Mr. Lunsford questioned the need to purchase the building and suggested that the University might lease space cheaper than buying the warehouse. Dr. Blanton explained that the University has an immediate need for the building and added that the administration feels it is a much better deal financially to buy rather than lease the property, considering that the going rate for leased space is \$4 a square foot, whereas the University can buy the warehouse for \$7 a square foot. Mr. Lassetter, who supported the purchase, also noted that there is a scarcity of available space to lease or buy near the campus. Mr. Clay added that the reduced price of the warehouse represents a gesture of good will on the part of the company.

The motion, which was made by Mr. Clay and seconded by Mr. Ramsey, was voted on and carried. (See FCR 13 at the end of the Minutes.)

REMOVAL OF ASSOCIATE PROFESSOR

Recommendation: that Larry J. Schenck, Associate Professor, Jefferson Community College, be removed as a tenured faculty member for reasons of neglect of duty and immoral conduct and that his employment be terminated.

Background: The provisions of KRS 164.230 vest the Board of Trustees with the power to remove any professor it is authorized to appoint for reasons of incompetency, neglect of or refusal to perform his duty, or for immoral conduct.

The provisions of the University's Governing (Section X.B.5) and Administrative (ARII-5.0-2, IV.E) Regulations require that a Committee of the Hearing Panel (Privilege and Tenure) of the Senate of the Community College System conduct a hearing on charges brought by the Chancellor. Prior to the hearing, the Advisory Committee (Privilege and Tenure) of the Senate of the Community College System reviews the charges lodged by the Chancellor and recommends to the President whether a hearing should be held.

On August 8, 1984, the Hearing Committee conducted a hearing on specific charges brought against Larry J. Schenck. The Hearing Committee "concluded that adequate cause for the dismissal of Larry J. Schenck for immoral conduct and neglect of duty has been established." A copy of the Hearing Committee report is attached.

Dr. Otis A. Singletary
President
University of Kentucky

Dear President Singletary:

In accord with the Governing and Administrative Regulations of the University of Kentucky and the Senate Rules of the Community College System, a Hearing Committee (Privilege and Tenure) of the Senate of the Community College System conducted a hearing on August 8, 1984 to consider the charges against Larry J. Schenck of immoral conduct and neglect of duty.

The Committee heard the testimony of Dr. Ronald Horvath, Director, Jefferson Community College and received as evidence a transcript of testimony in the case styled Commonwealth of Kentucky v. Larry J. Schenck, (No. 83 CR 783, Jefferson Circuit Court).

After a careful review of the entire hearing record, the Committee has found that:

1. Larry J. Schenck engaged in deviate sexual intercourse (sodomy) with three children, all under the age of twelve (12) years.
2. Larry J. Schenck subjected five children, all under the age of twelve (12) years to sexual contact (sexual abuse).
3. Larry J. Schenck has failed to perform his duties at Jefferson Community College since April 23, 1984.

Dr. Otis A. Singletary
August 8, 1984

Members, Board of Trustees:

PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendments to the Governing Regulations of the University of Kentucky (March 1983) be received at this time for preliminary consideration and, at the next regular meeting of the Board of Trustees, be included on the agenda for action.

(Note: Proposed additions are underlined; proposed deletions are bracketed.)

Amendment #1 - Change Part I.B, first paragraph, to read:

The University of Kentucky Community College System consists of a system of community colleges located in various parts of the state at points established by statute (KRS 164.591; 164.593). KRS 164.580 directs that each community college shall provide: (1) a general two-year academic curriculum with credits transferable to two-year and four-year colleges and universities; (2) technical and semi-professional programs of two years or less; and (3) within a two-year college curriculum, courses in general education, including adult education, not necessarily intended for transfer nor technically oriented.

Rationale: This amendment inserts an important phrase contained in KRS 164.580 which previously had been omitted unintentionally in the early development of the Governing Regulations.

Amendment #2 - Delete second paragraph of Part I.B:

[The Community College System also includes the Lexington Technical Institute operated as authorized by KRS 164.125.]

Rationale: At its meeting on December 13, 1983, the Board of Trustees approved the name change of Lexington Technical Institute to Lexington Community College, effective July 1, 1984. Hence, this paragraph previously providing clarification about an institution without "Community College" as part of its name is no longer needed.

Amendment #3 - Change Part II.A.2, first paragraph, first sentence and the parenthetical expression at the end of the paragraph, to read:

The Board of Trustees of the University of Kentucky consists of sixteen competent citizens of Kentucky appointed by the Governor, three members of the [teaching] faculty of the University (two from the University System and one from the Community College System) who shall have the right to vote on all matters except that of faculty compensation, and one member of the student body of the University of Kentucky. ...(KRS 164.130 as amended by the General Assembly [in 1972 and 1980])

Rationale: This amendment in the Governing Regulations is necessary because of the amendment in Section 1 of KRS 164.130 which was approved by the General Assembly of the Commonwealth of Kentucky on March 2, 1984.

Amendment #4 - Change Part II.A.2, third paragraph, first part, to read:

The two faculty members representing the University System of the University of Kentucky shall be [teaching or research] members of the faculty of the University System of the rank of assistant professor or above, elected by secret ballot by all faculty members of the rank of assistant professor or above in the University System. Faculty members shall serve for terms of three years and until their successors are elected and qualify. They are eligible for re-election but are ineligible to continue to serve as members of the Board if they cease to be members of the [teaching staff] faculty of the University System. ...

Rationale: Same as that for Amendment #3.

Amendment #5 - Change Part IV, fifth paragraph, second sentence, to read:

In academic years beginning with an even number (e.g., 1982-1983, 1984-1985), this group shall be composed of the following: Chancellor for the Medical Center, Vice Chancellor for Research and Dean of the Graduate School, Director of Libraries, [Associate] Vice Chancellor for Academic Affairs for the Lexington Campus, and Deans of the Colleges of Allied Health Professions, Architecture, Communications, Dentistry, Education, Engineering, Law, and Social Work.

Rationale: When the appointment of the Vice Chancellor for Academic Affairs for the Lexington Campus was approved by the Board of Trustees on March 6, 1984, effective immediately, the position of Associate Vice Chancellor for Academic Affairs for the Lexington Campus was discontinued and the responsibilities of the Associate Vice Chancellor's position were transferred to the Vice Chancellor's position.

Amendment #6 - Change Part IV, sixth paragraph, first sentence, to read:

The ex officio non-voting membership shall include the President, all [other] vice presidents, [Dean of Admissions and] University Registrar, Dean of University Extension, Dean of Students, Professor of Military Science, Professor of Aerospace Studies, and, if they are not already

elected members of the Senate, the University System faculty members of the Board of Trustees, the Academic Ombudsman, and the chairmen of the University Senate Committees, including University Senate Advisory Committees.

Rationale: Through an administrative reorganization, the functions previously handled by the position of Dean of Admissions and Registrar have been reassigned to the positions of University Registrar and Director of Admissions. In view of this organizational change, the University Senate Council has recommended this proposed amendment. The deletion of "other" is a needed editorial change since all vice presidents are included in the ex officio non-voting membership.

Amendment #7 - Change Part IV, ninth paragraph, second sentence, to read:

The [Dean of Admissions and] University Registrar shall serve as ex officio secretary.

Rationale: Refer to first two sentences of rationale for Amendment #6.

Amendment #8 - Change Part IV, twelfth paragraph, third function, to read:

Adopt policies for the University System academic calendar and approve the annual calendar as prepared by the [Dean of Admissions and] University Registrar.

Rationale: Refer to first two sentences of rationale for Amendment #6.

Amendment #9 - Change Part V, second paragraph, first four sentences, to read:

The elected faculty membership shall consist of and represent proportionately the full-time faculty in the various community colleges [and the technical institute], except that no college [or the technical institute] shall have fewer than three senators. Moreover, each community college [and the technical institute] shall elect an additional senator for each twenty-five (or major fraction thereof) full-time faculty members above the first twenty-five. At least one of the three senators shall have responsibility in the occupational program area and at least one shall have responsibility in the general education area[, except for the senators from the technical institute]. The faculty of each community college [and the technical institute] shall nominate candidates for senator(s) and elect the senator(s) by secret ballot during the month of April preceding the term of office beginning on August 15.

Rationale: On December 13, 1983, the Board of Trustees approved the name change of Lexington Technical Institute to Lexington Community College, effective July 1, 1984. As a result of this, there is not presently any technical institute in the Community College System.

Amendment #10 - Change Part V, third paragraph, first sentence, to read:

The ex officio membership shall include the Chancellor for the Community College System, the Vice Chancellor for Academic Affairs for the Community College System, the chairman of each advisory committee to the Senate, and the president of the student body at each community college [or technical institute].

Rationale: Same as that for Amendment #9.

Amendment #11 - Change Part V, fourth paragraph, first sentence, to read:

The appointed membership shall consist of three community college [or technical institute] directors and three other administrators, each of whom shall be appointed by the Chancellor for the Community College System.

Rationale: Same as that for Amendment #9.

Amendment #12 - Change Part V, eighth paragraph, first part of first sentence, to read:

The Community College Council shall be composed of one duly elected senator from each college [or the technical institute] to serve a two-year term; ...

Rationale: Same as that for Amendment #9.

Amendment #13 - Change Part V, thirteenth paragraph, seventh function, to read:

Recommending to the President all candidates for degrees and certificates from the community colleges [and the technical institute]. The Senate may delegate this function to the faculties of the community colleges [and the technical institute].

Rationale: Same as that for Amendment #9.

Amendment #14 - Change Part VI, first paragraph, fourth sentence, to read:

The [Dean of Admissions and] University Registrar shall be secretary of the Assembly and shall be responsible for adequate notice of meetings, including a statement of subject or subjects to be discussed.

Rationale: Refer to the first two sentences in the rationale for Amendment #6.

Amendment #15 - Change Part VII.A.1, fourth paragraph, first sentence, to read:

The Honors Program is an educational unit which is equivalent to a department and administratively responsible to the [Associate] Vice Chancellor for Academic Affairs for the Lexington Campus.

Rationale: Same as that for Amendment #5.

Amendment #16 - Change Part VII.A.1, eleventh paragraph, to read:

The individual community colleges [and the Lexington Technical Institute] are the major educational units of the Community College System. The chief administrative officer of a community college [or the Lexington Technical Institute] is a director.

Rationale: Same as that for Amendment #9.

Amendment #17 - Change Part VII.A.5, second paragraph, last part, to read:

...The academic or scholastic requirements of a school may exceed, but not be lower than, those established by the college faculty. Any such differences in standards must be approved by the University Senate.

Rationale: This change is needed for consistency with Part VII.A.4 and has been recommended by the University Senate Council.

Amendment #18 - Change Part VII.A.6, fourth paragraph, to read:

The academic or scholastic requirements of a department may exceed, but not be lower than, those of the school and/or college of which the department is a part. Any such differences in standards must be approved by the University Senate.

Rationale: Same as that for Amendment #17.

Amendment #19 - Change Part IX, footnote, to read:

Includes departments, schools, graduate centers, institutes, interdisciplinary units, colleges, and individual community colleges[, and the Lexington Technical Institute].

Rationale: Same as that for Amendment #9.

Amendment #20 - Change Part XI.B, first paragraph, first part, to read:

The non-academic relationships between University System students on the Lexington Campus and Lexington [Technical Institute] Community College students and the University are covered in the document entitled, Student Rights and Responsibilities. Part I. ...

Rationale: Same as that for Amendment #9.

Amendment #21 - Change Part XI.B, third paragraph, first sentence, to read:

Copies of the document, Student Rights and Responsibilities. Parts I and II, shall be made available to all students in the University System and the Lexington [Technical Institute] Community College.

Rationale: Same as that for Amendment #9.

Amendment #22 - Change Part XI.B, fourth paragraph, to read:

The non-academic relationships between Community College System students, excepting Lexington [Technical Institute] Community College students, and the University are covered in the document entitled Code of Student Conduct: Rules, Procedures, and Responsibilities, which has been adopted by the Board of Trustees and may be amended only by that body. The academic relationships between Community College System students, including Lexington [Technical Institute] Community College students, and the University are defined in the Rules of the Senate of the Community College System (Section I, Student Academic Affairs). These rules have been adopted and may be amended by the Senate of the Community College System.

Rationale: Same as that for Amendment #9.

Amendment #23 - Change Part XI.B, fifth paragraph, first sentence, to read:

Copies of the documents discussed in the preceding paragraph shall be made available to all Community College System students, including Lexington [Technical Institute] Community College students.

Rationale: Same as that for Amendment #9.

