Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, December 10, 1996.

The Board of Trustees of the University of Kentucky met at 1:00 p.m. (Lexington time) on Tuesday, December 10, 1996 in the Board Room on the 18th floor of Patterson Office Tower.

A. Meeting Opened

Governor Edward T. Breathitt, Chairperson, called the meeting to order at 4:05 p.m., and the invocation was pronounced by Steven S. Reed.

B. Roll Call

The following members of the Board of Trustees answered the call of the roll: Mr. Alan Aja, Mr. Ted Bates, Mrs. Kay Shropshire Bell, Governor Edward T. Breathitt (Chairperson), Mr. Paul W. Chellgren, Mr. Robert N. Clay, Mr. Merwin Grayson, Mr. John "Jack" Guthrie, Mr. James F. Hardymon, Professor Loys L. Mather, Dr. Robert P. Meriwether, Mr. Billy Joe Miles, Professor Jim Miller, Dr. Elissa Plattner, Professor Deborah Powell, Mr. Steven S. Reed, Mr. Martin Welenken, and Mr. Billy B. Wilcoxson. Absent from the meeting were Mr. C. Frank Shoop and Mrs. Lois C. Weinberg. The University administration was represented by President Charles T. Wethington, Jr.; Chancellors Ben W. Carr, James W. Holsinger, and Elisabeth Zinser; Vice Presidents Joseph T. Burch, Fitzgerald Bramwell, Edward A. Carter, and Eugene Williams; John J. Piecoro, Assistant to the President for Administrative Affairs; George DeBin, Vice President for Fiscal Affairs; Dr. Juanita Fleming, Special Assistant for Academic Affairs; and Mr. Richard E. Plymale, General Counsel.

Members of the various news media were also in attendance. A quorum being present, the Chairperson declared the meeting officially open for the conduct of business at 4:08 p.m.

C. Approval of Minutes

Governor Breathitt said that the Minutes of the Board meeting on October 22, 1996 had been distributed and asked for any additions or corrections. Mr. Guthrie moved that the Minutes be approved as distributed. Mrs. Bell seconded the motion, and it carried.

D. President's Report to the Board of Trustees (PR 1)

President Wethington called attention to the following items in PR 1:

1. A groundbreaking ceremony was held November 7 for the first phase of a plan to build an aging/allied health facility on the southwest side of the UK campus. The first phase of this expansion will cost \$9.5 million from a combination of federal, private, and agency/hospital funds.
2. Four UK faculty members have received Fulbright Scholarships to study and teach abroad next year.
3. The Outreach Center for Science and Health Career Opportunities has received \$1 million from the National Institute of General Medical Sciences for minority research development.
4. A national community college publication praises Prestonsburg Community College Service Learning Center.
5. The UK Children's Hospital is sponsoring a new school-based health care clinic at Tates Creek Elementary School in Lexington.
6. The UK College of Fine Arts Department of Art opened its first gallery space in downtown Lexington to exhibit faculty art works on November 23 inside the PNC Bank building.
7. UK is rated a top public university for serving healthy meals.
8. The College of Agriculture's Weather Center Web site has been named one of the world's best educational sites on the World Wide Web by "PC Computing" magazine.
9. The School of Library and Information Science faculty has been recognized as among the 12 most productive of such schools in North America in terms of publications.
10. Two new Cooperative Extension facilities opened recently in Lincoln and Owen counties. There are now 48 of these cooperative extension facilities paid for by local funds and nine more are in the planning stages.

President Wethington asked the members to read the other significant items in the report at their leisure.

E. Personnel Actions (PR 2)

President Wethington recommended that approval be given to the appointments, actions and/or other staff changes which require Board action; and that the report relative to appointments and/or changes already approved by the administration be accepted. Professor Miller moved approval. The motion, seconded by Mr. Wilcoxson, carried. (See PR 2 at the end of the Minutes.)

President Wethington called attention to the retirement of Frank Harris, Director of Student Center, who would be retiring at the end of January. Mr. Harris has been employed by the University for 31.6 years and has served the University in an exceptional fashion. President Wethington asked Mr. Harris to stand and be recognized, following which he received a round of applause.

