

Minutes of the Statutory Meeting of the Board of Trustees, University of Kentucky, Tuesday, May 4, 1971

The Board of Trustees of the University of Kentucky met in statutory session at 2:00 o'clock (Eastern Daylight Time) on Tuesday, May 4, 1971 in Room E on the 18th floor of the Patterson Office Tower on the University campus with the following members present: Mr. Albert G. Clay, Mr. Jesse M. Alverson, Mr. Thomas P. Bell, Mrs. Rexford S. Blazer, Mrs. Robert O. Clark, Mr. Richard E. Cooper, Mr. George W. Griffin, Mr. J. Robert Miller, Dr. N. N. Nicholas, Mr. James H. Pence, Mr. Floyd H. Wright, non-voting faculty members Dr. Robert W. Rudd and Dr. Paul G. Sears, and non-voting student member, Mr. Scott Wendelsdorf. Absent from the meeting were Governor Louie B. Nunn, Mr. Wendell P. Butler, former Governor Albert B. Chandler, and Mr. Eugene Goss. Members of the administration present were President Otis A. Singletary; Vice Presidents Alvin L. Morris, A. D. Albright, Glenwood L. Creech, Lewis W. Cochran, Robert G. Zumwinkle, Stanley Wall, Peter P. Bosomworth, and Lawrence E. Forgy; Dr. Donald B. Clapp, Director of the Budget; and Mr. John C. Darsie, Legal Counsel. There were also representatives of the news media present at the meeting.

A. Meeting Opened

Mr. Clay, presiding in the absence of Governor Nunn, called the meeting to order at 2:18 o'clock. Following the invocation pronounced by Mr. Clay, the Secretary reported a quorum present and the meeting was declared officially open for the conduct of business at 2:20 p. m.

B. Minutes Approved

On motion by Mr. Cooper, seconded by Mr. Miller, and passed, the reading of the Minutes of the March 16 and April 6 meetings of the Board was dispensed with and the Minutes were approved as published.

C. Election of Executive Committee and Officers of the Board

Under KRS 164.180 and 164.190 the Board of Trustees is authorized to elect annually a Vice Chairman and such other officers as it deems wise and an Executive Committee of five members. Mr. Clay explained that the May meeting of the Board is the time when this is customarily done. He asked Mr. Bell to receive nominations for the two officers of the Board--Vice Chairman and Secretary.

Dr. Nicholas nominated Mr. Albert Clay as Vice Chairman of the Board

and Mrs. Rexford Blazer as Secretary. Mr. Bell received the nominations and moved that the nominations cease. His motion was seconded by Mr. Alverson, and Mr. Clay and Mrs. Blazer were elected by acclamation.

Mr. Clay then indicated that nominations for the Executive Committee were open. Mr. Pence moved that Mr. Thomas Bell, Mr. Albert Clay, Mr. Richard Cooper, Mr. Eugene Goss and Mr. George Griffin be elected as members of the Executive Committee and that Mr. Clay be designated as its Chairman and Mrs. Rexford Blazer as Secretary (ex officio). Mr. Bell accepted the nominations and moved that nominations cease. His motion was seconded by Mr. Alverson. Mr. Bell indicated that the record should show that the Executive Committee and its officers were elected by acclamation.

D. President's Report to the Trustees

President Singletary called attention to item 12 on page 5 of his report to the Trustees which had to do with the Drug Education Committee Study. He commended the excellence of the report submitted to him in mid-April and released by him at that time to the press. He said the report emphasizes that drug use is basically a social problem not confined to the campus, warns against the misuse of statistics in defining it, points out that alcohol continues to be the most common drug in use, and concludes that providing education directed toward drug use and abuse is a logical function of the University. Although the committee report is still under study by the administration, President Singletary stated that it was his present intention to name a standing committee on drug education with a charge to continue the study, to seek sources of outside financial support for drug education, and to coordinate the University's efforts with those of the community and the Commonwealth.

Cognizant of the problem even before the committee was appointed, the University had already instituted certain programs. For instance, the College of Pharmacy is now developing a course to be offered this fall dealing with drug use and abuse from a multidisciplinary perspective. The Colleges of Medicine, Agriculture and Education have held seminars and workshops on drug education, and information on and discussion of problems of drugs are included in courses on human biology and health, general psychology and social problems. Counseling services are being provided to try and determine the needs which cause the individual to use drugs and therapy is provided for those who need and want it. A problem faced in the latter area which must be solved some way is the requirement that therapists must report the identity of drug users to civil authorities which deters many people who need such help from seeking it.

Mr. Clay thanked Dr. Singletary for his excellent and timely report and accepted and ordered filed the President's Report to the Trustees.

E. Recommendations of the President (PR 2)

Although the items in PR 2 were routine in nature, President Singletary did call attention to the persons recommended for retirement, pointing out that the sum total of service of these 15 individuals came to the rather astounding figure of over 268 years, with one of the individuals, Bruce Poundstone, having been with the University for over 41 years.

Mr. Clay expressed the appreciation of the Board for the loyalty and devotion of these staff members and asked that appropriate letters be sent to each one. He then called for any questions which Board members might have relative to the recommendations and, there being none, on motion duly made, seconded, and passed, PR 2 was approved as a whole and ordered made an official part of the Minutes of the meeting. (See PR 2 at the end of the Minutes.)

F. Approval of Degree Candidates (PR 4)

Inasmuch as the list of candidates had been mailed to the Board members in advance of the meeting and there being no questions, on motion by Dr. Nicholas, seconded by Mrs. Blazer, and passed, the President was authorized to confer on each individual whose name appeared on the list recommended by the University Senate the degree for which he had made application upon certification by the Registrar that all requirements had been satisfactorily fulfilled. (See PR 4 at the end of the Minutes.)

G. 1971-72 Meeting Dates Established (PR 5)

Attention was called to the recommended dates for meetings of the Board of Trustees and/or Executive Committee during the fiscal year 1971-72. Without discussion, on motion made, seconded, and carried, the dates as recommended in PR 5 were approved. (See PR 5 at the end of the Minutes.)

