☞Read the following extract from the CINCINNATI ENQUIRER:

FASHIONABLE TAILORS, Nos. 223 and 225 VINE STREET.

WHILE establishments devoted to the sale and manufacture of ready-made clothing fill a line of their own and meet the wants of an extensive class of the community, there is another very large class, embracing the upper circles, whose requirements are more exacting and who, in addition to good material and workmanship, desire perfect fitting garments which shall not only be in the prevailing style, but becoming to the wearer and adapted to the peculiarities of his person.

That Messrs. MOORBRINK & Co., of Cincinnati are succeeding perfectly in meeting these requirements is amply attested by the extensive patronage which is being accorded them. There are few branches of trade that require for their successful prosecution more genuine skill and careful attention than the cutting and fitting of gentlemen's garments, and to do this in a manner to suit the requirements of the present generation demands a refined taste and a special talent for the business.

The choicest selection of goods for gentlemen's wear, suitable for all seasons, will always be found at the above-named establishment. The location of the store is perhaps one of the best that could have been chosen, both on account of its central location and general convenience to the business parts of the city. The interior appointments of the establishment are excellent. Furnished in a most elegant manner, it is excelled by no other tailoring apartments in the city.

The forward part of the store is devoted to the display of a well-selected stock of nothing but imported goods, imported directly by themselves or taken from first hands. In the rear is the cutting and trimming department, as well as the small rooms partitioned off for the use of customers in trying on garments.

Success in custom tailoring depends mainly on two elements, the ability to select the most attractive goods and patterns and the employment of skilled labor in their manufacture. In the latter department Messrs. MOORBRINK & Co. consider themselves second to none, as their employes are those who have attained most proficiency and exercise most care in their business. One of the great specialties of this house is in trimmings. All their silk linings they purchase direct from the manufacturer, hence are enabled to guarantee their quality. It has been the custom of the firm from the first to make a specialty of fine tailoring, their effort being to turn out work that should be considered first-class in every respect.

The success they have met with is to them a gratifying assurance that their efforts are being appreciated. We commend the house to the favorable notice of our numerous readers in Cincinnati and vicinity.

OF CINCINNATI.

No. 20 West Third Street.

Established to meet a want in all large Cities, and under the most Careful Regulations.

Merchants and Manufacturers, in view of destruction by fire, or misplacement of envelopes of Insurance Policies, Deeds, Leases, Contracts, or other valuable papers, would find their anxiety of mind relieved by renting a box in the Company's Vaults.

Trustees, Guardians, Sureties, Attorneys at Law, or, in fact, Treasurers for Corporations, by making their principals pay for rent of a box, can avoid much personal risk, and protect their bondsmen in case of death or accident.

Banks and Bankers may relieve their employes, officers and stockholders of an uncertain, but at times large responsibility, by requiring parties to secure boxes, at a small cost.

Holders of Gold, Silverware, Jewelry, or other valuables, can obtain receipts at fixed valuations, at same rates as charged in New York and London by similar institutions.

PRIVATE HOSPITAL

FOR THE CARE AND TREATMENT OF

PERSONS SUFFERING FROM

MENTAL AND NERVOUS DISEASES.

CINCINNATI SANITARIUM

INCORPORATED 1873.

JOHN L. WHETSTONE, President. VAL. P. COLLINS, Secretary.

The chief object of this Institution is to furnish a retreat for those invalids whose education, social relations, and habits of life render indispensable more home-like comforts than can be commanded in the public asylums.

Over six hundred persons have already enjoyed the benefits of the Institution; a large number of States are at this time represented by one or more patients in our wards.

The location of the Hospital is admirable in every respect. Situated in the midst of a highly cultivated country, five hundred feet above the Ohio River, the air is pure and wholesome at all seasons. The buildings are spacious, thoroughly furnished, heated with steam and lighted with gas.

A large provision for recreation and amusement has been made, and is constantly maintained. In a word, all the means are provided calculated to arouse, elevate and encourage the desponding, or soothe, moderate and tranquilize the excited.

Separate buildings are provided for the care and treatment of special cases.

To DR. O. EVERTS, formerly superintendent of the State Hospital for the Insane at Indianapolis, Indiana, is confided the exclusive control of the medical and moral treatment of the inmates and the general management of the Institution. The number of patients will be limited, so that each one will have the benefit of the most thorough examination and personal attention.

The cost of maintenance varies according to the rooms occupied and the special attention required. Special trained attendants are furnished at cost to those who desire such extra service.

The College Hill Railroad runs several trains daily from the C., H. & D. R. R. Depot, at Cincinnati, stopping at the Sanitarium grounds.

