Minutes of the Meeting of the Board of Trustees of the University of Kentucky, September 20, 1949.

The Board of Trustees of the University of Kentucky met in the President's Office at 10:20 a.m., Tuesday, September 20, 1949. The following members were present: Governor Earle C. Clements, Chairman; John C. Everett, Dr. W. M. Coffee, George H. Cheek, Carl Dempewolfe, H. D. Palmore, Judge Harry F. Walters, Judge E. C. O'Rear, Guy A. Huguelet, J. Woodford Howard, R. P. Hobson, Boswell B. Hodgkin, and Harper Gatton. Absent were: Mrs. Paul G. Blazer and T. H. Cutler. President H. L. Donovan and Secretary Frank D. Peterson met with the Board.

A. New Members.

The following submitted commissions for terms expiring as follows:

John C. Everett, term expires 12/31/51
George H. Cheek, term expires 12/31/51
H. D. Palmore, term expires 12/31/50
Dr. W. M. Coffee, term expires 12/31/49
H. P. Hobson, term expires 12/31/50
Mrs. Paul G. Blazer (not present), term expires 12/31/50
Carl Dempewolfe, term expires 12/31/50
J. Woodford Howard, to complete the unexpired term
of Judge Richard C. Stoll. (Expires 12/31/51).

B. Approval of Minutes.

The minutes of the Board of Trustees of June 3, 1949, were approved as published, and the minutes of the Executive Committee of July 15, 1949, were approved as published, with the following corrections:

"Mr. William M. Stone, reappointed graduate assistant in the Department of Zoology, effective September 1, 1949, for a ten-months period." The minutes, as published, stated that Mr. Stone was appointed in the Department of Geology.

"Mr. George P. Summers appointed Inspector for two months, effective April 1, and continuing through May 31, 1949." The minutes incorrectly stated that Mr. Summers was appointed as Field Agent in Marketing for two months, effective May 31, 1949.

C. Comptroller's Report.

The Comptroller submitted the following financial report as of August 31, 1949:

UNIVERSITY

OF KENTUCKY

LEXINGTON

Office of Comptroller

September 15, 1949

President H. L. Donovan
University of Kentucky
Lexington, Kentucky

My dear President Donovan:

I submit herewith a balance sheet of University funds as of August 31, 1949, together with supporting statements of fund and budget operations for the current period then ended.

The operating statements show that 31.6% of general income had been realized and that 19.7% of departmental appropriations had been spent or encumbered. I wish to call your attention to the fact that a major change was made in the accounting system on July 1, 1949. Departmental budget accounts are now encumbered when the various departments submit requisitions. Prior to July 1, 1949 the funds were encumbered when the State Department of Finance issued an order. The change in the system should make the University budget records more dependable. The encumbrance charges indicated in this report against the internal budget represent departmental requisitions. The encumbrance charges against state allotment represent state orders.

Restricted funds totalled \$1,379,081.77, consisting of \$765,277.72 in cash and \$613,804.05 invested in other assets.

Funds reserved for plant extension amounted to \$2,894,248.14, all of which had been encumbered by construction contracts or other encumbrance documents except \$234,609.19. The amount unencumbered had been earmarked for the following expenditures:

Payment of principal and interest on bonds outstanding	\$179,661.29
Construction projects	54,783.90
Miscellaneous plant fund expenses	164.00
Total	<u>\$234,609.19</u>

The plant was valued at \$26,081,379.53 as a result of the appraisal by the State Division of Insurance and made by Marshall and Stevens of Chicago. The following statement compares plant values on June 30, 1949 with plant values as recorded on the University books as of June 30, 1942:

The report of the Comptroller was received and ordered made a part of the Minutes.

D. Report of the President.

President Donovan submitted to the members of the Board of Trustees the Report of the President for the biennium 1947-49. He emphasized that Kentucky cannot be a greater state without a greater state university, and called attention to high-lights of the Report. He stated that he did not desire to take up the time of the members of the Board in reading at length from the Report, but urged each member to take the Report home and read it. Various members of the Board expressed delight and appreciation of the content and style of the Report. Governor Clements stated that the gist of the Report concerns the proposed University of Kentucky 1950-52 budget and the explanation for same. He urged the members to study the Report and encouraged the new members to get acquainted with the work of the University.

Upon motion duly made, seconded and carried, the Board extended its thanks and appreciation to President Donovan for the fine Report presented, and directed that same be received and filed.

E. Letter from Mrs. Richard C. Stoll.

President Donovan stated that he had received a letter from Mrs. Stoll expressing appreciation to the Board for the beautiful roses they sent her in memory of Judge Stoll.

F. Resolution on Death of Judge Stoll.

The Executive Committee, at a previous meeting, appointed Mr. R. P. Hobson and Mr. Harper Gatton to prepare a Resolution on the death of Judge Richard C. Stoll.

The following Resolution was presented and read, and upon motion duly made, seconded and carried, adopted and ordered placed in the Minutes. Copies were ordered sent to the family.

Judge Richard C. (affectionately known as Dick) Stoll, one of Kentucky's leading citizens and favorite sons, died June 26, 1949, and in his death the State of Kentucky lost one of its most valuable citizens and the University of Kentucky lost one of its sons who had probably more than any other rendered outstanding, unselfish and distinguished service to the University.

Judge Stoll was born in Lexington, Kentucky, March 21, 1876, the son of Richard P. and Elvina Stoll. He attended Allegheny Academy, of Lexington, Kentucky, as a student from 1887 to 1891, and later attended the State College of Kentucky, at Lexington, where he graduated with the degree of A.B. in 1895 and later attended Yale University and graduated in 1897 with the degree of LL.B. He was admitted to the Kentucky bar in that year and became a member of the firm of Darnall & Stoll from 1902 to 1904 and a member of the firm of Stoll & Bush from 1904 to 1915. He was elected Judge of the Circuit Court of the Twenty-second Judicial District of Kentucky in the year 1921 and served in that capacity with great distinction until the year 1931. After his retirement from the circuit bench he re-entered the practice of law and for a number of years prior to his death was the senior member of the firm of Stoll, Muir, Townsend & Park, now Stoll, Keenon & Park.

Judge Stoll was appointed as a Trustee of the University of Kentucky on May 31, 1898, and served as a Trustee from that time until his death, with the exception of the years 1904 to 1907. On December 10, 1917, Judge Stoll was made Vice-Chairman of the Board of Trustees of the University and on May 8, 1918, he was named Chairman of the Executive Committee of the Board of Trustees and held this position until he resigned a short time before his death.

As a lawyer, Judge Stoll was recognized as a leader of his profession and on the circuit bench was widely known and admired for his fairness, impartiality and ability. Judge Stoll, during his career as a lawyer, represented many leading industries and held many important directorships and other positions with some of the leading industries of Kentucky. Judge Stoll was always actively interested in civic affairs and was a leader in every phase of community life. As one of the leading Republicans of the State of Kentucky he was frequently called on to render service to his party and this he always did with distinction. He was widely known throughout the State of Kentucky and particularly to the legal profession and was generally beloved by the members of that profession. He was kind and gentle and his ready wit and zest for living made him many warm and steadfast friends and admirers.

Above all else, however, Judge Stoll's love and service for the University of Kentucky was outstanding. He served the University for more than fifty years as an official and as a friend, and the value of his unselfish devotion to the University has been inestimable. In his death the University has lost a friend and advocate who can hardly be replaced.

BE IT, THEREFORE, RESOLVED, that this Memorial be spread upon the Minute Book of the Board of Trustees of the University of Kentucky and that a copy thereof be sent to his family.

G. Resolution on Death of Professor Carl A. Lampert.

President Donovan stated that he regretted to report the death of another valued and honored employee of the University, and presented the following Resolution:

Carl A. Lampert, who for twenty-six years was head of the Department of Music of the University of Kentucky, died on August 27, 1949, in his 75th year. Five years ago, Professor Lampert was given a change of work and assigned lighter duties. His interest in the musical program of the University continued until the end of his life.

There is no way of estimating the great contribution made by this distinguished musician, who came to the University at a time when it had no musical program, and by his leadership and devotion developed a great Department of Music, which has resulted in uplifting the cultural development of our state. Hundreds of students who knew nothing about music whatsoever came under the influence of this great personality, and they learned to appreciate music, and many of them to become creditable musicians.

The University of Kentucky will always regard Professor Lampert as the founder of the Department of Music. Its real beginning came into existence in 1918 when he accepted a position in this institution. Professor Lampert was not only a great teacher of music but he was also the composer of "On, On, U of K" and our Alma Mater song. His devotion to his work and his loyalty to this institution throughout his entire career will ever be an inspiration to those of us who knew him. This great man's influence will live on and bless countless generations to come because he created something lovely and beautiful on the campus of the University of Kentucky.

On motion duly made, seconded and carried, the Resolution on the death of Professor Carl A. Lampert was ordered placed in the Minutes and a copy sent to the family.

H. Resolution on Death of Dean William S. Taylor.

President Donovan stated that the University had suffered a nearly irreparable loss in the death of Dean William S. Taylor. He read the following Resolution:

He held his place -
Held the long purpose like a growing tree -
Held on through blame and faltered not at praise.
And when he fell in whirlwind, he went down
As when a kingly cedar green with boughs
Goes down with a great shout upon the hills,
And leaves a lonesome place against the sky.

- Edwin Markham.

In 1923, Dr. William S. Taylor became Dean of the College of Education of the University of Kentucky. He was a young man who possessed great vision and unlimited enthusiasm for his work. For twenty-six years he literally gave his life for the College and the University he loved so devotedly. The Commonwealth of Kentucky has been fortunate indeed to have this native son devote his career to this state. From time to time he had flattering offers to accept positions that would have paid him a much higher salary in other parts of the nation, but his love for Kentucky and his desire to see this, his native state, advance always caused him to decline more promising proposals.

Dean Taylor was one of the best judges of talented young men I have ever known. The limited salary schedule of the University caused him to pursue a policy of selecting promising young teachers whom he took into his college and developed, only to lose most of them when they reached their maturity. He probably was responsible for producing more distinguished young educators than any other school man in Kentucky. It is appropriate to mention a few of those who grew professionally under his guidance - Henry H. Hill, President of Peabody College, J. D. Williams, Chancellor of the University of Mississippi; Leo M. Chamberlain, Vice President of the University of Kentucky; Maurice F. Seay, Dean of the University of Kentucky;

Floyd Reeves, Professor of Education at the University of Chicago; Dale Russell, Director of the Division of Higher Education, U. S. Office of Education, and many others too numerous to mention.

It is not an exaggeration to say that no college of education in America has had a more distinguished dean than William S. Taylor. He was known from coast to coast and was beloved by all who knew him. His personality radiated confidence and enthusiasm. He was a distinguished scholar, an able teacher, a forceful public speaker, and a superb administrator. While his greatest service to education was in Kentucky, his influence permeated the entire nation. He was looked upon by educators everywhere as being one of the nation's most distinguished leaders in this field.

The College of Education of the University was created at the time Dr. Taylor was made Dean in 1923. The building in which this college has been housed was planned and erected under his supervision. The growth and development of this college was under his guidance and skillful direction. Since the building that houses this college has always been referred to as the Education Building, I think it is now appropriate that in the future it should be known as the William S. Taylor Education Building. Therefore, I recommend to the Board of Trustees that this honor be paid the man who has so devotedly given his life to this University and the College he directed for twenty-six years.

Members of the Board of Trustees expressed their deep regret at the untimely passing of Dean Taylor, and upon motion duly made, seconded and carried, adopted the above Resolution, and directed that a copy be sent to the family.

I. William S. Taylor Building Named.

President Donovan stated that the College of Education was created at the time Dr. William S. Taylor was made Dean at the University of Kentucky. He stated that it was under Doctor Taylor's supervision that the building was planned and erected, and that he thought it appropriate that, in the future, the College of Education building should be known as "The William S. Taylor Education Building". He recommended that the Board of Trustees officially name this building in Doctor Taylor's honor.

The Board of Trustees heard the recommendation of the President, and upon motion duly made, seconded and carried, the College of Education building was officially named "The William S. Taylor Education Building" in honor of its one and only dean, Dr. William S. Taylor.

J. Meeting of Association of Governing Boards of State Universities and Allied Institutions.

President Donovan called attention of the members of the Board to a meeting of the Association of Governing Boards of State Universities and Allied Institutions, October 5 to 9 at Denver, Colorado. The Chairman stated that he thought it might be well for some member of the Board to attend the meeting, and, if anyone found that he could make the trip, to report to President Donovan at a later date.

K. Memorial Auditorium-Fieldhouse Revenue Bonds Authorization and Notice of Sale.

President Donovan stated that, at a called meeting of the Board of Trustees of the University of Kentucky, held on August 9, 1948, Memorial Auditorium-Fieldhouse Revenue Bonds were authorized issued under Section 162.340, Kentucky Revised Statutes, to provide the necessary funds with which to complete the Memorial Auditorium-Fieldhouse. He stated that the Board, on August 9, authorized the issuance of \$825,000 Revenue Bonds, and that the Board, by appropriate resolution, determined that there should be sold at the time \$800,000 principal amount, and that the remaining 25 bonds authorized be deposited for safekeeping with the Union Bank and Trust Company at Lexington, Ky. He stated that it was now evident that the proceeds of the additional 25 bonds would be needed for the completion of the Memorial Auditorium-Fieldhouse: Whereupon, Robert P. Hobson introduced and caused to be read the following Resolution entitled "A Resolution Providing for the Sale and Delivery of University of Kentucky Memorial Auditorium-Field House Revenue Bonds numbered 801 to 825 inclusive in the Principal Amount of \$25,000.00", which Resolution and Notice of Sale of Bonds are as follows:

WHEREAS, at a meeting of the Board of Trustees of the University of Kentucky held in Lexington, Kentucky, on the 25th day of June, 1948, and upon motion duly made, seconded and carried, it was ordered that revenue bonds be issued in an amount sufficient to permit the acceptance of bids for the completion of the Memorial Auditorium - Field House, and

WHEREAS, at a meeting of the Board of Trustees of the University of Kentucky, held at Lexington, Kentucky, on the 9th day of August, 1948, a formal resolution was adopted which authorized and provided for the issuance of Memorial Auditorium - Field House Revenue Bonds in the aggregate principal amount of \$825,000.00 and consisting of 825 bonds dated August 1, 1948 of the denomination of \$1,000.00 each, numbered consecutively from 1 to 825 inclusive, and in the form and on the terms and conditions therein set out in full, and

WHEREAS, said resolution adopted by the Board of Trustees of the University of Kentucky on the 9th day of August, 1948, approved, ratified and confirmed in all respects the action of the Secretary of the Board of Trustees in causing to be published a Notice of Sale of Bonds and the content thereof, which notice is copied in full in said resolution and which called for sealed competitive bids for the above described bonds and provided that at least \$800,000.00 of the bonds would be sold, but reserved to the Board of Trustees the right and power to determine whether bonds numbered 801 to 825 inclusive would be sold at that time, and

WHEREAS, after the opening, comparison and consideration of the sealed bids received for said bonds, at the meeting of the Board of Trustees on August 9, 1948, a formal resolution was adopted determining that \$800,000.00 principal amount of the bond issue should be sold at that time and authorizing the sale and delivery of bonds numbered 1 to 800 inclusive to the highest bidder, which resolution further authorized and instructed the Comptroller of the University of Kentucky to deliver bonds numbered 801 to 825 inclusive to the Union Bank & Trust Company, Lexington, Kentucky, for safekeeping until such time as the Board of Trustees may direct that said bonds either be sold or cancelled, and

WHEREAS, it is now desirable to sell said bonds for the purpose for which they were issued

NOW, THEREFORE, the Board of Trustees of the University of Kentucky resolves:

1. That the Executive Committee of the Board of Trustees of the University of Kentucky be authorized and empowered to receive, consider, and, in its discretion, accept or reject a proposal or proposals for the purchase of University of Kentucky Memorial Auditorium - Field House Revenue Bonds numbered 801 to 825 inclusive in the principal amount of \$25,000.00.

2. That the Secretary of the Board of Trustees of the University of Kentucky be authorized and instructed to withdraw said bonds from the Union Bank & Trust Company where they have been deposited for safekeeping, and, in the event said bonds are sold, to deliver them to the purchaser in accordance with the terms and conditions of the sale.

3. That the Secretary of the Board of Trustees of the University of Kentucky be authorized and directed to cause to be published in the Courier-Journal, a newspaper of general circulation printed and published in Louisville, Kentucky, the following Notice of Sale:

NOTICE OF SALE OF BONDS

PUBLIC NOTICE is hereby given that on August 9, 1948, the Board of Trustees of the University adopted a resolution authorizing and providing for the issuance of \$825,000.00 principal amount University of Kentucky Memorial Auditorium-Field House Revenue Bonds, consisting of 825 bonds dated August 1, 1948 of the denomination of \$1,000.00 each; that the Board of Trustees, as authorized by said resolution, withheld from sale bonds numbered 801 to 825 inclusive of this issue and directed that the same be deposited for safekeeping until ordered sold or cancelled; that by a formal resolution adopted by the Board of Trustees of the University of Kentucky at its regular meeting on September 20, 1949, the Executive Committee of the Board of Trustees was authorized and empowered to receive, consider and accept or reject sealed proposals for the purchase of University of Kentucky Memorial Auditorium - Field House Revenue Bonds numbered 801 to 825 inclusive, in the principal amount of \$25,000.00, each bond being of the denomination of \$1,000.00 and dated August 1, 1948, maturing August 1, 1968, and bearing interest at the rate of 2-3/4% payable semi-annually on February 1 and August 1 of each year beginning February 1, 1950 represented by coupons attached thereto. No bonds of this issue are subject to redemption until August 1, 1953, but on or after that date outstanding bonds will be subject to redemption

at the option of the Board of Trustees of the University of Kentucky, as a whole or in part, in their inverse numerical order on any interest payment date upon 30 days prior published notice. If redemption is on or after August 1, 1953, but prior to August 1, 1958, the redemption price will be 102-1/2; if redemption is on or after August 1, 1958 but prior to August 1, 1961, the redemption price will be 102; if redemption is on or after August 1, 1961 but prior to August 1, 1963, the redemption price will be 101-1/2; and if redemption is effected on or after August 1, 1963, the redemption will be at par. Principal and interest will be payable at the office of the Union Bank and Trust Company in Lexington, Kentucky. The bonds may be registered as to principal only.