H. Paul Oberst New Non-Voting Faculty Member of the Board

President Singletary reported that Professor Paul Oberst of the College of Law had recently been elected as the non-voting faculty member of the Board of Trustees for a three-year term beginning July 1, 1971 and ending June 30, 1974. He will replace Dr. Robert W. Rudd whose term expires June 30, 1971.

On behalf of the Board, Mr. Clay expressed the thanks of the Board to Dr. Rudd for his contributions during the past three years and said that he had been a "tremendous asset". He appointed Mr. Richard Cooper and Mr. Thomas Bell to draft a resolution on Dr. Rudd to be presented at the next meeting.

I. Operating Budget for 1971-72 Adopted (PR 6)

President Singletary explained that copies of the proposed operating budget for the University for 1971-72 had been placed in the hands of the Board members well in advance of the meeting so that they might familiarize themselves with its contents. He called attention to his letter of transmittal which was included in the folders provided each member and a copy of which appears at the end of the Minutes. He said that in the preparation of the budget he had been faced with the problem that the resources available are considerably less than necessary to provide for all the needs. The budget presented represents something less than a continuation level for the University. Enrollment increased on the Lexington and Community College campuses by more than 2,100 during the current year and it is expected to increase by almost 2,000 in 1971-72. These students are being accepted without corresponding increases in faculty positions or dollars for the University. Unexpected increases in charges for utilities, taxes, coal and social security have resulted in salary increases for 1971-72 of less than would be required to compensate for the increase in the cost of living; however, it is hoped that the faculty salaries proposed will maintain the University's competitive position with the benchmark institutions. The budget includes funding for the staff benefit programs previously approved by the Board of Trustees, including the provision for basic life insurance for all employees of the University and the beginning of a funded retirement program for the classified personnel of the University. All debt service obligations are fully funded and the University will be able to meet its commitments to programs in Allied Health Professions, Forestry, Mathematics, and Social Professions.

Dr. Donald Clapp, Budget Director, through the use of two charts, copies of which are included at the end of the Minutes, graphically illustrated the points made by President Singletary. One chart showed that since 1967-68 the student body of the University had increased 50 percent while the educational and general income had increased by only 40 percent and the general income after cost of living and fixed costs had increased only 10 percent. Translated into dollars, the increase in educational and general income during the four-year period had increased by \$23 million while the cost of living and fixed costs had increased between \$17 million and \$18 million during this period. He ended his remarks with the statement that resources available to meet the 50 percent increase in enrollment had increased by only 10 percent.

Mr. Clay commended the President, Dr. Clapp and the administration for their work in the preparation of the budget and called for a motion for adoption. Mr. Cooper moved that the proposed operating budget for 1971-72 be adopted under the conditions outlined in the recommendation in PR 6. His motion was seconded by Mr. Wright and passed. (See PR 6 with attachments at the end of the Minutes.)

J. Budget Revisions for 1970-71 Authorized and Approved (PR 7)

The revisions in the 1970-71 budget recommended in PR 7 being routine

in nature, without discussion, on motion by Dr. Nicholas, seconded by Mr. Wright, and passed, the revisions so recommended were authorized and approved. (See PR 7 at the end of the Minutes.)

K. Student Health Insurance Proposal Adopted (PR 8)

A committee, appointed while Dr. Kirwan was serving as President of the University to study the whole area of student health programs, recently submitted its report to President Singletary. The increased cost of health care has made it prohibitive for the University to provide without charge the health care necessary and desirable for its students. The committee, broadly representative of the campus community and including students, medical, and administrative staff, recommended in its report a broad, two-part insurance plan designed to provide comprehensive ambulatory and hospital patient health care for all students. The plan was discussed with various segments of the student body and generally received strong support. Dr. Singletary said, however, that the recommendation being made to the Board at this time does not make insurance the only alternative but provides that a student who does not wish to purchase insurance may be relieved of that duty if he can satisfactorily demonstrate the financial ability to provide for his own ambulatory health care at the level specified by the committee. It is anticipated that the cost of the ambulatory portion of the insurance for 1971-72 can be purchased from a carrier(s) for approximately \$7.00 per semester, \$4.00 per summer term, and \$2.00 for the intercession.

Following Dr. Singletary's introductory remarks, Dr. Bosomworth read the proposed recommendation in PR 8 and strongly recommended approval by the Board of Trustees. He added that in the event approval is given, a Student Advisory Committee will be created to determine the nature and range of the benefits to be provided.

Mr. Wendelsdorf reported that the Student Government Senate had considered the proposal at some length and had indicated its approval. The Interfraternity Council and the students living in the dormitories have also endorsed the plan and, in Mr. Wendelsdorf's opinion, support on the part of the students is almost unanimous.

On motion duly made, seconded by Mr. Alverson, and passed, the recommendations in PR 8 relative to student health insurance was approved. (See PR 8 at the end of the Minutes.)

L. Interim Financial Report Accepted (FCR 1)

Without discussion, on motion by Mr. Griffin, seconded by Mrs. Blazer, and passed, the interim financial report covering the period ending March 31, 1971

was accepted and ordered made a matter of record. (See FCR 1 at the end of the Minutes.)

M. Student Code Revision

Mr. Griffin, Chairman of the Student Code Revision Committee, reported that his committee had received recommendations for revisions in the present Student Code from students, from the Student Government, and from the Office of the Dean of Students. An open hearing was held by the committee and additional recommendations were received from students and faculty members. The committee took the various recommendations and suggestions it had received and, after a thorough and careful evaluation of each one, prepared its recommendations for changes in the Student Code for presentation to the Board. He said that several changes were proposed primarily in the interests of clarification of the present Code. Copies of the revised document were mailed to the Trustees in advance of the meeting so that all members would be familiar with the proposed changes. Mr. Griffin called attention to Sections 1.2a and 1.2b which have been added to the present Code. A student charged with engaging in interference, coercion or disruption which impedes, impairs or disrupts University missions, processes or functions or interferes with the rights of others on University property under Section 1.2a would appear before the University Judicial Board rather than before the Appeals Board which has jurisdiction when a student is charged under Section VI of the Code. Section 1.2b was added to place the student on more effective notice with regard to narcotics on the campus.

Mr. Griffin moved that the Code of Student Conduct as proposed in the document before the Board of Trustees be adopted. His motion was seconded by Dr. Sears. Mr. Wendelsdorf said he wished to propose several amendments and requested that the Board members vote for them "for the University's good". Although each Board member had received a copy of Mr. Wendelsdorf's proposed amendments to the report of the Student Code Revision Committee a few days prior to the meeting, he indicated his desire to present the amendments individually rather than as a whole. The Board agreeing to this procedure, Mr. Wendelsdorf then gave a brief statement of support for amendments 1.311 and 1.32 and moved their adoption (these two amendments and subsequent ones are contained in Mr. Wendelsdorf's document at the end of the Minutes.) His motion died for lack of a second.

Mr. Bell, saying that he felt the Board should not and could not act on Mr. Wendelsdorf's amendments without further study, moved to amend Mr. Griffin's motion so that Mr. Wendelsdorf's amendments might be accepted and referred to the committee and any action on the Code be postponed until this committee reported back to the Board at a special called meeting. Mr. Wendelsdorf seconded the motion and, on roll call vote, it was defeated by a vote of eight to one with two abstentions.

Mr. Wendelsdorf then moved adoption of the following amendments:

- 1. 417 No second.
- 1. 432b Seconded by Mr. Bell. There being only one vote in favor, the motion did not carry.
- 1. 434d Seconded by Mr. Bell. Mr. Bell voted "aye", others "nay"; therefore, motion defeated.
- 1. 436 No second.
- 1. 45 No second.
- 1. 51 Mr. Bell seconded. There being only one aye vote, the motion failed to carry.
- 3. 13 Mr. Wendelsdorf requested a roll call vote on this amendment but there being no second to his motion, the vote was unnecessary.

At this point, Mr. Wendelsdorf indicated that in order to save time he would present the remainder of the amendments in a block. He moved adoption of amendments 3. 15, 3. 23, 3. 319, 3. 4, 3. 5, 3. 6, Articles IV and VI. There being no second, Mr. Wendelsdorf's motion failed to carry.

Mr. Clay then called for a vote on the original motion and second to adopt the Code of Student Conduct as recommended by the Student Code Revision Committee. All voting members present voted "aye" and the Code was adopted.

Mr. Bell then moved that Mr. Wendelsdorf's amendments be received and forwarded to the Student Code Revision Committee for consideration at the appropriate time. His motion was seconded by Mrs. Clark, and all present voted in favor.

N. Resolution Introduced by Mr. Wendelsdorf

Mr. Wendelsdorf requested permission to read a resolution which he was presenting as a student Trustee (a copy of the resolution appears at the end of the Minutes). Following the reading of the resolution, Mr. Wendelsdorf moved its adoption. There being no second, the resolution failed of adoption.

O. Meeting Adjourned

It having been determined that there was no further business to come before

the meeting, on motion duly made, seconded, and carried, the meeting adjourned at 3:35 p. m.

Respectfully submitted,

Lucile T. Blazer, Secretary
Board of Trustees

(PRs 2, 4, 5, 6, 7, and 8, FCR 1, Code of Student Conduct, amendments to the report of the Student Code Revision Committee, and the resolution which follow are official parts of the Minutes of the May 4, 1971 meeting of the Board of Trustees.)

PRI

PRESIDENT'S REPORT TO THE TRUSTEES

May 4, 1971

1. SEEK FUNDS TO EXPAND HEALTH SERVICES IN EAST KENTUCKY

Gov. Louie B. Nunn has asked the Appalachian Regional Commission for more than \$1.5 million to expand health services in East Kentucky. In addition to building new health facilities and expanding and renovating old ones, a large part of the funds would support programs to train health professionals who would train in or return to the area. The programs would be carried out in cooperation with the University. The new projects include:

--\$108,400 for a health professions scholarship program at the University, to be offered to students from low-income families in the region who wish to return there to practice.

--\$142,588 for a clinical associate manpower program here to prepare health workers to assist practicing physicians. The state would contribute \$1,200.

--\$17,213 to plan and implement a master's degree family nurse practitioner training program with Vanderbilt and UK.

2. DR. SMITH REPORTS ON ACHIEVERS, NON-ACHIEVERS

Dr. Leland Smith, associate professor of education, has published "A 5-Year Follow-Up Study of High Ability Achieving and Non-achieving College Freshmen," in which he studied University students who had scored a percentile range of 95 to 99 on the College Qualification Tests, with pertinent psychosocial data collected by means of a questionnaire. He learned that after five years achievers were significantly more likely to have obtained a college degree than the non-achievers, that more achievers than non-achievers are still enrolled in some capacity, in medical school or graduate school, that four (of 28 who responded to the questionnaire) achievers are candidates for the Ph.D, three are senior medical students, six have earned the MA degree, one has a law degree, 12 hold the BA or BS degree, and two are undergraduates. Of the 22 non-achievers responding one is a Ph.D candidate, four have earned the MA degree, one is pursuing the MA and four hold undergraduate degrees. Seven are still actively pursuing undergraduate degrees, and five no longer are enrolled in a degree program. Dr. Smith learned that the non-achievers were significantly more dissatisfied with their income in relation to their perceived ability and potential than were the achievers, even though 64 per cent of the achievers were still in the process of pursuing advanced degrees.

3. COMMUNITY PHARMACISTS WORK WITH PHARMACY STUDENTS

Twenty community pharmacists are taking part in a College of Pharmacy program designed to provide the student a real-life learning experience by applying the basic principles taught in the classroom to everyday problems encountered in the practice of pharmacy. The professional function of the pharmacist is emphasized, particularly the pharmacist's role in communicating with the patient relative to health matters and the use of the Family Medication Record System. In addition, the student has the opportunity to communicate with physicians and other health professionals. The course, entitled "Community Practice Clerkship," was initiated last year as an experiment, with six students and six pharmacists. It has since expanded to accommodate 24 students, utilizing 24 voluntary pharmacists-instructors, for the fall semester, according to Dean Joseph V. Swintosky. The student spends three hours two afternoons each week in a community pharmacy, which serves as the teaching laboratory. The instructor in the "laboratory," one of the 20 practicing pharmacists, also holds an appointment as a voluntary faculty member. During the semester the student rotates through three different pharmacies, although only one student is assigned at a time to an instructor. The student maintains a log of his activities, with special emphasis on the problems he encounters. At the end of the course, the student writes an evaluation of his learning experience.