For further information, terms of admission, etc., address

O. EVERTS, M. D., Superintendent,

College Hill, Hamilton Co., Ohio.

STITES & CO.'S
Standard Iron Measures.

—ALSO—

BUCKETS AND PAINT PAILS.

Corn, Coal and Lime Bushels, Half Bushels and all the smaller sizes; Steamboat, Stable and House Buckets; Also, Well Buckets, Self-Emptying Well Buckets and Stock Well Buckets.

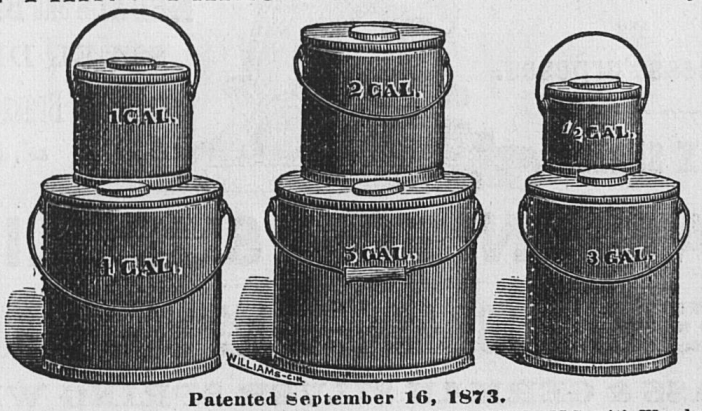

They are made of a superior quality of Sheet Iron, with Wooden Bottoms bound with Iron before they are put in, and Hoops shrunk on, same as a tire is put on the wheel of a wagon.

IT IS ECONOMY TO BUY THEM.

The Measures are always correct, and are not injured by rats or other animals. The Buckets do not fall to pieces when exposed to the sun.

FOR SALE BY ALL THE LEADING HARDWARE HOUSES.

IRON PAINT PAILS FOR MIXED PAINTS, &c.

Patented September 16, 1873.

Order your Mixed Paints put up in STITES & CO.'S IRON PAINT PAILS, with Wooden Heads, which require no boxing to ship them; and the paint is always ready for use, in small quantities, by simply removing the bung, stirring up the paint, and painting from the hole. When done, the bung can be replaced, thereby excluding the air until the remainder of the package is wanted, when the head may be removed, thus making a good bucket for paint or other uses. They are made in sizes from ½ to 10 gallons. The large sizes, when emptied, make excellent slop or garbage buckets. **Send for Circulars and Price List.** ADDRESS:

NELSON'S COLLEGES.

NELSON'S BUSINESS COLLEGE,

S. E. Corner Fourth and Vine Streets, CINCINNATI, O.

A METROPOLITAN College with a National reputation. Its text books are familiar to accountants and used by literary and commercial colleges and high schools, and its patrons are found in nearly every State of the Union.

The College is situated in the center of business of one of the most healthy, enterprising and wealthy cities of America.

It is a regular professional school for educating young men for business pursuits, as the law and medical schools educate young men for the professions of law and medicine. It thus differs materially from the numerous schools whose main object is to teach a single branch, viz: book-keeping. In it originated the method of teaching through the medium of an organized business community, which is here alone faithfully carried out.

This College is always in session, as are its branches; hence teachers of the common and other schools have the privilege of studying during the summer months when their own schools are closed. To this class of students the College will be additionally attractive this season, as **The Business College Teachers' Association, 1882,** holds its convention in Cincinnati in June or July.

SPRINGFIELD BRANCH of NELSON'S Business College.

93½, 95 & 97 W. Main Street, SPRINGFIELD, O.

THIS College is opened for the accommodation of the citizens of that rapidly growing city of large manufacturing establishments, and the residents of Clark County generally, Champaign and other neighboring counties.

This College is conducted in the interests of ladies as well as gentlemen, and on the same plan as the main College, with which students are in correspondence, as merchants in distant cities maintain correspondence with one another.

Scholarships of this College are good in the MAIN COLLEGE, Cincinnati.

NELSON'S LADIES' BUSINESS COLLEGE,

No. 185 Race Street, corner of Fifth St., CINCINNATI, O.

THIS College has been opened for the special accommodation of Ladies who desire sufficient business education to manage their own property or that of others. Like the Springfield branch, it is in direct communication with the main College, where ladies meet once a day on 'change and whose professors form a part of the faculty.

These three Colleges are under the superintendence of

RICHARD NELSON, President.

Circulars mailed free by addressing as follows:
