Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, August 15, 2000.

The Board of Trustees of the University of Kentucky met at 1:00 p.m. (Lexington time) on Tuesday, August 15, 2000 in the Board Room on the 18th floor of Patterson Office Tower.

A. Meeting Opened

Billy Joe Miles, Chairperson, called the meeting to order at 1:00 p.m., and the invocation was pronounced by Dr. Grady Stumbo.

B. Roll Call

The following members of the Board of Trustees answered the call of the roll: Governor Edward T. Breathitt, Mr. Paul W. Chellgren, Ms. Marianne Smith Edge, Mr. James Glenn III, Mr. Merwin Grayson, Mr. John "Jack" Guthrie, Dr. Loys L. Mather, Mr. Billy Joe Miles (Chairman), Mr. Steven S. Reed, Dr. Daniel R. Reedy, Ms. Marian Sims, Dr. W. Grady Stumbo, Mr. Billy B. Wilcoxson, Mr. Russell Williams and Ms. Elaine Wilson. Absent from the meeting were Dr. Robert P. Meriwether, Dr. Elissa Plattner, Mr. C. Frank Shoop, Ms. Alice Sparks, and Ms. JoEtta Y. Wickliffe. The University administration was represented by President Charles T. Wethington, Jr.; Chancellors James W. Holsinger and Elisabeth Zinser; Vice Presidents Fitzgerald Bramwell, Joseph T. Burch, Ben W. Carr, Edward A. Carter, George DeBin and Eugene Williams; and Dr. Juanita Fleming, Special Assistant for Academic Affairs.

Members of the various news media were also in attendance. A quorum being present, the Chairperson declared the meeting officially open for the conduct of business at 1:03 p.m.

C. Oath of Office

Mr. Miles asked Paul Van Booven, Deputy General Counsel, to administer the oath of office to the following members:

Marianne Smith Edge, appointed by Governor Paul E. Patton to replace Ted Bates, for a term ending June 30, 2006.

James H. Glenn III, who will serve as student trustee for the 2000-2001 academic year.

Steven S. Reed, reappointed by Governor Paul E. Patton, for a term ending June 30, 2006.

D. President's Consent Agenda

President Wethington said that given the instructions by the Board at the last meeting, there are three items on the Consent Agenda:

Approval of the Minutes,
PR 5A - Candidates for Degrees in the University System, and
PR 6A - Written Statement of Institutional Commitment to Graduate Medical Education.

President Wethington suggested that the three items be handled at one time at the beginning of the meeting unless a Board member wished to have an item pulled from the Consent Agenda.

Mr. Miles asked for a motion to approve the President's Consent Agenda. Mr. Guthrie moved approval. The motion, seconded by Ms. Wilson, carried. (See PR 5A and PR 6A at the end of the Minutes.)

E. President's Report to the Board of Trustees (PR 1)

President Wethington called attention to the following items in PR 1:

1. The University's new supercomputer has pushed UK into the top 10 among academic computing centers in the nation and among the top 200 academic computing centers worldwide.
2. The *U.S. News and World Report* has ranked the University of Kentucky Hospital in the top 50 in the country in two different specialties; orthopedics and cancer care. The Markey Cancer Center, ranked 18th, is listed in the top 20 for cancer care for the second consecutive year.
3. The University of Kentucky's Young Women in Science Program, developed and led by the UK Center on Drug and Alcohol Research and supported by a \$1.29 million grant from the National Institute on Drug Abuse, welcomed its second group of 26 women from 13 southeastern Kentucky counties. This program encourages young women from Appalachia to pursue scientific careers in drug research.
4. The Kentucky Geological Survey has secured more than \$500,000 in funding for water resources research.
5. The UK Children's Hospital was a beneficiary of the annual Children's Miracle Network campaign again this year. The total support to UK, which is in its 13th year of the program, now approaches \$6.67 million.

President Wethington asked the members to read the other items in the report at their leisure. He also mentioned that items A and B in his report, the Robinson's Scholars Program and the Capital Campaign Kickoff, would be at the end of his report.

F. Personnel Actions (PR 2)

President Wethington recommended that approval be given to the appointments, actions and/or other staff changes which require Board action; and that the report relative to appointments and/or changes already approved by the administration be accepted. Mr. Williams moved approval. The motion, seconded by Ms. Wilson, passed. (See PR 2 at the end of the Minutes.)

President Wethington noted that the retirement of Edward A. Carter is a part of PR 2. Mr. Carter is retiring after 16 years and nine months of consecutive service and 33 years and ten months of total service to the University of Kentucky. He reported that Mr. Carter will not retire until the end of December, and he has agreed to a one-year post-retirement appointment on a part-time basis beyond that date. President Wethington thanked Mr. Carter for his significant contributions to the University of Kentucky and asked him if he would like to make any comments.

Mr. Carter said that it had been a real pleasure working for the University and in higher education finance for 38 years, and there is not a single moment he would change. He received a round of applause from the Board members.

G. Proposed Amendments to the Governing Regulations (PR 3A)

President Wethington stated that PR 3A is the official document that represents the Board committee changes that have been recommended to the Board. The recommendation is that the proposed amendments to the Governing Regulations be received for preliminary consideration and at the next regular meeting of the Board of Trustees, be included on the agenda for final action. President Wethington reviewed two editorial changes he made in the document. He noted that the new committee structure would be put in place after the September meeting, pending Board approval.

Mr. Grayson stated that he would like to give unlimited terms for the chairperson of the Board. In his opinion, if the Board has a good leader, they should keep that leader.

Mr. Miles asked for a motion to approve PR 3A. Dr. Mather moved approval. Mrs. Sims seconded the motion, and it carried. (See PR 3A at the end of the Minutes.)

President Wethington announced that Mr. and Mrs. Tracy Farmer were in the audience and asked that Mr. Chellgren, Chairperson of the Finance Committee, be allowed to address FCR 15, the Tracy Farmer Gift.

H. Tracy Farmer Gift (FCR 15)

Mr. Chellgren stated that the Finance Committee unanimously recommended to the Board for consideration a gift from Tracy Farmer of Midway, Kentucky in the amount of \$2 million to create and endow the Tracy Farmer Center for the Environment. He moved the adoption of FCR 15. The motion, seconded by Dr. Stumbo, passed unanimously. (See FCR 15 at the end of the Minutes.)

Mr. Wilcoxson commented that it was an honor having the opportunity to serve on the Board with Mr. Farmer. He noted that on many occasions Mr. Farmer's experience and expertise spilled over to help the Board on many decisions they had to make during that time. He said Mr. Farmer always did what he thought was best for the University of Kentucky, and he was an invaluable Board member.

Governor Breathitt commented that Mr. Farmer exemplifies the level of support that a former Board member should continue to have for the University of Kentucky. He said that Mr. Farmer's fidelity and love for the University continues since the day he left the Board in 1991 and that he has set a good example for all of the Trustees who will be leaving the Board.

Mr. Farmer thanked the Board for the best years of his life while serving on the Board. He stated that he and Carol hold the University in trust and that they trust President Wethington. He commended President Wethington for the great job he has done for the University. He noted that the employees are the university's greatest asset and that he and Carol are very grateful to give this money to this new Center. Mr. Farmer stated that this would not be the final gift for the Environmental Center and that he and Carol hope to be involved in it more in the future.

Mr. Farmer received a round of applause and a standing ovation.