Amendment #24 - Change Part X.C.5.b.(1), second sentence, to read:

Group I personnel, as defined in the retirement program, who are totally disabled are entitled to six months' sick leave with pay after which the [Total Disability Benefits Plan] Long Term Disability Plan, for which [premiums are paid by] the University pays the full cost, becomes operative.

Rationale: This amendment is consistent with the content of FCR 2 which was approved by the Board of Trustees on September 15, 1981.

Amendment #25 - Change Part X.C.12, including title, to read:

12. [Total Disability Insurance] Employee Disability Program

After the completion of one year of employment at the University, regular full-time faculty and staff other than those covered by Civil Service are covered by the [Total Disability Insurance] Employee Disability Program. This program provides income protection through [insurance coverage with TIAA] Long Term Disability Plan and, in some

cases, supplemental benefits by the University. The University pays the full cost of this program.

Rationale: This amendment is consistent with the content of FCR 2 which was approved by the Board of Trustees on September 15, 1981.

Amendment #26 - Change Part I.A, section (1)(a) under 164.125, to read:

(a) Upon approval of the Council on Higher Education, associate and baccalaureate programs of instruction;

Rationale: This amendment incorporates modified wording in KRS 164.125 approved by the General Assembly, effective June 17, 1978.

Amendment #27 - Change Part IV, third paragraph, first sentence, to read:

The 85 elected faculty members shall be apportioned each spring among the colleges and the University Libraries according to the following two equally weighted factors based on data for the preceding fall semester: (1) the number of full-time [teaching and/or research] faculty, except those in the extension series (although they are eligible for election to membership), research title series, [or] and visiting series, with the rank of assistant professor or higher in the college or the University Libraries; and (2) the number of full-time students enrolled in the college, computed so that students enrolled in the Graduate School shall be assigned to the college in which they are pursuing their studies.

Rationale - This amendment is based on a recommendation from the University Senate to President Singletary (October 12, 1983).

To the Board of Directors of the
University of Kentucky

and

the Secretary of Finance and
Administration Cabinet of the
Commonwealth of Kentucky

We have examined the balance sheet of the University of Kentucky (an agency of the Commonwealth of Kentucky) as of June 30, 1984, and the related statements of changes in fund balances and current funds revenues, expenditures, and other changes for the year then ended. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. The financial statements of the University of Kentucky for the year ended June 30, 1983 were examined by other auditors whose report dated August 30, 1983, expressed an unqualified opinion.

In our opinion, the financial statements referred to above present fairly the financial position of the University of Kentucky as of June 30, 1984, and the changes in fund balances and the current funds revenues, expenditures, and other changes for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Separate audited financial statements are issued for these affiliated corporations.

Accrual Basis

The financial statements of the University have been prepared on the accrual basis of accounting, except that costs of an unfunded pension plan adopted prior to 1965 are not accrued as a liability but are expensed when paid to retirees (see Note 3).

Current Funds

The statement of current funds revenues, expenditures, and other changes is a summary of financial activities of current funds related to the current reporting period.

To the extent that current funds are used to finance plant asset acquisitions, the amounts are accounted for as (1) expenditures, in the case of normal replacement of movable equipment and library books; (2) mandatory transfers, in the case of required provisions for debt amortization and interest; and (3) transfers of a nonmandatory nature for all other cases.

The Board allocates unrestricted current fund balances for specific purposes. These purposes are for the working capital needs of the University (including the hospital, the housing and dining system, and other auxiliary enterprises); certain unrestricted income from private sources; and budget appropriations for future operating purposes.

Fund Accounting

The University maintains its accounts and reports its financial transactions in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified into funds that are in accordance with activities or objectives specified and funds that have similar characteristics are combined for reporting purposes into fund groups.

Within each fund group, fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds allocated to specific purposes by action of the Board of Trustees. The Board retains full control over allocated fund balances to use in achieving its institutional purposes.

Restricted gifts, grants, appropriations, endowment income, and other restricted resources are accounted for in the appropriate restricted funds. Restricted current funds are reported as revenues and expenditures when expended for current operating purposes.

Endowment funds are subject to the restrictions of gift instruments requiring in perpetuity that the principal be invested permanently and only the income be utilized by the donee. Term endowment funds are similar to endowment funds except that upon the passage of a stated period of time or the occurrence of a particular event, all or part of the principal may be expended as well. Quasi-endowment funds are established by the governing board for the same general purposes as endowment funds, and any portion may be expended.