4. DEDICATE TWO BUILDINGS AT HENDERSON COLLEGE

Two new buildings at Henderson Community College were formally dedicated on April 22. The total cost of the two structures is \$1,215,638. The total square footage is 32,700. The first building is the Student Center, which houses a book store, snack bar, large meeting room, music room and a locker and shower room. The other structure is the Arts and Sciences building, which contains classrooms, office space, nursing education laboratory and art room. Additional buildings at the college include the administration building which was the original structure, and three temporary frame buildings. President Otis A. Singletary was the speaker for both the dedication and the luncheon. The luncheon was hosted by the College Foundation and was held at the First Christian Church. The temporary buildings at Henderson house a new reading and communications laboratory, student government activities area, and student publications offices. Other improvements at Henderson include an expansion of the college's library, currently situated in the administration building.

5. RUSSIANS WILL PLAY IN MEMORIAL COLISEUM

The Russian national basketball team, on an eight-game tour of the U.S., will make a two-day stop in Lexington May 19-20. Scotty Baesler, director of the Central Kentucky Amateur Union, said the team will play at Memorial Coliseum Wednesday, May 19, at 8:15 p.m. The Russian team will play the Lexington Marathon Oilers, runners-up in the AAU national tournament held last month in London. The team will arrive May 19 for a tour of Central Kentucky.

6. GYMNASTICS TEAM WINS KENTUCKY MEET

The University Gymnastics Team won first place in the Kentucky Intercollegiate Gymnastics meet held at Georgetown College, with a total of 93.3 points. Of the other three teams competing, Eastern University placed second with 84.3 points, Georgetown College placed third with 52.3 points, and Murray State University placed fourth with 16.8 points. Kelley McIntosh, a freshman physical education major from Louisville, was the outstanding gymnast, earning 40.5 points. Shannon Reynolds, a freshman engineering major from Lexington, placed fifth, and Jim Kendig, junior physical education major from Covington, placed sixth. This is the first year the Gymnastics Team, under the direction of Jim Nance, instructor in the Department of Health, Physical Education and Recreation, has competed in collegiate competition.

7. GRAD STUDENTS TO SEEK DATA ON ATTITUDES

Graduate students in sociology will interview a number of persons in Lexington and in Powell county to gather data this summer for a study conducted by Dr. Grant Youmans, professor of rural sociology. Persons to be interviewed will be between the ages of 20-29 and age 60 and over. Information collected from the younger and older persons will be concerned with their satisfactions or dissatisfactions with living conditions, such as community activities, family life, economic and political conditions. Findings from the study will aid organizations and groups in planning programs to improve the quality of life in Kentucky and elsewhere, Dr. Youmans said. Dr. Youmans also is the author of numerous publications regarding rural youth and aged persons. The studies relate to the health, economic and psychological problems of the aged, and education and work opportunities of youth.

8. 100 HIGH SCHOOL JUNIORS HEAR DR. MORRIS

About 100 of the state's brightest high school juniors attended the High School Juniors Conference in mid-April. At a luncheon in the Alumni House they heard Dr. Alvin Morris, vice president for administration, ask the question, "How does it feel to be special?" Dr. Morris told the high schoolers that since they were selected to attend the conference on the basis of academic excellence, that being special had its problems as well as profits: "The first problem you will encounter is a matter of expectation. Your parents, teachers and peers will, for example, expect you to be Number One in your senior class if you were Number One in your junior class, as are a great number of those present. They will expect you to maintain your habits of excellence throughout college and on into private life. Most of you will do so." The project is designed to introduce promising high school students to life at the University. The three-day conference was sponsored by the Office of Pre-Admissions.

9. NAME 31 TO PHI BETA KAPPA

Phi Beta Kappa, national scholastic honorary for students in the liberal arts, has initiated 31 students. The banquet speaker was Dr. Herman E. Spivey, former dean of the Graduate School, who was here as Phi Beta Kappa Visiting Scholar. Dr. Spivey is vice president emeritus of the University of Tennessee, and acting dean of the University of Florida College of Arts and Sciences. The initiates and their academic majors are: Michael Averdick, sociology, Covington, Ramona Barnes, English, Sarah Cease, English, Charlotte Haggard, mathematics, Patricia Howard, psychology, James Rogers, Spanish, Gary Smith, psychology, and Pamela Stamm, microbiology, all of Lexington. Long Beach, N.J.; Laura Keller, English, Lexington, and Timothy Feldhaus, history, Covington.

10. THREE COLLEGES TAKE PART IN NATIONWIDE STUDY

Henderson, Elizabethtown, and Maysville Community Colleges have been chosen to participate in Project Focus, a nationwide study to examine changes in community and junior colleges--the direction of change, the facilitators of change, and the impediments to change. The study will involve about 20,000 students and 10,000 faculty members at 100 two-year colleges across the nation. Sponsored by the American Association of Junior Colleges, it is funded by a grant from the W. K. Kellogg Foundation with the questionnaires to be furnished by the American College Testing Program.

11. NEW BUILDING AT SOUTHEAST TO BE DEDICATED

The new building at Southeast Community College, used for the first time this semester, features a student grill and lounge, a bookstore, an office for the business manager, three classrooms, ten faculty offices, a little theater, a conference room, and a faculty lounge. The dedication of the building is scheduled for Tuesday, May 11.

12. DRUG EDUCATION COMMITTEE STUDY IS REPORTED

The University Drug Education Committee appointed in early February and made up of faculty, students and staff members, has made its report. Dr. Robert Straus, chairman of the Department of Behavioral Science in the College of Medicine, served as chairman. The committee was charged with evaluating existing University programs related to drug education and encouraging the implementation of new ones as indicated. It was requested that emphasis be placed on methods by which these programs might become more widely known and utilized. A report summarizing its deliberations was submitted by the committee to the president's office in mid-April. Recognizing that there is widespread interest in the report, both on the campus and in the larger community, and wishing to avoid confusing speculation that might otherwise be created as to its contents, the president made the entire report available to the University community and the general public. While the report was submitted as requested, it was pointed out that it does not represent an official statement of the University's position on drugs and drug education. The report is being given careful study, and the administration is in the process of developing an appropriate response to its contents. This response will emphasize both the unique role the University can play in drug education programs and in cooperating with other agencies and groups concerned with the problem. Dr. Straus said the report reflects several areas in which the University is now filling or can potentially fill a significant role and suggests some specific areas for additional program implementation. In addition, he said, the committee attempted to identify areas of confusion and misconception and to discuss campus drug problems in a meaningful perspective of drug use in the larger society. The Committee on Drug Education has suggested and the faculty of the College of Pharmacy has recommended official approval of a new course, "Drugs, Medicines and Society." The course would inform students of the physical and behavioral effects of medicines, drugs and environmental toxicants.

