DIRECT EXAMINATION (Resumed)

BY MR. SELF:

Q. Mr. Booth, yesterday when we finished up for the day you indicated that you were up at the picket line at the top of the hill at Ray-Mac, and left the hill and ran into some individuals.

A. Yes.

Q. Who did you run into?

A. Teddy Kinney and Jason Moore.

Q. And did you have a discussion with them at that time?

A. Yes.

Q. What, if anything, did you or they say?

A. They said they'd been to Edgar's office, and that Edgar told them in order to protect his contract it had to be a legal strike.

Q. And what, if anything, did you say?

MR. HARWELL: May the Court please, I apologize to Mr. Self, but I didn't hear the last part of the witness's sentence. I'm sorry, Your Honor.

Q. Would you repeat what was said, Mr. Booth.

A. That the--in order to protect his contract it had to be a legal strike, that they'd have to go pull all the mines out.

Q. And did they-- What, if anything, did you say to them?

A. Anything that I said?

Q. Did you say--tell them anything?

A. No, not at that time.

Q. And from where-- Where were they going at the time? Do you know?

A. Back upon the hill at that time.

Q. And where, if anyplace, did you go?

A. Back to Edgar Jones' office.

Q. And who was at Edgar Jones' office when you got there?

A. Pearl and me. Pearl was there and I walked in.

Q. What, if anything, was said by you or Pearl or Mr. Jones at that time?

A. Edgar said that they had to pull all the mines out in order to protect his contract, and that there wasn't no way that day we could meet the unit train. And I asked him could I go to see Teddy or one of them to see about letting finish its belt setup.

Q. What did he say specifically about a unit train?

A. There was no way we could meet it that day.

****

Q. Did he say why?

A. Well, Calamity didn't have no coal. Atkins didn't have none. Junior Hamilton might have had four of five loads on the ground. And I don't know how much was Spewing Camp.

Q. And was there to be a unit train that was supposed to leave McDowell that day?

A. Supposed to leave the next evening.

Q. How many cars?

A. Forty-two.

Q. Now, do you know, Mr. Booth, why your mines were not producing enough coal for the unit train?

A. Calamity had low coal. You'd have to shoot the top in order to get the drill into it, you know, to shoot the coal out.

Q. What about Bryan?

A. It was down making a belt setup.

Q. And had you inspected any

other mines that morning as to the amount of coal they had?

A. Earl Atkins's mines.

Q. Did they have any coal?

A. About two hundred ton.

Q. And do you know, Mr. Booth, why any of the other operators and Mr. Jones were not having - - did or did not have coal?

MR. SELF: Mr. Marshall, if you would, please, I would ask you to mark this or introduction

as the next Government Exhibit.

THE CLERK OF THE COURT: Your Honor, the exhibit that was not previously marked for identification is now being marked for purposes of identification as Government's NPM No. 27, and is now being marked for purposes of trial as Government's Trial Exhibit No. 122.

THE COURT: What number, Ma'am?

THE CLERK OF THE COURT: No. 122, Your Honor.

THE COURT: Thank you.

REPORTER'S NOTE: Said Exhibit is being examined by defense counsel.

THE MARSHALL OF THE COURT: Your Honor, this exhibit has been examined by all counsel.

Q. Mr. Booth, have you ever seen this gun before?

A. Yes.

Q. Where did you first see it?

A. Out when Panhandle got it out of the wall up there.

Q. What, if anything, did you do with it at that time?

A. Yes, bought both of them.

Q. And the other one was what kind?

Q. And why did you buy those guns, Mr. Booth?

A. Bought them to be used on the hill.

MR. SELF: Your Honor, at this time I move for the introduction of what has been marked for identification as Government's Exhibit No. 122.

MR. PAFUNDA: Your Honor, I would like to approach the Bench at this time.

THE COURT: Yes, sir.

REPORTER'S NOTE: At this point all counsel approached the Bench; whereupon the following was heard.

MR. PAFUNDA: That is a Mini-14, Your Honor, not a - -

MR. SELF: (Interrupting) It is a Mini-14.

THE COURT: What is the difference between a Mini-14 and a - -

MR. SELF: An M-14?

THE COURT: No. Is this a - - what they call a .243?

MR. HARWELL: Uh-huh.

MR. PAFUNDA: A .223. It is a different caliber.

THE COURT: Go ahead.

MR. PAFUNDA: No. 1, at this time I would like to renew my objection that I made yesterday about the statements made by Panhandle Moore, as well as the conduct by Panhandle Moore, on the basis, No. 1, it is hearsay.

And, No. 2, my clients are being denied the right to confront Mr. Moore on cross-examination under the Sixth Amendment of the United States Constitution.

No. 3, with regard to this particular exhibit, this is the first time I have ever seen it.

MR. SELF: That is correct, Your Honor.

MR. PAFUNDA: That exhibit wasn't introduced at the pre-trial and I object to it on that basis, also, Your Honor.

But I would like to make my objection to the Panhandle Moore statement as well

as Panhandle's assertive conduct, and make it a continuing objection; because it is very difficult during this ong trial to stand up in front of the Jury and constantly object.

I would like to do it in that manner, Your Honor.

THE COURT: All right.

MR. SELF: I would like to state for the record that counsel has not seen this weapon before. It was just obtained this week in a search of Mr. Panhandle Moore's residence.

THE COURT: All right.

MR. WALBOURN: Can I obtain as to where it was obtained from?

THE COURT: He said Panhandle Moore's residence. Isn't that what you said, Mr. Self?

MR. SELF: Yes.

MR. WALBOURN: I thought Panhandle was dead. Who gave him the gun.

MR. SELF: It was obtained from Mrs. Moore, Your Honor, by agents of the ATF.

THE COURT: Okay. All right, gentlemen, thank you.

MR. HARWELL: Judge, may I say one thing for the record?

THE COURT: Yes, sir.

MR. HARWELL: I believe, may the Court please, that Your Honor's previous orders with regard to discovery, since the Government got it this week, or whenever they did, that the proper way to handle this matter would be to notify us and let us look at it.

I, therefore, join in the objection, Judge.

THE COURT: All right.

MR. HARWELL: Thank you.

REPORTER'S NOTE: At this point the Bench Conference concluded.

THE COURT: Let the objections be noted and be overruled, and that which is marked as Government's Trial Exhibit No. 122 is finally admitted into evidence as Government's Trial Exhibit No. 122.

REPORTER'S NOTE: At this point Government's Trial Exhibit No. 122 was admitted into evidence.

THE COURT: Ladies and gentlemen of the Jury, you are admonished that all of this evidence concerning statements and conduct of Panhandle Moore is tentative evidence. You all understand that?

All right, you may proceed, Mr. Self.

MR. SELF: Thank you, Your Honor.

Q Mr. Booth, how much did you pay for those two weapons?

A Five hundred dollars, for them and the shells.

Q And how did you pay for them?

A. (Interrupting) Both of them was shot into the car.

Q. What, if anything, did you and Mr. Moore do at that time?

MR. WALBOURN: Which Mr. Moore, Your Honor? I apologize.

MR. SELF: You and Phillip Dale Moore.

MR. WALBOURN: Thank you.

A. Put the guns in the truck, come back and carried - - this one had a thousand rounds of ammunition with it, and the other one had about five hundred rounds.

Q. At the time you bought these, did Panhandle Moore have other guns there at his house?

A. Yes.

Q. What other guns did you see?

A. There was four or five hid there in the wall. One of them was a .35. It was like a carbine, but it shot a .35 shell. And there was a carbine. He called it an old Army issue carbine.

