovate the existing soccer/softball locker and shower space in the old soccer/softball building to create new office and administrative space for the coaches and staff of the three teams. As a result, the student-athletes will have access to their coaches and coaching staff in adjacent facilities. The vacated space in Commonwealth Stadium will house event management, facility operations and sports turf personnel to provide a more cohesive and efficient work environment for those units.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 10 and it passed without dissent. (See FCR 10 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

CC. Renovate/Upgrade UK Healthcare Facilities Capital Project (FCR 11)

Trustee Stuckert stated that FCR 11 was the recommendation that the Board of Trustees approve the initiation of the Renovate/Upgrade UK HealthCare Facilities Capital Project and declare its official intent to reimburse capital expenditures from a future debt obligation for the Capital Project.

With a scope of \$150,000,000, the Renovate/Upgrade UK HealthCare Facilities Capital Project (designated as Phase I-F of the Development Plan) includes the following components:

- Fit-up of two additional patient floors (9 and 10) in Pavilion A
- Replacement of 52-year old kitchen and cafeteria
- Hyperbaric Chamber replacement and relocation to Pavilion A
- Magnetic Resonance Imaging (MRI) Relocation to Pavilion A
- Installation of remaining elevators in Pavilion A
- Central Chiller Plant Addition
- Neonatal Intensive Care Unit (NICU) relocation from Pavilion H to Pavilion HA

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 11 and it passed without dissent. (See FCR 11 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

DD. Approval of Dining Capital Project and Transfer of Vehicles (FCR 12)

Trustee Stuckert stated that FCR 12 was the recommendation that the Board of Trustees approve the initiation of planning, design and construction of multiple dining capital projects funded from private funds and authorize the transfer and sale of a food truck and seven golf carts to Aramark.

On behalf of the Finance Committee, Trustee Stuckert moved approval of FCR 12. Chair Brockman opened the floor for discussion.

Trustee Brothers understood the investment by Aramark to support UK's mission of teaching, research and service, but felt that their "bottom line remains their financial success." She believed that a UK entity managed and run by UK employees ensured the focus would remain teaching, research and service. She stated she would abstain from this vote.

Trustee Curris stated that though she had initial concerns that UK Dining Services had not been given an equal opportunity to compete, she had decided that based upon the terms stated and announced, it would appear that negotiations with Aramark had the required

elements pertaining to concerns about employees, the use of local products, and the establishment of an educational component. She stated she had chosen to support FCR 12.

Trustee Hawpe stated he thought the process had been open, inclusive and rigorous. He found the objections and inquiry of fellow Trustees to be helpful in identifying areas of concern. Ultimately, he believed the proposal successfully balanced public and private interest and represented good stewardship.

Trustee Shoop was pleased with the process and the elements of the negotiation that concerned employees and student-workers, the Kentucky Proud initiative and the efforts of our local farmers.

Trustee Britton was very proud that in this era of tight resources and escalating costs, he was proud that this partnership would lower costs for students for years to come.

Trustee Gatton was complimentary of the negotiation and of the Executive Vice President for Finance and his team.

Trustee Stuckert concluded the discussion with praise for President Capilouto and his team for the continued transformation of the campus.

Chair Brockman called the question and FCR 12 passed with 17 affirmative votes and one abstention from Trustee Sheila Brothers. (See FCR 12 on the Board of Trustees website, www.uky.edu/Trustees, under agenda.)

EE. Human Resources/University Relations Committee Report

Trustee Terry Mobley, chair of the Human Resources/University Relations Committee, reported that the Committee had met this morning and heard an annual report from the Staff Senate Chair, Jeff Spradling. The Staff Senate represents some 12,000 employees.

Trustee Mobley asked fellow Trustee Jo Hern Curris to give the end of the year UK National Alumni Association report.

Trustee Curris reported that with over \$3,000,000 in the scholarship endowment, UK Alumni Association was able to award over 100 scholarships this past year. Alumni clubs across the country conducted 246 student recruitment activities, including college fairs, senior send-offs, and book awards to help recruit prospective high school students. The Alumni Career Services program assisted more than 2,800 alumni in their job search efforts. Their ten year effort and partnership with UK Public Relations to expand technology, social media sites and create alumni and friend databases, have allowed alumni to remain connected through broadcast emails, the Wildcat Connection electronic newspaper and the Kentucky Alumni Magazine.

Trustee Curris was also proud of the Alumni Plaza capital project and the unveiling of the wildcat mascot. It now serves as a campus landmark for new and old students alike. She encouraged fellow Trustees, who were not already members, to join the Association.

FF. Investment Committee Report

Trustee Bill Gatton, chair of the Investment Committee, reported that the Committee met on June 9, 2014 to review performance results and conduct other business. He reported that the Endowment Pool had a market value of \$1,170,000,000 as of April 30, 2014. For the ten months ended April 30, 2014, the Endowment Pool returned 12 percent due to strong equity market returns during the period. The Endowment Pool outperformed the policy benchmark during the ten-month period by 55 basis points mainly due to strong relative performance by the non-US equity and absolute return asset classes.

GG. University Health Care Committee Report

Trustee Barbara Young, chair of the University Health Care Committee, thanked the Trustees for attending the day long University Health Care Retreat on June 9, 2014.

Trustee Young provided a few highlights of the day. She stated that as UK HealthCare embarks on its next Strategic Plan, 2015-2020, the question of the day was “how big will we be and how big do we want to be?” Trustee Young stated that one of the most important issues facing UK HealthCare is the urgent need for bed capacity and renovation/upgrades of the existing space in the Chandler Hospital. Trustee tours of hospital space over the last several months clearly demonstrate this need.

Trustee Young continued that equally important is the need for research space. In his report, Dr. Mark Evers stressed to the Committee the clear connection between research (i.e. innovation and discovery) and great clinical care and reputation. He reported that at the present time UK is nearly out of modern research space. As a result it is becoming increasingly difficult to recruit cutting-edge funded investigators. He concluded to the Committee that if UK is to sustain its momentum in both research and clinical care, it must find a way to fund a new research facility with financial support from the state as well as clinical revenue and philanthropy.

Trustee Young also reported that the Committee heard reports regarding future strategic planning, the 2015 budget, graduate medical education, the faculty compensation plan, Eastern State Hospital, compliance, and enterprise goals. For more information and a full retreat report please see University Health Care Committee at <http://www.uky.edu/Trustees/minutes/ukhealthcare/2014/june/report.pdf>.

HH. Presentation to Chairman of the Board of Trustees

Vice Chair Keith Gannon presented Chair E. Britt Brockman with a plaque from the Board of Trustees with thanks for his service as Chairman of the Board of Trustees. The plaque read "With special thanks and appreciation to E. Britt Brockman, MD, Chairman, Board of Trustees, 2010 to 2014."

Vice Chair Gannon highlighted some of the outstanding accomplishments during Chair Brockman's term. These included the search process for the 12th President of the University of Kentucky, which resulted in the successful hiring of Eli Capilouto; the challenge to expand and enhance the undergraduate educational experience and renew and rebuild the campus core; major capital project implementations; a successful SACSCOC reaffirmation; and revisions to the Governing Regulations regarding the Board's committee structure.

Vice Chair Gannon summarized that "Chair Brockman has effectively and selflessly served the University of Kentucky with unceasing diligence to extend and enhance its impact on the state and nation. He has spent his time, energy and resources to support the enduring mission and the vision of the University of Kentucky."

There was a standing ovation for Chair Brockman.

II. Resolutions

Chair Brockman asked Trustee Holland to read the first resolution honoring and commending

JO HERN CURRIS

for her service to the UK Board of Trustees, her University, community and Commonwealth.

WHEREAS, Jo Hern Curris has served the University of Kentucky with a dedicated spirit and represented more than 192,000 living, degreed alumni in her role as an elected, alumni member of the Board of Trustees since 2008; and

WHEREAS, she was chair of the Board's Human Resources and University Relations committee, as well as a member of the Finance, Academic and Student Affairs, and Nominating committees, and served as a Trustee member of the UK Mining Engineering Foundation Board; and

WHEREAS, she is deeply connected to numerous programs at her alma mater, including a term on the UK College of Arts and Sciences Advisory Committee, as class representative for the College of Law fund-raising campaign, and as a Life Member of the UK Alumni Association; and

WHEREAS, Mrs. Curris, having been the former first lady of Clemson University, Northern Iowa University and Murray State University, has a special connection to campus life and launched a support initiative for veteran students and families through Operation Campus Friends/Freedom, and directs national programming for spouses of more than 400 university presidents; and

WHEREAS, she also contributes her time and talent to many boards and community programs, including previous service on to J.D. Massey Classic Horse Show in South Carolina, Mid America Savings Bank in Iowa, the Murray-Calloway County Community Theater, and the Hyatt Mountain Lodge.

NOW, THEREFORE, BE IT RESOLVED, that the University of Kentucky Board of Trustees does hereby adopt this resolution on June 10, 2014 and expresses, on behalf of the University community, our individual and collective gratitude to Jo Hern Curris for her exemplary service and wishes her well in all of her future endeavors, and orders that this resolution be made part of the minutes of the meeting.

Trustee Curris' service was recognized with a round of applause. Trustee Curris stated it had been a pleasure and honor to serve as Trustee. She stated that she was most proud of the creation and opening of the Veterans Resource Center to help 'our bravest and most dedicated' transition into education.

Vice Chair Gannon read the resolution honoring and commending

ROSHAN PALLI

for his service to the UK Board of Trustees, his fellow students and his University.

WHEREAS, Roshan Palli, Student Body President and member of the Board of Trustees, has admirably and tirelessly served the University of Kentucky with care and determination; and

WHEREAS, he was a member of the Board's Academic and Student Affairs Committee, as well as the Human Resources and University Relations Committee; and

WHEREAS, Mr. Palli held several leadership positions on campus, including his service as a Wildcat Ambassador, Chellgren Fellow, Student Government Senator, participant in the Leadership Development Program, member of the Economics Society and brother in his fraternity, Delta Sigma Phi; and

WHEREAS, the Mathematical Economics, Economics, Mathematics and Political Science major shares his dedication and love for the University of Kentucky with others as a tour guide in UK's Visitor Center; and

WHEREAS, as a student, Mr. Palli spent a summer at City University in London, interned in the Office of the Kentucky Attorney General and published several papers while working in research laboratories across campus; and

WHEREAS, Mr. Palli is an accomplished scholar and has been recognized with prestigious academic honors, including the Otis A. Singletary Scholarship, National Merit Scholar Finalist and Delta Sigma Phi's Order of the Sphinx; and

WHEREAS, he constantly demonstrates a passion for making UK a better place.

NOW, THEREFORE, BE IT RESOLVED, that the University of Kentucky Board of Trustees does hereby adopt this resolution on June 10, 2014 and expresses, on behalf of the University community, our individual and collective gratitude to Roshan Palli for his exemplary service and wishes him well in all of his future endeavors, and orders that this resolution be made part of the minutes of the meeting.

Trustee Palli's service was recognized with a round of applause. Trustee Palli was grateful for the relationships and knowledge gained from his time as a Trustee. He was inspired by the leadership of the Board and President Capilouto over the past three years and looked forward to seeing the continued transformation in the University's future.

Secretary Brothers read the resolution honoring and commending

IRINA VORO

for her service to the UK Board of Trustees, her college, University, the community and Commonwealth.

WHEREAS, Irina Voro, elected faculty member of the Board of Trustees since 2011, has represented her constituency as a member of the Academic and Student Affairs, and Human Resources and University Relations committees; and

WHEREAS, Professor Voro is an internationally renowned pianist and teacher of music and creativity; and

WHEREAS, she has been recognized for creative teaching techniques that inspire the artistic passions of her students and encourage them to pursue performance excellence; and

WHEREAS, her academic career includes visiting professorships at the University of Florida and Faculdade de Musica do Espirito Santo in Brazil, as well as teaching engagements at the Prague International Piano Master Classes and Indiana University Summer Music Academy; and

WHEREAS, in recognition of her artistic excellence, Professor Voro has received numerous awards, including the U.S. Presidential Administration's Distinguished Teaching Award, Kentucky Music Teachers' Association "Teacher of the Year" and the Provost Award for Outstanding Teaching, among others; and

Office of the President
June 10, 2014

1. KNI Comprehensive Stroke Program Earns Gold-Plus Quality Award

UK HealthCare's Kentucky Neuroscience Institute (KNI) received the "Get With The Guidelines-Stroke Gold-Plus Quality Achievement Award" for maintaining specific quality measures outlined by the American Heart Association/American Stroke Association for the treatment of stroke patients. KNI also made the association's "Target: Stroke Honor Roll" for meeting stroke quality measures that reduce the time between hospital arrival and treatment with the clot-buster tPA, the only drug approved by the U.S. Food and Drug Administration to treat ischemic stroke. Stroke patients who receive the drug within three hours of the onset of symptoms may recover more quickly and are less likely to suffer severe disability.

2. Guo Lab Shows Potential of RNA as Heat-Resistant Polymer Material

A team of nanotechnology researchers at the University of Kentucky has discovered new methods to build heat-resistant nanostructures and arrays using RNA. The research, led by Peixuan Guo, professor and William Farish Endowed Chair in Nanobiotechnology at the UK College of Pharmacy and Markey Cancer Center, is reported in an article titled "RNA as a Boiling-Resistant Anionic Polymer Material To Build Robust Structures with Defined Shape and Stoichiometry," co-authored by Emil F. Khisamutdinov and Daniel L. Jasinski. The article, published by the American Chemical Society in its journal "ACS Nano."

3. Appalachian Studies Association Honors Dwight Billings

The Appalachian Studies Association awarded its highest honor for service to the field to University of Kentucky Professor Dwight Billings, who is on the faculty in the Department of Sociology and the Appalachian Studies Program. Billings, who has made many significant contributions to the field of Appalachian studies throughout a career that has spanned nearly 40 years, received the Cratis D. Williams/James S. Brown Service Award at the association's 37th annual conference. The award is given annually to an individual who has made "exemplary contributions to Appalachia, Appalachian Studies or to the Appalachian Studies Association."

4. Sullivan Medallions Honor Outstanding Humanitarian Service

The 2014 Algernon Sydney Sullivan Medallions for outstanding humanitarian service were presented April 14 to two graduating seniors and a community member. The citizen recipient of the Sullivan Award is Debra Hensley, a local business owner with 30 years of public service focusing on social justice issues and homelessness. Katharine E. Skarvan was selected to receive

the Sullivan Award for the graduating senior woman. An animal science major, Skarvan was the founder and inaugural president of Wildcat Service Dogs at UK, a student-run organization that trains service dogs for the benefit of disabled individuals. The Sullivan Award for the graduating senior man went to Andrew Ritzel, an honors student double majoring in biology and Spanish who, beginning as a freshman, became involved in the Alternative Service Breaks program at UK. Under his leadership, the program's opportunities doubled from 2010 to 2014 and the first service trips to Nicaragua and Ghana were launched.

5. UK Recognized for Successful Student Transfer Program

The University of Kentucky has been honored for its leadership in assisting community college students with successful transfer to UK and completion of four-year degrees. Recognized at the first CollegeFish.org Transfer Triumph Award ceremony in conjunction with the Phi Theta Kappa Honor Society for Community Colleges convention, UK was presented with the Transfer Pathway Innovations award. The award is given to four-year colleges that facilitate transfer student transition and overall success by offering unique opportunities such as on-campus transfer centers, transfer visit days, exclusive scholarships, special residential experiences and more.

6. UK Family Sciences' Kim Receives National Award

Hyungsoo Kim, associate professor in the University of Kentucky College of Agriculture, Food and Environment, Department of Family Sciences, recently received the Mid-Career Award from the American Council on Consumer Interests. The award is given to an active member in the organization who has worked in the field of family finance for less than 15 years and excels at research and teaching. Kim's research focuses on lifetime family financial security.

7. Major Tree Planting Initiative Underway

Nearly 430 new trees are scheduled to be planted at UK over the next year — about half in key areas around campus and half near Alumni Drive, as part of a federal flood management project. UK President Eli Capilouto and Vice President for Facilities Management Bob Wiseman announced the tree planting initiative April 30 near where a new grove of trees will be planted on the lawn in front of UK's Main Building, near South Limestone.

8. 1956 Time Capsule Found, Re-buried With 2014 Items

In September 2013, a member of the construction team demolishing the Cooperstown residence halls spotted a rusted metal box wrapped in cracked green oilcloth in his excavator's scoop. The box turned out to be a time capsule buried on or about Sept. 22, 1956, containing newspapers, campus brochures and other ephemera. On April 28, UK officials buried a new time capsule containing the 1956 items plus 2014 mementos. Inscriptions on a plaque will instruct the UK Class of 2064 to open and enjoy their Wildcat roots.

9. Michigan's Janet Weiss Continues "see tomorrow." Speaker Series

Janet Weiss, vice provost for academic affairs—graduate studies and dean of the Rackham Graduate School at the University of Michigan, spoke on campus April 8 as part of the "see tomorrow." Speaker Series. The "see tomorrow." Speaker Series is an ongoing effort to engage with the campus community about the Strategic Plan. Experts, both from UK and from other organizations in higher education, speak on topics related to the process. As vice provost and dean, Weiss oversees all of the University of Michigan's doctoral programs and many of the master's programs. She serves as the Provost Office's advocate for policies and practices benefitting all graduate and professional students at the university. What it means for a university to be entrepreneurial was the topic of the May 8 edition of the "see tomorrow." Speaker Series. Buck Goldstein, University Entrepreneur in Residence and a Professor of the Practice in the Department of Economics at the University of North Carolina at Chapel Hill, was the speaker. He is co-author of the book "Engines of Innovation: The Entrepreneurial University in the Twenty-First Century."

10. UK Faculty Member Helps Redevelop Zimbabwe University's Curriculum

University of Kentucky Agricultural Economics Professor Mike Reed visited Zimbabwe's Africa University to evaluate the faculty of agriculture and natural resources curriculum during the Spring 2014 semester. Reed connected with Africa University through the Fulbright Specialist Program, which promotes linkages between U.S. scholars and their counterparts at host institutions abroad through short-term collaborative projects.

11. UK Helping Afghanistan Mine its Rich Resources

The University of Kentucky College of Engineering's Department of Mining Engineering is helping Balkh University (BU) in Mazār-e Sharīf, Afghanistan build the capacity and quality of its mining engineering program. The U.S.-Afghan University Partnership with Balkh University in Engineering program is funded by a \$749,964 grant from the U.S. Embassy in Kabul. Northern Afghanistan has a very large, unexplored mineral base. To access these natural resources, Afghanistan will need engineers, particularly in resource estimation and mining. UK will help build BU's capacity to train mining engineers over a three-year period. The first BU faculty group visited UK during the Spring 2014 semester.

12. Seven Inducted into Kentucky Journalism Hall of Fame

Seven new members were inducted into the Kentucky Journalism Hall of Fame April 29, at a luncheon ceremony sponsored by the University of Kentucky School of Journalism and Telecommunications Alumni Association. Inductees are: Elizabeth Hansen, Foundation Professor and chair of the Department of Communication at Eastern Kentucky University; Mark Hebert, former political and investigative reporter with WHAS-TV, now director of media relations at the University of Louisville; Dave McBride, editor of the Ohio County Times-News for more than 30 years; Lee Mueller, who was Eastern Kentucky bureau reporter for the Lexington Herald-Leader for 27 years; Mike Philipps, president and CEO of the Scripps Howard Foundation and former editor of The Cincinnati Post and the Kentucky Post; Wes Strader, long-time "Voice of the Hilltoppers" at Western Kentucky University; and Hunter S. Thompson, author and creator of Gonzo journalism (posthumous induction). That evening, the school held its 37th annual Joe

Creason Lecture in Journalism. This year's presenter was Mervin R. Aubespín, retired associate editor of the Courier-Journal, past national president of the National Association of Black Journalists, and a founding director of the American Copy Editors Society Education Fund.

13. UK Collaborates on the Kentucky Electricity Portfolio Model

A team of students and researchers from the University of Kentucky Department of Statistics and the Center for Applied Energy Research (CAER) worked last summer with the Kentucky Energy and Environment Cabinet (EEC) and the Pacific Northwest National Laboratory to evaluate energy and environmental policy under a range of potential carbon dioxide regulatory scenarios. The UK team included several students, Department of Statistics Professor Arne Bathke, and department chair Arnold Stromberg. Shiela Medina from CAER served in a leadership role for the project team.

14. UK Brings 'Voices of Student Veterans' Alive Across Kentucky

A tour of "Voices of Student Veterans" traveled to six Kentucky public universities April 4-21. The theatrical performance piece was developed in 2010 as part of an interdisciplinary arts and creativity project at the University of Kentucky through a unique collaboration between the university's Department of Theatre, Veterans Resource Center and Louie B. Nunn Center for Oral History. The tour of this production and scholarships for the student actors was made possible with funding from UK Women and Philanthropy.

15. Design Students Create Murals for New UK Residence Halls

Student housing partner EdR chose the winning designs in a contest that challenged UK College of Design students to create murals for five new residence halls, using specific colors and themes. Each winning entry was awarded a \$1,000 prize. The designs will be created in vinyl and applied to a wall, with name plates crediting the student designers. The winning entrants were Lucas Brown, Matthew Ireland, Brenna Murphy, Chris Phillips and Sarah Moyer, and Sophia Triantafyllopoulos.

16. UK Cooperative Extension Marks 100th Anniversary

On May 8, the Cooperative Extension System celebrated the 100th anniversary of the signing of the Smith-Lever Act, which established the service. A national convocation was held that day at the Ronald Reagan Building and International Trade Center in Washington, D.C. Paige Hart of Caldwell County, Kentucky State 4-H president, carried Kentucky's flag during the Parade of States. Over the years, UK Cooperative Extension agents and specialists have implemented meaningful educational programs and grass-roots efforts. Each year, extension personnel make more than 7,000,000 contacts across the state through their programs, events, initiatives and efforts.

17. UK Commemorates 50 Years of Lifelong Learning

Since 1964, UK has worked through the Donovan Fellowship and Osher Lifelong Learning Institute (OLLI) to ensure that "curiosity never retires" in the Commonwealth. Through tuition waivers and community-based class, workshops and social events, Kentuckians over the age of 50 find intellectual stimulation, physical activity, creative outlets and social engagement. OLLI members, Donovan Scholars and community members celebrated the 50th Anniversary of lifelong learning at UK at an April 12 reception at Paul Laurence Dunbar High School.

18. Writing Center Celebrates 30 Years of Helping UK Students Succeed

UK's Writing Center, located in The Hub at William T. Young Library, marked its 30th year during the 2013-14 academic year. Over the past three decades, graduate and undergraduate peer consultants have assisted thousands of students, faculty and staff in creating essays, reports, slide show presentations and videos at no charge. UK marked the milestone with a special reception on March 5.

19. Lean Systems Program Turns 20 This Year

Lean Systems is an approach to production practices that emphasizes efficiency through the systematic identification and elimination of waste. UK's Lean Systems Program, the first of its kind, began in 1994, growing out of a series of collaborations between Toyota Motor Manufacturing in Georgetown and the UK College of Engineering. Over the past two decades, the Lean Systems Program has grown into a successful and fully self-funded program encompassing a variety of training and research programs. The program's 20th anniversary will be formally observed October 28 with a special program jointly coordinated and sponsored by UK and Toyota.

20. Buzz Burnam Recognized as 2014 LEEP Community Partner

The Louisville Education and Employment Partnership (LEEP) named Emmett "Buzz" Burnam, associate director of diversity recruitment with UK's Office of Admission, as its 2014 Community Partner for his outstanding professionalism in recruiting students to the University of Kentucky. Burnam was honored at the organization's 26th Annual Business Breakfast to celebrate 26 years of helping students overcome obstacles to graduate from high school.

21. Undergrads Present Sustainability Research at NSF Student Showcase

Undergraduate students who participated in the National Science Foundation-funded Systems Thinking for Sustainability course at the University of Kentucky presented their research findings in a showcase on May 6, in the Lexmark Public Room in UK's Main Building. This year's umbrella project, titled "Campus Living," advanced research developed by the spring 2012 and spring 2013 class. Using the previous two years' projects as springboards for deeper and more thorough approaches, the students' projects explored sustainable issues through the lens of systems thinking as a means of simultaneously seeing and assessing the issues from multiple vantage points.

22. Leading Theoretical Physicist Delivers van Winter Memorial Lecture

Physicist Juan Maldacena of the Institute for Advanced Study visited the University of Kentucky in April to deliver the 2014 van Winter Memorial Lecture in Mathematical Physics. Maldacena's

talk was titled "Quantum Mechanics and Geometry of Spacetime." Maldacena is the leading string theorist of his generation. His 1998 discovery of the AdS/CFT correspondence set off a revolution in string theory and has found applications in many areas of physics and mathematics.

23. Anti-Apartheid Activist Denis Goldberg Speaks at UK

Anti-apartheid activist Denis Goldberg visited UK on April 21 to give a public talk in the auditorium of William T. Young Library. Goldberg, along with Nelson Mandela and six others, was tried and convicted in 1964 for trying to overthrow the apartheid regime in South Africa. He spent 22 years in prison before he was exiled to Israel in 1985. Goldberg's talk highlighted pivotal episodes in his life as a leader of the anti-apartheid struggle.

24. NASA Scientist and Author Les Johnson Gives Talk at UK

NASA technologist, scientist and author Les Johnson delivered a talk to UK engineering students on April 24. Johnson's talk, titled "Solar Sails: From Science Fiction to Engineering Reality," is part of the William Maxwell Reed Seminar Series organized by the Department of Mechanical Engineering. Solar sail propulsion promises to make space exploration more affordable and offer access to destinations within and beyond the solar system that are currently beyond our reach.

25. Experts in Advanced Methodology Visit UK

In an effort to train University of Kentucky graduate students and help researchers, the Quantitative Initiative for Policy and Social Research brought four of the most sophisticated methodologists in America for a mini-conference April 10-11 and a workshop May 15-18 on structural equation modeling (SEM). This social science method goes beyond a single-equation explanation of behaviors such as voting, health, participation, protesting or learning, encompassing combinations of up to hundreds of variables into a complex system of meaningful behavior.

26. UK Student Entrepreneurs Win \$19,000 at Idea State U Competition

Three UK undergraduate and graduate student entrepreneur teams won a total \$19,000 at the Cabinet for Economic Development's Idea State U competition in April. Computer science seniors Josiah Hanna, Charlie Effinger and Craig Schmidt won third place in the undergraduate business plan category for their "Shouter" social media mobile application. MBA candidates Alex Blasingame, Justin Johnson and Rob Arnold won second-best graduate business plan team in the state for MosquitoTech, presenting a plan to control and eliminate the Asian tiger mosquito using technology patented by UK Professor Stephen Dobson. Cellular biochemistry doctoral candidate Satrio Husodo and MBA candidates Erica Clark and Miguel Doughlin placed second in graduate concept for Arymza Technologies, using enzyme technology developed by UK molecular and cellular biochemistry researchers Matthew Gentry and Craig Vander Kooi to process starch.

27. CAER Hosts Successful Ash Workshop

The Center for Applied Energy Research, in conjunction with the American Coal Ash Association, co-hosted and organized the 2014 Coal Combustion Products Utilization and Management

workshop held in Lexington on April 29-30, 2014. Sixty attendees, including instructors from industry and academia, participated in the workshop that offered a comprehensive overview of the coal combustion products industry from the point of generation to inclusion in buildings, agriculture, infrastructure and environmental remediation projects.

28. University Press Authors Earn Acclaim

University Press of Kentucky authors Justin S. Vaughn and Lilly J. Goren have been named co-recipients of the 2014 Susan Koppelman Award for the Best Anthology, Multi-Authored, or Edited Book in Feminist Studies for their book, "Women and the White House: Gender, Popular Culture, and Presidential Politics." T.R.C. Hutton has been named the recipient of the 2013 Weatherford Award for nonfiction for his book "Bloody Breathitt: Politics and Violence in the Appalachian South." Timothy K. Nenninger has been awarded the Secretary of Defense Medal for Meritorious Civilian Service by Secretary of Defense Chuck Hagel.

29. Faculty and Staff Achievements

Brian W. Adkins (Emergency Medicine) received a 2014 Provost's Outstanding Teaching Award.

Richard D. Andreatta (Health Sciences) has been named the 2014 recipient of the college's Kingston Award for Excellence in Teaching.

John Cody Birdwell (Music) was inducted into the American Bandmasters Association and also completed a week-long residency at the University of Florida, where he served as a guest lecturer for graduate conducting students and served as guest conductor for a performance by University of Florida Wind Symphony.

Deborah Borrowdale-Cox (Art Museum at UK) has been invited to join a team of eight jurors who will assist in the selection of awardees for the National Arts and Humanities Youth Program Awards.

Thomas Bridges and Drew Schiavone (Biosystems and Agricultural Engineering) both were chosen as winners of the 2014 American Society of Agricultural and Biological Engineers Superior Paper Awards.

Czarena Crofcheck (Biosystems and Agricultural Engineering) received the 2014 College of Engineering Dean's Award for Excellence in Service. Crofcheck, along with Shane Worley, Alexander Wade and Lyla Ratsavong were recipients of Tau Beta Pi, Engineering Honor Society, faculty and staff awards. Wade received two awards.

Dennis Duross (Agricultural Communications Services), Jill Stowe (Agricultural Economics), Holly Wiemers (Ag Equine Programs) received 2nd Place in Special Purpose Publications from the Public Relations Society of America, Thoroughbred Chapter for the 2012 Kentucky Equine Survey Project Summary.