13. COMMUNITY COLLEGE TRANSFERS INCREASE

The number of students moving from the community colleges to the Lexington campus has increased by approximately 20 per cent over 1970. As of March 25, 641 community college students had applied for admission for the fall 1971 semester, compared to 534 community college students who had applied for admission for the fall 1970 semester at this time last year. The Office of Pre-Admissions has held College-Career Days in most of the community colleges in the University system.

14. PADUCAH COLLEGE SUCCESSFUL WITH RAP SESSIONS

This is the second year for Paducah Community College's highly successful "rap sessions" between Don Clemens, director, and students. Invitations are mailed weekly to approximately 30 students. The sessions consist of lunch and conversation at noon on Tuesdays in the Conference Room of the Matheson Learning Resources Center.

15. STUDENTS, FACULTY HONORED BY HISTORY HONORARY

Three faculty members and 34 students were initiated into Phi Alpha Theta, international history honorary. The faculty members were Dr. Charles P. Roland, Miss Earlene Craver, and Miss Georgia Robinson Beale. The students are John B. Bunch, Marvin Griffith Jr., and Sarah Johnson, all of Lexington. Richard Bantle, Cathy Kaiser, John Kalbfleisch, Karen Peterson, J. Baxter Schilling, Stephen Traughber, and Larry Wiggins, all of Louisville. James Nicholson, Anchorage, Kim Quick, Valley Station, Carol Davis, Owensboro, John Spainbach, Paducah, Estill Pennington, Paris, Donald Mullins, Cecilia, Nancy Orr, Bowling Green, Burnam Reynolds, Wilmore, Robert Zimmerman, Ashland, Donna Baker, Crestwood, William Dawson Jr. and Cherry Deann Gall, both of Ft. Mitchell, Lou Ann Guidugli, Newport, John Lonneman Jr., Ft. Thomas, Jan Pricke, Erlanger, Frederick Brank, Milwaukee, James Bruce Jr., Atlanta, Elizabeth Hubbard, Springfield, Ill., Susan Kirkpatrick, Houston, Patrick McCallig, Hingham, Mass., Korin Olson, Shrewsbury, Mass., Carl Post, Valley Stream, N.Y. Named to the Hallam Professorship for 1971-73 was Dr. Richard Lowitt. The Hallam Book Award for best book published by a history faculty member during 1970: Dr. Steven A. Channing, for his "Crisis of Fear: Secession in South Carolina." The Hallam Article Award for the best article published during 1970: Dr. John Scarborough, for his article on Greek Medicine published in "Episteme." Tribute was paid to Dr. Robert G. Lunde who is retiring this year. Dr. Lunde was presented a plaque for his 20 years as advisor to Phi Alpha Theta.

16. ECUADOREAN AMBASSADOR HERE FOR PAN-AM WEEK

Pan American Week on campus was highlighted by a visit of Carlos Mantilla Ortega, ambassador of Ecuador to the U.S. He discussed "Literary and Cultural Contributions of Ecuador," before an audience in the Student Center Theater. President and Mrs. Otis Singletary entertained with a reception for the ambassador at Maxwell Place, and the visitor later dined with students from Ecuador. On Wednesday Ambassador Ortega lunched with Gov. Louie B. Nunn and returned to Washington that day. An art show, featuring 15 Cuban artists, plus contributions from other Latin American artists and owned by various Lexingtonians, was presented throughout the week. Six faculty members presented a panel discussion on "Latin American Dependence, Asset or Liability?" in a program open to the public. Dr. Pedro Koe-Krompecher, School of Architecture, spoke on "Art of Latin America," and Prof. Yolanda Miranda, professor of art at the Rita Lecumberri Normal College, Guayaquil, Ecuador, talked about Ecuadorian art at the SC Gallery.

17. "MASTERPIECE YEARS" AT ASHLAND AIMED AT NEAR-RETIRES

The "Masterpiece Years," a six session seminar designed for area residents age 60 and over, began at Ashland Community College March 30 and continued with weekly sessions until today. Session topics included social security benefits, taxes for the retired and semi-retired, citizenship responsibilities, and contemporary art and literature. Special events included a tour of the Huntington Galleries, Huntington, and a luncheon for "graduation exercises."

18. DR. GALLAHER REPORTS ON ANTHROPOLOGY

Dr. Art Gallaher, chairman of the Department of Anthropology, says that "we have some claim for uniqueness nationally in our focus in applied anthropology at the University." Now in the third year of a graduate anthropology program, the department "has quickly achieved national visability as one of the few in the country focusing on the applied area. The editorial offices of 'Human Organization,' journal of the Society of Applied Anthropology, have been located in the department the past five years, and have contributed to this image," he adds. Dr. Gallaher reports on the status and progress of the department, noting that the editor of the professional journal, Dr. Marion Pearsall, is on the faculty of both the department and the Department of Behavioral Science. Dr. Gallaher has been secretary of the international organization throughout this five-year period. Specialization is offered in general ethnology and in cultural history--formerly called archeology, but now a very much enlarged field--Dr. Gallaher points out. During the past four years, five anthropology students were among 21 University students awarded national Woodrow Wilson Fellowships. Since the Wilson program began in 1957, nine anthropology students have been named Wilson Fellows. The department has 11 full-time faculty members, and five on joint appointments with other departments: Dr. Pearsall and Dr. A. C. Colson in behavioral science; Dr. Donald Hochstrasser in community medicine and the Center for Developmental Change; Dr. Robert Biggerstaff in dentistry, and Dr. John E. Barrows, director of institutional research. "Our faculty members are quite varied in their expertise in the geographical areas they cover," Dr. Gallaher notes. Dr. Michael Everett came here this year from the University of Arizona, and is interested in cross-cultural pathologies, especially suicide. Dr. W. Y. Adams is doing research on material he collected in Nubia. Dr. Colson is working on Malaysian materials, and Dr. Albert Bacdayan on materials from the Phillipines. Dr. Gallaher is continuing his research on the effects of industrial change in Ireland, while Dr. Lathel Duffield is pursuing his archeological interest in the Southeast U.S. Dr. Duffield, now in his second year here, directs the archeology program and is now rebuilding the Anthropology Museum. The work is funded by the Water Resources Institute and is the only program in the U.S. which involves anthropologists. Dr. Margaret Lantis is continuing her disaster and nutrition research, especially in regard to Alaska and the American Indians.

