

Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, August 16, 1994.

The Board of Trustees of the University of Kentucky met at 1:00 p.m. (Lexington time) on Tuesday, August 16, 1994 in the Board Room on the 18th floor of Patterson Office Tower.

A. Meeting Opened

Governor Edward T. Breathitt, Chairperson, called the meeting to order at 1:00 p.m., and the invocation was pronounced by Mrs. Marian Sims.

B. Oath of Office Administered

Governor Breathitt stated that there were three new Board members joining the Board. He noted that the new members had taken the oath of office earlier because there was not a July meeting; however, he asked Paul Van Booven, Associate General Counsel, to administer the oath of office to the following members for public record:

Mr. Thomas Arthur Jones, who will serve as student trustee for the 1994-95 academic year.

Mr. Steven S. Reed, appointed by Governor Brereton C. Jones to replace Mr. Henry Jackson, for a term expiring June 30, 2000.

Mr. Ted B. Bates, appointed by Governor Brereton C. Jones to replace Judge Henry R. Wilhoit, for a term expiring June 30, 2000.

Governor Breathitt welcomed the new members and expressed appreciation to them for their willingness to serve on the Board.

President Wethington congratulated the new members. He asked Mr. Jones, Student Government President, to introduce his parents and family members who were in attendance, and they received a round of applause.

C. Roll Call

The following members of the Board of Trustees answered the call of the roll: Governor Edward T. Breathitt (Chairperson), Mr. Ted Bates, Mrs. Kay Shropshire Bell, Mr. Paul W. Chellgren, Mr. Robert N. Clay, Mr. James F. Hardymon, Mr. Thomas Arthur Jones, Dr. Robert P. Meriwether, Dr. Deborah Powell, Mr. Steven S. Reed, Mr. C. Frank Shoop, Mrs. Marian Sims, Professor John Sistarenik, Mr. Daniel C. Ulmer, Mrs. Lois C. Weinberg, Mr. Martin Welenken, and Mr. Billy B. Wilcoxson. Absent from the meeting were Loys L. Mather, Elissa Plattner, and William B. Sturgill. The University administration was represented by President Charles T. Wethington, Jr.; Chancellors Ben W. Carr, Jr., Robert E. Hemenway, and James W. Holsinger, Jr.; Vice Presidents Joseph T. Burch, Edward A. Carter, Donald B. Clapp, Delwood Collins, and Eugene Williams; Dr. Juanita Fleming, Special Assistant for Academic Affairs, Mr. Paul Van Booven, Associate General Counsel, and Mr. C. M. Newton, Athletics Director.

Members of the general public and the news media were also in attendance. A quorum being present, Governor Breathitt declared the meeting officially open for the conduct of business at 1:05 p.m.

D. Approval of Minutes

Governor Breathitt said that the Minutes of the Board meeting on June 14, 1994 and the Executive Committee meeting on June 18, 1994 had been distributed and asked for a motion of approval. On motion made by Mr. Shoop, seconded by Mrs. Bell and carried, the Minutes were approved.

E. President's Report to the Trustees (PR 1)

President Wethington commented on the following items in PR 1:

1. UK sets fund-raising record of \$31.6 million in the 1993-94 fiscal year, an 18 percent increase over the previous year.

President Wethington noted that Mr. Sturgill attended the Finance Committee meeting; however, he was unable to remain for the Board meeting. He acknowledged the significant contribution of Mr. Sturgill for an addition to the Sturgill Development Building and expressed appreciation to him.
2. UK's chapter of the Society of Women Engineers placed second in the "Team Tech" competition at the annual Society of Women Engineers convention.
3. The UK College of Law Student Bar Association has been judged by the American Bar Association's Law Student Division to be among the top three in the nation.
4. Forty-four Lexington Campus faculty members, most of them recently hired, participated in a week-long "Our Kentucky" tour during the first week of August.
5. A UK/University of Louisville Joint Center for the Study of Education Policy project funded by the BellSouth Foundation, the Gheens Foundation and Kentucky Educational Television will use case studies to help guide teachers in implementing key aspects of the Kentucky Education Reform Act.
6. UK is one of ten sites to participate in a new Small Business Administration pilot loan program designed to strengthen the viability of women business owners.
7. More students enroll in extended campus education courses at the Owensboro and Paducah extended campus graduate sites.
8. Alzheimer's research by the Sanders-Brown Center on Aging has attracted national attention by Life magazine, "ABC Nightline" and the Discovery Channel.

President Wethington asked the members to read the other important items in PR 1 at their leisure.

F. Personnel Actions (PR 2)

President Wethington called attention to the early retirement of Donald B. Clapp. He noted that Dr. Clapp has served as Vice President for Administration for the last three years and is retiring from the University after 22.83 years of service. He reported that Dr. Clapp has accepted a significant role as the first chairperson of the newly created Kentucky Health Policy Board. President Wethington reviewed the responsibilities that had been assigned to Dr. Clapp when he accepted the Vice President for Administration position and said that Dr. Clapp had completed those responsibilities exceedingly well. He said that Dr. Clapp had been an extremely important, valued and valuable administrator during his tenure with the University and expressed his appreciation to Dr. Clapp.

Dr. Clapp was asked to stand and be recognized, following which he received a round of applause.

President Wethington announced that he was dividing the responsibilities of Dr. Clapp's position. He called attention to the change in assignments of two individuals who will be sharing the responsibilities of fiscal affairs and administrative affairs: Mr. George DeBin and Professor Robert Lawson. He provided background information on these individuals and reviewed the responsibilities assigned to each of them. He indicated that Mr. DeBin would be the Chief Financial Officer for the University and that Professor Lawson would be the person in charge in the absence of the President. Mr. DeBin and Professor Lawson were asked to stand and be recognized, following which they received a round of applause.

President Wethington recommended that the Board approve PR 2. Mr. Bates moved approval. His motion, seconded by Mr. Wilcoxson, passed. (See PR 2 at the end of the Minutes.)

G. Proposed Amendments to the Governing Regulations (PR 3A)

President Wethington reviewed the proposed amendments to the Governing Regulations. He stated that they are presented to the Board for preliminary consideration and will be included on the agenda for action at the next meeting. Mrs. Weinberg moved that the proposed amendments be received for consideration. Her motion was seconded by Mrs. Bell and carried. (See PR 3A at the end of the Minutes.)

H. Change in Administrative Regulation (PR 3B)

President Wethington recommended that the Board approve the change in the Dentists' Services Plan by placing the policy information in the Administrative Regulations and removing it from the Governing Regulations. Dr. Meriwether moved approval. Mr. Hardyman seconded the motion, and it passed. (See PR 3B at the end of the Minutes.)

I. Change in Administrative Regulation (PR 3C)

President Wethington recommended that the Board approve the change in the Physicians' Services Plan by placing the policy information in the Administrative Regulations and removing it from the Governing Regulations. Mr. Shoop moved approval. His motion, seconded by Mr. Welenken, carried. (See PR 3C at the end of the Minutes.)

J. Appointment of University General Counsel (PR 3D)

President Wethington recommended that the Board approve the appointment of Mr. Richard E. Plymale as University General Counsel effective September 15, 1994. He briefly reviewed Mr. Plymale's superb credentials and expressed pleasure in recommending his appointment. On motion made by Dr. Meriwether, seconded by Mr. Ulmer and carried, PR 3D was approved. (See PR 3D at the end of the Minutes.)

Governor Breathitt commented on Mr. Plymale's excellent reputation in the legal profession and his outstanding governmental experience. He asked Mr. Plymale to stand and be recognized, following which he was given a round of applause.

President Wethington recognized Mr. Paul Van Booven who has been serving as Acting General Counsel during the interim period. He expressed appreciation to Mr. Van Booven and his staff for carrying out the responsibilities of the office in an exceptional fashion. Mr. Van Booven was recognized and given a round of applause.

K. Candidates for Degrees - Community College System (PR 4A)

President Wethington recommended that the degrees specified in PR 4A be awarded to the persons named, upon certification that the requirements for those degrees have been satisfactorily completed. Mr. Shoop moved approval. His motion was seconded by Mrs. Weinberg and carried. (See PR 4A at the end of the Minutes.)

L. Candidates for Degrees - University System (PR 5A)

President Wethington said that PR 5A is a companion document to PR 4A. The recommendation is that the President be authorized to confer upon each individual whose name appears on the list presented herewith the degree to which he/she is entitled, upon certification by the Registrar and approval by the University Senate, that the individual has satisfactorily completed all requirements for the degree for which application has been made. On motion made by Mrs. Sims and seconded by Dr. Powell, PR 5A was approved. (See PR 5A at the end of the Minutes.)

M. Change in Degree Title (PR 5A) [See: corrected copy - this folder]

President Wethington noted that PR 5B is another result of the reorganization and restructuring of the University. He recommended that the Board approve the change in the degree title in Computer Science from Bachelor of Science to Bachelor of Science in Computer Science. The Senate Council has reviewed and approved the recommendation to change the degree title. Mr. Jones moved approval. The motion, seconded by Mr. Shoop, passed. (See PR 5A at the end of the Minutes.)

N. Appointment of Director of International Affairs (PR 5C)

President Wethington recommended that Dr. Michael Reed be appointed Director of the Office of International Affairs, effective August 1, 1994. He noted that Dr. Reed has been with the University since 1978 and brings extensive expertise in dealing with international economic development and

export issues. Mrs. Sims moved approval. Her motion was seconded by Mr. Welenken and carried. (See PR 5C at the end of the Minutes.) Dr. Reed was asked to stand and be recognized, following which he received a round of applause.

O. Appointment of Director of the School of Journalism and Telecommunications (PR 5D)

President Wethington reminded the Board of the search that has been in progress for more than a year for a person to head the School of Journalism. He reported that the search was complete and said that he was pleased to recommend that Mr. Leland "Buck" Ryan be appointed Director of the School of Journalism and Telecommunications effective August 1, 1994. He asked Chancellor Hemenway to comment on the recommendation.

Chancellor Hemenway briefly reviewed Mr. Ryan's qualifications for the position. He noted that this position has attracted considerable media attention and expressed the desire to fill the position with someone who was widely recognized across the country in both the world of professional journalists and the world of academic journalists as a first-rate appointment. He said that, in his opinion, Mr. Ryan is that person, and he is honored to be able to recommend him as the Director.

On motion made by Dr. Meriwether and seconded by Mrs. Sims, the appointment of Mr. Ryan was unanimously approved. (See PR 5D at the end of the Minutes.)