Jenny Evans and Holly Wiemers (Ag Equine Programs) received 3rd Place in e-newsletters from the Public Relations Society of America, Thoroughbred Chapter for the Bluegrass Equine Digest.

Andrea M. Friedrich (Psychology) received a 2014 Provost's Outstanding Teaching Award.

Hazel Forsythe (Dietetics and Human Nutrition) received the Dietetic Internship Director of the Year award from the Kentucky Academy of Nutrition and Dietetics.

Philip R. Harling (History) received a 2014 Provost's Outstanding Teaching Award.

Pearl James (English) received a 2014 Provost's Outstanding Teaching Award.

Julene Jones (Libraries) has been appointed to the Ex Libris Voyager Product Working Group for a two-year term starting May 2014.

Tari Keller (Libraries) received the Paul A. Willis Award for Outstanding Faculty.

Elizabeth LaBonty, Mary Rossano (Animal and Food Sciences) and Ani Katchova (Agricultural Economics) received the Teacher Who Made a Difference award from the College of Education.

Brian Lee (Landscape Architecture) received the Excellence in Service-Learning Award from the Council of Educators in Landscape Architecture at its annual meeting in Baltimore.

Merlin Lindemann (Animal and Food Sciences) received the American Society of Animal Science 2014 Cromwell Award in Mineral Nutrition. He has also been selected as a recipient of the 2014 American Society of Animal Science Fellow-Research Award.

Karl Raitz (Geography, retired) received the 2014 UK Libraries Award for Intellectual Achievement.

Molly Reynolds (Communication) received the 2014 Outstanding Professor Award given by Fraternity and Sorority Affairs.

Chris Richards (Center of Membrane Sciences, Chemistry), and collaborators at the University of Copenhagen and University of British Columbia, received a Human Frontier Science Program Research (HFSP) Young Investigators research grant totaling \$1,050,000.

Leon Sachs (Modern and Classical Languages) received a 2014 Provost's Outstanding Teaching Award.

Deirdre Scaggs (Libraries) attended the invitation-only Radcliffe Workshop on Technology and Archival Processing at Harvard University.

Tammy J. Stephenson (Dietetics and Human Nutrition) received a 2014 Provost's Outstanding Teaching Award.

Members, Board of Trustees:

APPOINTMENT OF DEAN OF THE COLLEGE OF NURSING

Recommendation: that Dr. Janie Heath be appointed Dean of the College of Nursing, effective August 1, 2014.

Background: Dr. Jane Kirschling resigned as Dean of the College of Nursing effective December 17, 2012. A search committee was appointed to identify and recommend qualified persons for the position of Dean of the College.

Dr. Heath is currently the Associate Dean of Academic Programs and the Thomas Saunders III Endowed Professor at the University of Virginia School of Nursing. She earned her Associate degree in Nursing and Bachelor of Science degree in Nursing from Cameron University in Lawton, Oklahoma, her Master of Science degree from the University of Oklahoma, her post-masters certificate as an adult and acute care nurse practitioner from the University of South Carolina, and her Ph.D. in Nursing from George Mason University in Fairfax, Virginia.

As a nurse scientist, Dr. Heath develops and tests new interventions to improve tobacco cessation outcomes and optimize the effectiveness of evidence-based tobacco cessation interventions among healthcare providers. Her research includes implementing the first Summer Institute for Tobacco Control for Nurse Educators where over 8,000 students, faculty and healthcare professionals have received training, serving as Co-Principal Investigator (PI) on National Institutes of Health R01-funded randomized controlled trial to impact tobacco control in African American families, PI of a randomized controlled trial among pregnant smokers, and Co-PI of a descriptive study of pharmacogenetics among tobacco dependent employees.

With well over 100 manuscripts, presentations and state/national media interviews, Dr. Heath has maintained her passion for integrating research, practice and service with nursing education. She has been awarded over \$12,000,000 for academic and/or research initiatives and generated over 150 publications and abstracts. She has served on numerous regional and national task forces for tobacco control including the American Academic of Nursing's Health Behavior Expert Panel and the American Heart Association's Smokeless Tobacco Expert Panel.

Bios for Board of Directors

University of Kentucky Gluck Equine Research Foundation, Inc.

Benny Bell Williams, President and Founder, The Bell Group, Inc.

Benny Williams is the president and founder of The Bell Group, Inc., in Versailles, Ky., an agency dedicated to reaching the goals of their clients through marketing and communication platforms. She began the agency in 1979 as a one-person shop and quickly worked to add talented people to her staff.

Benny has spent a lifetime devoted to thoroughbreds as a breeder, owner and farm director, as well as in leadership roles such as President of the Thoroughbred Club of America, Kentucky Horse Park Foundation board member and member of such industry organizations as Thoroughbred Owners and Breeders Association.

Michael Banahan, Director of Farm Operations, Darley

Michael Banahan is director of farm operations for the four Darley USA Thoroughbred farms in Kentucky. He is responsible for overseeing the care of the stallions, broodmares and yearlings on these farms. He has worked for Darley since 1993 in both England and the USA. Michael has extensive experience in all aspects of major horse operations including the business and production side. He has a vested interest in research for the health and well-being of horses.

Case Clay, President, Three Chimneys Farm

Case Clay returned to the Three Chimneys Sales Team in 2004 after a year at the Irish National Stud in Kildare, Ireland and Arrowfield Stud in Scone, Australia. Prior to his departure, he worked in sales at Three Chimneys and spent six years in Chicago, where he worked at Arlington Park, Ernst & Young and Hyatt Corporation; while performing improvisation in the evenings. Case is a graduate of DePauw University with a major in Economics. He currently serves on the Board of Directors of the Gluck Equine Research Foundation, Thoroughbred Owners and Breeders Association, the NTRA PAC and Junior Achievement of the Bluegrass.

Lisa Lourie, Owner, Spy Coast Farm

Lisa Lourie and her husband, Robert, own Spy Coast Farm in Kentucky, New York and Florida. Spy Coast Farm Kentucky is the primary breeding facility and home to Sweet Oak Farm during the summer. Located adjacent to the Kentucky Horse Park some of the most highly regarded veterinary clinics are located within a few miles of the farm, which also has an embryo transfer facility on site. At one time the New York Farm land was prime fishing and hunting territory for the Setalcott Indians. During the Revolutionary War, the Setauket Spy Ring operated from the area. Since that time, the Strong's Neck area has been known as the Spy Coast. Spy Coast Farm South (in Florida) is home to Sweet Oak Farm during the winter. The farm specializes showing ponies and horses in the hunter, jumper and equitation disciplines. They have a terrific staff and many loyal customers ranging in age from lead line to masters. They manage and show many horses for Spy Coast Farm, from the baby green and young jumper divisions up to the Grand Prix level. For homebred horses, Spy Coast Farm South is where their skills are polished.

NAMING OF UNIVERSITY FACILITY:
SOCCER COMPLEX

Recommendation: that the Board of Trustees approve the official naming of the new soccer complex at the University of Kentucky located on Alumni Drive as the “Wendell & Vickie Bell Soccer Complex.”

Background: Wendell and Vickie Bell have contributed a significant gift for the construction of the new complex. In addition, they are long-time, committed supporters of many Department of Intercollegiate Athletics programs. They are Presidential Fellows, having contributed both to the University and the Department. The Bells are dedicated UK sports fans, attending dozens of events each year. Ms. Bell, who serves as a Community Advisory member on the Board of Trustees University Athletics Committee, is a devoted supporter of women's soccer, basketball, volleyball and rifle.

The Committee on Naming University Buildings has reviewed the request and found it to be in compliance with university policy Administrative Regulation 9:5 and recommends approval of this name designation.

Members, Board of Trustees:

ACADEMIC DEGREE RECOMMENDATION:
COLLEGE OF ARTS AND SCIENCES

Recommendation: that the Board of Trustees approve the establishment of a Bachelor of Arts with a major in Health, Society and Populations degree within the College of Arts and Sciences, effective in the Fall 2014 Semester.

Background: The proposed Bachelor of Arts in Health, Society and Population (HSP) will make significant contributions to the University's undergraduate degree options and teaching mission. Students can obtain the HSP B.A. as a stand-alone degree or as a second major with any other department or discipline-specific B.A. or B.S. degree. The HSP program draws on the expertise of numerous faculty members within the College of Arts and Sciences, as well as coursework across a number of colleges at the University of Kentucky. It is a complement to current undergraduate health-related programs, providing students the opportunity to pursue their interests in health-related issues through the analytical lens of the social sciences. The program simultaneously fosters collaboration with other health-related disciplines on campus through shared coursework.

The program in Health, Society and Populations focuses on understanding health outcomes and their unequal distribution as a product of multiple interacting influences, including health care, behaviors, environmental conditions, genetic and biological factors and social and cultural characteristics of groups and individuals.

This program has the approval of the appropriate councils and the University Senate and has completed the 45 day review process of the Council on Postsecondary Education. The Provost of the University supports this recommendation.

Members, Board of Trustees:

ACADEMIC DEGREE RECOMMENDATION:
COLLEGE OF COMMUNICATION AND INFORMATION

Recommendation: that the Board of Trustees approve the establishment of a Master of Science with a major in Information Communication Technology degree in the School of Library and Information Sciences, within the College of Communication and Information, effective in the Fall 2014 Semester.

Background: The Information Communication Technology (ICT) program will provide further education for graduate students seeking leadership roles where the application of information technology is concerned with the ultimate goal of connecting people, organizations and communities to enhance their ability to succeed. The graduate program will build on and extend the skills and content covered in the undergraduate program.

The broad cluster of occupations that fall within the ICT arena includes, but is not limited to computer analysts, computer support specialists, technical writers, media, communications and instructional coordinators. ICT is a growing field with actual growth exceeding projected growth in several categories. Currently, there is not a University of Kentucky program focused on the practical application of technology. This proposal addresses this need. This degree is not equivalent to a degree in computer science and does not prepare a student for a job in software development or programming. The objectives of the proposed program include educating and preparing students for a successful career in the ICT field in a global economy.