Members, Board of Trustees:

CANDIDATES FOR DEGREES

Recommendation: that the President be authorized to confer upon each individual whose name appears on the list presented herewith the degree to which he is entitled upon certification by the Dean of Admissions and Registrar that said individual has satisfactorily completed all requirements for the degree for which he has made application and as approved by the University Senate.

Background: The following list of names of persons who are candidates for degrees at the Commencement Exercises on May 8, 1971, is made up of those persons who completed their work in May, 1971. Since Commencement Exercises will be held this year immediately following completion of examinations, it is not possible for the Office of the Dean of Admissions and Registrar to certify satisfactory completion of requirements, prior to Commencement Exercises, for those candidates who completed their requirements in May; therefore, candidates will be presented a certificate stating the following: "In your attendance at the University of Kentucky you have progressed to the point of candidacy for a degree. When it has been determined that all requirements have been met, your diploma will be mailed." The candidates who completed their requirements in December, 1970, were approved by the Board of Trustees at an earlier meeting.

ESTABLISHMENT OF DATES FOR 1971-72 MEETINGS

Recommendation: that the Board of Trustees establish the following dates for meetings of the Board and/or Executive Committee during the fiscal year 1971-72:

July 20, 1971	Executive Committee
August 17, 1971	Executive Committee
September 21, 1971	Board (Statutory)
October 19, 1971	Board
November 16, 1971	Board
December 14, 1971	Board (Statutory)
January 11, 1972	Board
February 15, 1972	Board
March 21, 1972	Executive Committee
April 4, 1972	Board (Statutory)
May 9, 1972	Board (Statutory)
June 14, 1972	Executive Committee

Background: Under KRS 164.170 the Board of Trustees must meet quarterly and the dates of these meetings are established by that statute. The Board has, however, followed the practice of meeting monthly during the academic year, establishing the dates for the coming year at the May meeting.

This same statute further provides that "All meetings shall be held on the campus of the university unless otherwise specified by a majority vote of the board of trustees." Although it is deemed that a community college campus is a "campus of the university", formal approval of the Board to hold certain meetings on campuses other than the Lexington campus is requested.

INTERNAL BUDGET FOR 1971-72

Recommendation: that the 1971-72 operating budget as submitted, including the authorizations set forth in the letter of transmittal be approved and ordered recorded as an integral part of the University's financial system with the necessary fiscal control being exercised for the collection and appropriation of income and for the expenditure of departmental appropriations in accordance with authorized fiscal policies and procedures and accepted as a basis of maximum expenditures for the year 1971-72. The Board of Trustees or the Executive Committee is empowered to make such changes in the budget as may from time to time be deemed necessary upon recommendation of the President.

Background: The 1971-72 operating budget of the University of Kentucky is presented for approval by the Board of Trustees. Copies of the budget document have been made available to members of the Board.

NOTE: The budget document is not included in the Minutes of the meeting but a copy is in the official files of the Board of Trustees.

OFFICE OF THE PRESIDENT

Board of Trustees
University of Kentucky

Gentlemen:

The proposed Operating Budget for the University of Kentucky in the Fiscal Year 1971-72 is submitted herewith and recommended for your consideration and adoption on May 4, 1971.

In the preparation of this budget, I have been faced with a problem which confronts Higher Education all across this nation; namely, the resources available are considerably less than would be required to provide for enrollment increases, fixed costs, and general cost of living increases. This, of course, means that the budget I present to you represents less than a continuation level for the University.

Enrollment on the Lexington campus and in the Community College System increased by more than 2,100 students in the current year and is expected to increase by almost 2,000 students in 1971-72. These students are being accepted without corresponding increases in faculty positions and operating expenses. The financial squeeze is heightened by unanticipated increases in the rates the University will be charged for utilities, taxes, coal, and social security--to mention a few. In this context, the funds available for salary increases for 1971-72 are less than would be required to compensate for the increase in the cost of living.

However, the faculty salaries proposed in this budget should maintain our competitive position with the benchmark institutions. Funding is provided for the staff benefit programs previously approved by the Board of Trustees, including provision for basic life insurance for all employees of the University and the beginning of a funded retirement program for all classified personnel of the University. This budget will permit the University to fully fund all debt service obligations which it has incurred on construction already completed, now underway, or committed. The University will also meet commitments to programs in Allied Health Professions, Forestry, Mathematics, and Social Professions.

I have pointed out the problems we have encountered in preparing this budget, and I have also noted the achievements which I think this budget represents for the University in terms of providing for additional students, fixed

costs, and commitments. It should be noted in light of the limited resources available, that the preparation of this budget required substantial examination of present programs resulting in the reordering of fund allocations for the new fiscal year.

This budget represents a general expenditure allocation by unit for all categories of current operations including personal services, current expenses and equipment. Salaries for 1971-72 are included within the allocations to the respective unit budgets. Expenditures are included for four major fund groups of the University. First, there is the general fund group which includes generally the Division of Colleges, the Medical Center (excluding the Hospital), the Community College System, Agriculture, and the administrative and service units. Second, the Hospital fund group includes all expenditures in the University Hospital. Third, the auxiliary fund group includes self-sustaining operations such as the Housing and Dining System, the 4-H Camps, the Bookstores, and other similar operations. Fourth, the restricted fund group includes all expenditures which are supported by income restricted as to use.