President Wethington stated that the Tracy Farmer Center for the Environment offers some wonderful opportunities for the University of Kentucky. He noted that this gift gives the University an opportunity to pull together some of the significant resources that already exist and focus them on environmental issues, concerns and research impacting the environment which will be a welcome addition to the state and to the nation. He thanked Mr. and Mrs. Farmer for their generous gift to the University.

I. Community College System (PR 4)

There were no items to report from the Community College System.

J. Capital Campaign Kickoff September 14-16, 2000 (PR 1B)

President Wethington asked Mr. Terry Mobley to give a report on the activities for the weekend of September 14-17, the Capital Campaign Kickoff.

Mr. Mobley said that September 14-17 will be one of the most significant and interesting weekends in the life of the University. He distributed a copy of the activities to the Board and invited them to participate in the events. He reviewed the activities scheduled for the weekend and offered to assist the members of the Board with any arrangements they may need. He pointed out that the goal will be announced at the Friday kickoff luncheon and stressed the importance of the Board's attendance.

President Wethington commended Mr. Mobley and his staff for their good work and said this will be the largest single fund raising effort in the Commonwealth of Kentucky once it is announced. He said that the Board's support and attendance is needed to make this campaign kickoff a success.

K. Robinson Scholars' Program (PR 1A)

President Wethington asked Mr. Ed Carter to give a report on the Robinson Scholars' Program. He noted that this program is being funded by proceeds from mining that the University has been doing in the outlying areas of Robinson Forest.

Through a series of slides, Mr. Carter gave the following presentation:

■ Robinson Trust
Robinson Scholars Program

Uses of the Robinson Trust

- Experimental Agriculture
- Reforestation
- And, for such other purposes as will tend to the betterment of the people of the mountain regions of Kentucky

April 1991

- Board of Trustees authorized the University's Administration to enter into a lease agreement with Addington, Inc. to mine coal.

For the primary benefit of the 29 county mountain region as identified by the E.O. Robinson Fund Board of Directors.

September 1991

- First meeting of Robinson Trust Committee appointed by President Wethington to advise on use of income from coal and timber in Robinson Forest.

Committee Membership

- President Charles T. Wethington, Chairman
- Edward A. Carter, Vice Chairman
- Chancellor Lexington Campus
- Chancellor Medical Center
- Vice President for Administration
- Vice President Research and Graduate Studies
- Dean of Agriculture
- Honorable N. Mitchell Meade - E.O. Robinson Mountain Fund
- Mr. Harold Mullis - E.O. Robinson Mountain Fund
- Mr. Bill Weinberg - East Kentucky representative

Relationship with Strategic Plan

- Multidisciplinary and interdisciplinary research
- Apply research finds to improve quality of life in Kentucky
- Partner in the development of the Commonwealth's economy

Relationship with Strategic Plan (cont.)

- Commitment to undergraduate education
- Maximize access
- Demonstrate creative leadership in meeting educational needs of Kentuckians
- Develop mutually beneficial alliances for economic development

Area of Emphasis

- To provide financial aid to mountain region students to attend the University of Kentucky, including the University of Kentucky Community Colleges

President Wethington asked that a scholarship program be developed to help the youth in the 29 county Appalachian region who might otherwise be unable to attend college.

With the President's guidance the Robinson Scholars Program was developed and implemented.

The primary purpose of the Robinson Scholars Program was to make an impact on the college going rate of high school graduates in Eastern Kentucky.

Two principles guided the design of the program.

Guiding Principles

1. The target student population - probably not attend college without the program -- needed intervention into the cycle of poverty and low academic achievement characterizing much of the region.

Target population would be first generation college students who lack hope, interest, motivation, knowledge, academic preparation and/or financial means to pursue a college degree.

Guiding Principles

2. A scholarship would not be sufficient to assist the target population in earning a college education.

Program designed to address the needs of the student while they are completing high school; assisting them in making a successful transition to college life; and encourage continued success throughout their college career.

Selection Process

- Eighth grade students are self nominated or by teachers and/or counselors
- Those students are asked to apply for the program
- Scholars are selected from applications by a committee in each county or a regional committee

If a Robinson Scholar who is selected in the eighth grade graduates from high school and qualifies for admission to University of Kentucky or a Community College the commitment is:

A four year scholarship including tuition and fees to the University of Kentucky or one of the Community Colleges

Housing (or in some instances transportation)

Dining

Books

Personal Expenses

The program operates from three Community College locations in Eastern Kentucky --

Hazard Community College

James Davis is the Regional Coordinator

Prestonsburg Community College

Brian Campbell is the Regional Coordinator

Southeast Community College

Paula Whitaker is the Regional Coordinator

ROLE OF COORDINATORS :

■ Sales and Marketing

■ Parents

■ Teachers

■ Counselors

■ Bus Drivers

■ Social Workers

ROBINSON SCHOLARS PROGRAM

A Scholarship Program for Eastern
Kentucky Youth

In conclusion, Mr. Carter said that a good presentation is always followed by a good solicitation. He reminded the Board that a \$210,000 gift to the endowment would support one student for four years. He noted that there are currently three hundred and sixty four students in the program. Some are seniors in high school this year, and the first class will be on campus next fall. He then entertained questions from the Board.

Mr. Guthrie said that the University is doing a lot of very significant things; however, this one has to rank towards the top of the list. He mentioned the program's reach to Kentuckians who would not normally be given this opportunity. And, the big plus is the opportunity for them to return home to help and still cultivate Eastern Kentucky. He said the program is remarkable, and the Board would like to work in some way to continue and assist. He congratulated everyone involved with the program on a daily basis. It has to be stressful at times but very heartwarming to watch these young people.

President Wethington noted that the program is endowed. He said his intentions are to put in place a program that would go on indefinitely. Unfortunately, it cannot go on at the level that it first started. This program is an example of some of the benefits that the University of Kentucky is providing to people all across the state. This money did not have to be used for Robinson Scholars. It did not have to be used for East Kentuckians who need some opportunity to go on to the University of Kentucky. But that is what the Board chose. He pointed out that it takes people like those involved in the program to carry it out and to make it happen. The administration and the Board can only recommend and make policy. He commended the Robinson Scholars' Program staff and especially Ed Carter and his staff who have helped to make this happen over the last few years. He encouraged the Board to follow the program. He thanked Mr. Carter and the Robinson Scholars' Program staff and asked them to keep up the good work. They received a round of applause.

A discussion followed regarding the percentage of students in the Program and the thousands of young Kentuckians that could benefit from such a program if it were available for everybody.

Mr. Miles asked Dr. Stumbo if he would like to make any comments.

Dr. Stumbo replied that he was hoping Mr. Miles would not call on him. He said that he had been in tears throughout the presentation. Thirty-eight years ago he was in exactly the same position, and it was pretty tough for him to sit through it. He said that he had lived that, and it had happened to him. He wanted to go to college and let college touch his life and change him. This presentation is the most touching thing he has seen since he has been on the Board. He said that he had lived it, and this presentation has been a terribly emotional thing for him. He thinks that it is great work, and he thanked President Wethington, Mr. Carter, and others that are making the Program possible. He said that he had opportunities to go anywhere in the world, but he chose to live his entire life where he promised if they would give him a chance to go to college. He told them he would come home, and he has never left.

President Wethington thanked Dr. Stumbo for his comments and stated that Dr. Stumbo said it better than anyone else.

L. Finance Committee Consent Agenda

Mr. Chellgren informed the Board that his report would be different. It would be in the form of a Consent Agenda requiring only one action of approval. The Consent Agenda will cover the following Finance Committee Resolutions:

- FCR 1 - the traditional report of leases less than \$30,000,
- FCR 2 - the approval of new leases that are each greater than \$30,000 annually and require specific Board authorization,
- FCR 3 - a recommendation that the Administration be authorized to execute appropriate legal documents to trade the real property located at 458 Rose Lane, Lexington, Kentucky, owned by the University of Kentucky for real property located at 124 Virginia Avenue owned by Beta Nu of Kappa Sigma House Corporation of Lexington, Kentucky,
- FCR 4 - the acquisition of property at 456 Rose Lane, Lexington, Kentucky which is owned by a University of Kentucky employee, and
- FCR 5 - the quarterly report of capital construction projects.

Mr. Chellgren moved the adoption of FCR 1, 2, 3, 4, and 5. Governor Breathitt seconded the motion, and it passed. (See FCR 1, 2, 3, 4, and 5 at the end of the Minutes.)

Mr. Chellgren emphasized that the next items are extremely important to the Board and the University. He thanked all of the contributors for their generous gifts to the University. This Consent Agenda will cover the following Finance Committee Resolutions:

- FCR 6 - a pledge of \$500,000 from the Abercrombie Foundation for the Sanders-Brown Center on Aging Endowed Research Development Fund,
- FCR 7 - a pledge of \$800,000 from the Abercrombie Foundation to create and endow a fund to support research initiatives in the College of Fine Arts and a pledge of \$200,000 for a media laboratory in the Lucille Caudill Little Fine Arts Library and Learning Center,
- FCR 8 - a pledge of \$100,000 from Alan F. Bloomfield for resurfacing the field at Commonwealth Stadium,
- FCR 9 - an anonymous pledge of \$1,000,000 to support the Carol Martin Gatton College of Business and Economics' sports marketing program and \$375,000 of this will be endowed to support sports marketing research,
- FCR 10 - a pledge of \$1,000,000 from Ashland Inc. for the William T. Young Library Endowment,
- FCR 11 - a gift of \$50,000 and a pledge of \$50,000 from Bracco Diagnostics, Inc. to support research in the College of Medicine's Division of Diagnostic Radiology,
- FCR 12 - a gift of \$25,000 and a pledge of \$75,000 from Dr. and Mrs. C. Milton Coughenour to establish and endow the Dr. and Mrs. C. Milton Coughenour Sociology Professorship in Agriculture and Natural Resources in the College of Agriculture's Department of Rural Sociology,
- FCR 13 - the establishment of a quasi-endowment that would eventually fund a professorship for the College of Medicine's Center for Rural Health in

Hazard, Kentucky,

- FCR 14 - a gift of \$200,000 and a pledge of \$1,800,000 from DePuy, Inc. to be placed in two endowments for fellowships in research support, \$1,500,000 for an endowment in the Division of Neurosurgery and \$500,000 for an endowment for the Division of Orthopedic Surgery,
- FCR 16 - a gift of \$500,000 from the estate of Harry E. Wheeler to establish and endow a chair in the College of Agriculture's Department of Plant Pathology,
- FCR 17 - a gift of \$110,000 from Helen Thacker Hill to establish and endow the Helen Thacker Graduate Fellowship in Educational and Counseling Psychology in the College of Education,
- FCR 18 - a pledge of \$375,000 from Irvin Abell III to establish and endow the Helen Edwards Abell Endowed Research Fund for Historic Preservation in the College of Architecture,
- FCR 19 - a gift of \$350,000 and a pledge of \$650,000 from Joseph G. and Suzanne W. Teague to the College of Engineering for the mechanical engineering building construction project,
- FCR 20 - a pledge of \$100,000 from Kentucky Medical Services Foundation to establish and endow the Benjamin C. Warf, M.D., Lectureship/Fellowship in Pediatric Neurosurgery in the College of Medicine,
- FCR 21 - a gift of \$218,753.86 from the estate of Letitia S. Kimsey Taylor to create and endow the Armor and Letitia S. Kimsey Taylor Fund for Library Research Equipment in the University of Kentucky Libraries,
- FCR 22 - a gift of \$100,000 from MCI WorldCom Communications, Inc. to create and endow the MCI WorldCom Graduate Fellowship in the College of Engineering,
- FCR 23 - a pledge of \$125,000 from Mira L. Ball for the James W. Stuckert Career Center in memory of Katherine H. Kemper who was director of the University Career Center for ten years,
- FCR 24 - a pledge of \$100,000 from Paul E. Miller for resurfacing the field at Commonwealth Stadium,
- FCR 25 - a recommendation to change the name of the Diagnostic Radiology Research Program Professorship in the College of Medicine's Department of Diagnostic Radiology to the Arthur Lieber, M.D., Professorship in Diagnostic Radiology,
- FCR 26 - a gift of \$200,000 from Mrs. Ruth Johnson to create and endow a scholarship in memory of her husband, Robert L. Johnson, in the College of Medicine,
- FCR 27 - a gift of \$150,000 and a pledge of \$600,000 from St. Joseph Hospital to establish and endow a chair and to support research and education initiatives in the College of Medicine's Department of Obstetrics and Gynecology,
- FCR 28 - a gift of \$50,000 from Timothy L. Haymaker for the Center for Real Estate Studies Endowment Fund in the Carol Martin Gatton College of Business and Economics, and
- FCR 29 - a gift of \$150,000 from William Stamps Farish Fund for the purchase of equipment to benefit the College of Medicine's Division of Urology.

Mr. Chellgren noted that all of these items were discussed in detail in the Finance Committee meeting. He moved acceptance of FCR 6-14 and 16-29. The motion, seconded by Ms. Wilson, passed. (See FCR 6, 7, 8, 9, 10, 11, 12, 13, 14, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, and 29 at the end of the Minutes.)

M. Establishment of Chandler Medical Center Medical Malpractice Quasi-Endowment Fund (FCR 30)

Mr. Chellgren stated that FCR 30 is a recommendation to establish a Medical Malpractice Quasi-Endowment Fund in the Chandler Medical Center. This will transfer just over \$13 million into the University's endowment fund. Mr. Chellgren moved approval of FCR 30. The motion, seconded by Governor Breathitt, carried. (See FCR 30 at the end of the Minutes.)

N. Grant of Sanitary Sewer Easement to Lexington-Fayette Urban County Government (FCR 31)

Mr. Chellgren stated that FCR 31 is a recommendation to authorize the execution of a sanitary sewer easement to the Lexington-Fayette Urban County Government. Mr. Chellgren moved approval of FCR 31. The motion, seconded by Mrs. Edge, passed. (See FCR 31 at the end of the Minutes.)

O. Other Business

Ms. Sims handed out a copy of the Strategic Plan of the Alumni Association. She noted how the strategic plan for the Alumni Association goes along with what the university has in mind for its growth and development. President Wethington commended the Alumni Association for their good work and thoroughness in the plan.

P. Presidential Search Committee Report

In the absence of Ms. Wickliffe, Chairperson of the Presidential Search Committee, Dr. Reedy reported that the Presidential Search Committee had selected A. T. Kearney, an executive search firm, to assist them in the presidential search. A. T. Kearney has offices in Chicago, Illinois and in Alexandria, Virginia.

Dr. Reedy informed the Board that Dr. Jan Greenwood has been contracted to assist the committee with the process. Dr. Greenwood was involved in the presidential searches for Northern Kentucky University and the University of Louisville.

Dr. Reedy reported that the position of President of the University of Kentucky has been advertised in the Chronicle of Higher Education, Black Issues in Higher Education, Hispanic Issues, and in Women in Higher Education. He noted that there have been several town meetings throughout the Commonwealth regarding the attributes and qualities of the next president. The Committee still has town meetings to hold in Bowling Green, Fort Mitchell, and Lexington. The Committee has also held two open forums at the University for faculty, staff, and administrators and will hold one more on August 30th. A mailing went out to all faculty, staff, and administrators inviting nominations. This has been the practice in the previous two presidential searches. The Committee expects to have its final compilation of attributes, qualities and qualifications to guide the examination of all applicants and nominations by September 15th. Dr. Reedy commended the Office of Public Relations for the superb job it has done with the web page for the presidential search.

Mr. Miles relayed a message to the Board from Mr. Steve Reed regarding the issue of diversity on the Presidential Search Committee. Mr. Reed has been working closely with the African American faculty and staff and believes that they can come to an agreement. Mr. Reed plans to present the agreement at the next Board meeting.

Mr. Glenn commented on the importance of the inclusion of minority participation on the Presidential Search Committee. He expressed his personal commitment to work with the necessary persons in order to ensure there is minority participation on the Committee.

Governor Breathitt informed the Board that he had been invited by a group of university officers, faculty and staff who were hurt and surprised that no African American was appointed to the original search committee. He expressed his concern that this matter be resolved prior to the next meeting.

Mr. Guthrie shared in the concerns of others, however, he noted that Mr. Reed was originally going to be appointed to serve on the committee but for reasons of his own, decided not to serve.

Mr. Wilcoxson asked for clarification of his understanding that the Board will be the people that vote on the president.

Mr. Guthrie replied, "That is true."

Mr. Wilcoxson said he would like to have some kind of a timetable and the Presidential Search Committee's position on the candidates. If the Committee is going to present the Board with only one candidate, he has a problem with that. He reminded the Board of past presidential searches; Candidates were brought to campus, and the Board had an option. He said he would like to know what the Committee is doing.

Mr. Miles informed Mr. Wilcoxson that everything is on the web page. The web page details everything in every meeting. It has input from everyone, including Dr. Wethington and Dr. Singletary. He assured Mr. Wilcoxson that the Board will have the ultimate decision, and the Board can demand that there be 30 candidates if it so desires.

Mr. Miles said that he purposefully did not appoint himself to the Presidential Search Committee because he felt other members of the Board should be on the Committee, and there were only four Board appointments allowed. He noticed there was a member of the faculty in the audience that is on the Committee and said he had never seen a group work harder to find out what the people want and to have as broad a search as possible.

Mr. Wilcoxson asked how many people are on the Committee.

Mr. Guthrie replied that there are twelve people on the Committee.

Mr. Wilcoxson then asked if the twelve people on the Committee were meeting with the candidates.

Mr. Guthrie informed Mr. Wilcoxson that there are no candidates at this time. He assured Mr. Wilcoxson that all twelve members of the Committee will meet with the candidates.

Mr. Wilcoxson asked if the candidates would be brought to the Board and if the Board would have an option to talk to the candidates and assist in narrowing the candidates down to three. He said, in his opinion, the Board should have an option.

Mr. Guthrie expressed that the Committee is in general agreement with what Mr. Wilcoxson has said. This has been discussed among the members of the Committee. Other discussions have been held and the consultant has made a point that is interesting. It is not necessarily a given, and this may be the first time that the University might seek to recruit a sitting president whoever she or he may be at another university. That puts the perspective or the spotlight a little bit differently if you are a sitting president and you are looking for something. If it happens to be that the Committee brings to the Board a chancellor, a provost, or some other dean, that is viewed at their respective universities to be their advantage and illustrates that they have done a good job. But, if you go after a president, that could be detrimental to that person's position at that school and that university. Mr. Guthrie asked Mr. Wilcoxson to come and express his feelings to the Committee at their next meeting and also invited anybody else as well. The Committee would like input from anybody. He noted that the next meeting had not been scheduled. He reiterated that a decision has not been made regarding whether the Board gets one, three, or ten candidates. He stated that the Committee will bring this to the Board as to what it thinks is in the best interest for the leadership of the University in the future.

Mr. Wilcoxson said that he understood; however, if it is narrowed down to one person because that person happens to be the president of another university, then that does not give the Board the opportunity to be a part of the selection even though that person might be president of another university.

Mr. Guthrie said he thought Mr. Wilcoxson could be a part of it. He said other Trustees can be invited in on the interview process, and he hoped that Mr. Wilcoxson would come. He said he was speaking from his own perspective. The Committee had not gotten into it that far, but there is no intent of bringing the Board a particular number at this time.

Mr. Guthrie continued by using the University of Florida as an example. The University of Florida hit a wall because of some legislative concerns, and they do not have a president. The Committee wants to make sure that it does it correctly, and that it is done with the Board's guidance and input. The Committee will get to the Board as much as it can.

Mr. Wilcoxson said he could tell Mr. Guthrie what happened at Florida because it was cut and dried. He was in Florida at the time, and he knew all about it. It was already cut and dried as to who was going to be the next president.

Mr. Wilcoxson said he knew the Committee was going to do the right job, but as a Board member, he thinks the Committee needs to have the next president coming in office with unanimous approval by the Board. For him personally and for the record, unless he is involved and is able to have some kind of selection over and above one person that the Committee brings to the Board, then he does not know that the Board will get his vote.

Mr. Miles noted that Governor Breathitt has been at every meeting. Almost every Board member has been to every meeting and a majority of these Board members have traveled throughout the state. There has never been the discussion of only one candidate. The Committee has talked about four, six, or eight.

Mr. Wilcoxson replied that he was bringing this up now because he did not want something to happen on the day that a new president is selected. That is all.

Governor Breathitt said he noticed at the last Committee meeting that the Board could only attend the open sessions and not the executive sessions. There are only five members of the Board that are on the Committee, yet there are twenty people on the Board. If the Board is a part of the process, then you eliminate the problem.

Mr. Miles said even as Chairman of the Board he did not go into the executive session. He believes in everybody knowing everything, and then there are no rumors about anything.

Governor Breathitt agreed with Mr. Miles.

Mr. Miles replied that he did not go in the executive session because of Dr. Greenwood.

Mr. Miles said he was really concerned, and they have to take her advice or not take her advice. She said that this process had to be confidential if we are going to recruit. He said it should probably be decided at this meeting that from now on any Board member can attend any session of the Committee because it is going to come down to their meeting. He said he did not have a problem.

Mr. Guthrie said that without the chair being present, he would like to see that at the next meeting. He explained that the Committee went into executive session, and there were some names and thoughts that Dr. Greenwood had as well as some people who might put their name in that hat. There was no discussion at that meeting about one, two, or whatever numbers of candidates. Dr. Greenwood identified some schools where a president might be interested in moving. She also identified an individual at another university that might be a provost. She was looking over possible candidates which is one reason her firm was here to help. And the Committee is adding names as a result of meeting with the deans and other meetings on campus the last few weeks. The Committee is not just taking names from the search firm.

Mr. Wilcoxson emphasized that the only reason he brought this up is to try to prevent something from happening down the road. He indicated that he could not believe that the faculty of the institution would be satisfied if their faculty representatives were not involved in talking to any of the individuals.

Mr. Guthrie pointed out that the faculty has three individuals representing them on the Committee.

Mr. Wilcoxson asked, "What if they're not involved and they come back with one person?"

Mr. Guthrie replied, "Well, they will be involved. I think you need to come to a meeting."

Dr. Reedy said, "The opinion that you have expressed is exactly what we have heard on most all occasions from faculty, from staff, and from other constituent groups. So, Bill, yours is not a voice crying in the wilderness; there are others that share that view that there's the expectation of what I'd call an ample number of candidates who would be properly interviewed and one would expect in a public forum environment as well as others that are appropriate."

Mr. Wilcoxson asked, "Are there any problems if we attend every meeting, including the executive session?"

Governor Breathitt replied, "There are no problems."

Mr. Miles said, "Mr. Chellgren, you've been silent in this and Jan Greenwood looked for you as one of the leading interviewers in this process because of your influence. Do you have any comments on this?"

Mr. Chellgren replied, "We haven't started the interview process yet, point one. And point two, my impression is the same as the one expressed." While he is just one member of a Committee, he does not believe the Committee would deliver one candidate to the Board for an up or down vote. In his opinion, it will be a number of candidates to deliver to the Board for an up or down vote.

Ms. Sims inquired, "And there will be time for us to understand who they are, what they're about?"

Mr. Chellgren replied, "Again, I'm just one member of the Committee."

Mr. Wilcoxson said, "Again, I just want to say the only reason I brought this up is I don't want you to have a problem when we come up here one day and it happened the other way."

Mr. Chellgren replied, "It's also the obligation on the part of people like yourself and other members of the Board to be involved with the process."

Mr. Wilcoxson replied, "Let me tell you, Mr. Chellgren, the reason I haven't been involved with the process is because I understand that we haven't been able to attend a complete session. People go into executive sessions, and the Board has not been able to go into the executive sessions."

Mr. Guthrie said, "Not true."

Mr. Wilcoxson said, "Okay, in the minutes that I got from your last meeting, as I understood it, the search committee went into executive session and every other Board member or who else was there was not invited into the executive session. Is that right? Were you there, Governor?"

Governor Breathitt replied, "We were told you couldn't attend."

Mr. Wilcoxson said, "See, I don't think that's right."

Mr. Guthrie said, "You said every meeting."

Mr. Wilcoxson replied, "No I didn't."

Mr. Guthrie said, "Yes you did. There was one meeting that we've had, the last time, that we did meet, and I told you the reason for that. All of the other meetings there have not been any executive sessions. The only thing it would be, we've all signed confidentiality documents. We can have other Board members that wish to go in there sign those documents and join in. We have no problem with that."

Governor Breathitt said, "It just eliminates the problem, I think."

Mr. Wilcoxson said, "I think every Board member here should be involved in the process."

Mr. Guthrie replied, "Oh and we would welcome it and many of you have been."

Mr. Miles said, "You will have the ultimate decision. Any other comments? And we agree with you in that, everyone is unanimous in that agreement. Any other comment?"

Mr. Williams said, "One thing I would take a look at though, a big part of the process has been these town meetings that we've attended and I think we've had really good participation by Trustees and the people out in the state are impressed that the search committee and the Trustees are taking their time to come to them. So those of you who may not have an opportunity up to this point the Lexington meeting is at 7:00 pm on the 30th at the Worsham Auditorium and there's still Bowling Green and Northern Kentucky. There are several opportunities to really and I've been really touched by how aware the people of the Commonwealth are of this place and how important this place is to them and how genuinely they have expressed their deep concern about this search and their commitment to our success. So, I would urge everybody to continue to go to those. To me it's been a real eye opener. I think we can get a little isolated when we're on campus and it's nice to go two or three hours away and have people talking about your place like they were right next door."

Mr. Wilcoxson asked, "Have you had an excellent meeting yet?"

Mr. Williams replied, "It was a great balance, yes."

Q. Meeting Adjourned

There being no further business to come before the Board, the Chairperson adjourned the meeting at 3:13 p.m.

Respectfully submitted,

Daniel R. Reedy
Secretary
Board of Trustees

Office of the President
August 15, 2000

1. UK Supercomputer Listed Among Top 10

A new supercomputer thrusts the University of Kentucky into the top 10 among American academic computing centers and 200th among all supercomputing sites worldwide. The supercomputer, capable of performing 169 billion calculations per second, dramatically increases the computing power available to researchers at UK and their colleagues across the nation.

2. University of Kentucky Hospital Ranks in Top 50 in Two Specialties

UK Hospital is ranked in the top 50 in the country in cancer and orthopedics care in the *U.S. News & World Report* 2000 edition of "America's Best Hospitals." For the second consecutive year, UK Hospital's Markey Cancer Center is listed in the top 20 in the country for cancer care. The center is ranked 18th this year. UK's orthopedics program made the list for the first time, ranking 50th in the nation.

3. UK's Family Life Program Wins Special Recognition

The UK College of Human Environmental Sciences has been honored by the National Council on Family Relations for family life education undergraduate programs. The council awarded the college with its Provisional Certified Family Life Educator designation, one of only 46 approved undergraduate and graduate programs in the nation.

4. CDC Grant Will Establish Kentucky Cancer Prevention Research Center

The UK Hospital's Markey Cancer Center won a three-year, \$1.8 million grant from the U.S. Centers for Disease Control and Prevention to establish the Kentucky Prevention Research Center. One of 24 CDC-funded research centers at institutions such as UCLA and Johns Hopkins, the center will conduct research designed to reduce cancer incidence and mortality in poor, rural or underserved areas through prevention and early detection efforts.

5. Marketing Campaign Wins Top International Honor

UK's marketing campaign, "America's Next Great University," earned the top international award given for best visual identity program by the Council for the Advancement and Support of Education. The organization represents public relations, fund-raising and alumni relations professionals at 2,900 institutions in 32 countries. There were 630 entries in this year's competition; winners were determined by peer review. UK's winning entry included samples of print and television advertisements, publications and stationery.

6. UK Young Women in Science Program Welcomes Second Group

The Young Women in Science Program, developed and led by the UK Center on Drug and Alcohol Research and supported by a \$1.29 million grant from the National Institute on Drug Abuse, selected the second group of 26 young women to participate. The program encourages young women from Appalachia to pursue scientific careers in drug abuse research. Participants are high school girls selected from 13 southeastern Kentucky counties.

7. Study Finds New Potential Drug Target for Alzheimer's Disease

Researchers at the University of Kentucky College of Medicine and the Columbia University College of Physicians and Surgeons in New York have identified a cell receptor that may be a new potential target for compounds that could treat or prevent Alzheimer's disease. The UK study leader was Mark Kindy, Biochemistry and Sanders-Brown Center on Aging. The results of the research were published in the June issue of *Nature Medicine*.

8. KGS Continues Water Resources Research with \$500,000 in Funding

In the past four months, the Kentucky Geological Survey has secured more than \$500,000 in funding for water resources research. Eight grants will support work across the state involving topics ranging from ground-water pollution and contamination to the investigation of water supplies from abandoned underground coal mines.

9. Students at UK May Now Submit Theses and Dissertations Electronically

The Graduate School has begun a pilot project that will permit graduate students to submit master's theses and doctoral dissertations in electronic format. A group of as many as 30 students may initially participate while they complete their theses and dissertations during the Fall 2000 and Spring 2001 semesters. These participants will be the first group of UK students whose research accomplishments will be available on the Web.