This program has the approval of the appropriate councils and the University Senate and has completed the 45 day review process of the Council on Postsecondary Education. The Provost of the University supports this recommendation.

Members, Board of Trustees:

ACADEMIC DEGREE RECOMMENDATION:
COLLEGE OF PUBLIC HEALTH

Recommendation: that the Board of Trustees approve the establishment of a Bachelor of Public Health degree within the College of Public Health, effective in the Fall 2014 Semester.

Background: The need for public health undergraduate programs is a high priority both nationally and in Kentucky. The justification for the founding of the College of Public Health in 2003 was derived from countless national reports replete with statistics reflecting Kentucky's poor health status. A 2013 report by the United Health Foundation ranked Kentucky as one of the unhealthiest states in the nation, due to elevated death rates for cardiovascular disease, cancer and diabetes. Infrequent access to preventive health care and the high prevalence of established risk behaviors for many diseases, including substance abuse, obesity and sedentary lifestyles, contribute significantly to this elevated disease burden in both adults and children.

Undergraduate majors using the title of Public Health are emerging with some frequency on campuses in the U.S. Nearly 30 percent of the 49 colleges of public health accredited by the Council on Education in Public Health already have established baccalaureate programs with an estimated dozen institutions working on creating a program. Public health topics introduce a new and highly relevant approach to national and global understanding. Many students seek avenues to socially and globally responsible work. Others are exploring career options related to their majors and want to explore programs that might lead to graduate and professional school.

The primary mission and intent of public health practice is to avert disease at the population level. Rather than approaching health and disease at the level of each individual in any given community, efforts are directed toward creating the policy environments, physical environments, social structures, surveillance systems, etc. needed to assure any given community worldwide is protected against premature morbidity or mortality. The University of Kentucky can provide high quality undergraduate education to students throughout the world.

This program has the approval of the appropriate councils and the University Senate and has completed the 45 day review process of the Council on Postsecondary Education. The Provost of the University supports this recommendation.

Members, Board of Trustees:

ACADEMIC DEGREE TRANSFER RECOMMENDATION:
COLLEGE OF ENGINEERING

Recommendation: that the Board of Trustees approve the transfer of the Master of Science in Manufacturing Systems Engineering from the College of Engineering to the Department of Mechanical Engineering, within the College of Engineering, effective in the Fall 2014 Semester.

Background: The interdisciplinary Master of Science in Manufacturing Systems Engineering (MS-MSE) program provides graduate-level education in the field of manufacturing which is a critical discipline for the Commonwealth of Kentucky.

The change in reporting structure from the College to the Department of Mechanical Engineering is aligned with the objectives of the unit, the College and, as such, strengthens the University priorities. The Department of Mechanical Engineering has had a focus area of manufacturing at the graduate level for more than 20 years. Moving the MS-MSE degree strengthens the commitment to manufacturing and supports the many associated faculty through their research programs. The College traditionally housed the program because the Center for Manufacturing Systems, which is no longer in existence, had been administering it on the College's behalf. Since the closure of the Center, the enrollment numbers have dwindled in recent years. Strengthening manufacturing has been selected as a focus area for the College; and housing it in a department that has the area expertise will facilitate enrollment growth.

The University of Kentucky has been a leading university in manufacturing for more than 25 years. The growth and development of this program, through moving to the Department of Mechanical Engineering, will help maintain that reputation, especially in the areas of advanced manufacturing including lean manufacturing and sustainable manufacturing. Plans for the program include an increase in on-line offerings as well as the traditional classroom delivery.

The transfer has been reviewed and recommended by the Senate Committee on Academic Organization and Structure and the Senate Council; and endorsed by the University Senate. The Provost of the University supports this recommendation.

CHANGE IN NAME OF AN EDUCATIONAL UNIT:
COLLEGE OF FINE ARTS

Recommendation: that the Board of Trustees approve the change in the name of the Department of Theatre to the Department of Theatre and Dance, in the College of Fine Arts, effective July 1, 2014.

Background: The Department of Theatre was formed as its own unit in the College of Arts and Sciences in 1967, although theatre has been a dynamic part of the University of Kentucky student experience since 1911 when it was housed in the English Department. The Department of Theatre has been an active and vital component of the central Kentucky arts scene.

In November 2009 the Department of Kinesiology and Health Promotion in the College of Education voted to suspend its Dance minor. At that time, the Department of Theatre began the process to introduce Dance into its curriculum. The Dance minor, which was approved by the University Senate in November 2011, has become tremendously popular with UK students, representing majors from eight colleges across campus. The Dance program has quickly become a high point for recruitment, research/performance, outreach and pedagogy in the unit.

The Interdisciplinary Certificate in Musical Theatre was approved in April 2013, and includes Dance courses as a large component of its curriculum. The Dance program has strengthened the rigor of the Acting program and is the source of newfound physical strength for actors on stage.

The Department of Theatre faculty seeks to recognize the significance that the Dance minor plays in the programming, curriculum, and student body by including “Dance” in the Department name. Changing the name of the unit to the Department of Theatre and Dance will better communicate the scope of the program, and benefit the recruitment efforts both on and off campus.

The proposed change has been approved by the faculty of the Department of Theatre; reviewed and recommended by the Senate Academic Organization and Structure Committee and the Senate Council; and endorsed by the University Senate. The Provost of the University supports this recommendation.

THE FORCHT GROUP OF KENTUCKY PLEDGE

Recommendation: that the Board of Trustees accept a pledge of \$1,000,000 from The Forcht Group of Kentucky (Lexington, Kentucky) to support the Gatton College of Business and Economics Capital Campaign.

Background: The Forcht Group of Kentucky is an American holding company founded by Terry E. Forcht, with corporate headquarters in Lexington and Corbin, Kentucky. The corporation specializes in banking and financial services; insurance, nursing homes and health care; broadcasting and print media; retail, data and web design services. Terry Forcht was born and raised in Louisville, Kentucky.

The \$1,000,000 pledge to the Gatton College Capital Campaign will be used for the \$65,000,000 renovation and expansion of the Gatton College of Business and Economics Building currently underway. This renovation and expansion is needed to accommodate the College's planned 50 percent growth in enrollment as well as the growth in faculty and staff to maintain the student-to-faculty ratio.

Members, Board of Trustees:

A RESOLUTION PROVIDING FOR THE AUTHORIZATION, ISSUANCE
AND SALE OF GENERAL RECEIPTS REFUNDING BONDS OF THE
UNIVERSITY OF KENTUCKY, PURSUANT TO THE TRUST AGREEMENT
DATED AS OF NOVEMBER 1, 2005.

Recommendation: that the Board of Trustees approve a Resolution authorizing the issuance of University of Kentucky General Receipts Obligations, to be designated University of Kentucky General Receipts Refunding Bonds (the "Refunding Obligations"), to be issued in one or more series or subseries, and to be dated as of a date determined by the Treasurer.

The Resolution approves the issuance of Refunding Obligations for the purpose of: (i) refunding the outstanding University of Kentucky Consolidated Educational Buildings Revenue Bonds, Series P, Q and R (Second Series), dated March 31, 2004 (the "Prior Consolidated Education Bonds"); (ii) paying the costs of terminating certain Financing Agreements with the Kentucky Asset/Liability Commission and the Finance and Administration Cabinet of the Commonwealth of Kentucky (the "Financing Agreements"); and (iii) refunding the outstanding University of Kentucky General Receipts Bonds, 2005 Series A, dated December 13, 2005 and University of Kentucky General Receipts Bonds, 2006 Series A, dated August 3, 2006 (collectively, the "Prior General Receipts Bonds," and together with the Prior Consolidated Education Bonds and the Financing Agreements, the "Prior Obligations".)

The Resolution also approves the offering for sale of the Refunding Obligations, in one or more series, on the date or dates to be determined by the Treasurer of the University, upon the advice of the Financial Advisor to the University. The Resolution further authorizes the acceptance of the bids for the sale of the Refunding Obligations by the Treasurer. The exact principal amount of Refunding Obligations to be sold will be determined on the date of sale as the amount required to (i) refund the Prior Obligations and (ii) pay the costs of issuing the Refunding Obligations.

Background: Conditions in the bond market may provide an opportunity to refund the Prior Obligations and achieve debt service savings. The Refunding Bonds will be sold as separate series and may be sold at different times, depending on market conditions.

The Board adopted a resolution approving a Trust Agreement dated as of November 1, 2005 (the "Trust Agreement") authorizing the issuance, from time to time, of Obligations (as defined in the Trust Agreement) to finance and refinance capital projects. The Refunding Obligations will be

issued under the Trust Agreement. The Resolution authorizes the issuance of the Refunding Obligations; establishes the specific terms of the Refunding Obligations; provides for a competitive sale of the Refunding Obligations, including approval of a Notice of Bond Sale, Official Terms and Conditions of Bond Sale, Official Bid Form and an Official Statement; and authorizes a Supplemental Trust Agreement and Continuing Disclosure Agreement with respect to the Refunding Obligations.

SERIES RESOLUTION

A RESOLUTION PROVIDING FOR THE AUTHORIZATION, ISSUANCE AND SALE OF GENERAL RECEIPTS REFUNDING BONDS OF THE UNIVERSITY OF KENTUCKY, PURSUANT TO THE TRUST AGREEMENT DATED AS OF NOVEMBER 1, 2005.