F. Proposed Amendment to the Governing Regulations (PR 3A)

President Wethington said that PR 3A recommends that the proposed amendment to the Governing Regulations be received at this time for preliminary consideration and at the next regular meeting of the Board be included on the agenda for action. He reminded the Board that a proposed Governing Regulation change must stay on the table until the next Board meeting. He said that the Honors Program change proposed in PR 3A moves the Honors Program from the Dean of Undergraduate Studies to the Vice Chancellor for Academic Affairs for Administration. He stated that Chancellor Zinser recommends this change which is supported by the Honors Program. This change when approved will not require, henceforth, any change in administration of the Honors Program to come back to the Board for approval. He said that he was pleased to recommend the approval of PR 3A. On motion made by Mr. Wilcoxson and seconded by Mr. Chellgren, PR 3A was approved.

G. Appointment of Board of Directors - University of Kentucky Research Foundation (PR 3B)

President Wethington said that PR 3B recommends approval be given to the appointment of Mr. John R. "Jack" Guthrie to the Board of Directors of the University of Kentucky Research Foundation (UKRF) for a term ending June 30, 1998. He noted that Mr. Guthrie is being recommended to replace Marian Sims who is no longer a member of the Board of Trustees. He said he was delighted to recommend the appointment of Mr. Guthrie to the UKRF Board. Dr. Meriwether moved approval. His motion, seconded by Mr. Clay, carried. (See PR 3B at the end of the Minutes.)

H. Candidates for Degrees -- Community College System (PR 4A)

President Wethington recommended that the degrees specified in PR 4A be awarded to the persons named, upon certification that the requirements for those degrees have been satisfactorily completed. He noted that these candidates are in the Community College System and will be completing the requirements at the end of the fall semester. Professor Miller moved approval of PR 4A. Mr. Grayson seconded the motion, and it passed. (See PR 4A at the end of the Minutes.)

I. Naming of University Building (PR 4B)

President Wethington recommended that the Board approve the name Robert L. Goodpaster Building for the Academic Classroom Building at Ashland Community College. Dr. Goodpaster served as director/president of Ashland Community College from 1964 until his retirement in 1987. He noted that this was a truly remarkable period of administration. He stated that this recommendation has the support of the Community College Foundation of Ashland, Inc., the Advisory Board at Ashland Community College, and the Committee on Naming University Buildings. Professor Miller moved approval of PR 4B. Mr. Chellgren seconded the motion, and it carried. (See PR 4B at the end of the Minutes.)

Professor Miller said that Dr. Goodpaster was his first boss when he came to the Community College System in 1969. He said, "If there was ever another person who really had the interest and the growth and the development and the education of students more at heart, I would like to meet him." Mr. Chellgren commented that nothing could be more deserved. President Wethington thanked Professor Miller and Mr. Chellgren for their comments about Dr. Goodpaster.

J. Candidates for Degrees (PR 5A)

President Wethington said PR 5A is a recommendation that the President be authorized to confer upon each individual whose name appeared on the attached list the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate. On motion made by Professor Powell, seconded by Professor Mather and carried, PR 5A was approved. (See PR 5A at the end of the Minutes.)

K. Appointments to University of Kentucky Mining Engineering Foundation (PR 5B)

President Wethington recommended that approval be given to the appointment of Mr. Doug Blackburn, Mr. Mathew Haaga, Professor Loys Mather, Mr. Walter Reed and Mr. C. Frank Shoop as members of the Board of Directors of the University of Kentucky Mining Engineering Foundation for four-year terms. He noted that two Trustee members, Mr. Shoop and Professor Mather, have been asked and expressed a willingness to serve on the Mining Engineering Foundation. He explained that the Articles of Incorporation require that there be two individuals from the Board of Trustees on the Foundation. He said he was pleased to support the recommendation and bring it to the Board for approval. Mr. Reed moved approval. His motion, seconded by Mr. Guthrie, passed. Professor Mather abstained from voting. (See PR 5B at the end of the Minutes.)

L. Information Items

President Wethington asked Professors Mather and Powell to officially extend the holiday invitation from the University Senate to the Board.

Professor Powell invited the Board to the University Senate's annual holiday social at the King Alumni House immediately following the Board meeting. President Wethington encouraged the members of the Board to attend and visit with the Senate members and others from campus. He expressed support of the Senate's endeavor.

President Wethington reminded the Board of their invitation to Maxwell Place for dinner later in the evening.

President Wethington said that he had asked Mr. Paul Willis, Director of Libraries, to update the Board on the academic/program progress of the new W. T. Young Library.