10. UK Children's Hospital to Develop Computer Information Program

Physicians and researchers at the University of Kentucky Children's Hospital received a \$396,744 grant from the U.S. Department of Education and support from the UK Hospital Auxiliary to provide answers and up-to-date information quickly to parents and families of babies at the UK Children's Hospital Neonatal Intensive Care Unit.

11. UK Children's Hospital Benefits from CMN Television Special

For the 13th year, the University of Kentucky Children's Hospital was a beneficiary of the annual Children's Miracle Network campaign that raises funds for 170 children's hospitals across North America. The local television broadcast of the campaign "CMN Champions" raised \$949,682 for the UK Children's Hospital. This brings the total support for UK to \$6.67 million.

12. Study Finds Psyllium to be Effective in Lowering Cholesterol

A recent study by James Anderson, Endocrinology, shows adding fiber to a healthy diet may help some patients battling high cholesterol to diminish or even eliminate their need for drug treatment. As published in the June issue of the *American Journal of Clinical Nutrition*, Anderson found that psyllium in the form of fiber supplements may reduce harmful cholesterol by as much as 5 percent.

13. College of Medicine's Salvation Army Clinic Receives Grant

The Salvation Army Clinic, which is operated by UK College of Medicine students, received a four-year, \$30,000 "Caring for Community" grant to reorganize the clinic and improve and expand the services offered. One of two awarded nationally, the grant comes from the Association of American Medical Colleges and the Pfizer Medical Humanities Initiative.

14. UK Professor Finishes Bike Trek While Teaching On Internet

Family Science professor Greg Brock ended his "UK Across America" bicycle trek on July 2, when he rode into Savannah, Georgia, almost a month earlier than planned. Brock taught a summer course using a laptop computer and the Internet during his 32-day journey from Santa Monica, California. His trip received coverage from news media across the U.S. and Europe, including the *Wall Street Journal*, *USA Today*, *The Chronicle on Higher Education* and a French television news program on technology.

15. Student Awards and Honors

Alan Bullington, Journalism and Telecommunications, is serving an internship at *20/20*, the ABC network news program based in New York City.

Xiangming Cheng, graduate student in Materials Engineering, won the 40,000-member Materials Information Society's 2000 International Graduate Student Paper Contest for his paper "Earing Behavior and Crystallographic Texture of Aluminum Alloys during Cold Rolling."

Mari Chinn, graduate student in Biosystems and Agricultural Engineering, has been awarded the University of Kentucky's Lyman T. Johnson Fellowship to help her continue her master's research. Earlier, she received a National Science Foundation Fellowship.

Brian Coffee and Daniel Green, graduate students in Agricultural Economics, individually presented papers at the American Agricultural Economics Association meeting in Tampa, Florida.

Nicholas Coleman, Biosystems and Agricultural Engineering, has been awarded the UK Quality Achievement Fellowship.

Virginia Golden, Biosystems and Agricultural Engineering, has been awarded UK's Women in Under-Represented Areas Fellowship. Golden also presented a paper on equine housing at the professional meeting of the American Society of Agricultural Engineers.

Christopher Riegel, Electrical Engineering, has received a \$1,000 scholarship from the Institute of Electrical and Electronic Engineers (IEEE) Antennas and Propagation Society.

Aslihan Spaulding, doctoral student in Agricultural Economics, has been elected president of the American Agricultural Economics Association's Graduate Student Association.

The Wildcat Pulling Team, Biosystems and Agricultural Engineering, won first place awards in the manufacturability, sportsmanship and appearance categories for their quarter-scale student tractor pull competition at the national meeting of the American Society of Agricultural Engineers. Team advisors include Dr. Scott Shearer, Tim Smith, Dr. Larry Wells, and Dr. Tim Stombaugh.

16. Significant Faculty and Staff Activities

Leon Assael, dean of the College of Dentistry, received the Silver Anniversary Award from the Harvard School of Dental Medicine. The Silver Anniversary Award recognizes a member of the 25th reunion class who has distinguished himself by his achievements and contributions to the dental profession and to society.

Tom Barnes, Forestry, has been listed in the first edition of *Leaders in Science, Technology and Engineering*.

Lars Bjork, Education, shares publication credit for the 2000 edition of *The Study of the American School Superintendency*.

Jim Cobb, state geologist and director of the Kentucky Geological Survey, was presented with the annual Outstanding Kentucky Geologist Award from the Kentucky Chapter of the American Institute of Professional Geologists.

Henry P. Cole, Education, contributed an article to *Behavioral and Organizational Dimensions of Underground Mine Fires*, a publication sponsored by the National Institute for Occupational Safety and Health and the U.S. Department for Health and Human Services.

Don Colliver, Biosystems and Agricultural Engineering, was elected national treasurer of the 60,000-member American Society of Heating, Refrigerating and Air Conditioning Engineers.

Patti Deitsch, Institute on Women and Substance Abuse, was appointed by Governor Patton to serve on the state's Healthy Babies Work Group.

Greg Dess, Management, was named one of 33 charter members of the Academy of Management Journal's Hall of Fame.

Dwayne Edwards, Biosystems and Agricultural Engineering, was presented the Outstanding Young Researcher Award by the American Society of Agricultural Engineers.

Thomas Foster, Pharmacy, has been named chair of the Nominating Committee of the Council of Experts for the 2000-05 Quinquennium of the United States Pharmacopoeia (USP); member of the NAPLEX Review Committee of the National Association of Boards of Pharmacy, and chair of the Biopharmaceutics Committee of the Council of Experts of the USP for 2000-05.

Jesus Garcia and Elizabeth Spalding, Education, have published "Contexts of Teaching: Methods for Middle and High School Instruction," outlining new approaches to middle and secondary education.

Richard Gates, Biosystems and Agricultural Engineering, received a \$150,709 grant from the U.S. Department of Agriculture-National Research Initiative to study feeding and drinking behavior of poultry for enhanced animal well being.

Said Ghabrial, Plant Pathology, received a \$190,000 grant from the U.S. Department of Agriculture-National Research Initiative program to study the molecular basis of disease in virus-infected plant pathogenic fungus.

Judy Goldsmith, Computer Science, served on the faculty of the Mentoring Program for Women in Mathematics held May 30 - June 9 at the Institute for Advanced Study, Princeton, New Jersey.

James W. Holsinger Jr., chancellor of the UK Chandler Medical Center, was elected for a four-year term to the Good Samaritan Foundation Inc. Board of Trustees.

John Kiefer, Kentucky Geological Survey, received the annual Distinguished Service Award from the Kentucky Society of Professional Geologists.

Richard Labunski, Journalism and Telecommunications, has published *The Second Constitutional Convention*.

Melvin Liter, Pharmacy, has been appointed a member of the editorial board of *Oncology Special Edition* and to the advisory board of Southeast Pain Management of Merck & Co. Inc.

Joyce Logan, Education, shares publication credit for the new textbook and manual *Writing*, part of a textbook series published by South-Western Education Publishing.

Dave Maehr, Forestry, has received a grant of \$20,000 from the Disney Wildlife Conservation Fund to study black bear ecology in West Central Florida.

William Markesbery, Pathology and Neurology and director of the UK Sanders-Brown Center on Aging, has received an Award for Meritorious Contribution to Neuropathology from the American Association of Neural Pathologists.

