May 24 The entry of Seventy dollars ($70.00) matriculation fees Journal page 84 is probably a repetition of the entry of the same amount page 82. The Debit of same amount to J. A. Deane (page 81) is probably erroneous. No voucher existing to justify the same.

The amount of one hundred dollars ($100.00) charged to J. A. Deane (Journal page 81) is shown by the voucher to have been paid to J. B. Bowman as ~~clerk~~ as is acknowledged by J. B. Bowman in papers of J. A. Deane Settlement of this date (May 24 1879)

In J. B. Bowman's settlement made Jan 24 1878 with J. A. Deane to Jan 1st 1878 J. A. Deane accounted to J. B. Bowman for the following amounts charged J. A. John L. Carroll per J. L. Stockdell
for amount received from Sale
of two old horses 28

The entry of Bills Receivable (G. W. H. Yost's note), Journal, p. 1, is erroneous. When this note was discounted, May 25. 1869, the proceeds were debited to the R. E. & B. Fund, (Old Journal, p. 63); the note not having been paid at Maturity by Mr. Yost, it was taken up by Treasr. J. B. Bowman, and the same fund was credited by the amount (Old Journal, p. 67). These entries closed the transaction.

The entry of Mechanical Department, Journal p. 1, is erroneous in amount. It should be $17,26 62 instead of $12,26 62. (Old Journal, p. 350).

These two entries (Bills Receivable and Mechanical Department) are apparently connected. The excess of expenditure in the Mechanical department was made less than the real amount by $5000, and this amount was entered to the debit of Bills Receivable, with which account it has no ~~apparent~~ real connection.

The entry of Bills Receivable ($3271 12) Journal, p. 1, represents endowment funds loaned to individuals. Those of these Bills recently turned over to the Executive Committee by J. B. Bowman's attorneys not being collectible, and the residue not being obtainable, the whole amount may be charged off the books as a loss to the Endowment Fund.

May 31 The suit of J. B. Bowman vs. Kentucky University having been compromised, each party abandoning all claims against the other, the note of J. B. Bowman for $448, representing endowment funds loaned him June 1. 1876, (Journal p. 47) and which now stands credited to Endowment Fund and debited to Investments, is not collectible, and hence may be charged off the books as a loss to the Endowment Fund.

For the same reason as above the balance ($165.53) standing against J. B. Bowman (Ledger, p. 115) may be charged off the books as a loss to the General Expense account.

The Lexington City Bonds redeemed by city June 5, 1880 and July 12. 1880, (Journal, p. 104) amounting to $18,500, cost the University $18,828.84, a premium of $328.84 having been paid on the last two bonds purchased (Journal p. 79). This loss of $328.84 may be charged off the books as a loss to the Endowment Fund

---

W. H. Margrum, E. D. Luxton, and J. D. Pickett have all been overpaid on their accounts. As there is no probability of the recovery of these amounts they may be charged off the books as losses to the General Expense account.