Mr. Willis expressed pleasure in being asked to update the Board on the W. T. Young Library. Through a visual presentation, Mr. Willis reported that the University of Kentucky Library currently ranks 45th in collection size among the research libraries in the United States. The library has 2.6 million volumes and about 20% of the daily services is for non-UK persons. Many of the 60,000 interlibrary loan transactions that are done each year are for Kentucky institutions.

Mr. Willis said that the role of the William T. Young Library will be to integrate teaching and learning functions on campus, to be a guide in the

electronic revolution which is underway in scholarly communications, and to serve as a distance or virtual library as distance education expands.

Mr. Willis reviewed the following things that makes the William T. Young Library different from a traditional library:

1. Communications hub with fiber and state-of-the-art ATM communications network.
2. Power and computer network connections to be at all reading tables and carrels
3. Compact shelving
4. Minimum number of service points to control operating costs
5. Landscaped work areas/flexibility in the building
6. Special user spaces
7. Design principle
8. Visitor parking

He said that these things will help make the William T. Young Library an efficient place for patrons.

Mr. Willis reviewed the first page of the library's homepage and noted the single entry point to get information about all of the services of the library. He said that it provides direct links to selected web resources by way of the Internet. The homepage is currently consulted 15,000 times a day.

Mr. Willis noted that one of the products which can be accessed is the index to the world medical literature from the National Library of Medicine. As this service is provided to the university community, it can also serve remote users in various parts of the state. He said that it would be possible to develop an electronic library for the campus which could also serve the community colleges and the Commonwealth.

He provided a construction update and said that construction is progressing well. The project is within budget, and the building is scheduled to be finished next fall. The building will be completely enclosed this winter and not vulnerable to the weather as last year.

Mr. Willis thanked the Board for the opportunity to provide an update on the library and for their help with the campaign. He reported that nearly 15,000 people contributed over \$22 million. Of those 15,000 people, almost 10,000 were faculty and staff. In addition to the building, a \$5 million book endowment was created. He concluded his presentation with a brief video about the library and entertained questions from the members of the Board.

President Wethington thanked Mr. Willis for his report and his good leadership for the University of Kentucky libraries.

M. Acceptance of Interim Financial Report for the University of Kentucky for the Four Months Ended October 31, 1996 (FCR 1)

Mr. Hardymon, Chairperson of the Finance Committee, reported that the Committee met prior to the Board meeting with a quorum and reviewed 14 items for consideration. He said that FCR 1 is a recommendation that the Board accept the University of Kentucky consolidated financial report for the four months ended October 31, 1996. The realized income is 41% of the 1996-97 estimate, and the expenditures and commitments are 35% of the 1996-97 estimate. He said that the University is in strong shape financially and has a strong balance sheet. He moved approval of FCR 1. Mr. Miles seconded the motion, and it passed. (See FCR 1 at the end of the Minutes.)

N. Report of Lease (FCR 2)

Mr. Hardymon said that FCR 2 is a report of a lease. It is a new lease and is less than \$30,000 per year. The lease is between the University (Kentucky Homeplace) and Tim Flener, Morgantown, Kentucky. It is for 650 square feet of office space at a rate of \$3,600. He noted that this is a competitive bid and moved approval of FCR 2. His motion, seconded by Dr. Meriwether, carried. (See FCR 2 at the end of the Minutes.)

O. Capital Construction Report (FCR 3)

Mr. Hardymon said that FCR 3 is a quarterly capital construction report for the three months ending September 30, 1996. This report reflects the activity on campus during that quarter. He said that the Committee reviewed the report and moved approval of FCR 3. Mr. Guthrie seconded the motion, and it passed. (See FCR 3 at the end of the Minutes.)

P. 1996-97 Budget Revisions (FCR 4)

Mr. Hardymon said that FCR 4 is a quarterly report on the revisions to the 1996-97 budget. The report represents added income and expenditures. He noted some of the larger items in the report and provided an explanation for them. He moved approval of FCR 4. The motion, seconded by Mr. Wilcoxson, carried. (See FCR 4 at the end of the Minutes.)

Q. Patent Assignment (FCR 5)

Mr. Hardymon said that the patent assignment activity had increased and the Finance Committee spent most of its time reviewing the patent assignments. Since many of the Board members attended the Finance Committee meeting and heard the review, he briefly summarized the assignments and answered questions.

He said that the invention in FCR 5 refers to a strand of DNA which is introduced into the cells to amplify the production of protein. He moved approval of FCR 5. Mr. Reed seconded the motion, and it passed. (See FCR 5 at the end of the Minutes.)

R. Patent Assignment (FCR 6)

Mr. Hardymon said that FCR 6 is an invention for a device that enables the separation of small particles by imparting a charge on the particles and getting them circulating within a magnetic field. It is to be used in the separation of particulates from fly ash. If some of the carbon particles are removed from the fly ash, it more easily is adapted for use of cement. He moved approval. His motion, seconded by Mr. Grayson, passed. (See FCR 6 at the end of the Minutes.)

S. Patent Assignment (FCR 9)

Mr. Hardymon asked to take the next FCR out of sequence. He referred to FCR 9 which is another patent assignment. He noted that FCR 9 is similar to FCR 6. This patent assignment involves a mixing chamber and a pre-separator. That device is used to charge the particles in the earlier stage of the process. It is an add on to the patent in FCR 6 which is the basic process. He explained that you have to have the patent in FCR 6 to increase the efficiency of the one in FCR 9. He moved approval of FCR 9. Mr. Clay seconded the motion, and it carried. (See FCR 9 at the end of the Minutes.)

T. Patent Assignment (FCR 7)

Mr. Hardymon reported that FCR 7 is an invention providing a method of testing field programmable gate arrays which are essentially computer based switches that exist on a given chip. This method is to do the testing and locate the ones that have to be changed in the field. On motion made by Mr. Hardymon, seconded by Mr. Reed and carried, FCR 7 was approved. (See FCR 7 at the end of the Minutes.)

U. Patent Assignment (FCR 8)

Mr. Hardymon stated that FCR 8 is an invention which provides a method for assessing chip breaking performance of a selected tool insert used in automated machining operations. He said that these are chips that come off when you are machining metals. The method would extend the tool life. This invention analyzes the chip in certain ways so that the tooling can be set properly and operate more efficiently. He moved approval of FCR 8. Mr. Grayson seconded the motion, and it passed. (See FCR 8 at the end of the Minutes.)

V. Patent Assignment (FCR 12)

Mr. Hardymon then reviewed FCR 12 since it relates to FCR 8. He said that FCR 12 is a copyright assignment and is handled the same as patent assignments. It is a copyright assignment for a computer program software that helps in the analysis discussed in FCR 8. He moved approval of FCR 12. The motion, seconded by Mr. Guthrie, carried. (See FCR 12 at the end of the Minutes.)

W. Patent Assignment (FCR 10)

Mr. Hardymon said that FCR 10 involves a method of getting waste plastics back into liquid form. This invention has an economic plus in the fact that this liquid can be used in future plastic products. He noted that this is an invention improving on an existing patent. He moved approval of FCR 10. Mr. Welenken seconded the motion, and it passed. (See FCR 10 at the end of the Minutes.)

X. Patent Assignment (FCR 11)

Mr. Hardymon said that FCR 11 involves a patent that has a membrane that is put on top of a solution of particles or metals. By adding heat, it will treat heavy metal such as zinc and copper and pull the undesirable metals off, therefore, purifying the metal that is being preserved. He moved approval of FCR 11. His motion was seconded by Mr. Chellgren and carried. (See FCR 11 at the end of the Minutes.)

Y. Thomas G. Ward Gift (FCR 13)

Mr. Hardymon moved that the Board accept a gift of \$121,312 from Thomas G. Ward of Lexington for Spindletop Hall. The gift is to construct a fountain to enhance the grounds at Spindletop Hall. He moved approval of FCR 13. Mrs. Bell seconded the motion, and it passed. (See FCR 13 at the end of the Minutes.)

Z. Outdoor Tennis Stadium Funding and Expansion of Center for Academics and Tutorial Services (CATS) Funding (FCR 14)

Mr. Hardymon said that FCR 14 involves two projects that the Board has previously seen: (1) building an outdoor tennis stadium and (2) expanding the Center for Academics and Tutorial Services (CATS). He stated that both projects will be funded by private funds. The University has received approximately \$2.4 million of the \$3.2 million that is required for the two projects combined. This action moves money from the intercollegiate athletics quasi-endowment fund that is a restricted fund and allows its use on a temporary basis to get these projects underway. The fund will be reimbursed as the university collects pledges for these two programs. He moved approval of FCR 14. Mr. Wilcoxson seconded by motion, and it passed. (See FCR 14 at the end of the Minutes.)

Governor Breathitt noted that the CATS program is one reason that the University ranks so high academically with the student athletes. He said that the Athletics Department, the president, and the administration deserve congratulations for the credit they bring to the institution in this area.

AA. Meeting Adjourned

There being no further business to come before the Board, the Chairperson adjourned the meeting at 5:00 p.m.

Respectfully submitted,

Richard E. Plymale
Assistant Secretary
Board of Trustees

(PR 2, 3A, 3B, 4A, 4B, 5A, and 5B; FCR 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, and 14 which follow are official parts of the Minutes of the meeting.)

Office of the President
December 10, 1996

PRESIDENT'S REPORT TO THE BOARD OF TRUSTEES

1. Ground Broken for Phase I of Aging/Allied Health Facility

A groundbreaking ceremony was held November 7 for the first phase of a plan to build an aging/allied health facility on the southwest side of the UK campus. When the addition to the UK Sanders-Brown Center on Aging is completed in February 1998, the Center will gain 20 new research labs and enlarged lab support facilities. The four-story, 34,000-square-foot addition to the Center on Aging building is expected to cost \$9.5 million. The addition will augment research programs that focus on healthy aging as well as Alzheimer's disease, stroke and other conditions primarily associated with aging.

2. Private Donations in Partners in Progress Campaign Top \$35 Million

The UK Community College Partners in Progress Campaign has reached \$35.6 million in private donations. As of November 7, 10 of the 14 community colleges have received at least \$1 million in donations. More than 5,300 individuals have contributed to the campaign. The total amount raised -- including federal, state, local and foundation grant money -- is \$63,266,461.

3. Four UK Faculty Members Receive Fulbrights

Four UK faculty members have received Fulbright Scholarships to study and teach abroad next year. The new Fulbright Scholars are: Lance G. Banning, history, who will lecture at the University of Groningen in the Netherlands; Eugene E. Gallagher, behavioral science and sociology, who will go to the United Arab Emirates University in Abu Dhabi, United Arab Emirates; John Lihani, professor emeritus in the department of Spanish and Italian, who will continue ongoing Fulbright Scholarship work in Bratislava in the Slovak Republic; and Angene H. Wilson, education, who will spend January through July at the University College of Education at Winneba, Ghana.

4. Outreach Center Receives \$1 Million for Minority Research Development

The Outreach Center for Science and Health Career Opportunities has received \$1 million from the National Institute of General Medical Sciences to fund a four-component program to increase minority and under-represented student retention in biomedical science through academic support and research experience. The student pool is composed predominantly of African-American students/faculty and residents of Kentucky's Appalachian counties.

5. WUKY Wins Associated Press Broadcast Awards

WUKY-FM, UK's public radio station, received 12 Kentucky Associated Press Broadcast Awards for 1996 -- more than any other station. The awards for news and sports coverage were presented during the Kentucky Broadcasters Association's fall meeting. Suzanne Hartlage, a UK student working at WUKY, received three awards.

6. National Publication Praises Prestonsburg CC Service Learning Center

The October 22 issue of The Community College Times features the service learning center at Prestonsburg Community College, calling the work of the initiative "nothing short of phenomenal." The center assists faculty in placing students at community sites, where students' service to agencies and individuals is related to their work. Since the program began in January 1995, more than 900 PCC students have given 17,000 hours of assistance to some 200 non-profit agencies in the five-county service area. More than 20 PCC faculty members in a variety of disciplines offer service-learning opportunities to their students.

7. UK Children's Hospital Sponsors School-Based Clinic

The UK Children's Hospital is sponsoring a new school-based health care clinic at Tates Creek Elementary School in Lexington. The clinic, Tates Creek Healthy Kids Center, will provide services to the medically underserved. The goals of the center are to improve the physical, mental and dental health of students. Center staff will work with parents in providing comprehensive and preventive health care to children. The center, which officially opened December 4, was developed through a collaborative effort between community agencies and is financially sponsored by the UK Children's Hospital and Central Baptist Hospital. The Lexington-Fayette County Health Department will manage the center. UK's colleges of nursing, dentistry and medicine will provide services at the center, with Dr. Thomas Young, Department of Pediatrics, serving as medical director. The UK Children's Hospital also sponsors a school-based clinic at Johnson Elementary.