Lee Meyer, Agricultural Economics, was elected chair of the Livestock Marketing Information Center, a consortium of 23 universities representing the industry interests that support livestock outlook data collection, market education material and livestock and meat industry research.

Michael Montross and Sam McNeill, Biosystems and Agricultural Engineering, received a \$200,000 U.S. Department of Agriculture-National Research Initiative grant to study the optimization of aeration systems for value-added crop preservation.

Russell Mumper, Pharmacy, has been appointed to the editorial advisory board of the *Journal of Drug Development and Industrial Pharmacy*.

Frank Romanelli, Pharmacy, has been appointed to a three-year term on the editorial advisory board of the *Journal of the American Pharmaceutical Association*.

Peter D. Nagy, Plant Pathology, received a \$307,956 grant from the National Science Foundation to study mechanisms of RNA replication and interference.

Sue Nokes, Biosystems and Agricultural Engineering, was presented the Outstanding Young Educator Award by the American Society of Agricultural Engineers.

David Orren, Toxicology, has received a four-year, \$200,000 grant from the Ellison Medical Foundation New Scholars Program for research in the areas of aging processes and age-related diseases and disabilities.

D. Bart Peters, Agricultural Economics, received first place honors in the National Association of Farm Business Analysis Specialists' competition in the association's newsletter category. Craig Gibson, Agricultural Economics, won first place honors in the organization's professional paper competition.

Larry Piercy, Biosystems and Agricultural Engineering, received a \$35,000 grant to develop educational materials for use in the Cooperative Extension Service concerning radon and indoor air quality.

Kim Ragland, Agricultural Communications Services, received a gold award from the Agricultural Communicators in Education at its international meeting in Washington, D.C. for her work on Agripedia, a Web site. Deborah Witham and Ryan Gugeler, Agricultural Communications Services, received a silver award from the group for a display at the National FFA Convention.

James C. Reed, Diagnostic Radiology, has been elected president of the Kentucky Chapter of the American College of Radiology and a member of the Rules Committee and Nominating Committee of the Society of Thoracic Radiology.

Tim Stombaugh, Biosystems and Agricultural Engineering, received the American Society of Agricultural Engineers' paper award for his paper "Guidance Control of Agricultural Vehicles at High Field Speeds," published in the journal *Transactions of the American Society of Agricultural Engineers*.

Linus Walton, associate dean of the College of Agriculture, was honored as a Fellow of the American Society of Agricultural Engineers.

Richard Warner, Biosystems and Agricultural Engineering, received a \$243,860 grant from the Division of Conservation, Natural Resources and Environmental Protection Cabinet to study subsurface leaching potential of animal waste holding ponds. He also received, along with Don Graves, Forestry, and Richard Sweigard, Mining Engineering, a grant of \$100,000 from Robinson Forest Trust to study water quality and sedimentation in the Robinson Forest.

Phyllis Wise, Physiology, is a recipient of the 2000 YWCA Women of Achievement Awards for outstanding contributions to the community and to the betterment of women and children. Wise also was honored during UK commencement with The Kirwan Prize in recognition of excellence in research.

PR 3A

Office of the President
August 15, 2000

Members, Board of Trustees:

PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendments to the Governing Regulations of the University of Kentucky be received at this time for preliminary consideration and at the next regular meeting of the Board of Trustees, be included on the agenda for action.

(NOTE: Proposed additions are underlined; proposed deletions have a line through the text.)

Amendment 1 - Change Part II - 4 to read

4. Officers

The chairperson, vice chairperson, secretary, and assistant secretary of the Board of Trustees shall be elected annually at the September meeting of the Board. The Chairperson of the Board of Trustees shall be limited to no more than four consecutive terms as Chair In the absence of the chairperson, the vice chairperson presides. The secretary keeps the Minutes of all meetings, issues notices of meetings, and provides for the publication and distribution of the Minutes in accordance with instructions from the Board. The secretary is responsible for the maintenance of an official revised copy of these Governing Regulations and for the publication of revisions from time to time. The assistant secretary is empowered to perform the duties of the secretary when the secretary is not present on the Lexington campus of the University and at such other place or places as are required for the efficient performance of the secretary's duties. The assistant secretary need not be a member of the Board of Trustees.

Amendment 2 - Change Part II - 5 to read

5. Committees

STANDING COMMITTEES:

The purpose of standing and special committees is to assist the Board in its oversight role by gathering information, discussing, and providing advice on policy proposals prior to their coming before the entire Board. Membership of standing committees shall include at least five members of the Board including the committee chair and shall be appointed by the Chairperson of the Board soon after the election of officers in September. The Academic Affairs, Student

Affairs, and Human Resources committees shall not be chaired by faculty, staff, or student trustees.

A. EXECUTIVE COMMITTEE

The Board of Trustees annually elects an Executive Committee of five members, which has the powers that the Board delegates to it—as spelled out in ~~(KRS 164.190)~~. This election shall be held at the September meeting of the Board. Vacancies may be filled at any meeting of the Board. The Board designates one member of the Committee to serve as its chairperson. In general, the Committee exercises oversight of the financial and business interests of the University and possesses the same powers as the Board during the periods between meetings of the full Board.

~~Ordinarily, the Executive Committee meets at least once each month, except for the months in which regular meetings of the Board of Trustees are held. Special mMeetings may be held as necessary onat the call of the chairperson. The secretary of the Board of Trustees acts as secretary, ex officio, of the Executive Committee. The President of the University shall attend all meetings.~~

The Executive Committee is required to submit to the Board of Trustees at each meeting, for the latter's consideration and approval, a complete record of the proceedings of the Executive Committee. The authority of the Board to amend the actions of the Executive Committee does not extend to the rejection of any valid or authenticated expenditure of money by the Executive Committee. (KRS 164.190)

~~The Board of Trustees may appoint special committees at such times and for such purposes as it deems desirable.~~

B. ACADEMIC AFFAIRS

Shall review recommendations to the Board from the President on policy matters pertaining to the academic mission of the University in teaching, research, and public service as well as academic freedom and tenure and shared governance. Will review proposals from the President to ensure that academic programs are consistent with the University's mission, that resources are available to achieve academic priorities as set forth in the Strategic Plan, that academic programs are appropriate for its student needs and that the University has a system in place for assessing the effectiveness of its academic programs. Will review new program proposals and changes in the academic units to ensure the program proposals and changes will effectively carry out the academic mission and provide information to the Board if needed when new programs or changes in academic units are recommended to the Board for approval. Shall review the list of candidates for academic degrees and provide information to the Board if needed when degree candidates are recommended for approval.

C. STUDENT AFFAIRS

Shall accept and review recommendations from students, faculty and administrators which the President submits regarding revisions of the Code of Student Conduct. Shall review recommendations from the President concerning the general welfare of students and the adoption

of rules, procedures, rights, and responsibilities governing non academic relationships between the University and its students.

D. HUMAN RESOURCES

Shall review recommendations from the President to the Board regarding policies pertaining to employee benefits, rights and privileges requiring Board approval. Shall serve as a hearing panel in the event of a faculty, student or employee appeal coming to the Board.

E. UNIVERSITY RELATIONS

Shall review recommendations from the President relating to the economic, social, and public policy environments within which the University operates that directly affect the University. Shall review policies or policy proposals from the President regarding marketing and development as well as public, governmental, and alumni relations.