Ordinary income derived from investments, notes receivable, and the like, is accounted for in the fund owning the assets, except that income derived from investments of endowments and similar funds and the majority of current restricted funds is accounted for in the fund to which the income is designated.

All unrestricted revenue is accounted for in the unrestricted fund.

Investments

Investments are stated at cost or, in the case of gifts, at market value at the date of donation.

Inventories

Inventories are stated principally at the lower of average cost or market.

Liability for Self-Insurance

The University self-insures certain employee benefits to the extent not covered by insurance carriers. Current fund expenditures include claims paid by the University and an estimated liability for asserted claims at the end of the year.

The University and its hospital are self-insured for medical malpractice claims for the first \$2,500,000 of liability per year. As of June 30, 1984, the University has an appropriated fund balance of \$995,781 for malpractice claims. To the extent judgements might exceed this amount and are not covered by insurance, the Commonwealth of Kentucky has made provision for such consideration in its budget.

The University has established a 501(c)(9) trust with the Second National Bank, Lexington, as trustee, to administer a self funded long term disability income program. The University remits premiums to the Trustee for purposes of paying claims and establishing necessary reserves.

Land, Buildings, and Equipment-Depreciation

Land, land improvements, buildings and equipment are stated at cost at date of acquisition or, in the case of gifts, at fair market value at date of gift except for the following: (1) the University has title to certain tracts of land which were either donated or purchased at a nominal price with no book value assigned to these properties; and (2) buildings acquired prior to June 30, 1958, were recorded at appraised value of \$33,000,000 at that date. In conformity with college and university accounting practices, no provision is made for depreciation of buildings and equipment.

Other

Other significant accounting policies are set forth in the financial statements and notes thereto.

(2) Pension Plans

Regular full-time employees, including faculty, are participants in the University of Kentucky Retirement Plan administered by the Teachers Insurance and Annuity Association (TIAA). The University of Kentucky Retirement Plan consists of four Teachers Insurance and Annuity Association/College Retirement Equities Fund (TIAA/CREF) group retirement plans as follows:

- | | |
|-----------|--|
| Group I | Established July 1, 1964, for faculty and certain administrative officials. |
| Group II | Established July 1, 1971, for staff members in the clerical, technical and service categories. |
| Group III | Established July 1, 1972, for staff members in the managerial, professional and scientific categories. |
| Group IV | Established January 1, 1973, for staff members having U. S. Civil Service appointments. |

Participation in the University of Kentucky Retirement Plan in groups I, II, and III is mandatory for all faculty and staff members age 30 and older who have completed one year of service. Participation is voluntary to age 30 (after completion of one year of service). Participation in group IV is always voluntary.

Under these fully funded TIAA/CREF group retirement plans, the University and plan participants make annual contributions to TIAA to purchase individual annuities. The University's share of costs for these plans was \$12,326,549 and \$11,496,138 for 1984 and 1983, respectively. The University makes retirement contributions to the U. S. Civil Service for certain Cooperative Extension Service Employees in the College of Agriculture. These contributions amounted to \$970,289 and \$951,457 for 1984 and 1983, respectively.

In addition to retirement benefits provided from the TIAA/CREF retirement plans, the University provides supplemental retirement income benefits to certain eligible employees in each of the retirement groups (see Note 3).

(3) Minimum Annual Retirement Benefits and Supplemental Retirement Income

Employees in TIAA/CREF Retirement Groups I through III who were age 40 or older prior to the date of establishment of each group plan, and who were employed by the University prior to that date, qualify for supplemental retirement income to assure a minimum annual retirement benefit.

Benefits for these eligible employees are based upon a percentage, determined through years of service, of the participant's annual salary in the last year of employment prior to retirement. Retirement benefits as determined are funded partially by each individual retiree's accumulation in the TIAA/CREF Retirement Plan, with the balance provided by the University as supplemental retirement income.