WHEREAS, the University of Kentucky (herein called the "University"), a public body corporate and an educational institution and agency of the Commonwealth of Kentucky, by resolution adopted by the Board of Trustees of the University on September 20, 2005 (herein called the "General Bond Resolution"), and by a Trust Agreement, dated as of November 1, 2005, as supplemented (herein called the "Trust Agreement"), comprised in part of the General Bond Resolution, has provided for the issuance from time to time of Obligations (as defined in the Trust Agreement) of the University secured by a pledge of the University's "General Receipts" (as defined in the Trust Agreement), each such issue to be authorized by a Series Resolution, as required by the Trust Agreement; and

WHEREAS, by authority of Sections 162.340 to 162.380 of the Kentucky Revised Statutes, Chapter 56 of the Kentucky Revised Statutes and Sections 58.010 to 58.140 of the Kentucky Revised Statutes (collectively, the "Act"), the University is authorized to construct educational building facilities, to issue its obligations to pay all or part of the costs of such facilities, and to secure said obligations by a pledge of and lien on all or such part of the revenues and receipts of the University; and

WHEREAS, the University, under a resolution adopted by the Board of Trustees (the "Board") on September 20, 1960, as supplemented (the "Consolidated Education Resolution"), has provided for the issuance from time to time of Consolidated Educational Buildings Revenue Bonds and there are Consolidated Educational Bonds outstanding under the Consolidated Education Resolution identified as University of Kentucky Consolidated Educational Buildings Revenue Bonds, Series P, Q and R (Second Series), dated March 31, 2004 (the "Prior Consolidated Education Bonds"); and

WHEREAS, the University, under the General Bond Resolution and resolutions adopted by the Board on September 20, 2005 and September 12, 2006, has previously approved Financing Agreements (the "Financing Agreements") with the Kentucky Asset/Liability Commission (the "Commission") and the Finance and Administration Cabinet of the Commonwealth of Kentucky, which constitutes an Obligation under the General Bond Resolution, and requested that the Commission issue its University of Kentucky General Receipts Project Notes, 2005 Series A, dated November 8, 2005, University of Kentucky General Receipts Project Notes, 2007 Series A, dated November 1, 2007 and University of Kentucky General Receipts Project Notes, 2007 Series B, dated November 29, 2007 (collectively, the "ALCo Notes"); and

WHEREAS, the University, under the General Bond Resolution and a Series Resolutions adopted by the Board on October 20, 2005 and June 13, 2006, has previously issued General Receipts Bonds and there are General Receipts Bonds outstanding under the General Bond Resolution identified as University of Kentucky General Receipts Bonds, 2005 Series A, dated December 13, 2005 and University of Kentucky General Receipts Bonds, 2006 Series A, dated

August 3, 2006 (collectively, the "Prior General Receipts Bonds," and together with the Prior Consolidated Education Bonds and the ALCo Notes, the "Prior Obligations"); and

WHEREAS, in order to achieve debt service savings, the Board has determined, if interest rates prevailing in the bond market at the time of sale of the Obligations hereby authorized are favorable, to refund some or all of the Prior Obligations so that the Prior Obligations will no longer be outstanding under the Consolidated Education Resolution and the General Bond Resolution, and to pay the costs of terminating the Financing Agreements, pursuant to Article XI thereof; and

WHEREAS, the Board of Trustees, in order to refund the Prior Obligations, desires to provide for issuance and sale of University of Kentucky General Receipts Refunding Bonds and for other matters in connection therewith, by the adoption of this Resolution;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY, AS FOLLOWS:

SECTION 1. Definitions and Interpretations. All words and terms defined in Section 1 of the General Bond Resolution and all interpretations therein provided shall have the same meanings, respectively, and be subject to the same interpretations as therein provided where used in this Resolution, unless the context or use clearly indicates another or different meaning or intent, except that this Resolution is sometimes herein called and may be known as the "2014 Series D Bond Resolution," the Obligations authorized by this Resolution are referred to herein (and in the Supplemental Trust Agreement or Supplemental Trust Agreements hereby authorized) as the "Refunding Obligations," and the terms "hereof," "hereby," "hereto," "herein," and "hereunder," and similar terms, mean this Resolution.

SECTION 2. Authority. This Resolution is adopted pursuant to the General Bond Resolution, the Trust Agreement, and the Act.

SECTION 3. Authorization, Designation and Purpose of Refunding Obligations. It is hereby declared to be necessary to, and the Board shall, issue, sell and deliver, as provided and authorized herein, General Receipts Obligations which shall be issued as General Receipts Bonds (the "Refunding Obligations") in the principal amount or respective principal amounts required to accomplish the refunding of the Prior Obligations. Such Refunding Obligations shall be designated "University of Kentucky General Receipts Refunding Bonds," may be issued in one or more subseries and shall bear such further series and subseries designations as the Fiscal Officer (as defined in the Trust Agreement) deems appropriate. Such Refunding Obligations shall be issued for the purpose of (i) refunding all or a portion of the Prior Obligations, and (ii) paying costs of issuance in connection with such Refunding Obligations. The proceeds from the sale of the Refunding Obligations shall be deposited and allocated as provided in Section 6 hereof.

In the event subsequent to the date of adoption of this Resolution, the conditions of the municipal bond market shall be such that the Fiscal Officer determines it is necessary to defer the refunding of all, or any of the Prior Obligations until a later date, the authorization contained in this Section 3 shall extend to the issuance of a separate sub series of Obligations for the purpose of refunding all or a portion of the Prior Obligations ("Series Refunding Obligations"), bearing such series or subseries designations as the Fiscal Officer may subsequently determine. If there

shall be issued a series of Series Refunding Obligations hereunder, separate from the Refunding Obligations, all subsequent sections of this Resolution referring to Refunding Obligations shall be deemed to apply to the Series Refunding Bonds.

SECTION 4. Terms and Provisions Applicable to the Refunding Obligations.

(a) Form, Numbering and Designation. The Refunding Obligations shall be issued in the form of fully registered Obligations as approved by the Fiscal Officer, shall be numbered from 1 upwards, by series, and shall bear such series designations as the Fiscal Officer deems appropriate.

(b) Denomination and Dates. The Refunding Obligations shall be in such denominations as requested by the Original Purchaser (hereafter defined), and shall be dated on the date determined by the Fiscal Officer and may be issued in installments (each installment being a part of the Refunding Obligations, as applicable, herein authorized) with maturity dates approved by the Fiscal Officer, having a final maturity that is no later than the last day of the fiscal year in which the refunded Prior Obligations are scheduled to mature.

(c) Interest. The Refunding Obligations shall bear interest from their respective dates payable on dates approved by the Fiscal Officer, beginning on a date approved by the Fiscal Officer, at the rate or rates per annum determined pursuant to Section 5 hereof.

(d) Maturities. The Refunding Obligations shall mature on such dates, in the years and in the principal amounts set forth in the maturity schedule approved by the Fiscal Officer pursuant to Section 5 hereof.

(e) Redemption Terms and Prices. The Refunding Obligations shall be subject to optional and mandatory redemption on such dates and terms as approved by the Fiscal Officer, with the advice of the Financial Advisor (hereinafter identified) and set forth in the Supplemental Trust Agreement. If less than all of the outstanding Refunding Obligations, as applicable, are called for redemption at one time, they shall be called in the order of the maturities and series as directed by the Fiscal Officer. If less than all of the outstanding Refunding Obligations of one maturity are to be called, the selection of such Refunding Obligations or portions of such maturity to be called shall be made by lot in the manner provided in the Trust Agreement. Notice of call for redemption of such Refunding Obligations shall be given in the manner provided in the Trust Agreement.

(f) Other Provisions. The Refunding Obligations may, at the option of the Fiscal Officer, be secured by municipal bond insurance or similar instrument issued by a financial or insurance institution acceptable to the Fiscal Officer.

(g) Place of Payment and Paying Agents. The principal, interest and any redemption premium on registered Refunding Obligations shall be payable by check or draft, as provided in the Trust Agreement.

(h) Execution. The Refunding Obligations shall be executed in the manner provided in the General Bond Resolution.

SECTION 5. Award and Sale of the Refunding Obligations. The Refunding Obligations shall be offered publicly for sale upon the basis of competitive bids at such time as the Fiscal Officer, upon advice of the Financial Advisor to the University, shall designate.

The Fiscal Officer is hereby authorized and directed to cause an appropriate form or forms of a Notice of Sale of Bonds to be published in *The Lexington Herald Leader*, a legal newspaper published in the City of Lexington, Kentucky, which will afford local and statewide notice of the sale and, to the extent required by law, in *The Bond Buyer*, a financial journal published in the City of New York, New York, which is a publication having general circulation among bond buyers; and said newspapers and financial journal are hereby declared to be qualified to publish such notice for the Board within the meaning and provisions of Chapter 424 of the Kentucky Revised Statutes. Such notice shall be published in said newspapers and financial journal at least once not less than seven nor more than twenty-one days prior to the scheduled date of sale of the respective Refunding Obligations.

The forms of Notice of Bond Sale, Official Terms and Conditions of Sale of Bonds, Bid Form and Official Statement, shall be in such form as approved by Bond Counsel for the University, by the Financial Advisor, by the General Counsel of the University and by the Fiscal Officer.

Bidders shall be advised that the fee of the Financial Advisor for services rendered with respect to the sale of the Refunding Obligations is contingent upon the issuance and delivery of the Refunding Obligations.

Upon the date and at the respective hour set forth for the submission and consideration of purchase bids, as provided in the instruments hereinabove approved, bids shall be reviewed as provided in such instruments. If there shall be one or more bids which conform in all respects to the prescribed terms and conditions, such bids shall be compared, and the Fiscal Officer, upon the advice of the Financial Advisor, is authorized to accept the best of such bids, as measured in terms of the lowest interest cost to the Board, as calculated in the manner prescribed in the Official Terms and Conditions of Sale of Bonds. Calculations shall be performed as are necessary to determine the exact amount of Refunding Obligations that are required to be issued in order to (i) refund the Prior Obligations (if the Fiscal Officer determines that it is economical to refund the Prior Obligations) and (ii) pay the costs of issuing the Refunding Obligations and the final principal amount, interest rates and maturities of the Refunding Obligations shall thereupon be established, as prescribed in the Official Terms and Conditions of Sale of Bonds.

SECTION 6. Allocation of Proceeds of Refunding Obligations. All of the proceeds from the sale of the Refunding Obligations and other lawfully available funds of the University shall be received and receipted for by the Fiscal Officer and shall be deposited and allocated as set forth in the Supplemental Trust Agreement approved hereby.