F. INVESTMENT

Under delegation from the Board and consistent with KRS 164A.550 through 164A.630, the Investment Committee shall be responsible for review and oversight of the endowment investment programs of the University and its affiliated corporations. This responsibility includes: formulating and reviewing investment policies; appointing, monitoring and evaluating investment managers and consultants; and reviewing and approving plans for the general management of the endowment funds of the University.

The Investment Committee Chairperson will report to the Board at least annually on the performance results of endowment investments. Policies of the Committee are implemented by the Office of Controller and Treasurer in carrying out the day-to-day operations of the University's endowment funds.

G. FINANCE

Shall ensure the financial stability and long-term economic health of the University by monitoring the financial operations of the University and its affiliated corporations and making appropriate recommendations to the Board to ensure achievement of the University's mission. Consistent with KRS 164A.550 through 164A.630, the Committee maintains oversight responsibility for the financial management of the University in the areas of accounting, auditing, payroll, purchasing, capital construction, real property and affiliated corporations. In particular, the Committee shall: oversee the budgets of the University, reviewing and recommending to the Board on the annual Operating and Capital Budgets; ensure that accurate and complete financial records are maintained by reviewing and recommending to the Board on annual financial reports and related recommendations from the Audit Subcommittee, interim financial reports, capital construction reports, long-term debt obligations, gifts to the University of \$100,000 or more, leases over \$30,000 per year, disposition of property, sale of assets, and financial transactions not provided for in the annual operating budget.

The Audit Subcommittee shall recommend to the Finance Committee on the appointment of the external auditors, receive and review the annual reports from the external auditors and make recommendations to the Finance Committee concerning these reports.

H. NOMINATING

Shall nominate officers of the Board and members of the Executive Committee. Shall review recommendations from the President concerning the appointment of Trustees to the boards and committees of the University and its affiliated entities which require Board approval.

I. SPECIAL COMMITTEES

Special committees may be established and appointed at any time by the Chairperson of the Board and with such charge as the Board Chair may determine. They shall carry out their duties as specified and report to the Board. They will function until discharged. Membership will include Trustees and may also include persons who are not Board members.

Rationale: These changes are proposed as a result of an assessment of the structure and role of board committees at the University of Kentucky's current benchmark institutions.

Members, Board of Trustees:

WRITTEN STATEMENT OF INSTITUTIONAL COMMITMENT TO GRADUATE MEDICAL EDUCATION

Recommendation: that the Board of Trustees reiterate its historic support of the graduate medical education programs of the College of Medicine and approve the following statement:

The Board of Trustees affirms that the University of Kentucky's educational and academic mission includes the provision of graduate medical education programs and the University has been and continues to be clearly willing to invest the necessary educational, financial, and human resources in support of quality programs of graduate medical education.

Background: The Accreditation Council for Graduate Medical Education and its Institutional Review Committee require a written statement of institutional commitment to graduate and medical education that is supported by the governing authority, the administration, and the teaching staff. On July 27, 2000 the faculty of the College of Medicine unanimously approved a statement of commitment to graduate medical education in the College of Medicine. This statement has the approval of the Dean of the College of Medicine, the Chancellor of the Chandler Medical Center, and the President of the University.

Recommendation: that the University of Kentucky Board of Trustees accept a pledge of \$375,000 from Irvin Abell III of Goshen, Kentucky, to establish and endow the Helen Edwards Abell Endowed Research Fund for Historic Preservation in the College of Architecture.

Background: This will be the lead gift toward the Helen Edwards Abell Chair in Historic Preservation, to be established when the endowment principal reaches \$1,000,000. Until the chair is established, this research fund will provide graduate student fellowships in historic preservation. Helen Edwards Abell was a Louisville native and a nationally-known advocate of historic preservation who died in 1996 at the age of 81. In an editorial that marked her death, the *Louisville Courier-Journal* wrote: "It would not be an exaggeration to say that Helen Abell helped transform preservation from a fringe movement into part of the establishment of government." She was involved in preservation causes from the local to the state and national levels. Mr. Abell, a retired attorney, has chosen to memorialize his mother's contribution to preservation and preservation education with a gift in her name. Both the graduate student fellowships and the chair will bear his mother's name. Mr. Abell anticipates his pledge being matched by the state's Research Challenge Trust Fund. ESTABLISHMENT OF CHANDLER MEDICAL CENTER MEDICAL MALPRACTICE QUASI-ENDOWMENT FUND

Recommendation: that the Board of Trustees authorize the establishment of the Chandler Medical Center Medical Malpractice Quasi-Endowment Fund consisting of voluntary payments previously made to the Secretary of Finance and Administration Cabinet and being returned to the University for creation of a quasi-endowment to fund payments of claims, demands and judgments made against agents, officers, employees, students and volunteers of the Chandler Medical Center arising out of claims of medical negligence. The fund may be supplemented by additional payments from the Chandler Medical Center. Payment of claims, insurance premiums and the statutory contributions to the Basic Coverage Compensation Fund are authorized to be made on an annual basis from principal or investment income as determined by the Medical Malpractice Claims Committee.

Background: In 1978, the General Assembly authorized the establishment of a University of Kentucky Medical Center Malpractice Insurance program. The program was established by the Board of Trustees, with annual contributions made, pursuant to statute, to the Basic Coverage Compensation Fund at a rate of 150% of the previous five-year average of claims. Initially, the University also carried excess commercial insurance. In the face of rising premiums for the commercial insurance, the Medical Malpractice Claims Committee developed a new strategy in 1985 of making additional voluntary contributions to the Secretary of Finance and Administration and required Kentucky Medical Services Foundation, Inc. to segregate additional funds to meet claims. This practice continued until 1995, when the Chandler Medical Center was again able to purchase excess commercial insurance at more reasonable rates. These voluntary payments, inclusive of interest earnings, now total thirteen million three thousand nine hundred fifty-seven dollars and twenty cents (\$13,003,957.20), through June 30, 2000. The Secretary of Finance and Administration has authorized return of the funds to the University for investment in a quasi-endowment which is expected to produce a greater return on investment. These funds, together with the Basic Coverage Compensation Fund held by the Secretary for Finance and Administration and designated invested funds of Kentucky Medical Services Foundation, Inc., will continue to be available to meet claims which may arise from the provision of medical care by agents, officers, employees, students and volunteers of the Chandler Medical Center.

GRANT OF SANITARY SEWER EASEMENT
TO LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT

Recommendation: that the Board of Trustees authorize the Administration to execute a sanitary sewer easement to the Lexington-Fayette Urban County Government (LFUCG) for a force main sewer line across property owned by the University (and the University of Kentucky Research Foundation (UKRF)); and authorize the Administration to inform UKRF that the Board of Trustees has approved execution of this easement by UKRF.

Background: This easement will lie fully within publicly owned property, beginning at the Kentucky Horse Park, running in a southerly direction across Iron Works Pike, across Spindletop Farm (owned by the Commonwealth and the University), on to a portion of Main Chance Farm (owned by the University of Kentucky Research Foundation) then crossing the I-64/I-75 right-of-way in a southerly direction to an existing LFUCG pump station on Coldstream Farm.

The Finance and Administration Cabinet has opened bids on the project and is ready to proceed to construct the force main. The project is to be funded entirely by the Commonwealth.

Access to this sewer facility is intended to accommodate publicly-owned property, the Kentucky Horse Park, and is limited to a Service Area defined by Agreement between the Commonwealth and LFUCG. Private property owners are specifically prohibited from accessing this sewer line and facilities.