The Executive Committee of the Board of Trustees of the University of Kentucky will receive sealed proposals or bids for the purchase of the above described bonds designated as University of Kentucky Memorial Auditorium-Field House Bonds numbered 801 to 825 inclusive until the fifteenth day of October, 1949, at 10:30 a.m., at which time said sealed bids will be opened and considered by the Executive Committee. Each bid must be accompanied by a certified or cashier's check payable to the University of Kentucky in the amount of \$1,000.00. Such checks of any unsuccessful bidders will be returned after the opening and consideration of the bids and the check of the successful bidder will be retained until the delivery of the bonds and applied to the payment therefor. Bidders shall offer a dollar price plus accrued interest.

A statement containing a more complete description of the bonds and setting forth the terms and conditions upon which bids will be received may be obtained by addressing Mr. Frank D. Peterson, Secretary of the Board of Trustees, University of Kentucky, Lexington, Kentucky.

4. That this resolution and the statements therein shall be part of the contract with the purchaser and subsequent holder or holders of said bonds.

(Signed) Frank D. Peterson, Secretary
Board of Trustees, University of
Kentucky.

and moved that all rules be suspended, and that said proposed Resolution and Notice of Sale of Bonds be adopted, which motion was duly seconded by Member Harper Gatton; and said motion having been duly considered, the Chairman put the question and, upon roll being called, the following voted:

L. Approval of Candidates for Degrees.

President Donovan presented a list of candidates for degrees for students in the Summer Session, recommended by the University Faculty. He stated that he had communicated with some members of the Executive Committee prior to the August commencement, and it was agreed that, upon the recommendation of the University Faculty, the degrees would be recommended for official approval by the Board of Trustees at the September meeting. He recommended that the action of the University Faculty be concurred in.

M. Budget Changes.

Grant of \$20,000 from Agricultural and Industrial Development Board.

President Donovan reported to the Board that the University of Kentucky Geological Survey had received approval from the Agricultural and Industrial Development Board of a grant of \$20,000 to employ the Geological Survey to survey the resources of the State. The Chairman of the Board stated that this was one phase of the work of the Agricultural and Industrial Development Board, and that the Board had entered into arrangement for topographic maps of the State, which project would take approximately five years. He stated that the Agricultural and Industrial Development Board had also entered into arrangement for survey of the water resources of the State, and that they were calling upon the Kentucky Geological Survey unit at the University to survey the resources of the State.

President Donovan submitted a supplementary budget for the Kentucky Geological Survey unit, allocating \$10,762.50 for personal services and \$9,237.50 for non-personal services, materials and supplies.

Grant of \$7,000 from Governor's Emergency Fund.

President Donovan reported that Governor Clements, by an executive order, had transferred from his Emergency Fund, for administrative expenses in connection with seed stocks, the sum of \$7,000. He submitted the supplementary budget allotting \$3,375.00 for personal services and \$3,625.00 for travel, rental of land and harvesting of seed.

Grant of \$50,000 from Governor's Emergency Fund.

President Donovan reported that, by an executive order, the Governor had transferred from his Emergency Fund the sum of \$50,000 to supplement the appropriation for county agricultural agents and home demonstration work throughout the State. He stated that this is a like sum that was granted for the year 1948-49 and he desired to report the grant to the Board and have same made of record.

Other Budget Changes

President Donovan submitted the following letter detailing budget decreases and increases:

September 16, 1949

Dr. H. L. Donovan, President
University of Kentucky

My dear President Donovan

The following changes have been made in the current year budget:

<u>Budget Unit</u>	<u>Account</u>	<u>Decrease</u>	<u>Increase</u>

Totals		\$21,168.36	\$19,191.66
Net decrease		<u>\$ 1,976.70</u>	

I believe you will want to have these budget changes ratified by the Board at the September 20th meeting.

It is also necessary at this time to request from the unappropriated surplus of the University ten thousand dollars to Account 7010 for the completion of the Coliseum, which if granted, will make a net increase in the projected University budget of \$9,023.30. This money will be repaid from the proceeds of the bond sale.

Respectfully submitted,

(Signed) Frank D. Peterson
Comptroller

Members of the Board heard the recommendation of the President concerning budget changes and supplementary budgets and appropriations, and upon motion duly made, seconded and carried, approved the acceptance of \$20,000 from the Kentucky Agricultural and Industrial Development Board, and the budget submitted against these funds.

They approved with appreciation the grant of \$7,000 from the Governor's Emergency Fund for development of seed stocks, and the grant of \$50,000 from the Governor's Emergency Fund for aid and assistance in connection with the county agricultural extension and home demonstration work, and approved the budgets incident thereto.

The budget increases and decreases, as set forth, were approved, and the sum of \$10,000 was appropriated from the unappropriated surplus to Account 7010, to be used toward the completion of the War Memorial Coliseum.

M. Insurance.

President Donovan stated that he had received information from the Comptroller concerning insurance coverage on buildings and contents. He read the following letter:

September 1, 1949

Dr. H. L. Donovan, President
University of Kentucky

My dear President Donovan:

I desire to submit the following information concerning insurance coverage on buildings and contents at the University of Kentucky:

Year	Insurance Valuation		Premium
	Buildings	Contents	
1941-1942	\$ 3,961,530.00	\$ 1,642,330.00	\$18,923.76
January 1, 1949	11,390,963.00	5,494,176.75	67,423.38
July 1, 1949	13,567,330.00	5,351,715.00	62,432.85*

*Estimated

It will be noted that our insurance premium has been raised from \$18,923.76 in the year you came here to a projected premium for 1949-50 of \$62,432.85. During the past year, the premium paid on insurance coverage was higher than this amount, due primarily to the exorbitant rate we had to pay on the Service Building and contents during the installation of the sprinkler system, and the erection of the water tank. At one time, the rate on the building and contents was \$7.51 per hundred dollars valuation; the rate is now \$0.318.

Respectfully submitted,

(Signed) Frank D. Peterson
Comptroller.

President Donovan further reported that the University had never seen fit to carry insurance on McLean Stadium. He stated that the Comptroller had reported that, since extensive additions had been made to the Stadium and a part of the Stadium is now constructed around the lighting poles, it is possible for lightning to strike these poles and be transferred to the Stadium proper. He submitted the question to the Board as to whether or not the University should carry insurance on the Stadium.

After some discussion, a motion was made, seconded and carried that the University do not take insurance on the Stadium, because it is constructed out of concrete and the lighting poles are steel, and it is difficult to see that any great damage might be done the Stadium through fire or windstorm.

N. Sale of Kentucky Kernel Linotype Machine Authorized.

The Comptroller read the following letter:

September 7, 1949

Dr. H. L. Donovan, President
University of Kentucky

My dear President Donovan:

The Kentucky Kernel has one Model 14 Linotype machine which is small and surplus to their need. The machine was originally purchased when The Kentucky Kernel was a student enterprise. Pursuant to request for competitive bids, the following bids were received:

Continental Printing Equipment Co.	\$1,800.00
Linotype Supply Company	1,250.00
Printers' Service	1,500.00
Printers Supply Company	900.00
General Overseas International Co., Inc.	3,000.00.

Subject to the approval of the Board, I have accepted the bid of the General Overseas International Company, Inc., in the amount of three thousand dollars. I believe this is an acceptable bid, and that it is to our interest to dispose of the machine. The funds will be credited to The Kentucky Kernel account. The bids are submitted herewith.

Respectfully submitted,

(Signed) Frank D. Peterson,
Comptroller.

The Board being advised, upon motion duly made, seconded and carried, the Comptroller was authorized to accept the bid of the General Overseas International Company, Inc., in the amount of \$3,000, for the Model 14 Linotype machine owned by the Kentucky Kernel.