Q. Okay. Where were these guns at?

A. Panhandle Moore's A-frame house.

Q. And after you and Mr. Moore - - Phillip Dale Moore were up there, where did you all go, if any place?

A. Back to my house, took the guns down there. Panhandle followed us down there.

Q. What happened at your house?

A. I got that automatic, and stuck it out the back door, and started shooting it.

Q. Which gun was that?

A. It wasn't this one, it was the other one, the M-14.

Q. And what do you mean by "automatic"?

A. You just hit the trigger, and it started shooting it. You didn't have to let up off of it and pull it back again.

A. Drexil was there.

Q. What happened there?

A. Well, everybody had started coming in then.

Q. Did you talk to Mr. Hall?

A. Yes.

Q. What did you talk about?

A. Said Teddy and Jason went down to Blackburn's at Drift.

Q. Did he say why they had gone down there?

A. He said to - -

MR. PAFUNDA: (Interrupting) Your Honor, at this time I would like to object at this time as to statements of Drexil Hall in that they weren't referred to in the hearing that we had in November, Your Honor.

THE COURT: Okay. The objection is noted and overruled.

Q. What did Mr. Hall say to you?

A. That Teddy and Jason went down there to Walter Blackburn's at Drift. He said they went down there to have a - - to vote for a change, and Drexil was supposed to resign on a Saturday as vice president; and they was wanting to get the local union involved in the trouble up on the hill.

Q. Did he say anything else at that time?

A. Jason was going to be put in as president - - vice president.

Q. And what did you say, if anything?

A. Nothing at that time. I just listened to him. Phillip Dale and him was talking.

*** *** ***

Q. Was any mention made of Edgar Jones?

A. Not right there at that time -- not at that specific time.

Q. Did you have a later session with Mr. Drexil Hall in regards to --

A. (Interrupting) Yes, after everybody had started coming in. He said that Edgar Jones --

Q. (Interrupting) Who said what?

A. Drexil said Edgar told him that he'd help them every way he could and everything, and Ray-Mac would take his contract, and if they underbid him that there wasn't no way he could afford to mine the coal and take a cut on the coal.

Q. Who all was present at that meeting, Mr. Booth?

A. Me, Phillip Dale, Willie Moore, Linville Mosley, some Page boys; I don't know their names. Frank Scott was there -- Jason, Teddy, Drexil, Herl Stumbo, just a whole bunch of us there.

Q. Approximately how many

men were there all total?

A. Thirty-five, forty men.

Q. And who -- did you see Mr. Linville Mosley doing anything?

A. Linville was running around talking to everybody.

Q. Did you overhear anything he was saying?

A. That he just talked like he always talks, just -- he wasn't talking about nothing -- nothing concerning nothing.

Q. What happened at that meeting, Mr. Booth?

A. Frank Scott got up -- well, he didn't get up, he just stood up where he was sitting at.

Q. And who is Frank Scott?

A. He is from District 30 over here.

The Page boys in the back wanted to go on the hills that night.

Q. Was there any -- what, if anything, did any of the Defendants say to the men at the meeting?

A. That everything was going to be taken care of in the morning.

Q. And what was said by whom as to what was going to go on in the morning?

A. Nobody said anything about what was going to go on. It was just the Page boys wanted to go in the hills and shoot down through there and everything, and they said that that would be taken care of in the morning.

Q. Who said that?

A. I couldn't tell you exactly who did say it at that time. They was -- there was three or four of them standing up there, you know, where everybody stands at.

MR. WALBOURN: Your Honor, I move then that that be stricken, if he doesn't know who said it.

MR. SELF: I think it is admissible as to the state of mind of the people that was there as to what their knowledge was.

MR. WALBOURN: The state of mind goes to the Defendant, Your Honor. If he doesn't know

who said it, and if there were forty people there -- and I don't see forty gentlemen sitting over here -- so there is a fifty/fifty chance that one of these gentlemen didn't say it.

MR. SELF: Let me try to be more specific with the witness, Your Honor.

THE COURT: All right.

Q. Mr. Booth, did any of the Defendants make that statement?

A. There was Drexil, Teddy and Jason standing up at the front of the meeting.

Q. And what were they saying?

A. That they -- well, everyone was saying it all would be taken care of the next morning, because you couldn't go into the hills that night and take too big a chance of somebody slipping in behind you.

Q. Who made that statement?

A. It was one of them that was up front there. I couldn't tell you which one it was.

Q. Either Jason Moore or

Drexil Hall or Teddy Kinney?

A. It was one of them.

Q. How come him--Terry Hall to--to owe you six thousand dollars?

MR. HARWELL: I object to that, Your Honor. That's irrelevant, immaterial and has no probative value. We weren't supplied this earlier, may the Court please.

THE COURT: Overruled.

Q. What happened there?

A. Told him they all got back off the hill. He said he figured that.

Ray-Mac's men was running up and down the hollow, going in and out of Hood's Fork, which is on Frasure's Creek.

I followed them up the hollow and stopped up at the barn.

Q. Pardon?

A. I was acting a fool with Jake over that gun.

Q. What happened?

A. I told the next time he went up there they'd have to get him a slingshot.

Q. What did he say?

A. He said he'd have to have another gun if he was going up there. He looked around and said he was the only one laying there shooting; the rest of them had took off. He said he looked around and Hermit's beard had turned white.

Q. Anything else that was said?

A. No, not-- Phillip Dale

said he wasn't going back period.

Q. Did he say why?

A. He said he wasn't going to get killed.

Q. Did Hermit say anything to you?

A. No. Hermit was just chewing tobacco and laughing and cutting up. He was about drunk. He took a fifth of whiskey with him upon the hill.

Q. How do you know that?

A. He got it out of the trunk of my car.

Q. Do you know where that fifth came from?

A. Yeah. I didn't have none at the house. It come out of the case that Edgar Jones had give me.

Q. Was that case still in the back of your car?

A. About three or four bottles of it was. The rest of it was gone.

Q. Pardon?

A. About three or four bottles of it was. The rest of it was gone.

Q. And do you remember what Jason said or what he did when he came down there on Wednesday night?

A. Just give her a list. He said he had to have that, that kind of shells and everything. He told me to have them up at Stiffy's barn the next morning at five o'clock.

Q. He told you that?

A. Yes.

Q. Did he say why you should bring them up at five o'clock that next morning?

A. They'd all be leaving about that time.

Q. Did he say where they were going to be leaving to or for or why?

A. He said they'd be going back in the hills.

Q. Now, what else happened on Wednesday eveing after Mr. Moore brought you the list?

A. Morris Ray Hall.

Q. Who is Morris Ray Hall?

A. He was the outside man at Calamity, which was working at Bryan at that time.

Q. How do you know he went and got them?

the door.

Q. What was sitting in the door?

A. Shells.

Q. What kind?

A. Carbine shells, .45 shells, 9 millimeter shells. And there was another--another carbine sitting there.

I don't know what all kinds of shells. I didn't take them out of the box and look.

Q. Okay.

A. I told him to take the 30-30 shells back.

Q. Who did you talk to?

A. I told Pearl to tell him, when she called me on the phone, to take the 30-30 shells back because the 30-30 had tore up, too.

Q. Now, did you-- What do you mean, it had tore up?

A. It would shoot, but it wouldn't reject the shells. You had to take them out and pry the shell out of it, the hull.

Q. Now, after Jason brought the list you said you did something in regard to

Phillip Dale Moore.

A. Phillip Dale--I took him to get his car, which is at Larry Foster's having a heater hose put on it. Then he went to Donahue Halbert's and got another bunch of shells.

Q. Did you go with him?

A. No.

Q. How do you know he went to Donahue Halbert's?

A. He called back from Donahue's.

Q. What happened when he called back?

A. Donahue didn't have no 8mm Mauser shells.

Q. What was said and who said what?

A. Donahue said he didn't have them.

Q. Did you talk to him?

A. Yes.

Q. What did Mr. Halbert say?

A. He said he didn't have them at that time. He said he'd get them in. Asked him how long it would

take to get another 9 millimeter in, and he said he could order it that day and have it on a Friday.

He brought, I guess, about two or three hundred dollars worth of shells that night. I don't know exactly how much the check was wrote for.

Q. What check was this?

A. Calamity Coal Company check.

Q. How do you know it was a check involved?

A. He wouldn't let you have them on credit. Pearl gave Phillip Dale a check.

Q. And do you remember Mr. Moore coming back?

A. Yeah. He brought the shells back. He brought them in and set them down.

We carried the box that Tootsie had and the box that whatchamacalit had, you know, and put them in the trunk of the car.