8. Art Department Opens Gallery in Downtown Lexington

The UK College of Fine Arts Department of Art opened its first gallery space in downtown Lexington on November 23. Named the Downtown Gallery, it is located at 200 West Vine Street, inside the PNC Bank building. The inaugural exhibition is titled "Faculty ArtWorks '96" and includes works in various media by UK faculty artists. Changing exhibitions throughout the year will feature the work of UK art faculty, alumni, students and visiting artists.

9. UK Rated Top Public University for Serving Healthy Meals

The Physicians Committee for Responsible Medicine has rated UK's food menu the seventh healthiest among 38 major colleges in a recent survey, behind six private schools. Duke University topped the list. The only other public institutions in the top 15 were the University of Minnesota and Arizona State University, which ranked ninth and twelfth respectively.

10. Clinical Laboratory Technician Graduates Receive 100 Percent Pass Rate

May and August 1996 graduates of Somerset Community College's clinical laboratory technician program received a 100 percent pass rate on the Board of Registry. The Board of Registry is one of two national certification examinations for clinical laboratory personnel.

11. KAC to Participate in National Clinical Trial of HIV Vaccine

The Kentucky AIDS Consortium (KAC) is participating in a national Phase III clinical trial of a new immune-based therapy for HIV infection. The vaccine has the potential of providing physicians with a new weapon against HIV that complements the anti-AIDS drugs now available. UK is one of 60 medical centers in the United States participating in the three-year trial. KAC was organized in 1994 as a statewide coalition of UK, the University of Louisville and community physicians to bring clinical trials for HIV/AIDS patients to Kentucky.

12. College of Agriculture's Weather Center Web Site One of World's Best

The College of Agriculture's Weather Center Web site has been named one of the world's best educational sites on the World Wide Web by "PC Computing" magazine. The Web site features local forecasts by county, as well as national and world climatic observations. The Web site address is: www.ca.uky.edu/agcollege/agweather/.

13. Library/Information School Faculty Ranked Among Most Productive

The School of Library and Information Science faculty has been recognized as among the 12 most productive of such schools in North America in terms of publications. In the study, Professor Bert Boyce of Louisiana State University and librarian Carol Hendren of Tallahassee, Florida, surveyed publications of 57 schools of library and information science in North America.

14. UK Center Receives Grant to Study Construction-Related Injuries

The Chandler Medical Center's Kentucky Injury Prevention and Research Center (KIPRC) has received a \$497,000 federal grant to fund research and training programs aimed at reducing construction-related injuries in Kentucky. The National Institute for Occupational Health and Safety grant will fund programs aimed at reducing back injuries and injuries from falls. The programs will be developed and tested for the Bluegrass region by the KIPRC in partnership with Kentucky Employers Mutual Insurance, a self-supporting competitive provider of workers' compensation insurance for Kentucky workers.

15. Six Civil Engineers Receive Career Achievement Awards

Five graduates of the College of Engineering's civil engineering program and a former civil engineering professor have been honored for career achievements. Recipients of the first Civil Engineering Career Achievements Awards are: Donn Hancher, department chair; Grant S. Bell, Lexington; David K. Blythe, retired faculty member; James A. Caywood, Dickerson, Maryland; Paul A. Faulkner, Louisville; Samuel A. Mory Jr., retired faculty member; and Gerald L. Nichols, Jacksonville, Florida.

16. Medical Center Minority Affairs to Sponsor Follow-Up Violence Forum

The Chandler Medical Center's "Community Forum on Violence: Strategies for Successful Prevention" proved so successful that the Medical Center Office of Minority Affairs will sponsor a follow-up forum in April 1997. More than 100 participants attended the November 8 conference at the Holiday Inn Lexington-North. Featured speakers were Chukwudi Onwuachi-Saunders, deputy health commissioner, Centers for Disease Control and Prevention; and Ralph E. Kelly, commissioner, Kentucky Department of Juvenile Justice. Participants met in strategy-planning groups to tackle specific issues such as violence among teens, workplace violence, violence against children and violence against women. Plans for the April 1997 meeting include progress and action reports from the specialized groups formed.

17. Owensboro Tech Staff Produces CD-ROM for City's Career Center

The services provided by the Career Center in Owensboro are now outlined on a newly created CD-ROM program created by the Owensboro Community College Educational Technology Center staff. The CD-ROM describes the Career Center's partnership with Skills, Inc., Owensboro-Daviess County Labor Management Committee, OCC, Kentucky Tech and the Longfellow Education Center.

18. Barbara Bush Speaks to Sell-Out Crowd at Center on Aging Dinner

About 870 people attended the annual UK Sanders-Brown Center on Aging Foundation dinner on October 28 to hear guest speaker Barbara Bush. The former first lady's appearance drew the largest crowd in the 10-year history of the fund-raising event. Bush spoke about her involvement with the Barbara Bush Foundation for Family Literacy and encouraged people to take advantage of opportunities for community activism no matter what their age. The annual dinner is sponsored by the Sanders-Brown Center on Aging Foundation and Fifth Third Bank to support the programs and services of the Center on Aging.

19. Evidence of Ancient Appalachian River System Discovered

An article in the October issue of Earth magazine featured research by Stephen Greb of the coal and mineral resources section of the Kentucky Geological Survey. Greb and Allen W. Archer of Kansas State University discovered evidence of an ancient river system in the Appalachian Mountains. This ancient river system existed 300 million years ago and may have been comparable in scale to the modern Amazon River. Greb's research is contributing to a better understanding of the vast coal deposits in many areas of the United States, as well as offering new insight into the nature of the climate when the ancient river system existed.

20. Appalachian Center's Faculty Associates Program Expanded

The UK Appalachian Center's Faculty Associates Program has been expanded to include the UK Community College System. Designation as an associate reflects a high level of ongoing research, teaching, and/or service in Appalachian studies, and signifies that associates are judged to be making an important contribution to the field in at least one of these domains. Currently, there are 31 faculty associates, representing a broad range of disciplines including anthropology, sociology, education, political science, geography, health services, music and family studies.

21. How Infants Gain Information is Subject of NSF Grant

Psychology Professor Ramesh S. Bhatt has received a \$382,753 grant from the National Science Foundation to examine the nature of the information that infants extract from their environments and the manner in which this information affects their subsequent behavior. This research includes the study of the development of basic mechanisms that permit infants to learn and remember information about objects and events in their environment. The NSF Career Award also will enable Ramesh to create teaching materials and lab manuals to enhance research methods and psychology courses and to develop activities to involve minority high school and college students in research projects.

22. Pharmacy Students Counsel Senior Citizens on Medications

For the third consecutive year, UK pharmacy students offered free medication reviews and counseling on October 31 and November 1 to area senior citizens. Through the Lexington Senior Citizens Center, senior citizens were encouraged to bring their prescription and over-the-counter medications to the center to be reviewed by UK pharmacy students and faculty members. The students checked for possible medication duplication, interactions or counteractions, and answered questions seniors had about their medications.

23. Two New Cooperative Extension Facilities Opened

Two new Cooperative Extension facilities opened recently in Lincoln and Owen counties. The Lincoln County building features a meeting room for more than 100 persons, complete with a demonstration kitchen. In Owen County, local citizens contributed more than \$200,000 to build a state-of-the-art cooperative extension facility. There are now 48 Cooperative Extension facilities, and nine more are in the planning stages.

PR 3A

Office of the President
December 10, 1996

Members, Board of Trustees:

PROPOSED AMENDMENT TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendment to the Governing Regulations of the University of Kentucky be received at this time for preliminary consideration and at the next regular meeting of the Board of Trustees, be included on the agenda for action.

NOTE: Proposed additions are underlined; proposed deletions are bracketed.

Amendment - Change Part VII A1. to read

The Honors Program is an educational unit which is equivalent to a department, [and administratively responsible to the Dean of Undergraduate Studies.] Its chief administrative officer is a director who is equivalent to a department chairperson.

Rationale: This change is proposed because of a restructuring of the organization of the Lexington Campus. The position of Vice Chancellor for Academic Affairs has been restored and the Assistant Chancellor position deleted. The academic affairs matters assigned to the Assistant Chancellor and some of the responsibilities assigned to the Dean of Undergraduate Studies, including the Honor's Program, have been assigned to the Vice Chancellor for Academic Affairs and Research. This change is supported by the Chancellor of the Lexington Campus.