O. Chairman Asks to Be Excused from Further Deliberation of the Board.

Governor Clements extended his congratulations to the new members of the Board and suggested that they learn about the workings of the University and feel free at all times to express their opinions and suggest ways and means to improve the University. He stated that, if the new members would acquaint themselves with what the University is doing, they would realize that it represents the biggest enterprise the State controls. He stated that he felt that the University had much to contribute to the spiritual, political and economic growth of the State, and that the new members would get out of their membership on the Board as much pleasure and enjoyment as they gave of their time and their talent toward the solution of the many problems that confront the University.

He asked to be excused from further deliberation of the Board and requested Mr. Guy A. Huguelet, Chairman of the Executive Committee, to take the chair.

P. Agreement with the U. S. Geological Survey.

President Donovan submitted a Cooperative Agreement for investigation of water resources between the U. S. Geological Survey and the University's Geological Survey. He stated that the Agreement will permit the University to cooperate with the U. S. Geological Survey and to receive reports of their findings on water resources in the State. The project is located on Dix river.

The Cooperative Agreement is, in reality a renewal of an existing agreement. He recommended its approval.

COOPERATIVE AGREEMENT
FOR INVESTIGATION OF WATER RESOURCES

- - - - -

THIS AGREEMENT IS ENTERED INTO AS of the first day of July, 1949, by the UNITED STATES GEOLOGICAL SURVEY, a party of the first part, and the UNIVERSITY OF KENTUCKY, party of the second part.

1. The parties hereto agree that subject to the availability of appropriations and in accordance with their respective authorities there shall be maintained in cooperation an investigation of the water resources of COMMONWEALTH OF KENTUCKY during the period from July 1, 1949, to June 30, 1950.

2. The following amounts shall be contributed for the purposes of this investigation to cover all of the cost of the necessary field and office work directly related to this investigation, excluding any general administrative or accounting work in the office of either party and excluding the cost of publication by either party of the results of the investigations:

(a) \$700.00 by the party of the first part during the period from July 1, 1949, to June 30, 1950, of which amount a portion may be held in reserve, for later release if funds permit, in order that the available Federal funds may be distributed proportionately among the cooperating States and municipalities.

(b) \$700.00 by the party of the second part during the period from July 1, 1949, to June 30, 1950, of which amount a portion may be withheld from expenditure equal to that withheld of necessity by the party of the first part.

3. Expenses incurred in the performance of this investigation may be paid by either party in conformity with the laws and regulations respectively governing each party, provided that so far as may be mutually agreeable all expenses shall be paid in the first instance by the party of the first part with appropriate reimbursement thereafter by the party of the second part. Each party to the cooperation shall furnish to the other party such statements or reports of expenditures as may be needed to satisfy fiscal requirements.

4. The areas to be investigated and the scope of the investigation shall be determined by mutual agreement between the parties hereto or their authorized representatives. The methods of investigation shall be those usually followed by the party of the first part, subject to modification by mutual agreement. The authorized representatives may confer from time to time and determine the general program and procedure to be followed in the investigation.

5. The field and office work pertaining to the investigation and the expenses to be incurred shall be under the direction of an authorized representative of the party of the first part.

6. During the progress of the work all operations of either party shall be open to the inspection of the other party, and if the work is not being carried on in a mutually satisfactory manner, either party may terminate this agreement on formal notice.

7. The records and reports resulting from this investigation shall, as promptly as possible, be released for public inspection. Both parties shall have the privilege of publishing the reports, provided that publications by either party shall contain a statement of the cooperative relations between the parties hereto.

Q. Agreement with Covington City Board of Education.

President Donovan submitted Agreement between the Board of Education of the City of Covington and the University of Kentucky for space and operating costs for the Northern Extension Center. He stated that the contract represents a continuation of an Agreement made more than a year ago, and that the only change in the contract from the existing Agreement is that a definite rental for the facilities is herein established. He stated that the Agreement had been executed by the officials of the City Board of Education of Covington, and recommended that agreement be authorized executed by the Board of Trustees.

THIS AGREEMENT made and entered into this day
of , 1949, by and between the Board of Education
of the City of Covington, Kentucky, hereinafter designated
as the Board of Education, and the Board of Trustees of
the University of Kentucky, hereinafter designated as the
University.

WITNESSETH: The parties hereto recognize that the establishment and operation of a University Extension Center in the City of Covington will be of value to both parties and advantageous to and in the interest of the citizens of North Central Kentucky. It is proposed that the University establish such a Center to provide the advantages of university education and training for qualified residents of the City of Covington and surrounding communities by offering an educational program which shall include the following:

1. Regular college courses for a complete freshman year of a liberal arts college.
2. Special courses for part-time students in subjects for which there may be sufficient demand with the understanding that the subjects are within the scope of the University's regular program. The program for part-time students will provide for a limited amount of graduate work.
3. Informal adult education activities such as forums, clinics, institutes, etc., as demands may arise.

It is recognized that, in order to operate and maintain such an educational program, certain facilities and services will be required.

NOW, THEREFORE, it is mutually agreed that the University will maintain a University Extension Center in the City of Covington, Kentucky, and operate the same for a period of one year in accordance with the program outlined above and to receive fees and tuition therefrom, and that the Board of Education will designate and make available for this purpose adequate and suitable classrooms and office space in the First District School and Holmes High School buildings where there will be no conflict with the requirements of the students in these schools. The Board of Education is also to furnish such furniture as it may now have available, such as desks, chairs, blackboards, etc., not otherwise needed by the Covington schools, and to furnish heat, light, water and janitor service (but not telephones) for such rooms and space allocated to the Extension Center. The University agrees to pay for the services and space furnished by the Board of Education, as outlined herein, the sum of twenty-five hundred dollars (\$2,500.00), half of which shall be due and payable on or before December 1, 1949, and the balance due and payable on or before June 1, 1950. It is further anticipated by the parties that this agreement will be renewed so that ultimately the University

will furnish to the citizens of Northern Kentucky, through the Extension Center, two full years of undergraduate college work.

R. Agreement with the Kentucky Association of Colleges and Secondary Schools.

President Donovan submitted Agreement between the University of Kentucky and the Kentucky Association of Colleges and Secondary Schools whereby the University undertakes to operate, supervise and promote a service known as Kentucky Cooperative Counseling and Testing Services of the Kentucky Association of Colleges and Secondary Schools. He stated that work would be done under the supervision of Dr. Lysle W. Croft, Director of Personnel at the University, and that fees provided for in the Agreement are to be turned over to the University for expenses incident thereto. The Agreement is a continuation of last year's Agreement, with the following changes:

- (1) Doctor Croft will be in complete charge of the work.
- (2) All fees collected will be deposited with the University.

This contract has been written by Dean Elvis J. Stahr, Jr., of the College of Law, and approved by Dr. Lysle W. Croft and Dean M.F. Seay, representatives of the Colleges and Secondary Schools, and the University Comptroller. The Agreement is as follows:

AGREEMENT BETWEEN THE UNIVERSITY OF KENTUCKY AND
THE KENTUCKY ASSOCIATION OF COLLEGES AND SECONDARY
SCHOOLS

THIS AGREEMENT made and entered into at Lexington, Kentucky, this first day of July, 1949, by and between the Board of Trustees of the University of Kentucky, a corporation (hereinafter called the "University"), and the Kentucky Association of Colleges and Secondary Schools (hereinafter called the "Association") with headquarters in Lexington, Kentucky, is for an indefinite period beginning July 1, 1949. It is the intention of the University and of the Association to continue this Agreement in force as long as the program it contemplates remains mutually satisfactory, but either party hereto may terminate this Agreement on thirty days notice in writing to the other party.

By this Agreement, the University undertakes to operate, supervise and promote a service known as Kentucky Cooperative Counseling and Testing Services of the Kentucky Association of Colleges and Secondary Schools (hereinafter called the "Service") under the terms and conditions outlined herein, and the Association undertakes to give its full support to the Service by endorsing the basis and purpose of the Service as outlined herein and by cooperating with the University to achieve the greatest possible measure of success and usefulness for the Service.

A. The basis of the Service is that, ideally conceived, counseling and testing work enables each individual to understand his abilities and interests, to develop them as well as possible, to relate them to life goals, and finally, to reach a state of complete and mature self guidance as a desirable member of a democratic social order. The highest aim of personnel work is to obtain a full understanding of each student in order to adjust educational offering to his needs so that he may be prepared for a role wherein highest achievement and satisfaction may be realized.

The modern counselor is equipped with a vast array of psychological techniques, tests, occupational information, and special aids, and is trained in the use and the interpretation of the results of use of these tools. It shall be the purpose of the Service to furnish to the schools of Kentucky the benefit of counseling and testing services of the type provided by the modern counselor.