Q. Whatchamacalit who?

A. Huh?

Q. Who is whatchamacalit?

and put them in the trunk of the Cadillac.

Q. Okay. What else was either in there or did you put in there?

Q. Did Phillip Dale Moore go with you?

A. Yes.

Q. And what happened when you got up to Stiffy Stumbo's barn?

A. Jason was there. His truck was setting kind of halfway on the road and halfway not. And I pulled up and hollered at him.

Q. Pardon?

A. I pulled up and hollered at

him. And he came over and we got the shells out and he was giving them out to the ones that had the certain caliber guns that they used, he would give them the shells.

Q. Okay. Who did Mr. Jason Moore pass shells out to on Thursday morning?

A. Panhandle got some. Van Patton - - I was standing there talking to Panhandle and I don't know who all he did give them out to around here.

Q. Well, who all was there that had rifles that you saw?

there, Herl Stumbo and that's about all I know about was there, I'd seen some more people there, but I can't remember exactly who they were.

Q. As far as any of the Defendants, is that all you remember being there?

A. Yes, at the barn now.

Q. Now, was there another group of men nearby the barn?

A. On above the barn, yeah.

Q. Were they - - if you're facing Stiffy's barn on Frasure's Creek, were they to the right or to the left of the barn?

Q. Okay.

A. Jason was there, he was just dressed normal. I couldn't tell you what all kind of clothes they had on, I didn't pay much atten-

tion except Panhandle had on those old Army uniforms, that's all I knowed.

THE COURT: This would be a good time to recess for lunch. We'll be in recess till 1:00 o'clock. During this recess the not now admonition is in effect.

Any objections or corrections to the form of the admonition?

MR. SELF: None, Your Honor.

THE COURT: Please excuse the Jury till 1:00 o'clock.

THE MARSHALL OF THE COURT: The Jury is all out of the Courtroom, Your Honor.

*** *** ***

THE COURT: Mr. Pafunda, do you want to give the Court a memo or a statement of authority on the effect of a statement of a deceased person under the new Federal Rules of Evidence?

MR. PAFUNDA: Your Honor, I would love to. When would I get a chance to do that, tomorrow?

THE COURT: No, you made an objection and I assume you have some authority in support of that.

MR. PAFUNDA: Your Honor, there might be one under here right now.

THE COURT: Fine, if you have any, we'd be glad to have it, gentlemen.

MR. SELF: Judge, it's the position of the United States that these are covered by 801D1, D2 --

THE COURT: (Interrupting) 801 D1 and D2.

MR. SELF: No, it's D2E. The statement of coconspirators during the course of and in furtherance of a conspiracy --

THE COURT: (Interrupting) All right.

MR. SELF: There's no requirement

that that person be dead or be alive as long as they're a coconspirator and the statements were made under that. Whether they're dead or alive has nothing to do with it at the time.

THE COURT: All right.

MR. HARWELL: May the Court please, we've got a brief. I can't put my hands on it, it's standard, but we will get it to the Court promptly. Basically -- it's basically as I recall in the body of case law, rests on the confrontation clause by the deceased obviously not being able to be subpoenaed into the courtroom.

THE COURT: All right.

MR. ROWLAND: I don't know where it is, Your Honor, but there's a reference in that handbook to that situation. I've seen it before.

THE COURT: You look it over and point it out to the Court.

MR. ROWLAND: I've got a feeling it would not help me.

THE COURT: All right. Gentlemen, we will be in recess until one o'clock.

MR. HARWELL: Your HOnor, may I renew my motion I've been making at every break in reference to the U.S. versus Geders ---

THE COURT: (Interrupting) Yes, sir. Let the record reflect that it's not necessary for you to do that anymore.

MR. HARWELL: Is the record showing that as a continuing motion?

THE COURT: A continuing motion and a continuing overrule.

THE MARSHALL OF THE COURT: This Court will be in recess till one o'clock.

A. No.

Q. What did you do then?

A. Well, the State Police stopped us, searched us, and turned us back. We went back and rode down the road.

Then I busted a tire on my car I took it to have it fixed. I got somebody, I couldn't tell you who it was now, to take me down to the house to get another car.

Q. After you got the other car what, if anything, did you do?

A. We rode up in Frasure's Creek. First we rode up to the mines, and come back out of the hollow. We stopped at Larry Foster Stumbo's, and Terry Hall was down there

having a fan belt put on his cruiser.

A. Yes.

Q. What did you do after that?

A. Drove from there back up to Stiffy Stumbo's barn in Frasure's Creek.

Q. Why did you stop?

A. I told him Panhandle and them was trapped in the hills, and they had that helicopter up in there looking for them.

Q. What, if anything, did he say?

A. He said Panhandle had been in them scrapes before, if anybody could get out of it he could.

Q. After that where did you go?

A. I went from there -- first down to see if they had the car fixed. They still didn't have it fixed.

I rode from there to Stiffy Stumbo's barn.

MR. SELF: Your Honor, could I ask the witness, rather than the Marshall handing them

to him and the witness stepping down and examining the exhibits that are laying in front of Madam Clerk, or would the Court prefer the Marshall to hand them to him?

THE COURT: I guess you better let the Marshall hand them to him.

MR. SELF: Okay. Mr. Marshall, would you hand the witness what has been introduced into evidence as Government's Exhibit Nos. 63, 64, 65, 66, 67, 68, 69, 70, 73 and 74?

May I approach the Clerk just a moment while they are doing that.

THE COURT: Yes, sir.

(Mr. Self complies)

MR. SELF: Also No. 118, Your Honor.

Q. Those guns were seized

by the Bureau of Alcohol, Tobacco and Firearms on August the 28th, 1982, weren't they?

Q. Now, the day that you got those weapons, Mr. Booth, they were purchased from whom?

A. He come over to the house and said that somebody -- they had picked up a box -- Federal Agents had picked up a box of .35 shells, and wanted to know -- it was on that list where I bought shells.

Q. Is there anything else Mr. Halbert said to you at that time?

A. I don't -- he was drinking. And he told me that if we needed anything else just to holler.

Q. During this week, Mr. Booth, did you ever have any discussions with Edgar Jones in regard to Ray-Mac?

Q. Who was taking the auger off?

A. Some of Ray-Mac's trucks.

Q. Bringing it down the McDowell side?

A. No, bringing it down the Mud Creek side.

Q. And what happened at that time?

MR. HARWELL: May the Court please. May counsel approach the Bench.

THE COURT: Yes, sir.

Reporter's Note: At this point a Bench conference was held with all counsel present where the following was heard:

MR. HARWELL: May Your Honor please. I respectfully object to the testimony that I sense, based on the last question, that is coming from this witness.

May the Court please. This is an outside -- at least properly outside of the period of the conspiracy.

Number two, it is certainly not in furtherance of the conspiracy; but most importantly, may the Court please, Your Honor

ruled that we were to be provided, pursuant to Rule 16, with any and all statements that have been made by our respective clients, the Defendants, and this is brand new to me. I never heard anything said in regards to an alleged comment Edgar Jones made in reference to the auger coming off of the hill sometime after the 22nd day of February. I wanted to note an objection, may Your Honor please.

THE COURT: All right.

MR. SELF: That is the first time I heard about it, too, Your Honor.

THE COURT: All right. When was it that Donahue came over there to get the ammunition?

MR. SELF: The 24th, Your Honor.

MR. BRANSON: What?

MR. SELF: The 24th of February, the date the ATF Agents came to the store, as best -- the witness said that it was that week.

The agents were at his store on the 24th of February, Your Honor, and it is reflected in his books, because the agent signed it where they checked his books.

THE COURT: Well, was this before the auger came off the hill, or after the auger came off the hill? Was this before the Uzis were

bought, or after the Uzis were bought, or what?

MR. SELF: The Uzis were bought on the 24th, also. The tipple was burned down the following -- after this, Your Honor. This is before the tipple was burned.

