Notes: University System includes Lexington Campus, Medical Center, and Research & Graduate Studies.
Differences in numbers of entering freshmen in ACT, admissions, and Council on Higher Education data are due to the fact that ACTs may not be available for all entering students if they do not release Social Security information.

* The University selective admission standards became effective for the entering Fall 1984 class.

**From Summer 1974 through August 1988, the University used Enter-ACT; accepting as an application for admission any student who listed UK as first choice on the ACT score report. During 1989, a more conventional approach was adopted, requiring each student to complete an application for admission.

⁽¹⁾ These, and all other statistics, unless otherwise noted, include the following campus libraries: Agriculture, Architecture, Art, Biological Science, Chemistry/Physics, Education, Engineering, Geological Sciences, King (Main), Law, Mathematical Sciences, Medical Center, and Music. Excludes government documents.

⁽²⁾ Sizeable reductions reflect change in Association of Research Libraries reporting practice that excluded government publications from these categories.

⁽³⁾ Purchases and gifts.

⁽⁴⁾ As of 1990-91, the Association of Research Libraries stipulated that cataloged government publications be included in collections statistics. This accounts for significant increases in Current Serial Subscriptions, Total Microforms, and Net Volumes Added categories.

⁽⁵⁾ Over 200,000 volumes were added via a retrospective conversion of 1976-89 government documents.