SECTION 7. Additional Covenants with Respect to Internal Revenue Code of 1986, as Amended. This Board hereby finds and determines that all of the proceeds from the sale of the Refunding Obligations will be needed for the purposes set forth in Section 6 hereof. This Board hereby covenants for and on behalf of the University, that it will restrict the use of the proceeds of the Refunding Obligations in such manner and to such extent, if any, and take such other actions as may be necessary, in view of reasonable expectations at the time of issuance of such Refunding Obligations, so that the Refunding Obligations will not constitute obligations the

interest on which is subject to federal income taxation or "arbitrage bonds" under Sections 103(b)(2) and 148 of the Internal Revenue Code of 1986, as amended (the "Code"), and regulations prescribed under such Sections. The Fiscal Officer or any other officer of the University having responsibility with respect to issuance of the Refunding Obligations is hereby authorized and directed to give an appropriate certificate for inclusion in the transcript of proceedings with respect to the Refunding Obligations, setting forth the facts, estimates and reasonable expectations pertinent under said Sections 103(b)(2) and 148 of the Code and an election, if appropriate, with respect to Section 148(f)(4)(B)(IV)(V) of the Code. The Fiscal Officer is hereby authorized and directed to create a Rebate Account (which shall be held by either the University or the Trustee, at the discretion of the Fiscal Officer) if the Fiscal Officer determines such account is necessary so that the University complies with the rules concerning "rebate" as set forth in the Code, as they apply to the Refunding Obligations.

SECTION 8. Supplemental Trust Agreements. The Chairman of the Board is authorized and directed to execute, acknowledge and deliver to the Trustee, in the name of and on behalf of the University, one or more Supplemental Trust Agreements pursuant to the Trust Agreement and in connection with the issuance of each series or subseries of the Refunding Obligations, in the prescribed form, with such changes therein not substantially adverse to the University as may be permitted by the Act and the Trust Agreement and approved by the officer executing the same on behalf of the University. The approval of such changes, and that such changes are not substantially adverse to the University, shall be conclusively evidenced by the execution of such Supplemental Trust Agreement by such officer.

SECTION 9. Official Statements. The Chairman is hereby authorized and directed to execute and deliver an Official Statement with respect to each series or subseries of the Refunding Obligations for the purpose of making available to potential investors the information therein contained, which describes the interest rates and other terms to be borne by and the price to be paid for the related Refunding Obligations, and such other information with respect to the University and the Refunding Obligations, necessary in the judgment of the Chairman with the advice of the Fiscal Officer and the Financial Advisors. The Chairman and the Fiscal Officer are each hereby authorized to deem the Preliminary Official Statement and final Official Statement "near final" and "final" for purposes of Securities Exchange Commission Rule 15c2-12, as amended and interpreted from time to time, promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934 (the "Rule").

SECTION 10. Compliance With Rule 15c2-12. The Board of Trustees hereby agrees, to comply with the provisions of the Rule. In order to comply with the Rule, a Continuing Disclosure Agreement in the usual and customary form is hereby authorized and approved, with such modifications and additions as may be approved by the officer of the University executing the same. The Chairman and the Fiscal Officer are each hereby authorized to execute and deliver such Continuing Disclosure Agreement.

SECTION 11. Escrow Trust Agreements. The Chairman of the Board and the Fiscal Officer are each separately authorized and directed, if the refunding of the Prior Obligations is determined to be economically feasible, to execute, acknowledge and deliver to U.S. Bank, National Association as Trustee and Paying Agent for the Prior General Receipts Bonds and the ALCo Notes, in the name of and on behalf of the University, one or more Escrow Trust Agreements relating to the defeasance of the Prior Obligations under the provisions of the General Bond Resolution and the Financing Agreements, in substantially the form described to

this Board, as may be permitted by the Act or required by the General Bond Resolution or the Financing Agreements, and approved by the officer executing the same on behalf of the University. The approval of the final Escrow Trust Agreements shall be conclusively evidenced by the execution of such Escrow Trust Agreements by such officer.

SECTION 12. Open Meetings. This Board hereby finds and determines that all formal actions relative to the adoption of this Resolution were taken in an open meeting of this Board, and that all deliberations of this Board and of its committees, if any, which resulted in formal action, were taken in meetings open to the public, in full compliance with applicable legal requirements.

SECTION 13. Further Authorization. That the proper and appropriate officers of the Board and of the University, to the extent authorized by law, are hereby authorized to execute and deliver the closing certificates, if any, with such modifications thereto as may be required by the purchasers of the Refunding Obligations and approved by special bond counsel to the University as well as such other documents, certificates and statements as may be so required and so approved in connection with sale and delivery of the Refunding Obligations, including, without limitation, the termination or modification or amendment, in accordance with their respective terms, of certain investment agreements relating to the reserve funds established for the Prior Bonds. In connection with the prospective termination, modification or amendment of such investment agreements, J.J.B. Hilliard, W.L. Lyons, as Financial Advisor to the University, and Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP, as Bond Counsel, are directed to undertake such actions on behalf of the University relating to the negotiation of the terms of such termination, modification or amendment as may be necessary to enable the Fiscal Officer to execute such termination, modification or amendment.

SECTION 14. Provisions in Conflict are Repealed. All resolutions or parts thereof in conflict with the provisions of this Resolution are hereby rescinded to the extent of such conflict.

SECTION 15. Effective Date. This resolution shall take effect from and after its passage.

SECTION 16. Copy to be Filed with Trustee. A certified copy of this Resolution shall be filed with the Trustee.

FISCAL YEAR 2014-15 OPERATING AND CAPITAL BUDGET

Recommendation: that the Board of Trustees:

1. Approve the Fiscal Year 2014-15 Operating and Capital Budget.
2. Approve the appropriation and allocation of all fund balances for future operations, to include amounts necessary to cover accounts receivable and inventories that will represent assets on the audited balance sheet of the University of Kentucky as of June 30, 2014. These audited balances may be different than the estimates incorporated in the proposed budget. Since the books of account for the University of Kentucky are maintained on a full accrual basis, this action will provide the authorization to expend accumulated fund balances as necessary to maintain a sound financial position during Fiscal Year 2014-15.
3. Order that the Operating and Capital Budget be recorded as an integral part of the University's financial system with the necessary fiscal control being exercised for the collection and appropriation of income and for the expenditure of departmental appropriations in accordance with authorized fiscal policies and procedures.
4. Accept the Operating and Capital Budget as the basis of maximum expenditure for Fiscal Year 2014-15, subject to item number two above and other Board approved revisions.

Background: Pursuant to the Governing Regulation II.E.2(c), the Finance Committee shall oversee the budgets of the University by reviewing and recommending to the Board of Trustees on the annual operating budgets. The University's recommended Fiscal Year 2014-15 consolidated Operating and Capital Budget totals \$3,010,837,600, an increase of \$282,768,200, or 10.4 percent, compared to the Fiscal Year 2013-14 revised budget. The [Fiscal Year 2014-15 Operating and Capital Budget](#) will be provided as a separately bound document. The document will also be available online at: <http://www.uky.edu/OPBPA>.

DISPOSAL OF PERSONAL PROPERTY

Recommendation: that the Board of Trustees approve a plan for Fiscal Year 2014-15 authorizing: (1) routine disposition of personal property to include equipment and machinery, vehicles, library books and materials, livestock, and recyclable materials having a value of less than \$25,000; and (2) the methods of disposal listed on the Attachment.

Background: Kentucky Revised Statute 164A.575 requires that the Board of Trustees approve disposition of equipment and other property. Administrative Regulation 8:1, approved by the Board of Trustees at its March 2007 meeting, establishes the policies and procedures for the routine disposition of property. The proposed plan will provide an efficient and timely process for the disposition of such property having a value of less than \$25,000. Non-routine dispositions require specific approval of the Board of Trustees.

Members, Board of Trustees:

RESOLUTION FOR THE DESIGNATION OF AN
AGENT FOR THE APPLICATION OF
FEDERAL EMERGENCY MANAGEMENT ASSISTANCE

Recommendation: that the Board of Trustees approve a Resolution designating the Executive Vice President for Finance and Administration to be the authorized Applicant Agent representative of the University in all public assistance and hazard mitigation matters for the purpose of obtaining federal financial assistance from the Federal Emergency Management Agency (FEMA) and FEMA programs under the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

Background: The attached DESIGNATION OF APPLICANT'S AGENT Resolution must be filed along with additional supporting documentation with the appropriate Commonwealth of Kentucky office in order that the University may recover available and appropriate federal funds from FEMA under the Robert T. Stafford Disaster Relief and Emergency Assistance Act. Kentucky Emergency Management regulations allow a Designated Agent to serve indefinitely, until such time as:

1. The person serving as Designated Agent has a change of duties and is no longer responsible for activities relating to a presidentially-declared disaster;
2. The Designated Agent is no longer employed by the agency; or
3. The appointing authority determines a new Designated Agent should be named.

The DESIGNATION OF APPLICANT'S AGENT Resolution document shall be retained on file in the Legal Office and shall be updated by the Board as needed.

REPAIR/UPGRADE/IMPROVE BUILDING MECHANICAL SYSTEMS
CAPITAL PROJECT
(WILLIAM R. WILLARD MEDICAL EDUCATION BUILDING AIR HANDLING UNITS)

Recommendation: that the Board of Trustees approve the initiation of the Repair/Upgrade/Improve Building Mechanical Systems Capital Project (William R. Willard Medical Education Building Air Handling Units).

Background: This project will replace the air-handling unit (AHU) for the Division of Laboratory Animal Resources (DLAR) located in the basement of the Willard Medical Education Building. The AHU is over 30 years old and in poor mechanical condition. Replacement of the AHU is needed to meet regulatory requirements and ensure air quality and maintenance of a constant temperature for research purposes.

The scope of the legislatively authorized project is \$750,000 and will be funded with agency funds.