Office of the President
December 10, 1996

Members, Board of Trustees:

NAMING OF UNIVERSITY BUILDING

Recommendation: that the Board of Trustees approve that the Academic Classroom Building at Ashland Community College be named the Robert L. Goodpaster Building.

Background: Dr. Robert Goodpaster served as director (president) of Ashland Community College from 1964 until his retirement in 1987. Under his outstanding leadership, the college maintained and enhanced its position as a respected purveyor of higher education in Northeastern Kentucky. During his tenure, he led the college in its move to a permanent campus and fostered the growth of the college from fewer than 300 to more than 2,200 students. The Advisory Board and the Community College Foundation of Ashland, Inc. support this effort to recognize Dr. Goodpaster for his many contributions to higher education in the Ashland area.

The Committee on Naming University Buildings has made its recommendation to the Chancellor of the Community College System who recommends to the President and Board of Trustees that the Academic Classroom Building at Ashland Community College be named the Robert L. Goodpaster Building.

Members, Board of Trustees:

CANDIDATES FOR DEGREES UNIVERSITY SYSTEM

Recommendation: that the President be authorized to confer upon each individual whose name appears on the attached list the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate.

Background: In order that the degrees may be conferred upon the individuals completing requirements in December as soon after the close of the semester as possible, it is recommended that the Board of Trustees give its approval contingent upon certification by the Registrar and the University Senate that all requirements have been satisfactorily completed.

COPYRIGHT ASSIGNMENT

This Assignment is made this _____ day of _____, 199__, by Board of Trustees of University of Kentucky, an independent agency and instrumentality of the Commonwealth of Kentucky (hereinafter Assignor) to University of Kentucky Research Foundation, a corporation of the Commonwealth of Kentucky (hereinafter Assignee).

WHEREAS the Assignor is the author and owner of all rights to the computer programs titled CBET SOFTWARE, for both personal computers and logic controllers, and is the sole proprietor of the copyrights of such works (collectively referred to as "the Software"), and

WHEREAS the Assignee desires to acquire the entire interest of the Assignor in the Software.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the Assignor hereby assigns to the Assignee, its legal representatives and assigns, all its rights and interests throughout the world in the Software, and in the copyrights and

any copyright registrations thereon, together with the right to prepare derivative works, secure renewals, reissues, and extensions of such copyrights, which interest and right shall be held to the full end of the term for which such copyrights or any renewal or extension thereof is or may be granted.

IN TESTIMONY WHEREOF, THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY has caused these presents to be signed by the Chairman thereunto duly authorized, and its seal to be affixed and attested this 10th day of December, 1996.

OUTDOOR TENNIS STADIUM FUNDING AND EXPANSION OF CENTER FOR ACADEMICS AND TUTORIAL SERVICES (CATS) FUNDING

Recommendation: that the Board approve an allocation of \$897,940 from the Intercollegiate Athletics Quasi-Endowment for the purpose of providing partial funding for the Outdoor Tennis Stadium and the Expansion of Center for Academics and Tutorial Services (CATS) projects, which have a total estimated combined cost of \$3,254,500 (Outdoor Tennis \$1,254,500 and CATS \$2,000,000).

Background: The Board of Directors of the University of Kentucky Athletic Association (UKAA) has approved the construction of an Outdoor Tennis Stadium and an Expansion of Center for Academics and Tutorial Services. It is anticipated that the total cost of the projects will ultimately be funded with private donations.

The Intercollegiate Athletics Quasi-Endowment represents restricted gifts to the University of Kentucky for the use and benefit of the intercollegiate athletics programs. The UKAA Board of Directors has approved the use of up to \$897,940 from this quasi-endowment for the Outdoor Tennis Stadium and an Expansion of Center for Academics and Tutorial Services projects, subject to an understanding that these funds will be restored to the quasi-endowment in the future.

The Athletic Association has a total of \$2,356,650 in hand toward the estimated projects cost of \$3,254,500. It needs \$897,940 from the Intercollegiate Athletics Quasi-Endowment to allow construction of the facility to begin. Allocations from this quasi-endowment require the approval of the Board of Trustees.

It is expected that the funds drawn from the quasi-endowment to permit the projects to proceed will be restored from pledges made to the projects, from the transfer of excess revenues from Blue-White restricted gifts, and from future UKAA operating balances.