The costs of supplemental retirement income benefits are not accrued but are recognized as payments are made to retirees. Supplemental retirement benefit payments were \$3,643,239 for 1984 and \$3,429,030 for 1983. The projected estimate of annual payments for supplemental retirement benefits for the next five fiscal years is as follows:

1985	\$3,853,251
1986	\$4,028,804
1987	\$4,209,724
1988	\$4,374,127
1989	\$4,453,073

The Legislature of the Commonwealth of Kentucky has appropriated funds to the University for the payment of supplemental retirement income benefits since adoption of the TIAA/CREF group retirement plans, and is expected to continue this practice; however, the Constitution of the Commonwealth of Kentucky prohibits the commitment of future revenues beyond the end of the current biennium. Accordingly, the University does not recognize the liability for supplemental retirement income benefits during the service life of covered employees, but recognizes their costs as funds are appropriated by the Legislature and payments are made.

The University intends to continue paying supplemental retirement income benefits contingent upon the Legislature continuing to appropriate funds required to make these payments.

The latest actuarial valuation was prepared as of June 30, 1984, by TIAA. The actuarial present value of vested and non-vested accumulated supplemental retirement income benefits as determined by this valuation, utilizing an assumed rate of return of 7.5%, was \$46,800,000 (\$42,950,000 vested and \$3,850,000 non-vested) as of June 30, 1984.

(5) Funds Held in Trust by Others

The University is the income beneficiary of various trusts which are held and controlled by independent trustees. For the years ended June 30, 1984 and 1983, the University received from these trusts income amounting to \$381,603 and \$388,168, respectively. The University has no equity interest in the principal of the trusts which, accordingly, is recorded at a nominal value of \$1 each. The income received from these funds is recorded in the current unrestricted fund for \$259,275 and in the current restricted fund for \$122,328.

(6) Capitalized Lease Obligation

The University has the primary lease obligation to the State Property and Buildings Commission for the Commonwealth Stadium. The stadium has been subleased to the Athletic Association. The Commission holds title to the facility until the revenue bonds issued by the Commission have been fully retired in the year 2002, at which time the title passes to the University; accordingly, the Stadium has been capitalized with a corresponding liability entitled "Capitalized Lease Obligation." Under the terms of the agreements, the annual rentals equal the annual debt service on the revenue bonds, which range in amounts from \$590,000 to \$630,000, less investment income from funds placed in escrow with the bond trustees by the Commonwealth of Kentucky. Rental payments are made by the Athletic Association from game revenues. For the years ended June 30, 1984 and 1983, the capitalized lease obligation was reduced by \$210,000 and \$200,000, respectively which represents the principal reduction in the related revenue bonds.

(7) Bonds and Bond Anticipation Notes Payable

Bonds and bond anticipation notes payable at June 30, 1984,
consisted of the following:

	<u>Outstanding</u>	<u>Current Maturities 1984-85</u>

Consolidated Educational Buildings Revenue Bonds, Series A-H, issued 1960 to 1983 maturities to 2003, interest rates 3.0% to 9.3%	\$ 71,120,000	\$2,235,000

 Total	 <u>\$137,673,000</u>	 \$ 3,927,000

Interest

Fully funded issues	36,240
Other issues	<u>8,244,225</u>
Total debt service	<u>\$12,207,465</u>

Debt service requirements for the unfunded bond issues do not
fluctuate significantly from year to year.

Certain of these bond issues are fully funded by investments
on deposit with the bond trustees, totalling \$1,393,105 at
June 30, 1984. Income on these investments will be allocated
to pay current interest indebtedness.

Revenues from student housing and dining facilities, certain other auxiliary enterprises and student fees are pledged for the retirement of the bonds.

A non-interest bearing note was issued to the Commonwealth of Kentucky for the purchase of the Department of Transportation building and equipment located at the main campus in Lexington. The total amount of the loan is \$1,113,745 and is being repaid in six equal annual installments of \$185,624 beginning June 30, 1981. The balance on June 30, 1984 is \$371,248.

(8) Construction Commitments

Estimated cost to complete construction under contract at June 30, 1984, is approximately \$6,783,000. Such construction is principally financed by Commonwealth of Kentucky appropriations and long-term bonds payable.