B. The University and the Association further agree to the following:

1. That the Director of Personnel, University of Kentucky, will serve as Director of the Service.

2. That the Assistant Director of Personnel, University of Kentucky, will serve as the Assistant Director of the Service.
3. That the staff of the University Personnel Office will assist in the operation of the Service when needed to further the value of the Service to both the University and to the schools of the State of Kentucky.
4. That an advisory committee appointed by the Association will be convened at least two times per year for the purpose of establishing the general aims and purposes of the Service.
5. That the University will continue to provide the necessary equipment for the operation of the Service.
6. That an annual report concerning activities, income and expenditures under this Agreement will be submitted to the Association at its fall meeting.
7. That all income for services or materials shall be deposited in the University Personnel Office restricted account 3056; and that this income shall be used solely for salaries, tests, test supplies, equipment and materials necessary for the operation of the Service.
8. That the Director of Personnel of the University of Kentucky, in cooperation with an advisory committee appointed by the Association, will be in complete charge of the Service and will be responsible for formulating its policies and activity plans. All decisions concerning the selection and purchasing of tests, supplies and equipment for the Service will be under said Director of Personnel, and his staff. It is recognized, however, that the Service is conducted for the Association.

In Witness Whereof, the parties hereto have caused this Agreement to be executed on behalf of them and each of them, as of the day and year first above written.

S. Purchases of the University Press Committee Authorized.

President Donovan read the following letters:

August 15, 1949

Dr. H. L. Donovan, President
University of Kentucky

Dear President Donovan:

I attach hereto a letter from Dr. Frank L. McVey, Chairman of the University Press Committee. The letter advises this office that the Press Committee has contracted for the printing of the following publications:

Balkan Village	\$ 5,500.00
The Gates Open Slowly	3,850.00
Bibliography of Ky.	
History	<u>6,150.00</u>
Total	\$15,500.00

The obligation for the printing of these books was not cleared through this office, yet I am now advised that the work on one book is completed and that the other two books will be ready for delivery soon. I transmit the requisition to pay for Balkan Village. Dr. McVey advises that the Committee was not aware of the procedure necessary.

There is also attached a communication from the Standard Printing Company giving quotation on the books involved. The Comptroller can not honor obligations made by the University Press Committee. The award was not made upon the basis of competitive bidding; therefore, I request direction for handling the payment of the publication of these volumes.

I am sure that the Committee did not act deliberately, nevertheless, someone should have learned the legal procedure before the obligation was made. I have advised the editor of the Press and the Secretary of the Committee that the University Press Committee should determine the books they want published, and submit this material with specifications so that the University can see that the books are

published at the Kentucky Kernel Press. They have also been advised that if it should become necessary to have the books printed elsewhere, competitive bids will be obtained.

Respectfully submitted,

(Signed) Frank D. Peterson,
Comptroller.

University of Kentucky
Lexington, Kentucky

My dear Mr. Peterson:

At a meeting of the University Press Committee on August 6, 1949, Mr. England, the Editor of the Press, informed the group that the arrangements he made for the publication of three books would have to be authorized by the Executive Committee of the Board of Trustees before payments could be made to the Standard Printing Company of Louisville. Mr. England was acting with the approval of the Press Committee and according to its instructions when he made the arrangements. The books in question are: Balkan Village, by Irwin T. Sanders; The Gates Open Slowly, by Frank L. McVey; and A Bibliography of Kentucky History, by J. Winston Coleman, Jr. The Press Committee accepted the bids of the Standard Printing Company for manufacturing 2,000 copies of Balkan Village for \$5,500.00; 1,500 copies of The Gates Open Slowly for \$3,850.00; and 1,000 copies of A Bibliography of Kentucky History for \$6,150.00.

The Standard Printing Company has completed and delivered Balkan Village, and we have received a bill for \$4,996.42 for which we now seek payment. This sum is approximately five hundred dollars (\$500.00) below the Company's bid. The other books are nearly completed, and the Press Committee would appreciate it if the Executive Committee of the Board of Trustees would authorize payment for them so that the printer's bills can be paid soon after they are received.

The Press Committee regrets that its procedures were at fault in this matter, but it was following the same course it had in the past when arranging for the manufacture of books by private printers for the University Press. In the future we will follow the suggestions you have since made to Mr. England.

Cordially yours,

(Signed) Frank L. McVey
249 Shady Lane
Lexington, Kentucky.

Members of the Board briefly discussed the problem, and upon recommendation of the President, the sum of \$15,500 was appropriated from funds now available to the University Press Committee and made available from the Haggin Fund to pay the obligations incurred.

The President stated that he felt that the Committee had received good prices for the work involved but that, through a misunderstanding, legal procedure had not been followed, and that it would be necessary to pay for the obligation out of Haggin Fund money, which is not subject to regulations covering State funds.

After some discussion, upon motion duly made, seconded and carried, the sum of \$15,500.00 for publication of Balkan Village, The Gates Open Slowly, and Bibliography of Kentucky History, was authorized paid for obligations incurred, and the Comptroller was directed to honor invoices submitted against the Haggin Fund for these publications.

T. Contract with Sayre School.

President Donovan submitted contract between the University of Kentucky and the Board of Trustees of Sayre School, 194 North Limestone Street, Lexington, Kentucky, for lease of the entire south dormitory part of Sayre School, to be used to house women students of the University of Kentucky.

This indenture, made this day of , 1949, between the Board of Trustees of Sayre School, 194 North Limestone Street, Lexington, Kentucky, party of the first part, lessor, and the Board of Trustees of the University of Kentucky, Lexington, Kentucky, party of the second part, lessee.

WITNESSETH: That the party of the first part hereby leases to the party of the second part the following premises, to wit:

The entire south dormitory part of Sayre School, located at 194 North Limestone Street, Lexington, Kentucky, consisting of thirty-three bedrooms and three recreation rooms, same being located and more particularly described as follows: eleven (11) rooms on the first floor; eleven (11) rooms on the second floor; eleven (11) rooms on the third floor; with one (1) recreation room on each floor; including all the furniture now in each room and in each recreation room. Also, the kitchen and dining room of Sayre School, together with all equipment and furniture now therein. Also, the reception rooms on the first floor, main entrance, subject, however, to the exception that two (2) of these rooms are to be used as reception and social rooms, and one (1) room to be used as an office for the girls living in the hall, it being agreed, however, that the girls and patrons of Sayre School are to have access to these rooms during the daytime only. The present library may be retained by the party of the first part and used as a library and office.

The party of the first part agrees that the party of the second part is to have the use of the first room to the right of the entrance of the building as an office for business in connection with the dormitory and the party of the second part agrees to equip this room. The party of the first part further agrees that the furniture now in the reception and social rooms is to remain there and to be used by the lessee.

The party of the first part leases the above described premises for the term of one year, twelve (12) months, commencing September 10, 1949, and covenants to keep the tenant in quiet possession of the same during said term. The said property is to be used as a dormitory and living quarters for girls attending the University of Kentucky, with such attendant use as to make the premises enjoyable for gracious living. The party of the second part agrees to take good care of the premises and to return the same together with all furniture and equipment to the party of the first part in as good order as received, ordinary wear and tear and natural decay excepted.

The lessee hereby covenants with the lessor to pay as a rent to the Board of Trustees of Sayre School the sum of \$1900.00 cash on or before November 1, 1949, and the sum of \$1800.00 cash on or before March 10, 1950. In other words, the party of the second part agrees with the lessor herein, to pay the party of the first part the amount of \$3700.00 as rent for the premises described in this lease. The party of the second part also agrees to pay for cost of heat, lights, water, and gas for the entire building, since there is but one heating system and one meter for lights, etc.

The party of the first part agrees that the party of the second part shall keep the building at a reasonably warm and

comfortable temperature, but shall not be required to keep the building at a temperature above 72° F.

The party of the second part agrees to employ and pay for the services of a full-time janitor who may be used to care for the central heating system and to do such tenant's repair as he may be directed on that part of the building used by the party of the second part. The lessor agrees to make available for living quarters of said caretaker the tenant house in the back of Sayre School and further agrees to keep the caretaker in full and quiet possession of said tenant house and to keep the same in tenable condition, which shall be approved by the party of the second part.

The party of the first part agrees to provide necessary maintenance for that part of the building continued under lease to the party of the second part, and will do the plumbing required to insure adequate water pressure. By "necessary maintenance", it is meant the party of the first part will keep the electrical layout, roof, walls, windows and floors of the building in good repair and make needed repairs to the heating and plumbing systems in all cases except where impaired or interrupted service results from neglect or abuse on the part of employees of the tenant.

The party of the second part agrees that the party of the first part shall be exempt from responsibility for casualty to persons assigned to the dormitory by officials of the University of Kentucky. Similarly, the party of the first part agrees that the party of the second part shall be exempt from any responsibility for casualty resulting to persons frequenting the building by assignment or invitation of officials of Sayre School.