Expenditures within the general fund are supported by income from the State appropriation, student fees, gifts and grants, sales and services, federal and county appropriations, endowment income, and fund balances. The expenditures proposed are the best current estimates of program support, but it is proposed that authority to transfer funds within the overall general fund allocation be delegated to the President, including the authority to transfer funds from the Program Improvement Fund. The monthly financial report submitted to the Board of Trustees will reflect transfers authorized by the President between major expenditure categories. Any changes in expenditures based on increased income will be presented to the Board for prior approval.

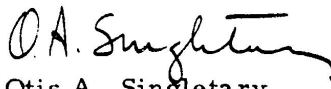

The Hospital fund is supported by income from hospital operations and from State appropriations. Any changes in expenditures based on income estimates beyond those listed would be presented to the Board for prior approval.

The auxiliary fund group is supported by income derived from the respective component operations. Any changes in expenditures based on income estimates beyond those listed would be presented to the Board for prior approval.

Board of Trustees
University of Kentucky
May 4, 1971 Page 3

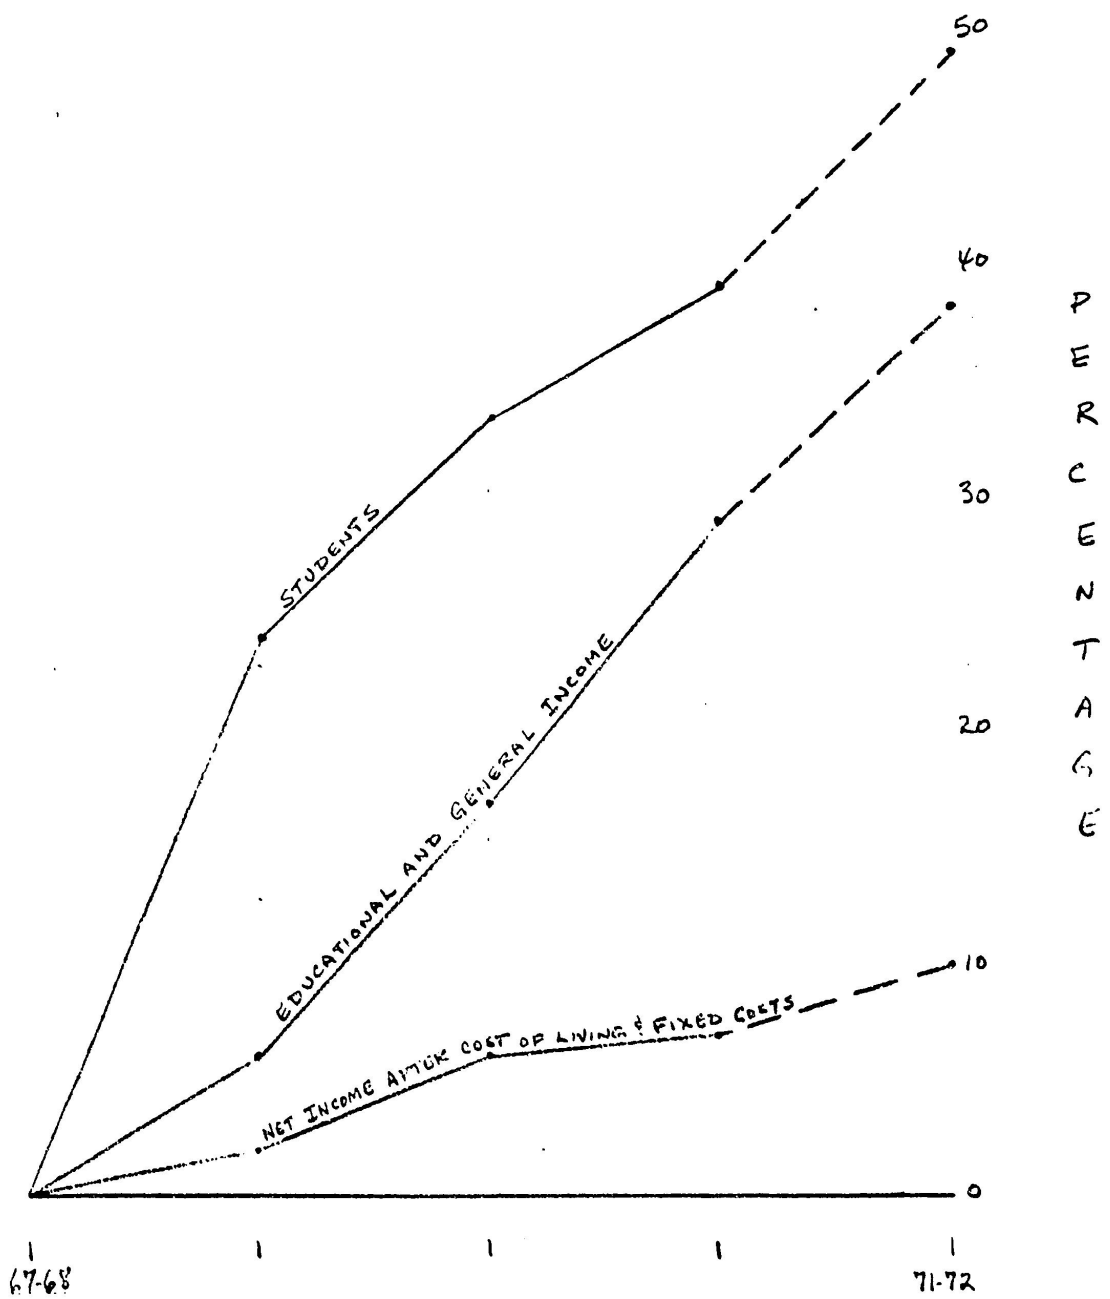

Expenditures within the restricted fund group are supported by income designated for that purpose. Expenditures are summarized herein by budgetary unit in order to reduce the space devoted to this fund group, but it is understood that each account will be separately established and administered. Expenditures will not exceed the total authorized by category unless there is action by the Board to raise that authorization.