(9) Contingencies

As of June 30, 1984, the University Hospital has recorded a liability of \$4,342,718 as an estimate of the amounts the Medicare and Medicaid reimbursements exceeded allowable costs for the years 1982, 1983, and 1984. The liability per year is:

	<u>Medicaid</u>	<u>Medicare</u>	<u>Total</u>
1982	\$ 412,350	\$ 141,264	\$ 553,614
1983	822,306		822,306
1984	<u>343,851</u>	<u>2,622,948</u>	<u>2,966,799</u>
	<u>\$1,578,507</u>	<u>\$2,764,212</u>	<u>\$4,342,719</u>

The University is defendant in several lawsuits; however, University officials are of the opinion, based on advice of inhouse legal counsel, that the ultimate outcome of all litigation will not have a material effect on the future operations or financial position of the University.

(10) Pledges

Pledges totaling approximately \$5,865,000, restricted for the construction of an equine research center, are expected to be collected over the next ten years.

Pledges from the University of Kentucky Fellows totaling approximately \$3,300,000, primarily for various restricted uses, are expected to be collected over the next ten years. Also deferred gifts through insurance, known bequests and irrevocable trusts in which the University has a remainder interest, are estimated at a minimum of approximately \$9,360,000. It is not practical to estimate the net realizable value of such pledges and deferred gifts.

(11) Reclassifications

Certain account classifications for fiscal 1983 have been reclassified to reflect comparability with account classifications adopted for fiscal 1984 with no effects on previously reported fund balances.

UNIVERSITY OF KENTUCKY

CREDIT UNION, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

(1) Accounting Policies-

The financial statements have been prepared in conformity with accounting practices prescribed or permitted by the Department of Finance of the Commonwealth of Kentucky. The practices used do not differ materially from generally accepted accounting principles. Some of the more significant accounting policies are as follows:

- (a) Loans to Members--Loans to members represent principal balances remaining unpaid. Loans are generally repaid by means of payroll deductions in equal installments which include interest. Interest on loans is computed on the unpaid principal balances at the stated simple interest rate.

(b) Appropriated Undivided Earnings

1. Statutory Reserve-

A statutory reserve is maintained as prescribed and permitted under provisions of the National Credit Union Administration. The provisions in effect at December 31, 1983, require a minimum reserve of 6% of the outstanding loans and risk assets. Provisions in effect in prior years required a higher level of funding. Except for items such as bad debts written off, the National Credit Union Administration does not allow for reductions of earnings previously appropriated. As of December 31, 1983, the Credit Union had appropriated \$108,000 in excess of the statutory minimum level.

2. Contingency Reserve-

The contingency reserve represents an appropriation of undivided earnings by action of the Board of Directors and constitutes a general reserve for any unforeseen contingencies.

3. Purpose of Appropriation

Both the Statutory and Contingency Reserves are maintained to provide a capital base to absorb any unforeseen contingencies; however, as required by generally accepted accounting principles, any losses realized by the Credit Union will be reflected in the statement of operations in the period the loss arises.

- (c) Dividends--Dividends on members' share accounts are accrued monthly and paid quarterly. They are classified as an expense in the statement of income inasmuch as they are similar to the interest paid by other financial institutions on their savings accounts.
- (d) Membership--Membership in the Credit Union is limited to persons and their immediate families who are employees of the University of Kentucky and affiliated organizations as approved by the Board of Directors of the Credit Union.
- (e) Allowance for Doubtful Loans--This allowance represents a valuation reserve available for loan charge-offs. The change in the allowance for the year ended December 31, 1983, is as follows:

Balance, at beginning of year	\$ 5,200
Provision charged to expense	19,277
Loans charged-off	(9,477)

Balance, at end of year	\$15,000
	=====

(2) Investment in Common Trust Fund

This balance represents investment in the International Credit Union (ICU) government securities program, a common trust fund. The assets of the ICU government securities program consist of cash and United States Government and federal agency securities held by the Trustee, First Wisconsin National Bank of Milwaukee.

(3) Dividends on Members' Share and Share Draft Accounts and Interest Expense on Individual Retirement Accounts

The per annum dividend rate for share and share draft accounts for the year ended December 31, 1983, was 7% and 5% respectively. Interest on IRA accounts was 10% during the period.

(4) Taxation-

The Credit Union is exempt from Federal income tax under the provisions of the Internal Revenue Code, Section 501(c)(14).

(5) Sponsor Relationship-

The University of Kentucky furnishes office space and utilities to the Credit Union at no cost.

(6) Pension Plan-

The Credit Union currently participates in a noncontributory, defined benefit pension plan for substantially all of the employees of the Credit Union. Expense for 1983, which included amortization of past service costs, was \$11,418. The Credit Union's policy is to fund pension cost accrued. During 1983, the Credit Union fully funded its prior service costs (approximately \$8,600). This is included in prepaid expenses on the balance sheet. The date of the last actuarial valuation is December 1, 1983.

The actuarially determined present value of accumulated plan benefits, as detailed below, was computed based on an assumed rate of return of 7%.

UNIVERSITY OF KENTUCKY

Sale of Office Equipment to the University of Louisville

REASON: The McDowell Cancer Network in fiscal year 1980-81 developed two outreach offices in Madisonville and Paducah. These offices and equipment were founded by a grant from the National Cancer Institute. The University of Kentucky and University of Louisville cancer centers have since developed the Kentucky Community Cancer Program which is now funded by the State Legislature.

During the late spring of 1985, the McDowell Cancer Network will be moving into new quarters in the Markey Cancer Center. Since the four regional offices in eastern Kentucky which are funded and staffed by McDowell already have sufficient office equipment, we are proposing that the equipment which is already in place in Madisonville and Paducah be sold to the University of Louisville James Graham Brown Cancer Center. Such a sale of equipment would provide savings to the University of Louisville in that the existing equipment could be purchased at 1980-81 prices less depreciation and to the University of Kentucky in that we would not have to pay for transporting the equipment from Madisonville and Paducah to Lexington.

Members, Board of Trustees:

Designation of Depository Bank

Recommendation: that the Board of Trustees designate First National Bank of Maryland, Hagerstown, Maryland, to serve as a depository bank for the University of Kentucky and/or its affiliated corporations.

Background: To comply with House Bill 622 enacted by the 1982 General Assembly, the Board of Trustees must designate depository banks serving the University of Kentucky and its affiliated corporations.

Since November 1, 1983, the University of Kentucky has contracted with Harper & Row Publishers, Inc., to handle the order fulfillment operations of the University Press of Kentucky. A part of this arrangement is processing of prepaid direct-to-consumer orders at Harper & Row's Hagerstown, Maryland division. Harper & Row will accept prepaid orders for books and deposit the checks in the above bank account. Withdrawals can only be made by the University of Kentucky and balances will be transferred weekly. Harper & Row will report sales, inventory, and cash collections on a monthly basis to the university.

Presently, orders are received by University Press, sorted, examined and forwarded to Hagerstown by express mail. The checks received with the orders are deposited in a Lexington bank. Costs associated with processing these orders by University Press exceed \$6,000 a year and are costs which the University is already paying Harper to perform per the original contract.

Members, Board of Trustees:

PURCHASE OF THE AMERICAN TOBACCO WAREHOUSE AT 574 SOUTH UPPER STREET

Recommendation: that the Board of Trustees authorize the President of the University or his designated representative to enter into a contract for the purchase of real property at 574 South Upper Street, which is owned by American Brands, Inc., of New York, New York for a sum not to exceed \$1,107,300.

Background: The property at 574 South Upper Street is adjacent to the UK Service Building and directly across Limestone Street from the Student Center. It is known as the American Tobacco Warehouse, which is a two-story facility of wood and masonry construction built in 1909. The structure sits on 2.38 acres and encompasses 156,271 square feet of space. Of this sum 4,500 square feet is air conditioned office space. The first floor is largely filled with manufacturing equipment which American Brands will remove at its expense. The second floor is warehouse-type space. The property has been extremely well maintained. The property only came onto the market this past June with the unexpected announcement of the closing of the facility by American Brands. The University has immediate need of this type of support/storage space. Upon acquisition of the property, space would be assigned to the Geological Survey, the Department of Anthropology, the Physical Plant Division, the Division of Design and Construction, the Tobacco and Health Institute, and the College of Engineering. The acquisition of this property should meet the support-type space needs of the University for the balance of this century. Funds for the purchase will come from investment earnings on private funds rather than state general funds or student fees. Mr. Robert W. Crabtree, an MAI appraiser from Lexington has put a value on the property of \$2,000,000; Mr. Harry Lewman, an MAI appraiser from Louisville has valued the property at \$2,050,000. The University has been able to negotiate a purchase price for the property of approximately 55 percent of its appraised value. This proposed transaction has been presented to the Secretary of Finance of the State of Kentucky for his consideration and approval as required by the Kentucky Revised Statutes.