The lessor desires to keep three or four teachers and not more than eight boarding school students in Sayre School in the building, to which the lessee agrees. It is further desired by the lessor that the lessee furnish board for these teachers and boarding for school students, to which the lessee agrees, covenanting to furnish same to these persons on the following basis:

Teachers	\$140.00 per semester
Boarding school students	140.00 per semester
Day students	.50 per noon meal.

The party of the first part agrees to maintain the premises in such a manner so as to meet with the requirements of the State Fire Marshal's office.

Since the leased property is to be used as a dormitory and living quarters for girl students attending the University of Kentucky, the party of the second part reserves the right to

select the students who shall occupy the leased premises and to exercise full control of the supervision and operation of that section of the premises known as the "Dormitory".

The lessee binds itself not to erect or permit to be erected in the premises any nuisance, or to commit any waste. In case the premises herein leased or any part thereof shall, during the term of this lease, be destroyed or damaged by fire, or other casualty, so that the same shall thereby be rendered unfit for habitation or for the purpose designed under this lease, then and in that event the lessee may cancel this lease. In the event this lease is cancelled as herein provided the lessors severally and jointly agree to refund to the lessee a pro rata amount of the paid cash rent.

This lease is executed in duplicate, each copy to have the full force and effect of an original.

In testimony whereof, the parties have affixed their signatures, the day and year above written.

U. Payment of W. T. Rowland Estate Approved.

President Donovan related to the Board that, in the summer term of 1945, Dr. W. T. Rowland, then Superintendent of the City Schools of Lexington, taught at the University of Kentucky. A fee of \$200.00 for his services was tendered him. Doctor Rowland declined to accept payment on the basis that he was earning the maximum allowed under the Constitution as Superintendent of City Schools of Lexington. In March, 1948, Doctor Rowland requested the University to pay for services rendered in the summer term of 1945, on the basis that the Court of Appeals had rendered an opinion which indicated

that he could accept compensation for services rendered in excess of the \$5,000 which he was receiving from the Lexington City School System. The question was submitted to the Attorney General as to whether or not the University could pay in 1948 for services rendered in 1945. The Attorney General, under date of March 11, 1948, gave his opinion that he did not believe Doctor Rowland could be paid from State funds, as the obligation of one fiscal year could not be paid for in another fiscal year, after September 30 succeeding the close of the fiscal year. On March 16, 1948, the information was submitted to the Executive Committee, which ordered the claim made a part of the record.

President Donovan reported that recently Doctor Rowland died, and left a very small estate, and that another request had come from the estate for payment for the services rendered by Doctor Rowland.

President Donovan said he desired to report that request to the Board, with the recommendation that the obligation not be paid from State funds, but that the Board might consider payment from the Haggin Fund if, in their judgment, they felt that the University was obligated to pay for the services rendered. He asked for their guidance and direction.

Some discussion followed, and upon motion duly made, seconded and carried, the Comptroller was authorized to pay the W. T. Rowland Estate the sum of \$200.00. Judge Walters voted "no".

V. Amendment to Radio Policy.

President Donovan stated that the University has rules and regulations governing non-official broadcasting from the University of Kentucky jurisdictions. He stated that much time and effort had been given towards the making of these rules and regulations but that, occasionally, a new problem arose. He read the following letter and the Rules and Regulations:

August 5, 1949

President H. L. Donovan
University of Kentucky

Dear President Donovan:

Some time ago you requested that we again re-study our policies governing the broadcasting of athletics events in which the University of Kentucky teams participate. No formal committee was named, but I sought the assistance of the following people: B. A. Shively, Lolo Robinson, Lewis Sawin, R. W. Wild, Kenneth Kuhn, Paul Crowder, and Maurice F. Seay. Since his return to the campus, Mr. Sulzer has taken the place of Mrs. Robinson. We have had two meetings at which

representatives of the interested stations have been present. At the final session we outlined to these men our new proposals and, much to my surprise, they seemed pleased and expressed a willingness to cooperate in every way. However, there is still some question in my mind that all will go as well as they seem to think.

On paper I believe the attached policy is sound. Much will depend, however, on the way it is administered, both in the Department of Athletics and in the Department of Radio. One of the purposes has been to have a procedure that will prevent anyone coming to you in an effort to secure a radio privilege of any kind. We sincerely hope that this objective will be achieved. We hope too that the new policies will result in better relations with other institutions, and between the University and the various radio stations.

If you feel that the statement attached is satisfactory, we would recommend that it be presented to the Board of Trustees for adoption. We must necessarily operate on this tentative policy until such time as it has Board approval.

Sincerely,

(Signed) Leo M. Chamberlain
Vice President.

RULES AND REGULATIONS GOVERNING NON-OFFICIAL BROADCASTING FROM THE UNIVERSITY OF KENTUCKY JURISDICTIONS

1. No radio station (AM, FM, or Television), network, or other broadcasting agency is permitted to originate or carry a line broadcast, or a telegraphic, or other report for broadcasting purposes, from the campus or other jurisdictions of the University of Kentucky, until the station or other agency secures a permit from the University's Radio Director.
2. In cases where the contemplated broadcast involves another university department, the radio director will obtain the approval of the affected department head before issuing the permit. Departments and divisions of the University of Kentucky are to refuse facilities and cooperation unless proper permit is shown.
3. No university activities with the exception of athletic events may be sponsored.
4. No charge will be made for permits for programs to be broadcast on a purely sustaining basis with the exception of those to be televised.

5. Charges for sponsored broadcasts of athletic events will be made as follows:

<u>AM OR FM STATION</u> <u>POWER IN WATTS</u>	<u>FOOTBALL GAME</u>	<u>BASKETBALL</u>
250	\$ 25	\$ 10
1,000	50	20
5,000	75	30
50,000	200	80

Television _____ quoted on request _____

Stations of powers other than those listed will fall into the next highest category.

In the case of basketball tournaments, the charge per day or for any part of a day, shall be the same as the charge for a single basketball game.

In the case of stations on a state or regional network, or FM satellites of AM stations, a charge of ten dollars (\$10) for each such additional station will be made regardless of power. The stations originating the feeds to such network stations or FM satellites will make all applications for permits and will pay all fees for stations they feed. Information on broadcasts of a national scope will be furnished upon application to the Radio Director.

Checks for the payment of the above fees shall be made to the order of the University of Kentucky Athletic Association, and mailed with the applications to the Director of Radio, University of Kentucky, Lexington, Kentucky.

6. The University of Kentucky, through its radio director, retains the full and absolute right to approve or disapprove all applications and all phases of presentation on sponsored and sustaining programs originating within its jurisdiction. This rule applies when the broadcast represents the activity of a non-university group, and it is made subject to the same rules that apply to other radio organizations within the University's jurisdiction.

RULES PERTAINING SPECIFICALLY TO INTER-COLLEGE RADIO RELATIONSHIPS

7. Out-of-state schools playing the University of Kentucky in Lexington will be guaranteed one radio outlet for use of the radio station or network designated by the respective visiting schools. No charge will be made for this outlet when the visiting school provides a comparable outlet at its home contests with the University of Kentucky; unless such a free outlet is provided, the schedule of fees in section 5 will apply. In the event that the University of Kentucky does not meet a school on its home grounds, the single free outlet

will still be guaranteed providing the opponent school provides a comparable outlet on the same basis when a succeeding game is scheduled at its home location. In all cases the usual broadcasting permit must be secured from the University of Kentucky's Radio Director and the University of Kentucky broadcasting regulations will be effective.

Schools wishing to designate radio stations under this rule must make such designations at least two weeks prior to their games. In the absence of such designations the University of Kentucky Radio Director will notify the proper authority at these schools and if no designations are then made and no objections raised, the University of Kentucky will exercise its discretion in allotting permits to stations in the states in which the schools are located.

8. Through its athletic contracts, the University of Kentucky will require that it be given complete jurisdiction over all broadcasting by or to Kentucky stations that originates at the scene of out-of-state athletic events, such jurisdiction to include AM, FM, and Television broadcasting, as well as wire telegraphic or telephonic accounts of the game.

At least one such outlet shall be furnished the University of Kentucky free of charge.

9. The University of Kentucky will designate the stations to make use of the outlets provided by the out-of-state schools. Such stations will be selected on the basis of their ability, either singly, or by network to provide the most adequate Kentucky coverage possible.

Stations so designated will be required to feed their accounts of the games, sans commercials, to all Kentucky stations desiring them, at a charge of actual additional line costs incurred by each respective station. They will also be required to carry the entire event as a simultaneous live broadcast.

Stations so designated will be required to abide by all applicable University of Kentucky broadcasting rules as well as those of the host-institutions; and will be required to pay to the host-institution whatever fees they may exact, in cases where outlets in excess of the one furnished free are assessed fees.