THE COURT: Okay.

MR. SELF: These statements were made before the tipple was burned.

THE COURT: The auger was bought then or --

MR. SELF: I don't know.

THE COURT: See if you can find out when it was. Find out when the statement was made about the auger coming off the hill, and then I will rule.

MR. KIRKLAND: Your Honor, I have a motion to make that is unrelated to Mr. Harwell's.

I move to dismiss the indictment against my clients because of the deliberate use of perjured testimony by the Government.

The Government either knows or should know that much of the testimony of this witness is perjured. It is misleading, and it is deceptive.

As the Court knows, his testimony has been contrary to his prior testimony in this Court, both in the mini-hearing, and before the Grand Jury.

In addition to that, it is contrary to his taped testimony that we have been able to receive, to the extent that we have been able to receive it.

In addition to that, Your Honor, it is totally contrary to our independently obtained evidence about this man and what he knows.

The Government knows or should know that he has changed his testimony dramatically since the mini-hearing. And, obviously, this witness has come under the strong influence of the Government, I assume, because of the power they have over him.

My clients have not received a fair trial, and they can not receive a fair trial because of the knowing use of this perjured testimony.

I, therefore, move to dismiss as to them. They can never get a fair trial. This is prosecutorial misconduct, and it

deserves the worst kind of order that this Court can issue, and that is to simply dismiss.

This is not a mistrial situation. This warrants a total dismissal. I could cite the Court numerous examples of where this witness has fabricated. He has, on numerous occasions, fabricated stories about what people told him; that he knows and that the Government either knows or should know is a total fabrication -- a total fabrication.

The Court probably has picked several of these out. It is not just a slight shading or a slight variation from his earlier testimony -- his earlier testimony, but it is directly contradictory.

I think this is a willful thing on the part of the Government. I move that these -- all of the counts of the indictment -- this indictment be dismissed as to my clients.

MR. WALBOURN: I join in on that on behalf of my clients, Your Honor.

MR. SPENCER: I join in on that motion too, Your Honor.

THE COURT: All right. Let it

be noted and be overruled.

MR. WALBOURN: I have another motion while we are here, Your Honor.

THE COURT: All right.

MR. WALBOURN: At this time the Defendant Benny Caudill would move the Court in limine to exclude from this witness any reference to statements made by the Defendant, Caudill, regarding a tipple.

Your Honor, Mr. Caudill is not named in substantive Count Number Five, which alleges the destruction of the tipple.

He is not alleged in the overt acts of the conspiracy or having anything to do with the tipple.

Your Honor, that matter is irrelevant, immaterial, and it is highly prejudicial, and it is not probative.

The Government presumably presented evidence to the Grand Jury, and the Grand Jury decided that Mr. Caudill did not warrant an indictment on a charge of destruction of the tipple in violation of the Hobbs Act, nor did they list those overt acts on the indictment. It is blatantly prejudicial to permit any reference

to those pertaining to Mr. Caudill.

THE COURT: Mr. Self?

MR. SELF: Yes, Your Honor. Under the law under conspiracy, and under the Hobbs Act under conspiracy, we did not even list even one overt act. Whether it was listed as an overt act or not, if the testimony and the evidence is he was involved in the conspiracy, he is involved in it until he makes a willful withdrawal from it.

Whether it is named as an overt act in the indictment has no relevance to the admissibility of that testimony as long as the statements, the Court determines, is within the scope and the furtherance of the conspiracy.

Whether he is named in the substantive counts, Your Honor, he is still named as an indicted coconspirator and is, therefore, subject to proof that regards his actions while a conspiracy was ongoing, and any acts in furtherance thereof.

MR. WALBOURN: Your Honor, they have not alleged anything that he has done is criminal. While the Government says with one hand that we didn't allege overt acts, they proceed to name in excess of forty.

THE COURT: Is there anything else, gentlemen?

Let it be noted and overruled.

MR. HARWELL: I have another question, Your Honor. You indicated that after the Jury left, and before the noon recess, that Your Honor - - or I understood Your Honor to indicate that you might be interested in some law with regard to the objection.

Whenever the Court is ready, we are ready to present some cases in support of that.

THE COURT: I will be glad to get them, sure.

MR. HARWELL: Do you want us to do it now, Judge?

THE COURT: Yes.

MR. SELF: At the end of the day or - -

THE COURT: It will be fine at the end of the day. I walked down during the noon hour,

and I think I found a Sixth Circuit case which - -

MR. HARWELL: (Interrupting) Was it the Wilson case, Your Honor?

THE COURT: No. What is it?

MR. KEHRLI: It is a case of the United States versus Kendrick. The citation of the case is 623F, Section 1165, which states the standard where the Government states evidence of coconspirators not being available to testify on the trial.

MR. WALBOURN: Your Honor, where did you go down and look at noon?

THE COURT: In the Court's library.

MR. HARWELL: May I have that cite, Your Honor? I didn't hear it 609 - -

THE COURT: It just stated that - - is it 8-D what?

MR. KEHRLI: Your Honor, the rule is Rule 801D2-E.

MR. HARWELL: What is the citation on the case, Your Honor.

MR. KEHRLI: The citation, Mr. Harwell, is 623F 2nd, 1165. It is a 1980 case.

MR. HARWELL: Thank you, Your Honor.

MR. WALBOURN: Of course, that case does not deal with the confrontation clause. That case

deals specifically with the Federal Rules of Evidence.

THE COURT: No, it deals with the confrontation clause.

MR. WALBOURN: The Sixth Amendment?

THE COURT: Yes.

MR. WALBOURN: I don't recall that.

MR. PAFUNDA: The Court may wish to look at the case of Dutton versus Evans.

THE COURT: All right.

MR. PAFUNDA: Dutton versus Evans, 400 U.S.. It is either '74 or '76.

THE COURT: All right.

MR. SELF: Does the Court wish me to finish my direct before we take a break.

THE COURT: Yes.

Let the record reflect that the motions are overruled.

REPORTER'S NOTE: At this point the Bench Conference was concluded.

MR. SELF: May I proceed, Your Honor.

THE COURT: Yes, sir. Please do.

Q Mr. Booth, the statements that you were mentioning just before, the conversations you just stated before occurred at the time an

auger was brought off the hill; can you be more specific as to when that conversation occurred?

A. On about a Wednesday - - Wednesday or Thursday. I don't know the exact date.

Q. Was it the Wednesday or Thursday following the auger betting blowed up?

A. Yes.

Q. And who was the conversation between ?

A. I think - -

Q. (Interrupting) No, not what was said, but who was talking and who was present?

A. Me and Edgar Jones.

Q. Where did it occur?

A. In his office.

Q. What, if anything, did you and Mr. Jones say?

MR. HARWELL: Now, Your Honor, for the purposes of the record consistent with the Bench Conference, I note an objection.

THE COURT: What was that? Run that - - what was the time on that again?

Q. Mr. Booth, when, again, did this conversation occur?

A. On Wednesday or - - Wednesday

or Thursday one.

Q. The Wednesday or the Thursday following the Sunday explosion at the Ray-Mac Mining site?

A. Yes.

Q. It was not a week later or two weeks later or anything like that then?

A. No. It was after it was blowed up.

MR. SELF: Let me ask again, Your Honor.

Q. In point of reference, was it before the tipple was burned down?

A. I don't know exactly - - I don't know exactly when the auger got blowed up that the tipple got burned down.

Q. To your knowledge, was this conversation before the tipple was burned down?

A. I couldn't say for sure whether it was or not.

THE COURT: Well, let the objection be noted and be overruled. This is tentative evidence. This was on the Wednesday after the explosion?

THE WITNESS: I couldn't say exactly when it was.

MR. SELF: Let me withdraw the question

at this time, okay, subject to the right to recall it at a later date.

THE COURT: Okay.