Respectfully submitted,

Members, Board of Trustees:

STUDENT HEALTH INSURANCE PROPOSAL

Recommendation: that (1) the Board find that all full-time students at the University should have access to ambulatory (outpatient) health services and that access to comprehensive hospital services is highly desirable; (2) that the Board, effective with the beginning of the Fall Semester in 1971, require that each full-time student purchase an insurance policy to provide for, or otherwise demonstrate his financial ability to gain access to specified ambulatory (outpatient) health services as a condition of continued enrollment at the University; and (3) that the Board, in the students' best interest, strongly encourage students to obtain a comprehensive hospitalization insurance plan so as to reduce the individual financial burden in the event of serious illness or injury.

Background: This recommendation evolved from a broadly representative committee of the campus community including students and medical and administrative staff. This committee recommended a broad, two-part insurance plan designed to provide comprehensive ambulatory and hospital patient health care for all students. The plan has been discussed by students in several settings and, (once the personal benefits and advantages are understood) appears to have strong support. Insurance, however, is not the only alternative provided for in the above recommendation although it is certainly the most desirable. If a student does not wish to purchase insurance he may be relieved of that duty if he can satisfactorily demonstrate the financial ability to provide for his own ambulatory health care at the level specified by the committee. It is anticipated that the ambulatory portion of the insurance for 1971-72 could be purchased from a carrier(s) for approximately \$7.00 per semester, \$4.00 for the Summer Term, and \$2.00 for the intercession.

It is further anticipated that a Student Advisory Committee on Health Services and Insurance would be created to establish the range of benefits desired and the scope of the program in future years.

In view of the high and increasing cost of hospital care everywhere in the Nation, the committee and Medical Center administration strongly advise official institutional encouragement of student comprehensive hospitalization insurance for all students which insurance carriers should be able to provide at a modest cost either directly to students, or as a rider to their parents' policies.

CODE OF STUDENT CONDUCT:

Rules, Procedures, Rights and Responsibilities Governing Non-Academic Relationships

Introduction

The University is empowered by Kentucky Law K.R.S. 164.200 to establish a disciplinary system to govern the campus. The statute provides:

"The Board of Trustees may establish proper regulations for the governance of the University and the physical training, military or otherwise, of the students. It may authorize the suspension and dismissal of students for neglect or violation of the regulations, or for other conduct prejudicial to the character and welfare of the University."

By this publication of the rules governing student conduct, the University recognized that students have the right to know the circumstances and manner in which this disciplinary power will be exercised and advises students that disciplinary rules will be enforced.

The Code does not cover decisions of the faculty of a professional school as to character, moral or ethical, required of a student for purposes of awarding a degree or certificate, or for continuation as a candidate for such degree or certificate. Therefore, such decisions are not subject to review within the procedures established herein.

1.3 University Policy on the Student and Local Authorities

[1.31] [The University does not desire to be a policing authority for the activities of the student outside the University community nor a sentencing authority for violations of federal, state or local law. However, the minimum standards of individual conduct required by the penal statutes is both expected and required of every student attending the institution. Therefore, any student who violates such standards of conduct is subject to discipline by the institution, regardless of whether or not action is taken against the student by civil authorities on account of such violation.]

1.31 The minimum standards of individual conduct required by the penal statutes are both expected and required of every student attending the University. Further, while the institution does not desire to act as a policing authority for the activities of the student off University property, and while it cannot serve as a sentencing authority for a student's violations of federal, state or local law, the University may take appropriate action where necessary as provided under Sections 1.2(a), 1.2(f), 1.45 or Article VI of the Code of Student Conduct.

Section

[1.32] [The University cannot undertake to act as a collection agency for landlords, retail stores, etc., nor to impose disciplinary punishment for a student's misconduct outside the campus community unless that misconduct falls within the specified punishable offenses or is so serious as to be covered by the provisions of Section 1.45].

1.32 The University will not undertake to act as a collection agency for landlords, retail stores, magazine and book companies, etc., but may provide student addresses and telephone numbers to requesting parties.

1.33 The University cannot accept remand of students charged or convicted of violations of federal, state or local law for the purpose of imposing disciplinary punishment. However, a University representative may accept court appointment of probation of a student to his care and impose such requirements as he sees fit. If such student violates these requirements, he must be returned to court for such further proceedings as the court shall determine, but not for University disciplinary punishment.

1.34 A student charged with a violation of federal, state or local law may request assistance from the Dean of Students Office. After receipt of the student's request and a review of the charge(s) and circumstances surrounding the incident, a member of the Dean of Student's staff may be made available to counsel and assist the student.

1.412 In the counseling process, the accused shall enjoy the right to have the assistance of an advisor of his choice and shall be informed of this right.

Section

The Dean is thereafter concerned with furnishing testimony as requested by University Counsel, keeping the records of the University Judicial Board and Appeals Board and in aiding the student to comply with any punishment decreed by either Board.
- 1.414 Within the rights of the student at the University of Kentucky, the Dean of Students may contact the parents, or other persons he deems appropriate, in matters of discipline.

RESOLUTION

WHEREAS, one year ago today on May 4, 1970, four students were shot to death by National Guard troops at Kent State University during demonstrations protesting President Nixon's unilateral and unconstitutional invasion of Cambodia; and

WHEREAS, investigation of the incident by the Department of Justice and the Federal Bureau of Investigation concluded that the actions of the National Guard and the officials in question were a totally unjustified over-reaction "not necessary and not in order"; and

WHEREAS, the tragedy of the Kent State killings almost repeated itself at the University of Kentucky (as it did repeat itself at Jackson State College) due to the needless and unconstitutional use of National Guard troops armed with "mounted bayonets and live ammunition"; and

WHEREAS, the facts of the Kent State University, Jackson State College, and University of Kentucky incidents and the conclusions which those facts require must be of concern to all who seek a just society of peace and liberty untainted by the spectre of repression blatant or subtle; therefore be it

RESOLVED, that the Board of Trustees of the University of Kentucky condemns these culpable killings and joins with the University community in pledging that similar tragedies shall never again occur; and be it further

RESOLVED, that the Board initiate a policy of forbidding violence as a method of maintaining order in the academic community; and be it further

RESOLVED, that the Board condemns and will never condone the use of outside "law enforcement agencies" in the academic community unless such action is pursuant to the strict requirements of state, federal, and constitutional law.