10. All Kentucky stations, designated by the University of Kentucky to be outlets at out-of-Kentucky games will be required to secure the usual permits from the Radio Director of the University of Kentucky, and in the event that such stations feed one or more additional stations the originating stations will be responsible for securing the permits of the stations they feed. In the case of Kentucky stations receiving feeds from out-of-state stations, the originating out-of-state stations will be required to secure the permits.

The University of Kentucky will charge no broadcasting fees for the permits issued under the above paragraph, but Kentucky stations accepting such permits will be required to pay whatever fees the out-of-state schools may elect to charge.

All requests for permits and other correspondence relative to permits for broadcasting on the University of Kentucky's campus or otherwise in the jurisdiction of the University of Kentucky should be addressed to Radio Director, University of Kentucky, Lexington.

Upon recommendation of the President, a motion was made, seconded and carried, adopting the statement as rules and regulations of the Board of Trustees governing non-official broadcasts from the University of Kentucky jurisdictions.

W. Transfer of Agricultural Extension Workers from the Teachers Insurance and Annuity Association of America.

President Donovan stated that he had received a communication from Dean Cooper requesting approval of a plan to discontinue the present arrangement with the Teachers Insurance and Annuity Association of America for Agricultural Extension employees, and to accept the plan of the Civil Service Retirement Board. He read the following letter:

July 22, 1949

President H. L. Donovan
University of Kentucky

Dear President Donovan:

The Board of Trustees of the University of Kentucky on April 1, 1941, adopted a plan of retirement for certain Agricultural Extension employees, "comprising all the regularly appointed full-time employees of the Division of Agricultural Extension who are not located permanently at the University of Kentucky campus."

In accordance with this plan, arrangements were made with the Teachers Insurance and Annuity Association of America, which undertook to carry out the plan under the standard and usual policy of said insurance and annuity association and in accordance with the arrangements entered into. This plan has worked very effectively for a period of years and has proven its value.

The Civil Service Retirement Board recently, through action of Congress, has liberalized the conditions for acceptance of persons employed on Federal or offset funds, for such annuity as provided by the Act of Congress giving authorization to the Civil Service Retirement Board. The system now offered to county agricultural and home demonstration agents and to other members of the staff of Agricultural Extension who receive salaries from Federal or off-set funds provides a retirement policy with more liberal conditions than the policy now carried under the Teachers Insurance and Annuity Association. It also provides for greater security for the widow and family. It requires a greater percentage of payment from the individual but does not require a payment from the employing institution. If the transfer to the Civil Service Plan is permitted, it will effect the saving to Agricultural Extension funds of several thousand dollars annually, now expended under the present retirement plan.

I recommend that the President of the University of Kentucky and the Board of Trustees authorize the director of Agricultural Extension to undertake necessary arrangements for the transfer to the retirement system under the Civil Service Retirement Board of the annuity system as it applies to Agricultural Extension agents.

Following approval of the President and the Board of Trustees, it will be necessary to enter into negotiations with the Repurchase Committee of the Teachers Insurance and Annuity Association for procuring the repurchase of present policies (I have been informed by a representative of the Teachers Insurance and Annuity Association that they will arrange for this repurchase) at such time as may be determined upon. I wish to recommend that the repurchase funds be deposited with the Comptroller of the University and be made available upon authorization of the director of Extension for division in accordance with the amount paid on each policy by the individual holding the policy and the Agricultural Extension Division of the University of Kentucky. The part of the total repurchase payment representing accruals and payments made by individuals shall be repaid to the individual, less his proportion of the costs. The part of the funds, plus accruals and less cost, paid by the Agricultural Extension Division shall be credited to the account of the Agricultural Extension Division of the College of Agriculture and Home Economics, University of Kentucky for the purpose of carrying on Agricultural Extension work within the state, as provided by the various Federal acts, or shall be paid to the Federal Treasury, as may be required.

In view of the large amount of work that is required to set up the necessary data and information for the individuals' Civil Service Retirement Plan, it seems desirable to establish a date, subject to change upon approval of the President of the University, on which the present plan shall be closed and the Civil Service Retirement Plan put into

effect. I find that it is impossible to determine with any degree of accuracy, the date which should be set. Therefore I would recommend that the closing of the present plan shall be as of October 31, 1949 or such closing date as the President of the University may later approve. This will give opportunity for such adjustment as may be necessary.

I request that the Board of Trustees authorize, effective as of November 1, 1949 or such date as the President of the University may later approve, that members of the Agricultural Extension staff employed as of that date or such date as the President may have set and those who have been employed under the previous retirement plan between the Teachers Insurance and Annuity Association and the University of Kentucky, make the necessary provision for retirement policies under the Civil Service Retirement Act and that future employees of Agricultural Extension be required, in so far as they may qualify under the Civil Service Retirement Act, to carry retirement insurance thereunder.

I shall be very glad to explain or discuss any phases of this proposal that you may consider desirable. If approved, it is the purpose to make this transfer at the earliest possible date. It may be of interest to know that all present members of the Extension staff, holding the 244 policies and participating in the Teachers Insurance and Annuity Association plan, have been canvassed; they have met to discuss the possibilities of the two plans and by a vote of 216 to 4 they have requested the change to the Civil Service Retirement System.

Sincerely yours,

(Signed) Thomas Cooper
Dean and Director

A general discussion followed. It was called to the attention of the Board that, if the request is approved, the transfer from the retirement system under the Teachers Insurance and Annuity Association of America to the Civil Service Retirement Board for Agricultural Extension employees should be simultaneous, so that there is a definite hour and minute of the day that one plan ceases to function and the other plan becomes operative.

Upon motion duly made, seconded and carried, the request to transfer from one retirement system to the other was authorized and approved, provided the discontinuance of one system and the commencing under the other retirement system are simultaneous and definite as to time and conditions.

X. Cooperative Agreement between the University and Eastern Kentucky State College.

President Donovan explained that a plan for cooperation between the College of Agriculture and Home Economics of the University of Kentucky and the Department of Agriculture of the Eastern Kentucky State College had been worked out jointly between representatives of the two colleges and, in order that a permanent record may be had of the Cooperative Agreement, he desired to report same to the Board and request that the Agreement be recorded in the Minutes. The following Cooperative Agreement was read:

A Plan for Cooperation between the College of Agriculture and Home Economics of the University of Kentucky and the Department of Agriculture of the Eastern Kentucky State College.

The purpose of this plan is to provide the best possible instruction in agriculture for the young people of the State of Kentucky without unnecessary duplication of effort. It is a program of cooperation between two state-supported institutions that can be successful only if each institution gives full recognition to the work done in the other.

In furtherance of this purpose and to facilitate its accomplishment, a Department of Agriculture, organized and administered in cooperation with the College of Agriculture and Home Economics of the University, will be established at the Eastern Kentucky State College. All courses given in the Department will constitute a part of the regular program of instruction of the College of Agriculture and Home Economics of the University of Kentucky and will carry both course and residence credit toward the degree Bachelor of Science in Agriculture awarded by the College of Agriculture and Home Economics. The Dean of the College of Agriculture and Home Economics and the Dean of the Eastern Kentucky State College will confer from time to time concerning the courses to be offered and the content of such courses at Eastern.

Minimum requirements for the degree of Bachelor of Science in Agriculture will be 136 semester credits and 136 quality points. At least 68 of these credits, including 43 in agriculture, must be earned in residence at Eastern, at the University, or at both institutions. Unless specifically stated otherwise, a minimum of 34 credits must be earned in residence at the University. Transfer credit from other institutions will be accepted for courses listed by the University as lower division courses (numbered 1 to 99).

The foregoing plan will become effective September 1, 1951. The transition to the cooperative program will be made as follows:

Senior students who are majoring in agriculture at the Eastern Kentucky State College will be admitted to student teaching in agriculture at the University of Kentucky in fulfillment of the requirements for the professional degree in agriculture. This will probably involve not more than six students. During the year 1950-51 Eastern will give a three-year course in agriculture in cooperation with the University of Kentucky and the credits so earned, not to exceed 102, will be transferable to the College of Agriculture and Home Economics of the University of Kentucky. These transfer students may complete requirements for the degree in two semesters if they meet the course requirements.

After September 1, 1951, Eastern will reduce its offerings in agriculture to two years.

Graduates of the Department of Agriculture of the Eastern Kentucky State College prior to September, 1950, who enroll in the Graduate School of the University of Kentucky as candidates for the degree Master of Science in Agriculture, shall receive full credit for the work they have done and shall be granted the same standing as that accorded to other agricultural graduates.

It is understood and agreed that no course shall be taught by a person with academic rank lower than instructor. The qualifications for appointment to the several ranks, professor, associate professor, assistant professor, and instructor, in the Department of Agriculture at Eastern shall be the same as the qualifications of the holders of these academic ranks in the College of Agriculture and Home Economics of the University.

Either institution may terminate this agreement by giving two years' written notice.