P. Appointment of Co-holders of the Otis A. Singletary Chair in Humanities (PR 5E)

President Wethington recommended that Dr. Susan Bordo and Dr. William Freehling be appointed as co-holders of the Otis A. Singletary Chair in the Humanities effective August 1, 1994. He asked Chancellor Hemenway to comment on the recommendation.

Chancellor Hemenway provided background information on the Chair in Humanities. He reported that the recruitment of the chair was under the leadership of Dean Richard Edwards of the College of Arts and Sciences. He said that the opportunity presented itself to appoint co-holders of the Chair, and this was something that both appointees welcomed. He briefly reviewed the credentials of the Drs. Bordo and Freehling and expressed pleasure in recommending people of their caliber to the Board.

Mrs. Sims moved approval of PR 5E. Her motion, seconded by Mr. Shoop, carried. (See PR 5E at the end of the Minutes.)

Drs. Bordo and Freehling were asked to stand and be recognized, following which they received a round of applause. Dean Edwards was also recognized for his active involvement in the process.

Q. Disposal of Personal Property (FCR 1)

Mr. Hardymon, Chairperson of the Finance Committee, reported that the Committee met at 11:00 a.m. and reviewed nine items on the agenda to be presented for action. He said that FCR 1 is an item for the Disposal of

Personal Property. He reviewed the items in Exhibit 1 and recommended approval of FCR 1. Mr. Ulmer seconded the motion and it passed. (See FCR 1 at the end of the Minutes.)

R. Policy for Disposition of Personal Property (FCR 2)

Mr. Hardymon moved that the Board approve the Policy for Disposition of Personal Property as an Administrative Regulation. He noted that approval of the Board is required for each property disposition except in those specific cases where the property is acquired with federal or private gifts or grants and where (1) the University is required to transfer the property by the terms of a sponsor's regulations or conditions or (2) the grant is contracted or transferred to another organization under circumstances where the granting agency expects that the personal property will be transferred with the grant. Dr. Meriwether seconded the motion and it carried. (See FCR 2 at the end of the Minutes.)

S. Report of Leases (FCR 3)

Mr. Hardymon reviewed the Report of Leases and made a motion for approval. He noted that these leases were under \$30,000 in value. Mr. Chellgren seconded the motion and it carried. (See FCR 3 at the end of the Minutes.)

T. Capital Construction Report (FCR 4)

On motion made by Mr. Hardymon, seconded by Mrs. Bell and carried, the quarterly Capital Construction Report was approved. (See FCR 4 at the end of the Minutes.)

U. Philip Morris, Inc. Contribution (FCR 5)

Mr. Hardymon moved that the Board accept a gift of \$274,000 from Philip Morris, Inc. to the College of Agriculture. He said that the gift will be divided among tobacco research, extension and education programs, undergraduate scholarships, and graduate fellowships in the College. Mr. Hardymon's motion was seconded by Mr. Ulmer and passed. (See FCR 5 at the end of the Minutes.)

V. John William Pruett, Jr. Bequest (FCR 6)

Mr. Hardymon moved that the Board accept a bequest valued at \$107,000 from John William Pruett, Jr. He said that this is mainly a collection of 18 Paul Sawyer watercolors that are of superbly high quality and in remarkable condition. Mr. Shoop seconded the motion and it carried. (See FCR 6 at the end of the Minutes.)

W. Dow Corning Foundation Pledge (FCR 7)

Mr. Hardymon moved that the Board accept a pledge of \$100,000 from Dow Corning Foundation to Elizabethtown Community College. He said that it is a pledge to make installment payments of \$50,000 in the first quarters of 1995 and 1996. His motion was seconded by Mrs. Bell and passed. (See FCR 7 at the end of the Minutes.)

X. Patent Assignment (FCR 8)

On motion made by Mr. Hardymon, seconded by Mr. Ulmer and carried, the patent assignment in FCR 8 was approved.

Y. Transfer of Gas Distribution Facilities at Spindletop and Maine Chance Farms to Columbia Gas of Kentucky, Inc. (FCR 9)

Mr. Hardymon moved that the President or his designee be authorized to execute necessary documents to enable transfer of the University's ownership of natural gas distribution facilities at Spindletop and Maine Chance Farms to Columbia Gas of Kentucky, Inc. He said that by transferring this ownership to Columbia Gas it will relieve the University of the liability of the maintenance of these facilities. Mrs. Sims seconded the motion and it passed. (See FCR 9 at the end of the Minutes.)

Z. Investment Policy - Endowment Funds (ICR 1)

Mr. Wilcoxson, Chairperson of the Investment Committee, moved that the Board rescind the policy prohibiting investment of funds in any U. S. corporation or bank doing business in the Republic of South Africa. He provided background information which illustrated that the conditions existing in 1985 have changed significantly, and said that the Investment Committee recommends a change in policy. Mr. Reed seconded the motion and it carried. (See ICR 1 at the end of the Minutes.)

Governor Breathitt thanked Mr. Wilcoxson and the members of the Investment Committee for their outstanding work.

AA. Meeting Adjourned

There being no further business to come before the Board, the meeting adjourned at 1:54 p.m.

Respectfully submitted,

Lois C. Weinberg
Secretary
Board of Trustees

Members, Board of Trustees:

PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendments to the Governing Regulations of the University of Kentucky be received at this time for preliminary consideration and at the next regular meeting of the Board of Trustees, be included on the agenda for action.

(NOTE: Proposed additions are underlined; proposed deletions are bracketed).

Amendment #1 - change Part VIII.A.4.c to read

The division chairperson shall be appointed for a term of three years and normally shall serve for no more than [two] three consecutive terms. Reappointment beyond the [second] third term may occur under exceptional circumstances when it is deemed to be in the best interest of the community college and has been recommended by a faculty advisory committee.

Rationale: This change is proposed as a result of a study of the organizational structure in the Community College System. The opportunity for reappointment of the division chairperson for a third term was seen as a means of enhancing leadership in the Community College System. Continuity in leadership is important in all academic divisions, but more important in smaller divisions where fewer people are available to fill this important role. This change is supported by the community college presidents.

Amendment #2 - change Part X-10.b to read

b. [Physicians' Services Plan]

Full-time physicians of the clinical faculty who opt to remain under the Physicians' Services Plan shall deposit in The Fund for the Advancement of Education and Research in the University of Kentucky Medical Center all fees which they may receive from professional activities conducted as a part of the official Medical Center program, including all salary money received from other sources, such as the Veterans Administration. Income from publications and honoraria for lectures or other activities which are not a part of the Medical Center program are excluded from this Plan but remain subject to policies and regulations of the Board of Trustees. *

As a condition of employment, physicians who are full-time faculty members of the College of Medicine shall not maintain offices outside the facilities of the Medical Center or engage in the practice of medicine outside the approved programs of the Medical Center, except in situations where provision of services is required for professional ethics. With the approval of the dean, however, exceptions may be made when the nature of the assignments and the duties of faculty members require their location in a non-Medical Center setting for the discharge of their University responsibilities.

c. Dentists' Services Plan

Dentists with full-time appointments in the College of Dentistry shall deposit in the Dentists' Services Account of The Fund for the Advancement of Education and Research in the University of Kentucky Medical Center all fees from services that are incident to the care of patients and to all other activities which are a part of the Medical Center program. Income from publications and honoraria for lectures or other activities which are not a part of the Medical Center program are excluded from this Plan but remain subject to the policies and regulations of the Board of Trustees.

As a condition of employment, dentists who are full-time faculty members in the College of Dentistry shall not maintain offices outside the facilities of the Medical Center or engage in the practice of dentistry outside of the approved programs in the Medical Center, except in infrequent and special circumstances as in emergencies and in other situations where provision of services is required by professional ethics. With the approval of the dean, however, exceptions may be made when the nature of the assignments and the duties of faculty members require their location in a non-Medical Center setting for the discharge of their University responsibilities.]

Services Plans

Documents detailing the administration of the [physicians' Services Plan and the Dentists] Services Plans [have been] approved by the Board of Trustees [and] appear as a part of the Administrative Regulations [AR II-7.0-1, AR II-7.0-2, AR II-7.0-3, AR II-7.0-4].

Rationale: There are now eight Administrative Regulations on services plans. All have been approved by the Board of Trustees. Therefore, there is no need to specify each plan in the Governing Regulations.

Members, Board of Trustees:

CHANGE IN ADMINISTRATIVE REGULATION

Recommendation: that the Board of Trustees approve the change in the Dentists' Services Plan by placing the policy information which was in GR X 10.b in the Administrative Regulation.

Background: The policy information for this Administrative Regulation is in Governing Regulation X 10.b. To assure consistency of the services plans which have been approved by the Board of Trustees, the policy information will be in this Administrative Regulation instead of Governing Regulation X 10.b.

DENTAL SERVICES PLAN
(APPROVED BY THE BOARD OF TRUSTEES)

ARTICLE I. NAME OF THE PLAN

The Plan shall be known as the DENTAL SERVICES PLAN of the University of Kentucky Medical Center.

ARTICLE II. POLICY AND SCOPE OF THE PLAN

Dentists with full-time appointments in the College of Dentistry shall deposit in the Dentists' Services Account of The Fund for the Advancement of Education and Research in the University of Kentucky Medical Center all fees from services that are incident to the care of patients and to all other activities which are a part of the Medical Center program. Income from publications and honoraria for lectures or other activities which are not a part of the Medical Center program are excluded from this Plan but remain subject to the policies and regulations of the Board of Trustees.

As a condition of employment, dentists who are full-time faculty members in the College of Dentistry shall not maintain offices outside the facilities of the Medical Center or engage in the practice of dentistry outside of the approved programs in the Medical Center, except in infrequent and special circumstances as in emergencies and in other situations where provision of services is required by professional ethics. With the approval of the dean, however, exceptions may be made when the nature of the assignments and the duties of faculty members require their location in a non-Medical Center setting for the discharge of their University responsibilities.

The Plan establishes policies and general procedures relating to compensation for services rendered by all dentists, regardless of specialty, with full-time faculty appointments in the College of Dentistry. This Plan is applicable to compensation derived from salary and from the Dental Services Account both of which are established by the University Board of Trustees. The Plan is applicable to all services of such faculty members incident to the care of patients and to all other activities which are a part of the Medical Center program. Income from publications and honoraria for lectures or other activities which are not a part of the Medical Center program are excluded from the Plan, but remain subject to policies and regulations of the Board of Trustees.

ARTICLE III. PURPOSE OF THE PLAN

The purpose of the Plan is to facilitate proper functioning of the teaching, research, and service programs of the Medical Center, consistent with the integrity and responsibilities of the University. With this purpose paramount in consideration, the operation of the Plan will be evaluated periodically with the underlying principles hereinafter set forth as guides.

ARTICLE IV. DEFINITIONS

A. The "FUND" as used herein means the Fund for Advancement of Education and Research in the University of Kentucky Medical Center, a non-profit corporation organized in 1959 under the laws of Kentucky to promote, advance, and support the educational, research, and other purposes of the University of Kentucky Medical Center. The "BOARD OF DIRECTORS OF THE FUND" means the Board of Directors of the Fund for Advancement of Education and Research in the University of Kentucky Medical Center, which Board consists of six members, including the Chancellor for the Medical Center, the Vice Chancellor for Clinical Professional Services who is also the Dean of the College of Medicine, the Dean of the College of Dentistry, the Chairperson of the Executive Committee of the Board of Trustees of the University of Kentucky, and two members appointed by the Board of Trustees of the University.

B. The "DENTAL FACULTY ADVISORY COMMITTEE OF THE FUND" as herein used means that Committee of the Fund for Advancement of Education and Research in the University of Kentucky Medical Center appointed by the Board of Directors of the Fund pursuant of Article X of this Plan.

C. The "FACULTY ADVISORY COMMITTEE OF THE COLLEGE OF DENTISTRY" as herein used means that Committee of the College of Dentistry appointed by the Dean of the College of Dentistry as provided in Article IX of this Plan.

D. The "DENTAL SERVICES ACCOUNT" as herein used means that separate depository account to be established as provided in Article VII of this Plan.

E. The "BOARD OF TRUSTEES" as herein used means the Board of Trustees of the University which by law is the governing board of the institution.

ARTICLE V. UNDERLYING PRINCIPLES

A. Dental care will be provided in the Medical Center because it is essential to the teaching and research programs and to the proper use of the facilities and skills in the Center to reinforce health care resources in local communities throughout the Commonwealth.

B. The kinds and volume of dental care provided by the Medical Center will be determined by the needs of the teaching, research, and service programs of the Center. Income derived from the provision of such care is incidental to the purposes of these programs and in this sense is properly considered a "by-product" of their operation.

C. Medical Center patient care facilities will be used exclusively for activities which are part of the Center's teaching, research, and service programs. All patients admitted to the Medical Center will receive care as part of the teaching and research program.

D. An optimal teaching environment will imbue students with understanding, sympathy, and respect for the patient as a person and will cultivate attitudes which are consistent with the highest ideals of the dental profession. To develop in students the ability to relate to patients differing widely in personality and environmental factors requires that teaching patients not be drawn from a single segment of society but rather

that they represent a cross-section of the population. Moreover, optimal use of the Center's facilities in serving the needs of research activities requires absence of arbitrary restriction by social classification of patients. Such restrictions also would impair the value and usefulness to the people and dentists of the Commonwealth of the dental care resources available in the Center to reinforce resources available in local communities. In drawing teaching patients from all segments of the population, it will be the intent of the Medical Center to follow to the fullest extent possible the principle of strengthening the relationships between patients and their dentists.

E. The professional interests of full-time members of the clinical faculty of the College of Dentistry should be concentrated in academic dentistry. Arrangements creating financial incentives for full-time faculty members which would tend to inappropriately divert or dilute their concentration on teaching, research, and program responsibilities are not consistent with the mission of the Medical Center.

F. Each full-time member of the clinical faculty can rightfully expect:

1. The facilities, material, and support needed for teaching and research;
2. Opportunity to maintain and develop clinical skills; and
3. Compensation for work on a basis which recognizes the faculty member's responsibilities, competence, and productive effort and which is reasonably in line with compensation which the faculty member could obtain elsewhere in academic dentistry.

Success in attracting and holding an outstanding clinical faculty will depend on meeting these expectations.

G. Assurance that the level of compensation for full-time members of the clinical faculty is competitive with other good teaching centers and adequate to attract and maintain a strong, competent faculty is basically the responsibility of the University. Responsibility should rest with the University not only for ensuring that initial and subsequent levels of remuneration are adequate, but also for ensuring that such levels are not excessive. Through budgetary and related actions, the University should, to the extent possible and permissible, assure the faculty member that the faculty member's total remuneration from all sources will be in accord with a predetermined level which is fixed consistent with adequacy and which is periodically reviewed.

H. Payments received for dentists' services rendered by members of the full-time faculty of the College of Dentistry should be used only for remuneration of such faculty, in such manner and in such amounts as determined by the Board of Trustees, and for such other purposes in the Medical Center as may be recommended by representatives of the full-time faculty of the College of Dentistry.

I. With respect to each member of the full-time clinical faculty of the College of Dentistry, the amount of total compensation will be established

by the Board of Trustees in the operating budgets of the Medical Center. The manner and extent to which compensation from the Dental Services Account is combined with other compensation will be reviewed and approved annually by the Chancellor for the Medical Center with periodic reporting to the Board of Trustees with the objective of providing stability of total compensation without impinging on the freedom of faculty members to apportion their time and efforts among teaching, research, and patient care activities as determined by their interests and program responsibilities.

ARTICLE VI. SETTING OF CHARGES FOR SERVICES

Standard schedules of charges for dentists' services, as developed by the College of Dentistry, subject to review by the College Council of the College of Dentistry and approval by the Dean of the College of Dentistry, will be the general basis for assessing such charges to patients. However, the amount of charges to any individual patient may be adjusted as determined by the dentist rendering the services, if variation from standard charges is deemed by the dentist to be warranted by the circumstances.

ARTICLE VII. BILLING AND COLLECTION OF CHARGES FOR SERVICES

Charges for dental services rendered by the full-time members of the faculty of the College of Dentistry will be billed by the Medical Center for payment at the time services are provided or subsequently, with such charges and billings being appropriately coordinated with charges and billings for other services to patients. Collection of all amounts so billed will be handled by the Medical Center. Amounts collected for combined charges for services and undesignated receipts from or on behalf of individual patients who receive dental services will be applied on appropriate bases of proration to payment for dentists' services and to payment for other services. Major problems relating to collection from patients of charges for dentists' services will be handled in a manner that is subject to the concurrence of the dentists rendering the services to the patients. Any payments, other than compensation as established by the Board of Trustees, which are received by full-time faculty members for professional services within the scope of the Plan shall be transmitted on a current basis to the Medical Center for inclusion with other funds collected for dentists' services.

All funds collected or received by the Medical Center for dentists' services rendered by members of the faculty of the College of Dentistry shall be so collected and received by the Medical Center as Trustee for the Fund for Advancement of Education and Research in the University of Kentucky Medical Center. Such funds shall be segregated upon receipt and shall be paid over by the Medical Center to the Fund by depositing the same in a separate account of the Fund in such depository as may be designated. Such separate account shall be designated and known as the Dental Services Account of the Fund.

ARTICLE VIII. USE OF FUNDS DEPOSITED IN THE DENTAL SERVICES ACCOUNT

As a standing policy, The Fund for Advancement of Education and Research in the University of Kentucky Medical Center will use and expend all monies and funds deposited in the Dental Services Account to the extent available for the following purposes:

A. Compensation to members of the clinical faculty of the College of Dentistry in such amounts as may be necessary to provide the difference between other University compensation and the total compensation as established by the Board of Trustees in the operating budget of the Medical Center. The operating budget will show the amounts to be paid from the Dental Services Account, which amounts are dependent upon the availability of funds.

B. Such other purposes in the Medical Center as from time to time may be recommended to the Board of Directors of the Fund by the Dental Faculty Advisory Committee of the Fund provided, however, that such funds may not at any time be used for payment to members of the faculty of the College of Dentistry of income in excess of the total compensation established for the individual members thereof by the Board of Trustees in the operating budget of the Medical Center.

ARTICLE IX. THE FACULTY ADVISORY COMMITTEE OF THE COLLEGE OF DENTISTRY

The Dean of the College of Dentistry shall appoint a Faculty Advisory Committee of the College of Dentistry, which committee shall consist of the department Chairpersons, and such other faculty members as the Dean deems desirable. The Dean shall serve ex officio as Chairperson of the Committee. The Committee shall meet periodically and shall review the operation of this Plan, including matters relating to the applicability of the Plan to sources of income, standard schedules of charges for dentists' services, and any other aspects of the operation of the Plan. This Committee shall make such recommendations as it may deem appropriate to the Dean of the College of Dentistry with respect to the modification of the policies and procedures provided by this Plan or utilized in its operation. In the event that changes are deemed necessary, they will be brought before the College faculty by the Chairperson of the Committee.

ARTICLE X. THE FACULTY ADVISORY COMMITTEE OF THE FUND

The Board of Directors of the Fund will establish within the organizational structure of the Fund a Dental Faculty Advisory Committee, which shall consist of all the members of the Faculty Advisory Committee of the College of Dentistry. It shall be the duty of the Chairperson of the Dental Faculty Advisory Committee of the Fund to make recommendations from time to time to the Board of Directors of the Fund on the use of monies in the Dental Services Account of the Fund, specifically with respect to use of such monies pursuant to subparagraph B of Article VIII of this Plan and within the purposes authorized by the Articles of Incorporation of the Fund. In the performance of its duty the Committee shall review the status of the Dental Services Account, for which reviews the Fund shall provide summary statements of deposits, expenditures, and commitments by major categories.

ARTICLE XI. LIMITATIONS ON PRACTICE BY FACULTY MEMBERS

As a condition of employment, dentists who are full-time faculty members in the College of Dentistry will not maintain offices or engage in the practice of dentistry outside of the approved programs of the Medical Center except in infrequent and special circumstances as in emergencies and in other situations where provision of service is required by professional ethics.

PHYSICIANS' SERVICES PLAN
(APPROVED BY THE BOARD OF TRUSTEES)

ARTICLE I. NAME OF THE PLAN

The Plan shall be known as the PHYSICIANS' SERVICES PLAN of the University of Kentucky Medical Center.

ARTICLE II. POLICY AND SCOPE OF THE PLAN

Full-time physicians of the clinical faculty who opt to remain under the Physicians' Services Plan shall deposit in The Fund for the Advancement of Education and Research in the University of Kentucky Medical Center all fees which they may receive from professional activities conducted as a part of the official Medical Center program, including all salary money received from other sources, such as the Veterans Administration. Income from publications and honoraria for lectures or other activities which are not a part of the Medical Center program are excluded from this Plan but remain subject to policies and regulations of the Board of Trustees.

As a condition of employment, physicians who are full-time faculty members of the College of Medicine shall not maintain offices outside the facilities of the Medical Center or engage in the practice of medicine outside the approved programs of the Medical Center, except in infrequent and special circumstances as in emergencies and in other situations where provision of services is required for professional ethics. With the approval of the dean, however, exceptions may be made when the nature of the assignments and the duties of faculty members require their location in a non-Medical Center setting for the discharge of their University responsibilities.

The Plan establishes policies and general procedures relating to compensation for services rendered by participating physicians, regardless of specialty, with full-time faculty appointments in the College of Medicine. This Plan is applicable to compensation derived from salary and from the Medical Services Account, both of which are established by the University Board of Trustees. The Plan is applicable to all services of such faculty members incident to the care of patients and to all other activities which are a part of the Medical Center program. Income from publications and honoraria for lectures or other activities which are not a part of the Medical Center program are excluded from the Plan, but remain subject to policies and regulations of the Board of Trustees.

ARTICLE III. PURPOSE OF THE PLAN

The purpose of the Plan is to facilitate proper functioning of the teaching, research, and service programs of the Medical Center, consistent with the integrity and responsibilities of the University. With this purpose paramount in consideration, the operation of the Plan will be evaluated periodically with the underlying principles hereinafter set forth as guides.

ARTICLE IV. DEFINITIONS

A. The "FUND" as used herein means The Fund for Advancement of Education and Research in the University of Kentucky Medical Center, a non-profit corporation organized in 1959 under the laws of Kentucky to promote, advance, and support the educational, research, and other purposes of the University of Kentucky Medical Center. The "BOARD OF DIRECTORS OF THE FUND" means the Board of Directors of The Fund for Advancement of Education and Research in the University of Kentucky Medical Center, which Board consists of five members, including the Chancellor for the Medical Center, the Vice Chancellor for Clinical Professional Services who is also the Dean of the College of Medicine, the Chairperson of the Executive Committee of the Board of Trustees of the University, and two members appointed by the Board of Trustees of the University.

B. The "FACULTY ADVISORY COMMITTEE OF THE FUND" as herein used means that Committee of The Fund for Advancement of Education and Research in the University of Kentucky Medical Center appointed by the Board of Directors of The Fund pursuant to Article X of this Plan.

C. The "FACULTY ADVISORY COMMITTEE OF THE COLLEGE OF MEDICINE" as herein used means that Committee of the College of Medicine appointed by the Dean of the College of Medicine as provided in Article IX of this Plan.

D. The "CLINICAL DEPARTMENTS" as herein used means the following departments of the College of Medicine: Anesthesiology, Diagnostic Radiology, Emergency Medicine, Family Practice, Medicine, Neurology, Obstetrics and Gynecology, Ophthalmology, Pathology, Pediatrics, Preventive Medicine and Environmental Health, Psychiatry, Radiation Medicine, Rehabilitation Medicine, and Surgery, and any other departments that in the future may be established and designated as clinical by the Board of Trustees of the University. "BASIC SCIENCE DEPARTMENTS" as herein used means any of the other academic departments of the College of Medicine not specifically included in this definition of clinical departments.

E. The "MEDICAL SERVICES ACCOUNT" as herein used means that separate depository account to be established as provided in Article VII of this Plan.

F. The "BOARD OF TRUSTEES" as herein used means the Board of Trustees of the University which by law is the governing board of the institution.

ARTICLE V. UNDERLYING PRINCIPLES

A. Medical care will be provided in the Medical Center because it is essential to the teaching and research programs and to the proper use of the facilities and skills in the Center to reinforce health care resources in local communities throughout the Commonwealth.

B. The kinds and volume of medical care provided by the Medical Center will be determined by the needs of the teaching, research, and service programs of the Center.

C. Medical Center patient care facilities will be used exclusively for activities which are part of the Center's teaching, research, and service programs and separated areas will not be provided for private clinics or pavilions. All patients admitted to the Medical Center will receive care on an equal basis as part of the teaching and research programs, irrespective of ability to pay or source of payment.

D. An optimal teaching environment will imbue students with understanding, sympathy, and respect for the patient as a person and will cultivate attitudes which are consistent with the highest ideals of the medical profession. To develop in students the ability to relate to patients differing widely in personality and environmental factors requires that teaching patients not be drawn from a single segment of society but rather that they represent a cross-section of the population. Moreover, optimal use of the Center's facilities in serving the needs of research activities requires absence of arbitrary restriction by social classification of patients. Such restrictions also would impair the value and usefulness to the people and physicians of the Commonwealth of the medical care resources available in the Center to reinforce resources available in local communities. In drawing teaching patients from all segments of the population, it will be the intent of the Medical Center to follow to the fullest extent possible the principle of strengthening the relationships between patients and their physicians by accepting patients upon referral of, and returning patients with appropriate reports to, physicians having responsibility for ongoing care, not precluding appropriate acceptance of patients requiring emergency care or upon referral of health and welfare agencies or the University Health Service.

E. For a significant proportion of the patients admitted under policies in existence, it should be possible to obtain, either from the patient or some third-party agency on behalf of the patient, payment of all or part of the cost of hospital services. Where payment for such services is obtainable, the Medical Center and the faculty members participating in this Plan will make appropriate charges to cover the cost of providing these services.

F. Where payment is obtainable for hospital services, frequently payment will be obtainable for medical services rendered by physicians who are full-time members of the College of Medicine faculty and, with few exceptions, payment by or on behalf of patients for the medical services they receive is deemed proper and appropriate. Income derived from such services is incidental to the purposes for which patients are admitted to the Medical Center and in this sense is properly considered a "by-product" from the operation of the programs for which the Center exists.

G. The professional interests of full-time members of the clinical faculty of the College of Medicine should be concentrated in academic medicine. Arrangements creating financial incentives for full-time faculty members which would tend inappropriately to divert or dilute their concentration on teaching, research, and program responsibilities are not consistent with the mission of the Medical Center.

H. Each full-time member of the clinical faculty can rightfully expect:

1. The facilities, material, and support needed for teaching and research;

2. Ample opportunity to maintain and develop clinical skills; and

3. Compensation for work on a basis which recognizes the faculty member's responsibilities, competence, and productive effort and which is reasonably in line with compensation which the faculty member could obtain elsewhere in academic medicine.

Success in attracting and holding an outstanding clinical faculty will depend on meeting these expectations.

I. Assurance that the level of compensation for full-time members of the clinical faculty is competitive with other good medical teaching centers and adequate to attract and maintain a strong, competent faculty is basically the responsibility of the University. Responsibility should rest with the University not only for ensuring that initial and subsequent levels of remuneration are adequate, but also for ensuring that such levels are not excessive. Through budgetary and related actions, the University should, to the extent possible and permissible, assure the faculty member that the faculty member's total remuneration from all sources will be in accord with a predetermined level which is fixed consistent with adequacy and which is periodically reviewed.

J. Payments received for physicians' services rendered by members of the full-time faculty of the College of Medicine in this Plan should be used only for remuneration of such faculty, in such manner and in such amounts as determined by the Board of Trustees, and for such other purposes in the Medical Center as may be recommended by representatives of the full-time faculty of the College of Medicine in this Plan.

K. With respect to each member of the full-time clinical faculty of the College of Medicine in this Plan, the amount of total compensation will be established by the Board of Trustees in the operating budgets of the Medical Center. The manner and extent to which compensation from the Medical Services Account is combined with other compensation will be reviewed and approved annually by the Chancellor for the Medical Center with periodic reporting to the Board of Trustees with the objective of providing stability of total compensation without impinging on the freedom of faculty members to apportion their time and efforts among teaching, research, and patient care activities as determined by their interests and program responsibilities.

ARTICLE VI. SETTING OF CHARGES FOR PHYSICIANS' SERVICES

Standard schedules of charges for physicians' services, as developed from time to time by the various clinical departments of the College of Medicine, subject to review by the Faculty Advisory Committee and approval by the Dean of the College of Medicine, will be the general basis for assessing such charges to patients. However, the amount of charges to any individual patient may be adjusted as determined by the physician rendering the services, if variation from standard charges is deemed by the physician to be warranted by the circumstances.

ARTICLE VII. BILLING AND COLLECTION OF CHARGES FOR PHYSICIANS' SERVICES

Charges for services rendered by the full-time members of the faculty of the College of Medicine in this Plan will be billed by the Medical Center in a manner naming the physician rendering the service. Billing of charges from the Medical Center for physicians' services will be coordinated with billing for hospital services. Collection of all amounts so billed will be handled by the Medical Center, with undesignated receipts from or on behalf of individual patients being applied on a prorated basis to payment of hospital charges and to payment of charges for physicians' services. Major problems relating to collection from patients of charges for physicians' services will be handled in a manner that is subject to the concurrence of the physicians rendering the services to the patients. Any payments, other than compensation as established by the Board of Trustees, which are received by full-time faculty members for professional services within the scope of the Plan shall be transmitted on a current basis to the Medical Center for inclusion with other funds collected for physicians' services.

All funds collected or received by the Medical Center for services rendered by full-time members of the faculty of the College of Medicine in this Plan shall be so collected and received by the Medical Center as Trustee for The Fund for the Advancement of Education and Research in the University of Kentucky Medical Center. Such funds shall be segregated upon receipt and shall be paid over by the Medical Center to the Fund by depositing the same in a separate account of the Fund in such depository as may be designated. Such separate account shall be designated and known as the Medical Services Account of the Fund.

ARTICLE VIII. USE OF FUNDS DEPOSITED IN THE MEDICAL SERVICES ACCOUNT

As a standing policy, The Fund for the Advancement of Education and Research in the University of Kentucky Medical Center will use and expend all monies and funds deposited in the Medical Services Account to the extent available for the following purposes:

A. Compensation to members of the full-time clinical faculty of the College of Medicine in this Plan in such amounts as may be necessary to provide the difference between other University compensation and the total compensation as established by the Board of Trustees in the operating budget of the Medical Center. The operating budget will show the amounts to be paid from the Medical Services Account, which amounts are dependent upon the availability of funds.

B. Such other purposes in the Medical Center as from time to time may be recommended to the Board of Directors of the Fund by the Faculty Advisory Committee of the Fund provided, however, that such funds may not at any time be used for payment to members of the full-time faculty of the College of Medicine in this Plan of income in excess of the total compensation established for the individual members thereof by the Board of Trustees in the operating budget of the Medical Center.