Q. Did you have any discussions apart from this one with regard to a tipple that Ray-Mac had under lease?

A. That was on Wednesday after we returned to work.

Q. And who did you have the discussion with?

A. Edgar Jones.

Q. What did Mr. Jones state to you?

A. That Ray-Mac had leased a tipple off of a - - Julius Martin and Cobb Turner.

Q. What did he say about the tipple?

A. The one that was down at Stephens Branch, take - - bring the coal off of that - - off the hill off of Ray-Mac up there, and save theirselves about two dollars and something on a haul bid.

Q. Well, if anything else, did he say about that tipple?

A. There will never be a lump

of coal run across it.

Q. Is there anything else he said about it?

A. He just said there would never - - there would never be no coal run across his tipple. I don't know the name of the hollow up there. It's in Drift over there.

Q. It is right down below McDowell?

A. Yes.

Q. Was anyone else present there when that conversation took place?

A. Not at that time.

Q. When you normally talked to Mr. Jones, where were you at when you talked with him in his office?

A. In his office, he's got a - - as you go through the office door, it is the first office on the right.

Q. And when you talked with him, what - - how is your - - is his office wide open?

A. You shut the door as you go in.

Q. Is that normal or unusual

in your discussions with Mr. Jones?

A. No, you always have to shut the door.

Q. Pardon?

A. You always had to shut the door.

Q. Did you have any discussions later on or during that week with any of the Defendants in regard to the tipple?

A. Benny Caudill.

Q. When did this conversation occur?

A. The first time it occurred was on a Thursday.

Q. What - - and where did the conversation take place?

A. Benny was running an end loader up at the mines, loading trucks, and I would always go down and talk to him.

Q. What did Benny say to you?

A. He said - - asked me if I know Ray-Mac had leased a tipple down there right below his house. I told him, "Yeah, Edgar told me that." And he said, "They will never run no coal down there." And he said that they had a big bunch of coal leased in Jeff Miller's hollow.

Q. Where's Jeff Miller's hollow?

A. Right below Drift, about a mile below Drift.

Q. Near Simpson's Branch?

A. Real close to Simpson's Branch.

Q. What, if anything else, did Mr. Caudill say about that tipple or that coal lease?

A. He said he's going to see it got done away with.

Q. Anything else he said at that time?

A. Might need me to pay some money out.

Q. What did you tell him?

A. I told him I'd give him some if he needed it.

Q. Did you ever talk with him later on that week about that?

A. Talked to him on a Saturday.

Q. Okay. What did he tell you on Saturday?

A. He was going to his-- take his wife out. It was her anniversary. He was going to take her out to dinner and stop at his brother Rod's, Rodney Caudill. This is where, you know, he'd have an alibi of where he'd been at.

Q. Did he state why he wanted to have an alibi?

A. He didn't want to be involved in it.

Q. Did he say why he needed to not be involved with whatever he was talking about?

A. They'd already served all the summonses on us all.

Q. Did Mr. Caudill specify as to why he needed an alibi?

A. He didn't want to have the tipple blamed on to him.

Q. What did he say about the tipple at that time?

A. It was going to be burnt down that night.

Q. This was Saturday?

A. Yes.

MR. PAFUNDA: May I approach the Bench,

please?

THE COURT: Yes.

(Reporter's Note: At this time Mr. Self, Mr. Pafunda, Mr. Harwell, Mr. Hollon and Mr. Branson approached the Bench; whereupon the following was heard.)

MR. PAFUNDA: Your Honor, this--at this time I move--I object and move to strike that--the witness's answer with regard to summonses and subpoenas. He's mentioned subpoena on several occasions and now he's mentioning summonses.

I think the jury needs to be admonished that he's talking about a civil process during this particular week where Ray-Mac filed a civil action against several individuals. The connotation is that it appears to be some type of criminal court proceeding.

MR. SELF: May I ask him to clarify it?

THE COURT: Yes.

MR. SELF: I'll--

MR. HARWELL: We'd respectfully move the Court to admonish the jury.

THE COURT: He'll clear it up.

MR. HARWELL: I'd ask that you admonish them, Judge, that it's irrelevant, ladies and gentlemen,

and it's a civil action that has nothing to do with this directly; just as you've done with other witnesses.

THE COURT: All right.

MR. HARWELL: Thank you, Judge.

MR. PAFUNDA: Thank you.

(Reporter's Note: End of conferenee at the Bench.)

Q. Mr. Booth, the summonses that you mentioned previously at this time, were those in a civil action?

A. Yes.

Q. Were those in some kind of civil case--

A. Yes.

Q. --down in Floyd Circuit Court?

A. Yes.

THE COURT: Ladies and gentlemen of the jury, you know I've previously admonished you that civil actions which were in the other court has no bearing on this case. Do you understand?

All right. Proceed.

Q. Now, Mr. Booth, you said that you had a discussion with Benny Caudill on

Saturday--I think it's the 27th --following Sunday that the auger was blown up.

A. Yes.

Q. That would have been February 27, 1982?

A. Yes.

MR. WALBOURN: Your Honor, I'm going to object to the leading of the witness. I think he can ask the question and this witness can answer.

MR. SELF: Your Honor, it's just a date for a point of reference.

THE COURT: Let it be noted and overruled. Go ahead.

Q. What did Mr. Caudill say was going to happen while he was doing whatever he was supposed to be doing?

A. They was going to do away with the tipple that night.

Q. Did he tell you who was going to do away with it, at that time?

A. Panhandle Moore.

Q. Did he mention any other individuals?

A. No.

Q. Did you see Benny Caudill

that evening?

A. Later that night, about twelve--eleven-thirty, twelve o'clock.

Q. And who was he with?

A. His wife and two kids.

Q. And where did you see them at?

A. They come to my house.

Q. And what did Mr. Caudill say to you at that time?

A. Said that the--the hollow was lit up.

Q. Did he say which hollow?

A. Where the tipple's at, down there--there in Drift.

Q. Mr. CAudill tell you where he had been that evening?

A. He'd taken his wife out to eat, and then stopped at his brother's house and stayed a while. He'd just been fooling around, he said.

Q. Did you have an occasion to see Mr. Caudill the next day?

A. Yes.

Q. ON Sunday?

A. (Nodded his head in the affirmative.)

Q. Where did you see him at?

A. My house.

Q. What, if anything, did Mr. Caudill state to you at that time?

A. The tipple never burned all the way up at that time.

Q. What did he say?

A. He said it hadn't burned all the way up. He was going up to talk to Ed--Panhandle Moore.

Q. Did he say why he was going to talk to Panhandle Moore.

A. See how much it costed him and everything; talk to the rest of them.

Q. Did he mention money to you?

A. He said he might have to have some. He didn't know yet.

Q. Did you see him later on that day or the next day?

A. I seen him later on that afternoon.

Q. Okay. What, if anything,

did Mr. Caudill say to you at that time?

A. I asked him did he need any money. He said, no. He said that he'd done had it took care of.

Q. Did he say anything else?

A. Said he'd got the money off of Teddy Kinney and--and German Stumbo.

Q. Did he say what he did with that money?

A. Give it to Ed Moore.

Q. Mr. Booth, to your knowledge, was there any other acts of violence that occurred up at Ray-Mac?

A. No, sir.

Q. Now, at this period of time-- I'd asked you yesterday about German Stumbo. Did Mr. Stumbo become employed immediately after this?

A. He'd come employed. I don't know exactly what month it was.

Q. What do you mean by that?

A. Well, as quick as his permit come in they started to open his mines.

Q. And do you know when his mines were opened up?

A. Not the exact date or

month.

Q. Do you know what year it was?

A. It was in '82.

Q. Okay. And do you know who he was contract mining for when the permits came in?

A. JRM Mining.

Q. And where was this mine located?

A. Spewing Camp.

Q. And do you know how long they'd been-- Do you know when the permits were applied for?

A. No. I don't know nothing about it.

MR. SELF: Just a moment, please, Your Honor.

THE COURT: All right.

Q. Calling your attention back, Mr. Booth, to the meeting that you had on Tuesday, February 16, 1982, at Edgar Jones' office, immediately after the shooting on the hill at Ray-Mac, you stated that you and Pearl and some other individuals were there.

A. Yes.

Q. You stated that Phillip and Earl Adkins were there, is that true?

A. I think they was, but I couldn't swear for sure whether they was or not.

Q. Well, you previously testified that they were there, didn't you?

A. Yes, I did.

Q. This morning?

A. Yes, I did, and then I said--

MR. WALBOURN: Your Honor, I recall Mr. Self oftentimes objecting when we say didn't you testify to something or didn't you say that earlier. So, I'm going to impose the same objection.

THE COURT: Sustained.

Q. Is it your testimony now that they were there, Mr. Booth?

A. I can't say for sure whether they was there or not.

Q. Why?

A. I thought they was, and then I don't know where they went to when they come off the hill that day. They might have stayed around at the tipple for a while. I don't know

whether Edgar sent for them to come into the office.

MR. SELF: Your Honor, rather than wasting the Court's time in me looking through my notes, can we take a break at this time so I can review them and make sure I've finished? I think I have finished with my direct examination.

THE COURT: Yes, sir. We'll have-- How much time do you want?

MR. SELF: I think during the normal break I can look through my notes and make sure I've gone over everything.

THE COURT: We're going to be in recess fifteen minutes. During this recess--well, during this recess you're under the not now admonition. Do you understand that?

(The jury left the courtroom at 2:25 p.m.)

THE COURT: You may excuse the witness.

THE MARSHAL OF THE COURT: Mr. Booth, you are excused for fifteen minutes.

The jury's out of the courtroom, Your Honor.

THE COURT: Which one of you gentlemen want to cross-examine first?

MR. HARWELL: With the Court's permission.

THE COURT: Well, I just was wondering

which one of you wanted to cross-examine first.

MR. HARWELL: I don't sense they would object, may the Court please.

MR. THOMAS: In fact, I'll go last.

THE COURT: Do you object, Mr. Kirkland?

MR. KIRKLAND: Your Honor, I've given it careful consideration and I do not object.

THE COURT: All right. We'll be in recess for fifteen minutes.

MR. HARWELL: While we're in recess may I move some files and have Mr. Moore behind me at the podium?

THE COURT: Yes, sir.

THE MARSHAL OF THE COURT: This court will be in recess for fifteen minutes.

(Reporter's Note: Court recessed at 2:27 p.m.)

****

Reporter's Note: The Court was called to order at 2:47 P.M..

THE MRASHALL: Your Honor, all of the defendants, counsel and the jury members are present.

THE COURT: All right, we are going to be in recess. We are going to extend the recess until 3:00. During this extention the not now admonition is in effect, do you understand?

You may excuse the jury til 3:00.

THE MARSHALL: The jury is out of the courtroom.

THE COURT: Thank you. Mr. Justice you and Mr. Booth - - you can take him back to the consultation room and talk.

MR. HARWELL: Judge, could I be heard on a brief motion at this point?

THE COURT: Yes.

MR. SELF: Let me interrupt in that. I have a few additional question Your Honor - -

THE COURT: (Interrupting) All right, that's fine, you can ask him the additional question. Mr. Justice has informed me that he's feeling ill. So he can take his client outside and will grant him fifteen minutes to talk to him.

MR. HARWELL: May the Court please if he feels the way I did yesterday I can appreciate that.

Your Honor, this is premature in that Mr. Self has just advised the Court that he has a couple of more questions. But for the sake of judicial economy I would like to make this motion at this point in time.

I would respectfully renew and ask the Court again to focus on our Jencks request or our request for Jencks material. And as a basis for that Your Honor, I have not come to the Bench after every witness because that had been handled in the pre-trial conferences, but may the Court please in the Grand Jury testimony provided by Mr. Self to defense counsel. The Grand Jury testimony of Phillip Booth on November 1, 1982 there is a statement by the witness in response to a question, "Well whatever I told you is down there on that paper". We have been given two Grand Jury testimonies may the Court please as to this witness that being representative of Jencks. And also a September 1, 1982 statement the contents of which has nothing to do with that Judge.

THE COURT: All right.

MR. SELF: Your Honor, the only thing

that I'm aware of of Jencks like material on Phillip Booth are the two statements before the Grand Jury and the handwritten statement that was furnished to counsel. It is my understanding that that statement by Mr. Booth when I was questioning him at the Grand Jury I was using my notes that I had taken in an interview with him if that's what he is referring to Your Honor.

THE COURT: I'm sure we'll get that cleared up if and when they get to cross examination of this witness.

MR. SELF: I state for the record those notes were not read back to him Your Honor nor were they shown to him or asked him to verify them. They were my notes that I had made.

THE COURT: All right, gentlement let's be in recess until 3:00.

Reporter's Note: The Court was called to recess at 2:49 P.M.

Reporter's Note: Let the record show that Court was called to order at 3:00 P.M.

THE MARSHALL: Your Honor, all defendants, counsel, and jury members are in the courtroom.

THE COURT: All right. Mr. Justice.

MR. JUSTICE: Yes, Sir.

THE COURT: Did you talk to - -

MR. JUSTICE: (Interrupting) I have Your Honor.

THE COURT: Okay, that's fine.

MR. SELF: May I ask him a few additional questions on direct examination?

THE COURT: Yes, please do.

MR. SELF: Mr. Marshall, if you would would you hand the witness what's been marked for identification as Government's Exhibit 117. The far right hand side there Mr. Marshall.

(The Marshall complies)

Q. Mr. Booth, have you ever seen those shells before?

A. Yes.

Q. Where did you first see them?

A. I got them off Panhandle Moore.

Q. And what caliber are those shells?

A. 8 mm.

Q. 8 milimeters?

A. Yes.

Q. When did you get those from Panhandle Moore?

A. About - - let's see, February.

Q. During the violence at Ray-Mac?

A. Yes.

Q. Did you get anything else from him at the time you got those shells?

A. There was a big box of other shells.

Q. And how'd you get them from him?

A. When I bought the two guns he had a big box of shells they were all mixed up.

Q. Does that appear to be part of the shells you purchased from him at that time?

A. Yes.

Q. And what happened to those shells after you got there?

A. I give them to - - well, I took them - - most of them and give them to Jason and them. And some of them, you know, were left down at the house and the agents conviscated them.

Q. And were they turned over to the agents from the Bureau of Alcohol, Tobacco, and Firearms?

A. Yes.

MR. SELF: Your Honor, at this time I move for the introduction of what's previously been marked in this case as Government's Exhibit 117.

THE COURT: Let that which has been marked as Government Trial Exhibit 117 be finally be admitted into evidence as Government's Trial Exhibit 117.

MR. SELF: Thank you, Your Honor.

Q. Mr. Booth, do you know an individual by the name of Special Agent Richard Kemp?

A. Yes.

Q. When did you first meet him?

A. The day after the bombing.

Q. And by what name did you know him at that time?

****

A. Rick Kemper.

Q. And who introduced him to you?

A. Phillip Dale Moore.

Q. And did Mr. Kemp tell you who he was or what he was?

A. He said he was down there from Cleveland Ohio and he wanted to make some money.

Q. Did he say how he wanted to make some money?

A. He didn't say nothing about it at that time. He was just introduced as a hit man.

Q. Who introduced him as a hit man?

A. Phillip Dale.

Q. And during what period of time did you have any discussions with him when he was Rick Kemper?

A. The whole time I knowed him up until August.

Q. And you - - did you or did you not know up until August that he was a Special Agent of the ATF acting undercover?

A. No, sir.

Q. Did you have any various discussions with him?

A. Yes.

Q. And did you ever make any statements to him at that time while he was acting undercover in regards to Ray-Mac?

A. Yes.

Q. Did you tell him what you did at Ray-Mac?

A. I told him I shot everything all to pieces.

Q. Did you tell him the truth?

A. No, sir.

Q. Why?

A. I thought he was a hit man.

Q. Why would you not tell him the truth?

A. I wanted to make a big show in front of him, I guess.

Q. Why?

A. I don't know why.

Q. Pardon?

A. I don't know, just be doing it.

Q. Did you lie to him?

A. Yes.

Q. And when you talked to him, you weren't under oath, were you?

A. No.

MR. SELF: No further questions, Your Honor.

THE COURT: All right.

Mr. Marshall, take the Jury to the Jury Room and you can stay with them just for about three or four minutes.

THE MARSHALL OF THE COURT: Your Honor, the Jury is out of the Courtroom.

THE COURT: Mr. Booth, I understand, You've been on the stand quite a while and your attorney told me you weren't feeling too well.

THE WITNESS: No.

THE COURT: But you understand you are going to have to be cross-examined.

THE WITNESS: Yes, Your Honor.

THE COURT: You're going to have to get it over with.

Let me ask you this, do you think it would help you to have a brief recess before you start or do you want to try it and see how far you can go and advise us when you feel you can't go any

farther?

THE WITNESS: I'm real sick to my stomach right now, Your Honor.

THE COURT: Sir?

THE WITNESS: I'm sick to my stomach right now.

MR. HARWELL: May the Court please, in that cross-examination is very valuable right, if this witness feels poorly and sick to his stomach to such a degree that it might likely be interrupted that we would like to wait until Monday. If he feels well enough notwithstanding this reason if he thinks he can go on for an hour or two, then we would like to continue. I don't know how - - obviously - -

THE COURT: (Interrupting) Well, it's on him.

MR. HARWELL: Yes, sir.

THE COURT: You want to wait till Monday before you start this or do you want to go on?

THE WITNESS: I'm awful sick to my stomach, Your Honor. I've done been to the bathroom throwing up.

THE COURT: You have?

THE WITNESS: Yes.

THE COURT: What says the United States?

MR. SELF: We'll leave it to the discretion of the Court, Your Honor. We don't want to infringe on any Defendant's rights on this matter of cross-examination.

THE COURT: Well, they're going to have cross-examination when we get to it. They're not wanting and I'm not wanting - - we don't want to see you sick here in front of the Jury.

THE WITNESS: I'm already sick.

THE COURT: Mr. Justice?

MR. JUSTICE: Your Honor, I think I am obliged to renew my motion to allow Mr. Booth to go home and continue Monday. He has asked me twice after a lot of discussions, I know that he was throwing up downstairs and I want to renew my motion.

MR. WALBOURN: Your Honor, might I just inquire when the witness first got sick if it's not too personal?

THE COURT: When was it?

THE WITNESS: About 1:00 o'clock.

MR. WALBOURN: Thank you.

THE COURT: All right, bring the Jury up.

Now, we'll be in recess until Monday at 9:00 o'clock.

MR. HARWELL: May I go get my stuff Your Honor, before the Jury comes back?

THE COURT: Yes. You're not against getting an early start to Nashville, are you?

MR. HARWELL: No, sir, Your Honor. Although -- although I state, for the record I am ready if the Court wishes to move forward on this.

THE COURT: Well, we're all ready if the witness is physically up to it, that's the only thing.

MR. HARWELL: We would respectfully Your Honor ask again for an order on the theory in the U.S. versus Geders that any conversation that this witness have be according to the authority in that case only with his counsel.

THE COURT: Let it be noted and overruled.

You gentlemen stay here, we want to discuss this confrontation a little bit.

Mr. Justice.

REPORTER'S NOTE: The Court is conferring with Mr. Justice.

THE MARSHALL OF THE COURT: The Jury is back in the Jury box, Your Honor.

THE COURT: The Court has been advised that the witness states that he's -- he mentioned about one o'clock that he had an intestinal problem. It's after three, rather than get started into cross examination and have to interrupt this Court will be in adjournment until nine o'clock.

During the adjournment you understand that you're not to discuss the case among yourselves and not to permit anyone to discuss the case with you or in your presence. You're not to finally make up your mind upon the issues of this trial until you get all of the evidence together with the Court's instructions. No radio, no television, no newspapers, nothing. Do you understand?

Is there any objections or corrections --

MR. WALBOURN: (Interrupting) None, may Your Honor please.

THE COURT: You may excuse the jurors until nine o'clock Monday.

THE MARSHALL OF THE COURT: The jurors are excused until nine o'clock Monday.

The jury is out of the courtroom, Your Honor.

MR. HARWELL: May I go over here, Your Honor?

THE COURT: Yes.

MR. HARWELL: Thank you, Judge.

THE COURT: All right, Mr. Pafunda.

MR. PAFUNDA: Yes, Your Honor.

THE COURT: I read your Woods case, and I don't believe your Woods case said what you said it did --

MR. PAFUNDA: (Interrupting) The Woods case, Your Honor. If I gave the Court the name of the Woods case I don't think it has anything to do with what's gone on. It's Dutton versus Evans 400 U.S. 70 --

THE COURT: (Interrupting) Right, that's the one I read. That's the Dutton case where the coconspirator's statement during the concealment --

MR. PAFUNDA: (Interrupting) Right, the only reason, Your Honor, I cited that case to the Court is it concerns the unavailability of the client that made certain statements.

There's another case I have been informed -- Mr. Al Moore cited another case to me also after I showed him that one, and maybe it would be more on point.

MR. HARWELL: May the Court please, may Mr. Moore be heard?

THE COURT: Yes.

MR. MOORE: May I use the podium?

THE COURT: Yes, you certainly may.

MR. MOORE: Your Honor, I think probably the best way for us to approach this is only to move the Court for an order excluding all statements allegedly made by Ed "Panhandle" Moore. Also for an order striking the statements that have been attributed to him and asking the Court for an admonition to the jury to disregard those statements.

We'd be happy to prepare a written motion if the Court would like one, and a brief to the Court.

On behalf of Edgar Jones, we submit, to allow these statements allegedly made by Ed Moore into evidence violates the confrontation clause of the Sixth Amendment.

Briefly, the Sixth Amendment states that in all criminal prosecutions the accused shall enjoy the right to be confronted with the witnesses against him.

In Dutton versus

Evans the principal in that case is that the confrontation clause and the Hearsay Rule stems from the same roots but the Court declined to equate the two. The Court I think in that case stated that the confrontation issue and the evidentiary issue must be separately analyzed and the Sixth Amendment may require the exclusion of hearsay evidence even though it may be admissible under another rule -- an exception to the Hearsay Rule.

A recent case cited by the Supreme Court is Ohio versus Roberts which is located at 448 U.S., page 56. In that case the Supreme Court identified two restrictions that the confrontation clause places on the use of hearsay evidence in a criminal proceeding.

First, the prosecution must generally establish that the hearsay evidence is necessary because the declarant is unavailable.

Second, that the hearsay statements must be reliable. The Court stated and I'm quoting, reflecting its underlying purpose to augment accuracy in the fact-finding process by ensuring the Defendant in an effective means to test adverse evidence. The clause countenances only hearsay marked with such

truthworthiness that there is no material departure from the reason of the general rule.

In this case, we submit that the Government can not meet the second requirement as stated in Ohio versus -- excuse me.

As stated in Ohio versus Roberts which requires that the hearsay statements be reliable.

In United States versus Layton --

THE COURT: (Interrupting) Is this hearsay?

MR. MOORE: Pardon me?

THE COURT: Is this hearsay?

MR. MOORE: These statements by Ed "Panhandle" Moore, yes, I think they are. They're extrajudicial statements.

THE COURT: Doesn't 801 or 80 something say that it isn't hearsay?

MR. MOORE: Well, I think it would be hearsay except for that rule.

The United States versus --

THE COURT: (Interrupting) You don't interrupt, Mr. Pafunda.

MR. PAFUNDA: Yes.

MR. MOORE: Your Honor, I think two cases that I'm about to cite to the Court addresses that problem.

THE COURT: All right, go ahead.

MR. MOORE: United States versus Layton, which is located at 549 Federal Supplement 903. It's a Northern District of California case, provides and I'm quoting from the case. Unlike many other exceptions to the Hearsay Rule, the coconspirator exception is not based upon the adherent reliability of the statement. Rather, it's based on the legal fiction of agency. The agency theory of conspiracy is at best a fixture and ought not to serve as a basis for admissibility beyond that already established.

THE COURT: Who is the Judge on that?

MR. MOORE: I'm not sure who the Judge was. I don't have a copy of the case before me.

THE COURT: All right.

MR. MOORE: I would also like to cite to the Court United States versus Cambindo -- C-A-M-B-I-N-D-O.

THE OFFICIAL COURT REPORTER: Could you spell that again?

MR. MOORE: It's the United States versus Cambindo, C-A-M-B-I-N-D-O, Valencia, V-A-L-E-N-C-I-A 609 Fed. 2nd, page 603. It's a Second Circuit case, 1979.

****

THE COURT: Do you know what the case is about?

MR. MOORE: I am not--I can't give you all the facts, Your Honor.

THE COURT: Okay.

MR. MOORE: We're relying on it simply for the proposition that's stated in the Layton case, which is the unreliability of a hearsay statement.

Your Honor, in the United States v. Gibbs, which is located at 703 F.2d--

THE COURT: That's 703 F.2d?

MR. MOORE: Yes, sir; page 683.

THE COURT: All right.

MR. MOORE: That's a Third Circuit case. It's a 1983 case.

In that case there was a statement made by an alleged coconspirator who was available but not called to testify at trial. The Court allowed the statements to come in through an agent, a law enforcement agent. An objection was made based on the hearsay rule.

The Third Circuit held that the confrontation clause required the exclusion of that evidence because that witness was available

but couldn't be called. The proposition which that case stands for is that the confrontation clause may reuire the exclusion of evidence even though evidence is admissible under the coconspirator's exception to the hearsay rule.

THE COURT: So, apparently the Third Circuit and the Sixth Circuit are contrary, aren't they?

MR. MOORE: Yes, sir. I have read the Kendrick's case, Your Honor, and we feel like it is distinguishable.

In the first place, we think that Ohio v. Roberts has injected a new element in dealing with a confrontation clause problem where you have an exception to the hearsay rule; that is, there has to be some reliability to that statement. Since the coconspirator's exception to the hearsay rule, under Rule 801, is not based upon reliability but rather on an agency theory, we think that that case is distinguishable.

The Kendricks Court did not have the benefit of being able to review Ohio v. Roberts. Ohio v. Roberts was decided seven days before Kendricks. And there is no discussion in the Kendricks case of Ohio v. Roberts, or what we believe

to be a new requirement in dealing with this particular problem.

THE COURT: That wouldn't be the first time the Sixth Circuit is different than the other circuits, is it?

MR. MOORE: I agree with you, yes, sir.

THE COURT: The Sixth Circuit requires-- The Sixth Circuit permits the coconspirator's statement to be evidence of a conspiracy. I believe the other circuits don't.

MR. MOORE: Yes, sir. I believe that's a minority view. There are some other circuits, I think, that follow that now.

THE COURT: Which?

MR. MOORE: We feel that Kendricks is also distinguishable because in that case the statements made by the alleged coconspirator--by her mother--came into evidence. Ms. Bracey, who was the person that made these extra-judicial statements, didn't testify at trial. However, there is no indication in that case that she was not availble for the defendant to subpoena to come to trial. If this witness were available and could have been subpoenaed to testify there would have been no confrontation problem.

is dead. Here Ed Panhandle Moore is dead. These statements which are attributed to him we have no way of examining, except to--to examine the witness who says I heard him say these statements.

For that reason we feel like Kendricks simply doesn't apply in this case, Your Honor.

THE COURT: What about the person who's testifying?

MR. MOORE: That's all we can test. We can test their credibility. We can cross-examine about where these statements allegedly took place and the circumstances surrounding the statement, but we can't cross-examine the person that made them.

THE COURT: All right. Anything further?

MR. MOORE: Thank you.

THE COURT: Does the United States want to respond to that?

MR. KEHRLI: Yes, briefly, Your Honor.

Your Honor, the Government contends what the defendants are attempting to do with their argument here is essentially rewrite the Federal Rules of Evidence. As Rule 801(d)(2)(E)

clearly states; "A statement by a coconspirator of a party during the course of and in furtherance of a conspiracy is not hearsay."

It's not an exception to the Hearsay Rule, it is not hearsay. It's explicitly excluded from the hearsay -- the definition of hearsay by Rule 801.

Furthermore -- Just two more points. The situation in the United States versus Kendricks is similar to the situation where the declarant is often unavailable; that being that the declarant or coconspirator is a codefendant and is not -- is not available to testify at trial because the Defendant chooses under his Fifth Amendment right not to take the stand.

As the Court noted in Kendricks, in that situation where there is a determination that -- that the evidence is a statement of a coconspirator, whether a conspiracy is even charged or not, once the determination is made and the Government makes the following requirements then Bruton, or the Sixth Amendment right to confrontation, does not apply.

Those requirements

are under Rule 801 (d) (2) (E). These statements must have been made by the coconspirator or the Defendant; they must have been made during the tenancy of the conspiracy; they must have been made in furtherance of the conspiracy and the existence of the conspiracy; and the Defendant's participation must be established at trial. We submit that that is the basis under which this evidence is being offered by the United States.

Furthermore, in another recent Sixth Circuit case, United States versus Hamilton, the Defendants in that case -- the citation of that case, Your Honor, is 698 F.2d 1262.

The Defendants in that case also argued on appeal that because no coconspirator elected to testify at trial then the admission of some tapes which contained coconspirators statements deprived each Defendant of their Constitutional right of confrontation under Bruton.

The Court stated -- The Hamilton Court stated at page 1271 in footnote 5; "That, however, as this Court pointed out in the United States versus Kendricks, Bruton was limited to inadmissible statements and was motivated by concern over the credibility of confessors. Thus

Bruton does not prohibit the use of evidence of coconspirators' statements against other coconspirators."

It also cites the Fifth Circuit decision of the United States versus Arch Bold-New Ball. And the citation to that, again, is 554 F.2d, 665.

Finally, the United States would note the decision cited by Defendants Dutton versus Evans and Ohio verus Roberts did not prohibit coconspirators' statements. Those decisions are strictly limited to when hearsay should be admitted because of its irreliability when the declarant is not available. That is not the situation we have here.

We believe that the citations that the United States have cited to the Court are the applicable decisions.

THE COURT: All right. Mr. Moore, your motion is taken under advisement. You understand that the Court has advised the jury that all of this evidence is tentative evidence. And until the Court makes a finding that the four bases of the coconspirators' statement has been met that all of the statements of coconspirators are still

tentative evidence.

MR. MOORE: Yes, Your Honor. Would Your Honor like the benefit of a written brief from us?

THE COURT: Yes, sir. That would be fine.

MR. MOORE: Yes, sir.

THE COURT: Is there anything further?

MR. SELF: Your Honor, just as far as planning. Are we going to go next Friday or not?

THE COURT: Well, let's do this. All that wants to go next Friday raise your hand?

Let me ask you this, do you think you can be finished by next Friday if we use the additional day? Do you think you could be finished next Friday?

MR. SELF: Your Honor, before I answer that let me say one thing that the Court needs to consider. We do have Grand Jury coming up Friday. It's scheduled for Friday. I don't know whether it's coming in or not. I'm not handling it.

THE COURT: If that Grand Jury is

bringing anymore criminal business then we can put that off a while.

MR. SELF: It's a logistical matter as to where they can meet.

THE COURT: Right.

MR. SELF: The thing is, Your Honor, in all reality, I don't think we'll be finished next week one way or the other.

THE COURT: Okay. If I thought the additional day could -- could be for the U.S. to conclude its proof then I would go the additional day.

Mr. Justice --

MR. JUSTICE: Yes, Your Honor.

THE COURT: -- Have your client bright-eyed and bushy-tailed.

MR. JUSTICE: I've informed him to be here at 8:30.

THE COURT: All right. We'll be in adjournment until nine o'clock Monday morning.

THE MARSHALL OF THE COURT: All rise. This Honorable Court will be in adjournment until Monday morning at nine o'clock.

(Reporter's Note: Court adjourned at 3:30 P.M.)