Administrative Officers

President, University of Kentucky
President, Eastern Kentucky State College

Dean, Eastern Kentucky State College

Faculty

Professor and Head, Department of Agriculture
Assistant Professor, Agriculture
Instructor, Agriculture.

President Donovan recommended that the request be granted, and upon motion duly made, seconded and carried, the recommendation of the President was concurred in.

Y. Grants-in-Aid.

President Donovan stated that the University has regulations governing grants-in-aid to students appointed by the Departments of Music, Radio and Athletics. He stated that the University has a Scholarship Committee to supervise scholarships and grants-in-aid requested by the various departments. He stated that the Department of Music had requested a grant of 36, the Department of Athletics a grant of 120, and the Radio Department a grant of 16. He stated that this was in keeping with grants of former years, and recommended that the request be granted, with the understanding that each department shall keep the records of services rendered by the recipient students, according to governing regulations.

Upon motion duly made, seconded and carried, the recommendation of the President was concurred in.

Z. Injury to J. E. Humphrey.

President Donovan stated that Mr. J. E. Humphrey, Extension representative of the Poultry Section of the Experiment Station, while en route to Cynthiana to work with the County Agricultural Agent, was injured in an accident. Mr. Humphrey's car was struck by an F. & C. train. Mr. Humphrey's automobile was pushed down the track about 70 feet and considerably damaged. An examination of Mr. Humphrey revealed that three ribs and his right leg and left arm were broken.

Mr. Humphrey has been to several doctors in an effort to recover. The railroad company paid damages to Mr. Humphrey in the amount of \$1,000.00. Mr. Humphrey paid legal fees and the cost of repairs to the car, thus consuming the greater part of the amount recovered from the company. None of the bills for doctors' services, hospital expenses, etc., were paid from the University group hospital insurance or by the railroad company. Mr. Humphrey now requests the University to take care of his hospital, medicine and doctors' bills, amounting to \$405.48.

Members of the Board discussed the accident and the request of Mr. Humphrey, and the opinion was expressed that since the railroad company was to blame and had made settlement, the University was without authority and without obligation to grant the request. On motion duly made, seconded and carried, the request was denied.

A-1 Injury to James Stallard.

The Comptroller presented a statement of Dr. J. S. McGinnis in the amount of \$10.00, and that of the St. Joseph's Hospital in the amount of \$32.36 for services and accommodations rendered Mr. James Stallard.

The Comptroller further reported: "Mr. Stallard began work with the University of Kentucky on June 3, 1948, as an electrician's helper in the Division of Maintenance and Operations. On March 9, 1949, as he was leaving the Maintenance building on a routine call, he slipped on some slanting boards that had been placed over a ditch just outside the door of the Electric Shop. The ditch had been dug for the installation of pipes necessary for the new sprinkler system being installed in the Shops building. The ditch was approximately seven feet deep. Mr. Stallard, in falling, struck his back on an 8" 'T' in the pipe. At the recommendation of the University Health Service, Mr. Stallard was taken immediately to St. Joseph's Hospital where x-ray revealed a fracture of the transverse processes and articular facets of his vertebrae. Dr. John S. McGinnis was called in for consultation. He recommended that Mr. Stallard be relieved from his work for a period of time, possibly two months.

"Mr. Stallard was relieved of his work and has been absent for a total of 45 days. He had accumulated seven days' sick leave, which was applied, leaving a total of 38 days, for which he has not been paid, because of no accumulated sick leave or vacation time against which same could be charged. Mr. Stallard requests payment for time lost, due to illness on the job. Doctor McGinnis has recently stated that, in his opinion, Mr. Stallard is completely cured, and should have no further trouble with the chipped vertebrae.

"I recommend that Doctor McGinnis be paid for his services, that St. Joseph's Hospital be paid for accommodations, and that the Board consider the request for payment for 38 days' loss of work due to accident on the job."

Members of the Board heard the report and recommendation, and after consideration, upon motion duly made, seconded and carried, the invoices of Doctor McGinnis and the St. Joseph's Hospital were authorized paid, and Mr. Stallard was authorized paid for 38 days' work, due to accident, with the expressed understanding that the action on the case was without commitment as to future action of the Board, and it did not establish a precedent and did not admit negligence or liability in paying this bill.

B-1. Outside Work for Dr. James S. Calvin.

President Donovan stated that he was in receipt of a request from Dr. James S. Calvin, with the approval of Dean M. M. White, to accept appointment as part-time research consultant at the Veterans Hospital in Lexington, Ky. He said that the work would require only one half-day per month at the Hospital and would not interfere with Doctor Calvin's work at the University.

Doctor Donovan stated that Doctor Calvin's work would be fully consumed with planning and training in research methods for the graduate students who are Veterans Administration trainees in clinical psychology.

President Donovan recommended that the request be granted, and upon motion duly made, seconded and carried, the recommendation of the President was concurred in.

C-1. Foreign Scholarships Approved.

President Donovan submitted recommendation of the Committee on Foreign Students.

Dr. A. E. Bigge, foreign student adviser, recommended that free tuition scholarships for the first semester of the school year 1949-50 be granted to,

Miss Blanche Wu, of China,
Miss Margrethe Eriksen, of Denmark,
Miss Ana Teresa Rios, of Panama.

In addition, Miss Rios has been granted the Rotary Foreign Student Fellowship.

President Donovan recommended that free fee scholarships be granted, and upon motion duly made, seconded and carried, the recommendation of the President was concurred in.

D-1. Gifts.

From Mr. P.A. B. Widener, III - 32 bound volumes
of "Federal Tax Service".

President Donovan reported the gift to the University Library of 32 bound volumes of "Federal Tax Service", by Mr. P. A. B. Widener, III, of Elmendorf Farm, Lexington, Ky. He stated that this gift represents a valuable contribution to the Library and very effective references for those interested in the subject, and recommended that the bound volumes be accepted.

The Board briefly discussed this gift, and upon motion duly made, seconded and carried, authorized the 32 bound volumes of "Federal Tax Service" accepted, and requested President Donovan to write a letter of appreciation to Mr. P.A.B. Widener, III.

From Distillers Feed Research Council, Inc.--
\$3,000.00.

President Donovan read the following letter from Dean Cooper:

July 8, 1949

President H. L. Donovan
University of Kentucky

Dear President Donovan:

I am transmitting herewith check for \$3,000.00, a contribution from the Distillers Feed Research Council, Inc. This fund is to be used in connection with our project A.I. No. 30 (revised). The value of corn distillers dried grains with solubles as a protein supplement for steers fattened in dry lot. These experiments should have practical significance to the farmers and feeders of Kentucky, because of their favorable location with respect to the productive areas for these feed supplements, and I recommend acceptance of the grant. The fund is to be set up as a trust fund, disbursements to be as approved by the director of the experiment station.

Sincerely yours,

(Signed) Thomas Cooper
Dean and Director.

After some discussion as to the importance of the use to be made of this gift, the check for \$3,000 from the Distillers Feed Research Council, Inc., was ordered accepted and President Donovan was requested to write a letter of appreciation to the donors.

From Sears-Roebuck Foundation, \$2200.00.

President Donovan reported receipt of check for \$2200.00 from the Sears-Roebuck Foundation. He said that this represents a continuation of their contributions for scholarships to students in the College of Agriculture and Home Economics, which they have maintained since 1940, and that these contributions have been most helpful to the students and to the College. He recommended that the grant be accepted.

Upon motion duly made, seconded and carried, the recommendation of the President was concurred in, and the check for \$2200.00 from the Sears-Roebuck Foundation was ordered accepted. President Donovan was requested to write a letter of appreciation to the donors.

From The Kroger Company, \$800.00.

President Donovan reported that, for the third consecutive year, The Kroger Company has made a contribution for scholarships in the College of Agriculture and Home Economics of the University, and presented a check for \$800.00 which is to be used to cover four scholarships of \$200.00 each. He recommended acceptance of the gift.

Upon motion duly made, seconded and carried, the gift of \$800.00 from The Kroger Company was ordered accepted, and President Donovan was requested to write a letter of appreciation to the donors.

E-1. Report on Burning of Bonds.

The Comptroller reported that the Executive Committee had appointed a committee composed of R. P. Hobson, John C. Everett, Leo M. Chamberlain, and Frank D. Peterson to burn bonds and coupons herein listed. He said that the Committee desired to report that the bonds and coupons had been burned, and asked to be dismissed.

This is to certify that on the 5th day of April, 1949, at Lexington, Kentucky, the Committee named by the Executive Committee of the Board of Trustees at the February 15, 1946, meeting, did assemble and did burn the Cancelled PWA Building Revenue Bonds dated January 1, 1936. The bonds and coupons were inspected; all bonds and coupons shown in the Board order were destroyed, in witness whereof we set our hands and the seal of the University of Kentucky.