CENTER FOR APPLIED ENERGY RESEARCH
SLIPSTREAM CAPITAL PROJECT

Recommendation: that the Board of Trustees approve the initiation of the Center for Applied Energy Research Slipstream Capital Project.

Background: The University's Center for Applied Energy Research (CAER) is the recipient of a grant award from the United States Department of Energy National Energy Technology Laboratory (USDOE NETL). CAER has partnered with Louisville Gas & Electric and Kentucky Utilities (LG&E/KU) to test a carbon dioxide (CO₂) capture system. CAER has developed a novel heat integration scheme for the system that is expected to meet the Department of Energy performance and cost targets of 90% CO₂ capture, 95% CO₂ purity, with an increase in the cost of electricity of less than 35%. The CAER CO₂ capture process has been designed and will be erected and operated at LG&E/KU's E.W. Brown Generating Station in Harrodsburg, Kentucky. The flue gas and utilities for this process will be supplied by the generating station.

The project will be led by CAER with collaboration from the Electric Power Research Institute, Mitsubishi Hitachi Power Systems America, Koch Modular Process Systems and the Smith Management Group. Primary funding for this project is the federal grant from the USDOE NETL with co-funding/cost-share for the project provided by the Kentucky Department of Energy Development and Independence and the Carbon Management Research Group. The collaborators provide expertise in the industrial application of modular pilot plant systems, power generation, thermal engineering, process simulation, environmental health and safety and engineering economics.

The scope of this project is \$1,600,000 and will be funded with federal funds. Upon approval by the Board of Trustees, this project will be submitted to the Council on Postsecondary Education and the Capital Projects and Bond Oversight Committee for interim legislative authorization.

EXPAND AND RENOVATE COMMONWEALTH STADIUM CAPITAL PROJECT
(COMMONWEALTH OF KENTUCKY HIGH PERFORMANCE
BUILDING STANDARDS EXEMPTION)

Recommendation: that the Board of Trustees grant an exemption from the Commonwealth of Kentucky's High Performance Building Standards for Leadership in Energy & Environmental Design (LEED) Silver Level Certification pursuant to 200 Kentucky Administrative Regulation (KAR) 6:0070 Section 3(c) for the Expand and Renovate Commonwealth Stadium Capital Project.

Background: In March 2013, the Board of Trustees approved the initiation of the Expand and Renovate Commonwealth Stadium Capital Project. This project will create new premium seating with revenue generating opportunities, improve the overall operational effectiveness of the facility, enhance the fan experience and allow the University to attract the best student-athletes to campus.

The renovation of the stadium has been designed to maximize sustainability wherever feasible and to meet basic LEED certification requirements. However, an exemption from the Commonwealth's High Performance Building Standards (200 KAR 6:070 Section 3(c)) is necessary as the improvements required to attain the requisite LEED Silver Level certification would add substantial work to existing non-renovated spaces. The additional work would be in areas used only during home football games thus providing a negligible return on the investment. While an exemption to attain LEED Silver Level Certification is requested, the project will meet the necessary requirements for basic LEED certification.

RENOVATE OLD SOFTBALL/SOCCER LOCKER ROOM CAPITAL PROJECT

Recommendation: that the Board of Trustees approve the initiation of the Renovate Old Softball/Soccer Locker Room Capital Project.

Background: The men's and women's soccer and the women's softball teams have been moved from the old soccer/softball facility to newly renovated facilities in the expanded softball/soccer complex. However, the men's and women's soccer and women's softball team offices remain in Commonwealth Stadium. This project will renovate the existing soccer/softball locker and shower space in the old soccer/softball building to create new office and administrative space for the coaches and staff of the three teams. As a result, the student-athletes will have access to their coaches and coaching staff in adjacent facilities. The vacated space in Commonwealth Stadium will house event management, facility operations and sports turf personnel to provide a more cohesive and efficient work environment for those units.

The scope of the legislatively authorized project is estimated to total \$1,500,000 and will be funded with private funds.

Members, Board of Trustees:

RENOVATE/UPGRADE UK HEALTHCARE FACILITIES CAPITAL PROJECT

Recommendation: that the Board of Trustees approve the initiation of the Renovate/Upgrade UK HealthCare Facilities Capital Project and declare its official intent to reimburse capital expenditures from a future debt obligation for the Capital Project.

Background: The Albert B. Chandler Hospital Facilities Development Plan provides for the systematic replacement and renovation of patient care facilities. Since the opening of the first two patient care floors in Pavilion A of the new Patient Care Facility in May 2011, UK HealthCare (UKHC) has continued to experience strong patient demand for the delivery of its hospital system services. This volume increase has placed substantial capacity and throughput constraints on hospital system operations, requiring continued fit-out of Pavilion A to ensure the availability of adequate facilities for patient care.

The redevelopment of existing facilities in Pavilion HA is necessary for Kentucky Children's Hospital to establish a modern, state-of-the-art facility for Kentucky's pediatric healthcare needs. This space will allow for development of pediatric outpatient and family support services and will replace the outdated and undersized Neonatal Intensive Care Unit (NICU) with space consistent with today's standard of care for delivery of pediatric health care.

With a scope of \$150,000,000, the Renovate/Upgrade UK HealthCare Facilities Capital Project (designated as Phase I-F of the Development Plan) includes the following components:

- Fit-up of two additional patient floors (9 and 10) in Pavilion A
- Replacement of 52-year old kitchen and cafeteria
- Hyperbaric Chamber replacement and relocation to Pavilion A
- Magnetic Resonance Imaging (MRI) Relocation to Pavilion A
- Installation of remaining elevators in Pavilion A
- Central Chiller Plant Addition
- Neonatal Intensive Care Unit (NICU) relocation from Pavilion H to Pavilion HA

The project will be financed with agency bonds that will be repaid with UK HealthCare patient care revenues. With the initiation of Phase I-F, the Board will have approved a total \$763,100,000 investment in the Albert B. Chandler Hospital Facilities Development Plan, including the new Patient Care Facility, as listed below. The approved investment is well within

the \$900,000,000 legislative authorization that includes \$750,000,000 for the Patient Care Facility and \$150,000,000 for this new project.

Implementation of the Albert B. Chandler Hospital Master Plan

- At its December 2004 meeting, the Board approved initiation of a major initiative to replace the original 1959 hospital structure. The project would be completed in multiple phases over an estimated five-year period.
- At its October 2005 meeting, the Board approved the consolidation of the Patient Care Facility project (Phase I-A) with several authorized infrastructure projects to bring the aggregate authorized scope to \$450,000,000.
- At its September 2007 meeting, the Board approved adding two shelled patient bed floors to the project.
- At its September 2008 meeting, the Board approved the consolidation of existing legislative authorizations relating to the project and established the scope of the initial phases of the project at \$532,300,000.
- At its June 2010 meeting, the Board approved the initiation of the Operating Room Suite and Related Support Space project (Phase I-B) increasing the scope of the total project to \$570,000,000.
- At its February 2011 meeting, the Board approved the initiation of the Data Center and Related Support Space project (Phase I-C) increasing the scope of the total project to \$575,600,000.
- At its June 2013 meeting, the Board approved the initiation of the Fit-up of the Eighth Floor and Pharmacy project (Phase I-D) increasing the scope of the total project to \$607,100,000.
- At its September 2013 meeting, the Board of Trustees approved the planning and design of the fit-up of the Clinical Decision Unit (CDU) of the Patient Care Facility increasing the existing total project scope by \$500,000 to \$607,600,000.
- At its January 2014 meeting, the Board of Trustees approved the initiation of the fit-up of the Clinical Decision Unit (CDU) capital project increasing the existing scope of the Patient Care Facility: Phase I-E project to \$613,100,000.

APPROVAL OF DINING CAPITAL PROJECTS AND TRANSFER OF VEHICLES

Recommendation: that the Board of Trustees approve the initiation of planning, design and construction of multiple dining capital projects funded from private funds and authorize the transfer and sale of a food truck and seven golf carts to Aramark.

Background:

- On February 14, 2013, the University issued a Request for Information (RFI) for dining.
- On March 29, 2013, the RFI Task Force recommended moving forward with a Request for Proposals (RFP).
- On September 12, 2013, University Purchasing released an RFP.
- On February 4, 2014, the University announced a decision to enter into dual-track negotiations.
- On May 10, 2014, the University announced that it would negotiate with Aramark to improve, expand and potentially manage UK dining.

Through a public private partnership, Aramark, a publicly traded company headquartered in Philadelphia, will provide 100 percent equity to fund dining capital projects for up to \$70,100,000. Per University Administrative Regulation 8.2, Board approval is required for capital projects costing more than \$600,000. The planned projects that would cost above \$600,000 are: construction of a new Commons on south campus; fit-up of shell spaces in Haggin Hall and Champions Court I; renovation of existing dining facilities; expansion of dining in other new or renovated buildings; and installation and operation of a temporary dining facility to supplant dining services when the Student Center is offline for renovation and expansion. The President will provide regular updates to the Finance Committee of the Board on the progress on these facilities.

Pursuant to Administrative Regulation 8.1 and KRS 164A.575 (7), property that is not needed by the University can be transferred with approval of the Board of Trustees. The University purchased a food truck in 2013 with the intent to use the vehicle to provide portable food services at various campus locations. In the Request for Proposals, the responders were asked to purchase the vehicle as part of their offer. In addition, the University has seven golf carts from dining services that will no longer be needed by the University. The original purchase price of the vehicles totaled \$213,940. Pending Board approval, Aramark will pay the University the depreciated value of \$180,841 for the vehicles.

In 2012, the Kentucky General Assembly authorized for this current biennium a project entitled “Construct Student Dining Facility” at a scope of \$35,000,000 (Restricted Funds). Contingent upon Board approval, the University will submit a request to the Capital Projects and Bond Oversight Committee for authorization to use Private Funds in lieu of Restricted Funds. The General Assembly also authorized for the 2014-16 biennium a project titled “Upgrade Dining Facilities” with a scope of \$50,000,000 (Private Funds).