ARTICLE IX. THE FACULTY ADVISORY COMMITTEE OF THE COLLEGE OF MEDICINE

The Dean of the College of Medicine shall appoint a Faculty Advisory Committee of the College of Medicine, which Committee shall consist of the chairpersons of the clinical departments as defined in Article IV herein, the chairperson of one of the basic science departments of the College, and such other faculty members as the Dean deems desirable. The Dean shall serve ex officio as Chairperson of the Committee. The Committee shall meet at least quarterly and shall review the operation of this Plan, including matters relating to the applicability of the Plan to sources of income, standard schedules of charges for physicians' services as developed by the clinical departments, and any other aspects of the operation of the Plan. This Committee shall make such recommendations as it may deem appropriate to the Dean of the College of Medicine with respect to the modification of the policies and procedures provided by this Plan or utilized in its operation.

ARTICLE X. THE FACULTY ADVISORY COMMITTEE OF THE FUND

The Board of Directors of the Fund will establish within the organizational structure of the Fund a Faculty Advisory Committee, which shall consist of all the members of the Faculty Advisory Committee of the College of Medicine. The chairpersons of the clinical departments and the chairperson of the basic science department shall be the only voting members of this Committee of the Fund except that the Dean of the College of Medicine shall vote upon motions on which the other voting members of the Committee are equally divided. It shall be the duty of the Faculty Advisory Committee of the Fund to make recommendations from time to time to the Board of Directors of the Fund on the use of monies in the Medical Services Account of the Fund, specifically with respect to use of such monies pursuant to subparagraph B of Article VIII of this Plan and within the purposes authorized by the Articles of Incorporation of the Fund. In the performance of its duty the Committee shall review the status of the Medical Services Account, for which reviews the Fund shall provide summary statements of deposits, expenditures, and commitments by major categories.

ARTICLE XI. LIMITATIONS ON MEDICAL PRACTICE BY FACULTY MEMBERS

As a condition of employment, physicians who are full-time faculty members in the College of Medicine in this Plan shall not maintain offices or engage in the practice of medicine outside of the approved programs of the Medical Center except in infrequent and special circumstances as in emergencies and in other situations where provision of service is required by professional ethics.

ARTICLE XII. EFFECTIVE DATE

Upon approval by the Board of Trustees of the University of Kentucky, the Physicians' Services Plan will be effective as of September 20, 1960. Subsequent modifications or amendments of the Plan will be effective upon approval of the Board of Trustees or as of such date as may be specified by the Board of Trustees.

For Your Information

Due to the late approval of a new graduate degree, Master of Science in Communication Disorders, eight (8) students were listed on the May 1994 degree candidate list as Master of Science candidates instead of Master of Science in Communication Disorders candidates.

These students are:

Carrie J. Cox
Beth L. Ladd
Ora Lee Maloney
Christy Ann McKay
Nicole Simounet Price
Clarissa Elizabeth Spawn
Ginny Hobson Sublett
Lisa T. Wells

They received diplomas reflecting the new degree, Master of Science in Communication Disorders, and their transcripts reflect this degree.

CHANGE IN DEGREE TITLE

Recommendation: that the Board of Trustees approve the change in the degree title in Computer Science from Bachelor of Science to Bachelor of Science in Computer Science.

Background: The Department of Computer Science moved from the College of Arts and Sciences to the College of Engineering. The degree awarded by Arts and Sciences was either the Bachelor of Arts or Bachelor of Science with no specific designation of Computer Science in the degree title. The recommendation submitted is to make the degree title consistent with other degree titles in the College of Engineering all of which have specific designations. The Senate Council approved the recommendation to change the degree title.

APPOINTMENT OF DIRECTOR OF INTERNATIONAL AFFAIRS
LEXINGTON CAMPUS

Recommendation: that Dr. Michael Reed be appointed Director of the Office of International Affairs, effective August 1, 1994.

Background: After a long and distinguished career as Director of the Office of International Affairs, Dr. Russell Brannon is returning to the faculty of the College of Agriculture. An internal search was initiated during the spring semester of 1994 to identify his replacement, and several outstanding candidates were considered. Dr. Michael Reed, professor of Agricultural Economics and executive director of the Center for Agricultural Export Development, brings a wealth of experience in international development projects to the position. Dr. Reed has also been an active force in the College of Agriculture's efforts to internationalize its programs. A 1974 graduate of Kansas State University, Dr. Reed received his master's and doctoral degrees from Iowa State University in 1976 and 1979 respectively. He joined the Agricultural Economics faculty at the University of Kentucky in 1978 and was promoted to associate professor in 1983 and to full professor in 1989. Dr. Reed has published widely in the area of international trade and has received a number of grants for his international research. His international experience includes travel to Hong Kong, Japan, Korea, Taiwan, Poland, France, Mexico, Belgium, West Germany, Dominican Republic, China, Zaire, West and Southern Africa, and the West Indies.

APPOINTMENT OF DIRECTOR OF THE SCHOOL
OF JOURNALISM AND TELECOMMUNICATIONS
LEXINGTON CAMPUS

Recommendation: that Mr. Leland "Buck" Ryan be appointed Director of the School of Journalism and Telecommunications, effective August 1, 1994.

Background: Professor David Dick stepped down from the directorship of the School of Journalism and Telecommunications to return to the faculty in June 1993. Dr. Roy Moore has served as Acting Director of the school since that time. A national search was initiated and resulted in a number of outstanding candidates to lead the school. Leland "Buck" Ryan is a nationally known journalism educator whose creation of the "Maestro Concept" helped revolutionize the traditional newspaper newsroom organization. Mr. Ryan received a bachelor's and master's degree from the University of Missouri-Columbia in 1978 and 1990 respectively. He has taught at Northwestern University's Medill School of Journalism since 1981 and at the University of Missouri-Columbia School of Journalism from 1978-1980. In 1993 Mr. Ryan served as senior editor for the Oregonian in Portland, Oregon. He served as assistant metropolitan editor for the Chicago Tribune from 1984-1990, following positions as copy editor and makeup editor from 1980-1983. He has also worked as a freelance correspondent in London, England, weekend news editor and copy editor for the Niagara Falls Gazette, and as copy editor and assistant telegraph editor for the Buffalo Evening News. Mr. Ryan's "Maestro Concept" has been adopted by a number of newspapers nationwide, including The Star Tribune (Minneapolis, MN), The Santa Barbara (CA) News-Press, The Virginian-Pilot and Ledger-Star (Norfolk, VA), The News and Observer (Raleigh, NC), and The Tribune (Albuquerque, NM).

The University of Kentucky is honored to appoint such an outstanding journalist to the position of Director of the School of Journalism and Telecommunications.

APPOINTMENT OF CO-HOLDERS OF THE
OTIS A. SINGLETARY CHAIR IN HUMANITIES

Recommendation: that Dr. Susan Bordo and Dr. William Freehling be appointed as co-holders of the Otis A. Singletary Chair in the Humanities, effective August 1, 1994.

Background: The Otis A. Singletary Chair in the Humanities was established in 1985 with a gift from Ashland Oil in honor of Dr. Singletary, who occupied the chair until 1992.

Professors Bordo and Freehling are superb additions to the faculty of the College of Arts and Sciences. Professor Susan Bordo held the Joseph C. Georg professorship in Philosophy at Le Moyne College in Syracuse, New York. Her areas of scholarly interest include the philosophy of culture, feminist theory, philosophy of the body, and interdisciplinary studies (particularly connections among literature, psychology, and philosophy). Her 1993 book, Unbearable Weight: Feminism, Western Culture, and the Body, has received widespread attention and critical praise, as have her other books and articles. She teaches a broad range of courses in philosophy, women's studies, and interdisciplinary areas.

Professor William Freehling comes to the University of Kentucky from the State University of New York at Buffalo where he was the Thomas B. Lockwood Professor of American History. Professor Freehling's writings focus on American history between the Revolutionary and the Civil Wars, and include the prize-winning 1990 book, The Road to Disunion: Disunionists at Bay, 1776-1854, and his most recent book, The Reintegration of American History: Slavery and the Civil War. His teaching interests, in addition to the political and social history of the early national period, include American cultural history, the history of slavery, the history of American furniture, and the achievements of American novelists.

POLICY FOR DISPOSITION OF PERSONAL PROPERTY

Recommendation: that the Board of Trustees approve the Policy for Disposition of Personal Property as an Administrative Regulation of the University of Kentucky.

Background: The proposed regulation is developed pursuant to authority granted to the University of Kentucky Board of Trustees under KRS 164A.575. It generally reflects current policies of the University of Kentucky, but it represents a consolidation into a formal Administrative Regulation. The policy continues to provide for Board of Trustees action on each property disposition except for certain instances where the property has been acquired with federal or private gifts or grants and where the transfer of property is required or expected by the granting agency.

Policy for Disposition of Personal Property

A. General

Surplus property of the University of Kentucky and its affiliated corporations may be sold or otherwise disposed of in accordance with the Kentucky Revised Statutes (KRS 164A.575). The relevant sections of the law are stated below:

"The governing board shall have power to salvage, to exchange, and to condemn supplies, equipment, and real property." [KRS 164A.575(5)]

"The governing board shall sell or otherwise dispose of all real or personal property of the institution which is not needed or has become unsuitable for public use, or would be more suitable consistent with the public interest for some other use, as determined by the board. The determination of the board shall be set forth in an order and shall be reached only after review of a written request by the institution desiring to dispose of the property. Such request shall describe the property and state the reasons why the institution believes disposal should be effected. All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the appropriate officer of the board. Unless the board deems it in the best interest of the institution to proceed otherwise, all such real or personal property shall be sold either by invitation of sealed bids or by public auction; provided, however, that the selling price of any interest in real property shall not be less than the appraised value thereof as determined by the Finance and Administration Cabinet or the Transportation Cabinet for such requirements of that department." [KRS 164A.575(7)]

It is the purpose of this document to set forth the policies and procedures of the University of Kentucky necessary to conform to the requirements of this law for the disposition of all property and to provide guidance to all units within the University and its affiliated corporations for the transfer or other disposition of any such personal property.

Express approval of the Board of Trustees is required for each property disposition except in those specific cases where the property is acquired with federal or private gifts or grants and where: (1) the University is required to transfer the property by the terms of a sponsor's regulations or conditions, or (2) the grant is contracted or otherwise transferred to another organization under circumstances where the granting agency expects that the personal property will be transferred with the grant.

B. Personal Property Disposition

1. Definition

Personal property is defined as all items of moveable or fixed equipment and supplies owned by the University of Kentucky and its affiliated corporations (excluding livestock, see part 2.b of this section).

2. Procedures

The following procedures will establish the generally accepted procedures for the disposal, conveyance, or transfer of personal property. In an organization as complex as the University of Kentucky, it is difficult to describe all possible cases. Exceptions to these procedures will be granted only at the discretion of the Board of Trustees upon the recommendation of the President and consistent with

KRS 164A.575. For purposes of disposition, personal property, regardless of how acquired by the University of Kentucky and its affiliated corporations, will be classified as: [a] recyclable materials; [b] livestock; [c] unsuitable for public use (for example, hazardous property, equipment that cannot be repaired); [d] trade-ins; [e] property more suitable for some other use consistent with the public interest; or [f] not needed (as a result, for example, of program redirection or termination, replacement by new equipment, duplication as a result of a gift of other equipment).

a. Sale of Recyclable Materials

The sale of recyclable materials (*i.e.*, scrap paper, metal, X-ray film, and precious metals) shall be authorized by an order of the Board of Trustees approving in advance an annual plan for expected sales. The Office of the Controller and Treasurer is responsible for the establishment of competitively bid vendor contracts for the disposal of recyclable materials. These contracts are established annually through the Purchasing Division.

b. Livestock Disposition

The Dean of the College of Agriculture is responsible for the administration of sales or other disposition of all livestock with the approval of the Controller and Treasurer. Disposition of livestock shall be authorized by an order of the Board of Trustees approving an advance annual plan for livestock sales. Approval of an advance annual plan is necessary due to price fluctuations and problems of anticipating exact dates livestock will be sold. Livestock will be sold by one of the following methods:

1) Disposition by Public Auction or Sealed Bid

Unless it is in the best interest of the University of Kentucky to proceed otherwise, livestock shall be sold by invitation of sealed bids or by public auction (*i.e.*, local livestock auctions).

2) Disposition of Superior Breeding Animals by Private Treaty

In order to improve the Commonwealth's livestock economy, superior animals (cattle, horses, swine, and sheep) may be sold by private treaty by complying with the following guidelines. An estimated number of superior animals by species, sex, age, etc., will be advertised by a responsible faculty member through the Cooperative Extension Service, Kentucky Agri-news or a major newspaper at least one month before sale. Minimum sale prices will be established by the College of Agriculture. Sale of animals will be to the highest bidder at or above the established sale price. In cases of tie bids, a random draw will determine the successful bidder.

3) Special Cases

Any animal disposals which do not fall within the methods contained in sections 1 and 2 above will be handled on a case by case basis. Written justification for the sale and exception to the ordinary methods must be approved by the Department Chair, Dean of the College of Agriculture, Vice Chancellor for Administration of the Lexington

Campus, and the Controller and Treasurer, and accompany the Personal Property Sale Request Form.

c. **Property Unsuitable for Public Use**

- 1) Items of personal property that would endanger the public through continued use (i.e., radioactively contaminated machines, biologically hazardous equipment, equipment that would be harmful even if repaired, etc.) can be declared unsuitable for public use and are to be reported in writing to the Surplus Property/Waste Management Department, Office of the Controller and Treasurer.
- 2) Unless the Board of Trustees deems it in the best interest of the University of Kentucky to proceed otherwise, all items of personal property unsuitable for public use shall be disposed of by the Controller and Treasurer in a manner in accord with laws governing the disposal of such items. Any hazardous material (e.g., asbestos, chemicals, etc.) must *first* be reported to the Director, Office of Environmental Health and Safety. This office, with assistance of Surplus Property/Waste Management Department, will dispose of such hazardous material in accord with appropriate state and federal regulations and with the cost of disposal born by the appropriate administrative unit.

d. **Property Trade-Ins**

- 1) Items of personal property that will be replaced by new equipment as part of a trade-in agreement with a vendor will be reported in writing to the Surplus Property/Waste Management Department, Office of the Controller and Treasurer. The Surplus Property/Waste Management Department, in consultation with the appropriate chair or dean and the Director, Purchasing Division, will approve each request based upon the best interest of the University. The University must obtain at least market value for property items disposed of as part of a trade-in agreement. It is the responsibility of the department to provide a copy of the purchase order to Surplus Property/Waste Management Department, Office of the Controller and Treasurer.
- 2) The Plant Assets Inventory Section of General Accounting will review each request for accounting purposes.

e. **More Suitable for Some Other Use Consistent with the Public Interest**

Consistent with the best interest of the University of Kentucky and the general public as determined by the Board of Trustees, personal property may be sold by negotiation for a monetary consideration or conveyed without monetary consideration to other Commonwealth of Kentucky agencies, local governmental units in Kentucky (e.g., city, county, public schools, civil defense units); other educational institutions, and non-profit, charitable, civic, or community organizations. Preference will be given, where appropriate, to those public agencies or institutions within the Commonwealth of Kentucky. Organizational units within the University may recommend the sale or conveyance of personal property to one of the groups listed above.

f. **Property Acquired with Gifts or Grants**

If the University is required or expected to transfer the property by the terms of a sponsor's regulations or conditions, as set forth in Paragraph A above, no action by the Board of Trustees is required. The Vice President for Research and Graduate Studies shall provide documentation and certification to the Controller and Treasurer that such a condition exists. The transfer is subject to approval of the Controller and Treasurer who shall maintain the official records of such transfers.

g. **Other Property That Is Not Needed**

- 1) Items of personal property that are not needed by an organizational unit will be reported in writing to the Surplus Property/Waste Management Department, Office of the Controller and Treasurer.
- 2) Items of personal property that have been reported in the above fashion are available for transfer to other internal organizational units. Such transfers to internal units do not require action of the Board of Trustees.
- 3) Unless the Board of Trustees deems it in the best interest of the University of Kentucky to proceed otherwise, all items of personal property not transferred to an internal organizational unit shall be sold either by invitation of sealed bids or by public auction. Sale by negotiation for monetary consideration or conveyance without charge to other state agencies or state supported institutions of higher education within the Commonwealth of Kentucky will require action by the Surplus Property/Waste Management Department.
- 4) For routine dispositions (e.g., obsolete equipment, surplus office equipment), a plan is submitted to The Board of Trustees on an annual basis setting forth the description of the personal property, reasons for disposition, and the method of disposition. For non-routine dispositions, an order is submitted to The Board of Trustees on an item-by-item basis setting forth the description of the personal property, reasons for disposition, and the method of disposition.

CHANGE ORDER #1	Delete responsibility of providing for the sewer tap fee. The allowance during bid phase was stipulated at \$5,000.		4/24/94		- 5,000.00
Reason for Change:	City of Somerset to be responsible for sewer tap fee.				
CHANGE ORDER #2	Change the 10' diameter manholes in the storm drain line to 4' transitions at structures 10+30, 16+50 and 14+30. Change 10' box to 66"x48" tee at structure 14+30. Change 10' diameter box manhole to 80 degrees pipe bend at 18+20.		6/07/94		- 6,765.00
Reason for Change:	Structure @ 10+30 & 16+50: 10' diameter not needed for the full depth. 4' diameter is sufficient for personnel accessibility. Structure @ 14+30: 4' diameter is sufficient for personnel accessibility. Also, 66" diameter TEE is as efficient as 10' box. Structure @ 18+20: 10' diameter box wouldn't structurally allow 2 - 66" pipes to enter it at an 80 degree layout. Manhole not required by code, therefore an 80 degree bend pipe is proposed.

CHANGE ORDER #1	1. Add a wood door, frame, and hardware for door mark A1001 located between the ASTeCC tunnel and the mechanical room in the sub-basement of McVey. 2. Add kick plates on the hardware schedule to headings 3, 5A, 14, 16, 16A, 28, 28B total of 46 plates). 3. Revise a pair of 3'-0" doors at opening A339 to 3'-6" pair. This will require a new frame as well as doors. The original hardware will be used in the opening. Turn over the 3'-0" doors and frame to Phase IV.		4/07/94		+ 4,328.00
Reason for Change:	1. The door is not indicated as new and the door is not shown on the door schedule. The Contractor had no indication that this was a new door and to be provided by this contract. 2. Program requirements for door protection, not included in bid documents. 3. The 3'-0" pair of doors was not adequate for passage for ASTeCC I to II. This frame is located at the corridor to ASTeCC II from the elevator lobby.				
CHANGE ORDER #2	Remove and dispose of mechanical testing equipment on the side of the block house in the quadrangle. This will require a dumpster and crane, as well as manpower to rig and remove equipment.		4/07/94		+ 3,627.00
Reason for Change:	The equipment belongs to the engineering department and was mounted in an area that interfered with installation of stairs and dryvit of ASTeCC IV, Bid Pack 1. The equipment needed to be removed to improve the aesthetics at the intersection of C.E. and ASTeCC plazas.

CHANGE ORDER #3	Change the roll-up overhead door at the loading dock from solid steel to tempered glass and aluminum. Add a fixed filler section at the arched head of the door and add steel channels at the door jambs attached to the structure and protecting the brick at both jambs.		5/03/94		+ 1,938.00
Reason for Change:	The design program called for a glass panel door but contract documents show and specified a gauged steel door. With the overhead structural clearance at the arch, it is not possible to have the door at full height and still operate so the fixed panel was added and lowered. Finally, the bid documents indicated the door jamb tracks to be mounted directly to the building structure. With the brick wrap at the west column and fascia at the east wall the door would not have had a proper weather seal at the jambs without adding the full height.

CHANGE ORDER #1	1. Revise the spec for the chill water pumps to provide 250 psi working pressure in the entire system. 2. Revise the heat exchanger, reheat pump, and chilled water pump. Resize the expansion tank for the revised system volume. The check valve shall be relocated in the chill water system as indicated.		3/07/94*		+ 4,725.00

II. CONSTRUCTION CONTRACTS

<u>CONTRACTOR</u>	<u>PROJECT</u>	<u>BID RANGE</u>	<u>AWARD DATE</u>	<u>NO. OF BIDDERS</u>	<u>CONTRACT PRICE</u>
EICHBERGER ENTERPRISES, INC. Project Nos. 640.1/640.2/640.3 (Continued)					
Reason for Change:	1. Current spec does not require the pump seals to be rated at 250 psi. Spec is being revised to meet University guidelines. 2. To account for the increased heating and cooling loads in ASTeCC IV. The check valve is being relocated to prevent short circuiting of the chill water from the plant when the pumps are not running.				
CHANGE ORDER #2	1. Revise the sanitary and acid waste piping on the lower level at the north end in ASTeCC II. 2. Change the kill tank construction from carbon steel to stainless steel. 3. Add twenty (20) brackets to hang FCU's and piping on the 3rd floor of McVey. 5 FCU-2 per unit, plus 10 additional to hang pipe from.	4/07/94			+ 18,625.00
Reason for Change:	1. To provide proper size piping at the connection point for ASTeCC IV. (The piping extensions are required to facilitate the connection of ASTeCC IV to the systems provided under ASTeCC FBP and Civil Engineering.) 2. The nature of the materials to be neutralized in the tank along with the use of steam to complete the neutralization would have a corrosive effect on the carbon steel material. A stainless steel tank is required to provide longer equipment life. 3. The ceiling structure is not adequate to support units or piping. Units need to be wall hung for proper support. Concealed condition.

CHANGE ORDER #3	2. Provide an 8 watt heat trace cable on the domestic water and sprinkler lines running through ASTeCC's loading dock area from the fire pump room to Civil Engineering. Provide temporary heat in the fire pump room. 3. Provide conduit and wire for relocating the three condensers from the north side of McVey to the roof (1) and the east side of McVey. This requires revising conduit sizes, routing, as well as added wiring for existing control wiring which has been run in the same conduit as power wiring and must be relocated.				
Reason for Change:	1. Lighting plans do not agree with reflected ceiling layouts. After review by the engineer it was determined the lighting plans do not supply adequate light. 2. Civil must have fire protection and without heat in ASTeCC the pipes and fire pump located in ASTeCC would freeze during winter weather without proper protection. 3. Existing conditions. Power and control wiring must be rerouted in lieu of just power as indicated on the contract documents. The control wiring was routed through the power conduit which is being removed and therefore must reroute also.

CHANGE ORDER #17	Install instantaneous trip relays in the 2000 amp circuit breaker in substation #2.		3/07/94*		+ 4,753.00
Reason for Change:	Consultant was instructed during design to coordinate modification to substation #2 with Kentucky Utilities. Kentucky Utilities does not normally require instantaneous trip relays. However, all other University circuits in substation #2 are equipped with instantaneous trip protection to safeguard continuity of operation in support of the Medical Center, and this modification must be compatible with existing equipment.

RELIABLE MECHANICAL, INC. (Continued)	Project No. 666.2				
Reason for Change:	1. Weather days in accordance with General Conditions, Article 21. 2. Close inspection of the existing brick panel revealed moisture migration and damage. If the bricks are not replaced, severe brick damage can be expected. 3. The existing 24" chilled water mains were installed in the 1960's and capped for future use. It was unclear if these mains had ever been pressure tested. The project schedule required that the mains be the only source of chilled water distribution during the chiller water plant switch over. The integrity of the mains could not be of question, therefore the mains were pressure tested. Testing of the mains revealed a leak. This leak was repaired.				
CHANGE ORDER #19	Provide power wiring to the elevator. Provide 4/14/94 40 amp circuit breaker in the MDP and a 60 amp fused disconnect in the elevator equipment room. Provide three #6 wires and one #8 ground in 1 inch conduit. Make connection to the elevator equipment.				+ 1,968.75
Reason for Change:	Power wiring not shown on the contract documents.				
CHANGE ORDER #20	1. Provide new frame and grate at existing 5/24/94 storm drain inlet east of addition. Modify existing grade and chilled water valve body sleeve as necessary to match new finished grade. 2. Provide additional asphalt paving adjacent to existing fuel pumps west of Cooling Plant #2.				+ 3,171.00
Reason for Change:	1. Preparation of final yard grading shows that areas will not drain properly without additional storm drain inlet to provide for surface water run off. 2. While preparing for new paving required by contract, it was determined that existing adjacent paved surfaces are deteriorated to the point that sound transitions to the new paving cannot be achieved.

	Reason for Change:	1. The "1977 As-Built Renovation Drawings" for the Spindletop Small Animal Facility show an exterior light above the west door to the facility. During an inspection by the state electrical inspector it was discovered that there actually was no fixture installed during the 1977 renovation. The 1991 Kentucky Building Code requires an exterior light above each means of egress. Pursuant to this code requirement an identical fixture was provided to one already required by the specifications. 2. Existing underslab conduit was uncovered during demolition of slab. Reason for Change:	Upon making field measurements of the existing rigging battens, the contractor discovered that the layout for the three (3) ceiling rows of acoustical reflectors would not coordinate with the freestanding towers. GREEN CONSTRUCTION CO., INC. MIDDLESBORO	SOUTHEAST COMM. COLLEGE APPALACHIAN CENTER/ FINE ARTS BUILDING Project No. 728.0	\$ 3,927,900- 4,226,449	12/18/91	7	\$ 3,927,900.00
Previous Change Orders #1-32					+ 164,964.92
CHANGE ORDER #33	1. Provide the necessary labor and materials for the installation of ductwork silencing system and relocation of return fans serving Rehearsal Areas. Work will include modification of the associated ductwork, added wiring, conduit, added insulation, and relocation of Return Air Fans 1 and 3. 2. Provide and install wire mesh protective screening, at all three (3) stair railing locations in Theatre, as required by KBC. Work includes fabrication and welding in-place steel screen mesh, steel channel, and finish paint. 3. Provide the necessary labor and materials required to supply adequate power for equipment in Rooms 113, 208C-1, Mechanical areas, and Offices 202 and 203. Work includes added wiring conduit, receptacles and other equipment necessary for upgrading of power supply.	4/28/94			+ 19,119.83
Reason for Change:					
1. The return air system serving the Rehearsal areas has unacceptable levels of noise associated with it's design and operation. This consequence was unforeseen during the design phase of the HVAC system. 2. Upon inspection for occupancy by State Fire Marshal, the previously approved design of stairway railing came into question, and it was decided that railing needed to meet 4 inch minimum opening requirements, per KY Building Code. This occurred at three separate stairway locations in Laboratory Theatre. 3. The original program stipulated power requirements for the equipment in the rooms mentioned. Adequate wire size and circuit loads were not listed on the documents, therefore resulting in undersized electrical panels, breakers, and wire.

Provide 3" floor drain piped to nearest sanitary line near PRV station and CW vents in penthouse (floor already cut in one place). Piped per Kentucky Plumbing Code - provide riser diagram.		3/18/94*	+ 5,810.20	
Reason for Change:	1. Access panels need to be added to allow for access through an existing ceramic tile ceiling for installation and maintenance of HEPA filters. 2. Installation of a second valve in the high pressure steam line running from the basement mechanical room to the Penthouse to insure the ability to isolate occupied areas of the building in the event of a steam leak. 3. CHANGE ORDER #4	3. Reroute four exhaust ducts on the east side of the third floor from location shown on contract documents to new location determined in the field.				
Reason for Change:	1. University use for Room N-329 was changed after contract documents were completed, and the user installed ceiling-high bookcases in the room which require installation of additional light fixtures to provide adequate lighting and additional sprinkler heads to provide sprinkler coverage as required by code. 2. Original plans approved by the University for construction indicate the louvers and screen wall are to be mill finish aluminum. Subsequent review of the project has led to the conclusion that this material is not in harmony with the existing exterior finishes on the building and that it should therefore be painted. 3. Conflict with existing electrical devices located in mechanical chase requires relocation of four major exhaust ducts in order to maintain code required clearance between duct and electrical equipment.				
CHANGE ORDER #5	1. Demo and replace 5 ft. 1", 8 ft. of 3/4", 3/17/94* 1 ft. 1/2" gas line, 7 ft. 1/2" vac line and 8 ft. 1/2", 10 ft. 3/4", 5 ft. 1" copper line. Piping is blocking AHU-1's duct route. 2. Demo and relocate 12 ft. of 1/2" and 1-1/4" hw & cw copper lines. Also, shorten 3" glass line. Re-insulate hw and cw lines. Lines are blocking 221 W-22" duct route. 3. Demo and relocate 12 ft. of 1/2" hw and cw lines and re-insulate. Copper line is blocking duct from A5-13-5 fan route.				
					+ 2,794.22
Reason for Change:	1 thru 3. Upon removal of existing suspended ceilings, it was determined that piping concealed above the ceiling will have to be relocated in order to install new ductwork. New duct is too large to route around the obstructions.				
CHANGE ORDER #6	1. Provide new personnel door in penthouse in 3/18/94* lieu of relocating existing door. Relocate existing hardware and provide new hardware as required for complete installation. 2. Provide temporary emergency generator for Ag North Building including load test.

------------------------	--	------------

Reason for Change:	1. The joint at the base of the block walls was not acceptable as a transition from the painted epoxy base to the sealed concrete floor. Drylock block filler was installed on the east walls because ASTeCC was not water tight and when rain came this wall would be wet making it impossible to finish without drylock paint. The exposed block at the main entrance had to be painted for proper finish at the plaza.

ENERGY CONSERVATION TECHNIQUES, INC. (Continued)	Project No. 746.5				
Reason for Change:	2. Mechanical documents do not indicate the need to supply any service including exhaust valves and controls to these two fumehoods. (During the design phase, the requirement of these two fumehoods was in question - therefore, exhaust duct and controls were not incorporated into the documents.) 3. With removal of the chillers proper control of the AHU chill water was lost. These valves controlled by the discharge air temp will supply control. The condenser piping needs modification to insure water does not stand in the pipe. The check is to be relocated to stop short circuiting of the chill water when the pump is off.				
CHANGE ORDER #3	Revise the VAV coils in various labs on ground, 4/01/94 first, second, and third levels, nine (9) total coils required. This revision affects piping sizes, VAV boxes, and heat exchange equipment. Control valves are required for each VAV box along with conduit and labor.				+ 2,952.00
Reason for Change:	Required for proper tempering of the make-up air to the various labs. This work was not shown on the original documents. (During project's cost reduction/re-design of BP #4, reheat capability was evaluated, resulting in the deletion of these VAV coils. In order to properly control air temperature, the coils are necessary and required to be an integral part of the VAV/control system of make-up air.)				
CHANGE ORDER #4	Add the required controls and control valves to 4/07/94 provide exhaust from the chemical storage rooms.				+ 3,398.00
Reason for Change:	The program requirements for fumehood exhaust from the Chemical Storage Room (in Civil/ASTeCC's Service Corridor) were not clearly defined during the design phase. It became evident that this exhaust duct should tie-in to the Civil Engineering's duct/control system, due to it's proximity - thus the necessity for adding controls.

Previous Change Orders #1-8					+ 56,699.15
CHANGE ORDER #9	1. Revise the exhaust discharge from the south labs. This includes deleting the ductwork, duct supports, EF-6 on the roof of Robotics, the variable speed control, and cutting/patching of the plaza slab for the duct penetration. This also revises the size of the exhaust duct from the basement of Civil, increases the size of EF-3 on the roof of Civil and enlarges the discharge duct off fan EF-3. An exhaust valve is added in the fumehood exhaust line as it passes through the chase in Civil. Note the deletion of the fan on Robotics eliminates the need for power to this fan as well. 2. Add control valves in the chill water return piping in the mechanical penthouse of Anderson Hall. This will require the cutting of 2-6" mains to each of the AHU in the penthouse and the installation of piping header with 2-3" 2-way control valves for each AHU (total of 4 valves). Also, as part of this change modify the condenser water piping at the roof of Anderson by adding 2 skillet plates at the pipe fitting and leaving the pipe spread to allow drainage on the roof any water which may get into condenser piping from the towers. Also, relocate the check valve in the chill water piping basement of Anderson to the building supply side of the new control valve from it's present location in the chill water piping returning to the plant.		3/15/94*		+ 11,353.00
Reason for Change:					
1. South Lab fume exhaust ductwork modified due to its exposure and undesired aesthetics on face of Robotics. This fumehood exhaust was combined with main building exhaust in order to avoid conflicts with other equipment and intakes on roof of Civil. 2. With removal of the chillers proper control of the AHU chill water was lost. These valves controlled by the discharge air temp will supply control. The condenser piping needs modification to insure water does not stand in the pipe. The check is to be relocated to stop short circuiting of the chill water when the pump is off.

FRANK MESSER & SONS (Continued)	Project. 747.0				
Reason for Change:	1. The elevator shop drawings for the freight elevator show the power to be 90A.-3P in lieu of the 70A.-3P given to the consultant by the elevator supplier during construction document preparation. 2. The AHU #5 motor was changed to a 40 hp from a 30 hp by the mechanical engineer without advising the electrical engineer. This was a design team coordination error. 3. Rock was encountered above the interpreted elevation indicated on the drawings.				
CHANGE ORDER #18	1. Type 1 ceiling tile is a mylar faced gypsum board tile 2'X4', of which there is 25,443 sq. ft. specified. Type 2 ceiling tile is a revealed edge type tile, 2'X2', of which there is 19,455 sq. ft. specified. The square feet for these two ceiling types have been reversed on the reflected ceiling plans. The correct amount for Type 1, 2'X4' mylar faced gypsum board is 19,455 sq. ft. The correct amount for Type 2, 2'X2' revealed edge tile is more expensive than the mylar faced gypsum board, the correction will cost \$1,032.93. 2. Delete the 2X4 ceiling tile and substitute with 2X2 ceiling tile in the laboratories.				+ 5,507.58
Reason for Change:	1. Discrepancy in the documents relative to the lay-in ceilings was caused by reversing the ceiling tile specification numbers from those shown on the reflected ceiling plans. 2. Change is to reduce risk of contamination in biomedical research areas, when routine maintenance is being performed.				
CHANGE ORDER #19	Extend completion date by one (1) calendar day. The revised completion date is therefore November 11, 1994.		4/28/94		- 0 -

(1) Existing fans were scheduled for reuse and were not functioning, so repairs had to be made, (2) Existing valves were found in an existing hole in the wall. A & K CONSTRUCTION (Continued)	Project No. 1474.1				
Reason for Change:	Time extension to the contract due to heavy snow and ice on January 17 through January 21, 1994. The Governor closed all interstate highways and major routes. Contractor could not get employees to the job site. Five days time extension is granted.				
CHANGE ORDER #3	Work involved the installation of four temporary light fixtures in the main east/west basement corridor, where the ceiling was culled out to be removed to facilitate access to asbestos pipe insulation. Temporary fixtures were selected as this area will be impacted by a major renovation in the near future.		6/07/94		+ 162.76
Reason for Change:	Section 1206.1 of the Kentucky Building Code dictates minimum level of lighting for interior spaces for the safety of the building occupants.

PHILIP MORRIS, INC. CONTRIBUTION

Recommendation: that the Board of Trustees accept a gift of \$274,000 from Philip Morris, Inc., to the College of Agriculture.

Background: The University of Kentucky received a gift of \$274,000 to be divided among tobacco research, extension and education programs, undergraduate scholarships, and graduate fellowships in the College of Agriculture. Philip Morris' continued support has played a major role in the success of the University's outstanding tobacco-related programs.

JOHN WILLIAM PRUETT, JR. BEQUEST

Recommendation: that the Board of Trustees accept a bequest valued at \$107,000 from John William Pruett, Jr., Frankfort, Kentucky.

Background: Mr. Pruett, a Frankfort resident, willed his personal collection of eighteen Paul Sawyer watercolors, one Paul Sawyer oil painting and three Robert Burns Wilson watercolors to the University of Kentucky Art Museum at his death on November 8, 1993. A graduate of Northwestern University and avid University of Kentucky basketball fan, he worked as a tax examiner for the State Revenue Cabinet for almost thirty years, retiring in August, 1976. The works donated to the Art Museum are of superbly high quality, in remarkable condition and will make the University of Kentucky a leading repository of art by these two famous and well-loved Kentucky artists.

PATENT ASSIGNMENT
RESEARCH AND GRADUATE STUDIES

Recommendation: that the Board authorize the President to execute an assignment on behalf of the Board of Trustees to the University of Kentucky Research Foundation the following Letters Patent of the United States and the invention represented thereby: Clair L. Hicks and Zeynep (NMI) Ustunol, Serial No. (to be assigned), filed May 27, 1994.

Background: Clair L. Hicks and Zeynep (NMI) Ustunol have invented certain improvements in METHOD OF INHIBITING BINDING ACTIVITY OF IMMUNOGLOBULINS. They have assigned their rights to the invention to the University of Kentucky. In accord with usual practice, it is recommended that the University assign the patent to the University of Kentucky Research Foundation.

ASSIGNMENT

WHEREAS, THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY is the sole and exclusive owner, by assignment, of the following application for Letters Patent of the United States and the invention represented thereby:

Inventors: CLAIR L. HICKS AND ZEYNEP (NMI) USTUNOL

Serial Number:

Filed: MAY 27, 1994

For: METHOD OF INHIBITING BINDING ACTIVITY OF IMMUNOGLOBULINS; and

WHEREAS, THE UNIVERSITY OF KENTUCKY RESEARCH FOUNDATION, a corporation organized and existing under the laws of the Commonwealth of Kentucky and having a place of business in Lexington, Kentucky, is desirous of acquiring the entire right, title and interest in and to the aforesaid application and invention thereof, and in, to and under any and all Letters Patent which may be granted on or as a result thereof in any and all countries;

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, the said BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over to said UNIVERSITY OF KENTUCKY RESEARCH FOUNDATION the entire right, title and interest in and to the aforesaid application and the invention thereof, and in, to and under any and all Letters Patent which may be granted on or as a result thereof in any and all countries, the same to be held and enjoyed by said UNIVERSITY OF KENTUCKY RESEARCH FOUNDATION, its successors, assigns and legal representatives, to the full end of the term or terms for which said Letters Patent may be granted, reissued or extended as fully as the same would have been held and enjoyed by said BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY had this assignment, sale and transfer not been made; and said BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY hereby authorizes and requests the Commissioner of Patents of the United States and any official of any country or countries foreign to the United States whose duty it is to issue patents on applications, as aforesaid, to issue to said UNIVERSITY OF KENTUCKY RESEARCH FOUNDATION, as assignee of the entire right, title

and interest, any and all Letters Patent for said invention including any and Letters Patent of the United States which may be issued or granted on or as a result of the application hereinbefore identified, in accordance with the terms of this agreement, and hereby covenants that it has the full right to convey the entire interest herein assigned and that it has not executed and will not execute any agreement in conflict herewith.

IN TESTIMONY WHEREOF, THE BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY has caused these presents to be signed by the Chairman thereunto duly authorized, and its seal to be affixed and attested this 16th day of August, 1994.

TRANSFER OF GAS DISTRIBUTION FACILITIES
AT SPINDLETOP AND MAINE CHANCE FARMS
TO COLUMBIA GAS OF KENTUCKY, INC.

Recommendation: that the President or his designee be authorized to execute necessary documents to enable transfer of the University's ownership of natural gas distribution facilities at Spindletop and Maine Chance Farms to Columbia Gas of Kentucky, Inc.

Background: Because of certain requirements relating to the operation, repair and maintenance of these facilities, as mandated by the Public Service Commission and the Federal Department of Transportation, the University has been working with Columbia Gas Company on the transfer of facilities at Spindletop and Maine Chance to better define ownership, operation and maintenance responsibilities for the gas distribution facilities now owned by the University.

Currently, the Gas Company owns, operates and maintains certain facilities (mains, service lines and meters) north of I-64 on the University's farms, while the University owns and maintains certain other facilities on the farms with the exception of the meters. The point of ownership change is not clearly defined (such as by a valve) and the ownership change is an undefined point along the pipeline system. Neither the University nor the Gas Company has any record as to why or how this may have happened.

Columbia Gas Company has no record or knowledge of any changes in operation of its facilities on the University's farms and since it already has facilities on these farms, it would like to obtain ownership of the University's facilities, also. The Gas Company will continue gas service as in the past, with the University noticing no change other than the Gas Company performing all operations and maintenance of these facilities.

The University and Columbia Gas Company have agreed that the University will be able to continue to develop the farms as in the past, including the installation of additional service lines, provided new development does not exceed capacity. The

University would bear the costs of these service lines during development except for the first 100 feet from main to meter which would be at the cost of the Gas Company, as required by the Public Service Commission. The Gas Company will extend mains and service lines and the University will grant to the gas company necessary easements for such extensions. Thereafter, the Gas Company will be responsible for the maintenance of the mains and service lines. Permanent easements granted to the Gas Company would be 10 feet in width, with a 10 foot temporary construction easement to be used during periods of construction or repair.

Specifically, standard bills of sale transferring title to the gas distribution facilities to Columbia Gas Company and standard rights of way to operate and maintain such facilities for both Spindletop and Maine Chance Farms are proposed for execution and delivery to Columbia Gas Company to finalize this transaction.

INVESTMENT POLICY - ENDOWMENT FUNDS

Recommendation: that the Board of Trustees rescind the policy prohibiting investment of funds in any U. S. corporation or bank doing business in the Republic of South Africa.

Background: On December 10, 1985 the Board of Trustees established a policy to prohibit investment of any funds of the University of Kentucky in companies or banks doing business in South Africa. This policy was adopted in response to the policy of Apartheid then maintained by the Government of the Republic of South Africa. The conditions that existed in 1985 have changed significantly and the Investment Committee recommends a change in policy.
